CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon April 28 the Mayor approved a contract with the Boston Chimney and Tower Company for rebuilding chimney at the James A. McDonald School. Bids, opened Monday, April 14, were as follows: Boston Chimney and Tower Company, \$1,535; W. E. Smith Company, \$1,870.

LIBRARY DEPARTMENT.

Upon April 24 the Mayor approved a contract with W. C. Holmes Cleaning Company for the cleaning of certain windows three times during the year 1947 in the Central Library Building and at 31 other buildings. Bids, opened Wednesday, April 9, were as follows:

W. C. Holmes Cleaning Company, \$2,400; Bay State Cleaning Company, \$2,775; Careful Cleaning Company, \$3,060.

Upon the advice of the Director, the Trustees have voted as follows:

"That there be awarded to W. C. Holmes Cleaning Company, 168 Milk street, Boston, Mass., the lowest qualified bidder in the public bidding, the contract for the cleaning of certain windows three times during the year 1947 at the Central Library Building and at 31 other buildings as specified in the specifications in the contract in the amount of \$2,400."

PUBLIC WORKS DEPARTMENT.

Upon April 22 the Mayor approved a contract with the Raymond Concrete Pile Company for wash borings, Calf Pasture Pumping Station, at an estimated cost of \$2,262. The work is to be commenced within ten days after approval by the Mayor and shall be fully completed within sixty days from that date. The following bids were received April 14:

Raymond Concrete Pile Company, \$2,262; James J. Freaney, \$3,770; Charles A. Leary Company, \$4,498.

Upon April 22 the Mayor approved a contract with the Stearns, Perry & Smith Company for repairing electric pier and navigation lights at various bridges, at an estimated cost of \$3,228. All work called for in these specifications shall be completed within eight weeks after the commissioner has given written notice to start work. The following bids were received April 17:

Stearns, Perry & Smith Company, \$3,228; D. A. Robbins Electric Company, \$5,750; Kenworthy & Taylor, Inc., \$8,147.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing paper, blank books, notebooks and envelopes for Boston public schools. Bids, opened Thursday, March 27, were received from the following concerns:

E. E. Babb and Company, Boston Envelope Company, Gledhill Brothers, Inc., J. L. Hammett Company, Massachusetts Envelope Company.

Awards were made to the lowest responsible bidders in accordance with specifications and standards, and contracts were awarded as follows:

Boston Envelope Company, \$2,437.99; Gledhill Brothers, Inc., \$4,939; J. L. Hammett Company, \$4,402.53.

The School Committee has approved proposals for cleansing, sterilizing and reconditioning football equipment for Boston public schools. Bids, opened Wednesday, March 12, were received from the following concerns: Arrow System, Ivory System.

Award was made to the lowest responsible bidder in accordance with specifications and standards, and contract was awarded as follows:

Ivory System, \$6,721.45.

The School Committee has approved proposals for furnishing baseball uniforms and supplies for Boston public schools. Bids, opened Thursday, March 27, were received from the following concerns:

James W. Brine Company, W. H. Brine Company, Horace Partridge Company, Iver Johnson Sporting Goods Company, M & N Athletic Company, William Westland Company, Holland, Daniels, and Matraw, Inc., Woods Electric Supply Company.

Awards were made to the lowest responsible bidders in accordance with specifications and standards, and contracts were awarded as follows:

James W. Brine Company, \$3,847.03; Horace Partridge Company, \$2,909.45; M & N Athletic Company, \$1,671.63; Iver Johnson Sporting Goods Company, \$3,320.10.

SUPPLY DEPARTMENT.

Upon April 15 the Mayor approved a contract as indicated in the following letter:

BOSTON, April 11, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Following is a list of bids which were publicly opened and read in this office on April 10, 1947, for furnishing lumber to the Public Works Department from April 20, 1947, to June 30, 1947.

It is requested that I be granted authority to award a contract in the amount of \$7,170 to the Cowan Lumber Company, Boston, Mass.

The Waltham Lumber Company were \$6 lower on the total bid but cannot guarantee delivery for six (6) weeks from date of order. The engineer of the Bridge Service Division, Public Works Department, is in immediate need of this lumber.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing supplies, labor, etc., to the various departments. Communications from the heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, April 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—In response to our invitation, sealed proposals for furnishing 1,000 yards of Group C, Art Vellum, and 1,000 yards of Group E, Bindery Buckram, were received and opened at the office of the Trustees at 12 o'clock on March 12, 1947. They were as follows:

Group C, Art Vellum.—Marshall Son & Wheelock, Inc., 82 Lincoln street, Boston, 49 cents per yard; Holliston Mills, Inc., Norwood, Mass., no bid, could not supply material; White, Son Company, 635 Atlantic avenue, Boston, no bid, could not supply material.

Group E, Bindery Buckram.—Marshall Son & Wheelock, Inc., 82 Lincoln street, Boston, 71 cents per yard; Holliston Mills, Inc., Norwood, Mass., 73 cents per yard; White, Son Company, 635 Atlantic avenue, Boston, no bid, could not supply material.

Upon opening of the bids it was found that, at the prices specified, the total cost of these materials would come to approximately \$1,200; and it is therefore necessary to request your permission to arrange for the purchase from the low bidder without publicly advertising for bids, since this amount is above the figure of \$1,000 beyond which there must be public advertising for bids.

Since library binding materials are difficult to obtain at the present time, and since the prices charged for such materials in the trade are more or less standard, there would presumably be little to be gained by public advertising in this instance.

Your permission is therefore respectfully requested for dispensing with public advertising for bids and for placing our order for the materials in question with the low bidder, namely, Marshall Son & Wheelock, Inc., 82 Lincoln street, Boston, Mass.

Very sincerely yours,

ABRAHAM E. PINANSKI,
President.

PRINTING DEPARTMENT.

BOSTON, April 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Recently invitations were extended to all companies supplying continuous forms and who have offices in this city to submit bids on specifications prepared by the City Auditor for the supplying of one hundred thousand pay roll forms. The following tabulation of the bids received has been prepared:

Remington Rand, Inc., 857 Commonwealth avenue, \$68.24 per M; United Automatic Register Company, Inc., 143 Newbury street, \$57.51 per M; Standard Register Company, 230 Congress street, \$42.62 per M; Moore Business Forms, Inc., 38 Chauncy street, \$41.23 per M.

I respectfully request your authority to enter into a contract without advertising with the Moore Business Forms, Inc., 38 Chauncy street, the low bidder, for an amount of \$4,123.

I am advised by the City Auditor that the present supply of forms on hand will be exhausted on or about September 1, 1947. All companies listed above have agreed that at least four months will be required to print and deliver the quantity of forms desired. Since time is an important factor in this transaction, I recommend, in order to avoid any further delay, the waiving of public advertising, especially since all companies who might be expected to bid after such advertisement are represented in the invitation proposals listed above.

Respectfully submitted,

JOHN J. TWOMEY,
Superintendent.

TRANSIT DEPARTMENT.

BOSTON, April 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Permission is respectfully requested to place an order, without public advertisement, with the Bethlehem Steel Company for furnishing nails to the Transit Department.

This department, under a recent date, publicly advertised and we received no bids in answer to our proposal for nails. Thereafter, we asked for and received invitation bids as follows:

Haymarket Hardware Company, \$2.-446.20; Bethlehem Steel Company, \$1.-979.61.

The bid of the Bethlehem Steel Company is lower than the prevailing rates. The total amount of the order would be \$1,979.61.

In my opinion this is an excellent buy for the city and no advantage would be gained by further advertisement.

For this reason, and owing to the scarcity of nails, I respectfully request that the permission asked for above be granted.

Respectfully yours,

MALCOLM E. NICHOLS,
Chairman.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

C & R Construction Company has been directed to omit and substitute work under the contract for sewerage works in Stony Brook, Section 16, from 20 feet south of Stella road to Hyde Park line, West Roxbury, dated October 8, 1946.

Items ordered: Omit the furnishing of Class A concrete containing regular cement (Item 17 of contract) and substitute Class A concrete containing early high strength cement in the sidewalls and arch between Stations 84 + 17 and 86 + 17 (Cummins Highway). Prices to be paid for substituted work: 302 cubic yards of Class A concrete containing early high strength cement furnished and placed at \$19 per cubic yard, in place of 302 cubic yards of Class A concrete containing regular cement at \$17 per cubic yard. Estimated cost of substituted work, \$5,738; estimated cost of contract work, \$5,134; increase in cost, \$604.

REALLOCATIONS AND TRANS- FERS OF APPROPRIATIONS.

The Mayor has approved the requests of the various department heads as indicated for permission to transfer or reallocate appropriations according to the following letters:

ASSESSING DEPARTMENT.

BOSTON, April 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is respectfully requested that you permit the following change to be made in the Assessing Department budget for 1947:

From C-9, Office Equipment, \$5, to C-13, Tools and Instruments, \$5.

The reason for this request is that in the early days of 1947, it was urgently necessary for the Engineering Division of this department to be provided with engineering tools, but by reason of the fact that budget estimates had gone along without the anticipation of this need, it is now necessary to provide a budget item by reallocation of funds to permit payment.

Respectfully yours,

PETER J. ALLEN, *Chairman.*

DEPARTMENT OF VETERANS' SERVICES.

BOSTON, April 24, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Department of Veterans' Services by transferring the sum of \$100 from Item D-16, Miscellaneous Supplies, to Item D-5, Medical, Surgical and Laboratory Supplies.

This increase in Item D-5 is necessary for the further purchase of medical supplies for the Buddies Club, Boston Common, inasmuch as the original appropriation of \$53.74 will be insufficient. The availability of these supplies makes it possible to give immediate medical attention to those veterans who request same.

Very truly yours,

DAVID J. BRICKLEY, *Director.*

BOSTON, April 24, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Department of Veterans' Services by transferring the

sum of \$44 from Item D-16, Miscellaneous Supplies, to Item D-8, Laundry, Cleaning and Toilet Supplies.

This increase in Item D-8 is necessary for the further purchase of toilet and cleaning supplies for the Buddies Club, Boston Common, inasmuch as the original appropriation of \$24 will be insufficient.

Very truly yours,

DAVID J. BRICKLEY, *Director.*

BOSTON, April 24, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Department of Veterans' Services by transferring the sum of \$75 from Item C-13, Tools and Instruments, to Item C-12, Medical, Surgical and Laboratory Equipment.

This increase in Item C-12 is necessary for the further purchase of medical equipment for the Buddies Club, Boston Common, inasmuch as the original appropriation of \$66.75 has already been expended. The availability of this equipment makes it possible for the physician at the Buddies

Club to give immediate attention to those veterans who request medical assistance.

Very truly yours,

DAVID J. BRICKLEY, *Director.*

FIRE DEPARTMENT.

BOSTON, April 25, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—With your approval, I will charge the sum of \$6,750 to the 1947 Departmental Equipment Revenue Account.

This sum is necessary in order to pay for three special panel type truck bodies to be used for carrying three portable lighting plants. Original specifications in a contract with the Mack Motor Company called for open type bodies for these lighting plants. However, it has since been found that for all practical purposes the closed type truck body is preferable.

The foregoing change in specifications as shown on plan of Lacy & Sons dated April 4, 1947, will mean an additional cost for each truck body of \$2,250 or a total of \$6,750.

The portable lighting plants have already been received, and we are now waiting delivery of the three trucks.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HEALTH DEPARTMENT.

BOSTON, April 15, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval of the following reallocation of funds within the 1947 budget of this department:

From F-7, Pensions, \$500, to F-11, Workmen's Compensation, \$500.

To provide for payment of employee injured on duty.

Very truly yours,

JOHN H. CAULEY, M. D.,
Health Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, April 23, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows: Steamers "James Michael Curley" and "Michael J. Perkins."

From B-39, General Repairs, \$200, to B-3, Advertising and Posting, \$200.

From B-39, General Repairs, \$400, to B-8, Light, Heat and Power, \$400.

From B-39, General Repairs, \$350, to C-11, Marine, \$350.

From B-39, General Repairs, \$150, to E-10, Electrical, \$150.

B-3. To provide for advertising in *City Record*, *Boston Globe* and *Herald*, sale of "Michael J. Perkins."

B-8. To provide for heat supplied by Quincy Market Cold Storage and Warehouse for waiting room at Eastern Avenue Wharf.

C-11. To provide for certain size of rope required.

E-10. To provide for batteries, lamps, etc.

Above items could not be anticipated at the time budget was submitted.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, April 23, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows: Steamer "Stephen O'Meara."

From C-11, Marine, \$3, to C-9, Office, \$3.

From D-3, Fuel, \$10, to D-1, Office, \$10.
From D-3, Fuel, \$100, to D-11, gasoline, oil and grease, \$100.

C-9. To provide for pencil sharpener. Log sheets are recorded in quadruplicate by use of pencil carbon.

D-1. Log sheets cost more than anticipated.

D-11. Due to increase in price of oil, which could not be anticipated.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, April 24, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Departmental Equipment Loan.

From Institutions Department, Long Island Hospital, Medical, Surgical and Laboratory Equipment, \$500; Electrical

Equipment, \$300; Machinery Equipment, \$400, to Institutions Department, Child Welfare Division, Motor Vehicle Equipment, \$1,200.

To provide for purchase of Buick five-passenger sedan to replace Dodge sedan, 1942 model, purchased in 1945 (second-hand).

The use of this automobile is for the movement of children and covers considerable territory. Since its purchase the outlay for repairs has been considerable and now requires repairs of a major nature. Rather than continue with these constant repairs, with the car laid up, it is sound judgment that it be replaced while the turn-in value is high.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LAW DEPARTMENT.

BOSTON, April 21, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of the following reallocation in the Law Department appropriation is requested:

From B-39, General Repairs, \$13.50, to B-10, Rent, Taxes and Water, \$13.50.

At the suggestion of the Auditing Department the cost of clock service will in the future be charged to Item B-10.

Yours very truly,

JOSEPH A. SCOLPONETTI,
Corporation Counsel.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Approval is respectfully requested for the following transfer in the appropriation for the year 1947 in the Water Division of the Public Works Department:

From B-39, General Repairs, \$10,000, to C-13, Tools and Instruments, \$10,000.

Reason for above transfer: C-13 money needed on account of increased cost of water meters over and above original estimate.

Very respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

STREET LAYING-OUT DEPARTMENT.

BOSTON, April 23, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Street Commissioners respectfully requests that a transfer be made within the appropriation of the Street Laying-Out Department, from D-1, Office Supplies, to B-28, Expert, etc., in the amount of \$250.

The transfer is requested to cover the cost of expenses incurred in the auction sale of land on the west side of Commercial street on January 14, 1947.

Respectfully yours,

CHARLES E. MANION, *Chairman.*

SUFFOLK COUNTY.

MUNICIPAL COURT, ROXBURY DISTRICT.
BOSTON, March 20, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is respectfully requested that the following sum be reallocated as follows:

From C-10, Library, \$12, to C-9, Office, \$12.

Reason: Insufficient original estimate.

Very truly yours,

THEODORE GLYNN, *Clerk.*

SUFFOLK COUNTY JAIL.

BOSTON, April 22, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Will you kindly make the following reallocations within the appropriations for the Suffolk County Jail:

From C-16, \$200, to C-13, \$200.

From E-1, \$500, to E-13, \$500.

These reallocations are requested that sufficient funds may be provided to cover outstanding obligations in the C-13 and E-13 items of the Jail budget.

Respectfully submitted,

FREDERICK R. SULLIVAN, *Sheriff.*

POLICE DEPARTMENT ORDERS.

General Order No. 885.

Patrolman John E. Brundige, Bureau of Criminal Investigation, honorably discharged veteran of World War I, having arrived at the age of forty-eight years, having been in service of the Boston Police Department for twenty-three years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman John E. Brundige be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half the compensation received by him in office from which he is retired, effective Tuesday, April 22, 1947, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 886.

Patrolman John Mullahy, Division 10, honorably discharged veteran of World War I, having arrived at the age of fifty-one years, having been in service of the Boston Police Department for twenty years, and having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman John Mullahy be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half the compensation received by him in office from which he is retired, effective Tuesday, April 22, 1947, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 887.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer, effective at the close of business, Wednesday, April 30, 1947:

Wherefore, in view of this operation of law, after April 30, 1947, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Paul M. Sances, Division 7.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 28, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Hurley and Lane.

The meeting was opened with the salute to the Flag.

DISAPPROVAL OF RESOLUTION RE PENSION OF JOSEPH McMANUS.

The following was received:

City of Boston,
Office of the Mayor, April 28, 1947.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the resolution of your Honorable Body in favor of legislation to increase the pension of Joseph McManus, a probation officer, retired July 7, 1946. The reason advanced for asking the increase is that the salaries of probation officers were increased after his retirement. It seems unnecessary to comment on the unsoundness of such a proposition.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weighters of Coal for term ending April 30, 1948: Howard W. Colby, 8 Marion street, Roslindale, Mass.; Samuel Bloch, 39 Sea Foam avenue, Winthrop, Mass.; Miss Frances Jacobs, 82 Wayland street, Roxbury, Mass.

Weighters of Goods for term ending April 30, 1948: Thomas A. Curley, 353 West Second street, South Boston, Mass.; William E. Roberts, 51 Allen street, Arlington, Mass.; J. E. Henry, 34 Garden street, Boston, Mass.

Severally referred to Committee on Constables and Confirmations.

LANDSCAPING AT OLD HARBOR VILLAGE.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Acting Executive Director of the Boston Housing Authority relative to your order of March 31, 1947, concerning landscaping at Old Harbor Village.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority,
April 17, 1947.

Hon. James M. Curley,
Mayor of Boston.

My dear Mayor Curley,—In reply to the City Council order dated March 31, 1947, relative to landscaping conditions at Old Harbor Village you are advised that the Boston Housing Authority applied to the Federal Public Housing Authority for the establishing of a budget to landscape that development. This request was dated August 9, 1946.

In the interim period, numerous conferences have been held with that agency by this Authority with the objective in mind of speeding action on this landscape work.

On April 7, 1947, the Boston Housing Authority approved a sketch submitted by the Federal Public Housing Authority of the work that in the opinion of the Federal Public Housing Authority would cover the needed work at Old Harbor Village. A firm request was made at that time by this Authority that the Federal Public Housing Authority expedite its activities towards establishing a bid date for the work no later than May 15, 1947.

However, to date the Regional Office has not received authorization from its Washington Office for the establishing of a sum for the actual construction work necessary.

Very truly yours,
JEREMIAH F. SULLIVAN,
Acting Executive Director.

Placed on file.

BIDDERS ON PROPERTY AT FORECLOSURE SALES.

The following was received:

City of Boston,
Office of the Mayor, April 15, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Corporation Counsel, concerning your order of March 3, 1947, with reference to prohibiting persons who had an interest in land or buildings foreclosed by the city from bidding for the purchase of the property at foreclosure sale.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, 11 Beacon Street,
Boston 8, April 14, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—You have transmitted to me the following order passed by the City Council on March 3, 1947:

"Ordered, That his Honor the Mayor be requested to direct the Corporation Counsel to prepare an ordinance which will prohibit anybody who has an interest in land, or building, which is foreclosed by the City, from bidding for the purchase of said property at foreclosure sale."

The sale of real estate acquired by the city through the foreclosure of tax titles is governed by St. 1943, c. 434, entitled "An Act Establishing in the City of Boston the Board of Real Estate Commissioners, and Setting Forth Its Powers and Duties," which (s. 8) expressly provides that it "shall apply to the City of Boston notwithstanding any provision of law, ordinance or by-law inconsistent herewith." Section 4 of that Act reads in part as follows:

"The chairman, acting on behalf of the city, may, subject to the restrictions hereinafter provided, let or lease real estate referred to in section two or any portion thereof, or interest therein. The chairman, acting on behalf of the city, subject to such restrictions, may also sell such real estate, or any portion thereof, or any interest therein, at public auction, first posting a notice thereof in two or more convenient and public places in the city at least 14 days before such sale. A similar notice shall be sent by registered mail to the person who was the owner of record immediately prior to the acquisition by the city of absolute title to such property, at least fourteen days before the sale."

As you will have observed, the act makes the chairman's power of sale subject to certain restrictions, but a limitation of the kind suggested is not included among them. Accordingly, the Act must be construed to prohibit any such limitation, for it is a familiar principle of statutory interpretation that the express mention of one matter excludes other similar matters not mentioned.

Spence, Bryson, Inc., v. China Products Company, 308 Mass. 81, 88.

Further, it is readily apparent that the proposed ordinance not only would conflict with the mandate in the statute that the property be sold "at public auction," but also would nullify one of the purposes underlying the explicit provision for notice to the former owner. Compare Parrotta v. Hederson, 315 Mass. 416, 422.

Under the circumstances, I respectfully request to be excused from drafting the proposed ordinance.

Very truly yours,
JOSEPH SCOLPONETTI,
Corporation Counsel.

Placed on file.

RENOVATING OF VETERANS' MEMORIAL PLAQUES.

The following was received:

City of Boston,
Office of the Mayor, April 21, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Director of the Department of Veterans' Services, relative to your order of April 14, 1947, concerning the painting and renovating of all veterans' memorial plaques in the City of Boston prior to Memorial Day.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Department of Veterans' Services,
April 21, 1947.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I acknowledge receipt of your memorandum of April 16, 1947, with which you inclosed the City Council Order of April 14, 1947, requesting his Honor the Mayor to direct the Commissioner of Veterans' Services to paint and renovate all veterans' memorial plaques in the City of Boston prior to Memorial Day.

The painting and renovation of signs erected to designate squares named in honor of deceased war veterans is a function of the Public Works Department. I am informed that this work has been commenced and that it is expected that it will be completed by Memorial Day.

Respectfully,
DAVID J. BRICKLEY, Director.

Placed on file.

SOUTH BOSTON MUNICIPAL BUILDING IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Superintendent of Public Buildings, relative to your order of April 7, 1947, concerning improvements in the South Boston Municipal Building Bath Department.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston
Public Buildings Department, April 16, 1947.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—Referring to order of Councilor Linehan and Councilor Scannell presented to and passed by the City Council on April 7, which provided for installing new flooring in shower sections, installing new fixtures and repairing plumbing in showers, repairing bubblers, electric fans, etc., and painting walls and ceilings in shower room, I would advise you that we believe a sufficient amount will be available from the Gymnasium Construction Loan to make the changes as outlined above.

I have taken this matter up with Mr. Charles J. Fox, City Auditor, and he advises me that the best procedure regarding this work would be to wait until A. Piotti & Son, the contractor, is through his work on the South Boston Gymnasium and to let out a new contract to do the work as outlined above.

Very truly,
JAMES E. SULLIVAN,
Superintendent of Public Buildings.
Placed on file.

TRAFFIC SIGNALS ON HUNTINGTON AVENUE.

The following was received:

City of Boston,
Office of the Mayor, April 28, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner, relative to your order of February 24, 1947, concerning the placing of traffic signals on Huntington avenue, at the intersection of Francis street, and also on Huntington avenue, between Wait street and Fenwood road, in Ward 10.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Traffic Commission,
April 21, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council Order dated February 24, 1947, which reads as follows:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals on Huntington avenue, at the intersection of Francis street, and also on Huntington avenue, between Wait street and Fenwood road, in Ward 10.

This is one of the intersections where we plan to erect traffic signals as soon as cable becomes available, which, I understand, will be in about six months.

Respectfully yours,
LEO F. CURLEY, Commissioner.
Placed on file.

TRAFFIC LIGHTS AT BROWN AVENUE AND CUMMINS HIGHWAY.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner, relative to your order of February 10, 1947, concerning the installation of traffic lights at the intersection of Brown avenue and Cummins Highway, Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Traffic Commission,
April 23, 1947.

Hon. James M. Curley,
Mayor of Boston.

Honorable and Dear Sir,—In reply to Council Order dated February 10, 1947, which reads as follows:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install traffic lights at the intersection of Brown avenue and Cummins Highway, Ward 19.

I personally viewed this intersection and as a result we are going to erect four additional warning signs in Cummins Highway which we hope will help temporarily. When and if materials become available this department hopes to signalize this intersection.

Respectfully submitted,
LEO F. CURLEY, Commissioner.
Placed on file.

APPROPRIATION FOR BOSTON HOUSING AUTHORITY.

The following was received:

City of Boston,
Office of the Mayor, April 28, 1947.
To the City Council.

Gentlemen,—I am in receipt of a request from the Boston Housing Authority that an appropriation of \$30,000 be made to be expended by the Authority under the provisions of section 26Q of chapter 121 of the General Laws as appearing in chapter 574 of the Acts of 1946. It is the purpose

of the Authority, I am informed, to use this appropriation for the following purposes:

1. Preparation of data for new projects.
2. Research in and survey of housing conditions and needs in the city.
3. Annual administrative expenses.
4. The preparing of plans and the making of surveys and the like in connection with proposed projects.

It is my understanding that the administrative allotment made to the Authority by the Federal Government is inadequate to permit of the research and study to which this appropriation will be applied. In the light of the absolute need for the development of housing facilities, I feel it is desirable to make available to the Authority funds which will permit of the preparation and development of a program to alleviate the existing housing emergency. I recommend, therefore, adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$30,000 be, and hereby is, appropriated, to be expended by the Boston Housing Authority, for the purposes of section 26Q of chapter 121 of the General Laws, said sum to be raised by taxes on the polls and estates in the City of Boston and that all orders heretofore passed by the City Council relating to appropriations, taxes and the interest thereon apply to the appropriations and taxes herein provided for.

Referred to the Committee on Appropriations.

LOAN FOR PURCHASE OF DEPARTMENTAL EQUIPMENT.

The following was received:

City of Boston,

Office of the Mayor, April 28, 1947.

To the City Council.

Gentlemen,—I am submitting herewith a loan order for departmental equipment in the sum of \$2,000,000 for the purchase of essential equipment in various city departments.

In preparation of the 1947 budget, requests for permanent equipment included in the budget estimates amounted to more than \$1,650,000 and, as the purchase of this equipment could be provided by borrowing, I eliminated such items in the budget.

The major portion of this loan will be used to purchase fire apparatus and motor vehicles for the Fire, Police, Park and Public Works Departments, and sterilizers and X-ray equipment for the City Hospital.

Although delivery of new fire apparatus ordered last year has been practically negligible, orders for additional apparatus must be placed as soon as possible so that further delay may be avoided. You well know, of course, that orders cannot be placed until funds are available. Delivery of the fire apparatus which will be purchased through this loan, in addition to the apparatus already on order, will complete the modernization of the Fire Department.

The Park, Police and Public Works Departments have been able to replace some motor equipment from the proceeds of the 1946 equipment loan, but still have considerable out-moded equipment which should be replaced, because the cost of keeping this equipment in repair far exceeds its value.

Expansion of the Radiology Department at the City Hospital will require the purchase of additional X-ray equipment. It is also planned to purchase sterilizers, needed to modernize the service rooms, as well as ambulances and other essential equipment such as refrigerators, wheel chairs, beds, tables, etc.

I recommend early consideration and adoption of this loan order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of clause 9 of section 7 of chapter 44 of the General Laws, the sum of two million dollars (\$2,000,000) be, and hereby is, appropriated, to be expended by various departmental officials, under the direction of the Mayor, for costs of additional departmental equipment, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Committee on Finance.

LOAN FOR SEWER CONSTRUCTION.

The following was received:

City of Boston,

Office of the Mayor, April 28, 1947.

To the City Council.

Gentlemen,—The Commissioner of Public Works has submitted to me a request for loan authorization for the construction of sewers for sanitary and surface drainage purposes and for sewage disposal amounting to \$1,000,000.

Believing this to be necessary for the purposes outlined, I respectfully recommend to your Honorable Body the approval of the loan order herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 28, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—The amount of money remaining at the present time in the sewerage works loan is so low that we will not be able to carry out our program of sewer construction unless additional funds are provided.

I therefore respectfully request that your Honor ask the City Council to appropriate the sum of \$1,000,000 as a loan for sewerage works. The so-called down payment which is required under the provisions of section 5 of chapter 224 of the Acts of 1936, has been provided in the budget estimates of the Sewer Division for the current year.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That under the provisions of clause 1 of section 7 of chapter 44 of the General Laws and under the provisions of chapter 393 of the Acts of 1906, the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of sewers for sanitary and surface drainage purposes and for sewage disposal, and that to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Committee on Finance.

LOAN FOR CONSTRUCTION OF PUBLIC WAYS.

The following was received:

City of Boston,

Office of the Mayor, April 28, 1947.

To the City Council.

Gentlemen,—The Commissioner of Public Works has submitted to me a request for loan authorization for the construction of public ways or permanent pavement amounting to \$2,000,000.

Believing this to be necessary for the purposes outlined, I respectfully recommend to your Honorable Body the approval of the loan order herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 28, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This department is preparing its annual program of street construction and reconstruction work, and as the appropriation for the purpose in the loan known as Public Ways, Construction of, is practically exhausted (except for commitments which have been made for contracts now being completed), I am of the opinion that a new loan of \$2,000,000 should now be provided.

I therefore respectfully request that your Honor ask the City Council to make this amount of money available under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, and under the provisions of chapter 393 of the Acts of 1946.

As a prerequisite in connection with this loan, the necessary down payment of money to be obtained by taxation—as required by section 5 of chapter 224 of the Acts of 1936—is included in the budget estimates of the Highway Division for the current year.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, and under the provisions of chapter 393 of the Acts of 1906, the sum of \$2,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of public ways or permanent pavement, and that, to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

SUPPLEMENTARY BUDGET.

The following was received:

City of Boston,

Office of the Mayor, April 28, 1947.

To the City Council.

Gentlemen,—I submit herewith supplementary budget recommendations totaling \$909,500 for the following purposes:

CITY MAINTENANCE.

Fire Department.....	\$196,500
Hospital Department.....	350,000
Installations, alterations and repairs...	175,000
Institutions Department:	
Steamer "Stephen J. O'Meara".....	6,000
Eastern Avenue Wharf, repairs, etc.....	5,000
Police Department.....	165,000
	\$897,500

COUNTY MAINTENANCE.

Registry of Deeds.....	12,000
Total.....	\$909,500

A brief explanation of these appropriations is given below.

Fire Department—\$196,500. This appropriation is necessary to provide for 100 additional firemen to maintain the operating efficiency of the Fire Force due to the granting of more liberal vacation privileges; to provide sufficient funds for laundering sheets, towels, pillow slips, etc., used in the dormitories of the fire stations; to provide for the purchase of tires because of the fact that present synthetic rubber tires are deteriorating faster than tires formerly in use; to provide uniforms for new men and officers required due to the 48-hour law now in effect; to provide sufficient funds for the purchase of gasoline due to the change to high octane and for gasoline and oil used for instruction of new men at the Navy Fire Training School in South Boston; to provide for building materials for the maintenance of 57 buildings and automobile parts used by department mechanics; and to provide for pensions of employees not included in the contributory system which, from present indications, will be greater than anticipated.

Hospital Department—\$350,000. To provide for the increased cost of printing of medical forms and stationery; to provide sufficient funds for the purchase of food because the anticipated reduction in food costs has not as yet materialized; to provide for fuel, the cost of which has increased with the April deliveries; to provide for the increased cost in cotton goods, supplies for dressings, medicines and streptomycin; and to provide for the increased cost of soap, soap powders, etc.

Hospital Department, Installations, Alterations and Repairs—\$175,000. To provide for cost of installations, plumbing work and architects' fees in connection with replacement of sterilizers throughout the hospital, and major alterations and repairs needed to reconstruction four buildings.

Institutions Department—Steamer "Stephen J. O'Meara"—\$6,000. To provide for emergency repairs as required by the United States Coast Guard Marine Inspectors. The original allowance of \$14,000 will not be sufficient to meet the cost of these repairs.

Institutions Department—Eastern Avenue Wharf, Repairs, Etc.—\$5,000. This amount was reduced by your Honorable Body in the original budget from \$35,000 to \$30,000. The lowest bid received was \$34,950. Therefore, this sum is necessary in order to proceed with the work.

Police Department—\$165,000. To provide for sufficient funds for the purchase of gasoline; and to provide for pensions of employees not included in the contributory system which, from present indications, will be greater than anticipated.

Registry of Deeds—\$12,000. To provide for the salary of a technical assistant established under the provisions of chapter 185, section 10(A) of the General Laws, and to rectify a miscalculation in the item of piece work copyist.

In connection with the above explanations I would like to call the attention of your Honorable Body to the fact that on March 24, 1947, I submitted a letter increasing the appropriations for uniforms for the Fire Department, for repairs to the steamer "Stephen J. O'Meara," of the Institutions Department, and for permanent employees in the Registry of Deeds, but as no action was taken by your Honorable Body it is now necessary to resubmit these recommendations, which are included above.

I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for the purposes hereinafter specified, said sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

CITY MAINTENANCE.

Fire Department.

A. Personal Service.....	\$40,000
1. Permanent Employees.....	\$40,000
B. Contractual Services.....	2,500
18. Cleaning.....	\$2,500
C. Equipment.....	84,000
15. Tires, tubes and accessories.....	\$5,000
16. Wearing apparel.....	79,000
D. Supplies.....	10,000
11. Gasoline, oil and grease.....	\$10,000
E. Materials.....	10,000
1. Building.....	\$5,000
13. Miscellaneous.....	5,000
F. Special Items.....	50,000
7. Pensions and annuities.....	\$50,000
	\$196,500

Hospital Department.

D. Supplies.....	\$350,000
1. Office.....	\$5,000
2. Food and ice.....	200,000
3. Fuel.....	35,000
5. Medical, surgical, laboratory.....	100,000
8. Laundry, cleaning, toilet.....	10,000

Hospital Department — Installation, alterations and repairs.....	\$175,000
--	-----------

Institutions Department.

Steamer "Stephen J. O'Meara."

B. Contractual Services.....	\$6,000

1. Permanent Employees, \$12,000

RECAPITULATION.

City Maintenance.....	\$897,500
County Maintenance.....	12,000
Total.....	\$909,500

Referred to Committee on Appropriations.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Arthur M. Carroll, for compensation for damage to car by fire engine.

Michael V. Dailey, to be reimbursed as result of execution issued against him.

Lena DiBlasi, for compensation for damage to property at 8 Norman street, caused by water.

John F. Donovan, to be reimbursed as result of accident which occurred while in performance of duty.

Morris Goldstein, to be reimbursed as result of accident which occurred while in performance of duty.

Josephine A. Griffin, for compensation for injuries caused by an alleged defect at 209 Washington street.

Alexander McLaughlin, to be reimbursed as result of accident which occurred while in performance of duty.

Mercury Express, Inc., for compensation for damage to truck by city truck.

Mary F. O'Leary, for compensation for injuries caused by an alleged defect at 305 Congress street.

Ralph Pill Electric Supply Company, for compensation for damage to property at 95 Staniford street, caused by water.

U. S. Army, Camp Edwards, for refund on Sumner Tunnel tickets.

Irene Floyd, for refund on dog license paid twice.

PERMITS FOR CHILDREN TO APPEAR.

Petitions for children under 15 years of age to appear at places of public amusement were received as follows:

The Skating Club of Boston, 1240 Soldiers Field road, April 25, 26, and 27; Mary Campbell, Jordan Hall, June 9; Viola K. Breiding, Jordan Hall, June 10 and 11; Ruth M. McShane, Municipal Building, South Boston, June 12.

Permits granted under usual conditions.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of the following, having been duly approved by the City Treasurer, were received and approved by the Council:

Henry Atwood, James A. Canton, Sidney Cohen, Samuel Goldkrand, Mark H. Kraisur, Nathan Kravitsky, Frank A. Mitchell, Bert Oppenheim, Hector Palladino, Philip S. Phillips, Edward J. Rockett, William T. Ross, Joseph P. Schrank, Francis A. Slater, Clifford L. Smith.

SETTING CLOCK FOR DAYLIGHT SAVING TIME.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—I rise to make a motion, Mr. President. I make a motion that the City

Messenger see to it that the clock be brought up to Eastern Daylight Saving Time.

President KELLY—The motion is well received.

DEMOLITION OF ULYSSES S. GRANT SCHOOL, EAST BOSTON.

Coun. COFFEY offered the following: Ordered, That the Superintendent of School Buildings be requested, through his Honor the Mayor, to plan for the immediate demolition of the Ulysses S. Grant School, East Boston.

Coun. COFFEY—Mr. President, I have introduced this order four times, starting about two years ago. The Ulysses S. Grant School is in a congested section of the East Boston district, and nearly all the traffic going to and from the horse and dog tracks goes by this section. I might add the school has been condemned and everything of value has been taken out of it and it is ready for the walls to cave in. If the school is taken down in the near future, we will have a natural playground of some 600 square yards for the children of this neighborhood to use. I hope the Mayor and the Real Estate Commission and the School Committee will get together in the immediate future on the question of tearing down the school, so that the children will have some place to play instead of in the streets.

The order was passed under suspension of the rules.

FULL-TIME CAPTAIN AT EAST BOSTON POLICE STATION.

Coun. COFFEY offered the following: Ordered, That the Police Commissioner of the City of Boston be requested, through his Honor the Mayor, to send a full-time captain to the East Boston Police Station to serve in place of Captain Britt, who is giving most of his time to servicing the Suffolk Downs Race Track.

Coun. COFFEY—Mr. President, a week ago Friday the Suffolk Downs Race Track opened. The police captain in my district gets \$25 a day for working down at the Suffolk Downs race track, and on top of that he gets a \$1,000 bonus. A week ago Friday he was down at the race track with some 20 police officers from East Boston, and we had a holdup and kidnapping in that section. Everybody in greater Boston knows that one of the worst places to get out of after a holdup is East Boston. You either go through the tunnel or you have to go over a bridge, or you have to use the McClellan Highway. Within two minutes of the time a holdup occurs, all those places I have mentioned, the tunnel, the bridges and the Highway, could be completely roped off so that nobody could get out of the district. I say within two minutes of a holdup. Still, while our police captain was servicing Suffolk Downs, a private corporation, a businessman of the district who came out of the bank and stepped in his automobile was not only held up by two gunmen, but the two gunmen got in the car with him and took him out to Cambridge, kidnapped him and relieved him of the pay roll, and threw him out on the street. To my knowledge, nothing has happened to apprehend the two gunmen as yet.

I think I have a good argument when I say East Boston was without a police captain. Only a few moments ago, down in the Mayor's office, I called the East Boston Police Station—that was before twelve o'clock—and I was told by the sergeant at the desk that the police captain was down in Suffolk Downs and he would not come back for the rest of the day. I say it is unfair for the taxpayers of Boston and especially for those in my district to be without a police captain. If he is getting \$25 a day at Suffolk Downs, something should be done to stop his pay as a city employee. This is not the first time I have hollered about the police captain giving full time down there along with 20 other Boston police officers, all from my division. Those 20 police officers could be used better for traffic control to save children from being injured on crosswalks. The so-called raid squad is also down in East Boston and down at Suffolk Downs along with the police captain every day, and their only job down there is that, if Captain Ferrari points out some suspicious character, the East Boston police have to take that man and put him off the track.

That is letting the bookies in East Boston run rampant while the captain and his raiding squad and the rest are servicing Suffolk Downs and not East Boston. I not only request, but demand, that we get a police captain in East Boston. If they don't want to give us a new police captain, they should put somebody over there in the place of Captain Britt, while he is giving his services to the Suffolk Downs Race Track. They don't need Boston police there. Captain Ferrari has a group of ushers who are ex-police officers, and besides, ex-state policemen on pension, and, over all that, the state police are down at Suffolk Downs. That is another thing, why the state police are down at Suffolk Downs. That is a private enterprise, they are making plenty of money, and, if they want to hire ex-police, let them hire them, but I say no Boston policemen should be down there. They should be doing their duty for which they are paid. I call upon Police Commissioner Sullivan either to remove Captain Britt from our district and assign him to Suffolk Downs perma-

nently, or at least give us a police captain to be on the job when Captain Britt is not on the job.

The order was passed under suspension of the rules.

PLAYGROUND FACILITIES FOR EAST BOSTON.

Coun. COFFEY offered the following: Ordered, That his Honor the Mayor see to it that the promised playground facilities be immediately erected in East Boston.

Coun. COFFEY—Mr. President, this is an order I have introduced here time and time again. Only a few months ago I had to storm City Hall to get the promised playground which the Legislature claimed we were going to get. The Legislature saw fit last year to appropriate \$1,300,000 to give us a stadium and swimming pool and other recreational facilities to take care of what the airport has taken away from us, but, up to today, nothing has happened. But they are building hangars over in the East Boston section right outside the homes of the people who have lived there for the last 50 years. I would like to know, because of the housing shortage, how the airlines can get all the steel and all the iron and all the lumber to build these hangars. I wish some of the members who have occasion to go to the airport would go there some day by Neptune road. It is only one month since they started the Northeastern hangar and a building to hold the general offices alongside the hangar. I wish you could see the steel and iron and lumber going into that project, and still nothing has been done to give us the recreational facilities they have promised us. I have taken this up with the Mayor before I came up here today, these two things, the tearing down of the Ulysses S. Grant School and the erection of the swimming pool, for which the money is appropriated and waiting to be spent, and the Mayor promised me he would get in touch with the Public Works Commissioner tomorrow and ask him why construction has not started on the recreational facilities which were promised to the people three years ago. I ask suspension of the rules and the passage of the order, and I hope I will get some action on this so that the stadium will be built and the swimming pool will be built before the summer is gone.

The order was passed under suspension of the rules.

ACCEPTANCE OF CHAPTER 100.

Coun. HANNON offered the following: Ordered, That chapter 100 of the Acts of 1947, entitled "An Act Authorizing the Transfer of Certain Land in the Dorchester District of the City of Boston from the School Department to the Park Department of Said City" be, and hereby is, accepted.

Passed under suspension of the rules.

CLEANING OF STREETS ON SATURDAY NIGHTS.

Coun. RUSSO offered the following: Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to consider the advisability of cleaning the streets of the city on Saturday nights so that the streets are clean on Sunday mornings.

Coun. RUSSO—Mr. President, I believe that you and other councilors have noticed, the same as I have, that every Sunday the streets of our city are not kept clean. I realize that the Commissioner is trying to do a good job, and has been doing a fairly good job, but still, I can't understand for the life of me why every day you will see the workers of the Sanitary Department pushing a broom and shovel, trying to keep the streets clean from Monday to Friday, and on Saturday, when we expect the streets to be clean for Sunday morning, we find the streets are really bad, all over Ward 3, at least. I notice that there, and I presume it is all over the city. Although I appreciate the fact that they clean the streets on other days, still, I feel they are cleaning the streets only for the automobiles. I believe the automobile has more privilege to park in clean streets, and the people are entitled to better looking streets and cleaner streets on Sundays when they are able to walk, due to the fact that the automobiles are not parked at the curb of our sidewalks. The matter may be that he may not have sufficient help in order to carry out this work, and it might also be that the individuals who do this work would like to get paid for the work, and they are entitled to get paid instead of receiving perhaps time off for the extra time put in. However, they clean the market section on Saturday nights, and on Sunday morning you don't see a soul down in the market section. But throughout the other streets in the entire city, they are not cleaned on Saturday night. I hope the Public Works Commissioner, Mr. President, will try to remedy the situation, to see at least that things are kept clean on Sunday morning, which is the time when everyone goes to church, and that is the time that everyone is out of work, and that is the time these things are very, very noticeable. I hope the order will pass under suspension of the rules.

The order was passed under suspension of the rules.

TENANCY IN HOUSING PROJECTS.

Coun. KINSELLA and HANNON offered the following:

Ordered, That his Honor the Mayor be requested to consult with the Boston Housing Authority for the purpose of using all legal and official persuasion on those tenants of the Boston Housing Authority to vacate their quarters if they were not bona fide residents of the City of Boston on January 1, 1941, and to assign at once all such vacated apartments to needy, qualified veteran applicants who have families.

Coun. KINSELLA—Mr. President, several times in recent years I have filed an order worded very much the same as the order of today, seeking to cause vacancy in these apartments within the authority of the Boston Housing Authority, by tenants who did not live in Boston on January 1, 1941. If I were to show to the members of this Body the police lists of 1942, Mr. President, the faraway places listed as places of residence in 1941 in the 1942 book, it would amaze and confound many who think they have an idea of the distances from which people came to engage in war work in the Boston industrial area and who, as we were led to believe at the time, were granted emergency quarters in order that their skills and talents might be used in the prosecution of the war effort, but who, as we all predicted in those years, would remain in Boston at the expense of the more legitimate Boston families for whom these areas were built. A perusal of that book for as little as one minute will show you such faraway places as Oregon, Washington, New Mexico, and Arizona, and cities and states and towns in the Middle West, not to mention some near-by states, Maine, New Hampshire, Vermont, Rhode Island, and Connecticut. In addition, of course, there are the cities in Massachusetts outside of Boston. Originally, in order to get into the housing projects under the control of the City of Boston, one of the first qualifications that had to be established was that of residence. The rule always was an applicant, in order to become an applicant, had to live in the city for 12 months prior to the date of application. It is all very well to say that the people who came here from out-of-state places and out-of-city places were people who had a talent and a skill and a genius and accomplishment that could be used in the prosecution of the war, but counter to that is that, while they supplied services and abilities, they were well paid for that in return. The condition today has reached the point where people are no longer as demanding as they used to be; they are not even desperate any more, not the ones I talk to; they are fearful over the lack of prospect of getting into the Boston Housing Authority projects. About a year or so ago we had the Executive Director of the Housing Authority, Mr. Jeremiah Sullivan, and those who were present, I think, will remember as I do that Mr. Sullivan stated very clearly at that time that, out of 5,900 apartments in the control of the Boston Housing Authority, an average of 1 per cent a month was vacated, and of course immediately tenanted by those next in line, having qualified by the terms of the Boston Housing Authority regulations. So that at no given time do we have a large number of vacancies into which we can put the people for whom they were built. The style in recent years has been to call it preference, but not too much so. I think they deserve it, and I mean the veterans with children. We must have in the 5,900 apartments in the control of the Boston Housing Authority, by a conservative estimate, in my opinion from 1,500 to 2,000 families who did not reside in Boston on January 1, 1941. I have arbitrarily set the date at January 1, 1941, for this reason: Open war with Germany started on Sunday, December 7, 1941, at the time of the attack on Pearl Harbor. Within 24 to 48 hours, America had declared war on Germany, Japan, and, sometime in the following summer, on Italy. At once we had an influx of so-called skilled workers from other parts of the country. There is an amazing thing that has not been spoken of by anyone, and I suppose it is not the function of the Housing Authority to explain it, and, if demanded, a successful explanation would have to come from the Federal government—why it was that young men and other men not so young who were in their fields of endeavor highly skilled and qualified and who lived in the Boston area were subject to the terms of the Selective Service Law and had to answer the call of the President and, oddly enough, men of the same age group from other parts of the country, men of the same age group, moved in and took jobs and took public housing. That is only a side thought that occurs to me, the principal thought today being that contained in the order. I don't think it is harsh, I don't think it is severe, and I don't think it is unfair, in spite of the present terrible condition in housing, that people be asked to vacate public properties they occupy, because originally one of the attractive features to the acceptance of the Federal act for local housing was that it was going to be made primarily in the interest of the slum and substandard clearance in different cities and towns for those which availed themselves of the terms of the National Housing Act. We wind up today, seven years later, in the instance of the Charlestown project, where, out of 1,149 apartments, several hundreds are occupied by people for whom they were never intended. If they were never intended for Charlestown people exclusively, and I don't agree they were, because they were intended exclusively for Boston residents, Boston, mind you—I am not being clannish or provincial

about it because my interest in this case embraces the 22 wards of the City of Boston—we have today worthy young veterans who have settled down with ready-made families, because the record shows that in this last war a good many hundreds of thousands of married men with one to five or six children went into the service and so, of course, I characterize them as ready-made families, not to mention those young men who married during the war period or immediately after, or who are being married today. Since that is the perfectly normal, natural change in their lives, and since it has certain natural, normal consequences, it is up to the Boston City Council as the only agent to which they can appeal to make available to them places that should have been available to them as persons more qualified by long residence in Boston rather than to those who came in here and profited in the war effort, and profited by a temporary residence now permanent. It cannot very well be an argumentative or contentious subject because our first duty is to the people of Boston. And since Boston put into the armed services something in the neighborhood of 75,000 service men and women, only a mere handful of whom have been taken care of, I think it is our obligation, in spite of any hardship we may work on people who did not live in Boston as long as our veterans have lived, to see that they go back to the places whence they came. On one occasion, in speaking on this subject in a fit of temperate language, I said things that were not kind, that were not charitable, and today, rather than to become wildly enthusiastic from my own remarks, I have tried to streamline them, I have tried to use moderation in my utterances. I don't condemn them for having come from other communities, but I do question their moral right to stay here when the only thing that brought them here was a war condition and war employment for which, as I said a few minutes ago, they were well paid. On another occasion, Mr. President, when I had reason to take my feet here on this subject, I received but one letter, apparently written by a woman. It was unsigned except for the tag line—"Non-Bostonian." I believe she called herself—and she took me mildly to task for the statements I made here and which were in part recorded in the next day's newspapers, but I tell you truly, Mr. President, that of thousands of people in Boston who must have fallen into the category in which that woman knew she fell, only one, one and one only, that lady, whoever she was, wrote me a letter mildly protesting my recommendation. It should not be too difficult to accept, as the moving influence in support of this order, that we are confronted with an opportunity to aid these fellows even to that little extent of a few hundred, possibly a couple of thousand, apartments, if it can be firmly established that they were not residents here by the police lists on January 1, 1941. If my memory is reliable, one of the answers that came back on an occasion when I filed a similar order was that, by government regulation or law, these people could not be asked to vacate, because they were, first, American citizens, they were rent payers and they were taxpayers, and the only premise on which they could be removed would be if they became a nuisance in their conduct or because of malicious damage to the property, or because of failure to pay rent. I submit for your consideration, Mr. President, and through you to the gentlemen of the Body, that thousands of veteran applicants who are on file at 10 Post Office square and who have lived here prior to 1941 are also American citizens willing to be rent payers, and under any circumstances they are taxpayers. Their human rights, in my opinion, transcend the human rights of those who come from remote places, who not only accomplished the purpose of luxurious living during wartime at high wages, but who have stayed on here in Boston, those who do not have the long residence of the boys and girls brought up in this city, and who have benefited enormously from the transient move they made into the city. So I earnestly recommend to your Body, Mr. President, that they support this expressed view and go along with the terms of the order.

Coun. LINEHAN—Mr. President, I would like to agree with everything the gentleman from Charlestown has said relative to his order, but I realize there are certain difficulties which confront the Boston Housing Authority and which they cannot overcome. In South Boston we have the Old Colony project, which as a matter of fact is owned by the Federal government. It is not owned by the Boston Housing Authority, and in that particular project there are 900 families. The Federal government decides just what qualifications and what other standards shall be set up as to who shall be the tenants. I personally believe that the more people we can get to live in Boston the better off we are. I don't think it is a time to start saying, "You should get out of Boston." As one of the sponsors of the veterans' housing, I have been saying, "Let's keep people in Boston," and one way to do that is to provide shelter for people. If we don't have the shelter, naturally, the people will have to go elsewhere. The people the gentleman from Charlestown refers to include many different types of families. Many of the families he refers to who came here around January, 1941, or since then, are families who had some children serve in the armed forces of our country during the war, and I for one don't want to go on record to say that I want them ordered out of the housing projects, and that is what this order can do—that is to say, if we construe it literally, it

means everybody, whether they have had boys and girls in the service or not. At least, I want to get up here today and say all those families who had boys and girls in the armed forces in the last war certainly should not be moved out of any project. This Council and the Boston Housing Authority can do absolutely nothing about the Old Colony project because that is owned by the Federal government. Old Harbor Village is not owned by the Boston Housing; it is leased from the Federal government. I believe most of the other projects are under the direct control of the Boston Housing Authority, and they may set up certain rules which they have authority to do. But, as to whether or not the Boston Housing Authority legally can say, "If you had not been a resident before January 1, 1941, you will have to get out," I personally don't think there is any legal authority for the Boston Housing Authority to make such a rule. The Boston Housing Authority has to get practically all its rules O. K.'d by the State Board of Housing and the Federal officials, anyhow. It does not seem right to me just to file a blanket order without excepting those families who had members who served in World War II. Let me remind the gentleman from Charlestown it is not too fantastic to say in the not too remote future we might have another war, and we might call upon a lot of trained workers to come back to work in Boston on certain different defense industries. The trouble is that everybody forgets we had a war, and still we are talking about a future war, and we should not forget everything the soldiers and sailors did during the war, and also what the war workers did. I like to believe that normally those who served in the armed forces helped during the war, but those who did work in the defense industries certainly also helped, though they received more money than the boys and girls who went into the service. Many of us went into the service because, well, we did not have much choice, and the workers in defense industries probably did the same thing—they went in there because they were requested to go in there. Now, the Federal government did ask the workers to come to Boston at that time, and it offered them certain inducements, and one of them was not "We will supply housing until the war is over, and then we will kick you out of Boston." I think any citizen who is now a resident of Boston, and has been for at least a year, has a right to stay in the projects if they comply with all the rules and regulations set up to regulate the projects. As I said last week, there are many people now living in the projects who in the not too distant future, I hope, when the housing is available, will be moved out of the projects due to excessive income. The Boston Housing Authority has not any choice, when there is available housing, other than to move people out of the projects when the income is excessive. That will come in due course of time, and I hope as the result of a stimulation, which I hope will be a stimulant in the form of a recommendation made by His Excellency, Governor Bradford, of the Commonwealth, and on which I am going to file a resolution, along with the housing which I hope will be built out of the \$10,000,000 bond issue for veterans' housing. I sincerely hope the recommendation of the Council will be carried out which was filed and passed last week, which recommends that all those veterans who are living in the low income housing developments whose incomes are excessive shall be permitted to move out of the project in which they are paying low income rent into the one and two-family homes, so that it will leave room for the veterans' families which the gentleman from Charlestown is trying to take care of and which I believe everybody has been trying to take care of. I do know the gentlemen in this Chamber have not received much credit for this, but I like to keep on saying the councilors are the only ones who have done a blessed thing for veterans' housing in Boston. I don't say I am against the order of the gentleman from Charlestown, but I for one know a great many veterans and nonveterans living in the Old Colony project, and I don't know that I want to take the position of saying, "All you people who were war workers who came out of some other place than Boston around January 1, 1941, no longer can stay in the projects." I don't want to take that stand because, as I stated before, many families had two or three boys serving in the armed forces of our country, and they are now citizens of Boston, and I say we have to keep as many people living in Boston as we possibly can. The more we have, the more prosperous we will be. I sincerely hope before the year is out we will have much more available housing, not only for veterans but also nonveterans. I don't know whether to say I want to be recorded against this order, but probably I would be for it if it is amended to read—if the gentleman from Charlestown will agree—to except those families who have come into Boston and who had members of their family in the armed forces of our country. I might say at this time, if it is agreeable to the gentleman from Charlestown, that I would like to have the order referred to the Committee on Housing.

Coun. KEENAN—Mr. President.

Coun. LINEHAN—I make that in the form of a motion.

Coun. KEENAN—Mr. President, I want to congratulate the gentlemen from Charlestown and Dorchester (Councilors Kinsella and Hannon). I introduced a similar order October 22, 1945. At that time I was informed by the Federal Hous-

ing Authority they could not remove tenants in the so-called Federal housing projects taken for various defense workers. I maintain that the various tenants now living in the housing projects since the war have lived in Boston for five years and have become residents of the City of Boston. They have received various benefits given to the people of Boston, as long as they have lived here five years. I maintain, Mr. President, it is true the tenants in the housing projects have sons who have been in the armed forces, and I say leave them in there, but you take the families from Maine, New Hampshire, or Vermont, some who came in with a hammer and saw, so-called carpenters who have made a lot of money during the war and who had never seen bathtubs or hot water until they came to the housing projects—I say they should be removed and veterans of the City of Boston should be given preference.

Coun. KINSELLA—Mr. President, then, as I say, is not a contentious order. It has been discussed on a very high plane, but I would like to remind the councilor from South Boston (Councilor Linehan) that I am in a kind of peculiar position in that I don't want to hurt any veteran presently staying there, but I would like to point out the registration for Selective Service took place, if I remember correctly, some time in 1940, and, under the Selective Service Act, the board where you registered was the board which maintained jurisdiction over you wherever you went until such time as the law was not in effect, which was recently. In other words, many of them came into Boston, having registered in their home towns, in Ohio, New York, Rhode Island, Connecticut, New Jersey, Pennsylvania, Wisconsin, Oregon, Michigan, Florida, and the rest of the states, so that when they went into the service they went in as of that board at which they lived, registered in the city or town in which they lived. They were never added to the Boston boards. The figure of 75,000 is approximately a pure figure in that almost every last one was a bona fide resident of Boston; therefore, we have by that means, you might say, credit for 10 per cent of the total population having gone into the armed services. It would be nearer 30 or 40 per cent if we reduced the figure to men and women eligible by virtue of age and physical condition. Of course, Councilor Linehan raises a friendly point about certain items, and according to the will of the Body it may or may not be amended, but it is not, as I say, a contentious document; it is a matter of opinion as to whether an amendment would improve the main item, which, to repeat, although everyone now knows it, is to cause to be vacated those apartments occupied in low rent projects under the control of the Boston Housing Authority by people now residents but who were not living in Boston January 1, 1941, and in many instances, it can be said, they left habitable homes elsewhere. Whether or not they can go back to them is beside the point, but I do know this, I have reached the point where my patience is exhausted trying to explain to lifelong residents in my district that they cannot get in when they can tell me instance after instance after instance of people across the street who live in private houses, who tell me of people in housing projects, and I well know it to be the truth, who brag about what they left in Oregon or New York or Georgia or Alabama. We owe it to them, I believe, in view of the fact that Boston is going to be charged for any future expenses on the public housing. Through the instrumentality of Councilor Linehan this Body passed a \$10,000,000 loan order for the construction of about 1,200 veterans' homes. Doesn't it seem only fair, since we are going to pay the cost of them, that we have a right to set an arbitrary date at which the residents of the city qualify? What would happen if out of 1,200 residences half or more, or any substantial number of them, were occupied by people here only a few years and who came in to a windfall? What is to be said for that same number of persons, either great or small, who might normally go in if we have not restrictions? I am not ungrateful to the veteran or the war worker, both of whom made victory possible, but we are concerned now with taking care of local boys who went away and who came back to a condition not substantially different from the one they left, and since housing is the primary need today, at least in a few hundred cases we can change it. It may be a heartless thing and a cruel thing to do, but it is more heartless and more cruel not to do it. Remember that when they left they left this city with a lifetime of living in it behind them, and when they came back, this city by one means or another had developments which they should have gone out of its way to protect the rights they left and to which they came back ostensibly after a period of absence of one to five years. I think we should give them that much more thought.

President KELLY—The question is on the motion to refer to the Committee on Housing. Councilor Madden.

Coun. MADDEN—Mr. President, while I have fond regard for the distinguished councilor from Ward 2 (Councilor Kinsella), I have not any idea what the actual motive is behind the order, and it seems rather absurd and ridiculous to me that we, as members of the City Council, should tell the Federal government or any branch of the Federal government how they are going to run any particular department. It is obvious people have been for many years getting into these housing projects through just plain politics.

They always have and always will, and we can yell our heads off, but, if somebody knows a Senator or a Congressman from other states, you can bet your life they will find a place to live. I don't quarrel with these people at all, but, Mr. President, I will tell you the fellow I do quarrel with, and that is our distinguished Mayor. A year ago we gave him \$10,000,000 to start veterans' housing. It is the most pressing problem we have today, because there are thousands and thousands, not only veterans but other young men and women who could not get into the service and who were forced by circumstances to live in with their in-laws. It is a deplorable condition, a condition that keeps getting worse and worse and worse. Two years ago when the Mayor was running for office—he was then Congressman—he had the slogan, "Curley Gets Things Done." Gets things done, my grandmother! He has been there two years, and I would like to see one single house. Mind you, I profess to be a great friend and admirer of the Mayor, but I can't understand his lethargy or the apparent lethargy of the brilliant young man on the hill, Governor Bradford. They move around slowly in that mansion at Jamaica Pond and the Governor's mansion in Cambridge, and they give lip service to the veterans and lip service to those who could not be veterans. "We feel sorry for you fellows."

To hell with the sorry conditions. Get to work! Curley has \$10,000,000, and why doesn't he call in the A. E. of L. or call in some big contractor? There are any number of steam shovels available, and you can get all kinds of cement. Down through the South, those of you who have been privileged to travel there through the last few years have seen all sorts of housing projects. Nothing up here in the North—not a one. As I say, with all due respect to the motion of the distinguished councilor from Ward 2, I think it is high time we build a fire under the Mayor's chair and say, "When are you going to start veterans' housing in Boston?" I think that is the biggest problem that we have today.

Coun. LINEHAN—Mr. President, I would like to advise the gentleman from Brighton that I think they are going to start on it this week.

Coun. CANTWELL—They are putting in cellars.

Coun. MADDEN—I am very happy to learn that. I am happy to learn the Mayor has started something in other sections. I think I will show him the map of Boston and show him Brighton is also a part of Boston and maybe induce him to build something in Brighton.

The order was referred to the Committee on Public Housing.

REPLACEMENT OF SIDEWALKS ON BEACON HILL.

Coun. BAYLEY offered the following:

Ordered, That the Public Works Commissioner be requested through his Honor the Mayor, to immediately discontinue the replacement of brick sidewalks by artificial stone or cement sidewalks on Beacon Hill, particularly on West Cedar street.

Coun. BAYLEY—Mr. President, a couple of weeks ago the Public Works Department started resurfacing streets on Beacon Hill, particularly West Cedar street, and, while doing that, they decided to replace the old brick sidewalks with cement, or artificial stone, sidewalks. Mr. President, this is a very historical section of Boston dating back to the old days when Boston was only a crossways. The residents of Beacon Hill are proud of their history and their brick sidewalks. I have not had so much protest in my existence in the Council as I have had on this matter.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick, for what purpose does the gentleman arise?

Coun. MUCHNICK—Will the gentleman yield to a question?

Coun. BAYLEY—No.

President KELLY—I am sorry, councilor. He does not yield.

Coun. BAYLEY—The Beacon Hill Association had a special meeting on it, and there were two or three other meetings up on the hill, and the people of Beacon Hill, especially around West Cedar street, want to keep the brick sidewalks. They admit they may be uneven and the cement sidewalks may be more level, but they are proud of their history, and I agree with them. It will be a distinct detriment to the neighborhood if these sidewalks are replaced by cement. It might have been a good idea to level them out, but the bricks have been carted away, and I am now informed by the contractor that they are going to use cement. If they want to put the cement down, it is all right, provided we can have the bricks on top. They very much want the brick sidewalks. There was an article in the Boston *Traveler* which stated the situation very well:

"Visitors to Beacon Hill often complain about the uneven brick sidewalks on our most famous slope. Hill residents, however, become as nimble as antelopes with the years and hardly ever notice the imperfections under their feet. But take those away, and there'd be trouble."

"Public Works Commissioner Curley is learning this truth. No denizen of the Hill, he has figured out with his experts that concrete sidewalks are better than brick, anyhow. That sound

wave zooming into Beacon street is no traffic roar or hurricane. It is the rising protest of Beacon Hillites."

Mr. President, action is needed on this very quickly, because, if the cement is put down, I guess we won't get the brick sidewalks back. The Beacon Hill Improvement Association and many people on Beacon Hill have contacted me and asked that every effort be used to restore the brick sidewalks of which they are so proud and which are characteristic of the neighborhood, and not to put in artificial stone sidewalks. As taxpayers in Boston, I think they have a right to retain these sidewalks. They would prefer to have them, uneven as they are, rather than have them replaced. I have asked the Public Works Commissioner if he will not go to the Mayor to prevent the replacement of those sidewalks which have been for so long a part of the history of Beacon Hill.

Coun. RUSSO—Mr. President, I for one would like to come to the rescue of my colleague and say to the Public Works Commissioner we have many sidewalks in my district that have bricks and we are just as proud of our history in our section as the councilor from Ward 5 is of his section, but, although the North and West and South Ends of Boston are historical sections of our city, I would like to see this improvement. So, if the Public Works Commissioner would just let those sidewalks alone and attend first to the ones that need to have the replacement of concrete instead of the brick sidewalks which, as a matter of fact, are a hazard in walking, I think. I feel I could help the councilor to retain those sidewalks until such time as all the other sections of the city have had their sidewalks replaced by concrete, and then we will get back to the Back Bay.

Coun. MUCHNICK—Mr. President, it seems to me, before we pass on this one way or the other, that we ought to find out whether the concrete sidewalks cost more than the brick sidewalks and whether the upkeep of the concrete sidewalk is greater than the brick sidewalk, and what effect the change will have on the tax rate of the city. I therefore move that this go to the Executive Committee and that the Public Works Commissioner be asked to come down with cost sheets for both types of construction.

President KELLY—Councilor Muchnick makes a motion this be referred to the Executive Committee.

Coun. COOK—Mr. President, I think we ought to talk to the Public Works Commissioner. Certainly there are plenty of streets in the City of Boston which have brick sidewalks, where we would be glad to send the bricks to Beacon Hill and get the cement instead. I hope we don't recommend, if there is cement, that we put bricks on top and give that section a strawberry shortcake effect. I would like to have the Public Works Commissioner come before us. Certainly, if he has removed the bricks, it would be cheaper to replace the bricks. As was said before, most of the councilors would be glad to give the bricks to be replaced by granolithic sidewalks. I hope it goes to the Executive Committee and that the Public Works Commissioner is consulted.

Coun. CHASE—I hope this matter does not go to the Executive Committee. I see no necessity for making the matter look ridiculous or facetious. This is a simple request from the councilor from Ward 5, and it is a matter that is within the jurisdiction of the councilor from Ward 5, and I hope we as councilors pay him the courtesy he pays others who come before our Body. Apparently, sir, the people of Beacon Hill, his constituents, desire the retention of brick sidewalks. Practically all the people using those sidewalks are Beacon Hill people, and I see no reason why the city should not allow these taxpayers to retain their sidewalks the way they desire. I hope, sir, the Council will pay the gentleman from Ward 5 the courtesy of going along with his order without referring the matter to Executive.

President KELLY—The question comes on referring this matter to the Executive Session. Councilor Cook.

Coun. COOK—In answer to the councilor, I might say everybody in the City of Boston is entitled to use the Beacon Hill section as his own. I am concerned with people falling and claims against the city due to uneven bricks more than I am in the historical significance of a section which thinks it is the only section that is historical. I could probably point out other sections in the city that have far better history than Beacon Hill. So far as argument is concerned, it is common courtesy for the councilors to respect each other's districts, but I would like to point out this district has been responsible for asking for many orders that affect not only the whole city streets but city government. I don't understand why, if the councilors want to interrogate the Public Works Commissioner, he cannot go there if it is a matter of 15 or 20 minutes. I don't think we are being discourteous to the councilor from the Back Bay. I hope the motion prevails.

Coun. COFFEY—Mr. President, the true picture has not come out on this as yet. What the residents up there fear whether the gentleman agrees with me or the people from Beacon Hill agree with me or not does not mean a darned thing to me—is this? If they take away those brick sidewalks and put in concrete sidewalks, these people who have dogs and not children are going to be annoyed by roller skating. As far as I am concerned, give the kids the roller skates, and let them have concrete whether they want it or not.

President KELLY—The question comes on referring this matter to the Executive Committee. All those in favor say "aye," those opposed, "no." It is not a vote.

Coun. MUCHNICK—I doubt the vote and ask for a roll call.

President KELLY—Councilor Muchnick doubts the vote and asks for a roll call, and, not having enough join him, the vote will stand. The question comes now on the passage of the order under suspension of the rules.

The order was passed under suspension of the rules.

ENDORSEMENT OF GOVERNOR'S VETERANS' EMERGENCY HOUSING PROGRAM.

Coun. LINEHAN offered the following:

Whereas, Governor Robert F. Bradford recently submitted to the State Legislature an eight-point program to meet the veterans' housing emergency, which, if adopted, will permit cities and towns to borrow \$120,000,000 beyond their debt limit for building houses, and the state would guarantee one half of any loss the communities might incur, limited to 10 per cent of the total; therefore, be it

Resolved, That the Boston City Council in meeting assembled does hereby recommend passage of said legislation; and further that copies of this resolution be sent to the Governor, President of the State Senate, Speaker of the House of Representatives, and to all of the Boston State Senators and Boston State Representatives.

Coun. LINEHAN—Mr. President, I move the Governor's middle initial be inserted in the order wherever required. It should be Robert F. Bradford. Mr. President, this is just to call the attention of the councilors to a recommendation made by His Excellency, Governor Bradford, during the past week relative to veterans' housing. I sincerely hope the recommendation by the Governor passes because, to my mind, it will be really the first step to speed veterans' housing. I also realize that he could have gone further and said reimburse the city for the entire loss the city might sustain in building veterans' housing; at least, they will give 50 per cent of any loss. That is to say, as a result of administering that particular development from the housing fund, if a city loses \$2,000,000, the state will reimburse \$1,000,000 out of the \$2,000,000—that is, up to 10 per cent of all the housing we build. For example, on \$10,000,000 they will reimburse us 10 per cent, \$1,000,000 that is, if it is 50 per cent of the total loss. To my mind, that is going to induce other cities and towns to get behind the housing program for veterans and start programs of their own so that these people the gentleman from Charlestown (Councilor Kinsella) wanted to move out of Boston might move back to some other city or town in Massachusetts which will have veterans' housing projects themselves. Veterans will go in there, and wherever the veterans move from will be left vacant for other people. At least, that is the way it seems to go as far as I am concerned. The only thing that bothers me is that it has taken a whole year for the State of Massachusetts finally to get going and actually to try to do something for the cities relative to furnishing some help to the cities. This is the first constructive step that the state government has actually taken to reimburse the cities putting in money they might lose relative to the construction of veterans' housing. I, as a Democrat, say to the Republicans of Beacon Hill, "Well done," and I sincerely hope his program is carried through, so that those veterans without homes in Massachusetts will benefit by it. I sincerely hope the order is passed at this time, due to the fact that the program is now before the Legislature, and, if this order is referred to Rules, it might be delayed to such an extent that the hearings will be held and our order won't get up there to be read to the members of the House of Representatives and to the Senate.

The resolution was passed under suspension of the rules.

PERMITS FOR REMOVAL AND TRANSPORTATION OF GARBAGE, ETC.

Coun. SULLIVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to grant an unlimited number of permits for the removal and transportation of garbage and other refuse through the streets of Boston under section 3 of chapter 6 of the Revised Ordinances of 1925 which was further amended and approved on December 27, 1946, by section 1 of chapter 11 of the Revised Ordinances of 1946.

Coun. SULLIVAN—Mr. President and gentlemen, this deals with the ordinance which was amended and passed by this Body last December increasing the cost per truck or trucks carrying refuse and garbage through the city streets in Boston from a fee of \$5 per truck to \$25 per truck. At that time when that order was passed by this Body, we were informed in the Executive Committee and on the floor of the Council that this was a means of bringing this type of work under the jurisdiction of the Public Works Department for better and more thorough supervision

than had been before. The idea was to bring additional revenue into the City of Boston. It was brought to my attention last week by a young man who is in business and he is a veteran, and his two brothers are in business with him, and they are both veterans, that they have two trucks with which they do this type of work. They went to the Public Works Department last week and were informed they could not obtain one of these permits because the permits were limited to fifty, and no more. When we passed this ordinance here, it was understood that this was to be open to veterans and anyone else that sought these permits at the rate of \$25 per truck. As I understand it, men who have been in this business for years operating four or five trucks have been reduced down to one or two permits. This, gentlemen, is another means of deception by department heads, after we pass an ordinance here, to interpret it the way they feel like interpreting it. I know in this particular case, gentlemen, there was no question at any time when this ordinance was passed of our limiting these permits. Are they trying to create a monopoly for fifty and to leave the others out? They talk about the contractors, that the contractors are opposed to these individuals getting permits. The contractors are getting now over \$2,000,000 from the city, and when this \$2,000,000 was before this Body in the budget, not one word was mentioned relative to the commercial waste the contractors can pick up. Bear in mind, gentlemen, the fifty do not affect the contractors and their trucks as they don't have to pay the \$25 under this ordinance. I would like to quote from the Minutes of December 26, 1946, when this ordinance was passed by this Body, and I would like to quote the gentleman from Ward 12 (Councilor Cook) who was chairman at that time of the Ordinance Committee, that his report was based on information that the Commissioner of Public Works has given that many truck owners, especially the veterans, were trying to get into this business. He has taken upon himself somewhere along the line after it left here to limit that number to fifty. I am asking now, Mr. President, that this order be referred to the Executive Committee and the Public Works Commissioner be sent for.

The order was referred to the Executive Committee.

GENERAL DECREASE OF 10 PER CENT IN CURRENT PRICES.

Coun. COFFEY offered the following:

Ordered, That the Boston Chamber of Commerce be requested, through his Honor the Mayor, to consider the advisability of advocating to the merchants of the City of Boston a general decrease of 10 per cent in current prices, and that the City of Boston refuse to do business with any merchant unless they have reduced their prices 10 per cent.

Coun. COFFEY—Mr. President, at the outset let me say the small city of Newburyport should be congratulated for the stand it has taken. I don't think I have to talk very long on this order, but the order requests the Mayor of Boston to get in touch with the Chamber of Commerce of Boston to ask the Chamber of Commerce which represents nearly all the merchants in Greater Boston—these merchants usually come under their control and also the control of the Better Business Bureau—for a general over-all 10 per cent cut on all merchandise sold within the city limits. Only recently the Chamber of Commerce went out of its way to have luncheon at one of the bigger hotels in Boston, and they claimed to the newspapers they had over one thousand in attendance. They had a gentleman from the City of Cincinnati who talked on Plan E for Boston, and the Chamber of Commerce claimed that if Plan E went into effect with a smaller Council and city manager the taxpayers of Boston would benefit. I say to the Chamber of Commerce if they are serious and butting into city politics as a Boston paper said in an editorial recently; if the Chamber of Commerce are serious and considerate of the people of Boston, then they will take the order up with the Mayor of Boston and ask all the merchants in the City of Boston for a 10 per cent reduction in prices. As everybody knows, prices are too high, and I don't know for the life of me how the average city employee or any other employee who has a small salary and has a large family can live. I think it is common sense and fair that this so-called Chamber of Commerce, protectors of the pocketbooks of the people of Boston, take action on this order and ask for a general 10 per cent cut in prices.

Coun. KEENAN—Mr. President, I had the pleasure last Saturday night to speak before the Codman Square merchants of my district. They held a meeting and every businessman in the district attended the meeting. They were trying to come to some point with regard to reducing the cost of living along the lines of food. During the past week, they informed me they sent two businessmen down to Newburyport to work on their plan, and they were informed by the merchants themselves it was a good idea but they were not getting cooperation from the wholesalers. One gentleman on the committee Saturday night said the 10 per cent markdown is only on merchandise in the store which they could not move. There

is certain merchandise in stores with a certain price tag, sold not only in Massachusetts but throughout the country, and there can be no markdown on that. They were very much opposed to going along with the 10 per cent idea although they would be happy if the wholesalers would work in conjunction with them, to work out some plan so that the price of goods to the consumer could be reduced 10 per cent or even 15 or 20 per cent. They would be happy to do that, but they said all that was done in Newburyport was on certain merchandise put on various counters which were things they could not sell, but which were an attraction for the people of Newburyport.

Coun. COFFEY—That is a talking point if we bring the Chamber of Commerce into the picture; the Chamber of Commerce are the wholesalers, not only in Boston but the State of Massachusetts. They are the big fellows behind the gun. They could ask the wholesalers to come down 10 per cent. Mr. President, suppose I start it off this way, by amending my order to read the City of Boston refusing to do business with anybody unless they come down 10 per cent on their prices. If we refuse to buy anything from anybody doing business with the city until they come down 10 per cent on prices, that will be a start. Let us ourselves start it.

President KELLY—Do you desire to have that added to the present order?

Coun. COFFEY—Yes.

President KELLY—The question is on the passage of the order.

The order was passed under suspension of the rules.

SALE OF LAND ON COMMONWEALTH AND CHESTNUT HILL AVENUES.

President KELLY—The Chair will call up No. 1 on the Calendar.

No. 1 on the Calendar was as follows:

1. Order for sale of land, Commonwealth and Chestnut Hill avenues, at public auction for upset price of \$110,000.

On March 31, 1947, the said order was read once and passed, yeas 22.

President KELLY—The Clerk will call the roll.

Coun. MUCHNICK—Mr. President, I wonder if I could find out from the City Clerk through you whether there have been any arrangements made for a change of the zoning or anything else, with reference to this land?

President KELLY—Not that the City Clerk knows.

Coun. MUCHNICK—Mr. President, under those circumstances, I move this go to the Executive Committee so that we can find out from the Law Department or the Board of Real Estate Commissioners or the Mayor's office what plans there are with reference to this. From what I have been able to gather in the past two or three weeks, this property as presently zoned would probably not bring \$110,000 at a sale, probably won't bring any price near it, and the chances are we will have another order coming in after this is not sold, at a cheaper price, or possibly after this is sold at public auction attempts will be made then to change the zoning into a commercial district from the present zoning regulations. It seems to me if these changes are going to take place, they should take place before the sale because then the property will have much greater value.

President KELLY—The question is on referring this matter to the Executive Committee.

The matter was referred to the Executive Committee.

RECESS.

On motion of Councilor Russo, the Council voted to take a recess at 3.35 p. m., subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 6.25 p. m.

IMPROVEMENTS FOR CAMP MCKAY.

Coun. HANNON offered the following:
Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to provide recreational facilities and an assembly hall at Camp McKay, Dorchester.
Passed under suspension of the rules.

ACCEPTANCE OF CERTAIN WARD 13 STREETS.

Coun. HANNON offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct as a public highway Whitby terrace and Emrose terrace, Ward 13.
Passed under suspension of the rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of Matthew C. Muliero (referred March 24) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order:

Ordered, That the sum of three hundred forty dollars (\$340) be allowed and paid to Matthew C. Muliero in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report on petition of Joseph Ruggiero (referred April 7) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to Fire Department—recommending passage of accompanying order:

Ordered, That the sum of one thousand three hundred dollars (\$1,300) be allowed and paid to Joseph Ruggiero in reimbursement for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Report on petition of James F. Mahoney, Sr. (referred April 14), to be reimbursed for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to Fire Department—recommending passage of the accompanying order:

Ordered, That the sum of three hundred fifty dollars (\$350) be allowed and paid to James F. Mahoney, Sr., in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Report on petition of Bernard Hughes (referred April 14) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Park Department—recommending passage of accompanying order:

Ordered, That the sum of thirty-five dollars (\$35) be allowed and paid to Bernard Hughes in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Park Department, said sum to be charged to the Contingent Fund.

The reports were accepted, and the orders severally passed.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on ordinance (referred April 21) for Saturday closing of public offices—that same ought to pass.

The report was accepted, and the ordinance was passed.

2. Report on message of Mayor and order (referred April 7) for appropriation of \$14,500 for jail improvements—that same ought to pass.

The report was accepted, and the question came on the passage of the order. The order was passed, yeas 12, nays 0:

Yeas—Councilors Chase, Cook, Fish, Hannon, Keenan, Kelly, Linehan, McCormack, Moriarty, Russo, Scannell, Sullivan—12.

Nays—0.

3. Report on order (referred today) that Commissioner of Public Works grant an unlimited number of permits for removal and transportation of garbage and other refuse—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. SULLIVAN—Mr. President, I am not going to take up any more of the time of the Council, so I am going to ask that this be laid on the table for one week.

The motion to lay on the table for one week was carried.

4. Report on message of the Mayor and order (referred April 14) for appropriation of \$10,000 for traffic signals—recommending that same ought to pass.

The report was accepted, and the question came on the passage of the order.

The order was passed, yeas 12, nays 0:

Yeas—Councilors Chase, Cook, Fish, Hannon, Keenan, Kelly, Linehan, McCormack, Moriarty, Russo, Scannell, Sullivan—12.

Nays—0.

5. Report on order (referred April 21) that Traffic Commission install traffic signal lights at intersection of Atlantic avenue, Fleet street and Eastern Avenue Wharf—that same ought to pass.

The report was accepted, and the order was passed.

Adjourned at 6.30 p. m., on motion of Councilor Russo, to meet on Monday, May 5, 1947, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

Apr. 1, 1947.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 5:15 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, Ward, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

RE-ELECTION OF ASSISTANT SUPERINTENDENT

Under the provisions of Chapter 497 of the Acts of 1946, the Superintendent presented the nomination of Dennis C. Haley as assistant superintendent for a six-year term beginning Sept. 1, 1947—the present term of Mr. Haley being due to expire Aug. 31, 1947.

A roll call being ordered, the Secretary proceeded to call the roll with the following result:

For DENNIS C. HALEY — Messrs. Foley, McDevitt, Norton, Ward, and White—5.

The Chair thereupon declared Dennis C. Haley unanimously re-elected Assistant Superintendent of Public Schools for a period of six years beginning Sept. 1, 1947.

DEATHS

The Superintendent reported the death of the following-named principal:

John Winthrop District—James L. Early, principal, Mar. 31, 1947. Placed on file.

The Boston School Committee is deeply conscious that the untimely death of James L. Early, Principal of the John Winthrop District, is a great loss to the Boston school system and to the many children he served so faithfully and well.

Mr. Early has been a member of the Boston school system for twenty-seven years and a principal for the last eleven years.

During his entire career his work was characterized by a sincere and conscientious appreciation of the responsibilities and duties placed upon him. He gave unsparingly of his time and energy in his chosen field of work and by personal example won the respect and esteem not only of his pupils and teachers but also of his fellow-principals and school officials.

The Boston School Committee extends to his family sincere and heartfelt sympathy.

The Superintendent reported the death of the following-named teacher:

Longfellow District—Mary J. Driscoll, teacher, elementary, Mar. 28, 1947.

Placed on file.

The Superintendent reported the deaths of the following-named teachers who had been retired on pension:

Hugh O'Brien District—Elizabeth F. Pinkham, Dec. 21, 1946.

Department of Industrial Arts—Grace M. Sawyer, Jan. 13, 1947.

Placed on file.

RETIREMENT ON PENSION

A communication was received from the Superintendent, under date of Apr. 1, 1947, reporting that the Boston Retirement Board has notified him, under date of Mar. 31, 1947, that it has rescinded its vote of Mar. 14, 1947, retiring Anna T. Kelley, assistant, in the South Boston High School.

Placed on file.

APPOINTMENTS

The following appointments by the Superintendent certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(BY PROMOTION)

High School of Practical Arts—Alice E. Babson, head of department, women, (from assistant), Apr. 7, 1947.

Dorchester High School for Girls—Symphony Hall, Wednesday afternoon, June 4, 1947.

English High School—Tremont Temple, Thursday evening, June 5, 1947.

Girls' High School—Symphony Hall, Monday afternoon, June 2, 1947.

Jeremiah E. Burke High School for Girls—Symphony Hall, Tuesday afternoon, June 3, 1947.

Roxbury Memorial High School (Girls)—Symphony Hall, Thursday afternoon, June 5, 1947.

DISCONTINUANCE OF SPECIAL CLASSES

A communication was received from the Superintendent, under date of Apr. 1, 1947, reporting that he has discontinued a special class in each of the following-named districts, to take effect on the dates indicated:

Eliot-Hancock District—Apr. 4, 1947.

Emily A. Fifield District—Mar. 7, 1947.

Wendell Phillips District—Mar. 4, 1947.

Placed on file.

INTERMEDIATE SCHOOLS RENAMED JUNIOR HIGH SCHOOLS

On motion of the Superintendent, it was

ORDERED, That all intermediate schools be renamed junior high schools, to take effect Sept. 1, 1947.

ESTABLISHMENT OF RANK OF OPHTHALMOLOGIST

On motion of the Superintendent, it was

ORDERED, That the rank of ophthalmologist, Department of School Hygiene, is hereby established, to take effect Apr. 7, 1947.

APPOINTMENT OF OPHTHALMOLOGIST

A communication was received from the Secretary, under date of Apr. 1, 1947, reporting that the Division of Civil Service has certified James J. Regan as the only candidate eligible for appointment as ophthalmologist in the Department of School Hygiene.

Placed on file.

On motion of the Superintendent, James J. Regan was duly appointed ophthalmologist, Department of School Hygiene, to take effect Apr. 7, 1947.

APPOINTMENTS, BUSINESS MANAGER'S OFFICE

A communication was received from the Business Manager, under date of Apr. 1, 1947, recommending, subject to the approval of the School Committee, and with the approval of the Division of Civil Service, the appointment of Constance Y. Adnoff, as assistant, Group D, in the office of the Business Manager, to take effect Apr. 16, 1947.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the salary of Constance Y. Adnoff, assistant, Group D, in the office of the Business Manager, is hereby established at the rate of twenty-four dollars (\$24) per week, to take effect Apr. 16, 1947.

A communication was received from the Business Manager, under date of Apr. 1, 1947, recommending, subject to the approval of the School Committee, and with the approval of the Division of Civil Service, the appointment of Anna L. McAuley, as assistant, Group D, in the Supply Room, to take effect Apr. 2, 1947.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the salary of Anna L. McAuley, assistant, Group D, in the Supply Room of the School Committee, is hereby

established at the rate of twenty-four dollars (\$24) per week, to take effect Apr. 2, 1947.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Apr. 1, 1947, reporting the death on Mar. 20, 1947, of Daniel J. Gibbons, senior custodian of the M. Gertrude Godvin Schoolhouse, who had been retired under the Veterans' Pension Act.

Placed on file.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Superintendent, under date of Apr. 1, 1947, recommending that leaves of absence on one-half compensation be granted the following-named custodians for the periods specified because of personal illness.

A communication was received from the Schoolhouse Custodian, under date of Apr. 1, 1947, recommending that leave of absence without pay be granted Edward B. McDonnell, junior custodian, for the period Apr. 1 to Sept. 30, 1947, in order that he might take advantage of vocational training given to members of the armed forces.

Placed on file and leave of absence without pay granted for the period specified.

SUSPENSION OF SESSIONS OF ALL DAY SCHOOLS; CLOSING OF ADMINISTRATIVE OFFICES

The following was offered:

ORDERED, That the sessions of all day schools are hereby suspended on Thursday, Apr. 3, 1947.

The regulations were suspended and the order passed.

The following was offered:

ORDERED, That the administrative offices and supply room of the School Committee are hereby closed on Friday, Apr. 4, 1947.

The regulations were suspended and the order passed.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

Apr. 4, 1947.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 5:50 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, Ward, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROPRIATIONS—LAND AND BUILDINGS

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

March 31, 1947

Miss Louise Kane,
Secretary, Boston School Committee,

15 Beacon Street, Boston, Massachusetts

My dear Miss Kane:—

Under date of March 28, 1947, you forwarded to the Board of Commissioners of School Buildings the following proposed appropriation order:—

ORDERED, That in accordance with the provisions of Section 2 of Chapter 224 of the Acts of 1936, the following appropriations are hereby made to meet the estimated cost of "construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations" for the fiscal year 1947:

LAND AND BUILDINGS FOR SCHOOLS

Item 1—Rent of Hired Accommodations \$10,350.00

Item 2—Lewis District, Roxbury:
Grading and preparing land for use in connection with physical education program including military drill, Roxbury Memorial High School (Girls) 18,000.00

Item 3—Bennett District, Brighton:
Construction and furnishing of addition to garage, Brighton High School 350,000.00

Total \$378,350.00

The above sum of \$378,350 appropriated for land and buildings is obtained as follows:

a. From the amount available under the \$50 allowance \$376,507.00
b. From the unexpended balance from 1946 1,843.00

Total \$378,350.00

At a meeting of the Board of Commissioners of School Buildings held this date, it was voted to report favorably on the above appropriation order for Land and Buildings for schools for the fiscal year 1947, all as provided in Chapter 351 of the Acts of 1929.

Respectfully submitted,
(Signed) Robert A. MacLellan,
Chairman, Board of Commissioners of School Buildings.
Placed on file.

The following statement was ordered spread upon the records:

ESTIMATED TOTAL MONEY AVAILABLE FOR LAND AND BUILDINGS—1947

Amount available under the provisions of Section 2 of Chapter 224 of the Acts of 1936, viz., \$50 on each \$1000. of the average valuation. \$729,506.66

Unexpended balances 1946:

a. Rent of Hired Accommodations 1,843.00

Total money available for appropriating purposes \$731,349.66

The following was offered:

ORDERED, That in accordance with the provisions of Section 2 of Chapter 224 of the Acts of 1936, the following appropriations are hereby made to meet the estimated cost of "construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations" for the fiscal year 1947:

LAND AND BUILDINGS FOR SCHOOLS

Item 1—Rent of Hired Accommodations \$10,350.00

Item 2—Lewis District, Roxbury:
Grading and preparing land for use in connection with physical education program including military drill, Roxbury Memorial High School (Girls) 18,000.00

APPROPRIATIONS—ALTERATIONS AND REPAIRS

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

March 24, 1947.

Miss Louise Kane,
Secretary, Boston School Committee,
15 Beacon Street, Boston, Massachusetts.

My dear Miss Kane:—

Under date of March 19, 1947, you forwarded to the Board of Commissioners of School Buildings the following proposed appropriation order:—

ORDERED, That in accordance with the provisions of Section 2, of Chapter 224 of the Acts of 1936, the following appropriations are hereby made to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1947, based on the accompanying detailed estimates:—

a. Administration Expenses, Salaries \$237,160.00
b. Administration Expenses, Office Expenses and other items \$15,450.00
c. Alterations, Furniture and Equipment for special educational needs \$60,000.00
e. General Alterations and Repairs \$944,535.73

Grand Total for Alteration and Repair of School Buildings \$1,257,145.73

The above total of \$1,257,145.73 appropriated for "alteration and repair of school buildings," etc., is obtained as follows:

a. From the amount available under the \$.85 allowance \$1,240,161.32
b. Unexpended balances of 1945 \$225.00
Unexpended balance of 1946 16,759.41 16,984.41
Total \$1,257,145.73

At a meeting of the Board of Commissioners of School Buildings held this date, it was voted to report favorably on the above

appropriation order for Alteration and Repair, all as provided in Chapter 351 of the Acts of 1929.

Respectfully submitted,
(Signed) Robert A. MacLellan,
Chairman, Board of Commissioners of School Buildings.
Placed on file.

The following statement was ordered spread upon the records:

ESTIMATED TOTAL MONEY AVAILABLE FOR ALTERATIONS AND REPAIRS—1947

Amount available under the provisions of Section 2 of Chapter 224 of the Acts of 1936, viz., \$.85 on each \$1000. of the average valuation \$1,240,161.32
Unexpended balances, 1945 \$225.00
Unexpended balance, 1946 16,759.41 16,984.41

Total money available for appropriating purposes \$1,257,145.73

The following was offered:
ORDERED, That in accordance with the provisions of Section 2 of Chapter 224 of the Acts of 1936, the following appropriations are hereby made to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1947, based on the accompanying detailed estimates:

22. 1946 Invoices in dispute	250.73
Total	\$944,535.73

Placed on file.

ANNUAL APPROPRIATION FOR MAINTENANCE, EXCLUSIVE OF "ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES."

The Business Manager submitted, in compliance with the rules, the following communication and appropriation order:

April 4, 1947.

To the School Committee of the City of Boston:

In compliance with the instructions of the Committee and pending the compilation of the budget in book form for the fiscal year 1947 with accompanying detailed estimates for all schools, departments and other activities, I am presenting for your consideration the accompanying appropriation order totaling \$18,639,639.26, which sum includes \$1,600,000.00 for salary increases only, from April 1 to December 31, 1947, in accordance with Chapter 226 of the Acts of 1947.

The said sum of \$18,639,639.26 covers all expenditures for maintenance under the direct control of the School Committee. The School Committee will also make appropriations for the following items and in the sums set forth below. The expenditures under these items will be under the direct control of the Department of School Buildings.

Alterations, Repairs, Furniture and Fixtures—\$1,257,145.73.

Land and Buildings for Schools—\$378,350.00.

In connection with the appropriation order totalling \$18,639,639.26 to cover expenditures under the control of the School Committee, there will be furnished to His Honor the Mayor a copy of the detailed preliminary estimates and a copy of the detailed additions or reductions to such estimates which have been approved by the School Committee. In other words, the preliminary estimates covering expenditures under the control of the School Committee totaled \$16,986,608.04. Since the preparation of these estimates, a net increase of \$1,653,031.22 has been made, making the total of the final appropriations to cover expenditures under the control of the School Committee, \$18,639,639.26.

The total appropriations for 1947 will therefore be \$20,275,134.99 (\$18,639,639.26 plus \$1,257,145.73 plus \$378,350.00 = \$20,275,134.99).

The total credits made up of the unexpended balances at the

end of the year 1946 and the estimated income for the year 1947 will amount to \$1,898,466.67. The amount to be raised by taxation would therefore be \$18,376,668.32, which is the difference between the total appropriations and the total credits (\$20,275,134.99 minus \$1,898,466.67 = \$18,376,668.32).

Respectfully submitted,

(Signed) Henry J. Smith,
Business Manager.

Placed on file.

The following was offered:

ORDERED, That in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 226 of the Acts of 1947, to meet the estimated cost of maintenance of the Boston public schools for the fiscal year 1947, exclusive of "alterations, repairs, furniture and fixtures" for which separate appropriation orders are made, the following amounts are hereby appropriated to cover expenditures under the control of the School Committee and for the purposes indicated below, which amounts include provision for emergency compensation allotments to be continued at the will of the School Committee:

For general school purposes:	
Salaries of administrative officers, clerks, stenographers and other employees	\$ 610,830.67
Salaries of supervisors of attendance	105,820.00
Salaries of principals, teachers, members of the supervising staff and others	13,360,111.22
Salaries of custodians	1,221,806.30
Salaries of school medical aids	33,061.60
Fuel and light, including electric current for power	661,554.67
Supplies, equipment and other items	872,154.38
Pensions to veterans (non-contributory)	77,334.36
Pension to janitress-matron (non-contributory)	432.00
Cafeterias—salaries, supplies and incidentals	752,070.32
Promoting the Americanization and better training for citizenship of foreign-born persons	14,953.80
Vocational guidance	54,537.03
Physical education—day schools and playgrounds	506,430.74
Salaries of school physicians, salaries of school nurses and care of teeth	271,050.00
Extended use of the public schools	97,492.17
Pensions to teachers (non-contributory)	(1)
	\$18,639,639.26

(1) No appropriation from tax levy. These pensions paid from (a) income received from Commonwealth, (b) unexpended balance of last year, (c) accrued interest of Permanent School Pension Fund.

On roll call, the order making appropriations in the sum of \$18,639,639.26 passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Norton, Ward, and White—5.

NAYS—0.

In connection with the foregoing appropriation order, the Business Manager presented the following statement which was ordered spread upon the records:

SUPPLEMENTARY TABULATION SHOWING THE TOTALS OF THE PRELIMINARY ESTIMATES, DATED FEBRUARY 3, 1947, THE ADDITIONS AND REDUCTIONS WHICH HAVE BEEN MADE SINCE THE SUBMISSION OF THE PRELIMINARY ESTIMATES, AND THE TOTALS WHICH AGREE WITH THE TOTALS IN THE FOREGOING APPROPRIATION ORDER FOR THE YEAR 1947.

	Preliminary Estimates	Additions or Reductions	Net Totals
Salaries of Administrative Officers, Clerks, Stenographers and Other Employees	\$567,165.44	+ \$43,665.23	\$ 610,830.67

Fuel and Light, including electric current for power	651,931.27	+ 9,623.40	661,554.67
Supplies, Equipment and Other Items	701,648.00	+ 170,506.38	872,154.38
Pensions to Veterans	77,334.36		77,334.36
Pension to Janitress-Matron	432.00		432.00
Cafeterias—Salaries, Supplies and Incidentals	601,632.80	+ 150,437.52	752,070.32
Promoting the Americanization and better training for citizenship of foreign-born persons	12,410.80	+ 2,543.00	14,953.80
Vocational Guidance	55,319.83	—782.80	54,537.03
Physical Education—Day Schools and Playgrounds	446,753.31	+ 59,677.40	506,430.74
Salaries of School Physicians, Salaries of School Nurses and Care of Teeth	236,364.00	+ 34,686.00	271,050.00
Extended Use of the Public Schools	113,669.17	—16,177.00	97,492.17
Pensions to Teachers	(1)	(1)	(1)
	\$16,986,608.04	\$1,653,031.22	\$18,639,639.26

(1) No appropriation from tax levy. These pensions paid from (a) income received from Commonwealth, (b) unexpended balance of last year, (c) accrued interest of Permanent School Pension Fund.

EMERGENCY EMPLOYMENT IN AFTERNOON KINDERGARTEN

On motion of the Superintendent, it was

ORDERED, That the emergency employment of Mary L. O'Neil, kindergarten teacher, Louisa May Alcott School, Dwight-Everett District, is hereby authorized in the Dillaway School, Dillaway District, March 3 to 28, 1947, in-

clusive, and that she be allowed and paid for this emergency service additional compensation at the rate of two dollars (\$2) per session.

ATTENDANCE AT CONVENTION

On motion of the Superintendent, it was

ORDERED, That Robert C. Schimmel, master, Dorchester

High School for Boys, assigned to the Department of Visual and Radio Education, is hereby authorized to attend the Seventeenth Annual Institute for Radio in Education, to be held in Columbus, Ohio, May 2 to 5, 1947, inclusive, at an expense to the city not to exceed one hundred thirty dollars (\$130).

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

POLICE DEPARTMENT ORDERS.

General Order No. 888.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer, a member of the Boston Retirement System, effective at the close of business, Wednesday, April 30, 1947:

Wherefore, in view of this operation of law, after April 30, 1947, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Edmond J. Farrell, Division 4.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 894.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Friday, May 2, 1947, at 7.45 o'clock a. m.

Sergt. Patrick J. Freeley, Division 14, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

NEW SOURCES OF MUNICIPAL REVENUE.

Philadelphia recently adopted three new city taxes: auctioneers are required to register and pay a tax of \$500 a year, bowling alleys \$20 for each alley, and coin-operated slot machines and other amusement devices \$20 a year each. Portsmouth, Ohio, has levied a license fee of \$25 a year on juke boxes, pin ball machines, and other coin-operated amusement devices. Santa Barbara, California, on February 23 adopted a local retail sales tax of one per cent on the recommendation of a citizens' tax committee. Sacramento, California, has adopted a new business license ordinance which will provide approximately \$110,000 a year revenue. In New York City Mayor La Guardia has proposed an additional one per cent sales tax to finance a three-year program of subway rehabilitation; the present one per cent sales tax raises about \$32,000,000 a year.

—Public Management.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective May 19, 1947:

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PROPOSALS FOR CONSTRUCTION OF A BRICK AND CONCRETE GARAGE, REPAIR PIT AND CONCRETE RAMPS AT THE LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for construction of a brick and concrete garage, repair pit and concrete ramps at the Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Thursday, May 22, 1947, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,000 shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, carpenters, engineers and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract, and also comply fully with the rules and regulations governing the taking down of buildings or other structures as contained in Bulletin No. 49, revised as of January 2, 1944, of the Building Commissioner for the City of Boston.

Specifications may be obtained at the office of the Awarding Authority. A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, May 19, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to sub-bidders.

In the event no subcontractor files a bid covering a sub-trade specified in Item 2 of the proposal form, the general contractor shall include such specified work in Item 1 of his proposal as part of the work to be performed by such general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so

to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939, as amended.

G. FRANK McDONALD,
(May 10.) Commissioner of Institutions.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN THE WILLIAM HOWARD TAFT SCHOOL, CAMBRIDGE AND WARREN STREETS, BRIGHTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in the William Howard Taft School, Cambridge and Warren streets, Brighton, Mass.

Proposals will be received until 12 o'clock noon, Thursday, May 22, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, May 19, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice of sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,
(May 10.) Superintendent of Construction.

TRANSIT DEPARTMENT.

PROPOSAL FOR READY-MIXED CONCRETE AND
MORTAR, RAPID TRANSIT FACILITIES, EAST
BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 15,300 cubic yards, more or less, of ready-mixed concrete and mortar for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Monday, May 12, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, May 21, 1947. A properly certified check for seventy-five hundred (7,500) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interest of the city.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RELAYING HIGH PRESSURE FIRE PIPE ON RICHMOND STREET AND NORTH STREET, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for relaying high pressure fire pipe on Richmond street and North street, City Proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Relaying High Pressure Fire Pipe on Richmond Street and North Street, City Proper," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, May 16, 1947, with a certified check for four hundred dollars (\$400), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(May 10.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PASSENGER AUTOMOBILES AND TRUCKS FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing passenger automobiles and trucks for city departments, on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Automobiles." There will be a charge of twenty-five cents (\$.25) for each set of proposals. The bids will be publicly opened and read Tuesday, May 27, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PAINTING CONTRACTORS.

INVITATION FOR PROPOSALS FOR INTERIOR AND EXTERIOR PAINTING AT THE CHOATE BURNHAM SCHOOL, EAST THIRD STREET, NEAR I STREET, SOUTH BOSTON.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for interior and exterior painting at the Choate Burnham School, East Third street, near I street, South Boston.

Proposals will be received until 12 o'clock noon, Monday, May 19, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,

Superintendent of Construction.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR GRADING AND SANDING OF BATHING BEACHES, BOSTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for grading and sanding of bathing beaches, Boston, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Grading and Sanding of Bathing Beaches, Boston, Mass.," and left before 2 o'clock on Tuesday, May 20, 1947, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

PROPOSALS FOR GRADING, FILLING, AND LOAMING AT GEORGE WRIGHT GOLF COURSE, HYDE PARK, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for grading, filling, and loaming at George Wright Golf Course, Hyde Park, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Grading, Filling, and Loaming at George Wright Golf Course, Hyde Park, Mass.," and left before 2 o'clock on Thursday, May 22, 1947, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, MAY 17, 1947.

No. 20

MAYOR CURLEY PAYS GLOWING TRIBUTE OF LOVE AND AFFECTION TO MOTHERS OF NATION DURING OBSERVANCE OF "MOTHER'S DAY" ON BOSTON COMMON—CALLS DAY ONE OF BOTH JOY AND SORROW BUT A BLESSED INSTITUTION, MEMORABLE AND MEMORIAL ALIKE, IN INSPIRING SENTIMENTS THAT SPEAK UNSELFISH SACRIFICES FOR THE HAPPINESS OF HUMANITY—SAYS DAY SERVES TO REMIND EACH OF DEBT OWED INDIVIDUALLY TO MOTHERS—ALSO POINTS TO LAWS AND OTHER BENEFITS PLACED ON STATUTE BOOKS BY PROGENY GRATEFUL TO MOTHERHOOD IN NATION.

The following is the address of Mayor James M. Curley during the annual observance of "Mother's Day" on Boston Common:

Today America pays its tribute of love and affection to the mothers of the nation.

God's harbinger of the spring, sweet flowers, are worn by all in memory of man's best friend—"Mother." Pure white blossoms for the mothers who have departed this life, with its surcease of joy and sorrow, laughter and tears.

Bright red blossoms for those who still unceasingly and with light or heavy hearts, in the sunshine or shadow, bear their burden until the end.

It is a day of joy and sorrow; joy for those who are blessed with a mother who shares with her children success and failure alike, and sorrow for those with only a blessed memory of a loved one gone to a place where care and sorrow are unknown.

Mother's Day is a blessed institution, memorable and memorial alike. It arouses in us blessed memories and inspiring sentiments that speak unselfish sacrifices for the happiness of humanity. Upon Mother's Day there comes to us a realization of the debt each individual owes to the mother that bore him, the journey into the valley of death cheerfully and uncomplainingly that we might come into being, the long weary hours spent in watchful care ministering to our every want, waiting for the only reward ever enjoyed by mothers, the hour when baby lips might utter the magic word, "Mother."

Seeds of Love.

Then the days of childhood when our troubles, always appearing so momentous, could find but one sympathetic soul to whom they could be unfolded.

Then manhood and womanhood, and the battle of life, replete with failure and heartache and there, ever patient, ever watchful, ever loving, the mother who bore us to comfort us in our afflictions, to cheer us in our sorrows, seeking but one reward—our affection and love.

The seed of love, planted in the heart of man by the founder of Mother's Day, Anna Jarvis, is already bearing fruit in an awakened love, and an added realization of the responsibility of man to not only his own mother but to all mothers.

This is evidenced by laws for the protection of women and children in industry. It is further emphasized by the establishment of health clinics, where childbirth is robbed of its terrors and death is cheated annually of countless victims, whose lives in the past have been sacrificed in the name of economy, in health, administration and industry to greed represented by broad dividends. The dread of a life of debasing and hopeless toil which death alone could relieve, thanks to the Workingmen's Compensation Act, no longer exists.

The severance of family ties because of death of the father of a little flock no longer, thank God, exists in America, thanks to the Mother's Aid Act.

No longer in America need an expectant mother look forward to the prospect which confronted the Mother of God, a cave on the hills of Bethlehem in which to give birth to the Savior of mankind, because of world peace being made possible through our efforts under President Harry S. Truman.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 23 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR CURLEY MEETS WITH DEPARTMENT HEADS ON CITY BUSINESS—BUDGET MATTERS DISCUSSED BY CITY AUDITOR CHARLES J. FOX, AND ALL WERE URGED TO OBSERVE CONDITIONS, AS THEY WILL AFFECT CITY'S BUSINESS UNDER SATURDAY CLOSING PLAN—MATTER OF KEEPING CITY'S STREETS CLEAN ALSO BROUGHT TO ATTENTION OF OFFICIALS BY HEALTH COMMISSIONER, DR. JOHN H. CAULEY.

A meeting of the department heads of the City of Boston was held in the City Council Chamber on May 7 at 12 noon.

City Auditor Charles J. Fox addressed the gathering. He directed attention to the fact that for the first time in 14 years municipal departments are working under a segregated budget, and any changes in the budget must be taken up with him before expenditures, in excess of the amounts allotted, are undertaken by the departments.

The entire group was directed to observe conditions that might exist either in vacant lots or public alleys, and, if they sighted a condition of uncleanness, to report it at once to the Health Department and the Commissioner of Public Works.

Doctor Cauley, Health Department, called attention to the fact that convictions had taken place where the householder had failed to observe the law in the matter of placing waste materials and garbage in proper receptacles, and that a notice had been printed and was now being distributed by the constables and inspectors in his department, calling the attention of all shopkeepers to the necessity for discontinuing the custom of sweeping the accumulation in their establishments and on their sidewalks into the street, and serving notice that a violation would result in court action. He had conferred with Police Commissioner Sullivan and full cooperation was now being extended by all departments in carrying on this work. It was found upon examination, that one of the chief violators was the City of Boston itself, where properties had been taken because of nonpayment of taxes or because of the hazardous conditions of buildings, where the buildings were razed. No provision had been made for preventing them from becoming receptacles for all kinds of waste.

The Chairman of the Boston Real Estate Board stated that he was experiencing difficulty in finding sufficient men to perform the work and he was instructed to communicate with the Public Welfare Department and secure from them all the help that was necessary in order to maintain premises in the control of his department in a proper manner throughout the city.

Departments were instructed to investigate as to ways and means whereby municipal departments might be made more self-sustaining than at present, and the committee of which Mr. Fox is chairman stated that they had a list of recommendations as to charges and fees for services rendered by the city and would supply the same to the various department heads.

Department officials were requested to serve notice on all employees that in conformity with a circular letter granting closing of the City Hall and City Hall Annex on Saturdays, that all employees would be expected to put in full time during the working hours of the week to offset the closing on Saturdays.

The indications are that 1947 will be an extremely busy year in the matter of conventions and the arrangements have been made with the Art Commission for the cleaning and repairing of all bas-reliefs and statues throughout the city.

MAYOR CURLEY SEEKS RE-ESTABLISHMENT OF BOSTON-FLORIDA THROUGH RAIL SERVICE.

The following letter was received by his Honor the Mayor on May 8:

HON. JAMES M. CURLEY,

Mayor of Boston.

MY DEAR MAYOR CURLEY.—I have your letter of May 3 enclosing a suggestion from Thompson-Winchester Company that the Chamber of Commerce prevail upon the New York, New Haven & Hartford Railroad to operate through cars from Boston to Florida.

The Chamber has taken up this matter with officials of the New Haven Railroad, and it is our understanding that the railroad is making a study of what would be involved in re-establishing this service.

All of us here, as well as a great number of our citizens, would, I am sure, welcome such a service, and I hope it may be provided.

Sincerely yours,

CHANNING H. COX, *President.*

HALIFAX CITIZENS THANK MAYOR CURLEY FOR GIFT.

The following letter was received by the Mayor from J. E. Ahern, Mayor of Halifax, Nova Scotia:

DEAR MAYOR CURLEY.—You will have to forgive me for my tardiness in thanking you for that grand crock of good old Boston beans which were quickly disposed of by members of our City Council and many prominent citizens of Halifax, besides visiting Bostonians.

There has long been a great friendship between Boston and Halifax, and your kind action reminded your many old friends in Halifax—and you have many here whose relatives gave you such grand support when you successfully campaigned for Governor of the State of Massachusetts—of your friendship to our city.

I would also like to thank you for the many kindnesses extended to our young horseback riders who took part in Archbishop Cushing's recent horse show. They returned with glowing accounts of your hospitality and I feel that our young good-will ambassadors will long remember their visit to Boston.

Yours sincerely,

J. E. AHERN, *Mayor.*

PRESIDENT CONGRATULATED ON BIRTHDAY BY MAYOR.

The following telegram was on May 7 sent to:

Hon. Harry S. Truman, President of the United States, White House, Washington, D. C.

TOMORROW, ACCORDING TO THE CALENDAR, IS YOUR SIXTY-THIRD BIRTHDAY. THE CITIZENS OF BOSTON UNITEDLY JOIN WITH ME IN EXPRESSING HEARTIEST CONGRATULATIONS.

YOU ARE DOING A SPLENDID JOB UNDER SERIOUS DIFFICULTIES. WE ARE PROUD TO SALUTE YOU ON YOUR ANNIVERSARY, AND TO EXTEND OUR BEST WISHES TO MRS. TRUMAN AND YOUR BELOVED DAUGHTER.

SINCERELY YOURS,

JAMES M. CURLEY,

Mayor of Boston.

MAYOR THANKED BY PRESIDENT FOR BIRTHDAY FELICITATIONS EXTENDED IN NAME OF BOSTON CITIZENS.

THE WHITE HOUSE.

WASHINGTON, May 13, 1947.

MY DEAR MR. MAYOR.—The President has read your kind birthday message with the deepest appreciation. Such friendly expressions from you and the citizens of Boston for whom you speak are most pleasing to him and he wants all of you to know that he is grateful for your thought of him as well as for the good wishes extended to his family.

Very sincerely yours,

WILLIAM D. HASSETT,

Secretary to the President.

MAYOR CURLEY CONGRATULATES MRS. MARGARET J. GOOKIN ON YEARS SPENT IN SERVICE TO CITIZENS.

The following letter was on May 8 sent to:

Mrs. Margaret J. Gookin.

356 Seaver Street,
Dorchester, Mass.

DEAR MRS. GOOKIN.—For practically two scores of years now, you have served as an Overseer of the Public Welfare in the City of Boston. You have rendered a most wonderful and remarkable work. Your only compensation has been the joy and comfort which come to those who unselfishly give their all to help their fellow men, women and children. That, you have done.

As Mayor of Boston I extend to you the warmest congratulations that can come from an understanding and appreciative heart.

When your life's tour of devoted duty has ended, and I pray that it may be long delayed, our merciful God above will call you to take a very high place among the angels of Heaven. You shall carry with you the richest blessings of the countless numbers you have aided in your sweet and charming life.

Yours sincerely,

JAMES M. CURLEY, *Mayor.*

PICTORIAL REVIEW OF WAR DEAD CARE TO BE PRESENTED UNDER AUSPICES OF GRAVES' REGISTRATION BOARD.

Col. George E. Hartman, Commanding Officer of the Schenectady General Depot, U. S. Army, announces that Lieut. Col. Robert D. Blankenhorn, Chief of the Graves' Registration Division, will be present at 1.30 p. m. on Monday afternoon, May 19, 1947, when the motion picture *Decision* is shown to the Mayor, members of the City Council, representatives of various veterans' organizations and the public, in the Boston City Council Chamber.

The showing of this interesting and instructive picture has been arranged by Frank T. Pedonti, Supervisor of Veterans' Graves Registration of the City of Boston.

Decision is a pictorial and explanatory review of the plans and program for the return of the final burial of World War II dead. It is the answer to problems confronting next of kin who are planning for the return of hero dead from foreign countries.

Colonel Blankenhorn is Chief of the American Graves' Registration Division at the Schenectady Army Depot, which has been designated as one of the 15 distribution centers for this program, covering the states of New York (north of Newburgh), Vermont, New Hampshire, Maine, Massachusetts, and Rhode Island. He came to the Schenectady Depot from the Quartermaster Depot in Boston, where he was Executive Officer. The colonel was born in Dover, Ohio, January 18, 1911, and is a graduate of the Dover High School. He began his Army career as an enlisted man in 1931 and has been in the Army continuously since that date, rising through all military ranks until called for active duty and commissioned a 2d lieutenant in the Quartermaster Corp on January 1, 1941. He was stationed in Honolulu during the Japanese attack on Pearl Harbor.

Colonel Blankenhorn attended the Philadelphia Quartermaster School in 1936-37. He was assigned to the Pacific as a technical sergeant in 1938, and returned to the United States as a lieutenant colonel in 1944. During most of this period he was stationed in the Hawaiian Islands. He was quartermaster for the invasion of Saipan in 1944. Returning to the United States he attended the Command and General Staff School at Fort Leavenworth. In addition to his other service citations, Colonel Blankenhorn wears the Army Commendation Ribbon with two clusters.

CITY BONDS AWARDED.

Mayor Curley on May 8 approved an award by City Treasurer Henry F. Brennan of \$11,090,000 City of Boston bonds to a syndicate of 24 investment houses, headed by Halsey, Stuart & Co., Inc., of New York. The bonds were divided into two groups.

Group 1, amounting to \$9,250,000, was awarded on a bid averaging 1.617 per cent. Items are as follows:

Temporary Housing for Veterans, \$250,000, at 1½ per cent; Departmental Equipment, \$1,000,000, at 1½ per cent; Permanent Housing for Veterans, \$5,000,000, at 1½ per cent; City of Boston Parking Facilities, \$2,000,000, at 1½ per cent; Sewerage Loan, \$1,000,000, at 1½ per cent.

Group 2, amounting to \$1,840,000, was awarded on a bid averaging 2.306 per cent. Items are as follows:

East Boston Rapid Transit Extension, \$1,700,000, at 2¼ per cent; East Boston Tunnel Alterations, \$140,000, at 3 per cent.

Other bids were offered by syndicates headed by J. P. Morgan and Company, The First Boston Corporation, and the National City Bank of New York, representing about 60 of the highest investment houses in the country.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel for the week ending April 16:

Terminations.—Everett B. Anderson, helper, serving room, provisional; Floyd J. Cole, attendant, provisional; Charles D. Gould, attendant, provisional; Stanley K. Healey, porter, provisional; Edward F. Leonard, porter, provisional; Charles G. McCarthy, helper, laundry; Edith B. McCleave, matron; Thomas Murray, helper, stable, provisional.

COUNTY OF SUFFOLK.

John J. Donovan, custodian, from \$2,500 to \$2,600 a year.

George W. Cameron, assistant custodian, from \$2,200 to \$2,300 a year.

Robert R. Stewart, assistant custodian, from \$2,000 to \$2,100 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment

for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

INSTITUTIONS DEPARTMENT.

Authority has been given to permit the Institutions Department to grant overtime pay of one day, amounting to \$9.32, to Rufus J. Clark, motor vessel "James Michael Curley" account, and overtime pay of one day amounting to \$6.30 to Gerard J. Casey, steamer "Stephen O'Meara" account.

VETERANS' RETIREMENT.

The Mayor has approved the following applications for Veterans' Retirement:

Edith Phebe Smith, 11 Walnut street, Boston, public health nurse in the Nursing Service of the Health Department.

William Edward Daley, 15 Belden street, Dorchester, hoseman, Engine Company 48, of the Fire Department.

Edward J. McGillicuddy, 5 Vassar street, Dorchester, patrolman in the Eleventh Division of the Police Department.

Edmund J. Richard, 56 Brookside avenue, Jamaica Plain, lineman in the Police Signal Service of the Police Department.

Oliver W. Holmes, 252 Adams street, Dorchester, lineman in the Signal Police Service of the Police Department.

Hugh Arthur Stevenson, 1307 Commonwealth avenue, Allston, senior custodian in the Andrew Jackson School.

James Gaynor, 137 Williams street, Jamaica Plain, bookbinder in the School Department.

George Franklin (also called George Froomkin), 20 Cottage avenue, West Roxbury, ambulance driver, Hospital Department.

Giuseppe DiCamillo, 95 Providence street, Hyde Park, laborer, Highway Division, Public Works Department.

Henry L. Birmingham, 42 East Newton street, Boston, laborer, Highway Division, Public Works Department.

Mary M. Cavanaugh (nee Mary M. Donohoe), 197 Hamilton street, Dorchester, public health nurse in the Nursing Service of the Health Department.

Walter Bishop Nolan, 19 Taft street, Dorchester, furnace tender in the Public Buildings Department.

George F. Smith, 322 Fuller street, Dorchester, teamster-chauffeur, Sanitary Division, Public Works Department.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon April 23 the Mayor approved contracts with low bidders as indicated in the following letter:

Boston, April 11, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On April 8, 1947, proposals for furnishing gas lamp equipment to the Public Works Department were publicly opened and read in this office. Following is a tabulation of the bids received.

Items 1 and 2 have been rejected as the Public Works Department are preparing new specifications for these two items on

the basis of plastic material which would reduce the cost considerably.

It is requested that I be granted authority to award contracts on Items 3 and 4 to the low bidders as per specifications and an order to the low bidder on Item 5.

The total amounts of the contracts will be: Roland Teiner Company \$7,500; American Service Company, \$5,040.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Item 1. 4,000 Gas Lamp Globes, No. 47.—Bid rejected.

Item 2. 1,000 Gas Lamp Domes, No. 30.—Bid rejected.

Item 3. 2,500 Metal Domes, No. 20G Steel Aluminum.—Eagle Electric Supply Company, \$6.95 each; Roland Teiner Company, \$3 each*; Welsbach Street Light Company of America, \$2.25 each, 14G aluminum.

Item 4. 36,000 Mantles, No. 844.—American Service Company, 14 cents each*; Welsbach Street Light Company of America, 18.5 cents each.

Item 5. 600 Ventilators, No. 36, 18G Spun Aluminum.—Eagle Electric Supply Company, \$5.60 each; Roland Teiner Company, \$2.75 each; Welsbach Street Light Company of America, \$1.95 each*.

Cash Discount, Ten Days.—American Service Company, 2 per cent; Eagle Electric Supply Company, 2 per cent; Roland Teiner Company, $\frac{1}{2}$ per cent; Welsbach Street Light Company of America, net.

*Contract awarded.

Upon April 29 the Mayor approved a contract with the E. L. LeBaron Foundry Company for furnishing and delivering iron castings, Class E, to the Water Service of the Public Works Department. The approximate amount of the contract was \$2,916.

Bids, opened April 15, were as follows: 180,000 Pounds D Castings.—E. L. LeBaron Foundry Company, 7.6 cents per pound,* approximate total, \$13,680; Mechanics Iron Foundry, 8.75 cents per pound, approximate total, \$15,750.

*Contract awarded.

TRANSIT DEPARTMENT.

Upon April 16 the Mayor approved a contract with the Bethlehem Steel Company for steel reinforcing bars, Rapid Transit Facilities, East Boston district. Bids, opened April 10, were as follows: Truscon Steel Company, \$108,590, discount, one-half of 1 per cent, net total, \$108,047.05; Bethlehem Steel Company, \$47,210.

AMENDMENTS TO AND REALLOCATIONS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of heads of departments for reallocations or amendments to budget appropriations as follows:

COURT HOUSE COMMISSION.

Boston, April 16, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Court House Commission requests the following reallocation to meet a deficit in B-5:

From B-39 to B-5, \$250.

This reallocation is necessary because of the fact that only \$100 was allowed

under B-5 for moving, and we have two movings for the Registry of Deeds, totaling \$350. These movings were not anticipated, but were requested after submission of our budget.

Respectfully yours,

ARNO I. DREW, Chairman.

DEPARTMENT OF VETERANS' SERVICES.

Boston, April 10, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Department of Veterans' Services by transferring the sum of \$750 from Item B-37, Photographic and Blueprinting, to Item B-8, Light, Heat and Power.

This increase in Item B-8, for which only \$96 was requested, is necessary due to the fact that the electric light bills for the Buddies Club on Boston Common, which houses two divisions of this department, are averaging \$70 a month.

Very truly yours,

DAVID J. BRICKLEY, Director.

Boston, April 15, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to make a correction in the budget of the Department of Veterans' Services insofar as Appendix A of Document 38 of 1947 is concerned.

Through a misunderstanding, the position of Chief Clerk, 1 at \$2,800, was included in the Soldiers' Relief Division, whereas it should have been placed in the Disbursement Division.

The Chief Clerk, Joseph F. Daly, now in military service, was always a member of and in charge of the Finance Division (now known as the Disbursement Division) and performed the various duties of that position.

Very truly yours,

DAVID J. BRICKLEY, Director.

INSTITUTIONS DEPARTMENT.

Boston, April 15, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Departmental Equipment Loan.

From Central Office, Motor Vehicle Equipment, \$16.87, to Central Office, Office Equipment, \$16.87.

Transfer required on account of increase in cost of typewriter.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

Boston, April 15, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is respectfully requested to transfer funds as follows:

Departmental Equipment Loan.

From Long Island Hospital, Motorless Vehicle Equipment, \$1,500; Medical, Surgical, Laboratory Equipment, \$600, to Long Island Hospital, Electrical Equipment, \$2,100.

The organ in the chapel at Long Island is completely worn out. According to an expert it is at least 90 years of age, and

the cost of rebuilding it would necessitate an expenditure greatly in excess of the price of a modern electric organ.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, March 25, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval is respectfully requested for the reallocation of the sum of \$928.13 from the allowance for the Library from the General Repairs Item (B-39) to the Rent, Taxes and Water Item (B-10). The additional amount needed in Item B-10 is in connection with the necessity of renting additional space at the New England Deposit Library.

As originally written for 1947 the contract with the New England Deposit Library did not cover sufficient space to meet the existing needs of the Boston Public Library for such storage space, but there was unfortunately no further space available at the New England Deposit Library. Since the contract was written in January a small amount of space has been relinquished by another of the "Participating Institutions." This is the last space which will become available at the Deposit Library, inasmuch as all space on all floors will now be rented and used for book storage.

The additional amount of space being contracted for is in connection with the necessity of moving additional items into storage space in the New England Deposit Library from the Central Library for the period beginning April 1, 1947. The items to be temporarily stored at the New England Deposit Library represent an additional number of books and other library materials which are infrequently consulted at the Central Library and which are therefore being moved to the New England Deposit Library in order that certain reallocations of departmental space may be accomplished in the Central Library building for the purpose of improving library service to the public.

On March 18, 1947, your Honor gave approval to our request for making an addition to the contract entered into on January 23, 1947, with the New England Deposit Library for the rental in 1947 of space therein for books and other library material belonging to the Boston Public Library.

Your approval is now therefore respectfully requested for the transfer of \$928.13 from Item B-39 to Item B-10, in order that sufficient funds may be available to make the necessary addition to the contract covering the Library's rental of space with the New England Deposit Library during the current year.

Respectfully,

MILTON E. LORD, *Director.*

PRINTING DEPARTMENT.

BOSTON, April 23, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval is respectfully requested to amend our current budget as follows:

Twelve monotype keyboard operators at \$57 a week to thirteen monotype keyboard operators at \$57 a week.

This amendment is to provide for the appointment of a monotype keyboard operator, female, from a standing list now available at the Department of Civil

Service, to fill a vacancy caused by the retirement of Alice H. Sullivan on November 30, 1946.

Respectfully submitted,

JOHN J. TWOMEY, *Superintendent.*

PUBLIC WORKS DEPARTMENT.

BOSTON, April 7, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following amendment in the budget of the Summer Traffic Tunnel:

From A-1, Permanent Employees, \$885, to F-7, Pensions, \$885.

This amendment is requested to provide money in budget Item F-7 for the payment of pension to Rufus W. Scott who retired on January 21, 1947, at half pay, under the Veterans' Retirement Act.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

WEIGHTS AND MEASURES DEPARTMENT.

BOSTON, April 7, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—I respectfully request your Honor's approval to amend the budget of this department because of the retirement of Deputy Sealer Francis A. Trayers.

His retirement becomes effective on April 9, 1947, at one half of his current salary of \$2,900 per year. For the balance of the year the sum of \$1,054.04 will have to be provided in the F-7 item in the budget of this department. This addition to this item was not anticipated when the budget for 1947 was submitted.

I respectfully request that the sum of \$1,054.04 be transferred from A-1 to the F-7, Pension item, in the budget of this department to provide the necessary funds for this retirement.

Respectfully yours,

JOHN F. MCCARTHY, *Sealer.*

POLICE DEPARTMENT ORDERS.

General Order No. 896.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective as of Wednesday, May 7, 1947, at 7.45 o'clock a. m.

Capt. Frank McNabb, Traffic Division, 31 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 35.

EXAMINATION FOR PROMOTION TO LIEUTENANT.

Notice has been received from the Division of Civil Service that an examination for promotion to the grade of lieutenant in this department will be held on June 27, 1947.

The examination is open to permanent firemen in the Boston Fire Department who have been employed in this grade, after certification, for at least one year prior to the date of examination.

Subjects and Weights: Seniority, 1; practical questions, 4; total, 5. Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Application blanks may be obtained from the office of the Fire Commissioner, Fire Headquarters. When completed, applications should be sent to the Division of Civil Service, Room 148, State House, Boston. Applications must be placed on file not later than Friday, June 6, 1947, at 5 p. m.

Applicants who are absent on military duty may be allowed to take this examination provided that they make a request at the time of filing application and that the necessary arrangements for the proper conduct of the examination can be made. Under the provisions of chapter 708 of the Acts of 1941, as amended, persons unable to compete in a competitive promotional examination because of absence in military or naval service may be given a qualifying promotional examination if request, in writing, is made within six months after the termination of such service.

Applicants will be notified of the time and place of examination.

Posters concerning this examination are being issued to the department today and are to be posted in all fire stations not later than Thursday, May 8, 1947.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOULIER,
Chief of Department.

General Order No. 36.

I. RETIREMENTS.

The following retirements, which will become effective at 8 a. m., Wednesday, May 14, 1947, are hereby announced:

Engineer William J. Wiegand, High Pressure Service.

Ladderman Edward T. Lucas, Ladder Company 17.

Engineer Wiegand was appointed to the department October 27, 1905, and Ladderman Lucas was appointed May 3, 1909. Both of these men leave the department with the best wishes of their associates.

II. RESIGNATION.

The following resignation, which became effective at 8 a. m., Friday, May 9, 1947, is hereby announced:

Provisional Fireman John P. Edgerly, Engine Company 48.

III. TRANSFERS.

The following transfers will become effective at 8 a. m., Wednesday, May 14, 1947:

Ladderman Donald C. Marr, from Ladder Company 14 to Engine Company 41.

Ladderman Charles F. Glidden, from Ladder Company 33 to Engine Company 12.

Hoseman John Trischitta, from Engine Company 34 to Engine Company 29.

Hoseman Louis Ferrari, from Engine Company 26 to Tower Company 2.

Hoseman Cornelius W. Johnson, from Engine Company 12 to Ladder Company 33.

Ladderman John T. Kiley, from Ladder Company 3 to Fire Prevention.

Ladderman Maurice F. Foley, from Ladder Company 22 to Fire Prevention.

Hoseman Charles J. Heirly, from Engine Company 18 to Fire Prevention.

Hoseman Albert F. Kelly, from Engine Company 46 to Fire Prevention.

Hoseman Charles H. O'Brien, from Engine Company 24 to Fire Prevention.

Ladderman Joseph A. Hurley, from Ladder Company 24 to Fire Prevention.

Hoseman Thomas J. Banks, from Engine Company 29 to Fire Prevention.

Ladderman Joseph J. Cushman, from Ladder Company 7 to Fire Prevention.

Hoseman Lawrence J. Sweeney, from Tower Company 2 to Fire Prevention.

Hoseman Edward J. Fogarty, from Engine Company 16 to Fire Prevention.

P. F. Albion E. Burke, from Engine Company 41 to Ladder Company 14.

IV. CHANGE IN A. D. T. SIGNAL.

The following designation should be added to the location given for A. D. T. Signal 176 on page 7 of the running card: Buildings No. 1 and No. 2.

V. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to running cards of the A. D. T. Company in this department:

Signal 714. Able Rug Cleansers, Inc., 20-30 Franklin street and 1 and 3 Braintree street, Brighton. (Sprinkler.) Apparatus to respond: Engine 41, Ladder 14, District Chief 11. Nearest Box is 5231.

Signal 715, Libbie Printing Company, 465 Cambridge street, Allston. (Sprinkler.) Apparatus to respond: Engine 41, Ladder 14, District Chief 11. Nearest box is 5232.

Signal 716, National Laundry Company, 1202-1210 Dorchester avenue, Boston. (Sprinkler.) Apparatus to respond: Engine 17, Ladder 7, District Chief 10. Nearest box is 3239.

Signal 717, Grant Gear Works, 154-158 West Second street, South Boston. (Sprinkler.) Apparatus to respond: Engine 15, Ladder 5, District Chief 6. Nearest box is 7151.

VI. APPRECIATION.

The Fire Commissioner is pleased to acknowledge receipt of the following letter from Reverend Wolcott Cutler, St. John's Church, Charlestown, which is hereby published for the information of the department:

"DEAR MR. CODMAN,—On behalf of the vestry of this church, and for myself, I want to express to you our hearty appreciation for the great efficiency and the wonderful care displayed by the firemen in extinguishing a serious and extensive roof fire in St. John's Church on April 30.

We all admired the speed with which a very stubborn fire was brought under control,—practically without damage to a window or any furnishing in our church.

With thanks and best wishes to all in your department.

Sincerely yours,

WOLCOTT CUTLER."

VII. HIGH COMMENDATION.

At 10.01 p. m., April 30, 1947, the department responded on a still alarm to Fort Point Channel, opposite the U. S. Post Office Building, where an automobile with four passengers had plunged into the water.

Upon arrival of the apparatus Lieutenant John J. Breen of Engine Company 26 and Ladderman Edward C.

Donovan of Ladder Company 18 dove into the water in an attempt to locate the submerged automobile in which at least one person was trapped. After several attempts to reach the car, they were ordered from the water by Deputy Chief Patrick E. Collins, who, because of the depth of the water and its temperature, decided that additional efforts to rescue the victim were futile.

Ladderman Donovan also assisted in the rescue of a woman passenger who was floundering in the water.

Inasmuch as Lieutenant Breen and Ladderman Donovan displayed considerable courage and took great risk in entering the cold water fully clothed in an attempt to rescue the victims of the accident, the Fire Commissioner is pleased to commend them highly and their cases are referred to the Board of Merit for further consideration.

VIII. COMMENDATIONS.

The following-named officers and member are hereby commended for responding to and working at fire, Box 4135, three alarms, on April 30, 1947, while off duty.

Lieutenant James F. Orpin, Engine Company 36.

Lieutenant Kenneth C. Arnold, Rescue Company 3.

Ladderman Gerald A. Fleming, Ladder Company 3.

Lieut. John J. McCarthy of Ladder Company 13 is hereby commended for responding to and working at fire, Box 1571, three alarms, on May 8, 1947, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 37.

ANNUAL COMMUNION SUNDAY.

The fourth annual Communion Sunday for Catholic members of the Boston Fire and Protective Departments will be held in the Cathedral of the Holy Cross at 9 a. m., May 18, 1947.

The celebrant of the Mass will be department chaplain, Rev. Henry J. O'Connell, and the sermon will be given by Rev. William B. Foley, Administrator of the Cathedral.

The guest speaker for the breakfast will be the retired assistant chief commander of the New York Fire Department, John J. McCarthy. The toastmaster will be former Fire Commissioner Theodore A. Glynn.

Members of the department who are to participate will report to District Chief John J. Crehan and Lieutenant-Drillmaster Augustus J. Beaupre at the quarters of Engine Company 3, Harrison avenue and Wareham street, at 8.30 a. m., May 18, 1947. They will form there and march to the Cathedral in time for 9 o'clock Mass.

Upon completion of the Mass, members will form again outside the Cathedral and march from there to the Cathedral High School Hall where the annual Communion Breakfast will be held.

Regulation uniform with sack coat and white gloves will be worn on this occasion. Members without uniforms may wear the department cap with civilian suit and no gloves.

Any member planning to attend the Mass will be excused from duty when relieved by his partner.

Members of the Communion Sunday committee will meet at the quarters of Engine Company 3 at 8.30 a. m., May 18.

Members who desire to participate in the annual Communion Sunday exercises are privileged to exchange time.

This ceremony has become an established annual rite for the Catholic members of the department. For new members of the department, inducted during the past year, it will be a unique opportunity to meet their spiritual leaders and to make new contacts and friendships in the department during the breakfast. It is hoped that all men off duty will make special effort to attend the Mass and breakfast. It is particularly requested that members possessing uniforms should wear same, although the lack of a uniform should not act as a deterrent for participation in the exercises. An especially fine program has been arranged for those attending.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE:—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT FIELD AGENT, STATE RECLAMATION BOARD, DEPARTMENT OF AGRICULTURE, JUNE 7, 1947.

Last date for filing applications, Monday, May 19, 1947, at 5 p. m.

Salary: \$7.70 a day. (Approximately 250 days a year of intermittent employment.)

Vacancies: At present there is one vacancy for a male, to be filled on a permanent intermittent basis.

Duties: To visit communities affected, for the purpose of securing data for the control of mosquitoes; to assist in the preparation of plans for mosquito control projects; to lay out the work for ten to twelve crews of men engaged in clearing or otherwise controlling mosquito control ditches on marsh lands, assign work according to the ability of each man, and give instructions relating to the work; to check and evaluate the work done by each crew; to see that the pay rolls for the different crews are kept in proper balance against the funds available for the work; and to perform related work as required.

Familiarity with the mosquito control law, as well as a knowledge of breeds of mosquitoes and other insects that breed in low, marshy areas, and some knowledge of practical engineering as it applies to drainage, is necessary.

The work is of a laborious nature and requires initiative and leadership in handling men.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Donohue, Jr., Ward 21; Benjamin Freedman, Ward 21; George M. Jackson, Ward 21; Henry E. Levin, Ward 21; Andrew J. Condon, Ward 22; William McNeice, Ward 22; Henry P. O'Connell, Ward 22; Alfred J. Welch, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: Weighers of Goods for term ending April 30, 1948: Reed Freeman, 9 Reservoir street, Hyde Park, Mass.; James Keane, 1 O'Reilly way, Charlestown, Mass.

Weighers of Coal for term ending April 30, 1948: Ida Zaks, 16 Nevada street, Winthrop, Mass.; Simon Canty, 6 Cook Street court, Charlestown, Mass.

Weigher of Beef for term ending April 30, 1948: William F. Callahan, 5 Waverly place, Brighton, Mass.

Constable for term ending April 30, 1948, authorized to serve civil process upon filing of bond: I. Joseph Mirkin, 33 Outlook road, Mattapan, Mass.

Severally referred to the Committee on Constables and Confirmations.

WHITBY AND EMROSE TERRACES, WARD 13.

The following was received:

City of Boston.

Office of the Mayor, May 5, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of April 28, 1947, concerning the construction as a public highway of Whitby and Emrose terraces, Ward 13.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department,
May 2, 1947.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Mr. Connors,—I return herewith order from the City Council, passed at its meeting of April 28, requesting the Commissioner of Public Works to construct as public highways, Whitby terrace and Emrose terrace, in Ward 13.

As neither of these streets is public, it would be necessary for the Board of Street Commissioners to accept them and order construction.

I assure you that if appropriate action is taken by that Board, this department will be pleased to proceed with constructing both of these ways.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

PLAYGROUND IMPROVEMENTS, WARD 13.

The following was received:

City of Boston,

Office of the Mayor, April 29, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of April 21, 1947, concerning the making of repairs and improvements to the playgrounds in Ward 13.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, April 25, 1947.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 23, with enclosure, order from the City Council for the necessary repairs and improvements to the playgrounds in Ward 13.

Please be assured this will get every attention just as soon as we can get to it. The men at the present time are trying to fix up all playgrounds in the city.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

TRAFFIC SIGNALS AT LA GRANGE AND CENTRE STREETS.

The following was received:

City of Boston,

Office of the Mayor, April 30, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of April 21, 1947, concerning the

installation of traffic signal lights at the intersection of La Grange street and Centre street, West Roxbury, Mass.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, April 25, 1947.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—This is in reply to the following Council order dated April 21, 1947:

"Ordered, That his Honor the Mayor direct the Traffic Commission to immediately arrange for the installation of traffic signal lights at the intersection of La Grange street and Centre street, West Roxbury."

At the present time this department finds itself in the position that it has neither funds nor availability of the necessary equipment to complete the many projects already planned.

It has been the policy of this department after considerable study to take care of those traffic situations which have been for the longest time a constant source of trouble to the general traffic problem in the City of Boston.

We feel that while there may be merit in the particular request submitted that we are unable to do anything at this time until we are able to take care of the more pressing needs of the traffic situation.

Very truly yours,

LEO F. CURLEY, Commissioner.

Placed on file.

RENAMING OF JUNCTIONS.

The following was received:

City of Boston,

Office of the Mayor, May 2, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Board of Street Commissioners relative to your order of February 24, 1947, requesting the consideration of naming the junction of Charter and Henchman streets after Isadore J. Accardi; and the junction of Foster and Commercial streets after Carmine A. Dantone, both soldiers killed in World War II.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Street Laying-Out Department,
April 29, 1947.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—In accordance with your request of February 28, 1947, together with order of City Council passed February 24, 1947, a meeting was held by the Committee Memorializing Veterans on Monday, April 28, 1947, at which it was voted unanimously to name the following junctions in honor of the following veterans of World War II:

Junction of Charter and Henchman streets to be known in the future as Isadore J. Accardi square. Junction of Foster and Commercial streets to be known in the future as Carmine A. Dantone square.

Very truly yours,

L. W. COSTELLO, Secretary

Placed on file.

RENOVATION OF FIELD HOUSE, CHARLES RIVER BASIN, ETC.

The following was received:

City of Boston,

Office of the Mayor, April 29, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of April 21, 1947, concerning the renovation of the Field House, Charles River Basin, etc.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, April 25, 1947.

Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 23, with inclosure, order from the City Council requesting the Park Commissioner to proceed immediately with the renovation of the Field House, Charles River Basin, etc.

Please be informed that a contract has been awarded to an architect, Michael Dyer, to tear down this house (an old one) and build a new one on a little different site nearer the ball field—borings are now being taken and I think work will be started in the near future.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of J. E. Henry (referred April 28) as weigher of goods—that same be confirmed.

Report on appointment of Thomas A. Curley (referred April 28) as weigher of goods—that same be confirmed.

Report on appointment of William E. Roberts (referred April 28) as weigher of goods—that same be confirmed.

Report on appointment of Miss Frances Jacobs (referred April 28) as weigher of coal—that same be confirmed.

Report on appointment of Howard W. Colby (referred April 28) as weigher of coal—that same be confirmed.

Report on appointment of Samuel Bloch (referred April 28) as weigher of coal—that same be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councilors Bryan and Coffey. Whole number of ballots cast 13, yeas 13, nays 0, and the appointments were confirmed.

PERMITS FOR TRANSPORTATION OF GARBAGE, ETC.

Coun. SULLIVAN—Mr. President, I move that No. 1 be taken from the table.

No. 1 on the Calendar was as follows:

1. Order for granting of unlimited number of permits for transportation of garbage and other refuse.

Chairman HURLEY—Councilor Sullivan calls for No. 1 on the Calendar. The question comes on the passage of the order.

Coun. SULLIVAN—Mr. President, last week we had this order before us in the Executive Committee and went into it at great length relative to the Public Works Commissioner setting a special number of this type of permits which could be granted under an ordinance which we passed here last December. Each member of the Body today received two letters from the Public Works Commissioner, and in reading the letters and also what he told us last Monday, it was the greatest piece of double talk I have ever heard. Just this past week the people on Beacon Hill were successful in having his mind changed through his Honor the Mayor, and I hope that this Body will be successful in having his mind changed again relative to the number of permits that are going to be granted. This ordinance on which he has set a limit was brought to us or sent to us by his Honor the Mayor at the Public Works Commissioner's request last December, and in quoting from the letter which he sent today, which was a copy of the letter which he sent to the Mayor last December 12, on page 2 he said: "It is evident from the large number of new requests for such permits which have been and are still being received by this department, in addition to applications for renewal of outstanding permits, that competition along this line has increased considerably, and I believe that the time has come when greater control should be exercised over this phase of rubbish removal. It is the intention of this department to set up a system of inspection to follow up this work by seeing that the transportation of rubbish does not cause litter to be strewn in the streets, and in that way we shall be able to eliminate many of the complaints received regarding dirty streets. The present fee is \$5 per year for each vehicle, and if this fee were raised to \$25, not only would there be additional income for the city, but we would be in a position to establish the follow-up system I have mentioned, the expense of which would be paid for by the increase in fee." That is the one reason that we passed that ordinance, to bring additional revenue into the city, and last week upon questioning the Public Works head, he was asked how many men supervised this type of work, and he told us one. On further questioning, he informed us that that man received \$1,800 a year. In this letter, in the second letter he has sent, he tells us the man receives \$2,600 a year and not \$1,800. In the change of the ordinance, gentlemen, that we passed last December, we were led to believe in voting for that, that the city would derive some additional revenue, but instead of that it is costing the city \$1,600 this year over last

year. He further made the statement that the contractors in their respective districts had a monopoly in their districts. I believe we should give the contractors an opportunity to appear before us and either deny or confirm such a statement.

If these contractors have a monopoly, the contracts with those contractors should be declared null and void. For him to make such a statement and he being a respected department head, he should immediately cancel all these contracts, because several of the contractors have called me and told me he was lying when he made such a statement. I am going to ask that this order be referred back to the Executive Committee so that during the week another meeting can be held, and to ask the Commissioner of Public Works to be present before the committee with a list of those who have obtained these permits, and also a copy of the pay rolls of the contractors for the first three months of this year and the first three months of the year 1946, and also that some one from the Law Department will be present who will inform us whether he has a right as a department head, to set a limit on an ordinance which we passed which had no limit upon it when we passed it. I move now, Mr. President, that this order be referred to the Executive Committee.

The order was referred to the Executive Committee.

ACCEPTANCE OF CHAPTER 299.

Coun. KEENAN offered the following:

Ordered, That chapter 299 of the Acts of 1947, entitled "An Act further regulating the retirement of school teachers of the city of Boston," be, and hereby is, accepted.

Passed under suspension of the rules.

OPPOSITION TO SALES TAX.

Coun. KEENAN offered the following:

Resolved, That the City Council of the City of Boston, in meeting assembled, hereby opposes the imposition of a sales tax, for the fundamental reason that such a tax places upon those least able to pay an unfair, back-breaking burden at a time when inflationary prices on necessities of life are at their highest peak; and be it further

Resolved, That before a sales tax be imposed upon the people the question of its acceptance be placed upon the ballot so that those who will bear its burden may have opportunity to express approval or disapproval of its passage.

The resolution was referred to the Committee on Rules.

Coun. KEENAN—May I ask that the meeting be held this week and that some action be taken?

Chairman HURLEY—Yes, you can, councilor.

REPORT OF COMMITTEE ON APPROPRIATIONS.

Coun. FISH, for the Committee on Appropriations, submitted the following:

Report on message of Mayor and order for appropriation of \$30,000 (referred April 28) for Boston Housing Authority—recommending reference to the Executive Committee.

Report on message of Mayor and order (referred April 28) for supplementary budget of \$909,500—recommending reference to the Executive Committee.

Report on message of Mayor and order (referred April 28) appropriating \$75,000 for purchase of Eastern Avenue Wharf—recommending reference to the Executive Committee.

Coun. FISH—Mr. President, I recommend the appropriation orders before the Appropriations Committee be referred to the Executive Committee.

Chairman HURLEY—Councilor Fish moves the orders coming before the Body be referred to the Executive Committee today. Councilor Fish, are these orders in your committee now?

Coun. FISH—They are presently in the Appropriations Committee and the committee is pretty nearly unanimous in making reference to the Executive Committee.

Chairman HURLEY—The question is on taking from the Appropriations Committee and referring to Executive. All those in favor, say "aye," those opposed, "no," the matters are referred to the Executive Committee.

RESCISSION OF LOAN FOR OFF STREET PARKING.

Coun. MUCHNICK—Mr. President, I move that No. 2 be taken from the Calendar and acted on. Chairman HURLEY—Councilor Muchnick makes a motion that the Body act on No. 2 on the Calendar. The question now comes on giving the order its first reading, and the Clerk will call the roll.

No. 2 on the Calendar was as follows:

2. Order to rescind loan order effective October 18, 1946, for loan of \$5,000,000 for off-street parking facilities.

The order was rejected, yeas 13, nays 2 (a two-thirds vote being necessary).

Yeas—Councilors Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Kinsella, Linehan, Madden, McCormack, Moriarty, Muchnick—13.

Nays—Councilors Chase, Keenan—2.

Present—Councilor Sullivan.

Chairman HURLEY—Thirteen in the affirmative and two in the negative, and the order is rejected.

Coun. MUCHNICK—I move reconsideration and ask that you ring the bell.

Chairman HURLEY—Councilor Muchnick moves reconsideration and asks the Chair to ring the bell. The question is on reconsideration.

Coun. CHASE—Mr. President, will you be good enough to have the Clerk read this order?

Chairman HURLEY—The Clerk will read the order.

(The order was read.)

Coun. CHASE—Mr. President, is there a message from the Mayor's office?

Chairman HURLEY—There was a message from the Mayor's office, and the Clerk will read the message.

(The message was read.)

Chairman HURLEY—The question is on reconsideration. Councilor Cook.

Coun. COOK—Mr. President, I would like to confine my remarks to the councilors who voted against this order. It seems to me the ones who did were against the original order in its entirety, and they had their reasons for it. However, I would like to point out to them that at present there are two \$5,000,000 loan orders that have been approved by the Council, one by failure to act and one by affirmative action, and, therefore, it is possible, with some of the legal rulings we have been getting, that the Mayor may be allowed to borrow \$10,000,000, and it seems to me that it is logical that these gentlemen should change their votes and pass this order, so that at least he will not have the opportunity of having an extra \$5,000,000.

Coun. KEENAN—Mr. President, a point of information.

Chairman HURLEY—State your point of information.

Coun. KEENAN—I would like to know how his Honor the Mayor would have \$10,000,000 if he wants to reject the first \$5,000,000. I would like to get an answer from the attorney.

Chairman HURLEY—Do you care to give the answer?

Coun. COOK—I don't know whether it would be legal. As I said, under some of the legal rulings we have been getting, it is entirely possible. If you will recall, we once passed a \$5,000,000 loan order by failure to reject it. Later on, a \$5,000,000 loan order was sent down because the ones who had been given the bonds were doubtful about the validity of the order. The Council the second time passed the \$5,000,000 loan order by an affirmative vote.

Chairman HURLEY—Address the Chair, councilor. Continue.

Coun. COOK—I think the second order was passed affirmatively by 15 votes and, if I am wrong, I would like to be corrected by the City Clerk.

Chairman HURLEY—The councilor is correct.

Coun. COOK—Therefore, the second order was passed affirmatively. The first order was passed by failure to act, and at the present time it is possible it may be declared legal for the Mayor to appropriate or get bonds in the sum of \$10,000,000 if the councilors who do not like the original \$5,000,000 insist on voting the same way. The possibility arises that the Mayor has power to borrow \$10,000,000.

Chairman HURLEY—Does that answer your question?

Coun. KEENAN—It does not. A point of further information, Mr. President.

Chairman HURLEY—State your point of information.

Coun. KEENAN—On the loan order from his Honor the Mayor, does the law specifically say it has to have two readings?

Chairman HURLEY—That is right.

Coun. KEENAN—As I understand, the first \$5,000,000 loan order got one reading.

Chairman HURLEY—The first loan order got one reading, and the second reading went to the 60 days and automatically passed.

Coun. KEENAN—A further point of information.

Chairman HURLEY—State your point of information.

Coun. KEENAN—It was by default on the second reading. Did the order then go into effect?

Chairman HURLEY—We thought it did, but the bond counsel thought otherwise. That is why we acted on the second order quickly.

Coun. KEENAN—A further point of information. Where it did not get the second reading, the first \$5,000,000 would be out. It was not given two readings, was it, Mr. President?

Chairman HURLEY—In theory that is correct. Practically, it had to be corrected.

Coun. MUCHNICK—Mr. President, it is my understanding that the theory is not as you have just stated. As I understand, the Law Department did approve the first loan when it went through by default and, if it had been up to our Law Department, that would have been perfectly legal, but the counsel for the particular bonding company said it was not. If we were to go to some other bonding company that had other counsel, they might approve the legality of the method by

which the first loan was granted, and Councilor Cook would be correct in saying we had \$10,000,000 outstanding.

Coun. CHASE—Mr. President.

Coun. KINSELLA—Mr. President.

Chairman HURLEY—Councilor Kinsella.

Coun. KINSELLA—A point of information.

Chairman HURLEY—State your point of information.

Coun. KINSELLA—Will the Clerk state through you that the Legislative Act provided an opening for a \$5,000,000 loan?

Chairman HURLEY—That is absolutely correct.

Coun. KINSELLA—Therefore, not even by technical means did we have two \$5,000,000 loans for the same purpose?

Chairman HURLEY—That is also correct.

Coun. KINSELLA—Therefore, there is no danger that we have two \$5,000,000 loans at any time for the same purpose under the same act?

Chairman HURLEY—There is no danger, but they want to take one of them off to make sure.

Coun. KINSELLA—A further point of information.

Chairman HURLEY—State your point of information.

Coun. KINSELLA—In view of the fact that the bond counsel refuses to accept the condition in the law, they have a right to refuse to accept because of the further fact that we took subsequent action on the same amount at other dates, and would that subsequent action cause a cancellation of the first order for practical purposes?

Chairman HURLEY—That is the logical presumption, but we don't know. We thought we had better remove this from the books, and proceed with the valid \$5,000,000 order.

Coun. KINSELLA—On the motion.

Chairman HURLEY—Speaking on the motion, Councilor Kinsella.

Coun. KINSELLA—I hope reconsideration prevails, not so much because I am voting or have voted to pass the bond issue, because there is no favor involved here; it is a city-wide proposition. It is something we have listened to for several months, and we had some of the finest people in the city, some of the biggest taxpayers in the city, present at the hearings. Their business judgment is better than ours. The only judgment we had was what we did with our own vote. So that it might be said that we are not doing any favor for anybody by clearing the books of one item that appears to be legally on the books and paving the way for the acceptance of the same order under different conditions—double acceptance by the Council. In the interest of the whole city, I think it would be the part of wisdom for these gentlemen who voted against the order a few minutes ago to go along with it. The whole city is going to profit from it, and we have been led to believe that it will solve many of our traffic conditions. I don't see that there is any point in maintaining any vote against something that has already received approval from so many of us, all after extensive hearings. I would like to appeal to their sense of service to the city, but, after all, that still remains the choice of the members.

Coun. CHASE—Mr. President.

Chairman HURLEY—The question is on reconsideration. Councilor Chase.

Coun. CHASE—As I understand it, sir, the city government is limited to the power of only a \$5,000,000 loan, and the Council and the Mayor could go ahead and vote \$20,000,000 and yet they would be limited to \$5,000,000, since they are restricted by this legislative act. I see no fear of having performed an act which would permit his Honor the Mayor to go forth and involve \$10,000,000, because under the law he is restricted to \$5,000,000. However, Mr. President, in view of the fact that there are a number of councilors who do not thoroughly understand the proposition before them and since it involves apparently legal technicalities, I think it is only proper at this time that we lay the matter on the table and consult our Corporation Counsel as to the legal technicalities involved. So I move, sir, that this matter be laid on the table, and I hope you call the Corporation Counsel for legal advice.

Chairman HURLEY—Councilor Chase moves that the order be laid on the table.

Coun. MUCHNICK—Mr. President, a point of information.

Chairman HURLEY—No debate, councilor.

Coun. MUCHNICK—A point of order, Mr. President.

Chairman HURLEY—The question comes — Coun. MUCHNICK—A point of order, Mr. President.

Chairman HURLEY—State your point of order, councilor.

Coun. MUCHNICK—It seems to me a motion to lay a motion for reconsideration on the table is not in order.

Chairman HURLEY—The Chair will rule the motion is in order. The question is on laying it on the table. All those in favor say "aye," those opposed, "no." The noes have it, and it is not laid on the table. The question now comes on reconsideration. All those in favor say "aye," those opposed, "no." The ayes have it, and reconsideration prevails. Now comes the passage of the order.

Coun. HANNON—Mr. President, I move the matter be returned to the table.

Chairman HURLEY—The motion is out of order because we have defeated an order to lay it on the table.

Coun. HANNON—A point of order.

Chairman HURLEY—State your point of order.

Coun. HANNON—The motion that was defeated was to lay reconsideration on the table.

Chairman HURLEY—The Chair did not understand that.

Coun. HANNON—The Chair could not understand otherwise, because the question being debated was reconsideration.

Chairman HURLEY—The question to lay on the table takes precedence over the motion for reconsideration, and the Chair understood that the order was to be laid on the table.

Coun. HANNON—Mr. President, can the Chair be in error? The motion was to reconsider, and the motion made was to lay the motion of reconsideration on the table. How could the motion be made to lay it on the table when the matter under discussion was reconsideration?

Chairman HURLEY—Councilor Chase, what was your motion? What did you mean?

Coun. CHASE—My actual motion was to lay the full matter on the table.

Chairman HURLEY—To lay the order on the table?

Coun. CHASE—That is right.

Coun. HANNON—Mr. President, his motion was out of order. No matter what he intended, the matter under discussion was reconsideration. There was no motion to lay on the table because the motion had been defeated.

Chairman HURLEY—The motion to lay on the table is in order.

Coun. HANNON—Thank you.

Chairman HURLEY—Councilor, I will have to stick to my previous ruling, that Councilor Chase's order, the motion to lay on the table, was in order.

Coun. HANNON—What was he going to lay on the table?

Chairman HURLEY—The order.

Coun. HANNON—The order had been defeated, Mr. President. The order had been defeated. We were trying to reconsider it so as to revive it.

Chairman HURLEY—Councilor Hannon is correct.

Coun. HANNON—Thank you again.

Chairman HURLEY—The motion now is to lay on the table. All those in favor say "aye," those opposed, "no." The ayes have it. It is a vote, and so ordered.

The order to lay on the table was passed.

SUSPENSION OF BIDS RE RENTING OF TRUCKS.

Coun. SULLIVAN and COFFEY offered the following:

Ordered, That the Transit Department be requested, through his Honor the Mayor, to suspend their request for public bids pertaining to the renting of trucks, Rapid Transit Facilities, East Boston district, which has appeared in the last two editions of the *City Record*, in order that this work might be given to veterans at the prevailing rates governing this work.

Coun. SULLIVAN—Mr. President, the reason I introduced this order is to see if we cannot get them to withdraw the request for public bids relative to the use of trucks on the East Boston job. We have heard in the last five or six years that everything was going to be done for the returning veterans. You know, as well as I know, a large number of veterans have gone out and purchased trucks to go into business for themselves. A lot of them had their hearts set on obtaining some of the work in conjunction with the East Boston tunnel job. This request for bids by the Transit Department eliminates all veterans from participating in this work. This request for public bids demands that a deposit be left with the Transit Department, a check for \$5,000, which must accompany the bid, thereby eliminating all veterans from getting some of this work. I hope they will rescind their action, so that the veterans may get a shot at some of this work at the prevailing rates governing this type of work for their trucks, and I am going to ask that this order be referred to the Executive Committee, and that the City Messenger be requested to send for the Transit Commissioners to have them before us.

Chairman HURLEY—Councilor Kinsella, speaking on the motion.

Coun. KINSELLA—I would like to ask Councilor Sullivan a question, please.

Chairman HURLEY—Councilor Sullivan, Councilor Kinsella wishes to ask you a question.

Coun. KINSELLA—Mr. President, through you, the question is, does that amount of money Councilor Sullivan mentions oblige the concern making the bid to deposit it with each bid, or is it the amount of money to be deposited for each and every truck?

Coun. SULLIVAN—If I may answer the councilor, it is for each bid. A certified check must accompany each bid—a certified check for \$5,000.

Coun. KINSELLA—Mr. President, a point of information.

Chairman HURLEY—State your point of information.

Coun. KINSELLA—Then I understand a young man with one truck would have to deposit the same amount of money as a company that might have twenty?

Coun. SULLIVAN—That is right. Mr. President, I would assume, the way this request for bids is drawn up, that a man with one, two, three, four, or five trucks would not be able to bid on this type of job. He would have to have a fleet of trucks. Mr. President, may we further make the request that the City Messenger request the City Auditor to be present relative to this order?

Chairman HURLEY—Counselor Coffey.

Coun. COFFEY—Mr. President, in order to save time, may I have my name added to Counselor Sullivan's order? I have a similar order.

Chairman HURLEY—Counselor Coffey's name will be added to the order. The order is referred to the Executive Session.

The order was referred to the Executive Committee.

RECREATIONAL SUPERVISION.

Coun. LINEHAN offered the following:
Ordered, that his Honor, the Mayor request the Boston School Committee to replace the \$68,000 which the School Committee cut from the appropriation for the maintenance of the Boston school playgrounds so that the children of Boston will be provided with an adequately supervised playground program for this summer.

Coun. LINEHAN—Mr. President, during the recent controversy over the School Committee budget, his Honor the Mayor requested the School Committee to cut from that particular budget some \$600,000, and I believe the School Committee has gone to work and has gone through their list of appropriations, and has cut the \$600,000 out of the budget, but it kind of gripes me to notice when they start to eliminate items they once again start on the things which, to my mind, are very important, such as night schools for veterans and others. Some veterans are trying to make up back schooling by going to school nights, and they might find it difficult in the coming year to go to school due to the fact that they are going to eliminate night schools in certain areas. That is one of the items they have cut out. I understand it does not amount to an awful lot of money on any one of these items I am going to talk on, but the main item that gripes me is cutting out recreational facilities for children. God knows we have not got too much recreational facilities for the children of Boston at the present time since Mayor Kerrigan's program was cut the first of last year by the present Mayor of Boston, his Honor James Michael Curley, and there has not been much done since he eliminated the recreational budget for the benefit of the children of Boston. Some of us in this Council have tried to get the Mayor to appropriate just \$25,000 to kind of keep the Board of Recreation going, and I don't think that was even done. Here we have an item calling for, as I understand it, \$95,275 for the maintenance of the Boston school playgrounds during the spring and summer months. This item was cut \$68,000, leaving less than \$30,000 for our school playground programs for the children of Boston during the summer. Well, if we are going to get so picky in saving something like \$68,000, which is a mere few cents on the tax rate, at the expense of the children of Boston, I think we have reduced ourselves to a new low in city government in this city. As I said at the outset, we are not doing very much for the children at the present time relative to recreational programs. I know the Park Commissioner is doing the best he can with what appropriation he has. He would like to do more, but he can't do it because of the lack of appropriation. In case we are too late for the School Committee to reconsider its recommendation or its action, it would seem to me perhaps the Mayor might submit an appropriation to us to replace that appropriation and turn it over to the Park Department for the Park Department to use in the school playgrounds. You might say the schoolyards can be opened up, anyhow, without supervision, but to my way of thinking, you don't have very good playground activities without somebody there to supervise. It seems to me if the school children of Boston are going to get very much in recreation this summer, you have to have supervisors in the play yards. For over a period of something like 35 years, I read in one paper, we have had such an appropriation as this; since 1912. This is the first year the appropriation was cut to such an extent that there is only \$28,000 or \$30,000 left in the budget for the children of Boston to enjoy themselves in the playgrounds this year. I sincerely hope we are not too late on this recommendation. I realize it is in the hands of the School Committee to do it, and I don't know if it is too late for them now to rectify what I think was a mistake on their part in their effort to try to go along with his Honor the Mayor. I think they have eliminated some items that are going to hurt the children of Boston, not only the recreational program, as I said before, but night schools and summer schools which, for the amount of money spent, I think have given us value for value as the dollar goes; that is to say, on these items I notice particularly the taxpayer gets one dollar out of one dollar spent. There is very little, if any, truck or any other facilities; this is just for supervision to be spent on recreational supervision. I don't know why it is the items cut seem to be not items of equipment. I noticed

only last week we got a request for I think it is almost another million dollars or so for equipment. To my mind, I think we can cut down on the equipment request, which is a bond issue, by the way. We can probably cut out a lot of the Mayor's recommendations of the \$900,000-odd supplementary budget, cut out equipment. I got a kick out of the Fire Department request. I think when we considered that program some months ago and when we appropriated that money into a bond issue, the city Fire Department was going to be A No. 1 throughout the United States, but, lo and behold, only last week they sent a request in for another million dollars or so for equipment. When are we going to be the A No. 1 city in the nation? If we had a million and again a million and again a million? When are we going to stop? I say for the few dollars invested in the children of Boston on playgrounds, summer schools and night schools, the School Committee has been remiss in their duty in not leaving the appropriations as they were. They should have cut down equipment and other things that are not as necessary as I think recreational education for boys and girls. I hope the Council will go along on this order. I ask that the order pass under suspension of the rules.

Coun. MUCHNICK—Mr. Chairman, I agree very heartily with the councilor from Ward 7. I have read these things in the papers. I have been wondering how come it was we had enough money with which to pay the salaries of voting machine wardens who do nothing, and did not have enough money to pay substitute teachers or recreation teachers to help take care of the children on the playgrounds. I know in the district which I happen to represent, there used to be recreational teachers down on Franklin Field. I think it was five days a week, taking care of particularly preschool-age children. They did a remarkably fine job in and around the wading pools and swings and seesaws. To me, it is practically a calamity to take money from this group and to waste it on voting machine custodians who do absolutely nothing. If it is too late at this stage of the game to return this money to the School Committee budget, I suggest these teachers be hired on a part-time basis during the summer by the Park Department and that at least the \$30,000 that goes to the voting machine custodians be transferred to the A-1 item of the Park Department to be used as salaries to take care of that important project.

Coun. COOK—Mr. Chairman, I agree heartily with what both the councilors have said. The councilor from Ward 14 has taken care of only \$30,000 of the \$68,000. I would like to point out to you, Mr. President, and to your Body that when the budget was up of course, our budget and the School Committee budget are the determining factors in the tax rate, and a lower tax rate and a reasonable tax brings honor upon the Mayor, and a high one brings dishonor upon the Council. I moved at the hearing to take that \$30,000 from the election machine custodians and was defeated. I moved that \$40,000 be cut from Public Celebrations, but in its wisdom the Council said it would rather spend \$40,000 more for celebrations and entertainment. We also could take some money we have appropriated for constables, and I moved that \$50,000 be taken over from 25 useless constables. We could also take some money from the department of the Mayor's office, where it was pointed out he is spending \$36,000 more than any other Mayor. If we want this \$68,000, I have pointed out a few of the many departments that are spending money for purposes which, compared to recreational facilities for children, cannot be put in the same class. I don't care how the Mayor feels about it, but I know we all care about what the kids are going to have during the summer. I suggest that this Council go on record as asking the Mayor not to spend those items I have mentioned in his own budget, Public Celebrations, in the Election Department, on constables and in his own office. I think the city and the Mayor will be far better off for it.

Coun. COFFEY—May I have the order read again, please?

Chairman HURLEY—The Clerk will read the order.

(The order is read.)

Coun. COFFEY—Mr. President, I thought that was what the order read, but I wanted to make sure. I can't understand the last councilor's speech. When we refused to cut those items from the budget, I was one of those who voted for it, for the budget as it was before us. I would still refuse to cut those items mentioned by the last speaker. We had no knowledge up to that time that the School Committee was going to cut \$68,000 from their budget on recreation. I was one of those who voted for a number of years to oppose the Recreational Board, and the reason I fought so hard in opposing it was because the Park Commissioner, Park Commissioner Long, opposed it, saying he had enough supervisors to take care of the playgrounds within the city limits. Also, I remember distinctly Joe McKenney stating there was plenty of supervision provided by the School Department, and they did not need this board. I recall the day I brought some 300 children from East Boston into the Mayor's office. It was all cut and dried before I got into that office, and it was agreed by everybody who has any say in recreation for the City of Boston that they were going to enlarge the stadium in South Boston and they were not going to give East Boston the stadium they promised us and for which there had already been appropriated

\$1,300,000 by the state. Will you ask the councilor from Ward 14 to sit down, please?

Chairman HURLEY—The Council will be in order, please.

Coun. COFFEY—I recall very distinctly walking into the Mayor's office and seeing Joe McKenney from the School Committee and all the School Committee members and others who were supposed to represent the children of Boston as far as recreation is concerned, and it was all cut and dried that they were not going to build a stadium in East Boston but they were going to enlarge the stadium in South Boston even though, Mr. President, that money had been appropriated by the state and was not going to cost the City of Boston one penny to build a stadium that would seat 15,000 or 20,000 so that all the school teams in Boston Proper could use that stadium for their games, both night and day. They even provided lights for us. That was good legislation. The money came from the state, not the city. When his Honor the Mayor said to me, "We are not going to build the stadium in East Boston, we will try to restore the old facilities at Wood Island Park," I said to the Mayor, "How much are you going to spend on restoring recreational facilities in Wood Island Park?" He said, "\$500,000." I said, "How much would it cost to build a stadium on Wood Island Park?" He said, "Around \$400,000." So I said, "Build the stadium on Wood Island Park, and save \$100,000," and he asked Park Commissioner Long if it could be done, and the Park Commissioner agreed it could be done and that it would not interfere in any way whatsoever with the airport. Mr. McKenney was there, and he was the fellow who raised a hullabaloo about that stadium in East Boston. He said, "We want that stadium, we need it. It will take care of all the boys' school teams throughout Boston." Now, I would like to know where Mr. McKenney's voice was when they cut this \$68,000 from recreation. If I am not mistaken, Joe McKenney has two or three jobs. I think it is three. If he is holding three jobs, why doesn't he do a good job for the kids of Boston? You can't tell me he could not have stopped that \$68,000 being cut from the school budget. I am more than amazed at the whole five School Committee members because I thought that was one group I was friendly with and wanted to be friendly with, but I can't see myself staying friendly with any group that will cut a measly \$68,000 out of a budget that runs as high as 16 to 18 million dollars, and take away the rights of supervision for the kids. Do they realize what my feeling is right now? I am begging the Mayor to tear down an old school which is being condemned so that we will have 600 square feet of playground right at Chelsea and Porter streets, where the traffic goes to the horse track and where that traffic will be tripled in another three weeks when the dog track opens. Here we have a School Committee of five brilliant members looking for a way to cut their budget a measly \$68,000, and cutting it by taking away supervision from the children of Boston. Only two weeks ago we had to go up there to fight that same School Committee about opening the schoolyards to get the kids off the streets in East Boston. Naturally, if the School Committee has not the sense and the wisdom to restore the \$68,000 for playground supervision, I hope the Mayor will see fit to send up an order to hire these young men and women who do supervise schoolyards and playgrounds; to send us an order for more than \$68,000 to put them on the pay roll. If we save one life this summer, it is well worth the measly 2 or 3 cents that the people would have to add on their tax rate. I hope this order is passed under suspension of the rules.

Coun. MUCHNICK—Mr. President.

Coun. KINSELLA—Mr. President.

Chairman HURLEY—Counselor Kinsella, not having spoken.

Coun. KINSELLA—I was surprised to see, in cutting the budget which runs into many millions of dollars, the School Committee did not support education which would bring so much pleasure and enjoyment in the city for a period of ten weeks' vacation. We know the children are in school about forty weeks a year, and the rest of the time they are out on the streets in most wards of our city. Most of our school children in Boston attend the Boston public schools and their families are in no position to take them to the country or the seashore for the ten weeks' vacation period. They are exposed to the dangers and menaces of high-speed traffic in many parts of our city; I should say in every part of our city. There is not a ward in Boston through which traffic does not move at a rapid rate of speed. It is rather a bad position in which to put the members of the School Committee that if any child is crippled or killed, then that child's misfortune can be laid directly on the doorsteps of the men who supported this cut. It is not a question of paid personnel supervisors for children, that is only an attendant expense, and it is something that is to be expected, of course, because people do not contribute their time on matters of this kind, but if the cost of personnel was five times as great, it would leave us and the School Committee members with an easy conscience in this matter, but they have taken off the infinitesimal amount of \$68,000, and thereby compelled the children to play down on the dock and wharf areas, and to play on all the busy streets and around the railroad tracks as many of them will, anyway. It will make it absolutely necessary now for these children to play there

since the areas of supervised recreational enjoyment are closed to them. I think it is penny-wise and more than pound-foolish to expose some little girl or boy to a lifetime of invalidism, or send a child, a girl or boy, to an early grave because the city tried to save \$68,000 and thereby deprive some child of his or her life. If we have any influence on the Mayor or the School Committee, our protests here today ought to bear fruit. Any one of those children who might be hurt this summer, regardless of whether play is supervised in school play areas or not, any one of these children might be one of our own children. That is not, of course, the only reason for opposing this cut. Let us recall this Body is constantly appropriating fabulous amounts of money for every conceivable service and expense that the city undertakes, and there is absolutely no reason why any member of this Body should remain silent when he contemplates that \$68,000 is almost infinitesimal and yet it brings a degree of safety and a degree of comfort and pleasure to children who, because of their families' circumstances, have to spend the summer vacation period in a hot, stuffy, stifling, and always overcrowded city. We owe it to these children. We may at any time see some little boy or girl, unknown to us, who comes from another part of the city, crippled for life, and if we were to investigate into the cause of it, we might reasonably find that child, some months before, had no place in which to play and was struck by an automobile on the street. I don't know what they were thinking of when they can vote the school teachers such a substantial amount in raises. I don't object to it, I don't protest. Nor would I ever protest a raise in pay, but we have the welfare of the children running hand in glove with the welfare of everyone else. A scant few years ago the oldest one in this Body today was a kid, and in a scant few years these children will be taking our places, and we owe it to them. Mr. President, not to deprive them of the happiest period in human life, the period of childhood when they have no responsibilities, when they have no worries or cares. That properly is for the adult members of the family. Everything they want, everything they must have, they go to the adult members of the family for. We are the adult overseers of their welfare, and if we cannot get that money restored, we should not raise our voices to restore other amounts for other items stricken from this budget. For heaven's sake, let us give them more than lip service. If we are politicians, if we have influence or expediency, here is the purest form of expediency, the purest form of welfare for the children. The principle that I want to leave with all the members of this Council is this: too many of these children are due to spend their overtime on the streets of our city. Let us give them \$68,000 to get as many of them off the streets of our city as possible, or let us feel that we have a certain sense of responsibility for the bad things that can happen to them which would deprive a child of all its power of locomotion or its life. I am not trying to be fantastically sentimental about the thing, but I am thinking of my own little boy 3½ years old, and there are thousands of that age in this city. I would like to think of him being able to play and grow up in a supervised play area and coming home safe to me, and yet, my boy's welfare in the last analysis is no more important than the welfare of any other little boy who is looking to the adults in the population for protection. My little boy looks to me for a certain degree of protection which fortunately I can give him, and for the mass, they are looking to us as the governing body of this city to protect them since they cannot protect themselves. If that is fantastically sentimental, I plead guilty. While I am thinking of my own little boy, I am thinking of yours, too. I am thinking of yours, too. Let us get them off the streets, let us get them into the hands of responsible people where they can enjoy the happiest times of their lives, their early childhood, when we can let them out in the care and custody from day to day of these responsible people, certain in our hearts they will come back to us as whole as they were when we let them out. I hope the School Committee reconsiders, and I hope the Mayor reconsiders, and if this does not prevail, I urge upon the School Committee members and ask the Mayor to submit to us the proper legal instrument by which we can replace the budget cut of \$68,000, and if necessary, increase it to an even \$100,000 and bring in more protection for them.

Coun. MUCHNICK—Perhaps we cannot convince the School Committee that this was a serious blunder on their part; perhaps we cannot convince the Mayor that the children of Boston are more important than ten unnecessary voting machine custodians, but if the Mayor will do anything at all, and speaking for my own district particularly, it would take under \$1,000, as I figure it, to supervise Franklin Field properly. Just under \$1,000 is spent on the Fourth of July celebration giving ice cream away and shooting off fireworks. I know the people of my district would gladly trade a scoop of ice cream for the protection of their children, and I should like to ask the Mayor through this Body to transfer that appropriation for this purpose if he cannot see his way clear to get the help and pay for it out of some other fund.

Chairman HURLEY—The councilor moves the suspension of rules and asks for the passage of the order.

Coun. COFFEY—Mr. President, for the dozen years I have held office, I never opposed a salary

increase for anybody, that is one thing I can say I have been consistent in. I wanted to see the school teachers get a raise just as well as anybody else. I would have liked to have gotten a raise myself, and I don't know but what I would be willing to bet a substantial number of school teachers, especially out in West Roxbury, voted against the raise for the City Council. At the same time, we have received hundreds of letters—I know I have, and I know the other councilors have—from school teachers thanking us for the active part we have taken to see they received a salary increase. What I am getting at is this: those school teachers were well taken care of by the School Committee. The School Committee, in fact, went out of its way, not only to take it up with the Mayor but also with His Excellency the Governor. They appeared before the Legislature for a salary increase for the school teachers. The one thing I fought against, and I always will, is anybody who works for the City of Boston and still does not think that the City of Boston is good enough to live in. Those people do not pay one penny of taxes to the City of Boston, those who work for the city but do not live here, and if the School Committee wants to find out where they can get \$68,000, let them make a survey on their own time to find out how many school teachers in the City of Boston live outside Boston Proper and do not pay one penny of tax to the city, and if it is possible, let them cut them to raise the \$68,000 for the children of Boston.

Coun. LINEHAN—Mr. President, may I add a few remarks? The thought might be in the minds of some people that, if the schoolyards are open, that is adequate, but it seems to me if we have the schoolyards open and no supervision, it will very likely follow that the larger boys would take over the playground to the detriment of the small children. I think the small children in this case are the ones we are trying to protect. In conclusion, I would like to quote an article from a paper in which it says: "It is quite a blow to Joe McKenney, Director of Physical Education in the Boston schools, inasmuch as it means the closing of 110 schoolyards and 40 parks where children of 12 years and under have enjoyed supervised play under ideal conditions during the spring and summer. 'The cut in our budget which is really a major operation as you can see, said McKenney, will not affect our competitive sports program, in the Boston schools, but it will practically ruin our physical education system.' Therefore, I sincerely hope his Honor the Mayor who was one of those officials charged with the duty of setting up the budget for the schools,—and it is as much his responsibility as it is that of the School Committee,—will right what I think is a wrong not only by the School Committee but also by him.

The order was passed under suspension of the rules.

CONCRETE BARRIER, DORCHESTER AVENUE, IN FRONT OF FORT POINT CHANNEL.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct a concrete barrier or bumper 2 feet high along Dorchester avenue, in front of the Fort Point Channel, and at such other locations as may be necessary to prevent automobiles from going through the railing into the water.

Coun. SCANNELL—On Monday, January 15, 1940, through the foresight of Councilor Linehan and myself, we advocated that there be high bumpers put on the I. Street Bridge, and also all bridges in Boston. That was in 1940 and, mind you, gentlemen, through the foresight of the members of this Council there has never been an accident since. I don't see any reason why they do not carry out this proposal of Councilor Linehan and myself and go down to the Fort Point Channel section and do the same thing. At least they could have put up bumpers, and there would not be then the accidents that have happened there in the past few months. It seems there is a traffic hazard down there. There are automobiles flying across that road diving into the Fort Point Channel. I know the condition because I travel there every night, and the mail trucks coming out of the South Station post office may have caused these automobiles going into the Fort Point Channel. But, if they had done what Councilor Linehan and myself suggested, if they had completed the job at Fort Point Channel, there would have been no loss of life there. As I said before, the first job was done on the I. Street Bridge, and in the course of two or three weeks it was brought to my attention there was a family from my district went in there and skidded into these bumpers, and what happened? The man and wife and their three children bumped against these bumpers, and it took one of the wheels off, the bumpers thereby saving their lives. If that can be averted through our foresight in 1940, that job should have been completed by the Public Works Department in Fort Point Channel, and there would be no question the lives of these people lost in Fort Point Channel would have been saved. I ask suspension of the rules and the passage of the order.

The order was passed under suspension of the rules.

REPLACING OF EAST BOSTON SIDEWALKS WITH CONCRETE.

Coun. COFFEY offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace all the brick sidewalks in East Boston with concrete.

Coun. COFFEY—Mr. President, after that show put on in the Back Bay in the past week, I can't help thinking of the past dozen years how people in East Boston who have brick sidewalks have been begging me to have the brick replaced with concrete. I have several requests now with the Public Works Commissioner on streets that are hazardous where people are injured at least once a week because of the uneven sidewalks, and even sidewalks with no bricks, just dirt. The streets are poorly lighted at night, and literally, a person walking along is liable to step into a hole and permanently injure himself. It is usually the elderly person who breaks a hip more than a leg. Many people have received broken hips in my district in the last few years. If the people in the Back Bay want bricks for their sidewalks, we will give them all the bricks from the streets of East Boston, and we must have 200 streets with brick. I wish the Public Works Commissioner would take up these bricks and put down concrete so that the people will be safe. There is no history in East Boston, nobody in East Boston has ever done anything. All we did in World War II was send 16,000 of our sons into the service. So there would be no history attached to the East Boston section of Boston. I hope the Public Works Commissioner will see fit to replace the brick sidewalks in East Boston with cement and send the bricks up to the Back Bay section.

The order was passed under suspension of the rules.

Coun. SULLIVAN in the chair.

REPAIR OF MAIN ARTERIES IN BOSTON FROM GAS TAX.

Coun. KEENAN offered the following:

Ordered, That his Honor the Mayor be requested to confer with His Excellency the Governor with a view to obtaining sufficient funds from the State gasoline tax to repair the main arteries in Boston which are used by automobilists residing in outside cities and towns.

Coun. KEENAN—Mr. President, the purpose of my introducing this order today is, I noticed His Excellency the Governor of the Commonwealth wants to put a sales tax upon the residents of the Commonwealth of Massachusetts, and he asks that an additional 2-cent gasoline tax be imposed on all the residents of the Commonwealth owning automobiles. I have before me, Mr. President, a list of streets in the City of Boston with their mileage, taken by the chief engineer, Mr. McGovern. Commonwealth avenue, for instance, is 5½ miles, and the list goes down to Maverick street, East Boston, covering the entire City of Boston, and I say for the number of automobiles using the main arteries coming into Boston, the Commonwealth of Massachusetts should reimburse the City of Boston in some way for the upkeep and use by the residents outside the City of Boston. I ask for suspension of the rules and the passage of the order.

The order was passed under suspension of the rules.

FLAGPOLE FOR EMERY PARK PLAYGROUND.

Coun. BRYAN, for Councilor Madden, offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to erect a flagpole on the Emery Park Playground in North Brighton, Ward 22.

Passed under suspension of the rules.

EXTENSION OF WASHINGTON STREET TUNNEL, ETC.

Coun. MORIARTY offered the following: Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation providing for the extension of the Washington Street Tunnel and the removal of existing elevated structures between Roxbury and Forest Hills, provided such legislation contains a referendum to the Mayor and City Council.

Passed under suspension of the rules.

RECESS.

The Council voted at 4 p. m., on motion of Councilor Chase, to take a recess, subject to the call of the Chair. The members reassembled and were called to order at 5 p. m. by President KELLY.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred April 7) for appropriation of \$60,000

from income of Cemetery Fund to be expended under direction of Park Commissioner for Cemetery Division, Maintenance and Improvement—that same ought to pass.

The report was accepted, and the order was passed, yeas 13, nays 0.

Yeas—Councilors Carey, Chase, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Linehan, Moriarty, Muchnick, Scannell, Sullivan—13.

Nays—0.

2. Report on message of Mayor and order (referred today) for appropriation of \$30,000 for Boston Housing Authority—that same ought not to pass.

The report was accepted, and the question came on the rejection of the order.

Coun. LINEHAN—Mr. President, speaking on this order, I don't want to go on record at this time as being against this appropriation because I am not sure what it is all about. From my own knowledge, I feel sure they have sufficient down there, but it is possible they have information on hand at the present time that I am not aware of whereby they might need added money for new plans. I know they had certain surveys made over a period of years which are available for low income housing developments. I don't know whether they are looking for money for additional sites to those already studied, but I may say there are at least 20 sites for which plans were compiled under the leadership of Frank Lane who, in my opinion, is the leading expert on sites for low income housing developments in the state. If it is money for these plans he has already drawn up, it would seem to me they are looking for money they have already spent. But if it is for something they are lacking in regard to new developments, I would like to get the information. For fear they might have other plans which I don't know about, I would be forced to go on record today to move that this lay on the table. If it is defeated, I at least would not be voting against this motion. I move it be laid on the table until I get further information from the Boston Housing Authority before us.

President KELLY—Councilor Linehan moves this lay on the table. The Chair is in doubt. All those in favor, please rise; those in favor of laying it on the table. Five in the affirmative. Those opposed. Councilor Fish, are you rising? Five in favor. The motion is lost.

Coun. HANNON—Mr. President.

Coun. MUCHNICK—Mr. President, I doubt the vote and ask for a roll call.

President KELLY—Councilor Muchnick doubts the vote and asks for a roll call, and having enough strength joining him, the Clerk will call the roll.

The roll was called, and the motion to lay on the table was carried, yeas 8, nays 5:

Yeas—Councilors Carey, Chase, Fish, Hurley, Kelly, Kinsella, Linehan, Muchnick—8.

Nays—Councilors Hannon, Keenan, Moriarty, Scannell, Sullivan—5.

Coun. KEENAN—Mr. President, I move reconsideration.

President KELLY—There is no reconsideration, councilor.

Coun. MUCHNICK—Mr. President, a point of information.

President KELLY—State your point of information.

Coun. MUCHNICK—Is a motion referring this back to the Executive Committee in order at this time?

President KELLY—The motion to refer it to Executive at this time would not be in order. The matter is on the table now.

THE NEXT MEETING.

Coun. HURLEY—Mr. President, a point of information.

President KELLY—State your point of information.

Coun. HURLEY—I understand that they are going to paint this Chamber, and it won't be ready next Monday.

President KELLY—That is right. What is your pleasure?

Coun. SULLIVAN—I move we now adjourn.

Coun. SCANNELL—Mr. President.

President KELLY—Do you withdraw that motion?

Coun. SCANNELL—Mr. President.

President KELLY—Will you let the Chair make an announcement?

Coun. SCANNELL—Surely.

President KELLY—I understand from the City Messenger that the painters are going to start work here Thursday and it will take about four days to paint the Chamber, Thursday, Friday, Monday and Tuesday. What is the pleasure of the Body?

Coun. SULLIVAN—Mr. President, I don't see why the painters can't start Tuesday and they will have the whole week. I move we do now adjourn.

Coun. SCANNELL—Mr. President.

President KELLY—The Chair will state his Honor the Mayor is having a meeting of the department heads here, councilor.

Coun. SULLIVAN—My reference was to let the contractors start next Tuesday. Why should we put ourselves out? No one else puts himself out for us, Mr. President. I move we do now adjourn.

President KELLY—No debates. Councilor Sullivan moves we do now adjourn.

Adjourned, on motion of Councilor Sullivan, at 5.17 p. m., to meet on Monday, May 12, 1947, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

SENIOR CLERK AND STENOGRAPHER, MED-FIELD STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, JUNE 7, 1947.

Last date for filing applications, Monday, May 19, 1947, at 5 p. m.

Salary: The entrance salary is \$1,470 a year and maintenance; the maximum salary is \$1,830 a year and maintenance. Alternative salary (at discretion of appointing authority): Entrance, \$1,750 a year and one meal a day; maximum, \$2,110 a year and one meal a day.

Vacancies: At present there is one vacancy in the medical office, to be filled on a permanent basis.

Duties: Under supervision, to take dictation and to transcribe both from shorthand notes and from dictating machines, letters, case histories and reports; to keep statistical records on cards; to do general office work; and to perform related work as required.

A knowledge of medical terminology is required.

Entrance Requirements: Applicants must have at least two years of full-time, paid office experience.

Subjects and Weights: Training and experience, 2; practical questions, 1; stenography, 2; total, 5.

The dictation will be given at the following rates of speed: 80, 100 and 120 words a minute. The dictation at each rate will consist of a letter of about 300 words in length. Each applicant may select any one or two of the speed tests for transcription. If an applicant transcribes both tests, both will be marked and the applicant will be given the higher of the two marks. The transcription is marked for both speed of dictation and accuracy.

Passing Requirements: Applicants must obtain 70 per cent in accuracy of transcription of at least one dictation and in each subject in order to become eligible.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

GENERAL INFORMATION ABOUT BOSTON

Incorporated as a City	February 23, 1822
1940 Federal Census	770,816
Financial year dates from	January 1 to December 31

* Includes betterments collected in hands of City Treasurer, \$1,662.18.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Thomas P. Ryan, 234 O'Callaghan way, South Boston, to be reimbursed in the sum of \$300, as a result of an accident which occurred on November 26, 1946, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, struck door of car owned by Mary Walsh, causing personal injuries to Miss Walsh.

Anthony Carnilla, 22 Rowell street, Dorchester, to be reimbursed in the sum of \$18, as a result of an accident which occurred on October 30, 1946, when motor truck belonging to the Sewer Division, Public Works Department, which he was operating, collided with an automobile owned by Frank Zaharris.

Frank J. Gayeski, 9 Fairmount street, Dorchester, to be reimbursed in the sum of \$10.75, as a result of an accident which occurred on December 7, 1946, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by John M. Kelly.

Catherine A. Doyle, 738 Bennington street, East Boston, in the sum of \$80, as compensation for collapse of hot water boiler on third floor of above premises caused when water was shut off by employees of the Water Division, Public Works Department, while making repairs, without proper notice, February 21, 1947.

Gertrude N. Mendel, 44 Waverly street, Roxbury, in the sum of \$150, as compensation for personal injuries caused by raised portion of the sidewalk at the corner of Mills and Dale streets, Roxbury, June 6, 1946.

R. A. Buccella & Sons, by Carl Buccella, partner, 20 Cedar park, Roxbury, in the sum of \$360.04, as compensation for sewerage work done in Appleton street, between Clarendon and Berkeley streets, in excess of the contract price, due to certain conditions which were not foreseen at the time the contract was executed on November 28, 1945.

Charles N. Trodden, 38 St. Germain street, Boston, to be reimbursed in the sum of \$18, as a result of an accident which occurred on October 16, 1946, when a horse-drawn vehicle belonging to the Street Cleaning Division, Public Works Department, which he was driving, collided with an automobile owned by James Demas.

Marion Halliday, 10 Glenwood street, Woburn, in the sum of \$175, as compensation for personal injuries caused by hole in sidewalk in front of 84 Traverse street, Boston, April 17, 1946.

Stephen J. McFadden, 25 Gwinnett street, Hyde Park, to be reimbursed in the sum of \$134.40, as a result of an accident which occurred on January 12, 1947, when motor vehicle belonging to the Police Department, which he was operating, collided with an automobile owned by Francis P. Lydon.

Anna M. Scarpa, 55 Perthshire road, Brighton, in the sum of \$90.26, as compensation for personal injuries caused by water pipe shut-off which protruded above level of sidewalk in front of 54 Bigelow street, Brighton, March 25, 1946.

Frank S. Dunn, 12 Niles street, Brighton, to be reimbursed in the sum of \$78, as a result of an accident which occurred on January 30, 1947, when motor vehicle belonging to the Police Department,

which he was operating, collided with an automobile owned by Tasia Orphanos.

James E. Welch, 14 Pratt street, Allston, to be reimbursed in the sum of \$75.05, as a result of an accident which occurred on February 3, 1947, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by Catherine E. Barry.

Samuel H. Sagoff, 331 Fuller street, Dorchester, in the sum of \$100, as compensation for personal injuries caused by a break in the sidewalk near the curbing on Essex street, at Washington street, October 9, 1946.

George J. Kaden, 68 Devonshire street, Boston, in the sum of \$7.75, as compensation for damage to automobile caused when it was struck by a truck of the Water Division, Public Works Department, operated by William F. Hooley, a city employee, February 17, 1947.

Alice E. Walsh, 165 Metropolitan avenue, Roslindale, in the sum of \$230, as compensation for damage to property at above address caused by a change in grade when the street was reconstructed by the Highway Division, Public Works Department, December, 1946.

Eugene Sullivan, 172 South Main street, Cohasset, in the sum of \$46.75, as compensation for damage to automobile caused by hole in highway on East Cottage street, opposite No. 36, on March 3, 1947.

John R. Johnson, 97 Bartlett avenue, Arlington, in the sum of \$39, as compensation for damage to automobile caused by defective manhole cover on Main street, at the intersection of Henley street, Charlestown, February 27, 1946.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner for permission to raze the following structures as fire menaces or nuisances:

To enter the building or other structure, or the abutting land or buildings, at 236 Silver street, Ward 6, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 54 and 56 Marginal street, Ward 1, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 5 Kelley place, Ward 2, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 107 Warwick street, Ward 9, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 42 Overlook road, Ward 20, with such assistance as required, and remove said

unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 10 Bolton place, Ward 2, with such assistance as required, and vacate forthwith said unsafe or dangerous building or other structure.

To enter the building or other structure, or the abutting land or buildings, at 5 Douglass court, Ward 3, with such assistance as required, and vacate forthwith said unsafe or dangerous building or other structure.

To enter the building or other structure, or the abutting land or buildings, at 16 Sharon street, Ward 8, with such assistance as required, and vacate forthwith said unsafe or dangerous building or other structure.

To enter the building or other structure, or the abutting land or buildings, at 4 Douglass court, Ward 3, with such assistance as required, and vacate forthwith said unsafe or dangerous building or other structure.

To enter the building or other structure, or the abutting land or buildings, at 11 Bradford street, Ward 3, with such assistance as required, and make safe, said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 158 Reservation road Ward 18, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 275 and 277 Centre street, Ward 10, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the discontinuance of a part of Deaconess road, Roxbury district, as a highway, between Pilgrim road and Autumn street, bounded and described as follows:

A part of the highway named Deaconess road is hereby discontinued, between Pilgrim road and Autumn street.

Said part of said highway as hereby discontinued is bounded:

Southeasterly by Pilgrim road, forty feet; southwesterly by the southwesterly line of said part of said Deaconess road as hereby discontinued, one hundred eighty-seven and 8-100 feet; northwesterly by the southeasterly line of said Deaconess road as hereby established, forty feet; and northeasterly by the northeasterly line of said part of said Deaconess road as hereby discontinued, one hundred eighty-seven and 8-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of a part of Deaconess road, Roxbury district, as a highway, between Pilgrim road and Autumn street, under the order of the Board of April 15, 1947, and awards no damages therefor.

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

May 17, 1947.

TO THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that on Wednesday, the fourth day of June, 1947, at 9.30 o'clock a.m., pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 53, and by virtue of the authority vested in me as Collector of Taxes, it is my intention to take for the City of Boston the following parcels of land for non-payment, after demand, of the taxes thereon as defined in General Laws, chapter 60, section 43, with interest and all necessary intervening charges, or any unpaid balance of said taxes, unless the same shall have been paid before that date.

WARD THREE.

Arthur E. Beane, Trustee under Will of Annie E. Valentine (reassessed from Charles J. Kelley, Jr.) (supposed present owner Joseph Krahovich)—Land, with buildings thereon, on the southeasterly side of Ringgold street, numbered 4, between an estate now or formerly of Gordon A. Meader and another (numbered 3) and an estate now or formerly of Manera Maloof (numbered 5), and supposed to contain about 1,053 feet, tax for 1925.....

DANIEL F. DONOVAN,
Collector of Taxes for the City of Boston.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Ruskindale road, Hyde Park district, as a highway, between Blake street and Wood avenue, bounded and described as follows:

An extension of the highway named Ruskindale road is hereby laid out, between Blake street and Wood avenue, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Blake street, by two measurements, thirty-two and 56-100 feet on a curve of nine hundred seventy-four and 28-100 feet radius and nine and 21-100 feet on a curve of nine hundred thirty-five and 37-100 feet radius; southwesterly by the southwesterly line of said extension of said Ruskindale road as hereby laid out, by two measurements, three hundred seventy-four and 83-100 feet and ten hundred sixty and 95-100 feet; westerly by Wood avenue, forty-nine

and 14-100 feet; and northeasterly by the northeasterly line of said extension of said Ruskindale road as hereby laid out, by two measurements, ten hundred eighty-one and 37-100 feet and three hundred sixty-two and 71-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered That this Board estimates that the abutting lots of land on both sides of said extension of Ruskindale road, between Blake street and Wood avenue, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Ruskindale Road, Hyde Park Assessment Plan, March 1, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS AND WATER WORKS IN SHERMAN ROAD AND VETERANS OF FOREIGN WARS PARKWAY, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works and water works in Sherman road and Veterans of Foreign Wars Parkway, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works and Water Works in Sherman Road and Veterans of Foreign Wars Parkway, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, May 27, 1947, with a certified check for twenty-three hundred (2,300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY.

(May 17.) Commissioner of Public Works.

preparation of periodic financial statements; and to perform related work as required.

Examples of Duties: Maintaining cash book (including petty cash book), voucher register, expense journal, general ledger, and accounts receivable ledgers (day and evening school tuition, special service, athletic fees); preparing Monthly Financial Report showing status of appropriations, maintenance expenses (by object code), income statement, cash statement, balance sheet, and reconciliation of institution's balance of allotments with comptroller's balance as shown on Daily Statement; preparing Monthly Statement of Advance Fund showing the balance of the Advance Fund at the close of business on the last day of the month; preparing monthly, weekly, and special service pay

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

CONSTRUCTION OF VETERANS' HOUSING DEVELOPMENT.

The City of Boston, acting by and through the Boston Housing Authority, pursuant to the provisions of chapter 372 of the Acts of 1946, will receive sealed bids for the construction of veterans' housing development located in the West Roxbury (Roslindale) district, City of Boston, Mass., until four o'clock p. m., Eastern Daylight Saving Time, Tuesday, May 27, 1947, at the office of the Boston Housing Authority, 10 Post Office square, Boston 6, Mass., at which time and place all bids will be publicly opened and read aloud. A duplicate copy of the proposal, without bid security, shall be left with the City Auditor previous to the time named for opening of bids.

The successful bidder will be required to furnish a Performance and Payment Bond, as set forth in the specification.

Attention is called to the fact that not less than the minimum wage rates as set forth in a schedule contained in the specification must be paid on this project. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment.

Contract documents, including drawings and specifications, are on file at the office of the Boston Housing Authority, 10 Post Office square, Boston 6, Mass. Copies of the documents may be obtained by depositing \$10 in the form of a certified check or cash with the Boston Housing Authority, for each set of documents so obtained. The amount of the deposit will be refunded to each person who returns all the documents in good condition within 10 days after opening of bids.

Sub-bids will be taken on the following portions of the work:

1. Heating. 2. Lathing and Plastering.
3. Plumbing.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest so to do. The City of Boston also reserves the right to reject all bids of the sub-bidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

Cash, certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company, shall be submitted with each bid as follows:

1. By General Bidders, in the amount of five (5) per centum of the Base Proposal.
2. By sub-bidders listed under Item 2 of the General Contractor's Bid Form in not less than 5 per cent of the sub-bidder's bid price.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Boston Housing Authority, and no bid of a sub-bidder shall be withdrawn prior to thirty (30) days from the opening of bids, without the consent of the Boston Housing Authority.

Bidders are advised that the houses proposed in this specification are the same types as those for which bids were received for River street, Mattapan, on April 2, 1947.

BOSTON HOUSING AUTHORITY,

(May 17.) JOHN CARROLL, Chairman.

rolls for the institution, including figuring and deducting for withholding tax, retirement fund, and Blue Cross, and preparing student correctors' pay roll; depositing all receipts (institution income and advances from State Treasurer) at local bank and signing checks for pay roll, funds transferred to State Treasurer and petty cash; receiving money for tuition, breakage deposits, sales, special service and other miscellaneous items involving institution income; making quarterly pay roll estimates to be encumbered on a quarterly basis.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR PROVIDING ADDITIONAL EGRESS AT THE HYDE PARK BRANCH LIBRARY, 35 HARVARD AVENUE, HYDE PARK, MASS.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for providing additional egress at the Hyde Park Branch Library, 35 Harvard avenue, Hyde Park, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, June 4, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred and fifty dollars (\$250), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of this contract.

Specifications may be obtained on and after Monday, May 19, 1947, at the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by ELIZABETH B. BROCKUNIER, Clerk.
(May 17-24.)

AIDS PAID TO PUBLIC ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME OF MASSACHUSETTS SCHOOL FUND.

State participation in the financing of education began with the establishment of the Massachusetts School Fund in 1834, the income from which was to be used "for the aid and encouragement of common schools," (chapter 169, Acts of 1834). The principal of this fund is now \$5,000,000. The income of the fund has been distributed in many different ways. In 1835, population and the amount raised by local taxation for school support were the determining factors. Many changes followed until the present complex provisions were enacted, mostly in 1919, with some modification in later years.

NOTICE.

Change in Date of Opening.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

INVITATION FOR PROPOSALS FOR FURNISHING OF EQUIPMENT FOR 120-TON INCINERATOR ON WESTERN AVENUE AND EVERETT STREET, BRIGHTON, MASS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites sealed proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing of equipment for 120-ton incinerator on Western avenue and Everett street, Brighton, Mass. Copies of the plans and specifications may be obtained at Room 508, City Hall Annex, Boston, on and after May 9, 1947. Copies of plans and specifications may be obtained at Room 508, City Hall Annex, as above noted, upon a deposit of \$25 for each set, fully refundable to bidders returning sets in good condition, one half refundable to non-bidders within 30 days after the opening of bids. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing of Equipment for 120-Ton Incinerator on Western Avenue and Everett Street, Brighton, Mass.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, May 28, 1947, with a certified check for five thousand (5,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. The proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(May 17.) Commissioner of Public Works.

Note.—This invitation for proposals is identical with the invitation for proposals for "Furnishing of Equipment for 120-Ton Incinerator on Western Avenue and Everett Street, Brighton, Mass.," appearing in the May 3 issue of the "City Record" except for the date set for the opening of proposals.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR FURNISHING COAL.

The Police Department of the City of Boston invites proposals for furnishing and delivering coal. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$100, payable to and to become the property of the Police Commissioner for the City of Boston, if the proposal is not carried out. Proposals will be publicly opened and read on Friday, May 23, 1947, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required of the successful bidder in an amount equivalent to 50 per cent of the estimated contract.

THOMAS F. SULLIVAN,
(May 17.) Police Commissioner.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN JACQUELINE ROAD, ASHLAND AVENUE, ATWILL ROAD, KEITH STREET, HACKENSACK ROAD, AND HACKENSACK CIRCLE, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Jacqueline road, Ashland avenue, Atwill road, Keith street, Hackensack road, and Hackensack Circle, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Jacqueline Road, Ashland Avenue, Atwill Road, Keith Street, Hackensack Road, and Hackensack Circle, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, May 28, 1947, with a certified check for seven hundred fifty (750) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(May 17.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

INVITATION FOR PROPOSALS FOR PAINTING WORK IN DORCHESTER COURT HOUSE.

The Superintendent of Public Buildings of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for painting work in Dorchester Court House.

Proposals will be received until 12 o'clock noon, Wednesday, May 28, 1947, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$400, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Monday, May 19, 1947, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

JAMES E. SULLIVAN,
(May 17.) Superintendent of Public Buildings.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING STREET SWEEPERS' PUSH CARTS.

The Supply Department of the City of Boston invites proposals for furnishing push carts for the Public Works Department, Sanitary Division, on specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Street Sweepers' Push Carts." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Tuesday, May 27, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(May 17.) Superintendent of Supplies.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR FURNISHING FUEL OIL.

The Police Department of the City of Boston invites proposals for furnishing this department with fuel oil. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkeley street, Room 105, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check in the amount of \$500, payable to and to become the property of the Police Commissioner for the City of Boston, if the proposal is not carried out. Proposals will be publicly opened and read on Friday, May 23, 1947, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required of the successful bidder in an amount equivalent to 50 per cent of the estimated contract.

THOMAS F. SULLIVAN,
(May 17.) Police Commissioner.

PAINTING CONTRACTORS.

INVITATION FOR PROPOSALS FOR INTERIOR AND EXTERIOR PAINTING, INCLUDING FIRE ESCAPES, AT THE JAMES A. McDONALD AND PRESCOTT SCHOOLS, CHARLESTOWN, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for interior and exterior painting, including fire escapes, at the James A. McDonald and Prescott Schools, Charlestown, Mass.

Proposals will be received until 12 o'clock noon, Monday, May 26, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR READY-MIXED CONCRETE AND MORTAR, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 15,300 cubic yards, more or less, of ready-mixed concrete and mortar for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Monday, May 12, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, May 21, 1947. A properly certified check for seventy-five hundred (7,500) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interest of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

PROPOSALS FOR GRADING AND SANDING OF BATHING BEACHES, BOSTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for grading and sanding of bathing beaches, Boston, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Grading and Sanding of Bathing Beaches, Boston, Mass.," and left before 2 o'clock on Tuesday, May 20, 1947, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

VOL. 39

SATURDAY, MAY 24, 1947.

No. 21

MAYOR CURLEY DISCUSSES GOVERNOR BRADFORD'S SALES TAX PLAN IN BROADCAST OVER RADIO STATION WMEX—POINTS TO CAUSES OF ADDED BURDENS ON TAXPAYING CITIZENS IN COMMUNITIES ALL OVER STATE, SHOWING HOW BURDENS HAVE BEEN JUMPED FOR BOSTON BY LEGISLATIVE ACTION FAVORING FIREMEN, POLICE, AND TEACHERS, WITHOUT PROVIDING FOR REVENUE SOURCES TO MEET NEW SITUATION — TELLS AIR AUDIENCE RECOMMENDATIONS MADE BY GOVERNOR BRADFORD REFLECT DEEP SENSE OF DUTY, COURAGE, AND SINCERE DESIRE TO MEET SITUATION — AGAINST SALES TAX, HOWEVER.

In a broadcast on Governor Bradford's tax relief plan, on Wednesday evening, May 21, Mayor Curley spoke as follows:

It is accepted that the problems of reconversion and reconstruction are equally as burdensome to the municipalities of America and to the states of the union as they are in the nations abroad. There is this difference, however — that our government is displaying genuine humanitarianism and extreme liberality in an endeavor to aid foreign powers in the solving of these problems through the distribution of money, credit, and commodities.

In the case of the states of the union and American municipalities, our legislative assemblies are still floundering as to what shall be done to provide relief for the people. It is admitted that there is no way in which to justify a further burden upon real estate, which already bears 70 per cent of the cost of government in our municipalities. It is unfortunate that the public as a whole is not more tax-conscious, since I am quite sure that, if they were, discretion might temper the liberality of the members of our legislative assemblies.

For example, salary increases for the year 1947 in Boston, one municipality of the Commonwealth, will represent an expenditure of \$9,000,000, and, allowing 70 cents for each \$1,000,000, it would represent an increase in the tax rate of \$6.30 on each \$1,000 of valuation. To the individual owning a small home valued at, say, \$7,000, this represents almost \$1 per week. For the full year, namely, 1948, it will mean, including a change in rate of wages for firemen, \$11,000,000, or a \$7.70 increase in the 1948 tax rate.

Added Burdens.

I was of the opinion, at the beginning of the year, that the increase determined upon by me in January, namely, a \$400 increase to the 19,000 persons on the city pay roll, was all the city could afford. The electorate thought otherwise, however, and on a referendum vote favored a 48-hour work week for members of the Fire Department, which made necessary the appointment of 500 additional firemen. The Legislature saw fit to enact a law providing for the retirement of veterans who had been employees of the city for 10 years at two thirds of their salary, and another law granting a four weeks' vacation to those who had been in the employ of the city for 20 years. These enactments, namely, the 48-hour week, the 500 additional men, plus the retirement provision and the vacation provision, which two recent enactments have made necessary the employment of 100 additional men this year, will represent an increase in the cost of conducting the Fire Department of Boston for 1948 of \$1,500,000.

The salary increase to teachers resulting from a legislative enactment, over which the Mayor had no control, represents an added cost of \$1,600,000 this year. The cost of all commodities and the replacement of utensils of every character and equipment of every character for departments, including Fire, Hospital, Institutions, and Public Works, place a burden upon the cities which can only be met by the enactment of laws to create additional revenue to offset the burdens confronting them at the present time.

Against Sales Tax.

The recommendations made by His Excellency the Governor reflect a deep sense of duty, courage, and a sincere desire to meet the situation. The adoption, however, of the proposed 2 per cent sales tax would impose an exceedingly heavy burden upon those least able to bear the same, namely, the heads of large families. I have no quarrel with His Excellency, because I recognize the necessity for providing relief for the 351 municipalities of the Commonwealth, and in my judgment neither the Governor nor any individual is justified in adding to the already heavy burden borne by those least able to pay, providing some better method is possible of adoption.

(Continued on page 660.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, May 26, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending May 17, 1947.

MAYOR CURLEY TELLS AUDIENCE AT OBSERVANCE OF "I AM AN AMERICAN DAY" THAT IT IS DUTY AND OBLIGATION OF ALL CITIZENS TO KEEP COUNTRY A HAVEN OF REFUGE FOR THE DOWNTRODDEN AND OPPRESSED OF EVERY LAND, FREE OF BIGOTRY AND HATRED AGAINST ANY INDIVIDUAL BECAUSE OF BIRTH, RACE, COLOR OR RELIGIOUS BELIEF—ALSO POINTS TO FACT COUNTRY HAS SURVIVED CRISES AS A NATION BECAUSE OF THE SPIRIT OF JUSTICE AND EQUALITY THAT HAVE ANIMATED THE PEOPLE OF AMERICA—URGES REDEDICATION TO PRINCIPLES THAT HAVE MADE COUNTRY GREAT.

At the observance of "I Am An American Day," Sunday, May 18, the following address was delivered by Mayor James M. Curley:

The observance of "I Am An American Day" may be traced to a truly great and sometimes misunderstood American, who, during his lifetime has been a clarion for the good of the people, William Randolph Hearst.

I can recall in 1930 the observance of the Tercentenary of Boston when I extended an invitation to this distinguished American to speak at an international broadcast which had been arranged at La Fayette Mall on the Boston Common. Mr. Hearst had discovered, while in France, the existence of a secret treaty against the interests of the United States, entered into by England, France and Japan. The knowledge of the menace that such an international agreement held for the people of the United States prompted him to make a public exposé of its existence. He was notified that he must leave France at once, and he journeyed to England, where, upon his arrival he was told he could not remain.

I learned the facts on the day of his arrival in Boston, which happened to be the day we were celebrating the anniversary of the establishment of the Massachusetts Bay Colony in 1630, and because of the patriotic service rendered by him for the preservation of America and its institutions, it was an exceedingly great honor and privilege to permit him to reply to the foreign governments by means of a radio broadcast on the occasion of Boston's Tercentenary.

He could have remained silent and been the pampered child of three countries, and undoubtedly without losing caste in his own country, but he chose the more thorny path because of his love of America.

America, from its inception, has been a haven of refuge for the downtrodden and oppressed of every land, and it is our duty and our obligation as American citizens to continue it as such, free of bigotry and hatred against any individual because of the accident of birth, which regulates race and color of individual and not infrequently determines his religious belief. A united America has been found in every crisis which confronted the country, and no man has ever been asked, who has been required or requested to serve and if need be sacrifice his life for our country, as to his race or religion. If in the hour of crisis all men are acceptable regardless of race, creed or color, the same rule should prevail in peace time.

It must be remembered that within sight of this spot where we are now conducting these "I Am An American Day" exercises, the City of Boston has wisely erected a monument to the men who participated in the battle for Liberty and made the Supreme Sacrifice. They were white men and black men and one that is conspicuous is Crispus Attucks, the black man. He died that the first chapter in the movement for Liberty might be written on the sacred soil of Boston. The colored race has yet to produce traitors in any crisis to America or its institutions, and yet we know that at times the same discrimination is exercised against the colored man as was exercised against the Irish, the Jew, the Italian or representatives of other countries who came here seeking only opportunity and liberty.

We have progressed and survived as a nation due to the spirit of justice and equality which have animated the people of America, and it is our duty on this "I Am An American Day" to rededicate ourselves to the work of keeping pure the American way of life.

MAYOR CURLEY PRAISES STATE DRIVE FOR AMERICAN RELIEF FOR ITALY.

Mayor James M. Curley on May 21 issued the following public statement:

During the month of May, the American Relief for Italy, Inc., has been conducting a drive in Massachusetts, and throughout the United States, to help the people of a free Italy rescue themselves from exploitation by those forces of evil which flourish on human misery.

The national chairman of this worthy organization is the Honorable Myron C. Taylor. The Honorary Chairman for Massachusetts is His Excellency, the Most Reverend Richard J. Cushing, D. D., Archbishop of Boston. Their efforts have been endorsed by President Harry S. Truman, who has publicly declared:

"America cannot remain healthy and happy in the same world where millions of human beings are starving. A sound world order can never be built upon a foundation of human misery."

Starvation, unemployment, the need for medical care and clothing of millions of destitute Italians, seriously threatens to destroy the new republic before it has a reasonable opportunity to lead its people along the paths of peace and fellowship in the commonwealth of nations.

Boston has every reason to cherish a kindly feeling toward the people of Italy. Many of her sons and daughters have come here and have established themselves as industrious and worthy citizens of our country. We owe them much. Let us help them to help the suffering of their native land in the days that still remain in the drive of the American Relief for Italy, Inc.

REPORT OF CASIMIR F. SHEA, DIRECTOR OF FINE ARTS, ON ATTENDANCE AT CONVENTION OF EASTERN ARTS ASSOCIATION IN PHILADELPHIA, APRIL 10 TO 12, 1947.

The following is the report of the Director of Fine Arts in the schools on convention attendance:

I was granted permission to attend the Eastern Arts Association Convention held at Philadelphia, April 10, 11, 12, 1947.

Registrations for the convention were made Thursday morning at the Benjamin Franklin Hotel, where many of the most important meetings on the program were to be held.

The theme for the day was "What Is the Place and Function of the Arts in General Education?"

I attended the opening session at 1.30 p. m., presided over by President Italo DeFrancesco. Dr. Alexander J. Stoddard, Superintendent of the Philadelphia public schools, delivered the address of welcome.

Joseph Hudnut, Professor of Architecture and Dean of the Faculty of Design, Harvard University, spoke on the subject "Can We Teach Art?" He stressed the importance of art in the school curriculum, and its particular importance at this time.

At 4 p. m., I attended an exhibition of the art work of the Philadelphia public schools, held in the auditorium of Gimbel's department store. Earl B. Millette, Director of the Fine Arts Department of the Philadelphia public schools, presided.

At 8 p. m., at the general session in the ballroom of the Benjamin Franklin Hotel, we attended an interesting meeting entitled "The Role of Audio-Visual Materials in Art Education." In addition to hearing three short talks on the subject, we were shown three new motion pictures of "Artists at Work."

Friday, April 11, theme for the day—"What Is the Responsibility of Art Education in the Advancement of Our Culture?"

A program entitled "Art Field Day—Looking at the United States of America" began at 9.30 a. m. at the Philadelphia Museum of Fine Arts, in charge of Jack Bookbinder, Assistant to Director of Fine Arts, Philadelphia public schools. Three hundred school children participated in a program which combined the work of various activities such as architecture, sculpture, painting, music, literature, and dancing. This program emphasized correlation of the varied arts with other subjects and activities in the school curricula. The Philadelphia Museum is impressive in size and contains many great art treasures. The convention luncheon was held in one of the galleries at 12 o'clock, and an address was given by Fiske Kimball, Director of the Museum.

Returning to the Benjamin Franklin Hotel, I attended a meeting at which Karl W. Bigelow, Professor of Education in the Division of Administration and Guidance at Columbia University, was the speaker. Following this was a demonstration lecture entitled "The Art Teacher's Work Shop," conducted by M. Kimball, of Bryn Mawr, Pennsylvania.

Friday evening, the social event of the Eastern Arts Association Convention was held in the ballroom of the Benjamin Franklin Hotel.

Saturday, April 12, theme for the day—"What Is the Responsibility of Art Education in the Development of the Individual?"

Saturday morning a symposium was held, the subject under discussion being "What Are the Defensible Aims, Standards and Outcomes in Art Education?" I had the honor of representing the city Art Director's viewpoint and was a member of a panel of five.

Next on the program were a series of demonstrations of art activities by teachers on weaving, paper sculpture, use of discarded materials, clay sculpture, and copper and tinware work.

The Eastern Arts Association meeting at Philadelphia was a great success. Attendance was large and the meetings inspiring.

The 1948 convention is to be held in New York and, from all indications, will move to Boston in 1949.

Respectfully submitted,

CASIMIR F. SHEA,
Director.

CIRCULAR LETTER NO. 9A.

CITY OF BOSTON.

MAYOR'S OFFICE, May 16, 1947.

To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are delegates to the forthcoming convention of the Massachusetts Catholic Order of Foresters, to be held at the New Ocean House, Swampscott, Mass., May 19 and 20, 1947.

Respectfully,

JAMES M. CURLEY, Mayor.

MAYOR CURLEY DISCUSSES GOVERNOR BRADFORD'S SALES TAX PLAN IN BROADCAST OVER STATION WMEX.

(Continued from page 657.)

There is a simpler and more direct method, which, in justice to himself, His Excellency the Governor should support, namely, the Richard H. Long Plan. The bill as recommended by His Excellency the Governor contains a proviso for a 2 per cent sales tax, a 2 cent increase in the gasoline tax, a 1 per cent corporate tax increase, an increase in personal income tax from 1½ per cent to 3 per cent, and now they are seriously considering a tax on medicine.

All these palliatives combined would represent an income to the state of less than one half as great an amount as could be secured by the adoption of a 15 per cent tax on net incomes of all corporations in excess of \$10,000. The adoption of a federal income tax of 15 per cent on all incomes in excess of \$10,000 would do no injustice, for the reason that, as a consequence of the repeal of the excess profit tax by the federal government, Massachusetts corporations will, this year, be relieved of taxation in the sum of \$350,000,000.

ABOUT FEDERAL RELIEF.

Provided that the federal government grants the deduction from federal income tax returns for payments made in the form of state income tax, it will represent but a slight cost to the corporations affected, and, even were the corporations obliged to assume the entire burden, they would still be some \$240,000,000 better off, due to the adoption of the excess profit tax. Now then, it must be understood that, to the present time, no tax relief has been granted to the individual small income taxpayers, and, under the proposal as recommended by His Excellency, they would be required to pay in proportion to the number of dependents in each family, thereby imposing an unwarranted burden on large families, which would be difficult for them to assume.

It is clearly the duty of every person interested in an equitable system of taxation, and one that will be the least burdensome to the people as a whole, to communicate at once with their Representatives and Senators in the General Court, and urge the substitution of the Richard H. Long Plan for the plan as contained in Senate Bill No. 183, now before the Legislative Committee on Taxation, and thereby, instead of soaking the poor, deal justly with the poor and not unfairly with the rich.

It is imperative that relief be provided not only for the state, but for every city and town in the state, to prevent an increase in taxation this year and to provide for the needs made necessary by the problems of reconversion and reconstruction. Representative groups throughout the state, including the Massachusetts selectmen representing 112 towns of the Commonwealth, the Massachusetts Farm Bureau Federation, the State Grange, and the Boston Retail Trade Board, with substantially every Democratic member of the House and Senate, have gone on record against the Governor's bill, so that it is imperative that a bill be enacted which will relieve the situation, protect the people, and provide the money needed to meet the present great emergency.

MAYOR CURLEY MAKES PUBLIC REPLY OF BOARD OF ASSESSORS TO CRITICISMS AND CHARGES MADE BY FINANCE COMMISSION RELATIVE TO TAX ABATEMENTS AND TAX RATES—ASSERTS COMMUNICATION NOT ONLY A REPLY BUT A COMPLETE REFUTATION OF EXTRAVAGANT AND UNTRUTHFUL CHARGES MADE WITH REFERENCE TO VALUATIONS AND ABATEMENTS ON PROPERTIES—BOARD, THROUGH CHAIRMAN PETER J. ALLEN, POINTS OUT IN COMMUNICATION FALLACIES IN REPORT OF FINANCE COMMISSION.

On May 16 the Mayor made public the following communication:

I am this day in receipt of a report of the Board of Assessors of the City of Boston, the same constituting not only a reply to the report made public by the Boston Finance Commission, but a complete refutation of the extravagant and untruthful charges made with reference to valuations and abatements on properties in Boston.

Following is the report of the Board of Assessors:

BOSTON, May 16, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The letter of the Finance Commission directed to your Honor under date of May 14, 1947, consists, primarily, of a repetition of the charge that "in each of a number of years valuations have been originally determined to produce a particular rate and have not been based on a fair appraisal of the properties." The Commission does not repeat its previous contention that most of the increases in assessed valuations made by this Board upon 1946 valuations were later abated. The Commission now says that \$17,000,000 has been abated, rather than the \$57,000,000 previously stated by the Commission to be abated. The Commission does not question the merit of these abatements; it does question the judgment of the assessors in their original determination of valuations. Among the abatements criticized are the following:

1. *No. 145 Ipswich Street*—The Commission makes this criticism: The 1946 assessment was increased \$40,000 over the 1945 valuation and was later abated in the amount of \$30,000. This statement is true. A statement of the facts surrounding the abatement, however, will disclose the wisdom of this Board's action in making the abatement. The previous Board of Assessors made an abatement upon this property reducing the assessment to \$160,000. As of the date of the increase made by the present Board upon the 1946 valuation, there were pending in the Appellate Tax Board appeals from the assessments of 1943, 1944, and 1945. In consideration of an abatement of \$3,000 upon the 1946 valuation, the owners of this estate withdrew the 1943, 1944, and 1945 appeals without any abatement. The saving to the city by such action proves the wisdom of this Board's policy.

2. *No. 44-46 Winter Street*—In this case the Commission criticizes an increase in the 1946 assessment of \$90,000 and a subsequent abatement of this assessment in the amount of \$50,000. Again, surrounding facts are interesting. On December 15, 1944, the previous Board of Assessors abated this property to \$270,000. The present Board secured an assessment of \$285.00 for 1945 and \$325,000 for 1946.

3. *No. 393 D Street*—In this case the Commission criticizes an increase of \$25,000 and an abatement of \$100,000. The previous Board of Assessors had abated this property to \$275,000. The wisdom of this Board's action is found in the settlement of the pending application upon a valuation of \$325,000.

4. *No. 81 Arlington Street*—The Commission criticizes the increase of \$150,000 made by the present Board upon the 1946 valuation, followed by an abatement in the amount of \$200,000. Naturally such action appears incongruous; but let us again look at the surrounding facts. On June 27, 1944, the Appellate

Tax Board rendered a decision in respect to this property at a valuation of \$850,000. At the time of the increase made by this Board upon the 1946 valuation, appeals were pending in respect to the 1944 and 1945 valuations. The present Board secured withdrawals of these appeals at a valuation of \$900,000 for 1944, \$975,000 for 1945, and \$1,100,000 for 1946, a total saving of \$425,000.

5. *Properties of the Boston Wharf Company*—Decisions on 43 parcels of real estate owned by this company were rendered in respect to the 1945 valuations. The Commission criticizes increases of the 1946 assessments upon six of these parcels. The present Board, following these increases, secured settlements of the pending 1946 applications at a figure 15 per cent in excess of the 1945 decisions of the Appellate Tax Board.

6. *No. 80-140 Causeway Street*.—The Commission in this case criticizes an increase of \$500,000 and a subsequent abatement of the same amount. The facts surrounding this abatement are particularly interesting. This property is owned by the Boston & Maine Railroad, which company had pending at this office applications for abatement upon property valued at \$16,907,400. In consideration of the abatement granted upon the one property at 80-140 Causeway street, withdrawals were effected of all other pending applications upon the entire \$16,907,400 without any abatement whatsoever.

These few cases are cited here in order to convey to your Honor the information that this Board is conscientiously day by day attempting to function for the best interests of the city. I cannot resist the temptation to assert that the Finance Commission's letters constitute an unwarranted attempt to avoid the full truth. In one of its previous letters it employed a figure impossible to obtain. In my reply to that letter I set forth this fact. In its current letter the Commission, by using a thoroughly different

figure, claims that it effectively disposes of my claim that the figure was impossible to obtain. However, the statistics compiled and forwarded with the current letter again contain errors. The Commission says that this Board increased the property on West street in the amount of \$815,000. The actual increase was \$50,000. Incidentally, decision upon the same property was rendered by the Appellate Tax Board, setting the value at \$625,000. This Board effected a settlement of the 1946 valuation at \$675,000.

DISPUTES STATEMENT.

In respect to the Commission's contention that the overlay is used up, this Board agrees. This Board disputes the Commission's statement that the purpose of the overlay is to take care of Assessors' mistakes. The overlay is provided for by law and its purposes are set forth in chapter 59 of the General Laws. If it had not been for the wisdom of this Board in providing for a 3½ per cent overlay, there would now be a deficit in this account.

The Commission has kept up this discussion of assessments and abatements through many months. It is about time that the Commission shut up. Continued investigation has disclosed only that the present Board of Assessors has acted constantly for the best interests of the city. This Board has no knowledge of activities of prior Boards. It takes the responsibility only for the 1946 assessments. It stands ready to take full responsibility for the 1947 valuations. The figures in respect to 1947, with few exceptions, have already been recommended to the Board of Assessors by the First Assistant Assessors and the Deputy Assessors. It is our expectation that 95 per cent of these recommendations will be accepted by the Board. The remaining 5 per cent are subject to review, to determine the value of new construction, the value of buildings razed, and the

value of mercantile property the rents of which were increased within the past year. It is our intention to increase the assessed valuations where warranted and to decrease them where warranted. In 1946 we did not, despite the Commission's contention, first set the rate and then adjust the value to accomplish the rate. In 1947 we shall report to your Honor a tax rate computed in the manner required by law, namely, a division of the amount to be raised by taxation by the figure which represents the assessed valuation of the taxable property in the city.

Very truly yours,

BOARD OF ASSESSORS,
PETER J. ALLEN, *Chairman*.

MAYOR URGES CONGRESSMEN TO FAVOR ST. LAWRENCE- GREAT LAKES CANAL BILL.

The following letter was, on May 14, sent to all the Congressmen and Senators representing Massachusetts in Washington:

"The judgment of commercial and business interests generally has been sounded out throughout the Commonwealth with reference to the possible effect of the adoption of the St. Lawrence-Great Lakes Canal Bill upon commerce, industry and transportation in Massachusetts.

"The consensus of opinion is that it would prove absolutely destructive not only to the business interests of Massachusetts but to the entire New England area through the diverting of traffic through the water bodies of Canada and would be equivalent to the sealing of all Atlantic Ports on the New England Coast.

"Trusting you will give the matter your serious consideration and that you will see your way clear to oppose its adoption, I remain

Sincerely yours,

JAMES M. CURLEY, *Mayor*."

MAYOR CURLEY EXTENDS CON- GRATULATIONS OF SELF AND CITIZENS TO NEWLY- NAMED AUXILIARY BISHOP OF BOSTON.

The Mayor on May 14 sent the following letter to Auxiliary Bishop John J. Wright:

THE MOST REV. JOHN J. WRIGHT, D. D.,
Auxiliary Bishop of Boston, Arch-
bishop's House, Lake Street,
Brighton, Mass.

YOUR EXCELLENCY,—I was profoundly pleased to learn of your selection, by Pope Pius XII, to become the seventh Auxiliary Bishop of Boston and Titular Bishop of Tegea, and I hasten to extend to you my heartiest congratulations.

A native of Boston, and graduate of Boston Latin School and Boston College prior to studying for the priesthood, your thousands of friends will rejoice at your elevation. You have brought highest honor to our fair city.

Recognized as one of the most brilliant and outspoken preachers in the Archdiocese, you have also exhibited rare tact and executive ability as Secretary to the late Cardinal O'Connell and to our beloved Archbishop Cushing.

God will surely bless you and guide you in the higher work He has called upon you to perform in His name.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

MAYOR APPROVES BOND SALE.

Mayor Curley on May 14 approved the sale by City Treasurer Henry F. Brennan of \$5,000,000 Tax Anticipation Notes to be dated May 19, 1947, and to mature November 3, 1947. The sale was made to Halsey, Stuart & Co., Inc., of New York for par, plus a premium of \$131, notes to bear interest at .78 per cent per annum.

The second bidder was the First Boston Corporation whose bid was par, plus a premium of \$55, interest to be at .82 per cent.

The last previous sale of temporary notes was on April 16, 1947, to Halsey, Stuart & Co., Inc., at .83 per cent plus a premium of \$116.

FIRE DEPARTMENT ORDERS.

General Order No. 38.

I. WILLIAM H. WARNOCK.

It is with deep regret that the Fire Commissioner announces the death, on May 15, 1947, of Laborer William H. Warnock of the Maintenance Division. Mr. Warnock was appointed to the department February 12, 1947.

The funeral was held from his late residence, 42 Avondale street, Dorchester, on Monday, May 19, 1947, at 8.30 a. m., followed by services at St. Gregory's Church, Dorchester avenue, at 9 a. m.

A detail from the Maintenance Division acted as funeral escort and other members of the division were excused in order to attend the services.

II. RESIGNATION.

The following resignation, which will become effective at 8 a. m., Wednesday, May 21, 1947, is hereby announced:

M. O. P. Francis X. Collins, Ladder Company 27.

III. TRANSFER.

The following transfer, effective at 8 a. m., Wednesday, May 21, 1947, is hereby announced:

Lieut. Frank B. Dunbar, from Engine Company 11 to Engine Company 10.

IV. FIRE ALARM BOX DISCONNECTED.

The following fire alarm box has been disconnected and removed from the service permanently:

Box 5259, Boston and Albany Railroad, Stock Yard.

Company commanders shall return the assignment card for Box 5259 to Headquarters, with company number marked in the upper right-hand corner, on or before Monday, May 26, 1947.

V. REVEREND DENNIS J. LYNCH SCHOLARSHIP.

Notice has been received from the Reverend Principal of Boston College High School that on Saturday, June 7, 1947, at 9 a. m., in the High School Building, James street, there will be a special examination for the Reverend Dennis J. Lynch Scholarship, founded by members of the Fire Department in memory of their late chaplain.

This is an annual scholarship award to the son of any member of the Fire Department who obtains the highest average in the annual competitive entrance examination, which will be held on June 7, 1947.

VI. A. D. T. ASSIGNMENT AND DISCONTINUANCE.

The following signal numbers are to be added to the running cards of the A. D. T. Company in this department:

Signal 711, 2-38 Simmons street, buildings 4 and 5.

Signal 712, 2-38 Simmons street, buildings 6 and 7.

Signal 713, 2-38 Simmons street, buildings 8 and 10.

All signals are at A. J. Tower Company and are sprinkler alarms. Apparatus to respond to foregoing signals: Engine 13, Ladder 12, District Chief 8. Nearest box is 13-2241.

Notice has been received from the A. D. T. Company of discontinuance of the following signal:

Signal 61, India Wharf, Central Wharf, and Wet Dock Company.

Company commanders shall delete Signal 61 from page 3 of the A. D. T. Assignment Book.

VII. CHANGE IN DESIGNATION OF G. A. C. SIGNALS.

On page 11 of the G. A. C. Assignment Book, Signals 258, 259, and 262 are designated as R. H. White Company, Troy street.

Company commanders are requested to change the designation of these signal numbers to read:

Yankee Warehouse, Inc., Troy street.

VIII. BOSTON AUTOMATIC — ASSIGN- MENTS AND DISCONTINUANCE.

The following signal numbers shall be added to the B. A. Assignment Book in this department:

Signal 362, building, 234 Berkeley street. Apparatus to respond: Engine 33, Ladder 15, District Chief 7. Nearest box is 1539.

Signal 365, building, N. E. Storage Warehouse, Howard street, marked "C," rear of 32 George street. Apparatus to respond: Engine 12, Ladder 4, District Chief 9. Nearest box is 3131.

Company commanders shall delete the following signal from the running cards of the Boston Automatic Company in this department:

Signal 632, Hoosac Docks, building, Water street, Charlestown, Belt gallery connecting with grain elevator.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

Edward T. Lucas, 43 Woodward avenue, Roxbury, ladderman, has been retired at \$1,800 a year.

William J. Wiegand, 74 Sagamore street, Dorchester, engineer, has been retired at \$1,866.66 a year.

HOSPITAL DEPARTMENT.

General Division.

For the week ending April 1:

The following weekly nurses have been appointed:

Permanent.—Veronica McElligott, 94 Chester street, Mary C. Forbes, 103 West Third street, floor nurses, \$2,200 a year.

Temporary.—Dorothy Munro, Lynn, floor nurse, \$2,200 a year; Rosemary Carrier, 16 Westland avenue, part-time floor nurse, \$1,220 a year.

For the week ending April 15:

The following provisional employees have been appointed:

Harold T. Myles, 42 Rose street, Patrick J. Hartigan, 26 Adams street, hospital house workers, \$25 a week; Elizabeth Reichart, 43 Cliftondale street, hospital house worker, \$24 a week; Eugene W. Anderson, 1193 Commonwealth avenue, hospital medical worker, \$25 a week; George R. Kerigys, 507A Dudley street, part-time hospital medical worker, \$18.84 a week; Frank E. Atlas, Winthrop, Thomas J. Martin, 11 Logan way, Edgar W. Tebbetts, 4 Concord street, Francis J. Griffin, 604 Massachusetts avenue, William A. Blanchard, 62½ Whitney street, Venis Capers, 510 Columbus avenue, John W. Corcoran, 52 Weld Hill street, James Powers, 27 West Concord street, hospital medical workers, \$25 a week; Joseph P. Greeley, 93 Warren street, Nicholas J. Gay, 43 Magazine street, elevator operators, \$26.68 a week; Robert P. Blake, 20 Rockford street, hospital laundry worker, \$25 a week.

South Department.

Gertrude Flynn, 24 Worcester street, hospital house worker, \$24 a week.

The following special nurses have been employed at \$7 a day:

Catherine Barresse, Somerville, 1 day; Florence Cook, 96 Thornton street, 3 days; Hannah Donahue, 270 Huntington avenue, 4 days; Mary Grant, 49 East Springfield street, 2 days; Claire McCue, 1280 Massachusetts avenue, 1 day; Alice Marshall, 27 Avenue E, 5 days; Elizabeth May, 1953 Dorchester avenue, 1 day; Rose Murray, 50 Sharon street, 3 days; Rita M. Presente, 31 Gay Head street, 4 days; Dorothy Simmons, 15 Partridge street, 2 days; Marie Tovani, 696 Massachusetts avenue, Katherine Welch, 86 Temple street, Christine Walsh, Montello road, Josephine Tyman, 87 Marlborough street, Janet Gomez, 14 Kensington street, 1 day.

The services of the following employees have been terminated:

Permanent.—Mary Faccaro, 299 Marion street, hospital medical worker, \$25.68 a week; John F. O'Brien, 1443 Tremont street, elevator operator, \$26.68 a week; Laura Bemis, Boston City Hospital, head nurse, \$2,100 a year; Barbara Abbott, 438 Beale street, Mary J. White, 19 Boutwell street, floor nurses, \$2,200 a year.

Temporary.—Phyllis Ayer, 720 Harrison avenue, hospital house worker, \$24 a week; Albert Dalton, 413 Shawmut avenue, hospital house worker, \$25 a week; Kathleen Grant, 19 Alton street, part-time hospital kitchen worker, \$13.84 a week; Manuel Paivo, 25 Tobin court, hospital kitchen worker, \$25.00 a week; Florinca A. Frank, 870 Hyde Park avenue, Mary F. Conti, 1521 Hyde Park avenue, hospital medical workers, \$24 a week; Francis P. Kiley, 45 Lyon street, Emanuel Bowen, 108 Winthrop street, Frederick L. Lyman, 7 Lawrence street, Harry Goldstein, 121 Pembroke street, hospital medical workers, \$25 a week; Mary A. Andrews, 10 Upham avenue, floor nurse, \$2,200 a year.

For the week ending April 22:

The following special nurses have been employed at \$7 a day:

Florence Cook, 96 Thornton street, 4 days; Hannah Donahue, 270 Huntington avenue, 3 days; Anna Ferrara, 48 Fellows street, 1 day; Claire McCue, 1280 Massachusetts avenue, Loretta McCusker, 42 Glen Road, Catherine McHowell, 167 Chestnut avenue, Alice Marshall, 27 Avenue E, 4 days; Rose Murray, 50 Sharon street, Ina Nulty, 270 Huntington avenue, 1 day; Laura Pompeli, 53 Warwick street, 5 days; Grace Powers, 16 Spaulding street, 4 days; Rita M. Presente, 31 Gay Head street, 6 days; Josephine Tyman, 87 Marlborough street, 4 days; Christine Walsh, Montello street, 2 days; Helen Matarese, 1502 Commonwealth avenue, ½ day; Madolyn Dabbyn, 20 Bellaire road, 2 days; Ruth J. Canzonetti, 829 Beacon street, Ann Lynsky, 52 Tesla street, 1 day.

The following provisional employees have been appointed:

Margery Holmes, 38 St. Alphonsus street, Virginia Purdy, 76 Munroe street, Dolena Buchanan, 26 Ridgewood street, Undine Wilson, 24 Worcester street, Frances Antonellis, 134 Washington street, Edna McDonald, 27 Dexter street, Agnes Dunbar, 1677 Washington street, Lucy Albanese, 11 Treadway street, Carita Harper, 499 Columbus avenue, hospital medical workers, \$24 a week; Charles R. Pearson, 137 West Canton street, Charles W. Briana, 307 Havre street, Everett Young, 31 Lynde street, hospital medical workers, \$25 a week; Joseph P. Greeley, 93 Warren street, elevator operator, \$26.68 a week.

South Department.

Victor Holst, 6 Worcester street, hospital house worker, \$25 a week.

The services of the following employees have been terminated:

Permanent.—Ruth C. Nugent, Somerville, Rose Freno, Somerville, floor nurses, \$2,200 a year.

Provisional.—Chester F. Orban, 47 Cambridge street, ambulance medical aide man, \$37.68 a week; James Mulry, 23 Clifton street, Robert Lathan, 539 Massachusetts avenue, hospital house workers, \$25 a week; Emma Kimball, 3 Fellows street, Marie A. Campo, 149 Salem street, Marion L. Peters, 14 Woodward street, Gulfi C. Decima, 7 Asylum street, Mary F. Costanzo, 21 Upton street, Julia E. Kilburn, 715 Tremont street, hospital medical workers, \$24 a week; Reginald Baasch, 31 East Concord street, Charles Chaffman, 1 Haven street, George E. Ahearn, 1658 Washington street, Russell P. Steadman, 81 Worcester street, John McKinnon, 43 Clarkson street, hospital medical workers, \$25 a week; Raymond Boyle, 5 Louise park, part-time hospital worker, \$18.84 a week.

East Boston Relief Station.

Permanent.—George Glennon, 231 Dudley street, senior hospital house worker, \$40.68 a week.

Temporary.—Dr. Fred A. Anderson, Boston City Hospital, Dr. Carl Bahlene, Boston City Hospital, Dr. William C. Van Buskirk, Boston City Hospital, physicians, \$2,200 a year.

For the week ending April 29:

The services of the following employees have been terminated:

Permanent.—Dorothy McCarthy, 1 Harrington avenue, hospital kitchen worker, \$28.18 a week; Delia Maynard, 282 Massachusetts avenue, floor nurse, \$2,300 a year.

Provisional.—Alice Weeks, 27 Dexter street, Ellen Reardon, 677 Massachusetts avenue, hospital medical workers, \$24 a week; John W. Corcoran, 52 Weld Hill street, Charles A. Carney, 80 Rutland street, Lester J. Benson, 1329 Hyde Park avenue, Walter J. Kroleski, 53 Woodward avenue, Robert H. Murray, 112 Hillside street, William F. Donovan, 10 Codman street, Daniel J. Luddy, 185 West Ninth street, Anthony S. Ray, 111 Winthrop road, Louis B. Pearman, 96 Windsor street, Floyd A. Warren, 148 West Newton street, Edwin Chappelaine, 30 Upton street, Frank E. Atlas, 34 Paine street, Winthrop, George E. Myles, 105 Walford way, hospital medical workers, \$25 a week; Dr. Felix Heimberg, Boston City Hospital—East Boston Relief Station, physician (temporary), \$2,200 a year; Mary Doherty, 303 Hyde Park avenue, floor nurse, \$2,200 a year; John J. Duditis, 233 Highland street, fireman, \$49.18 a week; Eleanor M. Moriarty, 11 East Newton street, laboratory assistant, part time, \$17.76 a week; Grace M. Mantica, 1062 Bennington street, junior clerk-typist, \$1,400 a year.

South Department.

Provisional.—Dorothy Mullins, 94 East Concord street, hospital medical worker, \$24 a week.

INSTITUTIONS DEPARTMENT.

The following changes have been made for the week ending April 23:

Appointments.—Arlen P. Croft, Long Island Hospital, attendant, provisional, \$1,200 a year and maintenance; Pedro E. Santos, 34 Shurtleff street, Chelsea, pastry cook, provisional, \$1,400 a year and maintenance.

Terminations.—John F. Dolan, painter, permanent, \$1,600 a year; George F. Bergeron, Eleanor M. Elston, Francis A. McCaffrey, attendants, provisional, \$1,200 a year; Richard K. Squire, choreman—chauffeur, provisional, \$1,200 a year.

The following changes have been made for the week ending April 30:

Appointments.—Ernest N. Whitaker, Long Island Hospital, helper, paint shop, provisional, \$1,200 a year and maintenance; Peter F. Kelley, Long Island Hospital, Edward N. Barone, Long Island Hospital, cooks, provisional, \$1,200 a year and maintenance; Joshua E. Cottreau, 5 Marion street, East Boston, attendant, provisional, \$1,200 a year and maintenance.

Terminations.—Sherley J. Heath, pastry cook, provisional; Chandler T. Grace, helper, electrician's shop, provisional; George E. Baker, helper, serving room, provisional; Lauretta Connolly, attendant, provisional; John Connolly, winter fireman, temporary; Francis L. Kelly, Jr., helper, serving room, provisional; Charles H. Murphy, porter,

provisional; Patrick J. Monahan, cook, permanent; Patrick O'Mara, watchman, provisional.

Child Welfare Division.

Termination.—Robert F. Doolin, store-room attendant, temporary.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the appointment of the following as permanent laborers at \$38.75 a week in the Paving Service, to fill existing vacancies:

Anthony J. Finnerty, 84 F street, South Boston; Joseph E. McCormick, 89 Barry street, Dorchester; Robert J. Doherty, 30 Bardwell street, Jamaica Plain; Salvatore P. Totori, 131 Orange street, Roslindale; Leonard F. McCormick, 104 Brooks street, East Boston; William J. Crowley, 17 Howell street, Dorchester; Patrick J. Reilly, 87 Worcester street, Boston; Edmond P. McGonagle, 945 Parker street, Jamaica Plain.

Approval has been given for the appointment of the following as constables at \$2,000 a year in the Sanitary Division, to be assigned to preventive street-cleaning patrol:

James Amato, 10 Bulfinch street, Boston; Charles A. Cantwell, 4 Violante street, Mattapan; Joseph F. Coffey, 451 Meridian street, East Boston; Edward F. Collins, 330 Hyde Park avenue, Roslindale; John P. Cronin, 33 Brackett street, Brighton; James W. Daley, 46 Stanton street, Dorchester; Jeremiah A. Daley, 14 Concord street, Charlestown; Daniel J. * Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing supplies, labor, etc., to the various departments. Communications from the heads of the departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, May 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Subject to your Honor's approval I will award the laundry work of the Fire Department, without advertising, to the Merchants Towel Supply and Laundry Company, 59 Norfolk avenue, Roxbury, for the period January 1, 1947, to April 30, 1947, inclusive, for the approximate sum of \$1,535.

The foregoing company has been doing the laundry work of the Fire Department for the past several years, award of the contract having been made after public advertising. In 1946 the total amount of the contract was \$4,848.10.

In the 1947 budget only \$2,000 was allowed for this work although we had an increase of approximately five hundred employees. Only \$2,000 was allowed as we were undecided at that time whether or not beds were to be removed from the fire stations. If this had been done there would have been no need of appropriating any money for laundry work.

However, at the present time it appears that the beds will remain in fire stations and that the \$2,000 allowed will be totally inadequate to pay for laundry work during the remainder of 1947.

The Merchants Towel Supply and Laundry Company have been performing the laundry work of the Fire Department

(Continued on page 672.)

CONTRACTS AWARDED. WITHOUT ADVERTISING.

(Continued from page 671.)

for the following prices which are the same as quoted in their contract for 1946:

Sheets, 6 cents each; pillow slips, 3 cents each; towels, 2 cents each; bedspreads, 8 cents each; blankets, 25 cents each.

In my opinion no advantage would have been gained by publicly advertising this work inasmuch as during the past six years the bid of the Merchants Towel Supply and Laundry Company was the only one received after publicly advertising the work in the *City Record*. The prices are reasonable and from all the facts that I have been able to obtain the work could not be done at a lower cost than that now being charged.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

Boston, May 9, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—A fire in the pent house of the House Officer's Building recently made it necessary to use extinguishers which put the entire elevator system in that building out of order. In emergency the Consolidated Elevator Company was brought in and by the time the work was completed on April 29, 1947, the cost, which could not be anticipated when they were brought in, was \$1,606.56 to overhaul the elevator and rewind motors and repair and install necessary control wiring wherever necessary.

We therefore request your approval of this expenditure of \$1,606.56, without advertising, because of the nature of the emergency.

Very truly yours,

JAMES W. MANARY, M. D.,
Superintendent.

LIBRARY DEPARTMENT.

Boston, April 28, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In response to our invitation, sealed proposals were received and opened in the office of the Trustees at 12 o'clock on March 31, 1947, for repointing the brick masonry wall from the gutter line to the stone foundation line, and for resetting all brown limestone at the floor line that were out of alignment on the left side of the Brighton Branch Library, 40 Academy Hill road, Brighton. Bids were as follows:

W. A. MacLeod Company, \$947; Merton P. Ellis, \$996; Tradomnick-Billings Company, \$1,194.

A service order for the work was issued to the W. A. MacLeod Company, the low bidder. In the course of the work the contractor discovered that the three gables and the chimney were badly in need of repointing and that there were many places in the chimney where the brickwork was opened and soot was coming through. The contractor has indicated that there will be an additional cost of \$200 for making these repairs. We believe that this work can be done economically at this time inasmuch as the contractor is on the job with his staging and his men.

Since the total cost of doing all the above work will thus become \$1,147, it

is necessary to request your permission to have this additional work done, inasmuch as this amount is above the figure of \$1,000 beyond which there must be public advertising for bids.

Your permission is therefore respectfully requested for dispensing with public advertising for bids and for placing our order for the additional work with W. A. MacLeod Company without advertising.

Respectfully,

ABRAHAM E. PINANSKI,
President of Trustees.

Boston, May 9, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In response to our invitation, sealed proposals for certain gardening work to be done at the Central Library and at six of our branch libraries were received and opened at the office of the Trustees at 12 o'clock noon on April 28, 1947. Proposals were solicited from the following firms:

Dennis Driscoll & Co., 50 White place, Brookline, Mass.; The Frost & Higgins Company, 20 Mill street, Arlington, Mass.; Little Tree Nurseries, Rowley, Mass.

Only one bid was received and that came from the Little Tree Nurseries. The amount of the bid was in the sum of \$1,566. A letter was received from The Frost & Higgins Company expressing regrets at their inability to bid "due to the tremendous influx of business at this time."

The Little Tree Nurseries have done satisfactory work for us in the past and we believe the figure which they have submitted for all the work involved is reasonable. Since this amount is above the figure of \$1,000, beyond which there must be public advertising for bids, it is necessary to request your permission to award this work without publicly advertising for bids.

Your permission is therefore respectfully requested for dispensing with public advertising for bids and for placing our order for the work with Little Tree Nurseries, Rowley, Mass.

Yours very sincerely,

FRANCIS B. MASTERSON,
President.

PARK DEPARTMENT.

Boston, April 25, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The trees in Franklin Park and the area surrounding Franklin Park are badly in need of trimming and cutting, and several of them that are dead will have to be removed.

Under date of April 17, I retained the services of Fred Ralston & Co., 19 Rector road, Mattapan, one of the best known tree experts in this area, to do this work. This company is to furnish the necessary men, truck and tools for trimming, cutting and removing trees throughout the Franklin Park area, as directed.

The truck is furnished at the rate of \$1 per hour and the necessary men at the rate of \$1.50 per hour, the work to be done for a sum not to exceed \$1,900.

The Board of Park Commissioners respectfully requests your approval for this work to be done under a service order and charged to B-39 in the budget.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

Boston, April 30, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—For the past several months I have been doing some research on the efficiency of D.D.T. as a spray for the trees in parks and on various streets of the city. I have had considerable correspondence and some demonstrations as to the value of this mixture in the elimination of insects and bugs of all description that for many years have been destroying our trees.

Several tests have been held by the State Department of Parks and the U. S. Agriculture Department in which this department has taken part, and there is no question at all in regard to the superiority of spraying with this solution in preference to the old system of using calcium chloride and spraying with hose by hand. By having the proper type of material and equipment we can spray in a period of approximately three weeks as much area as we formerly did in three to four months, and the work can be done much more effectively.

I have been able to obtain an expert who has the proper type of equipment, namely, a Buffalo turbine sprayer in which the mixture is placed, then blown through a wide funnel in a forced air stream which envelops all trees within a distance of 300 feet of the sprayer. There is no dripping from the trees, no danger of injury to the public, nor any complaints such as we formerly had under our old system.

In addition to 100 per cent leaf-eating insect control, this spray will also eliminate flies, mosquitoes, etc., which will benefit the public health as well as give protection to trees and shrubs.

We have already had a three-day test of this spray on Boston Common, Commonwealth avenue, from Arlington street to Lake street, Evergreen Cemetery, sections of the Fenway, Jamaica Way, Arborway, and Franklin Park, and there is no question that this equipment will save the city a large amount of money in addition to leaving all our regular tree employees, who would ordinarily be used in spraying work, free for other necessary work.

I have received a quotation from Fred Ralston & Co., 19 Rector road, Mattapan, who agree to furnish one truck with Buffalo turbine blower, all the D. D. T. solution required for our work, and truck operator and turbine operator, at \$34.50 per hour.

As this concern has the proper equipment and the right men to handle this very important work, and as the Board of Park Commissioners believe nothing would be gained by advertising, I respectfully request that we be allowed to enter into a contract with Fred Ralston & Co. for spraying all trees in parks and on city streets for the approximate sum of \$4,000, charged to B-39 in the Park Department budget.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

Boston, April 30, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It was necessary for this department to repair the public address systems at both Parkman Bandstand and L Street Bath House. These systems have not been repaired for some years. The work had to be done by a concern qualified to do this type of repairs, who

had the necessary equipment. We were able to obtain the services of the Beacon Industries, 618 Little Building, Boston, who are electronic engineers and experts in this line of work.

At the Parkman Bandstand the entire system was overhauled, four new microphone stands and microphone horns being installed, a new speaker furnished, etc. The cost of this work is \$855.52.

At the L Street Bath House the system was overhauled and three new type horns, three master driveway units and new amplifier, microphone stand, etc., installed. This work amounted to \$595.

I know as a general practice it is not required to write your Honor for approval of any service orders amounting to less than \$1,000. These two orders were for work on two different locations, but as they went to the same concern I respectfully request your approval of the issuing of service orders to this company and payment for work done. The work performed was very satisfactory in every respect.

It will be charged to B-39 in the Park Department budget.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 30, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request the permission of your Honor to dispense with advertising and to engage the services of the firm of Charles A. Maguire & Associates, 11 Pemberton square, Boston, as engineers, to prepare the plans and specifications and to supervise the construction of an incinerator of 120-ton capacity which this department proposes to erect on city-owned land at Western Avenue and Everett street, in Brighton.

In view of the nature of the professional services involved, no benefit could be gained by publicly advertising for bids covering these services.

The cost of the proposed construction is not to exceed \$300,000, and the engineers' fees will equal 7 per cent of the full amount of the contract, but, in no event, shall it exceed \$21,000.

Of this amount, the sum of \$17,850 is for preliminary studies and complete working drawings and specifications. The balance is for all necessary supervision and inspection of the construction.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 30, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department has made efforts, through the medium of public advertisement, to purchase two (2) ambulances for the Boston City Hospital but has received no response to such public advertisement.

This office has also made efforts to secure quotations from the various manufacturers and dealers handling ambulance equipment, and as a result of this has obtained the following quotation from the William J. Troy Company, direct agent for the sale of Cadillac coach and ambulance equipment:

One 75-46421 Meteor Cadillac ambulance, f. o. b. Piqua, Ohio, including the

following equipment: two turret roof lights, front flashing; two rear roof lights, flashing; spot light, rear step, siren under hood; emergency cot and attendant seats (exchanged) and including federal tax, \$183.23—\$5,293.23; delivery charges, \$125—\$5,418.23; less federal tax, \$183.23—\$5,235; allowance on 1941 Packard ambulance, \$1,000—\$4,235.

In view of the above, I would respectfully request that permission be granted me to award a contract, without public advertisement, to the William J. Troy Company for furnishing to the Boston City Hospital one (1) Meteor Cadillac ambulance on the specifications and at the price shown above. This offer is accepted at the present price subject to adjustment, if any, to price in effect at time of delivery. It is also accepted with the provision that any downward revision in price would accrue to the benefit of the city.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 9, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On March 25, 1947, proposals for furnishing surgical dressings to the various city departments were publicly opened and read in this office.

On Item No. 21 of this proposal calling for 600,000 yards of gauze, no bids were received from any of the bidders. Since the City Hospital is urgently in need of this gauze, informal bids were requested by this department and the lowest price received for 200,000 yards was 4.6 cents per yard.

In view of the emergency that exists, I would respectfully request that permission be granted me to award a contract, without further advertisement, to the Thomas W. Reed Company, for furnishing 200,000 yards of gauze to the Boston City Hospital at a price of 4.6 cents per yard. The total amount of the contract will be \$9,200.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

SUFFOLK COUNTY.

COURT HOUSE.

BOSTON, May 7, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Last year, with your approval, the work accomplished by Daniel Marr & Son Co., Inc., as general contractor, with the assistance of A. B. Maddison Company, and the Beacon Plate and Window Glass Company, on seven bays on the front of the new Court House solved the problem of leaks around the metal window frames and spandrels throughout the new Court House under rain storm conditions.

The Commission concluded that it was best to do some of this work each year until completed, and has received a proposal of \$17,500 submitted by Daniel Marr & Son Co., Inc., as the general contractor in association with the other two above-named concerns. The contractor proposed to furnish the necessary labor, materials, and equipment to replace calking and to tighten ventilators on the steel sash located in 11 bays on the north side, from the 16th to the second floors, inclusive, plus three bays on the northeast side. The estimate is based on straight

time at current wage rates with insurance covering Workmen's Compensation and Public Liability.

The Commission, realizing that this work requires specialized knowledge of existing conditions of the work to be done on this building, and having full confidence in their qualifications, respectfully requests your permission to award the contract to Daniel Marr & Son Co., Inc., as general contractor, without advertising for bids.

The funds are available in our 1947 budget.

Respectfully yours,

COURT HOUSE COMMISSION,
by ARNO I. DREW,
Chairman.

SHERIFF'S OFFICE.

BOSTON, May 6, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

YOUR HONOR,—I respectfully request that service orders Nos. 3 and 4, under date of April 21, 1947, in favor of Scott & Company, Ltd., which cover the furnishing of uniforms of 29 court officers, be awarded with your approval to Scott & Company, Ltd., without public advertising.

These two orders involve an expenditure of \$993 from the Superior Court (General Expenses), Civil Sessions, and \$446.85 from Superior Court, Criminal Sessions. The total amount is \$1,439.85.

I feel certain that no advantage can be gained by publicly advertising this proposed purchase, because Scott & Company, Ltd., has the type of serge customarily worn by court officers which is generally unobtainable in the market today. Consequently, they are in the unique position of being the only available house which can fulfill satisfactorily the uniform requirements of the court officers. Moreover, their price is no greater than we would have to pay for these uniforms under competitive conditions.

I respectfully request your approval of these contemplated purchases.

Sincerely yours,

FREDERICK R. SULLIVAN,
Sheriff.

REALLOCATIONS AND TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the requests of the heads of the several departments indicated for the following transfers of appropriations:

ASSESSING DEPARTMENT.

BOSTON, May 7, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is respectfully requested that you permit the following change to be made in the Assessing Department budget for 1947:

From C-9, Office Equipment, \$25, to C-13, Tools and Instruments, \$25.

The reason for this request is that it is absolutely necessary to provide instruments for the engineering department, and no estimate of such requirements was made in the submission of the 1947 budget. It is now considered essential to provide funds by transfer for the payment of current needs in this item.

Respectfully yours,

BOARD OF ASSESSORS,
PETER J. ALLEN, *Chairman.*

ELECTION DEPARTMENT.

BOSTON, May 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Election Commissioners respectfully requests the following transfer in the 1947 budget of this department:

From C-7, Furniture and Furnishings, \$50, to C-15, Tires, Tubes and Accessories, \$50.

This transfer is necessary to permit payment (\$10) for tire chains under correct budget classification. They were purchased as an emergency during the severe snowstorm of February 21 for the departmental car.

May we explain that we believe that \$50 can be spared from our C-7 budget appropriation, since the consolidation of precincts in the first four wards has enabled us to salvage chairs which will be repaired at our storehouse. We will therefore not be required to purchase as many new chairs as had been anticipated. While the cost of the chairs was \$10, we feel it would be well to transfer \$50 to the C-15 item to insure having funds to cover purchase of such minor equipment as lights, fan belts, batteries. Despite the fact that the car is new, our experience has demonstrated that some replacements have to be made from time to time.

We trust that you will give this matter your favorable consideration.

Respectfully yours,

BOARD OF ELECTION COMMISSIONERS,
WILLIAM A. MOTLEY, JR., *Chairman.*

FIRE DEPARTMENT.

BOSTON, April 28, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—With your Honor's approval, I will charge the sum of \$5,810 to the 1947 Departmental Equipment Revenue account.

This sum is necessary in order to pay for two Chevrolet 500-gallon pumping engines which were purchased from the U. S. Army at a cost of \$5,810. The cost was originally charged to Item C-4 in the 1947 Fire Department budget, but the allowance requested in C-4 was cut from the budget.

These trucks were purchased at a much lower cost than they could be obtained from the manufacturer and were in good operating condition. Their purchase was required because of the fact that our new apparatus ordered in 1946 has not been delivered, and most of our present apparatus is over age and in poor condition.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT (Sanatorium Division).

BOSTON, April 23, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the following transfers in the Sanatorium budget for 1947:

From B-39, \$600, to C-16, \$600.

I am obliged to request this transfer because the appropriation allowed us has been completely exhausted due to the increased price of "johnnies" and our failure to obtain delivery of goods in 1946 with the result that we had to supersede the orders in 1947. The operating gowns, internes' suits, and so forth, for

the new operating room had to be purchased from this budget item.

From B-39, \$300, to C-17, \$300.

This transfer is being requested to provide for the purchase of vestments for the priests at the Sanatorium. The present vestments were bought well over 20 years ago and the chaplain advises me that they are no longer fit to use.

Respectfully submitted,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

INSTITUTIONS DEPARTMENT.

BOSTON, April 24, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Departmental Equipment Loan.

From Institutions Department, Long Island Hospital, Medical, Surgical, Laboratory Equipment, \$500; Electrical Equipment, \$300; Machinery Equipment, \$400, to Institutions Department, Child Welfare Division, Motor Vehicle Equipment, \$1,200.

To provide for purchase of Buick 5-passenger sedan to replace Dodge sedan, 1942 model, purchased in 1945 (second-hand).

The use of this automobile is for the movement of children and covers considerable territory. Since its purchase the outlay for repairs has been considerable and now it requires repairs of a major nature. Rather than continue with these constant repairs, with the car laid up, it is sound judgment that it be replaced while the turn-in value is high.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, April 25, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Steamers "James Michael Curley" and "Michael J. Perkins."

From C-7, Furniture and Fittings, \$100, to C-13, Tools and Instruments, \$100.

From D-3, Fuel, \$50, to D-8, Laundry, Cleaning and Toilet, \$50.

C-13. To provide tools such as wrenches, drills, and paint brushes, in order that minor repairs may be made by our own men.

D-8. To provide polish, soaps, etc., for remainder of the year. Prices have advanced and requisition No. 41 is being held on account of insufficient funds.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, May 5, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following transfer for the reason noted below:

From B-42, \$48.50, to B-19, \$48.50.

The present balance of our B-19 account is insufficient to provide funds for the removal of debris resulting from the reorganizing of departments in the Central Library.

Respectfully,

MILTON E. LORD, *Director.*

OVERSEERS OF PUBLIC WELFARE.

BOSTON, April 30, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer within the A item of the Temporary Home appropriation of this department:

From A-2, Temporary Employees, \$50, to A-3, Unassigned, \$50.

At the meeting of the Board of Overseers held on April 14, 1947, it was voted to grant salary to the cook who worked two days although they were her days off and for any future time on which she may be requested to work on her day off. This transfer is necessary due to the difficulty in obtaining sufficient staff as a civil service list has not as yet been established for matron.

Very truly yours,

WILLIAM G. O'HARE, *Secretary.*

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, May 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfer of funds:

House of Correction.

From B-8, Heat, Light, Power, \$700, to C-11, Marine, \$700.

When submitting the annual budget estimates provisions were made for ordinary yearly requirements in Item C-11 and same were sufficient for that purpose. Developments have arisen since that time which makes it imperative to have the additional money requested above. It will be necessary to make use of the Institutions boat this year for trips to the various islands in Boston Harbor with inmates and officers to make repairs, etc., particularly at Rainsford Island where a city and military cemetery is being considered. These islands have neither wharves nor landings for the boat; therefore, tenders, etc., will be required for transferring parties and for carrying tools and implements.

The money requested can be transferred from B-8 as delays in installations and scarcity of material has held back the transfer from direct current to alternating current and consequently the expenditures for light and power to power company will not necessitate the entire appropriation.

Very truly yours,

MAXWELL B. GROSSMAN,
Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to transfer Sanitary Division funds as follows:

From C-15, Tires, Tubes and Accessories, \$465, to C-16, Wearing Apparel, \$465.

This money is needed to assist in payment for purchase of coveralls for mechanics at the new service station at Highland street. The total cost is \$625. Coveralls are being used, and we wish to pay the vendor.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, May 5, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We respectfully request that you amend the Sewer Division budget as follows:

From C-13, Tools and Instruments, \$35.50, to C-5, Motorless Vehicles, \$35.50.

The transfer of \$35.50 from C-13 to C-5 is necessary, in order to pay for a two-wheeled freight truck, which is to be used for the moving of iron castings at the South End Sewer Yard. No appropriation was allowed in C-5 for 1947. Funds are available out of C-13 for this purpose.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, May 5, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We respectfully request that you amend the Sewer Division budget as follows:

From D-13, Chemicals and Disinfectants, \$50, to D-8, Laundry, Cleaning, Toilet, \$50.

Additional funds are needed in D-8 for the purchase of soap and soap powder for the Calf Pasture Pumping Station and sewer yards. There is sufficient money out of D-13 for this purpose.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

TREASURY DEPARTMENT.

BOSTON, April 29, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request the following transfer of funds within the 1947 Treasury Department budget:

From B-1, Printing and Binding, \$25, to B-3, Advertising and Posting, \$25.

This transfer is necessary to provide funds for the advertising in the Boston *Sunday Globe* of low value land to be auctioned by me on May 6, 1947.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

POLICE DEPARTMENT ORDERS.

General Order No. 899.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officers, members of the Boston Retirement System; effective at the close of business Saturday, May 31, 1947.

Wherefore, in view of this operation of law, after May 31, 1947, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Patrolman John J. White, Division 13.
Patrolman Charles A. Sullivan, Jr., Division 15.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective May 14, 1947:

Exchange Place, Boston Proper.

From Kilby street to Congress street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of construction of a tunnel, estimated to be six (6) weeks, vehicles are excluded from the following street, effective May 19, 1947:

Parker Hill Avenue, Roxbury.

From Hillside street to Sunset street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of construction of the Telephone Building, estimated to be one (1) year, parking of vehicles is prohibited in the following street, effective May 16, 1947:

High Street, Boston Proper.

Northwest side, from Pearl street to Congress street.

CIVIL SERVICE EXAMINATIONS.

NOTE:—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

FIRE ENTRANCE, JUNE 14, 1947.

Last date for filing applications, Monday, May 26, 1947, at 5 p. m.

As a result of this examination, eligible lists will be established for fire service for all cities and such towns as are classified under civil service, and for call fire service for all cities and towns which have such service.

The eligible lists established as a result of this examination will be combined with any existing lists, but the name of an applicant which appears more than once on a combined list will be certified in any one certification only from his higher rating.

Salary: Inquiry concerning salaries in the various cities and towns should be made at local departments.

Vacancies: From time to time.

Duties: The regular duties of a municipal fireman.

Entrance Requirements: Applicants for the fire service of the City of Boston who have not reached their twenty-second birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Applicants for the fire service or call fire service of all other cities and towns who have not reached their twenty-first birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 6, Class 21.

Veterans who attain the age of twenty-one on or before the date of examination are eligible for admission to the examination. (See chapter 221 of the Acts of 1946.) Applications may be filed by veterans who will have attained the age of twenty-one within six months after the date of the examination, and their acceptance will be determined by legislation

in effect on the date of examination. Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440 of the Acts of 1945.)

Applicants for Worcester must be not less than 5 feet 5 inches in height. Applicants for Lynn must be not less than 5 feet 5 inches in height, and must weigh not less than 130 pounds. Applicants for Winchester must be not less than 5 feet 8 inches in height, and must weigh not less than 135 pounds.

Subjects and Weights (For both Fire Service and Call Fire Service): Training and experience, 3; practical questions, including general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests.

To become eligible, applicants must obtain at least 70 per cent in the strength test, but the mark will not be averaged with the educational mark.

The written examination will consist of questions on general information and questions based on Part I of a manual known as the "Red Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 25 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring fire manuals to the examination room.

STATISTICAL MACHINE OPERATOR, (KEY PUNCH), BOSTON AUDITING DEPARTMENT, JUNE 28, 1947.

Last date for filing applications, Monday, June 9, 1947, at 5 p. m.

Salary: The minimum salary is \$1,400 a year; the maximum salary is \$2,100 a year.

Vacancies: At present there are five vacancies for females, to be filled on a permanent basis.

Duties: To operate, accurately and speedily, the following Remington-Rand machines: Model 3 Alphabetic-Numeric Punch; Numeric Portable Punch; Model 3 Alphabetic-Numeric Interpreter; to manually verify punched cards; to file punched cards in proper numeric or alphabetic sequence; to verify accuracy of final pay rolls; and to perform related work as required.

Examples of Duties: Transferring alphabetic and numeric information from original document to punched cards; interpreting and verifying newly-punched cards; inter-filing punched cards in original file in alphabetic or numeric sequence; checking final pay rolls and statistical lists against original document.

Entrance Requirement: Applicants must have at least six months of full-time paid experience in the operation of key punch machines. Substitution: Completion of a course in a recognized school in the operation of such machines may be substituted for three months of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, including practical tests in the operation of Remington-Rand key-punch and interpreter machines, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 12, 1947.

Regular meeting of the City Council held in the Council Chamber at 2 p. m., President KELLY in the chair, and all the members present.

The meeting was opened with the salute to the Flag.

Coun. FISH in the chair.

Higgins, Ward 2; Samuel Hermann, Ward 3; Clarence H. Barnes, Ward 4; Earle B. Compton, Ward 4; William R. Drybread, Ward 4; William Pennington Baker, Ward 5; Oscar Green, Ward 5; James J. Malone, Ward 6; Anthony DelPapa, Ward 7; Thomas P. Fidelle, Ward 7; Stephen W. Bartlett, Ward 8; Charles H. Litchfield, Ward 8; Michael Ferber, Ward 9; Leonard Mealey, Ward 9; Edward J. Gilman, Ward 10; Felice Antonio Giovanniello, Ward 10; John Lally, Ward 10; Reginald B. Harrison, Ward 11; Patrick A. Hart, Ward 11; Edward A. Hughes, Ward 11; James Lambert, Ward 11; John W. Walsh, Ward 11; Joseph F. Weiler, Ward 11; James J. Ford, Ward 12; John J. Ford, Ward 12; James T. Healy, Ward 12; Morris Lampke, Ward 12; Morris Rodman, Ward 12; Israel Sheinfeld, Ward 12; Charles B. Walker, Ward 12; John J. Austin, Ward 13; Robert M. Coneys, Ward 13; Joseph H. Bennett, Ward 14; Louis L. Bennett, Ward 14; Samuel Elman, Ward 14; John N. Fountas, Ward 14; Abraham Greenberg, Ward 14; Joseph Greenfield, Ward 14; Abraham Jacobs, Ward 14; Samuel F. James, Ward 14; Samuel Lesburg, Ward 14; Irving Nintenson, Ward 14; John Pirrone, Ward 14; Charles B. Salvine, Ward 14; Abraham Schwartz, Ward 14; Martin J. Shufro, Ward 14; Bernard Buechs, Ward 15; Edward Castelnova, Ward 15; Edward H. Lally, Ward 15.

Herbert C. Armstrong, Ward 16; Carl E. Carlson, Ward 16; George A. Curtis, Ward 16; Frank R. Hill, Ward 16; Thomas P. McGourty, Ward 16; Eugene F. Moore, Ward 16; Louis A. Ricci, Ward 16; William J. Tibert, Ward 16; William S. Yovino, Ward 16; Walter J. Bingel, Ward 17; Stanley B. Hersey, Ward 17; William McLean, Ward 17; John R. Cataldo, Ward 18; William E. Fierman, Ward 18; Nathan B. Green, Ward 18; Joseph L. LeBlanc, Ward 18; John A. MacRae, Ward 18; Lewis J. Bowen, Ward 19; Patrick J. Carroll, Jr., Ward 19; Manuel F. DeLeon, Ward 19; James M. Devlin, Ward 19; Joseph T. Hanlon, Ward 19; Haskell N. Harrison, Ward 19; Joseph W. Henries, Ward 19; John F. Keeley, Ward 19; Daniel O'Connell, Ward 19; Thomas M. O'Flaherty, Ward 19; Timothy P. Sullivan, Ward 19; Lawrence J. Whalen, Ward 19; Arnold Wolf, Ward 19; Urban W. Bruning, Ward 20; Daniel Donovan, Ward 20; Edward L. Hickey, Ward 20; William J. Hurley, Ward 20; James D. Lambie, Ward 20; George O. Olsen, Ward 20; Michael B. Coyne, Ward 21; Edward R. Doherty, Ward 21; Frank P. Hallenbrook, Ward 21; John J. McMahon, Ward 21; Kyrán P. Walbourne, Ward 21; William Wolfe, Ward 21; John Fitzgibbon, Ward 22; Almon Gibbons, Ward 22.

President KELLY in the chair.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments for the term ending April 30, 1948:

Constables authorized to serve civil process upon filing of bond: William H. Lynch, 236 Kittredge street, Roslindale, Mass.; William G. Campbell, 71 Richmere road, Mattapan, Mass. Weighers of Goods: Roger W. Curtis, 12 Pond street, Hyde Park, Mass.; Miss Edith Goldrosen, 10 Stanwood street, Roxbury, Mass.

Severally referred to the Committee on Constables and Confirmations.

SURVEY OF HEATH STREET, WARD 10.

The following was received:

City of Boston,

Office of the Mayor, May 9, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of March 10, 1947, concerning the making of a survey of Heath street, Ward 10, with a view to eliminating serious hazards to pedestrians, due to increasing vehicular traffic.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, May 5, 1947.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—This is in reply to City Council order dated March 10, 1947, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a thorough survey of Heath street, in Ward 10, with a view to devising some means of eliminating the now existing serious hazards to pedestrians, especially children, on that thoroughfare, from the constantly increasing vehicular traffic.

At the present time parking is prohibited in the south side of Heath street from Columbus avenue to South Huntington avenue and several warning signs have also been erected. I agree that there is a definite hazard to children who play on the street and I believe that this is a matter for the Police Department.

This office contacted the captain in charge of this Police Division and he has agreed to give this street particular attention.

Respectfully,

LEO F. CURLEY, Commissioner.

Placed on file.

NAMING OF INTERSECTIONS IN MEMORY OF DECEASED VETERANS.

The following was received:

City of Boston,

Office of the Mayor, May 9, 1947.

To the City Council.

Gentlemen,—The committee appointed by me in 1946 to recommend the naming of certain intersections in the city in memory of deceased veterans, has forwarded me a recommendation, as herewith attached, that eleven intersections in various parts of the city, be named for veterans who sacrificed their lives during the period of World War II in order that liberty and freedom might exist in the world.

I understand the committee has made its recommendations after considering various proposals, and has attempted, insofar as possible, to name intersections in honor of local heroes.

I submit, herewith, separate orders for the naming of each intersection as recommended, and I respectfully request approval of these orders by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Street Laying-Out Department,

May 6, 1947.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—The committee named by you to advise with regard to the naming of squares for veterans, having met and considered various proposals, have decided to name the following intersections:

Circle at junction of Westland Avenue entrance and the Fenway—MEMORIAL CIRCLE—in honor of those residents of the Back Bay who gave their lives in defense of their country in the second World War.

Intersection of Longfellow street and Draper street, Dorchester—FRANCIS WILLIAM CAREY SQUARE—Coxswain Francis William Carey was lost in the sinking of the USS "Ingram" on August 22, 1942—only veteran of World War II who was born on Longfellow street and made the Supreme Sacrifice.

Intersection of Washington street and Zeigler street, Roxbury—LIEUT. GEORGE VACCARO SQUARE—Lieutenant Vaccaro was killed on his 131st mission over Valence, France; he was holder of the distinguished service cross, the Silver Star, two air medals with clusters and the Purple Heart.

Intersection of Harrison avenue and Northampton street, Boston—SERGT. PATRICK CRISAFULLI SQUARE—member of the Marine Corps, who died at Iwo Jima.

Intersection of Gallivan Boulevard and Washington street, Dorchester—WILLIAM G. WALSH SQUARE—William G. Walsh was a resident of district all his life—was awarded the Congressional Medal of Honor posthumously—served with the Fifth Marine Division on Iwo Jima.

Intersection of Oak street and Hudson street, Boston—MICHAEL ABRAHAM SQUARE.

Intersection of Sharon street and Harrison avenue, Boston—JOSEPH JAHJAH SQUARE.

Intersection of Milford street and Shawmut avenue, Boston—SAMUEL NASER SQUARE.

Intersection of Shawmut avenue and Dwight street, Boston—GEORGE and SHAFIE ABRAHAM SQUARE.

Intersection of Charter street and Hinchman street, Boston—ISADORE J. ACCARDI SQUARE.

Intersection of Foster street and Commercial street, Boston—CARMINE A. DANTONE SQUARE.

It is the opinion of the committee that the above squares are designated for veterans whose record in the service of our country should be memorialized.

Respectfully submitted,

CHARLES E. MANION, Chairman.

Ordered, That the circle at Westland Avenue entrance to the Fenway be named Memorial Circle in honor of residents of Back Bay who sacrificed their lives in World War II.

Ordered, That the space at the junction of Longfellow street and Draper street, Ward 15, be named Francis William Carey Square, in honor of Francis William Carey, late veteran of World War II.

Ordered, That the space at the junction of Washington street and Zeigler street, Ward 9, be named Lieut. George Vaccaro Square, in honor of Lieut. George Vaccaro, late veteran of World War II.

Ordered, That the space at the junction of Harrison avenue and Northampton street, Ward 8, be named Sergt. Patrick Crisafulli Square, in honor of Sergt. Patrick Crisafulli, late veteran of World War II.

Ordered, That the space at the junction of Gallivan Boulevard and Washington street, Ward 17, be named William G. Walsh Square, in honor of William G. Walsh, late veteran of World War II.

Ordered, That the space at the junction of Oak street and Hudson street, Ward 3, be named Michael Abraham Square, in honor of Michael Abraham, late veteran of World War II.

Ordered, That the space at the junction of Sharon street and Harrison avenue, Ward 8, be named Joseph Jahjah Square, in honor of Joseph Jahjah, late veteran of World War II.

Ordered, That the space at the junction of Milford street and Shawmut avenue, Ward 3, be named Samuel Naser Square, in honor of Samuel Naser, late veteran of World War II.

Ordered, That the space at the junction of Shawmut avenue and Dwight street, Ward 3, be named George and Shafie Abraham Square, in honor of George and Shafie Abraham, late veterans of World War II.

Ordered, That the space at the junction of Charter street and Hinchman street, Ward 3, be named Isadore J. Accardi Square, in honor of Isadore J. Accardi, late veteran of World War II.

Ordered, That the space at the junction of Foster street and Commercial street, Ward 3, be named Carmine A. Dantone Square, in honor of Carmine A. Dantone, late veteran of World War II.

Referred to the Executive Committee.

APPROPRIATION FOR AUDIT OF DEPARTMENTAL ACCOUNTS.

The following was received:

City of Boston,

Office of the Mayor, May 12, 1947.

To the City Council.

Gentlemen,—I am in receipt of the attached communication from the City Auditor in which an appropriation of five thousand dollars is requested for the audit and examination of departmental accounts by reputable accounting concerns. In the belief that it is for the best interests of the city to provide for the annual examination of departmental accounts, I submit herewith an appropriation order and respectfully recommend its adoption by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Auditing Department, May 8, 1947.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—Under the provisions of section 23 of the City Charter, departmental accounts are "subject to the inspection and revision of the City Auditor." For a number of years, I have endeavored to carry out this provision by assigning, when the work of this office would permit, staff members of the department to conduct audits and examinations of departmental accounts. Under this procedure, it has been impossible, because of the number of departments to be covered, to maintain this phase of the work of this department on a current basis. Feeling that it is not only desirable but necessary to provide for an annual examination of the accounts of departments handling cash, I desire to supplement the work which may be performed with staff members by the employment of reputable accounting concerns. To this end, I request that an appropriation of five thousand dollars (\$5,000) be made available in Item B-28 of the Auditing Department budget to permit an expansion in the inspection and examination of departmental accounts.

Very truly yours,

CHARLES J. FOX, City Auditor.

Ordered, That the sum of five thousand dollars (\$5,000) be, and hereby is, appropriated to be expended as hereinafter specified, said sum to be raised by taxes on the polls and estates in the City of Boston and that all orders heretofore passed by the City Council relating to appropriations, taxes and the interest thereon apply to the appropriations and taxes herein provided for.

Auditing Department.

B 28, Expert \$5,000

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Lillian Anderson, for compensation for injuries caused by an alleged defect in Nashua street.

Theodore Bulis, for compensation for damage to car by city truck.

Thomas F. Joyce, to be reimbursed for loss of clothing at City Hospital.

Henry W. Magnusson, for compensation for injuries caused by fire apparatus.

Saba Najjar, for refunds on Sunday license and soft drinks license.

Theodore Rubinovitz, for compensation for damage to property at 27 Cambridge street, caused by defective water pipe.

Katie E. Stewart, for compensation for damage to car by city car.

Mrs. L. Sweeney, for refund on dog license.

Committee on Licenses.

Petition of Sutcliffe Transportation Company for license to operate motor vehicles between airport and private way leading to Porter street, Porter street, Summer Tunnel, Cross street, through Haymarket square, Canal street, Causeway street, North Station, Causeway street, through Keany square, Commercial street, Atlantic avenue, through Dewey square, Summer street to South Station. Also from junction of present route in Adams square at Congress street, through Post Office square, Milk street, Federal street or High street, Summer street, through Dewey square, Atlantic avenue, Kneeland street, Stuart street, or via Eliot street, Columbus avenue, to Arlington street, Arlington street, St. James avenue, Huntington avenue, to Copley square.

PERMITS FOR CHILDREN TO APPEAR.

Petitions for children under fifteen years of age to appear at places of public amusement were received as follows:

John S. Bowes, New England Mutual Hall, May 1, 24; Katharine M. Foley, Recital Hall, June 1; Jean Paige, Jordan Hall, May 28; Gertrude Dolan, Jordan Hall, June 6, 12, 20, 27; Katharine D. O'Gorman, New England Mutual Hall, May 27; Hazel Skaggs, Recital Hall, May 23; Lilafrances Viles, Hyde Park High School, June 9; Virginia Williams, Jordan Hall, June 16.

Permits granted under usual conditions.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of the following, having been duly approved by the City Treasurer, were received and approved by the Council:

Henry G. Dahlquist, Patrick J. Donovan, Salvatore Grassa, Arnold Klevens, Louis Leventdorf, Anthony Luongo, Salvatore Maffei, Norman M. Mensies, Jr., Louis Richmond, William Tatel, Joseph Todisco, Rudolph L. Trent.

PUBLIC WELFARE DEPARTMENT ORGANIZATION.

Notice was received from the Public Welfare Department of organization as follows:

Chairman, Louis P. Leonard; Vice-Chairman, Miss Sophie M. Friedman; Treasurer, Edward H. Willey; Secretary, William G. O'Hare.

Placed on file.

TRANSPORTATION OF CATTLE.

A communication was received from the Health Commissioner enclosing instructions from Director of Division of Livestock Control of Massachusetts Department of Agriculture, that Order No. 48, relative to transportation of cattle into Commonwealth of Massachusetts, shall be filed with City Clerk, who shall post same in a conspicuous public place.

Placed on file.

PUBLIC UTILITIES DEPARTMENT HEARING.

Notice was received from the Department of Public Utilities of hearing on petition of Boston Elevated Railway Company, for changes in east loop, Dudley street station, on Friday, May 23, 1947, at 11.30 a. m.

Placed on file.

APPOINTMENT OF SINKING FUNDS COMMISSIONER.

Notice was received from the Mayor of appointment of John Fox, 89 State street, as member of Board of Sinking Funds Commissioners, for term ending April 30, 1950, vice Arthur J. Kelly, term expired.

Placed on file.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from William H. Ellis, member of Board of Appeal, of interest of W. H. Ellis & Son Company in contract for repairs on Warren Bridge fender guards.

Placed on file.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of I. Joseph Mirkin (referred May 5) as constable for term ending April 30, 1948, authorized to serve civil process upon fling bond—recommending that appointment be confirmed.

Report on appointments of Ida Zaks and Simon Cauty (referred May 5) as Weighers of Coal for term ending April 30, 1948—recommending that appointments be confirmed.

Report on appointments of James Keane and Reed Freeman (referred May 5) as Weighers of Goods for term ending April 30, 1948—recommending that appointments be confirmed.

Report on appointment of William F. Callahan (referred May 5) as Weigher of Beef for term ending April 30, 1948—recommending that appointment be confirmed.

The reports were accepted, and the question came on confirmation of the appointments. Committee, Councilors Russo and Cantwell. Whole number of ballots 12, yeas 12, and the appointments were confirmed.

REPORT OF COMMITTEE ON RULES.

Coun. SULLIVAN, for the Committee on Rules, submitted the following:

Report on resolution (referred May 5) opposing sales tax—recommending that same ought to pass.

The report was accepted, and the question came on the passage of the resolution.

Coun. KEENAN—Mr. President, this is an order I introduced last Monday. I think notice should be sent to the Governor and to the members of the Massachusetts Legislature showing that the members of the Boston City Council are opposed to the sales tax the Governor is attempting to put on the people of the Commonwealth. I think the sales tax will be a big burden on large families, especially those with a lot of children, and I also say the extra two-cent tax will be a burden on automobile owners—we now have a three-cent tax. I ask the Clerk to notify the Governor and the members of the Legislature of our position on these taxes.

President KELLY—The Clerk will so be informed.

Coun. COOK—Mr. President, I wish to commend the councilor for his order. I would like to point out to the members of the Council that the slogan of the present Governor, "Let's straighten things out in Massachusetts," has been changed to "Let's flatten out the poor in Massachusetts." He knows, and everyone else knows, that the poor are getting poorer. The sales tax affects low wage earners and the great mass of people. The best he can do to straighten out Massachusetts is to keep back of the poor people, and all of us ought to remember that in the next election. I hope the sales tax is defeated, and all other taxes that will be a burden upon the mass of people and not upon those who can afford to pay and should pay.

Coun. BAYLEY—May I have the order read, Mr. President? I was out of the room.

President KELLY—The Clerk will read the order.

(The resolution was read.)

The resolution was passed.

ACCEPTANCE OF ACT RE COMPENSATION OF POLICE DEPARTMENT MEMBERS.

Coun. KELLY offered the following: Ordered, That chapter 342 of the Acts of 1947, entitled "An Act Increasing the Compensation of the Members of the Police Department of the City of Boston" be, and hereby is, accepted.

Coun. LINEHAN—At this time, I would like to ask the permission of the President to add the following names to his order: Councilors Linehan, Hannon, Bryan, Fish, Keenan, Scannell, and Bayley of the Back Bay would like to be added.

President KELLY—Wait.

(Councilors Sullivan, Moriarty, Kinsella and Linehan all addressed the President.)

President KELLY—Just one minute. The Chair will state in fairness to all councilors that when this order is passed, he is going to order it on a roll call vote, and everybody will have a chance to cast his vote.

Coun. LINEHAN—I still press my motion. If there is any other councilor who wants to join, I would like to have him added to it.

President KELLY—I will be glad to have other councilors join in my order, councilor.

Coun. LINEHAN—Those names I mentioned signified their intention: Linehan, Hannon, Bryan, Fish, Keenan, Scannell, and Bayley.

President KELLY—If there is no objection, I will have the 22 members added to it. We cannot do that—it is illegal.

Coun. LINEHAN—I still press my motion.

President KELLY—I am informed the right way to do it is to let the order remain as it is, and have a roll call taken on the order, councilor.

Coun. LINEHAN—All right, Mr. President. At the outset, I believe it would be appropriate to read the Act passed by the Legislature, and signed by the Governor on May 5, 1947:

CHAPTER 342 OF THE ACTS OF 1947.

An Act Increasing the Compensation of Members of the Police Department of the City of Boston.

Be it enacted by the Senate and House of Representatives, in General Court assembled, by the authority of the same, as follows:

SECTION 1. Notwithstanding provisions of section 13 of chapter 291 of the Acts of 1907, as amended, the minimum annual compensation of each patrolman of the Police Department of the City of Boston is hereby established as follows: For the first year of service, \$2,500; for the second year of service, \$2,700; and for the third year and each succeeding year of service, \$3,000. The compensation of each member of such department above the rank of patrolman is hereby increased by an amount equal to ten per cent of annual compensation received by him on the day immediately prior to the effective date of this act.

SECT. 2. This act shall take full effect upon its acceptance by the vote of the City Council of the said city.

At the present time, Mr. President, I have been informed that the patrolmen start at \$2,000 and in the course of three years receive eventually \$2,700. That is to say, they start off with \$2,000 and they go to \$2,300, \$2,600, and finally to \$2,700. I might also say, for the benefit of the members of the Police Department, that Commissioner Sullivan has fought for an increase in pay for the policemen ever since he has been Commissioner. There might be many people in his department who might take issue with him, but I know ever since he has been Commissioner he has gone to the Legislature to try to increase the pay of the men who work under him. I think this is a climax to some work that he has put in over a period of years, in addition to what other organizations have done—one organization composed of the wives of the policemen. They have done a fine job all through the years. At the present time there are about at least five cities throughout the Commonwealth that pay their policemen \$3,000 a year or more. In Cambridge they receive \$3,000 a year. In Hull they have a \$2,400 minimum, and a \$3,000 maximum in six years. In Milton they receive \$3,133 a year, which is \$133 a year more than the Boston patrolmen get under this Act, if it is accepted by the Council. In Stoneham they receive \$3,000 a year. In Wellesley they get \$2,700, \$300 bonus, and \$50 for uniforms. So when we, as members of the city government, go along with this Act which was passed recently, we are not doing something which is setting a precedent for other cities, but we are following other cities that have gone forth without the approval of the Legislature, who have seen the work done by the men on the Police Department and have gone ahead and voluntarily increased their salaries. Now, without the consent of the Mayor and without the approval of the Mayor, we can pass this Act, and it will become effective on the date we accept it, and I sincerely hope all the councilors go along and approve this measure 100 per cent, and show the men in the Police Department we appreciate the work they are doing every day throughout the year.

Coun. HURLEY—Mr. President, Councilor Sullivan and I had a similar order drawn up asking that this Body accept the Act of the Legislature. After talking it over, we thought we would withdraw the order and have the Chair submit the order, which I think would be representative of the entire Body. I don't think that the Police Commissioner should take too many bows on this. I remember having a conversation with the Commissioner out here in back two years ago. We here all know that it does not take an Act of the Legislature to increase any employee's salary in Boston because that is the right of the Mayor, and I imagine that he takes the advice of his department heads. We all know the Police Commissioner in reality is a department head of the city. I asked him at that time, "Why don't you go to the Mayor and make a recommendation to him that the police force and officers of the department receive a salary, comparable to New York, to which I think they are entitled?" But he did not want to do that. I don't know what work he has done in the meantime for the further advancement of wages for the Police Department, but he was not cooperative two years ago when I spoke to him outside Thompson's Spa and asked him, "Why don't you go to see the Mayor"—this was less than two years ago—and ask him if he could not get a raise for the police force and the officers of the City of Boston Police Department?" But from my talk with members here, I am quite sure there will be no trouble in passing this order. We want no one working for the city to live in poverty and destitution. We see in the papers that the cost of living has gone up 10 or 15 or 20 per cent in the space of a year. We want a living wage for them and the

others too who work for the city. I think the other departments in the City of Boston are in a bad way for making both ends meet. We all know the police do not have time off, they are called upon for extra duty in court, on election days, parade days, and never get a cent of compensation for this. Of course, this is a great start to help them, and to know that they will have a fair wage—not a big wage, a fair wage—and that they can bring up their families and support them decently. I hope, Mr. President, that this order will pass unanimously.

Coun. KINSELLA—Mr. President, I don't suppose the question even in part is—Who gets the credit for this? It would be a little short of criminal to refuse to accept this Act down here, not that there is any disposition to do so—after the bold step has been taken by the Legislature. The only regret I am expressing, and, of course, I am voting on this, is that it did not include the firemen. I am aware of the fact that the people primarily responsible for the passage of the Act are here, and the policemen's wives are present, too. Aside from all that, I think it is one of the few acts of justice that the Legislature perhaps has performed this year. Those of us in the city government come in contact with the Police and Fire Departments many times in a year. We have heard their personal complaints, all of which, in my opinion, were well justified. As long as the issue of credit has been brought up, I can't see that the lowliest private in the Police Department just appointed is any less to be considered than a man getting \$10,000 a year, and I only wish that the people present in the gallery were not here at this moment because it sounds a little too apt to say these things in their presence, but I will never be able to understand, and I am forty-five—even if I live forty-five more years—why it is a cop on the street, who might be a corpse at any time, has to go for years and years before he gets his just deserts when the department head, with no personal risk involved, gets over three times his salary. That is one of the minor mysteries of life none of us can solve, least of all can I. I don't think, as Councilor Hurley has said, that the Commissioner ought to be commended too highly. It is not so long ago that certain uniformed police officers complained to me of his behind-the-scene offer to knock down their pay raise. It is unfortunate. I am delighted they got it, and I seriously advise the firemen to get busy because the Legislature will probably prorogue very early in June. I would like to feel the self-same bill, changing only the title from that of police officer to that of fireman, will go through the Rules Committee and will go through the House and Senate, will go into the Governor's office and be signed with the same celerity this bill was signed because their interests have run along hand in hand ever since the creation of the two departments. They are both protective forces: One protects us from the depredations of our fellow men and the other protects us against fire, one of the greatest menaces in nature. When you recognized me when you did—and I am certain I would not have asked for recognition again, but now I have accepted it—my primary purpose was to congratulate the Police Wives' Association for the fine work they did, and to recommend as strongly as possible that the firemen's wives get busy and not let it go until 1948. Personally, I think they ought to get it today, but we are not in a position to do it for them. I hope unanimous approval is given to this Act.

Coun. COOK—Mr. President, one reason I am speaking on this is to bring this to your attention and to the attention of the members of the Body; ordinarily, this would go to the Committee on Finance. I read in the paper, and I think it is pretty authoritative, that the expense to the city would be \$700,000. I know that the Mayor has sent down supplementary appropriation recommendations for equipment for various departments, the Fire Department especially. So far as I am concerned, the best equipment we can have in the Police Department is satisfied members of the force. Certainly, no police officer working for less than \$2,500 a year is a satisfied police officer, or any public servant, as conditions are today. Therefore, I am heartily in favor of passing this order, which is an acceptance of the Act, under suspension of the rules and without sending it to the committee. I don't think anyone of us can be accused of acting hastily because the Legislature knew full well the financial problems of the city, and we know the financial problems of the city, and I think if we watch carefully the recommendations as they come later on for supplementary appropriations—and I notice we have one here for \$30,000 for the Boston Housing Authority to study housing and some other plans which have been studied so much they would make a larger book than Anthony Adverse—I think we can use the money where it is best and most needed, in public service. The beginning wage of \$2,500 and step-rates as they are in the act, up to \$3,000, is fairly reasonable in these times, and I don't think there is any member of our Body or the Finance Commission or even the Mayor who can point out to us we cannot get the money to pay for the services we need and to pay for the fair rate the Legislature has allowed us to accept. I hope this is accepted under suspension of the rules.

President KELLY—The question comes on the suspension of the rules. All those in favor, say "aye," those opposed, "no," it is ordered. The

question comes on the passage of the order, and the Clerk will call the roll.

The order was passed, yeas 21, nays 0:
Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—21.

Nays—0.
Later in the session Councilor Carey said: Mr. President, on the police pay bill, I wish to be recorded in favor, as voting "yes".

President KELLY—As there is no objection. Councilor Carey is recorded "yes" on the police pay bill.

REPORT OF COMMITTEE ON PARKMAN FUND.

Coun. LANE, for the Committee on Parkman Fund, submitted the following:

Report on message of Mayor and order (referred April 14) for appropriation of \$48,000 from income of George F. Parkman Fund to be expended under direction of Park Commissioners—that same ought to pass.

The report was accepted, and the question came on the passage of the order. The order was passed, yeas 18, nays 0:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Fish, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell—18.

Nays—0.

OUT-OF-TOWN CRUISING CABS.

Coun. COOK offered the following:
Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to take such steps as are necessary to enforce the cab regulations preventing out-of-town taxis from cruising in the City of Boston.

Coun. COOK—Mr. President, I am sorry the various people interested in the raise to the Police Department did not stay to hear this. This order was brought about by some complaints I received from Boston cab drivers who complained that the regulation against keeping out-of-town taxi drivers from cruising in our city is not enforced as strictly as it should be. At least 200 out-of-town cab drivers are picking up business in our city, and others have told me when they go to another town they are picked up immediately if they have a cab fare. It seems to me the Police Department, who are in the service not only to protect our property and our lives, should make sure that the residents of the City of Boston get fair protection to which they are entitled in the carrying out of their business, trades or professions. Certainly, the cab drivers of Boston who cannot go into out-of-town neighborhoods to pick up fares should not be competed with unfairly by those who come in from other cities. I hope, sir, this order passes under suspension of the rules.

The order was passed under suspension of the rules.

HOUSING FOR VETERANS.

Coun. LINEHAN, MORIARTY and COOK offered the following:

In view of the fact that six of the major veterans' organizations have banded together to get action on low-cost housing for veterans, be it

Resolved, That the Boston City Council in meeting assembled endorse the program of the Massachusetts Allied Veterans' Housing Council and do everything to get action on housing for veterans; and be it further

Resolved, That a copy of this resolution be sent to the Massachusetts Delegation in Congress.

Passed under suspension of the rules.

INADEQUATE LIGHTING ON SUMNER, ANNABEL AND WILLIS STREETS.

Coun. LINEHAN offered the following:
Whereas, As a result of the inadequate street lighting conditions in the vicinity of Sumner, Annabel and Willis streets many unfortunate accidents and crimes have taken place causing many complaints from the citizens; therefore be it

Ordered, That his Honor the Mayor request the Public Works Commissioner to make a study of said inadequate street lighting facilities with a recommendation to substitute the new type of electric street lights for the old type gas lamps, along with some additional street lights to be installed in other locations in said area, and further that said locations shall consist of Sumner, Annabel, Willis streets and other streets in that area.

Passed under suspension of the rules.

OPPOSITION TO HOUSE BILL 2079.

Coun. RUSSO offered the following:
Resolved, That the Boston City Council in meeting assembled go on record as opposed to the passage of House Bill 2079 which provides the prohibiting the publication in the Boston City Record of the substance of debates in the City Council of the City of Boston.

Coun. RUSSO—Mr. President, to my surprise I was informed that this House 2079, which, as I understand it, has passed the lower branch of the Legislature—I don't know who presented this bill or who the ones are behind the scene. However, I believe there must be some powerful forces behind this bill when it has already passed the lower branch of our Legislature. Mr. President, I believe that the members of the City Council ought to give weight to this bill and the purpose for which it might be intended. I don't know why this bill should have been presented. If the City Council thought there was no need of making any public record, if they believed that the people of the City of Boston don't want any record of things, we have it within our power to eliminate the publication of the City Record. I am only wondering, Mr. President, if this bill which is being heard in the Senate either today or some day this week, if it passes the Senate and it is enacted, what it will give these individuals who may be behind the scene, and I say there may be even some powerful newspapers behind it, what can happen? We would have no record in order to substantiate any attack that might be made upon any one member or upon the City Council as a whole. It would give too much power to these men behind the scenes to attack any one of us or the whole Council, and attack in any way they see fit, and we would have nothing to substantiate the truth. Aren't the people of the City of Boston entitled to know the actions of their respective City Councilors? I know the people I represent want to know my actions and the manner in which I conduct myself and the manner I vote and the manner I speak.

Coun. MUCHNICK—Mr. President.
President KELLY—Councilor Muchnick, for what purpose does the gentleman arise?

Coun. MUCHNICK—Will the gentleman yield for a question?

President KELLY—Councilor Russo?

Coun. RUSSO—No, Mr. President.

President KELLY—I am sorry, councilor. Councilor Russo.

Coun. RUSSO—If this bill is enacted, they can accuse each and every one of us with anything they desire. I question, Mr. President, the constitutionality of this bill because I believe they will be infringing upon the right of our freedom of speech. That is what they are trying to do, trying to eliminate freedom of discussion. It was the same thing, Mr. President, with another bill which came up last week, a bill also pertaining to the Boston City Council, to the Mayor and to the School Committee, which almost went by without any quarrel whatsoever, whereby any member of the City Council or the Mayor or the School Committee could not be employed in any other public position. I wonder why the members of the State Legislature were not included. What was the reason? I don't believe that there are any members of the Boston City Council who are working for the state, but I know quite a few of the men representing the state may be working for cities or towns. The argument which may be used in order to enact this bill is that most of the people do not read it and that it costs some money for the printing. I say the money we spend in any of the deliberations we have is well worth it in order to inform the people of the City of Boston of every move and every step we take while we are representing them. Therefore, Mr. President, without taking more time, may I say I hope the City Council goes on record as in opposition to such tactics because I believe that if it had not been for the record of the City Council, perhaps the City Council as a whole would have been ridiculed by some of these men more than what they have tried to do. Therefore, I hope the order will pass under suspension of the rules.

Coun. MUCHNICK—Mr. President, while I don't believe the major purpose of printing the City Record is for the purpose of defending the members of the Council against attack, and while I also don't believe that it in any way violates the concept of the freedom of speech to eliminate the printing of these debates for the City Record, it seems to me that there may be some sound reason for the adoption of this statute if and when we find out exactly what the statute says. I had intended to find out from Councilor Russo among other things. There are many other questions that probably could be asked about the purpose and the intent of the statute if we had it before us, and possibly we might ask for some explanation on parts of it from our own Law Department. Under those circumstances, I move that this be sent to the Committee on Legal Affairs until such time as it can be properly studied.

President KELLY—I am sorry, councilor, we have not such a committee.

Coun. MUCHNICK—Under those circumstances, I make a motion that it be referred to the Executive Committee and that the Messenger be asked to procure copies of the Act so that we may discuss it, preferably today.

President KELLY—The motion is to refer this matter to the Executive Committee.

Coun. RUSSO—I have it before me, and I intended to read it. House 2079 reads as follows:

"Section 29 of Chapter 486 of the Acts of 1909 as most recently amended by section 1 of Chapter 185 of the Acts of 1934, is hereby amended by adding at the end of the last sentence the following clause:—Provided, that the substance of debate by and among the members of the City Council shall not be so published."

"Section 2. This act shall take effect upon its passage."

I believe all that this tries to do is to eliminate freedom of speech. Yes, it will infringe upon that for the simple reason that if we cannot have as a public record our debates in the City Council, you cannot be properly either protected or safeguarded against anyone. I believe in the old saying of Al Smith, and God have mercy on his soul, "Let us look at the record." That is the only thing that any person has to go by. I have been a member of the City Council going on eight years, and in these eight years, if I have made any mistakes, then I am the one to be blamed for them, and if I have done the right thing, then at least my conscience is clear. I say we ought to have the record, and the record shall speak for itself. If we do not print as a matter of public record any discussion that takes place in our debates, how can you have any proof of what we said and what we did? The Congress of the United States has a public record, and that is the only thing they can go by. The people are entitled to know of all our acts regardless of what they might be. They are entitled, if they want to take the time, to look up the record of what a person did and what he said. They are entitled to know. We cannot be in Congress every day of the week in order to find out what they do. Neither can the people of the City of Boston come here every Monday to find out what the Council does, but they have a public record that tomorrow they cannot deny and neither can we.

President KELLY—The motion is to refer this order to the Executive Committee. Councilor Bayley.

Coun. BAYLEY—Mr. President, I hope this matter will be referred to the Executive Committee, or, possibly in the alternative, to the Committee on Printing or Legislative Affairs. I think we should look into this matter before we act too hastily. I don't agree with everything the distinguished councilor from Ward 3 (Councilor Russo) has said, and I have the highest regard for him, but I feel quite strongly perhaps there is too much talk in the Council. I have an idea this bill aims to reduce the expense to the city that we incur by extensive talking. I understand last year there was an extra appropriation of \$5,000 for printing and extra paper to print the remarks we made. Mr. President, as I understand it, the Massachusetts Legislature does not print every word that is said in debate. What is printed are motions, orders and roll calls. As I understand this bill, we would still have the record of what motions we made and the roll calls. The fact that some of us councilors, and I occasionally am one, get up and talk too long does not mean we are necessarily more important or influential. As a matter of fact, of the councilors over there, one did not speak for four months last year, and I have the highest regard for him; in fact, I have the highest regard for the gentleman across the Chamber who did not speak at all, but whose vote counts just as much as ours. I have never had a constituent of mine but once who ever looked at the Council Proceedings to see what I had to say or not to say. I think the state may be in the right, and that there is a lot to be said about not printing in the *City Record* every word we say, if the motions are reported, and, of course, the roll calls in the same way as the legislative proceedings are put down. I think perhaps that might be enough. I hope this matter is referred to the Executive Committee where it may be thoroughly discussed and find out the reasons behind the bill, which I don't know about, so that we may come to a satisfactory decision.

Coun. KINSELLA—Mr. President, for six years I have been perhaps the most industrious opponent of striking from the record, and I can't state my reasons in a way that is different from the reasons stated by Councilor Russo. I think once we reach man's estate and we go into public office, we ought to be held rigidly accountable to everybody for what we say here or elsewhere, even though this is the only place where a written transcription is made of the remarks or the opinions that we air. We are in a highly vulnerable business and we are in it by choice, and if we leave it we leave it by choice under only one set of conditions, and that is by voluntary retirement, and I don't know but a handful who have used that technique over the years. Those of us who get out generally get out as the primary result of a viciously contested ward contest, and often the wrong man is elected because of misconstruction placed on something he said and which he can never prove he said in a more scholarly or more gentlemanly way. That fate very nearly overtook me in 1943. By all the rules of chance, I should not have had a contest at all, but something I said in 1942 was designated in an erroneous fashion, and I was hard put to it to convince people from the printed record I stopped where my opponent said I stopped. He made me culpable, but to go along and read the full statement I made was to absolve me, which it did. You may say, he is talking for selfish reasons. No, because I can't guarantee to come back here any more than any one of you can. I am talking, Mr. President, from the point of view of being held strictly accountable for what we said, and if we are going to be held accountable for what we say by reason of a printed record, it is then as plain as a pipe stem that your opponent, whoever he may be, cannot purposely and deliberately and willfully for personal profit distort or twist or misshape or prostitute any of your remarks. We have made some serious statements here on the floor concerning both orders that have come up and per-

sonalities, unfortunately, but that is perhaps a luxury we allow ourselves because we are a small Body. It is not anything to the Legislature's credit that they do not print every word, yet, if you listen up there, you will find from time to time their utterances often exceed ours in plain downright stupidity, and all of you will agree with me we have been somewhat stupid in our utterances, and I have been as guilty as any. But I want to be held accountable for them. I don't want any newspaper held up in my presence when I am seeking re-election, with seven or eight lines, composed of thirty or forty words as written, of what I said. I don't want it that way. I want a full transcription of what I said so that no part of it can be twisted or distorted to do me harm that I don't deserve and to hold me up to the scorn and contempt and ridicule of people who, if they go on these small bits of news printed, are going just the way you might expect, but who have a right to know what I said on this occasion. We all go before the bar of public opinion whenever we seek public office. No lawyer wants as much as one word taken out of the transcript of any evidence given in court if he intends to appeal a case of make some other legal use of the transcription. If it is highly selfish and personal request, it does not start with me alone. What about the inestimable damage one of us could do to another if the remarks do not appear in the record. One of us could say to the other that he said this and so, even though he might not have voted on the thing when the record does not show he said any such thing, and he has no defense against the slanders that may well cost him a job he richly deserves to hold if he can and wants it. It is not strictly personal, and it cannot be said to be purely selfish because none of us know for a dead certainty we are coming back here; therefore, the common sense of my remarks applies to those component parts that will make up any future Council. A few years ago the councilor from Ward 9 had an unfortunate experience with a fellow member, a bitter, acrimonious debate that never should have taken place, but which was the result, as they all knew, from one word begetting another, and he was advised not to agree to strike from the record. The gentleman today will agree with me that the only way he had to protect himself come election day not too many months after the incident took place was the written record of his literal remarks, but which had been twisted and misshapen in a ward paper. A recapitulation of what I have said can be made in 25 words. If you don't care how your best remarks are misinterpreted by somebody who has no other tool to use against you, by all means become more vulnerable by getting this approval. It will become the Massachusetts Legislature, Mr. President, with all the vitally important matters that are yet to be considered, that they can correct or conceive or devise a legislative act which deprives any municipal body of the right to have its utterances and statements properly and precisely recorded. There are far more important things, if I am not misinformed, that the Legislature has to contend with from now until prorogation. By no manner of means can I agree one of the important things to come before their attention in this session is the question of perpetuating the oratory of the Boston City Council. A moment's reflection will prompt every member present, Mr. President, to say that even if we do not bring the defence that the printing of these papers costs us money, at least the people of Boston, whether they read the thing or not, have access to the *Record*. The people of Boston have a right to know how we do express ourselves, even the vulgar, almost obscene language that has been used in this Chamber has found its way into the *Record* because we demand and we get true, precise reporting of everything we say. The things we do that are official that always follow our oratory will be in there, anyway. Mr. President, you were here in 1942 when I had occasion during a debate to say that, "If we did not change our tactics, we would soon find our representation coming from Beacon Hill where so far they have indicated the good sense and good breeding as not to fight among themselves," and the newspapers did not carry the tag line, "as not to fight among themselves." It was held up in my ward in 1943 that I said that the City Council membership ought to come from the Back Bay because of their background and their breeding when I actually said that with the proviso that they did not fight among themselves. We here know they don't. On another occasion a certain gentleman present in this Chamber is recorded as having said, "This is one of the worst steals in the history of the city, and I am going to vote for it because it will help a fellow member." Fortunately, it did not penalize him because he did not mean it literally, as he uttered it literally, but he said it. I don't know why he should not be held accountable for it. And the nice things that are said here, too, what is to be said about those? What is to be said of all the very nice things that are said? No record of that? I think the General Court might concern itself more with other and more important legislation than to pass an act that forbids us to be quoted in the *Record* as though like little children we shall be told that if we do not say things acceptable to them, we will say nothing at all that appears later for perusal. I don't think this ought to go to Executive. Everyone here has an opinion. If he will speak on it in there, he will speak on it here, and I venture to say many agree with my statements.

There are nice things that come out in that *Record*, and there are gems to refer to later on. Let us not be too harsh on the things that are not gems, but gems or not, they ought to be in there, and they ought to stay, and those who make them, stand or fall on them.

Coun. RUSSO—Mr. President.

President KELLY—The question is on referring this to the Executive Session. Councilor Russo.

Coun. RUSSO—I hope this does not go into Executive for any delaying tactics that might be used, and the reason for that is, as I understand it, this bill is either being heard in the Senate today or will be heard tomorrow, and unless we take action, at least go on record as saying we are opposed to this act, then it will be enacted because it has already passed the lower branch of the Legislature. I ask you, each and every one of you, if this bill goes through, isn't that a direct challenge to the home rule of the City of Boston. As the councilor from Ward 2 has well-stated, I believe the Legislature has more important business before them to take up their time than on this bill to deprive the people of the City of Boston of the truth, and the only way that you can substantiate the truth is when it is on the record. It means nothing to me personally. I have always opposed anything to strike out from the *Record* because I am a firm believer that every time we take the floor, we ought to know what we are talking about, and all our acts should be down as a matter of record. Again, I must say, as the councilor from Ward 2 has brought out, anyone can take a line or two from the *Record* and switch it any way they see fit. Just imagine if we did not have the *Record*, what they could do to misinform the people of the City of Boston in the manner in which the City Council conducts itself. As I have always said, there is an old saying I have known since I was a child, and it stands true today, that a clear conscience has no fear of thunder, but, however, unless you have a record to go by, whether you are serving in this Body today and you may not be serving in this Body tomorrow, at least each and every one of us and those who come after us when we are gone out of this Body, at least can say to themselves, "There is the record, and I am the only one to be responsible for my acts." I urge upon you to pass this today, and to give notice to the Senate that we, the members of the City Council, are opposed to this bill. If we thought that the record said nothing, then it is within our rights, we have the power to do it, to eliminate the record, but up to this day there is a record before us and there will be a record after us that we can always go into it. That great statement of Al Smith which he made famous, "Let's look at the record," is as true today as it was then, and will be true tomorrow.

President KELLY—The question comes on referring this order to the Executive Session. All those in favor, say "aye," those opposed, "no." The Chair is in doubt and asks for a rising vote on referring it to the Executive Committee. All those in favor, please rise. Six. Those opposed will please rise. It is not referred to the Executive Session.

Coun. MUCHNICK—Mr. President, I doubt the vote and ask for a roll call.

President KELLY—Councilor Muchnick doubts the vote and asks for a roll call, and sufficient councilors having supported him, the Clerk will call the roll.

The motion to refer to the Executive Committee was lost, yeas 7, nays 9:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, McCormack, Muchnick—7.

Nays—Councilors Fish, Keenan, Kelly, Kinsella, Linahan, Moriarty, Russo, Seannell, Sullivan—9.

President KELLY—Seven in the affirmative and nine in the negative, and the motion is lost. The question comes on suspension of the rules.

Coun. BAYLEY—I move this be referred to the Committee on Legislative Matters.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Bayley makes a motion that this be referred to the Committee on Legislative Matters. Talking on the motion, Councilor Kinsella.

Coun. KINSELLA—A point of order.

President KELLY—State your point of order, councilor.

Coun. KINSELLA—Reference to the Committee on Legislative Matters is ineffectual.

President KELLY—The Chair will rule that motion is in order, reference to the Committee on Legislative Matters.

Coun. KINSELLA—A point of information, Mr. President.

President KELLY—State your point of information.

Coun. KINSELLA—Isn't the function of the Committee on Legislative Matters to attempt to influence legislation while the matter pending is before a committee of the Legislature?

President KELLY—That is correct, councilor. If Councilor Bayley wishes to press the motion, the Chair is going to rule the motion is in order.

Coun. BAYLEY—I withdraw the motion and ask that it be referred to the Committee on Printing because this relates to the printing of the *Record*.

President KELLY—The motion is to refer the matter to the Committee on Printing.

Coun. KINSELLA—A point of order, Mr. President.

President KELLY—Will you state your point of order, counselor?

Coun. KINSELLA—The Committee on Printing deals only with the type and quality of the printing matter to come out of the Printing Department. It has nothing to do with ordinances and legislative action which they may be called upon to print.

President KELLY—The point is well taken. The Chair will rule the Committee on Printing would have nothing to do with printing the *City Record*. The motion to refer back to the Committee on Printing is out of order.

Coun. BAYLEY—What committee would you recommend it be referred to?

President KELLY—I would recommend it be passed under suspension of the rules.

Coun. BAYLEY—I will refer it to Legislative Matters, and I hope there will be no objection to that.

President KELLY—Counselor Bayley makes a motion that it go to the Committee on Legislative Matters. All those in favor, please rise.

Coun. MUCHNICK—Mr. President, All those opposed, please rise. The motion is lost.

Coun. MUCHNICK—Mr. President, I doubt the vote and ask for a roll call.

President KELLY—Counselor Muchnick doubts the vote and asks for a roll call. The Clerk will call the roll on whether this will be referred to the Committee on Legislative Matters.

The motion to refer to the Committee on Legislative Matters was lost, yeas 8, nays 8:

Yeas—Counselors Bayley, Bryan, Cantwell, Chase, Cook, Lincan, McCormack, Muchnick 8.

Nays—Counselors Fish, Keenan, Kelly, Kinsella, Moriarty, Russo, Scannell, Sullivan—8.

President KELLY—The question comes on passage under suspension of the rules. All those in favor say "aye," those opposed "no." It is opposed.

Coun. BAYLEY—Mr. President, I doubt the vote under suspension of rules and ask for a roll call. I doubt the vote and ask for a roll call, Mr. President.

President KELLY—Counselor Bayley doubts the vote and asks for a roll call, and the Clerk will call the roll.

The roll call resulted as follows:

Yeas—Counselors Fish, Keenan, Kelly, Kinsella, Moriarty, Russo, Scannell, Sullivan 8.

Nays—Counselors Bayley, Bryan, Cantwell, Chase, Cook, Lincan, McCormack, Muchnick 8.

President KELLY—The vote is eight in the affirmative and eight in the negative, and the motion to pass under suspension of the rules is declared lost. The Chair will refer the order to the Executive Committee.

Coun. BAYLEY—Mr. President.

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—State your point of order, Counselor Muchnick.

Coun. MUCHNICK—The motion having been defeated, by what right does the President refer it to anything?

Coun. BAYLEY—I join with the counselor.

Coun. RUSSO—Mr. President.

President KELLY—Just one minute, The Council refused to suspend the rules to pass it.

Coun. BAYLEY—There was no motion. You had no business.

President KELLY—Counselor Bayley, will you be in order? Counselor Muchnick is recognized.

Coun. BAYLEY—Thank you.

President KELLY—The Chair can always refer a matter to the Executive Committee unless there is an objection.

Coun. BAYLEY—I object.

Coun. RUSSO—Mr. President.

President KELLY—Counselor Bayley objects to this being sent to the Executive Committee. Counselor Russo, for what purpose does the gentleman arise?

Coun. RUSSO—I ask reconsideration of the vote.

Coun. KINSELLA—A point of order, Mr. President.

President KELLY—Will you state your point of order.

Coun. KINSELLA—The objection was after the Chair announced the transferral, I think.

President KELLY—One minute, now. The Chair is trying to be fair in the matter, and the Chair realizes if this is not disposed of today, it will appear on the Calendar next Monday as unfinished business, and the Chair realizes that Counselor Russo wants to dispose of the matter today, and that is why he referred it to the Executive Committee. The Chair realizes it will be of no benefit to Counselor Russo next Monday as unfinished business. Now, is there any objection to having it referred to the Executive Committee?

Coun. BAYLEY—Yes.

President KELLY—Counselor Bayley objects.

Coun. RUSSO—Mr. President, I move reconsideration.

President KELLY—On the suspension of rules? Coun. RUSSO—On the vote just taken.

President KELLY—It won't do you any good, counselor, because you need fifteen votes for the suspension of rules.

Coun. RUSSO—To reconsider it?

President KELLY—You need fifteen votes to pass it under suspension of rules. The Chair will accept the motion to refer this to the Executive Committee.

Coun. RUSSO—That is what I want to do.

President KELLY—Counselor Russo makes a motion that it be referred to the Executive Committee. All those in favor say "aye," those opposed, "no." It is ordered. The matter is referred to the Executive Committee.

The order was referred to the Executive Committee.

Coun. SULLIVAN in the chair.

TRAFFIC CONGESTION IN ROSLINDALE SQUARE.

Coun. BRYAN offered the following:

Ordered, That the City Planning Board be requested, through his Honor the Mayor, to make a study of the elimination of traffic congestion in Roslindale square and the possibility of extending Belgrade avenue, from South street to Washington street, also the establishment of off-street parking sites.

Passed under suspension of the rules.

RESCISSION OF LOAN ORDER.

Coun. MORIARTY—Mr. President, I move that No. 1 be taken from the Calendar and referred to the Committee on Rules.

No. 1 on the Calendar was as follows:

1. Order to rescind loan order for \$5,000,000 for off-street parking facilities.

President KELLY—Counselor Moriarty moves that No. 1 on the Calendar be taken from the table and referred to the Committee on Rules. The question first comes on taking it from the table.

The motion to take from the table was carried and the question came on referring to the Committee on Rules.

Coun. MUCHNICK—Mr. President, it seems to me that taking No. 1 from the table in order to refer it to the Committee on Rules can accomplish no purpose. This is something which we have been discussing for some time now. All of us are familiar with it and if it must go to some committee, however, it should go back to the Executive Committee or the Committee on Finance. But what the Rules Committee can do with this other than possibly hold it up for a week or two and then come back with some kind of report which would not have any standing, I can't see. If I am in order, I would like to make that motion, to strike out the words "Rules Committee" and that there be substituted in its place the "Executive Committee."

President KELLY—Counselor Muchnick moves to amend the motion by striking out the words "Rules Committee" and inserting "Executive Committee."

The motion was carried, and No. 1 on the Calendar was referred to the Executive Committee.

FENCE AROUND JOHN W. MURPHY PLAYGROUND.

Coun. McCORMACK and MORIARTY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to increase the height of the fence surrounding the John W. Murphy Playground, Jamaica Plain, for the protection of the abutting properties which have been damaged as a result of baseballs going over the present inadequate fence.

Passed under suspension of the rules.

PAYMENT TO FAMILY OF ANTHONY TAMMARO.

Coun. McCORMACK and CANTWELL offered the following:

Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to prepare and submit the necessary legislation for reimbursement to the family of the late Anthony Tammaro of 289 Walk Hill street, Jamaica Plain, who lost his life as a result of falling in a sewer, and which was due to the negligence of the City of Boston in allowing said sewer to be open without a proper cover.

Passed under suspension of the rules.

SALARY RANGE FOR FIRE DEPARTMENT MEMBERS.

Coun. MUCHNICK offered the following:

Ordered, That his Honor the Mayor instruct the Fire Commissioner to take steps to provide immediately a salary range for the members of the Fire Department equal to the newly adopted salary range for members of the Police Department.

Coun. MUCHNICK—Mr. President, earlier Counselor Kinsella touched on the same subject when he said that he felt that the members of the Fire Department should be treated in an equal fashion with the members of the Police Department.

I did not want at that time to inject this particular issue until such time as the Police Department act had been accepted. It is a sad commentary of the City of Boston that the Police Department had to circumvent the present administration in order to get what is justly theirs, and it is equally sad commentary for us to expect Home Rule, if under such circumstances when the administration has a right to exercise Home Rule properly, it does not see fit to do so. The firemen have not yet taken the step that has been suggested to them of trying to get a raise by going over the heads of the city and going directly to the State House and asking for what is properly and justly theirs, such as justly belonged to the Police Force. Traditionally in Boston as in most major cities, the Fire Department and the Police Department are always kept on an even keel. The Mayor and the Fire Commissioner, in order to do justice to the firemen, should take immediate steps to see to it that they come into the same salary range classification as the policemen did within the past hour. I know that many people are going to get up and say it will cost us almost three-quarters of a million dollars this year, and over a million dollars next year for the police alone, and I know many people also will double those figures in order to take care of the firemen, and they are going to say further, "Where are we going to get the money, with the increased tax rate and everything that goes with it?" There are two answers to that, Mr. President: either necessary economies can be practiced, and I refer again to the situations like the voting machine custodians, or if that is not enough to raise the money, and the people of Boston want all these services and if they want them performed by competent men, they will merely have to pay a higher tax rate in order to get the services performed properly. It is an old axiom, you can't have your cake and eat it, too, and either we are going to give the men, particularly in these days of inflation what they normally deserve and what they must have in order to support families on a fairly decent level, or we are not going to have the right type of firemen and policemen when they can do better on the outside. I urge suspension of the rules and the passage of the order with the hope that the Mayor and the Fire Commissioner will do something about it.

Coun. RUSSO. May I have the order read again?

(The order was read by the Clerk.)

The order was passed under suspension of the rules.

Coun. BAYLEY—Mr. President, I ask unanimous consent to make a statement.

President KELLY—Counselor Bayley asks unanimous consent to make a statement. Is there any objection?

Coun. RUSSO—I object.

RECESS.

On motion of Counselor Russo the Council voted at 3.55 p. m., to take a recess, subject to the call of the Chair. The members reassembled and were called to order at 5.50 p. m., by President KELLY.

FLAGPOLE ON MURRAY PARK PLAYGROUND.

Coun. MADDEN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to erect a flagpole on the Murray Park Playground in North Brighton, Ward 22.

Passed under suspension of the rules.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred May 5) for appropriation of \$75,000 for purchase of Eastern Avenue Wharf—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. HANNON—Mr. President, I am voting against the acceptance of this order because I have been reading in the newspapers about the proposed development of the Port of Boston. If the Port of Boston is going to be developed, I think we might well wait for a year or two and pay the rental, if necessary, of \$4,000 a year to see what transpires in the Port of Boston. That is my reason for voting against it.

President KELLY—The question now comes on the passage of the order, and the Clerk will call the roll.

The order was rejected, yeas 10, nays 3:

Yeas—Counselors Bayley, Carey, Chase, Fish, Kelly, Kinsella, McCormack, Moriarty, Russo, Scannell 10.

Nays—Counselors Cantwell, Hannon, Keenan 3.

President—Counselor Sullivan—1.

President KELLY—Ten in the affirmative and three in the negative, and the order is rejected.

Later in the session Counselor Fish said: Mr. President.

Coun. McCORMACK—Mr. President.

Coun. BAYLEY—Mr. President. President KELLY—Councilor Fish, for what purpose does the gentleman arise?

Coun. FISH—If I heard you correctly, the order for the appropriation of \$75,000 was rejected?

President KELLY—I said it was rejected. It requires 15 votes on two readings.

Coun. FISH—It is not then, the same as the regular annual appropriation?

President KELLY—It is an appropriation for the purchase of land, therefore it is the same as a loan order. It requires 15 votes and two readings at least 14 days apart.

Coun. FISH—Then I move reconsideration.

The motion to reconsider was carried.

Coun. SULLIVAN—Mr. President.

Coun. FISH—I move it be tabled until the next meeting.

President KELLY—Councilor Fish moves it be tabled until the next meeting.

The motion to table the matter until the next meeting was carried.

2. Report on message of Mayor and orders (referred today) renaming of eleven intersections in memory of deceased war veterans—that same ought to pass.

The report was accepted, and the orders were severally passed.

3. Report on order (No. 1 on Calendar) to rescind loan order for \$5,000,000 for off-street parking facilities (referred today)—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. FISH—How many votes, Mr. President?

President KELLY—Fifteen votes, councilor.

The Clerk will call the roll.

The roll was called, with the following result: Yeas—Councilors Bayley, Cantwell, Carey, Fish, Hannon, Kelly, Kinsella, McCormack, Moriarty, Russo—10.

Nays—Councilors Keenan, Scannell—2. Present—Councilors Chase, Sullivan—2.

President KELLY—Ten in the affirmative and two in the negative, and the order is rejected.

Coun. HANNON—I move reconsideration.

President KELLY—Councilor Hannon moves reconsideration. Councilor Fish.

Coun. FISH—I move reconsideration.

The motion to reconsider was carried.

Coun. FISH—I move it now lay on the table.

The motion to lay on the table was carried.

4. Report on order (referred today) that Council opposes passage of House Bill 2079 re prohibition of publication in *City Record* of substance of debates in City Council—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

President KELLY—Now the question comes on the passage of the order. All those in favor say "aye," those opposed, "no." It is a vote.

Coun. BAYLEY—I ask for a rising vote. May I have a rising vote?

President KELLY—Do you doubt the vote?

Coun. BAYLEY—I ask for a rising vote.

President KELLY—Councilor Bayley doubts the vote and asks for a rising vote. All those in favor, please rise. Nine. Those opposed please rise. The order is passed.

Coun. BAYLEY—I doubt the vote and ask for a roll call.

President KELLY—Councilor Bayley doubts the vote and asks for a roll call.

Coun. KEENAN—Mr. President.

President KELLY—Just one minute. Does anybody join Councilor Bayley. Not enough having joined, there will be no roll call.

5. Report on order (referred May 5) that Transit Department suspend their request for public bids pertaining to renting of autotrucks, Rapid Transit Facilities, East Boston district—that same ought to pass.

The report was accepted and the order was passed.

Adjourned, on motion of Councilor Scannell, at 5.58 p. m., to meet on Monday, May 19, 1947, at 2 p. m.

FIRE DEFENSES OF FORTY-FOUR CITIES SURVEYED IN 1944, TEN CHANGE CLASS.

During the year 1944 five cities of more than 10,000 population were placed in a better fire insurance classification, and five other cities were put into a poorer class as the result of new surveys made by the National Board of Fire Underwriters or by state rating organizations.

At the end of 1944 a total of 28 cities over 25,000 population were in class 2, 104 cities in class 3, 128 in class 4, and the remaining cities in classes 5 and 6, with none in class 1.

The fire insurance classification of a city is determined through the use of the grading schedule of the National Board of Fire Underwriters in making an engineering appraisal of fire protection facilities.

STREET CAR FARE IN OTHER CITIES.

The following is a list of some of the large cities that have 10-cent cash fare:

Atlanta, Ga., 10 cents, two tokens for 15 cents; Baltimore, Md., 10 cents, four tokens for 35 cents*; Boston, Mass., 10 cents; Buffalo, N. Y., 10 cents, three tokens for 25 cents; Cincinnati, O., 10 cents, five tokens for 45 cents; Cleveland, O., 10 cents, six tokens for 50 cents; Denver, Colo., 10 cents, three tokens for 25 cents; Houston, Texas, 10 cents, four tokens for 30 cents; Indianapolis, Ind., 10 cents, eight tokens for 55 cents; Kansas City, Mo., 10 cents, four tokens for 35 cents; Louisville, Ky., 10 cents, three tokens for 20 cents; Milwaukee, Wis., 10 cents, six tokens for 50 cents; Minneapolis, Minn., 10 cents, six tokens for 50 cents; Omaha, Nebraska, 10 cents, three tokens for 25 cents; Oakland, Cal., 10 cents, seven tokens for 50 cents; Pittsburgh, Pa., 10 cents, three tokens for 25 cents; Portland, Oregon, 10 cents, three tokens for 25 cents; St. Louis, Mo., 10 cents, four tokens for 35 cents; Seattle, Wash., 10 cents, three tokens for 25 cents; Toronto, Ont., 10 cents, four tokens for 25 cents; Washington, D. C., 10 cents, three tokens for 25 cents.

* Tokens discontinued.

MERCHANT SHIP PRODUCTION.

Merchant vessels built in the United States in 1943 numbered 1,896 with a total deadweight tonnage of 19,239,626, according to a report by Admiral Land, chairman of the Maritime Commission and administrator of the War Shipping Administration. Of these 208, aggregating 2,044,238 deadweight tons, were completed in December. Of the 1943 production, 1,238 vessels were Liberty ships; 70 C-1 cargo ships, 53 C-2 cargo ships; 39 C-3 cargo ships; 5 C-4 cargo ships; 167 tankers; 28 coastal tankers; 57 Liberty tankers; 3 passenger-cargo vessels; 33 coastal cargo ships, including two concrete ships; 16 ore carriers; 27 concrete barges; 46 seagoing tugs; 114 military types, not transports; 53 special types and a considerable number of smaller types, including tugs, barges, etc. Late in 1943, Admiral Land said 2,900 ships were under control of the War Shipping Administration, operated by some 76 general agents of the W. S. A.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine*.

MILK PLANT INSPECTION SERVICES IN BOSTON FOR THE YEAR 1942.

Total number of services, 170,516; dairies inspected, 126; inspections of country creameries, 1,054; bacteriological examinations at country creameries, 8,931; milk cans inspected, 108,371; milk cans condemned, 6,443; milk temperature tests, 47,804; inspections of licensed dealers, 2,563; inspections of establishments for pasteurization of milk, 1,414; inspections of ice cream plants, 98; investigation of high counts, 149; laboratory inspections, 6; abatement notices served on licensed dealers, 719; dairies excluded because of poor quality milk, 945; dairies readmitted after compliance with requirements, 822.

SEA-GOING DRY DOCKS.

Bigger than a battleship! That's the rough proportion of some of the new Navy floating dry docks which can be towed or self-propelled at speeds sufficient to follow our fleet into action. Indeed, the dry docks are large enough to handle even a mighty battleship when it needs repairs or overhauling.

Never before have floating dry docks been built so large, taken so far. Never before have docks of this character been so mobile. The Navy has spent upward of \$300,000,000 on their floating dry dock program and it has been a shrewd investment. Now, instead of damaged warships traveling the thousands of miles from the theaters of action to an American coastal dry dock for repairs, it can be placed in a floating dry dock on the spot in a matter of hours, thus saving precious time.

BOND SALES.

Labor, farm, school and women's groups were responsible for 1943's greatest sale of E Bonds.

Using the person to person approach, Payroll Savings added two million workers—bringing its ranks to 26.4 million. Payroll Savings allotments jumped from 355 millions in December, 1942, to 445 millions in October, 1943. Thousands of labor-management War Bond committees were organized.

Farm committees worked intensively through personal solicitation and farmers' organizations to convert a large share of the largest farm income in history into War Bonds.

In the schools, the nation's youngest group of Bond buyers is rapidly enlisting every pupil in America.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases.

The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

STATE-COLLECTED TAXES SHARED BY CITIES AND TOWNS.

Approximately \$5,000,000 are distributed each year among all cities and towns as reimbursement of a portion of the amounts expended locally for salaries of teachers in the public schools. This one distribution constitutes about 80 per cent of all fiscal aid paid by the Commonwealth to cities and towns to assist in financing public schools. As the amount paid to each city and town depends upon the number and educational preparation of teachers employed, it favors well-to-do towns which can afford to hire more and better qualified teachers, and penalizes towns which by reason of less favorable circumstances operate their schools with fewer teachers. The original objective of this distribution was to raise standards of teacher preparation and to encourage local governments to pay certain established minimum salaries. As a means toward these objectives this distribution has outlived its usefulness.

GENERAL INFORMATION ABOUT BOSTON

Incorporated as a City	February 23, 1822
1940 Federal Census	770,816
Financial year dates from	January 1 to December 31
Assessed and actual valuation, January 1, 1946	\$1,536,385,600
1946 Tax Rate, \$42.00, divided as follows:	
City Tax	\$30 01
School Tax	8 91
State Tax	96
County Tax	2 12
	\$42 00

TAX COLLECTION STATEMENT

(As reported by the City Collector)

	Levy	Outstanding, March 31, 1947
1946	\$65,218,408 60	\$3,136,019 48

ELEVATED ROAD INCOME.

Reporting that in 1944 the income of the Boston Elevated Railway decreased by \$193,541.05 and the cost of service increased by \$1,826,963.49, the Public Trustees of the railway, in their annual report filed with the Legislature on January 31, 1945, announced that although the cost of the service exceeded receipts by \$393,020.27 in 1944, there would be no deficit assessed upon the cities and towns served because this amount had been taken from the \$1,000,000 reserve fund, leaving a balance of \$606,979.73 in this fund as of January 1, 1945.

The railway had an excess of \$1,605,-601.46 of income over cost of service in 1943.

POLICE DEPARTMENT PERSONNEL.

The police personnel of the department on November 30, 1945, consisted of 1 superintendent, 5 deputy superintendents, 28 captains, 63 lieutenants, 1 lieutenant-inspector, 185 sergeants, 1,867 patrolmen, 15 patrolwomen, 94 provisional temporary patrolmen and 1 provisional temporary patrolwoman; total, 2,260.

On November 30, 1945, there was a total of 2,502 persons, including civilian employees, on the rolls of the department.

During the year in General Orders, officers were commended as follows:

Captain, 1; lieutenants, 6; sergeants, 8; patrolmen, 34; department as a whole, 1.

POLICE EXPENDITURES.

During the twelve months ending November 30, 1945, the total expenses of the Boston Police Department amounted to \$6,426,363.77. This included the pay of the police and employees, pensions, supplies, expense of listing (\$68,253.96, the annual listing on January 1 of all residents twenty years of age or over), and the maintenance of the Police Signal Service.

In the corresponding period of 1944, expenditures totaled \$6,202,557.44.

STATE FISCAL AIDS TO CITIES AND
TOWNS FOR PUBLIC ELEMENTARY
AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, i. e., partly based on expenditures by the municipality.

AIDS PAID TO ELEMENTARY AND
SECONDARY SCHOOLS FROM IN-
COME TAX REVENUES.

Only since 1919 has the state participated widely in the financing of elementary and secondary schools. Before that time state aid to municipalities was less than 2 per cent of the total cost of education, and was granted only to a limited group of towns. In 1919, however, provision was made for payments from the proceeds of the newly enacted personal income tax to every city and town which met certain teacher salary and qualification standards. Except for slight modifications the program is still the same as that established in 1919 (chapter 363, Acts of 1919). Every city and town is paid a fixed amount for every teacher employed (primary reimbursements), and some municipalities with low valuation per pupil receive additional grants (supplementary reimbursements).

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN THE JOHN MARSHALL SCHOOL, WESTVILLE STREET, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in the John Marshall School, Westville street, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Friday, June 13, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, June 10, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice of sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,

(May 24) Superintendent of Construction.

Duties: To operate, speedily and efficiently, the following Remington-Rand machines: 90 column counting and non-counting sorters; Model 3 Alphabetic-Numeric Interpreter; Model 3 Multi-Control Reproducer with inter-filing; Model 3 Alphabetic-Numeric Tabulator with Universal Automatic Carriage; Model 2 Direct Subtraction Numeric Tabulator with Summary Punch; to verify tax records, drafts, pay rolls and statistical lists; and to perform related work as required.

(May 24.)

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

CITY OF BOSTON.

(May 17-24.)

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PRISON VAN FOR MUNICIPAL COURT.

The Supply Department of the City of Boston invites proposals for furnishing new prison van for Municipal Court, on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Prison Van."* There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Tuesday, June 10, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(May 24.) *Superintendent of Supplies.*

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR CARPENTRY REPAIRS AND REPLACEMENTS AT HANDBALL COURT, AND FENCES, L STREET BEACH, SOUTH BOSTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for carpentry repairs and replacements at handball court, and fences, L Street Beach, South Boston, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Carpentry Repairs and Replacements at Handball Court, and Fences, L Street Beach, South Boston, Mass.," and left before 2 o'clock Wednesday, May 28, 1947, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor prior to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFFENREFFER,
JOSEPH LEE,
(May 17-24.) *Commissioners.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR REBINDING BOOKS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids on rebinding approximately 6,000 books. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Rebinding Books." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check, payable to the City of Boston, in the amount of one hundred dollars (\$100), must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, June 3, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 per cent of the amount of the contract.

HENRY J. SMITH,
Business Manager of the School Committee.
(May 24.)

CITY OF BOSTON.

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, May 21, 1947.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of four parcels of land situated on the northerly side of Tremont street, between a point approximately 65 feet west of Faxon street and Shermont street; and two parcels of land between Shermont street and Mission Hill Playground, Roxbury district, for recreation and playground purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 10 o'clock a. m., of June 4, 1947, and the office of this Board, 401 City Hall Annex, as the time and place for a public hearing in the matter.

CHARLES E. MANION,
JOHN T. O'DEA, JR.,
MARTIN J. FINN,
Street Commissioners.

A true copy of an order passed by said Board on said day.

Attest:
LAWRENCE W. COSTELLO,
(May 24.) *Secretary.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR STRUCTURAL STEEL BEAMS, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 395 tons, more or less, of structural steel beams, for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Monday, May 26, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, June 4, 1947. A properly certified check for two thousand (2,000) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

D. P. MCGILLICUDDY,
(May 24-31.) *Secretary.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PAINTING CONTRACTORS.

INVITATION FOR PROPOSALS FOR INTERIOR AND EXTERIOR PAINTING AT THE AUDUBON SCHOOL, HARVARD STREET, NEAR BROOKVIEW STREET, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for interior and exterior painting at the Audubon School, Harvard street, near Brookview street, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Monday, June 2, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
(May 24.) *Superintendent of Construction.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING COMPOSITION CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing composition castings to the Water Service. Proposal forms may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Bids must be in sealed envelopes, marked "Proposal for Composition Castings."* The bids will be publicly opened and read Monday, June 2, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, MAY 31, 1947.

NO. 22

REPORT OF THOMAS D. GINN, DIRECTOR OF VOCATIONAL GUIDANCE, ON ATTENDANCE AT NATIONAL VOCATIONAL GUIDANCE ASSOCIATION CONVENTION IN COLUMBUS, OHIO, MARCH 28-30, 1947.

The following is the report of Thomas D. Ginn, Director of Vocational Guidance, on attendance at the National Vocational Guidance Association at Columbus, Ohio, March 28-30, 1947:

Friday, March 28.

I arrived in Columbus at six in the morning. I visited first the Ohio State University, about a mile and a half north of the city, where 22,000 students are enrolled. The young people were going to the eight and nine o'clock classes. As far as my eyes could see people were streaming over the campus. Then I called at the Guidance Office and obtained many monographs that will be useful to our students. In the building I met Professor Harold A. Edgerton.

9.30 a. m. Sessions opened at the Deshler Hotel. Col. John W. Andrews of the Veterans Administration spoke on "Vitalizing Veterans' Education Through Guidance." As our department interviewed 2,200 veterans last year, I was eager to hear the address. Colonel Andrews stressed the following points:

1. The community's debt owed the veteran.
2. The need of *trained* counselors to guide him.
3. Present poorly trained counselors are handling problems beyond their capacity.

Nine million veterans never finished high school. Since many of these men will change their jobs, good guidance is needed at that critical time.

Mr. A. J. Brumbaugh, Vice-President, American Council on Education, spoke on "The Role of the American Council on Education in Student Personnel Work." He made these pleas:

1. To promote guidance in personnel work.
2. To promote instruction.
3. To aid in improving personnel service.

The newest division of this organization is the "Consultant Service," which provides for an over-all study at a college by a consultant.

The last speaker, Kermit Eby, Director of Education and Research, C. I. O., a former teacher and now an ordained minister, was a challenging speaker. He emphasized the following:

1. The business cycle — not necessary.
2. Property versus private rights.
3. Man's desire to do creative work.

Elimination of Wastage.

12.30 p. m. At the luncheon, an enjoyable affair, Dean Smithies keynoted "Counsel Day," a time for backgrounds. Later, Dr. Lillian M. Gilbreth, one of our able pioneers, emphasized the need of eliminating wastage of men, machines, and power.

Col. John C. Flanagan urged us to prepare "fun-gible" workers.

Mrs. Zapolian was interested in the people both young and old of the outer areas. Better placement is necessary in these areas which need scientific study.

At the crowded banquet Dr. Edwin S. Burdell gave an inspirational talk on "Guidance for Leadership in a World of Crises."

Saturday, March 29.

Group discussions were held on Saturday. The 11 sessions on the program were conducted simultaneously (7.30 a. m.—11 p. m.). At the delegate assembly which I attended four other Boston groups were present, Harvard University, Boston University, Y. W. C. A., and the Y. M. C. A.

7.30 a. m. I spoke on placement and follow-up at the breakfast meeting. Aside from my talk there were reports from Los Angeles, Chicago, Detroit, and New York. The question period was especially worth while.

10.30 a. m. Dr. Wrenn in his address made three predictions:

1. Vocational guidance must be thought of in a broader framework. The word "vocational" will probably be dropped in the total pattern.
2. Materials and information. The field of testing is being re-evaluated. The whole subject is at the crossroads. In any event, only experts should use and interpret these tests.
3. Environment must be used as a therapy for proper orientation.

Dr. Wrenn's final recommendations:

1. Certification of professional workers in the guidance fields.
2. Link branches more closely.
3. Subcommittee on budgets needed.
4. Field secretary to help branches.

Harry A. Jaeger, U. S. Office of Education, explained the George-Barden Act, whereby \$29,000,000 may be made available to states for guidance purposes.

12.30 p. m. A tentative plan for a Division of Placement was set up during the luncheon, presided over by Miss Guinn.

2.00 p. m. I attended the session on the "Counseling Function and Its Relation to the Total Personnel Problem." Little agreement was reached.

Other Events.

3.30-5.00 p. m. Delegate assembly. Presented credentials and voted.

4.30-6.00 p. m. Reception by Central Ohio Guidance Association at the Columbus Gallery of Fine Arts.

6.30 p. m. Dinner. Dean Williamson spoke of his recent visit to Germany.

8.00 p. m. Another general session. Four speakers, with Professor Shartle in the chair, analyzed the subject "Contributions of Government Agencies to Guidance and Personnel."

(Continued on page 691.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 63 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, June 2, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquis, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex; for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending May 24, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 161; nonresidents, 64; total, 225.

Death rate per 1,000 of population: All deaths, 15.27; nonresidents deducted, 10.92.

Death rate per 1,000 of population:

Last week, 15.74; corresponding week last year, 14.04.

Deaths by age periods, sex, etc.: Under one year, 23; one year to four years, inclusive, 1; sixty years and over, 128. Total deaths: Male, 124; female, 101; deaths in hospitals and institutions, 146.

REPORTABLE DISEASES: CASES AND DEATHS.*

**REPORT OF THOMAS D. GINN,
DIRECTOR OF VOCATIONAL
GUIDANCE, ON ATTENDANCE
AT NATIONAL VOCATIONAL
GUIDANCE ASSOCIATION
CONVENTION IN COLUMBUS,
OHIO, MARCH 28-30, 1947.**

(Continued from page 689.)

VETERANS' GUIDANCE.

One point the speakers emphasized was the need of trained counselors for veterans' guidance.

Sunday, March 30.

Sunday was just like Saturday — a full day.

7.30-9.00 a. m. Dean Trabue's talk on counseling. Stressed the need of a scientific analysis by carefully prepared individuals.

9.15 a. m. General session. Miss Margaret Bennett (President, 1942-44) gave an outstanding address. The highlights:

1. Need of concerted action — our impact on public relations weak — must be built up.

2. Vocational guidance came of age during the war. It is a real learning process — must be developed.

3. Sound vocational guidance program — a long-range point of view which includes learning, home, school, community.

4. Group guidance — here instruction is helpful and saves time and money, but must be accompanied by individual counseling.

5. Placement — an integral part of guidance.

6. Tests — one phase of the total process. Our techniques should be examined carefully. There are no short cuts. New techniques develop slowly.

At the luncheon Professor Harry D. Kitson presided, and Dr. Edgar J. Fisher, Assistant Director, Institute of International Education, New York City, spoke on international education and the UNESCO. A thrilling meeting — much valuable discussion.

2.30 p. m. Attended the session of "In-Service Training of Counselors." F. R. Zeran spoke for the United States, and H. R. Beattie for Canada. A very helpful meeting.

4.30-6.00 p. m. Second delegate assembly. President Wrenn presiding. Voted:

1. Dues to national association to be raised to \$4.

2. There will be a national convention next year.

SUMMARY.

Attended 20 meetings. Talked with counselors, professors, administrators, and government research workers from all over the country. Meetings were stimulating and helpful. Throughout these meetings the impression was created that the standards of guidance must be raised. Better trained counselors must be found, not only to handle the veterans, but also the young people in our secondary schools and colleges. Our national organization has already created a professional membership for which the counselors must meet very definite educational standards. Every teacher may do some counseling, but the person designated as a counselor must be trained for the job.

**MAYOR PLANS APPROPRIATION
FOR INCREASED PAY FOR
POLICEMEN.**

The Mayor released the following order and communication which were submitted to the City Council on Monday, May 26:

Ordered, That the respective sum of money specified in the schedule hereinafter set out be, and hereby is appropriated for the purpose hereinafter specified, said sum to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

Police Department.

A-1. Permanent Employees. \$460,000

To the City Council.

GENTLEMEN, I—have been advised by the Budget Commissioner that it will be necessary to increase the appropriation of the Police Department by the sum of \$460,000 for permanent employees. This is in compliance with the provisions of chapter 342 of the Acts of 1947 providing for an increase in compensation for members of the Police Department of the City of Boston.

The minimum annual compensation for each patrolman in the Police Department of the City of Boston is hereby established as follows:

For the first year of service, \$2,500; for the second year of service, \$2,700; and for the third and each succeeding year of service, \$3,000. The compensation for each member of said department above the rank of patrolman is hereby increased by an amount equal to 10 per cent of the annual compensation received by him on the date immediately prior to the effective date of this Act.

I respectfully recommend adoption of the accompanying order.

Respectfully,

JAMES M. CURLEY, Mayor.

**MAYOR CURLEY FELICITATES
NEW ARGENTINE CONSUL ON
APPOINTMENT.**

The following letter was received by the Mayor from Fernando Errecart, Consul to Argentina in Boston:

MY DEAR MR. MAYOR,—I have the honor in informing you that the Argentine Government has seen fit to honor me by appointing me consul in this city.

I wish to take this opportunity to present you all my compliments offering at the same time my best cooperation and services that you could desire.

With assurance of my highest esteem and consideration. I am

Sincerely yours,

FERNANDO ERRECART.

Consul.

The following reply was sent by the Mayor:

DEAR CONSUL ERRECART,—I am very happy to congratulate you upon your appointment by the Argentine Government as its Consul in the City of Boston, United States of America.

Please accept my thanks for your letter informing me of the honor which has come to you and extending your kindly greetings and pledge of cooperation.

As Mayor of the fair metropolis of New England, I assure you that it will be a pleasure for me to assist you in every possible way.

I have high respect and regard for your great Republic. Your Capital, Buenos Aires, with its broad, straight streets, and its magnificent parks and plazas, is one of the most beautiful cities in the world.

I send my best wishes to you and to your government.

Sincerely yours,

JAMES M. CURLEY.

Mayor of Boston.

**A PROCLAMATION BY THE
MAYOR.**

Next Sunday, June 1st, is to be internationally observed as "Shut-Ins-Day." It is a day set apart—although all days should be—for the remembrance of the sick and disabled of our civilian population and our beloved war veterans.

In homes and hospitals, at this very moment, some four millions of our brothers, sisters and children are confined to their beds by illness and infirmity. Their days and nights are long and lonely. Many of them may never again enjoy God's sunshine and refreshing showers—blessings that are ours.

If we can bring to them a little joy and happiness from kindly and understanding hearts, we are merely doing our duty as true citizens. This, in truth, is the American way of life.

As Mayor of Boston I gladly proclaim Sunday, June 1st, as "Shut-Ins-Day." Our Merciful Creator and Protector has been good to us. In His Name, let us in turn be kind to those who need our grateful affection.

JAMES M. CURLEY,

Mayor of Boston.

TO RELOCATE LAMPS.

The Mayor has approved the following request of the Public Works Department:

BOSTON, April 23, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Gallivan Boulevard, Dorchester, between Granite avenue and Neponset avenue, is now being reconstructed by A. Singarella & Son, under a contract dated December 31, 1946, chapter 90 of the General Laws.

This contract calls for the widening of the existing roadway, thereby reducing the width of the existing sidewalks. This narrowing of the sidewalks will necessitate the relocating of nineteen (19) Edison street lights. In accordance with our contract with the Edison Company, any change in the location of a lamp, once installed, must be made at the expense of the city. The cost of the relocation of these nineteen lamps will be \$4,431.

I respectfully request the authority of your Honor to issue a service order to the Boston Edison Company to relocate these lamps at a cost of \$4,431 and to have the cost of this work charged to the appropriation "Public Ways, Construction of."

Respectfully yours,

ROBERT P. CURLEY,

Commissioner of Public Works.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING MAY 28.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
Samuel Adams.	9 Bullard street.	14	New connections to meter, testing.	\$30

Thomas E. Brophy, senior clerk, from \$2,300 to \$2,400 a year.

Katherine Hanson, senior clerk, from \$2,100 to \$2,200 a year.

Albert Henneberry, senior clerk, from \$2,400 to \$2,500 a year.

John McDonald, senior clerk, from \$2,500 to \$2,600 a year.

Gertrude C. Morrissey, Thomas O'Connor, senior clerks, from \$2,400 to \$2,500 a year.

Helen V. Sweeney, senior clerk, from \$2,100 to \$2,200 a year.

Joseph F. Toomey, senior clerk, from \$2,500 to \$2,600 a year.

Virginia Batts, clerk, from \$1,500 to \$1,600 a year.

Anne M. Callahan, clerk, from \$1,400 to \$1,500 a year.

Anne J. Carleton, clerk, from \$1,700 to \$1,800 a year.

Marie Ciccolo, clerk, from \$1,400 to \$1,500 a year.

Mary E. Collins, clerk, from \$1,800 to \$1,900 a year.

Albert L. Crimmins, clerk, from \$1,600 to \$1,700 a year.

Muriel L. Farricy, clerk, from \$2,100 to \$2,200 a year.

Margaret M. Gleason, clerk, from \$1,400 to \$1,500 a year.

Margaret Lagamasino, clerk, from \$2,000 to \$2,100 a year.

Christina Mackay, clerk, from \$1,700 to \$1,800 a year.

Paul L. Marble, clerk, from \$2,100 to \$2,200 a year.

Francis X. McDonald, clerk, from \$1,500 to \$1,600 a year.

Catherine M. McGillicuddy, clerk, from \$1,600 to \$1,700 a year.

Elizabeth McLaughlin, clerk, from \$1,400 to \$1,500 a year.

Eileen F. Murphy, clerk, from \$1,700 to \$1,800 a year.

Jean A. Murphy, clerk, from \$1,500 to \$1,600 a year.

Grace C. Nickerson, clerk, from \$1,800 to \$1,900 a year.

Margaret C. Norton, clerk, from \$1,600 to \$1,700 a year.

Claire Provasoli, clerk, from \$1,500 to \$1,600 a year.

Mary M. Remmes, clerk, from \$1,800 to \$1,900 a year.

Alice C. Sullivan, clerk, from \$1,900 to \$2,000 a year.

John P. Morrissey, clerk, from \$1,700 to \$1,800 a year.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HEALTH DEPARTMENT.

Upon May 13 the Mayor approved a contract with the Federal National Linen Service Company for furnishing laundry and service to the Health Department at various locations. Bids, opened May 7, were as follows: Federal National Linen Service Company, \$104.36; Bell Linen Service, Inc., \$122.14.

INSTITUTIONS DEPARTMENT.

Upon May 12 the Mayor approved a contract as requested in the following letter:

BOSTON, May 9, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On May 8 proposals were opened in the Institutions Department after advertising for the supplying and installing of refrigerating equipment for four walk-in chests and the mortuary at the Long Island Hospital, Boston Harbor. The following proposals were received:

Commercial Refrigerating Company, Boston, \$6,900; Jarvis Engineering Company, Boston, \$7,652.

I am respectfully recommending that a contract amounting to \$6,900 be awarded to the Commercial Refrigerating Company of Boston for the installation of refrigerating equipment for four walk-in chests and the mortuary at the Long Island Hospital.

The Commercial Refrigerating Company is reliable and responsible, has already installed a refrigerating unit in the hospital which has proved satisfactory, and is prepared to proceed immediately with the work.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

Upon May 20 the Mayor approved a contract with the Peabody Construction Company for the building of a shaft and the furnishing and installing of a passenger elevator in the nurses' home at the Long Island Hospital, Boston Harbor. The following bids were received:

Peabody Construction Company, \$19,735; Construction Units, \$20,960; Chandler Construction Company, \$21,709; J. A. Singarella Company, \$23,637.

PENAL INSTITUTIONS DEPARTMENT.

Upon May 14 the Mayor approved a contract with D. A. Robbins Electric Company for rewiring electrical system for the new prison at House of Correction, Deer Island, Special Appropriation. Bids, opened May 12, were as follows: D. A. Robbins Electric Company, \$3,685; H. M. Lobdell Electric Company, \$10,000.

SUPPLY DEPARTMENT.

Upon May 5 the Mayor approved a contract with the Atlantic Battery Company for furnishing battery plates to the Fire Department. The total amount of the award was \$2,388. Bids, opened May 1, were as follows:

5,500 One Eighth Inch Stud, Negative, Per C.—Atlantic Battery Company, \$19.90*; Sweeney Battery Company, \$26.20.

5,500 One Eighth Inch Stud, Positive, Per C.—Atlantic Battery Company, \$19.90*; Sweeney Battery Company, \$26.20.

Cash Discount, Ten Days.—Atlantic Battery Company, none; Sweeney Battery Company, 2 per cent.

Best Delivery Date.—Atlantic Battery Company, two weeks; Sweeney Battery Company, part shipment May 20, balance in 60 days.

Specifications Whether Plates Formed or Unformed.—Atlantic Battery Company, unformed; Sweeney Battery Company, unformed.

Remarks.—Atlantic Battery Company, total bid, \$2,388; Sweeney Battery Company, total bid, \$3,144, less 2 per cent cash discount, \$62.88, net total, \$3,081.12.

* Contract awarded.

Upon May 6 the Mayor approved a contract with the Eagle Electric Supply Company for furnishing traffic control cable. The low bid from the Westinghouse Electric Supply Company was irregular because the copy of the bid for the Auditor's office was not deposited as required by City Ordinance.

Bids, opened April 21, were as follows:

6,000 Feet 7 Conductor, No. 12 Cable, Per Foot.—Westinghouse Electric Supply Company, 49.917 cents; Hazard Insulated Wire Works, Division of The Okonite Company, 58.5 cents, includes 5 reels at \$18 each, returnable; General Electric Company, 57.1 cents; Eagle Electric Supply Company, 52.1 cents,* includes 12 reels at \$12 each, returnable.

10,000 Feet 12 Conductor, No. 12 Cable, Per Foot.—Westinghouse Electric Supply Company, 74.825 cents; Hazard Insulated Wire Works, Division of The Okonite Company, 85.6 cents, includes 7 reels at \$25 each, returnable; General Electric Company, 90.5 cents; Eagle Electric Supply Company, 82.1 cents,* includes 20 reels at \$25 each, returnable.

Cash Discount, Ten Days.—Westinghouse Electric Supply Company, one half of 1 per cent; Hazard Insulated Wire Works, Division of The Okonite Company, one half of 1 per cent; General Electric Company, net; Eagle Electric Supply Company, one half of 1 per cent.

Date of Delivery.—Westinghouse Electric Supply Company, June; Hazard Insulated Wire Works, Division of The Okonite Company, 30 weeks; Eagle Electric Supply Company, 38 weeks.

Remarks.—Westinghouse Electric Supply Company, reels billed separately, Escalator clause; Hazard Insulated Wire Works, Division of The Okonite Company, Escalator clause, exception to specifications on insulation, ASTM Specification D-755; General Electric Company, exception to specifications on insulation, Specification GRS 8332; Eagle Electric Supply Company, Escalator clause, exception to specifications on insulation, ASTM Specification D-755.

* Contract awarded.

Upon May 6 the Mayor approved a contract with the Mueller Company as requested in the following letter:

BOSTON, May 5, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This office is in receipt of a number of requisitions from the Water Division of the Public Works Department for brass fittings. Following is a tabulation of the informal bids which were received on this material.

It is respectfully requested that permission be granted me to award a contract, without public advertisement, to the only company who submitted a complete bid, the Mueller Company, Empire State Building, New York. This company also assures immediate delivery.

The total amount of the award will be \$3,764, with a cash discount of 2 per cent, 15th proximo.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

200 Three Quarter Inch Copper to Copper Couplings, Each.—Mueller Company, 66 cents*; C. L. Lynch Company, 76 cents; Hays Manufacturing Company, 67 cents.

50 One and One Half Inch Mueller Thread Corp. Cocks, Each.—Mueller Company, \$6.19*; C. L. Lynch Company, \$6.34; Hays Manufacturing Company, \$5.72.

50 One and One Half Inch Boston Thread Corp. Cocks, Each.—Mueller Company, \$6.91*; C. L. Lynch Company, \$7.35; Hays Manufacturing Company, \$7.60.

50 2-Inch Couplings, Female, Copper to Iron Pipe, Each.—Mueller Company, \$3.12*; C. L. Lynch Company, \$3.50; Hays Manufacturing Company, \$3.18.

50 2-Inch Couplings, Copper, with Adapters, Each.—Mueller Company, \$3.22*; C. L. Lynch Company, NB; Hays Manufacturing Company, \$3.50.

100 2-Inch Copper to Copper Couplings, Each.—Mueller Company, \$5.28*; C. L. Lynch Company, NB; Hays Manufacturing Company, \$5.08.

100 One and One Half Inch Copper to Copper Couplings, Each.—Mueller Company, \$3.14*; C. L. Lynch Company, \$3.29; Hays Manufacturing Company, \$2.97.

50 2-Inch Couplings, Copper, to Iron Pipe, Male, Each.—Mueller Company, \$3.12*; C. L. Lynch Company, \$3.50; Hays Manufacturing Company, \$3.18.

400 Three Quarter Inch Corp. Cocks for Copper Tubing, Each.—Mueller Company, \$1.31*; C. L. Lynch Company, NB; Hays Manufacturing Company, NB.

300 Three Quarter Inch Curb Cocks, Minneapolis Pattern, Each.—Mueller Company, \$2.74*; C. L. Lynch Company, \$3.05; Hays Manufacturing Company, \$3.26.

200 1-Inch Male Couplings, Boston Thread, Each.—Mueller Company, \$1.58*; C. L. Lynch Company, NB; Hays Manufacturing Company, NB.

Delivery.—Mueller Company, immediate on all items; C. L. Lynch Company, 6 to 8 weeks; Hays Manufacturing Company, 30 weeks.

Cash Discount, Ten Days.—Mueller Company, 2 per cent, 15th proximo; C. L. Lynch Company, 1 per cent; Hays Manufacturing Company, 2 per cent, 15th proximo.

* Contract awarded.

Upon May 9 the Mayor approved a contract with J. P. O'Connell Company for furnishing ready-mix concrete as needed to the Public Works Department and various other city departments. The total amount of the contract was \$3,778.75. Bids, opened May 7, were as follows:

Item 1. 300 Cubic Yards Ready-Mix Concrete, 1-2½-5.—J. P. O'Connell Company, \$8.40*; J. H. McNamara, Inc., \$8.40; The Whittemore Company, \$9.

Item 2. 100 Cubic Yards Ready-Mix Concrete, 1-2-4.—J. P. O'Connell Com-

pany, \$9*; J. H. McNamara, Inc., \$9†; The Whittemore Company, \$9.65.

Item 3. 25 Cubic Yards Ready-Mix Concrete, 1-2, With Lampblack.—J. P. O'Connell Company, \$14.35*; J. H. McNamara, Inc., \$14.35†; The Whittemore Company, \$14.45.

Cash Discount, Ten Days.—J. P. O'Connell Company, 50 cents per cubic yard*; J. H. McNamara, Inc., 50 cents per cubic yard†; The Whittemore Company, 50 cents per cubic yard.

Approximate Total.—J. P. O'Connell Company, Item 1, \$2,520, Item 2, \$900, Item 3, \$358.75, total, \$3,778.75; J. H. McNamara, Inc., \$3,778.75; The Whittemore Company, Item 1, \$2,700, Item 2, \$965, Item 3, \$361.25, total, \$4,026.25.

Remarks.—J. H. McNamara, Inc., price based on price of cement, sand and gravel. If these items increase in price the cost of mix will be raised accordingly. For deliveries other than 8 a. m. to 5 p. m., Monday through Friday, 25 cents per yard additional; for deliveries Saturday and holidays, add 50 cents per cubic yard; for deliveries 2 to 4 yards, add \$2 per cubic yard; for deliveries less than 2 yards, add \$4 per cubic yard; for delays over 15 minutes for unloading, add \$1.25 for each additional 15 minutes.

* Contract awarded.

† See Remarks.

Upon May 12 the Mayor approved a contract with the New Century Kraftsman Company for furnishing scullery sinks to the Long Island Hospital at a price of \$375 each sink with a 2 per cent cash discount for payment within ten days. The total amount of the contract was \$1,500. Bids, opened May 6, were as follows:

Scullery Sinks, as Per Specification, Each.—New Century Kraftsman Company, \$375*; McAuliffe & Burke Company, \$435; The McDonald Company, \$387; Crane Company, \$473.75, escalator clause; S. M. LeVin Company, \$433.84, quoting 12G, stainless steel; Monroe Company, \$415.

Date of Delivery.—New Century Kraftsman Company, 6 to 8 weeks; McAuliffe & Burke Company, 30 to 45 days; The McDonald Company, 30 days; Crane Company, 30 to 45 days; S. M. LeVin Company, 4 to 6 weeks; Monroe Company, 30 days.

Cash Discount, Ten Days.—New Century Kraftsman Company, 2 per cent; McAuliffe & Burke Company, 2 per cent; The McDonald Company, net; Crane Company, 1 per cent; S. M. LeVin Company, 1 per cent; Monroe Company, 1 per cent.

* Contract awarded.

TRANSIT DEPARTMENT.

Upon May 6 the Mayor approved a contract with the Koppers Company, Inc., for pitch-saturated cotton waterproofing fabric, Rapid Transit Facilities, East Boston district. Bid, opened April 30, was as follows: Koppers Company, Inc., \$17,940, discount, 2 per cent, net total, \$17,581.20.

Upon May 6 the Mayor approved a contract with the Koppers Company, Inc., for asphalt or coal tar pitch, Rapid Transit Facilities, East Boston district. Bids, opened April 11, were as follows:

Asphalt.—National Contractors Company, \$8,225, discount, 2 per cent, net total, \$8,060.50; Trimount Bituminous Products Company, \$5,355, discount, 2 per cent, net total, \$5,247.90.

Coal Tar Pitch.—Koppers Company, Inc., \$4,735, discount, 2 per cent, net total, \$4,630.50.

Upon May 19 the Mayor approved a contract with John Deveney for renting trucks, Rapid Transit Facilities, East Boston district. Bids, opened May 14, were as follows:

M. Doyle & Co., Inc., \$4.95 per hour per truck; M. DeMatteo Construction Company, \$4.50 per hour per truck, less 4 per cent discount; Calumet Construction Company, \$4.50 per hour per truck, less 4 per cent discount; John Deveney, \$4.50 per hour per truck*; Sylvester Brothers Contracting Corporation, \$4.50 per hour per truck; Ward General Contracting Company, \$4.50 per hour per truck; Dooley Brothers, Inc., \$4.50 per hour per truck; William Banfield, \$4.50 per hour per truck; O'Connor Brothers, Corporation, \$4.50 per hour per truck; Baker & Co., Inc., \$4.50 per hour per truck; J. A. Singarella Company, \$4.50 per hour per truck; M. McGinnis Company, \$4.50 per hour per truck.

The bids of M. DeMatteo Construction Company and Calumet Construction Company did not conform with the specifications in that they did not conform with the minimum rates of the Department of Public Utilities and also did not conform to specifications.

* Contract awarded.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

Approval has been given to grant a further extension of time to James S. Kelliher for the performance of a contract for alterations and additions to Fire Station, Engine 22. The contract, dated October 8, 1946, was to have been completed within sixty days after approval, October 14, 1946. The date of completion in accordance with the contract was December 13, 1946, but an extension of time for completion was granted to February 5, 1947, with a second extension until March 18, 1947. Because of the fact that certain necessary additions to the work contemplated in the original contract have been requested by the Fire Department and also because of delays in delivery of various materials required on the job it was not possible to complete the work by March 18. Request is made for a further extension of time for performance of the work under the contract, and additions, until May 18, 1947.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract made January 16, 1947, with John T. Bradley, for washing, painting, plastering, tile work, sheet metal work, flooring and miscellaneous repair work, Drown House, Boston City Hospital, from April 1, 1947, to May 31, 1947. This extension is requested because of unavoidable delays which have impeded the progress of the contract.

Approval has been given for an extension of time for completion of contract made November 5, 1946, with Calley, Henderson & Stewart, Inc., for installation of nurses' library equipment, Vose House, Boston City Hospital, from February 3, 1947, to May 15, 1947. This extension is requested because of delay in delivery of the equipment called for in the contract.

PARK DEPARTMENT.

Daniel J. Shea has been granted an extension of time until May 15, 1947, for the completion of the contract for excavating and loaming at Mt. Hope Cemetery, West Roxbury.

M. S. Kelliher Company has been granted an extension of time until June 10, 1947, for the completion of the contract for new field house, Ross Playground, Hyde Park.

P. J. Dinn & Co. have been granted an extension of time until June 15, 1947, for the completion of the contract for furnishing and erecting wire fences at Oak Square Playground, Brighton.

PUBLIC WORKS DEPARTMENT.

The Murray Engineering Company has been granted an extension of time for completion of the contract for building a public boat landing at Warren Bridge, to May 1, 1947. This extension is requested for the reason that the contractor has been delayed by nonreceipt of necessary materials.

Charles A. Maguire & Associates have been granted an extension of time for completion of the contract from March 31, 1947, to October 31, 1947, for engineer's services, sewage treatment plant for the Boston main drainage system. This extension is requested for the reason that during the last six months the contractor has been busied solely in the collection of data necessary for the proper design and subsequent operation of the new plant. Work is now in preparation and ready for completion on the final designs and the extension sought, in my opinion, is a reasonable one.

Approval has been given for an extension of time for completion of the contract with C. Russo, Inc., for the building of sewerage works and water works in Ledgeale road, Truman road and Alward road, West Roxbury, from May 1, 1947, to May 31, 1947, a period of 30 days. This extension is requested due to winter weather.

Approval has been given for an extension of time for completion of the contract made with the Bethlehem Steel Company for repairing hull, etc., ferry boat "Ralph J. Palumbo," to May 19, 1947. This extension is requested for the reason that the contractor has been delayed by the inability to obtain material and also due to the performance of additional work recommended by the U. S. Coast Guard Inspection Service.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 10-inch pipe, two catch-basins, and one new manhole on sanitary sewer in Richardson street, between Western avenue and 200 feet east of Mackin street, in the Brighton district, at an estimated cost of \$4,600.

A sanitary sewer of 18-inch pipe in Exchange place, between Kilby street and Congress street, in the City Proper district, at an estimated cost of \$10,000.

CHANGES IN CONTRACTS.

PUBLIC BUILDINGS DEPARTMENT.

A. Piotti Company has been ordered to change the contract for gymnasium, South Boston; Furnish all labor and materials required to build up on top of the present roofs, over the boiler room and coal pocket that slope towards the new gymnasium, so that the water will not remain in these low areas and at the new walls but will divert to present catch-basin; also include a new manhole cover and frame in the above work, for the sum of \$329.60; furnish and install a copper louver in the ventilator of the window of the hand ball court and install a $\frac{1}{4}$ -inch heavy mesh screen on the iron grille, for the sum of \$108; total addition, \$437.60, and the amount of \$437.60 will be added thereto, making the account as follows: Contract price, \$83,984; total additions, \$6,999.33; amount of contract, \$50,983.33.

ADDITIONS TO CONTRACTS.

FIRE DEPARTMENT.

Approval has been given for the following additions to the contract of General Ship and Engine Works, Inc., for conversion of two former AMc type naval vessels for use as fireboats. The contract is dated December 2, 1946:

Addition No. 1.—Furnish labor and material for the removal of 40 black-out switches on the two AMc vessels, including removal of all wiring switch back to nearest junction box, also any necessary repairs to wiring disturbed by these removals, \$225.

Addition No. 2.—Install one mooring bit on the forward deck of AMc 50, "Marabout," including stiffening of under side of main deck and securing bit on oak foundation on main deck, \$290.

Addition No. 3.—Remove over-hang on Flying Bridge of AMc 50, "Marabout," including removing of stanchions, hand railing and deck over-hang. Also, make repairs to deck in way of stanchions. Make alterations to hand pipe railing, new side boards on upper deck, new canvas on Flying Bridge deck, and patching and finishing off holes in pilot house caused by removal of over-hang, \$812.

Addition No. 4.—(1) Furnish labor and any material necessary to open main engine on AMc 50, "Marabout," and do the following work: Remove two cylinder heads and pistons; remove all valves; remove one cylinder liner; lift bearing caps; uncover roller chain drives; open up thrust bearing cap; open up water pump; remove inspection plates from exhaust manifold. All valves including spray valves, exhaust valves, air valves, and intake valves, should be disassembled, cleaned and ground in. (2) Furnish labor and any material necessary to open main engine of AMc 68, "Bulwark," and do the following work: Remove two pistons; remove all valves; thrust bearing cap lifted; clean lubricating oil system and crankcase; open circulating water pump. All valves, including spray valves, exhaust valves, air valves, and intake valves, should be disassembled, cleaned and ground in, \$2,000.

Total additions, \$3,327; original contract, \$168,600; total contract, \$171,927.

There are twenty black-out switches on each vessel that fill up a corner of a doorway on each boat and interfere with passage through the boat. They should be removed.

On the AMc 50, "Marabout," mooring equipment consists of wooden cleats

fastened to the bulwarks. They are inadequate and in poor condition and require replacement.

At present, the over-hangs of the upper house on AMc 50, "Marabout," will interfere with proper operation of the deck house fire monitor and should be removed.

The propelling engines of both boats have not been operated for several months, and it is therefore necessary to open up both engines and to do work necessary to place them in first-class operating condition.

Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

C. Russo, Inc., has been directed to perform the following extra work under the contract for laying 8-inch water pipe in Alward road, Ledgedale road, and Truman road (West Roxbury), dated December 17, 1946. Items ordered: Remove 108 cubic yards of rock in Alward road, West Roxbury, Item 3 of contract (\$8 per cubic yard). Estimated cost of extra work, \$40.

CONTRACT AMENDED.

It is agreed that the contract entered into by and between the parties hereto, dated November 23, 1946, and approved by the Mayor of Boston on December 10, 1946, is hereby amended for the reasons set forth in the letter of the Superintendent of Supplies, dated February 25, 1947, and approved by said Mayor on March 3, 1947, which letter is made a part of this amendment; so that the cost of Item 1 of said contract is changed from \$10.40 per ton of 2,000 pounds to \$10.80 per ton of 2,000 pounds.

DEDUCTION FROM CONTRACT.

HOSPITAL DEPARTMENT.

Patrick J. Sullivan has been authorized to deduct from the contract dated March 31, 1947, for painting Vose House "C," Boston City Hospital, the sum of \$300 for omission of certain articles of furniture called for in the contract, pursuant to oral agreement made on May 5, 1947. Original contract price, \$8,634; reduction, \$300; amended contract price, \$8,334.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 19, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Capen street, be, and the same hereby is, amended, by adding to said order the amount \$154 as an award to Abraham H. Levins and Mary Levins, husband and wife, as tenants by the entirety; that the amount \$154 be, and the same hereby is, awarded to Abraham H. Levins and Mary Levins, husband and wife, as tenants by the entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 11, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Myles Standish road, be, and the same

hereby is, amended, by adding to said order the amount \$70 as an award to Frank W. Quinan and Charlotte E. Quinan, husband and wife, as tenants by the entirety, and Joseph H. Quinan, as tenant in common; that the amount \$70 be, and the same hereby is, awarded to Frank W. Quinan and Charlotte E. Quinan, husband and wife, as tenants by the entirety, and Joseph H. Quinan, as tenant in common, for the damages so sustained.

STREET CONSTRUCTION WORK.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice, relating to the public improvement, hereinafter described, and having caused a copy of said order to be published May 2, 3, 5 and 6, 1947, in the *Boston Globe* and the *Boston Post*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience require, does hereby order that specific repairs be made as follows:

Columbus avenue, Boston Proper district, consisting of a reduction of 5 feet in width of the sidewalk on each side, between Massachusetts avenue and Northampton street; and of a reduction of 5 feet in width of the sidewalk on each side and the construction of a central safety island between Massachusetts avenue and Stuart street; including the filling of areas and the incidental work connected therewith, where necessary.

POLICE DEPARTMENT ORDERS.

General Order No. 900.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Thursday, May 29, 1947, at 7.45 o'clock a. m.:

Patrolman Patrick J. McGrail, Division 2, 27 years of service.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 901.

Transfer of the following-named person is hereby ordered, effective Saturday, May 24, 1947, at 7.45 o'clock a. m.:

Patrolman Alfred C. Gorman, from Traffic Division to Division 2.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 19, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the Chair. Present, all of the members. The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments: Constables, for term ending April 30, 1948, authorized to serve civil process upon filing of bond: Angelo Michael Russo, 1117 Saratoga street, East Boston, Mass.; Henry Ward, 60 Seaver street, Roxbury, Mass.

Constable to serve without bond and without authority to serve civil process for term ending April 30, 1948: Charles J. Lennon, 101 Anawan avenue, West Roxbury, Mass.

Weights of Goods for term ending April 30, 1948: Shirley E. Perry, 19 Cottage road, West Roxbury, Mass.; Paul G. Ehler, 105 Upham street, Melrose, Mass.; L. Nathan Buker, 375 Hyde Park avenue, Roslindale, Mass.

Weight of Coal, for term ending April 30, 1948: Daniel V. Henderson, 18 Grady court, East Boston, Mass.

Severally referred to the Committee on Constables and Confirmations.

INCREASED APPROPRIATION, SUPREME JUDICIAL COURT.

The following was received:

City of Boston,
Office of the Mayor, May 19, 1947.
To the City Council.

Gentlemen,—I have been advised by the Budget Commissioner that it will be necessary to increase the appropriation of the Supreme Judicial Court by the sum of \$1,500. This month the court has approved and ordered paid to Nelson B. Vanderhoof the sum of \$1,725 for services as master in a Supreme Court case. Therefore, an additional \$1,500 is requested to be assigned to B-35, Fees, Service of Venires, etc.

There was no way of estimating the amount necessary in advance for this item, as it is entirely dependent on appointment of masters and auditors by the court as the necessity arises.

I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the respective sum of money specified in the schedule hereinafter set out be, and hereby is, appropriated for the purpose hereinafter specified, said sum to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

Supreme Judicial Court.

B-35, Fees, Service of Venires, etc..... \$1,500

Referred to Executive Committee.

EASEMENTS IN HOOSAC PIERS PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, May 5, 1947.
To the Honorable City Council.

Gentlemen,—Gerald Henderson, Chairman, Commonwealth of Massachusetts, Port of Boston Authority, informs me that the Commonwealth acting through this Authority has entered into an agreement for the purchase of the Hoosac Piers property in Charlestown from the Boston and Maine Railroad and for the lease to the railroad of such property and the pier facilities to be constructed thereon. Mr. Henderson further informs me that the Commonwealth has received a deed from the railroad conveying such property and that the conveyance is subject to certain common sewer and surface drainage rights and easements in the City of Boston in said property and that the Authority would like the City of Boston to abandon and release such rights and easements and convey same to the Commonwealth so that the Commonwealth may own such property free and clear from such rights and easements.

At my request the Corporation Counsel and the Commissioner of Public Works have caused a legal and factual examination of the city's rights in the so-called Hoosac Piers property in the Charlestown district.

The Corporation Counsel informs me that the property in question, the Hoosac Piers, is situated on the southeasterly side of Water street, between Charles River avenue and the United States Navy Yard; that the entire block of property within the aforesaid bounds and running to low water line belonged to the inhabitants of the town of Charles-

town; that at various times the town sold parcels of said property to individuals reserving to the town certain rights and easements in the granted properties and later after Charlestown's incorporation as a city in 1847 the city sold the remaining parcels of said property reserving like rights and easements for common sewer and surface drainage purposes. The Corporation Counsel further informs me that the title to Hoosac Piers property is in the Commonwealth of Massachusetts and is subject to certain rights and easements in the City of Boston for common sewer and surface drainage purposes and that in order to accede to the request of the Port of Boston Authority it will be necessary that action by your Honorable Body be taken to effect an abandonment of certain of such rights and easements and the retention, substitution and relocation of other of such rights and easements.

The Commissioner of Public Works informs me that he has made an investigation of the property and that the city has no further need of certain of such rights and easements in the Hoosac Piers property and recommends that same be abandoned (see "A" and "B" on plan referred to and accompanying the attached order) but that it is necessary that the city maintain an existing 48-inch diameter pipe overflow located in said property and that the existing overflow be relocated and constructed at the expense of the Port of Boston (see "C," 1-2, 2-3, and 2-4 on the plan referred to and accompanying this report).

The Port of Boston Authority through its attorneys, Foley, Hoag and Eliot, has informed the Corporation Counsel that the proposed abandonment, relocation and construction of said common sewer and surface drainage facilities as set forth in the accompanying order, plan and letter have been approved by said Authority.

To aid you in your better understanding of this project and in your consideration of the accompanying order I transmit herewith the following papers: (1) letter, Commonwealth of Massachusetts, Port of Boston Authority to Mayor, City of Boston, dated March 10, 1947; (2) letter, City of Boston, Commissioner of Public Works to Mayor of Boston, dated April 21, 1947; (3) letter, Foley, Hoag and Eliot to Assistant Corporation Counsel, City of Boston, Law Department, dated May 1, 1947; (4) plan marked "Plan of Land of Commonwealth of Mass., Port of Boston Authority at Hoosac Dock, Charlestown," "City of Boston, Public Works Department, Sewer Division, Robert P. Shea, Division Engineer, April 8, 1947."

I transmit to you herewith an order whereby the aforesaid may be accomplished and it is my considered opinion that the City of Boston should join with the Commonwealth of Massachusetts, Port of Boston Authority in that Authority's proposed development of the Hoosac Piers and therefore I urgently recommend consideration and passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, The Inhabitants of the Town of Charlestown by deed dated October 11, 1830, recorded with Middlesex South District Deeds, Book 358, page 10, conveyed to Charlestown Wharf Company certain lands and flats in the Charlestown district "reserving to said Town the right in a common sewer in said dock and the right to extend and maintain the same to low watermark"; and

Whereas, The Inhabitants of the Town of Charlestown by deed dated March 19, 1836, recorded with Middlesex South District Deeds, Book 352, page 67, conveyed to William B. Swett certain lands and flats "it being understood that the town shall have the right to lay a common sewer through the premises hereby released at any time hereafter without being subject to damages"; and

Whereas, The City of Charlestown by deed dated December 28, 1863, recorded with Middlesex South District Deeds, Book 911, page 79, conveyed to Ann F. Damon a certain parcel of land and flats "said City retaining the right, at any and all times it may see fit, to erect, construct and maintain through said premises a drain or common sewer sufficient for the drainage of that section of said City; and said grantee or her assigns shall preserve a suitable place for the construction of said drain or sewer"; and

Whereas, The City of Charlestown by deed dated December 28, 1863, recorded with Middlesex South District Deeds, Book 911, page 80, conveyed to Jacob Hittinger a certain parcel of land and flats "said city retaining the right, at any and all times it may see fit, to erect, construct and maintain through said premises a drain or common sewer sufficient for the drainage of that section of said City; and said grantee and his assigns shall preserve a suitable place or way for the construction of said drain or sewer"; and

Whereas, The Commonwealth of Massachusetts, Port of Boston Authority, through mense conveyances is the present owner of the lands and flats subject to the aforesaid rights and easements of the Town and City of Charlestown and now of the City of Boston, and said Authority has requested the City of Boston to abandon and release said rights and easements in so far as the same are not utilized; and

Whereas, The Commissioner of Public Works of the City of Boston has declared the said rights and easements as contained in the Charlestown Wharf Company and Swett deeds, above referred to, and

now shown within the locations designated as "A" and "B" on the plan hereinafter referred to are no longer required for public purposes and should be abandoned, and the said Commissioner has further declared that the rights and easements referred to above in the Damon and Hittinger deeds and shown within the location designated as "C" on the plan hereinafter referred to should be retained by the City of Boston and should be relocated and extended if necessary in order to enable the Port of Boston Authority to erect and construct the new Hoosac Piers; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized in behalf of the City of Boston by an instrument in writing satisfactory in form to the Law Department of the City of Boston to abandon the rights and easements reserved to the Town and City of Charlestown and now in the City of Boston and shown within the locations designated as "A" and "B" on the plan hereinafter referred to; and it is hereby further

Ordered, That his Honor the Mayor be, and he hereby is, authorized in the name and behalf of the City of Boston by an instrument in writing satisfactory in form to the Law Department of the City of Boston to release to the Commonwealth of Massachusetts, Port of Boston Authority, all the right, title and interest of the City of Boston in the rights and easements reserved in the aforesaid Charlestown Wharf Company and William B. Swett deeds, hereinbefore authorized to be abandoned and shown within the locations "A" and "B" on the plan hereinafter referred to; and it is hereby further

Ordered, That his Honor the Mayor be, and he hereby is, authorized in the name and behalf of the City of Boston to accept an instrument in writing satisfactory in form to the Law Department of the City of Boston whereby the Commonwealth of Massachusetts, Port of Boston Authority, grants to the City of Boston rights and easements for a drain or common sewer and agrees to construct at the sole expense of the Commonwealth of Massachusetts, Port of Boston Authority, said drain or common sewer between the points marked "2" and "4" within the location designated as "C" on the plan hereinafter referred to, in substitution for like rights and easements now held by the City of Boston between the points marked "2" and "3" within the location designated as "C" on the plan hereinafter referred to and marked "Plan of Land of Commonwealth of Mass., Port of Boston Authority, at Hoosac Dock, Charlestown"; "City of Boston, Public Works Department, Sewer Division, Robert P. Shea, Division Engineer, April 8, 1947."

Referred to Committee on Public Lands.

SALE OF LAND ON CANAL STREET.

The following was received:

City of Boston,
Office of the Mayor, May 15, 1947.
To the Honorable City Council.

Gentlemen,—The City of Boston is the owner of a parcel of property containing approximately eight thousand eight hundred fifty-eight (8,858) square feet of land together with a three-story and basement brick building with ornamental marble front, containing approximately twenty-four thousand two hundred (24,200) square feet of floor space and situated on the northeasterly side of and numbered 53-85 Canal street, between Haymarket square and Traverse Street tunnel in Boston Proper.

This parcel of land is a part of a large tract of land in this area originally acquired by the City of Boston Transit Commission through eminent domain proceedings for subway purposes. The original subway having been completed, the Legislature by the enactment of St. 1897, chapter 347, authorized the Boston Transit Commission to transfer certain lands acquired for but not required for subway purpose to the City of Boston "to be used for a market or other public purpose." Certain parcels of land so transferred were used by the city for the site of the Haymarket Square Relief Station and the widening of Canal street. The Boston Transit Commission, by St. 1902, chapter 534, and acts in amendment thereof and in supplement thereto, was authorized to take or use for the construction of additional tunnels or subways other portions of said transferred land, and said Commission did use but did not take parcels of such land.

In 1915, in my first administration as Mayor of the City of Boston, I found the parcel of land, the subject matter of the attached order, was not situated or readily adaptable to any public purpose and was lying vacant, unproductive and without taxable benefits to the city. Upon my petition addressed to the Legislature, that Honorable Body, by the enactment of St. 1915, chapter 178, removed the prior legislative restriction as to the use or alienation of said land, "to be used for a market or other public purpose," and authorized the city to lease or sell the same. At my request the Board of Street Commissioners invited bid proposals for the sale or lease of this parcel of land. One bid was received. The bidder presented to the city an offer to lease said land for a term of 40 years at a rental for the land of \$5,000 per year; the payment of annual taxes assessed or a sum equal thereto; and the bidder further offered to build thereon a brick and concrete business building of not less than two stories in

height with stores on the street floor to cost approximately \$60,000. Upon my recommendation the City Council on July 12, 1915, unanimously passed an order authorizing a lease of said land to be based upon the aforesaid provisions and upon the additional provision that the said building to be erected and all improvements on said land were to become the property of the City of Boston upon the expiration of the said lease.

The Board of Street Commissioners of the City of Boston, on August 5, 1915, with my approval, entered into an indenture of lease containing the recommended provisions, and the lessee entered upon the premises and erected the building in conformance with the terms of such instrument. The City of Boston as a result of the failure of the lessee and his assignees to pay the rentals and taxes as well as their failure to observe and perform the covenants of said instrument terminated said lease in March, 1937, and the City of Boston subsequently sued and recovered the outstanding indebtedness of unpaid rents and back taxes. This parcel of property has been in the care, custody, management and control of the Board of Street Commissioners from the date of the termination of said lease.

At a conference recently held by me in my office and attended by the Board of Transit Commissioners and the Board of Street Commissioners, engineers of both departments and a representative of the Law Department, it was determined to be in the best interests of the city that the Boston Transit Commission, prior to any disposition of this property, take through eminent domain proceedings all rights and easements necessary to preserve and protect our transit tunnels and subways in this location. The Transit Department, on May 13, 1947, passed such an order of taking, and said order and plan were recorded in the Suffolk Registry of Deeds on May 13, 1947.

The Board of Street Commissioners informs me that this parcel of property is not devoted to or required for any public purpose; that the records of the Board of Assessors of the City of Boston carry the assessment thereof in total amount of \$75,000 (land, \$44,300; building, \$30,700); and the Board of Street Commissioners further informs me that at its request the Chairman, Board of Real Estate Commissioners of the City of Boston, has made an appraisal of said property and reported " . . . in my opinion, and for public auction purposes, I would suggest an upset price of \$125,000 be set on the said property."

In my opinion this parcel of property situated in a commercial district is not devoted to, nor is it suited or adaptable for, a public use or purpose; that this land and building was specially designed and constructed for business purposes and is ideally located for private enterprise; that this property should not continue in the management and control of the city, but should be sold; that a sale of this property would result in the three-fold measures of the productivity of property in its essential character as business property, the addition to city revenues of the sale price, and the return and addition of such property to the tax assessment rolls.

I recommend that this parcel of property be sold at public auction at an upset price of \$125,000, and your consideration and passage of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately eight thousand eight hundred fifty-eight (8,858) square feet, together with the building thereon, situated on the northeasterly side of and numbered 53-85 Canal street, Boston; and

Whereas, The said parcel of land, together with the building thereon, subject to the rights and easements, including the structures therein ("Parcel B" on the plan, hereinafter referred to, of the City of Boston Transit Department) are not required for any public purpose; now, therefore, it is hereby

Ordered, That the Board of Street Commissioners of the City of Boston be, and they hereby are, authorized in the name and behalf of the City of Boston, to sell at public auction at an upset price of one hundred twenty-five thousand dollars (\$125,000) all the City of Boston's right, title and interest in and to said parcel of land, together with the building thereon, hereinafter described, subject, however, to the exception and reservation in the City of Boston of the rights and easements, including the structures therein (shown as "Parcel B" on the plan hereinafter referred to), set forth in an instrument of taking, together with plan filed therewith, for Transit Department purposes, dated May 13, 1947, recorded with Suffolk Registry of Deeds, Instrument No. 91, May 13, 1947; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston, to execute and deliver to a purchaser at said public auction a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all the City of Boston's right, title and interest in and to said parcel of land, together with the building thereon, hereinafter described, subject, however, to the exception and reservation in the City of Boston of the rights and easements, including the structures therein (shown as "Parcel B" on the plan hereinafter referred to) set forth in an instrument of taking, together with the plan filed therewith, for Transit Department purposes,

dated May 13, 1947, recorded with Suffolk Registry of Deeds, Instrument No. 91, May 13, 1947.

Said parcel of land is bounded and described as follows:

Southwesterly by the northeasterly side line of Canal street, two hundred eighty-two and 30/100 (282.30) feet; northwesterly by the southeasterly side line of land of the City of Boston, Traverse street tunnel, thirty-one and 31/100 (31.31) feet; northeasterly by other land of the City of Boston, along the northeasterly face of the "subway wall," two hundred eighty-two and 44/100 (282.44) feet; southeasterly by the northwesterly line of other land of the City of Boston, thirty-one and 43/100 (31.43) feet, containing eight thousand eight hundred fifty-eight (8,858) square feet of land, more or less.

Said parcel of land, the location of the building thereon, the location of the "subway wall," together with the location of the rights and easements, including the structures therein ("Parcel B"), excepted and reserved in the City of Boston for Transit Department purposes, as set forth in the instrument of taking and plan filed therewith, hereinbefore referred to, and all of the aforesaid measurements are shown on a plan marked "City of Boston, Canal street, Boston Proper, May 15, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Referred to Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Dorothy Berman, for compensation for damage to car by fire apparatus.

Vera S. Callahan, for compensation for injuries caused by an alleged defect in Bromley street, Roxbury.

Madeline K. Dolan, for compensation for injuries caused by an alleged defect at 24 Mattapan street.

William T. Fothergill, to be reimbursed for executions issued against him.

Georgian Hotel Company, for compensation for damage to property at Hotel Kenmore, caused by defective water shut-off.

John Hay, to be reimbursed for expenses incurred at 38 Olney street, Dorchester, caused by leak in water pipe.

George Hernon, for compensation for injuries caused by car of School Buildings Department.

Lafayette Fruit Company, for compensation for damage to car by city truck.

Vincent P. McBrine, to be reimbursed for execution issued against him.

Emma V. Robbins, for compensation for damage to clothing caused by an alleged defect in Temple place.

James W. Robinson, to be reimbursed as result of accident which occurred while in performance of duty.

John J. Shea, to be reimbursed as result of accident which occurred while in performance of duty.

Edward L. Villiboseux, for compensation for damage to car caused by an alleged defect at 271 Heath street.

Mary S. Ward, for compensation for injuries caused by an alleged defect in City Hall avenue.

REPORT OF COMMITTEE ON CON-STABLES AND CONFIRMATIONS.

COUN. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of Edith Goldrosen (referred May 12) to be weigher of goods — recommending that appointment be confirmed.

Report on appointment of Roger W. Curtis (referred May 12) to be weigher of goods — recommending that appointment be confirmed.

Report on appointment of William H. Lynch (referred May 12) to be constable authorized to serve civil process upon filing of bond, for term ending April 30, 1948 — recommending that appointment be confirmed.

Report on appointment of William G. Campbell (referred May 12) to be constable authorized to serve civil process upon filing of bond, for term ending April 30, 1948 — recommending that appointment be confirmed.

The reports were accepted, and the question came on confirmation of the appointments. Committee, Councilors Lane and Kinsella. Whole number of ballots 12, yeas 12, and the appointments were confirmed.

FINANCE COMMISSION REPORT ON ASSESSING METHODS.

The following was received:

City of Boston,
Finance Commission, May 14, 1947.

Hon. James M. Curley,

Mayor of Boston.

Honorable Sir,—Realizing that the time is approaching when you and the Board of Assessors

will promulgate a tax rate for the year 1947, the Finance Commission believes it is well to keep before you the evidence that fixing a rate first and making valuations of property fit that rate, regardless of real value, is gradually leading to financial disaster. Striking evidence of this fact is revealed in the present condition of the tax overlay account. For the first time in the history of the city the overlay set up to take care of mistakes by the assessors in fixing valuations has been completely used up in less than a year following the declaration of the tax rate.

In the years immediately preceding 1946, the overlay was 3 per cent of the net requirements, but in 1947 it was 3½ per cent. That means that the assessors in 1946 provided one half of 1 per cent more than previously, but still it was not enough.

The overlay in the 1946 tax rate computations was \$2,182,112.58. Not only has this amount been entirely absorbed by abatements of the 1946 assessments, but on April 30, 1947, there was a deficit in this account of \$306,381.27.

Customarily, the figures of the abatements granted by the assessors reach the Auditor's books one month after the abatements have been officially granted. The Auditor has informed the Finance Commission that between June of 1946 and March 31, 1947, the assessors granted abatements of the 1946 taxes totaling \$2,488,493.85. Of the latter total, \$2,397,957.64 is charged to abatements of taxes on real and personal property.

The total of abatements of taxes which have been made by the different Boards of Assessors since 1941 has now reached \$29,409,077. It is expected that, before this fiscal year 1947 closes, this figure will be well above \$30,000,000. To a great extent this \$30,000,000 in tax dollars represents valuations of nearly \$700,000,000 placed on property for the purpose of keeping the tax rate down to a lower figure than would otherwise be necessary.

The Finance Commission is attaching to this communication a copy of a letter containing the official figures from the City Auditor. This official statement is corroboration of the contention which has been twice made previously by the Finance Commission and each time denied by the assessors, that abatements of 1946 assessments have nearly equaled the \$57,000,000 increase in total valuations imposed by the assessors in 1946. The abatements of 1946 on real and personal property as given by the Auditor (\$2,397,957.64) represent the taxes on \$57,094,000 valuation.

It is well to keep in mind that the above figure contains only the abatements to March 31, 1947, of 1946 assessments. If the trend of the first three months of 1947 has continued in the month and a half since March 31, it is quite likely that abatements of another \$500,000 in tax dollars have been added. This would mean that approximately \$75,000,000 of 1946 valuations has already been wiped out.

The Finance Commission desires also to give the evidence to support another point made by the Commission which the assessors have disputed. This is in the matter of the specific valuations which were increased in June, 1946, and subsequently erased. It is the Finance Commission's contention that on the larger properties in the city, mostly in the central area, where the abatements granted amounted to \$1,000 or more in tax dollars, the Commission found 177 cases wherein the assessors increased the valuation in June of 1946 over June of 1945 in the amount of \$13,047,700. In these specific cases the assessors later wrote off a total of \$17,516,500. The list of these cases is attached to this report. This list effectively disposes of the assessors' claim that it is not possible to obtain such information "under the assessing system now practiced in Boston."

The Finance Commission has not questioned the merit of any specific abatements. On the other hand, it has questioned the judgment of the assessors in their original determination of the valuations. It was and still is the contention of the Finance Commission that in each of a number of years the valuations have been originally determined to produce a particular rate and have not been based on a fair appraisal of the properties.

Respectfully submitted,

EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
FREDERICK W. ROCHE.

The Finance Commission.

ROBERT E. CUNIFF,
Secretary.

City of Boston,

Auditing Department, May 13, 1947.

The Finance Commission.

Gentlemen,—The enclosed statement is submitted in response to your request of May 12 for a summary of abatements on 1946 assessments on real and personal property up to and including March 31, 1947. As you will note, the statement is in two parts, the first part showing the abatements made during 1946 and the second part those made during the current year. The totals for the two parts are as follows:

Real property, \$2,022,695.55; personal property, \$375,262.09.

Very truly yours,

CHARLES J. FOX, City Auditor.

PERMITS FOR CHILDREN.

Petitions for children under 15 years of age to appear at places of public amusements were received, as follows:

Esther Lyons, Jordan Hall, May 29

Adolphe Robicheau, Jordan Hall, May 17.

Stanley E. Brown, Boston Opera House, June 11 and 12.

Permits granted, under usual conditions.

ORGANIZATION OF BOARD OF EXAMINERS.

Notice was received from the Board of Examiners of organization of board as follows: George R. McNeil, Chairman, Board Members, John Guarino and Benjamin Gargill.

Placed on file.

ORGANIZATION OF PUBLIC LIBRARY TRUSTEES.

Notice was received of organization of Board of Trustees of Public Library as follows: President, Francis B. Masterson.

Place on file.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of the following, having been duly approved by the City Treasurer, were received and approved by the Council:

James E. Desmond, Charles A. Wood.

NAMING OF LIEUT. EDMUND J. FITZGERALD SQUARE.

Coun. HURLEY offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of naming the square at the junction of Dudley, East Cottage and West Cottage streets, Roxbury, Lieut. Edmund J. Fitzgerald square, in memory of the late lieutenant who lost his life in defense of his country.

Passed under suspension of the rules.

RECESS.

On motion of Councilor Cantwell the Council voted at 2.16 p. m., to take a recess, subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 4 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of the Mayor and order (referred today) appropriating \$1,500 for Supreme Judicial Court, B-35, Fees, Service of Venires, etc.—recommending that same ought to pass.

2. Report on message of the Mayor and order (referred May 12) appropriating \$5,000 for Auditing Department, B-28, Expert—recommending that same ought to pass.

The reports were accepted, and the question came on the passage of the orders. The orders were severally passed, yeas 12, nays 0:

Yeas—Councilors Bryan, Cantwell, Chase, Cook, Fish, Hannon, Keenan, Kelly, Kinsella, Linehan, Muchnick, Russo—12.

Nays—0.

President KELLY—While we are waiting for the report of the Executive Committee, we will take up the motion of Councilor Kinsella.

MODERN ELECTRIC LIGHTING, BALDWIN STREET, CHARLESTOWN.

Coun. KINSELLA offered the following:

Ordered, That the Street Lighting Division of the Department of Public Works be directed, through his Honor the Mayor, to install modern electric light globes and standards on that portion of Baldwin street, between Bunker Hill and Main streets, Charlestown, Ward 2, Boston, to replace the inadequate gas lights now in use.

Passed under suspension of the rules.

"SLOW—SCHOOL" SIGNS ON MAIN STREET, CHARLESTOWN.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to direct the Traffic Commission to erect "Slow—School" signs on Main street, Charlestown, Ward 2, in the vicinity of the Bunker Hill School, for the purpose of reducing the traffic hazard to children attending this school.

Passed under suspension of the rules.

USE OF CITY-OWNED AUTOMOBILES.

Coun. CHASE offered the following:

Ordered, That the Boston Finance Commission be requested to investigate the reports of the wrongful use of city-owned automobiles and to inquire into the necessity of the use of high-priced limousines instead of medium-priced cars.

Coun. CHASE—Mr. President, I understand that, according to reports in circulation, there are quite a number of instances of the wrongful use of city-owned automobiles. As I understand it, sir, it has been reported that a department head even took a vacation to Florida in one of the new Buicks. I also understand, sir, that a certain lady in the Mayor's office specifically has the use of a new Buick, one of the limousine type, supposedly for her to carry out her official duties in the office of the censor, when you and I know the office of the censor never had an automobile at their disposal. Whether or not the fact that she is a relative of his Honor the Mayor entitles her to the use of this car, I don't know, but I do know her official censorship duties do not require the use of such a high-priced car. As a matter of fact, her official duties, if she has any, do not require the use of any automobile. No City Censor in the past has used one. I am sure, Mr. President, you will agree with me if the report is true a department head used a new limousine, city-owned, for his vacation in Florida it is a wrongful use, and I trust, sir, the Finance Commission will check into these reports and also reports of other instances where certain department heads are using these cars for purposes other than city purposes. Sir, it has

been called to my attention there are altogether too many high-priced cars being used by our various department heads. Why we should have high-priced Buick limousines and high-priced Packards and Cadillacs to be used by department heads when they get along just as well in Dodges and Plymouths and other medium-priced cars is something I don't quite understand. I do know, sir, if the city inaugurated the system of using medium-priced cars under a fleet ownership, the city would save thousands of dollars annually. The department heads and other employees who would find it necessary to use cars could save the city thousands of dollars. I hope, sir, the Finance Commission will check into this matter because the upkeep and cost of maintenance of city-operated passenger automobiles runs into many thousands of dollars annually.

Coun. MUCHNICK—Mr. President, yes, talking very much in agreement with the order, I was wondering in connection with that order if we might not in some way be able to have the Budget Commissioner come up this next week to let us know just how many cars the city has purchased, how many are in use, particularly unnecessarily for department heads who do not need them, and how that compares with the figures of previous years, both in numbers of cars and dollars and cents. I think, Mr. President, if we were to do that, we would probably find that there has been more than the \$68,000 that would be necessary for recreation supervisors spent unnecessarily on these cars. If we could probe into this and some other items,—and again I refer to the useless voting machine custodians,—we probably could arrange to get enough money together to take care of the recreational supervision that is going to be needed this summer. I don't know if an amendment is in order, or whether an amendment would be acceptable to Councilor Chase to the effect that the Budget Commissioner be invited down to give us the necessary figures, but for either or both of these situations, I would like very much to make that amendment and have it come up next week.

President KELLY—The Chair will rule the proper procedure to take, councilor, would be to refer this order to some committee and invite the Budget Commissioner there.

Coun. MUCHNICK—And the purchasing agent.

President KELLY—And the purchasing agent. Does the gentleman make that motion?

Coun. MUCHNICK—I would like to make that in the form of a motion, to send it to the Executive Committee so that we could all ask him necessary questions, and I am primarily interested in getting the sum of \$68,000 for recreation supervision. The question of relatives has been brought up. Possibly there are some relatives who could act in the capacity of recreation supervisors if the money could be transferred in that way.

Coun. CHASE—Mr. President.

President KELLY—Wait a minute. Coun. Kinsella asked for the floor, but he has not spoken.

Coun. KINSELLA—I will yield to the councilor.

President KELLY—Councilor Kinsella yields, Councilor Chase.

Coun. CHASE—Mr. President, I realize the councilor from Ward 14 (Councilor Muchnick) has considerable merit in what he has told the Council. I am very much in accord, sir, with cutting down on the expenses of unnecessary things which are being used by the various municipal departments but I, for one, feel that his Honor the Mayor could economize without depriving the citizens of essential things by cutting out those things that are not essential. I think we are all in accord, sir, that medium-priced cars are just as useful in carrying out city business as high-priced limousines, and I think we are also all in accord, sir, that the children in our various playgrounds are entitled to the supervision which his Honor the Mayor apparently feels they are not entitled to. I believe, sir, since your Budget Commissioner and the Purchasing Department are under the control of the Mayor, it would be wiser if this Body adopted my order, as is, and possibly have the councilor from Ward 14 introduce a separate order or resolution calling on his Honor the Mayor and the School Committee to appropriate the \$68,000. I feel, sir, that the Finance Commission, being an independent body, a body over which his Honor the Mayor has no control, would ascertain the facts I am calling for much more readily than the Budget Commissioner and the Purchasing Department over which the Mayor has control.

President KELLY—We are talking now in reference to sending that order to the Executive Session on Councilor Muchnick's motion. Councilor Chase.

Coun. CHASE—I move the order be adopted as originally introduced.

President KELLY—The motion is to refer this matter to the Executive Session. Talking on the motion, Councilor Kinsella.

Coun. KINSELLA—Mr. President, I do not have any desire to make an issue of this today. I think there is some merit to what the councilor from Ward 4 (Councilor Chase) says, but I think it is rather late in the day, speaking from the point of view of the administration of public business to complain about the number or the value of machines used by city officials. We have been educated to allow them more latitude than perhaps we take ourselves, but if this is not any good in 1947 it was not good in any other year. I do not wish to become personal with the gentleman from Ward 4, but I have to remind him of things he

has overlooked in the past. The reason I phrase myself today that way is that this is the type of order that should not pass. We are making fish of one and flesh of another. The *City Record* bears out the notation that one of our former Mayors of not so long ago turned in a very useful Packard limousine for a Cadillac costing around \$4,200, and was allowed \$1,400. I am informed, on the Packard. Nothing was said about that, and yet I, myself, have seen that car, the property of the City of Boston at the disposal of the Chief Executive of the city, parked in a few notorious places at night during the year 1945. I don't understand the reason for an order like this. I would like to see the \$68,000 put back in the budget in one way or another for the children of the city. It is the School Department's duty to furnish facilities, but I don't like the play of the purchase of cheap machines, and when I say cheap, I mean cheap in the sense of money and not in the operation or service, as against more fashionable limousines. In other words, if it were the custom for these men that are in the back of the mind of the councilor from Ward 4 to have smaller cars, and this was a digression from that, I could understand it 100 per cent. But to find fault with it now when it was the established custom and habit and practice is going a little too far. Yet I must concede to him there is something in what he says. But if custom backs it up, I would allow it. This order should not pass because it appears to me it is one fished out from some place as another means of criticizing and as a means by which more contumely could be placed on those responsible. The Finance Commission unquestionably approved the purchase of such things as this because we know they sit on every substantial amount of money before it is contracted for. They have the same view we have, but I think they also accept with it long custom and habit and common usage of these men in exalted positions and give a little more consideration in these matters than normal city employees in even fairly influential positions. I urge upon your Council, Mr. President, that this order and orders of this peculiar type be defeated without casting any reflection upon the good intentions of the gentleman from Ward 4 in attempting thereby to reclaim some of the \$68,000 which I claim was unnecessarily and unfairly and unjustifiably deprived. But I can't see why we ought to be playing one thing off against the other, and to inject the children's welfare. That is entirely out of it. The question of the children's welfare is a thing apart from all expenditures for automotive equipment of a purely personal although official nature. I do hope such an order as this does not pass.

Coun. CHASE—Mr. President.

President KELLY—The question comes on referring this matter to the Executive Session. Councilor Chase.

Coun. CHASE—The gentleman from Charlestown (Councilor Kinsella) said this was an established custom or something of that nature. I have been here now for ten years and this is the first time to my knowledge that any department head has ever taken a large city limousine on his vacation to Florida. Bear that in mind, that is a report I and others have heard. Sir, I think a report like that should be thoroughly checked.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. KINSELLA—To ask if he will yield.

President KELLY—Councilor Chase, do you yield?

Coun. CHASE—No, I am not yielding. Mr. President.

President KELLY—Councilor Chase does not yield. Councilor Chase.

Coun. CHASE—I think you will agree the office of assistant city censor is an office created by the present Mayor of the city and that heretofore we did not have the office of assistant city censor and that those duties in the past were carried on solely by the office of the City Censor, and that all other City Censors in prior administrations did not have the use of a high-priced city limousine. That, sir, is the report which I have heard and it comes from a reliable source. I believe, sir, that it should be investigated, and I believe, sir, that it should be stopped. I cannot conceive of an assistant city censor having the use of a high-priced limousine at the city expense, something with which she can ride around to the theatres and enjoy something which she can use for her own personal interest only. The mere fact that the assistant city censor is a relative of the Mayor's wife is of no concern to me. That, sir, should warrant her the private use of an automobile at the cost of the taxpayers' money. It should be stopped. I think, sir, you will all agree with me that those two are instances of wrongful use of city automobiles and they should be probed into and should be stopped, knowing the Mayor has warranted such wrongful use. Is there any reason why other department heads that have no use for automobiles should be using these automobiles supposedly on official business? It is my understanding, sir, that there are a number of other large limousines placed at the disposition of the department heads who heretofore had no use of an official city automobile. There is another apparent wrongful use or uses of city automobiles. Now, sir, I believe that if the city were to stop ordering and placing at the disposition of city

department heads these high-priced limousines and have them use medium-priced cars instead, the taxpayers in the long run could save thousands of dollars. No one here can say the gist of my order is not based on common sense. No one here, sir, who is thinking of the taxpayers' interests would dare go against this order. I hope, sir, that my order, in its entirety, will be adopted.

Coun. MUCHNICK—Mr. President.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—Mr. President, the only objection that has been raised in the order as originally put in by Councilor Chase was the one raised by Councilor Kinsella to the effect that it was customary to have these automobiles. Assuming that argument has any validity, it has always been the custom just as much to have recreational supervision in this city for children. If it comes down to a point of choosing between the necessity of either of those customs, I think everybody will agree it is far more important to take care of the children than it is to provide expensive or unnecessary automobiles for department heads. Since listening further to Councilor Chase, I have come to the conclusion that there is no point in sending this to the Executive Committee, and if there is no objection I would like to withdraw my motion.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Muchnick withdraws the motion to refer it to Executive Session. Hearing no objection, it is withdrawn. Councilor Kinsella.

Coun. KINSELLA—Mr. President, I agree with Councilor Muchnick that if there is any choice to be made, by all means \$68,000 for the children, but I don't think this or any other item ought to be put on a trade basis although I would like to see the kids get it. I agree with him wholeheartedly. As for the supplementary remarks of Councilor Chase, I did not in my original statement touch upon that phase of the order which dealt with out-of-state trips because I do not have any information on the subject. I will say this, if that is something he can prove, and he is an attorney and knows the value of proof, then he is probably doing the city a service. I did not mean to slur over that, but the reason I did not touch on it, to repeat myself, was that I have no knowledge of that. However, I do have knowledge of habit and customs to which we are accustomed in the city, and on that basis—except for finding some reason or excuse for discontinuing the practice—it need never be said that the city is so impecunious it has to trade valid items which were stricken out of the budget against items which are perhaps not so worth while but allowed to remain in the budget. Or, in simple language, let us get the \$68,000 for the children regardless of what happens to the purchase or expense of automotive equipment. Let us not play one against the other. For the *City Record* and for the minutes of this hearing, I want it clearly understood that I did not touch on the phase of out-of-state trips in city limousines or other city conveyances because I do not have any certain knowledge of such trips and even the instigator of the order said that reports have come to him. He did not say he checked them, and I think as an attorney he will see a good deal of legitimacy to the milder criticism contained in that statement.

Coun. BRYAN—Mr. President, I doubt the presence of a quorum.

President KELLY—Councilor Bryan doubts the presence of a quorum, and the Clerk will call the roll.

The Clerk called the roll, with the following result:

Present—Councilors Bayley, Bryan, Chase, Cook, Hannon, Keenan, Kelly, Kinsella, Linehan, Muchnick, Russo, Sullivan—12.

President KELLY—A quorum is in attendance, and the councilor will continue. The question is on the passage of the order.

The order was passed under suspension of the rules.

FURTHER EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

Report on order (referred April 28) concerning the granting of permits for the transportation of garbage and rubbish through the streets of Boston—recommending passage of accompanying new draft.

Ordered, That the Commissioner of Public Works be ordered, through his Honor the Mayor, to grant an unlimited number of permits for the removal and transportation of garbage and other refuse through the streets of Boston under section 3 of chapter 6 of the Revised Ordinances of 1925, which was further amended and approved on December 27, 1946, by section 1 of chapter 11 of the Revised Ordinances of 1946.

The report was accepted, and the question came on the passage of the order.

Coun. SULLIVAN—Mr. President, a word on this order here. You heard in the Executive Committee the opinion sent down by the Law Department that the department head has a right to set a limit to the number of permits that are

to be issued by him. That is contrary to his letter which was sent to us last December, and the request to increase the fee in this particular ordinance from \$5 to \$25 a year per truck. Today I had another veteran appeal to me for a permit. He appealed to the Public Works Department for a permit as he is doing business, and he was stopped by the supervisor or the inspector who asked for his permit. He had none, and he did not know he had to have one. He went into the Public Works Department and could not even get an application to file, so that when the limit is changed he would be in line to get a permit. The gentleman appealed to me, and I told him at present there was nothing I could do for him. That is contrary to what we had in mind when we passed this ordinance last December. This ordinance was obtained through this Body by deception in telling us this was to be open to veterans who were purchasing trucks, and desired to go into this type of business. This Body passed this ordinance in all good faith to bring additional revenue into the city. Gentlemen, if we had not passed that ordinance, the city would have been \$1,350 ahead, but, through our passing this ordinance, it is costing the city \$1,350 a year. We were not told that last December. I voted on this particular ordinance with the thought that the city could derive \$5,000 or \$10,000 a year on it, and now we find out that the city is losing \$1,350. I will tell you how I arrive at that figure. Last year this work was let into the hands of the four men of the respective districts through the city. They had their own work to do along with supervising these trucks. This year, after this ordinance was passed, they appointed a supervisor or inspector, and an inspector's salary is \$2,600 a year. All we can take in under the limit of 50 at \$25 apiece in a year is \$1,250, and subtracting the \$1,250 from the \$2,600 that the inspector is paid is a net loss of \$1,350 that the city faces each and every year from now on, unless the Mayor directs the Public Works Commissioner to rescind that limit and open it up so that the city will get the money and so that these men that are doing the work will be doing it within the law and that they can do it under supervisory control, and if that is not done and that order is not rescinded, I am going to ask for a repeal of that ordinance.

The order was passed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of John J. Lanigan (referred April 7) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to Fire Department—recommending passage of accompanying order:

Ordered, That the sum of one hundred thirty-four dollars and ninety-five cents (\$134.95) be allowed and paid to John J. Lanigan in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Report on petition of Michael V. Dailey (referred September 23, 1946) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Park Department—recommending passage of accompanying order:

Ordered, That the sum of one hundred twenty dollars (\$120) be allowed and paid to Michael V. Dailey in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Park Department, said sum to be charged to the Contingent Fund.

Report on petition of Bernard Hughes (referred April 14) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Park Department—recommending passage of accompanying order:

Ordered, That the sum of thirty-five dollars (\$35) be allowed and paid to Bernard Hughes in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Park Department, said sum to be charged to the Contingent Fund. Reports accepted; said orders passed.

VETERANS' HOUSING PROGRAM.

Coun. LINEHAN offered the following: Whereas, Many World War II veterans, who are tenants with excessive incomes of the Boston Housing Authority Projects, have received eviction notices, and because there is no available housing at the present time, therefore, be it

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to make provisions and a survey of said World War II veteran tenants whose income is excessive so that they may be transferred to the one- and two-family homes being constructed and to be completed this fall under the City of Boston World War II Veterans' Housing Program in order that more apartments in the permanent housing projects may be made available for those veterans whose income qualifies them for low rent housing.

Passed under suspension of the rules.

SCHOOLBOY PARADE.

Coun. BAYLEY offered the following:

Ordered, That the City Messenger be authorized to rope off the streets for the annual schoolboy parade on June 1, and that the expense of the same be charged to the City Council appropriation for Ropes, Flags and Stakes.

Passed under suspension of the rules.

PAYMENT OF CERTAIN UMPIRES.

Coun. BAYLEY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to pay the umpires of all softball games conducted in and under the Park Department.

Coun. BAYLEY—Mr. President, a few weeks ago this Honorable Body passed a similar order in regard to baseball games, and I noticed in the reply of the Park Commissioner he said the baseball Park Department league umpires were paid by the major leagues. I don't know how that is, although I understand the Park Department pays the umpires and the major leagues do not pay them, but in the case of softball there is no question that the softball teams do pay for the umpire and equipment and ball and bat. This is a fairly big expense for the teams which are trying to get going, and I think it is reasonable that the Park Department which sponsors these softball leagues as well as the baseball leagues should pay the umpire so that a team would not get dropped out in the face of heavy expenses incurred by them, by those who need a little recreation playing softball after working hours.

Coun. LINEHAN—I would like to amend the order to include the baseball games.

Coun. BAYLEY—I accept the amendment.

Coun. LINEHAN—The baseball park league teams pay for the umpires out of their own funds; they are not paid by the major leagues.

President KELLY—Councilor Linehan makes a motion that the order be amended to include umpires for baseball games. The question comes on the order as amended, and Councilor Bayley asks for suspension of the rules.

The order as amended was passed under suspension of the rules.

SKELETON FORCE ON MAY 31.

Coun. HANNON and BRYAN offered the following:

Ordered, That his Honor the Mayor direct the department heads to shut down or establish a skeleton force on May 31 and provide that those who work on May 31 be given a day off the following Monday.

Coun. HANNON—Mr. President, I have been given to understand that Saturdays off, as far as city employees are concerned, will go into effect on June 7. The Saturday preceding that is May 31, the day immediately following Memorial Day, and many of the business houses in the city will be closed on that Saturday and the banks, of course, will be closed. I think City Hall might well be closed, but if there are certain departments that must remain open, I believe a skeleton force could be established for the convenience of the public, and those who work on Saturday, May 31, should be given the following Monday off to compensate them for so working.

The order was passed under suspension of the rules.

PROPER EXITS, FENWAY PARK.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the Building Commissioner to direct the owners of the Boston American League Baseball Company to provide proper exits for the patrons in the rear of the grandstand.

Coun. HANNON—Mr. President, at the end of last year as well as the beginning of the baseball season this year, Fenway Park has many times been well populated. As a matter of fact, you go over there on Saturday and Sunday and you are fortunate if you receive a seat on the right field, what we used to call the pavilion, from which you can really see the game. I know they spent a large amount of money in the improvement of the park but to me it seems some of the officials in the city are overlooking one of the most hazardous situations existing in any public place for public gathering in the city. Anybody in the stand which was formerly the right field pavilion cannot get out of the park for 10 or 15 minutes. The only means of egress are small exits down in front of the grandstand. You have to walk away down practically to the ball field in order to get at the ramps which lead under the grandstand. Either that, or walk the entire way behind the grandstand. It seems to me that some means of exit should be made so that the people in the rear of the grandstand can get out from the rear of the grandstand directly behind the pavilion. I don't think it will take much money to put stairways or exits from the top of that grandstand down to the street. They spent money constructing that street, but if you are in there, you must wait

10 or 15 minutes, I dare say, before you can possibly find your way out. If an explosion ever occurred in that grandstand, you simply could not get out. I was over there a week ago Sunday, and there were thousands and thousands of people milling about trying to get down the small narrow stairways to the means of exits provided near the bottom of the grandstand, but at the first base pavilion, there is no exit, you have to walk way over practically behind the catcher's box to go down that ramp, or you have to walk the other way, away out to the right field, almost into center field in order to go down that exit. I think in the interest of safety and in the interest of public convenience, some official in the city should check up with the officials of the Boston American League Baseball Company to make them provide proper exits for these people who pay \$1.40 for a seat up in the extreme end of the right field pavilion, and then, besides not seeing the ball game all through the afternoon, they have to wait 10 or 15 minutes in order to find their way to an exit in order to get out after the game is over.

The order was passed under suspension of the rules.

RESEEDING OF DROHAN SQUARE, DORCHESTER.

Coun. HANNON offered the following:

Ordered, That the Park Commissioner be directed by his Honor the Mayor to reseed the grounds known as Drohan square, Dorchester, in Edison green.

Passed under suspension of the rules.

Adjourned, on motion of Councilor Cook, at 4.42 p. m. to meet on Monday, May 26, 1947, at 2 p. m.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury, and are bounded as follows:

A parcel of land, supposed to belong to Clifford Z. Christopher, Trustee of the West Roxbury Oaks, bounded:

Northwesterly by Prospect street, forty feet; northeasterly by land supposed to belong to Michael DeDominicis and Michele DeDominicis, twenty-five and 42-100 feet; southeasterly by other land supposed to belong to said trustee, thirty-five and 40-100 feet; and southwesterly by the same, twenty-five feet, containing nine hundred and forty-three square feet, more or less.

The sewerage works to be constructed are as follows: 60 linear feet of 30-inch pipe surface drain, in the above-described premises.

Voted, That this Board determines that the undermentioned estate sustains damages by the taking of an easement for sewerage purposes and the construction of sewerage works in private land on Prospect street, West Roxbury district, under the order of the Board of May 16, 1947, in the amount hereinafter mentioned, and awards said amount therefor.

Clifford Z. Christopher, Trustee of the West Roxbury Oaks, 943 square feet, \$1.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Memorial Day visits to the various cemeteries, the following rules are effective on Sunday, May 25, and Friday, May 30, 1947:

The following streets are one way in the direction indicated:

Arborway.

North drive, from Forest Hills street to Centre street.

Main drive, from Centre street to Forest Hills street.

Bourne Street.

From Canterbury street to Patten street.

Brook Farm Road.

From entrance to St. Joseph's Cemetery to Baker street.

From entrance to St. Joseph's Cemetery to La Grange street.

Canterbury Street.

From Cummins Highway to Morton street.

Harvard Street.

From Walk Hill street to Cummins Highway.

Mt. Hope Street.

From Canterbury street to American Legion Highway.

Paine Street.

From Canterbury street to Walk Hill street.

Patten Street.

From Bourne street to Hyde Park avenue.

Walk Hill Street.

From Hyde Park avenue to Canterbury street.

From Blue Hill avenue to Harvard street.

Washington Street.

From Brookley road to Arborway.

That vehicles are excluded from the following streets except for the formation of parades:

Arborway.

South drive (Court House road), from Morton street to Forest Hills street.

Morton Street.

From Washington street to Forest Hills street.

That left turns are prohibited from Washington street into Arborway easterly, from Arborway to Washington street southerly, and from Arborway into South street southerly.

POLICE PENSIONS AND BENEFITS.

On December 1, 1944, there were 426 persons on the pension roll. During the year 24 died, viz.: 2 captains, 1 lieutenant, 2 lieutenant-inspectors, 4 sergeants, 13 patrolmen and 2 annuitants. Eighty-six were added, viz.: 3 lieutenants, 13 sergeants, 67 patrolmen and the widows of Patrolman Eugene F. Brady, Patrolman Frank B. Callahan, Patrolman Stephen X. Mahoney, who died from disability received in the performance of duty, leaving 488 on the roll at date, 440 pensioners and 48 annuitants.

The payments on account of pensions and annuities during the past year amounted to \$546,350.33, and it is estimated that \$845,094.23 will be required for pensions and annuities in 1946.

The invested fund of the Police Charitable Fund amounted to \$207,550. There are 43 beneficiaries of the fund at the present time, and there has been paid to them the sum of \$6,729.50 during the past year.

CIVIL SERVICE EXAMINATIONS.

NOTE:—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

STATISTICAL MACHINE OPERATOR (KEY PUNCH), BOSTON AUDITING DEPARTMENT, JUNE 28, 1947.

Last date for filing applications, Monday, June 9, 1947, at 5 p. m.

Salary: The minimum salary is \$1,400 a year; the maximum salary is \$2,100 a year.

Vacancies: At present there are five vacancies for females, to be filled on a permanent basis.

Duties: To operate, accurately and speedily, the following Remington-Rand machines: Model 3 Alphabetic-Numeric Punch; Numeric Portable Punch; Model 3 Alphabetic-Numeric Interpreter; to manually verify punched cards; to file punched cards in proper numeric or alphabetic sequence; to verify accuracy of final pay rolls; and to perform related work as required.

Examples of Duties: Transferring alphabetic and numeric information from original document to punched cards; interpreting and verifying newly-punched cards; inter-filing punched cards in original file in alphabetic or numeric sequence; checking final pay rolls and statistical lists against original document.

Entrance Requirement: Applicants must have at least six months of full-time paid experience in the operation of key punch machines. **Substitution:** Completion of a course in a recognized school in the operation of such machines may be substituted for three months of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, including practical tests in the operation of Remington-Rand key-punch and interpreter machines, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.**LABOR SERVICE.****PRACTICAL TEST FOR LIFEGUARDS.**

Salary: \$5 to \$5.50 per day.

Vacancies: There are several vacancies to be filled for state service and in municipalities where lifeguards are employed.

Duties: To keep watch, maintain order, and safeguard lives at state or municipal beaches or swimming pools; to rescue bathers who are in danger, and prevent drownings and mishaps; to give first aid and to assist in the resuscitation of rescued bathers; and to perform related work as required.

Exceptional skill in swimming is necessary, as well as a thorough knowledge of approved methods of first aid and resuscitation.

Entrance Requirements: Persons who wish to apply for these positions must register by filing application at the Division of Civil Service, State House, Boston, or at the office of the Labor Registration Clerk in the city or town. Only citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application have a right to apply. An

applicant for city or town service must have domiciled in the city or town for which he is applying for six months next preceding the date of filing application. Persons already registered for the Labor Service need not file a new application, but should call at the office of the Division of Civil Service or at the office of the Labor Registration Clerk and add the rating of lifeguard if they have not already registered under this rating.

Practical Test: Two hundred-yard swim; cross chest carry and lift; hair carry; front strangle; back strangle; wrist grip; float victim; resuscitation.

Notice of the time and place of the practical test will be sent to those having applications on file.

Physical fitness to be determined by physical examination.

Applicants must have visual acuity of at least 20-50 in each eye separately, without correction.

Names of those who qualify in the practical test and who pass the physical examination will be registered in the order of the date of application on the eligible lists for these positions. Names of veterans will be placed on the eligible lists above the names of all other applicants.

Labor Registration Clerks: Carl O. Larson, Town Hall, Arlington; Thomas H. Scanlon, Health Department, City Hall, Beverly; Mary Connolly, City Hall, Brockton; Arthur A. O'Shea, 55 Prospect street, Brookline; Mildred G. Hayes, City Hall, Chelsea; Helen Tremblay, City Hall, Chicopee; Mrs. Florence L. Robertson, City Hall, Everett; Mrs. Mary V. Simmons, Town Hall, Easthampton; Lorenzo E. Savard, 235 Pocasset street, Fall River; Ruth Proctor, City Hall, Fitchburg; Alice Fall, Auditor's Office, City Hall, Gloucester; Mary Griffin, City Hall, Holyoke; Genevieve F. Vogt, City Hall, Lawrence; Alphee Achin, Hildreth Building, Lowell; Mary Shanahan, City Hall, Lynn; Mae Welch, City Hall, Malden; Beatrice Grenier, City Hall, Marlborough; A. A. Lucey, City Hall, Medford; Emma Duggan, Town Hall, Methuen; William J. Carter, Municipal Building, New Bedford; Andrew Prior, City Hall, Newton; Doris McConnell, City Hall, North Adams; John P. Mahoney, Old High School Building, 219 Main street, Northampton; George V. Murphy, Old Age Assistance, City Hall Annex, Peabody;

CITY OF BOSTON.**SUPPLY DEPARTMENT.****PROPOSALS FOR FURNISHING COFFEE.**

The Supply Department of the City of Boston invites proposals for furnishing coffee for city departments on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Coffee." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Thursday, June 5, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(May 31.)

Superintendent of Supplies.

Elizabeth White, City Hall, Pittsfield; Dorothy O'Brien, Auditor's Office, City Hall, Quincy; M. Elizabeth Person, City Hall, Revere; Oliver J. Lanoue, Town Hall, South Hadley; Frances M. Beglane, City Hall, Springfield; Edith Arnold, City Hall, Taunton; Leo Hinehey, City Hall, Waltham; John J. Murphy, Almoner, City Hall, Westfield; Mrs. Annie B. Proulx, City Hall, Worcester.

CITY OF BOSTON.**DEPARTMENT OF SCHOOL BUILDINGS.****TO HEATING CONTRACTORS.**

INVITATION FOR PROPOSALS FOR INSTALLING HORIZONTAL RETURN TUBULAR BOILERS IN THE WILLIAM BRADFORD SCHOOL, WILLOWWOOD STREET, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing horizontal return tubular boilers in the William Bradford School, Willowwood street, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Friday, June 13, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, June 10, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,

(May 31.)

Superintendent of Construction.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

WILLIAM I. ROSE,

(May 31.) Superintendent of Supplies.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY

PROPOSALS FOR FURNISHING AND INSTALLING WIRE FENCE IN VETERANS' TEMPORARY HOUSING DEVELOPMENT, ALSEN VILLAGE, BOSTON, MASS.

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of Chapter 372 of the Massachusetts Acts of 1946, as amended, office, Room 1220, 10 Post Office square, Boston, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing wire fence in Veterans' Temporary Housing Development, Alsen Village, Boston, Mass.

A bond will be required for doing the work of a surety company approved by the Boston Housing Authority in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 1220, 10 Post Office square, Boston. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing Wire Fence in Veterans' Temporary Housing Development, Alsen Village, Boston, Mass.," and left at Room 1220, 10 Post Office square, Boston, before 1 p. m., E. D. T., of June 9, 1947, with a certified check for 5 per cent of the amount of the proposal, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Boston Housing Authority to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Housing Authority. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

City of Boston, acting by and through Boston Housing Authority.

The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Hay, Grain and Poultry Feed." There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Monday, June 9, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

(May 31.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVAL AND DISPOSAL OF SURPLUS MATERIAL FROM CITY LOT AT 1567 COLUMBUS AVENUE, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removal and disposal of surplus material from city lot at 1567 Columbus avenue, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removal and Disposal of Surplus Material from City Lot at 1567 Columbus Avenue, Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, June 6, 1947, with a certified check for two thousand (2,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(May 31.) *Commissioner of Public Works.*

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR ASPHALT TENNIS COURT SURFACING ON TENNIS COURTS AT FALLON FIELD AND MARY DRAPER PLAYGROUND, WEST ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for asphalt tennis court surfacing and repairs to clay tennis courts at Fallon Field and Mary Draper Playground, West Roxbury, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Asphalt Tennis Court Surfacing on Tennis Courts at Fallon Field and Mary Draper Playground, West Roxbury, Mass.," and left before 2 o'clock on Thursday, June 12, 1947, at the office of the Park Department with a certified check for \$1,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman,*
THEODORE C. HAFENREFFER,
JOSEPH LEE,

(May 31-June 7.) *Commissioners.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR GASOLINE FOR CITY DEPARTMENTS

The Supply Department of the City of Boston invites proposals for furnishing for city departments, gasoline, as specified. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above-mentioned office. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Gasoline."* Bids will be publicly opened and read Monday, June 16, 1947, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

(May 31.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SOAP.

The Supply Department of the City of Boston invites proposals for furnishing soap, for city departments, as specified in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Soap."* *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Monday, June 9, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract, with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

(May 31.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR FUEL SAMPLING, ANALYSIS AND ENGINEERING SERVICE.

The School Committee of the City of Boston invites bids for fuel sampling, analysis, and engineering service for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Fuel Sampling, Analysis and Engineering Service." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by check, payable to the City of Boston, in the amount of fifty dollars (\$50), must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, June 9, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than fifty (50) per cent of the amount of the contract.

HENRY J. SMITH,
Business Manager of the School Committee.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, JUNE 7, 1947.

No. 23

MAYOR CURLEY OPPOSES UNIVERSAL DRAFT OF YOUTH OF MILITARY AGE AT PRESENT—IN ADDRESS BEFORE ANCIENT AND HONORABLE ARTILLERY COMPANY AT ANNIVERSARY BANQUET HE MAINTAINS GREATER NEED IS FOR TRAINING OF QUALIFIED OFFICERS TO LEAD IN CONDUCT OF HIGHLY TECHNICAL TYPE OF WARFARE NOW SHAPING FOR NEXT CONFLICT—URGES TRAINING OF YOUTH IN TECHNICAL SCHOOLS AND COLLEGES SIMILAR TO THAT NOW PROVIDED IN "LAND GRANT COLLEGES"—URGES LAW BY CONGRESS TO FURNISH PARTIAL PAYMENT OF TUITION FOR YOUTH WHO ELECT TO FOLLOW COURSES IN MILITARY SCIENCE—PERIOD OF SERVICE AFTER TRAINING SIMILAR TO THAT OF WEST POINT AND ANNAPOLIS GRADUATES—PAYS TRIBUTE TO ACHIEVEMENTS OF FIRST MILITARY COMPANY IN AMERICA.

His Honor the Mayor, attending the annual dinner of the Ancient and Honorable Artillery Company, held at the Copley-Plaza Hotel on June 2, spoke in part as follows:

It is fitting that the eve of the drumhead election of the oldest military organization in the United States should come at a time when the leaders of our nation are seriously considering the reorganization of our entire military structure.

The report that was recently submitted to President Truman by some of the greatest scientific and educated minds in this country is a document that should be of serious import to everyone interested in the welfare of this country. Unfortunately, during the past generation or two the greatest strides in scientific fields have been made in the art of destruction rather than in the art of creating a new civilization.

The suddenness of the last war and the terrible chaos that ensued as a result of this conflict and the development of the atomic bomb must make every thinking person realize that it is his responsibility to aid in establishing a permanent peace. The failure of the nations of the world to agree on a peace program has brought home the realization that, if we are to remain a great power, we must take the necessary steps to insure such power.

Military Forces Weakened.

The President's Advisory Commission on Universal Training, headed by Dr. Karl T. Compton, President of Massachusetts Institute of Technology, reported that "our military forces are a hollow shell."

It said the Army has been "dismantled" and the ground forces have only two and one-third combat divisions available for duty.

"Weakness is an invitation to extermination," it declared.

The hard-hitting and historic report, made public by the White House, is sure to be received with the utmost interest in all countries.

The nine civilians of the commission said American involvement in war could come "at any time" through some aggression in a distant part of the world.

They also said America can expect only from four to ten years' immunity from an atomic "sneak attack" on its own cities.

After that, an attack could hit with "indescribable horror," the report holds, and in that case the country would need "trained men in every part of the country ready and able to meet disorder, sabotage, and even invasion."

The commission rejected the argument that atomic bombs and other new weapons have eliminated the need for mass military forces in wartime. On the contrary, it said that in a future war more troops, not fewer, would be quickly required "for home defense, for effective counterattack, and for complete victory."

(Continued on page 713.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, June 9, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending May 31, 1947.
Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 137; nonresidents, 46; total, 183.
Death rate per 1,000 of population: All deaths, 12.42; nonresidents deducted, 9.29.

Death rate per 1,000 of population:

Last week, 15.27; corresponding week last year, 14.38.

Deaths by age periods, sex, etc.: Under one year, 19; one year to four years, inclusive, 1; sixty years and over, 104; Total deaths: Male, 110; female, 73; deaths in hospitals and institutions, 108.

REPORTABLE DISEASES: CASES AND DEATHS.*

LACK OF LEGISLATIVE FORESIGHT AND ACTION ON PART OF MEMBERS OF GENERAL COURT BLAMED BY MAYOR CURLEY FOR PRESENT TAX PLIGHT OF CITIES AND TOWNS OF STATE—ALSO INDIFFERENTLY TAX-CONSCIOUS ATTITUDE OF PUBLIC—MEASURES ADOPTED BOOSTING SALARIES OF SPECIAL GROUPS OF EMPLOYEES, ESPECIALLY IN CITY OF BOSTON, CONTRIBUTE LARGELY TOWARD COMPULSION TO INCREASE LEVIES, MAYOR CURLEY TELLS RADIO AUDIENCE IN REGULAR MONTHLY BROADCAST—FAVORS LONG PLAN FOR INCREASED TAX ON CORPORATE INCOMES—CITES ADVANTAGES OF THIS PLAN IN RELIEVING ORDINARY CITIZEN.

The following is the address of Hon. James M. Curley, Mayor of Boston, June 2, over radio station WMEX:

Under the tax laws of this State, June is the month in which the majority of Massachusetts cities and towns announce the tax rates to be assessed on local property in the current fiscal year. In the light of tax rates already announced, it is evident that the problem of relief for real estate has not as yet been solved in this State. Increased levies on real estate appear to be the rule rather than the exception.

Whereas, at the beginning of 1947 it appeared that revenue measures in sufficient amount to relieve municipalities of postwar financial burdens would be enacted by the Legislature, it is now extremely doubtful whether the Legislature will establish new sources of revenue and thus prevent municipal tax rates in Massachusetts from soaring to new highs.

Undoubtedly, in some quarters these increased levies on real estate will be interpreted as representing extravagance and waste on the part of municipal officials. The record is clear, however, that the increase which has taken place throughout the State in municipal tax rates is due to factors largely beyond the control of municipal officials.

Included in these factors is the liberal spirit displayed by the members of our legislative assemblies as well as the failure of the public as a whole to adopt a more tax-conscious attitude. While Boston's 1947 tax rate has not as yet been officially determined, it is clear that in the event an increase in the rate is finally announced, that measures approved by the Legislature and the voters will constitute the principal reasons for any upward movement in the rates.

At the beginning of this year, realizing that city employees were entitled, in the light of increased living costs, to some measure of salary and wage relief, I made provision in the 1947 budget for making the temporary emergency compensation allotment payment of \$200 permanent, and allowing, in addition, a \$200 general increase thus making in all a \$400 permanent increase for all employees whose compensation is provided within the municipal budget.

RECENT LEGISLATIVE ACTION.

It was my firm opinion at the time this action was taken that this was the limit to which the city could go within its financial resources. In recent months, the Legislature has adopted measures increasing the salaries of school teachers and members of the uniformed forces of the Police Department in amounts requiring additional appropriations for this year alone of in excess of two million dollars. In addition, measures have been adopted shortening the working hours of members of the Police Department and granting liberal pension allowances to veterans who have been in the employ of the city for at least ten years. Last November the voters of the city approved a referendum proposal for a forty-eight-hour week for firemen. This measure alone will increase 1947 operating costs by a million and one half dollars. It must be remembered that these extra costs are only for a portion of this year and that next year the city will be faced with additional requirements, since appropriations at that time will be made on a full-year basis. For many years, it has been customary to maintain the same

range of compensation for the uniform members of the Police and Fire Departments. As a simple matter of justice, therefore, it will undoubtedly be necessary to provide next year increases to members of the Fire Department to match those authorized by legislative enactment this year for members of the Police Department.

In addition to these additional costs relating solely to personnel, the city must also meet spiraling costs of supplies and materials and provide for the replacement of equipment and the rehabilitation of structures and plant which necessarily were deferred during the war years. It must be clear that in the event the Legislature fails to enact measures to create additional revenues to offset these various expenditures, the city cannot avoid imposing additional burdens on real estate. There is no magic to the production of revenues necessary for the operation of government. These revenues must be secured in the form of taxes. Each member of the municipality is a taxpayer directly or indirectly. Generous actions by either the Legislature or the voters must, in the final analysis, be met by the community as a whole.

FOR LONG PLAN.

I have long been an advocate of the so-called Richard H. Long plan for the development of the additional revenues which the needs of government at the present time require. I have favored this plan because it is a simple and direct method of securing the moneys needed. The principal proposal in this plan is the adoption of a 15 per cent tax on net incomes of all corporations in excess of ten thousand dollars. This proposal would effect no great hardship on Massachusetts corporations since as a consequence of the repeal of the excess profit tax by the Federal Government these corporations have been relieved this year of taxation in the sum of \$354,000,000. All taxes that are paid by any taxpayer—individuals, partnerships, or corporations—to the State of Massachusetts on incomes, are a legal deductible item from the Federal income tax.

Our present State tax on corporations is 2½ per cent on the net income and with additional surtaxes now imposed for specific purposes, the total now runs to 4 per cent of the net income. Corporations are allowed no exemption at present in Massachusetts. Until the year 1946 fifteen

thousand corporations in Massachusetts paid a Federal tax running as high as 40 per cent for normal and surtaxes, and 85 per cent on the excess profits of all these corporations. In 1946 the Federal Government repealed the Federal excess profits tax and the Federal rate of normal and surtaxes on all corporations is now 38 per cent.

In 1945 the Federal Government collected in excess profits taxes from all Massachusetts corporations alone, the sum of \$456,000,000, and in 1946 the excess profits tax total amounted to \$354,000,000. This year, of course, there will be no money collected from these corporations on excess profits.

(For example, the report to the stockholders of the Boston Edison Company shows that in 1946 the Edison Company paid to the Federal Government in excess profits taxes, \$3,826,000. In 1947 they pay nothing. The report to the stockholders of the New England Telephone and Telegraph Company shows that in 1946 the total operating tax costs were in excess of \$14,000,000, and in 1947 the total operating tax costs were reduced to an amount in excess of \$9,000,000. These two corporations alone have been saved over \$9,000,000 in excess profits taxes.)

INCREASED REVENUE.

Tax Commissioner Long stated, when Governor Bradford proposed an increase in the corporate tax of Massachusetts from 4 per cent to 5 per cent, that this 1 per cent additional tax on the net income of corporations would bring in an additional \$15,000,000; therefore, a tax of 15 per cent on the net income of these corporations would bring in \$225,000,000, provided there were no exemptions granted to corporations. However, I feel that if we are going to increase the rate to 15 per cent that we ought to give all corporations in Massachusetts an exemption on the first \$5,000 of earned income. With an exemption of \$5,000 for each of our fifteen thousand corporations we would lose \$22,500,000 of taxes so that we would have roughly \$200,000,000 for the State in place of the present \$60,000,000 raised by corporate taxes.

In 1945 the Federal Government took out of Massachusetts in taxes the sum of \$1,513,000,000; in 1946 the amount was \$1,506,000,000; and during the last four years the total amount of taxes collected by the Federal Government in Massachusetts reached the astronomical total of \$5,200,000,000. Massachusetts pays to the Federal Government annually an amount equal to that of fifteen Southern and Western States. We have two United States Senators and they have thirty. We send this huge amount of tax money to Washington and the thirty Senators representing almost one third of the entire United States spend our tax money for all kinds of projects to benefit their sections.

The so-called Richard H. Long bills now pending before the Legislative Committee on Taxation are Senate Bills 188 and 189. Senate Bill 188 provides for an exemption of \$6,000 on all individual income taxpayers and a tax of 30 per cent on the net income above that amount. Senate Bill 189 provides for an exemption of \$10,000 on the net income of all corporations, with a 30 per cent State tax on the net incomes. If these two bills were passed by the Legislature they would produce a revenue from corporations alone exceeding two hundred and fifty millions of dollars and on individual and partnership incomes the total of one hundred and eight millions of dollars, or a grand total of \$358,000,000.

With a tax program such as this you could abolish all your nuisance taxes, now on gasoline, meals, cigarettes, liquors, the sales tax, and still allocate one hundred fifty millions of dollars to operate the Commonwealth, refund one hundred twenty millions of dollars to the cities and towns of Massachusetts which would reduce the tax rate of every city and town by twenty dollars per thousand, and refund fifty millions of dollars paid by corporations for payroll taxes, and still have a surplus of thirty-eight millions of dollars for other State purposes.

I want to urge upon my listeners that we ought to insist at this time that the Legislature abandon the "Soak the Poor" sales tax and substitute therefor the R. H. Long 15 per cent tax on the net incomes of all corporations.

MAYOR ASKS FINANCE COMMISSION TO INVESTIGATE PROPOSITION TO DEVELOP TRANSIT FACILITIES FOR BOSTON.

The Mayor on May 28 sent the following letter:

MR. EDWARD F. MULLEN, *Chairman,*
Boston Finance Commission.

MY DEAR MR. MULLEN,—I am very desirous that the Finance Commission check in and report upon the proposition to develop transit facilities for the City of Boston.

My understanding is that the Committee on Ways and Means now has before it the report of the Committee on Highways, favoring needed action for the tunnel proposition, and that their report will shortly be submitted to the House of Representatives. The adoption of the committee's report, plus the Circumferential Highway, which has been a subject of discussion for a long period of time, would represent an outlay by the state of approximately \$25,000,000 for a tunnel and approaches, and about \$45,000,000 for the Central Artery, so called, or a total of \$70,000,000.

A plan has been submitted by the First Boston Corporation, through William J. McDonald, for the construction of a six-lane bridge from the South Station area to the vicinity of the East Boston Airport, at a cost of \$25,000,000, and the construction of a Motor Skyway along the waterfront, similar to the one on the west side of New York City, extending from the South Station to the area in the vicinity of the Public Works Building on Nashua street, thereby making possible the transfer of materials north and south, and with an approach from the market district in the vicinity of State street, which would relieve downtown Boston of traffic congestion.

The Skyway will represent a cost of \$20,000,000, or a total of \$45,000,000. It is further agreed by the First Boston Corporation that the Skyway and bridge will revert to the city at the expiration of the period of amortization, which is estimated to be 32 years. The construction of a bridge of this character, the Motor Skyway, would reduce land damages to the minimum and make unnecessary the operation of the East Boston ferries, which represents an annual loss to the city in operation of about \$475,000, which would amount to a total saving, by the discontinuance of the ferries and the utilization of the bridge, of approximately \$19,000,000.

The land-taking in connection with the McDonald Plan would approximate about

\$10,000,000, so that the saving on his plan to the state and to the city would be in the vicinity of \$75,000,000. The adoption of a single tunnel plan alone would represent a cost to the state in excess of \$25,000,000, and it would be necessary to continue the ferries at a cost, during the 40-year period, of about \$19,000,000, plus the building of a Central Artery at an estimated cost of \$45,000,000. In other words, the cost to the state and to the city of the single tunnel, plus a Central Artery, plus the continued operation of the ferries, which would represent a cost to the city of \$19,000,000, is as follows:

Central Artery.....(about)	\$45,000,000
Tunnel.....	25,000,000
Ferry Operation.....	19,000,000
Total.....	<u>\$89,000,000</u>

The actual cost of the Skyline Highway, the six-lane bridge, and the abolition of the ferries would represent a saving in the vicinity of \$64,000,000.

To me it is of sufficient importance to justify action by the Finance Commission, and, if such action is to be taken, it should be released to the press for publication not later than Monday morning next.

Trusting you will direct this suggestion to the attention of your commission, and that they will act for what is, in their judgment, the best interests of the state and city, I remain

Sincerely,

JAMES M. CURLEY, *Mayor.*

MAYOR CURLEY SALUTES UNITED AIR LINES HEAD IN NAME OF CITIZENS BY LETTER BROADCAST OVER AIR AND READ AT RECENT DINNER ENTERTAINMENT.

BOSTON, May 24, 1947.

MR. W. A. PATTERSON, *President,* United Air Lines, c/o Mr. William M. Cavanaugh, 20 Providence Street, Boston, Mass.

DEAR MR. PATTERSON,—The City of Boston and its Mayor proudly welcome you here tonight. Our historic city has a deep affection for you and for the United Air Lines. You, your company, and its entire personnel have become an integral part of the transportation life of Boston and New England.

Almost two years have passed since the United Air Lines first started operations in Boston. In the intervening period expansion has been remarkable, although limited by restricted availability of flying equipment.

Company personnel has been increased more than 100 per cent. Traffic and sales facilities have been enlarged by more than 300 per cent. Scheduled flights have jumped 50 per cent. These are important figures. They represent a natural growth of an alert air line corporation and the response of an appreciative public.

Boston is destined to become the greatest air terminus on the Atlantic, or Eastern coast. Its geographical location, many hours closer to Europe and even South America than any other Atlantic port, together with the air-mindedness of our people, makes this fact a certainty.

Our Logan Airport, established, constructed, and expanded under an earlier term of mine as Mayor of Boston, be-

came greater than a mere municipal enterprise. It became a development of state and of all New England. The Commonwealth of Massachusetts, recognizing the potentialities involved, took over the work we had initiated. It has been and is progressing favorably. Much remains to be done.

The United Air Lines, in coming to Boston, appreciated the situation. It is now planning still greater enlargement of its facilities and its operations here. I am informed that the line you represent as President, Mr. Patterson, is about to build a new \$1,000,000 hangar at the Logan Airport in Boston.

I am further informed that this new construction will cover more than 40,000 square feet of land and will be so planned as to permit expected additions. A daily all-cargo schedule is about to be installed. Before the year is over, due to increased flying equipment, it is believed that the number of flights by the United Air Lines to and from Boston will be more than doubled.

Your company, sir, has recently begun a Mainliner 300 service, five miles per minute, carrying 56 passengers, equipped with pressurized cabins for sea-level passenger comfort at high operating altitudes, cooling systems, air conditioning, and many other pleasing features which are new to commercial aviation. These new planes are indeed the first postwar superliners.

It is my understanding that the Mainliner 300 service is soon to be started from Boston. It will mean having breakfast in Boston and dinner in Los Angeles. It will bring our Western Pacific coast neighbors many hours closer to us.

I have mentioned these brief but poignant facts to let you know, Mr. President, that the people of Boston and its immediate vicinity, comprising a population of nearly 3,000,000 persons, are gratefully aware of what the United Air Lines corporation is striving to do here in our fair city. They will show their gratitude by life-giving and sustaining patronage.

Boston salutes the United Air Lines. We hope its President may be with us often.

Thank you, and good night.

JAMES M. CURLEY,
Mayor of Boston.

POLISH-AMERICAN CONGRESS PRESIDENT THANKS MAYOR FOR MEMORIAL DAY AD- DRESS.

The Mayor today received the following letter from John M. Groom, President of the Polish-American Congress, Inc., Eastern Massachusetts Division, Roslindale:

HONORABLE SIR,—After reading the accounts of your speech at Memorial Day exercises, I thought it my duty, as President of the Polish-American Congress of Eastern Massachusetts, to express deep appreciation on behalf of myself and our organization, for your bold presentation of facts confronting our Nation today. We fully share your convictions that America, showing its strength and bold actions, will prevent any new aggressions in the future.

The Polish-American Congress fully agrees with statements you made as to how to combat the spread of Communism, and if only more people shared in the conviction that a firm stand, no appease-

ment, and a transition from defensive to offensive tactics would stop Stalin and his cohorts in their tracks.

May your voice prove to be the clarion call and imbue the spirits of freedom-loving people, for the world as it stands today is not worth the sacrifice of millions of lives. It is always worthy for us to remember that there are tens of millions of people suffering under the communist yoke in Europe and Asia, and their only hope lies in America.

Thanking you for your inspiring stand, I remain

Yours truly,

JOHN M. GROOM, *President,*
Polish-American Congress,
Eastern Massachusetts Division.

MAYOR ASKED TO AID IN HAVING TEMPORARY POST OFFICE ON U. S. S. "CONSTITUTION."

His Honor the Mayor has received the following communication:

Sheet Metal Workers' International
Association,
Local Union No. 395,
Boston Naval Ship Yard, May 27, 1947.
HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We have been advised by a wire dated May 19, 1947, from Congressman Philip J. Philbin from Massachusetts, that the Post Office Department will issue a three-cent commemorative stamp honoring the 150th anniversary of the launching of the *U. S. Frigate Constitution* on October 21, 1947.

We wish to thank you for your efforts and request your valuable assistance in having a temporary post office set up on the deck of the *U. S. Frigate Constitution* where the first commemorative stamp can be issued on October 21, 1947.

Sincerely,

ALFRED E. CLAUS,
President.
JOHN YANOVITCH,
Recording Secretary.

MAYOR CURLEY'S ADDRESS AT THE ANNUAL BANQUET OF THE ANCIENT AND HONOR- ABLE ARTILLERY COMPANY.

(Continued from page 709.)

SOUND PROGRAM.

I feel that every living American will agree that the program as submitted by President Truman's commission is, on the whole, sound, and is an effective basis to start a program of strengthening the country against the possibility of a surprise attack in time of war. However, I feel that at the present time there is not the need for a universal draft of our youth of military age. I base this opinion on conversations I have held with military men of both the Army and the Navy, and they believe that a more urgent need is for the training of qualified officers to conduct the highly technical type of warfare that has been developed.

During the first World War it was once said that "it took 15,000 killed to make a good brigadier general." I believe that the youth of the nation who attend our schools of higher education—colleges and technical schools—should receive a training similar to that which is now provided in "land grant colleges." I realize that there is a

constitutional difficulty in forcing these men into military training.

I feel that Congress should draft a law which would provide for the partial payment of tuition in the case of a student who elected to take a course in military science and a further proviso that such student would be required, upon graduation, to serve a period of time in the armed forces similar to that which the students of Annapolis and West Point now serve. By enacting such a law, there would be an incentive which would provide this country with the material we need more than anything else, namely, trained men who, in turn, would be capable of training all who might be necessary in a national conflict.

The basis, as suggested by the report submitted to President Truman that universal training should be inaugurated immediately, was that war, if it does come—God forbid—would come in a period between four to ten years from now. I respectfully suggest to you gentlemen that during the last war from the eligible ages between 18 and 36 there were over 18,000,000 young men available. If the basis of the commission report is true—that we will have a war in between four to ten years—we will have available a great majority of those who were subject to enlistment in the last war and who have been already trained and ready for service.

FOR VOLUNTARY ENLISTMENTS.

I do not want anyone to think that I do not believe that military training is not good for our young men, but I feel that it could be successfully attained on a voluntary basis if our government would make voluntary service attractive enough for young men during the summer months and through school. In this connection, with stress on atomic warfare, electronics, and the developments that came out of the last war, I feel that, if the government were to establish schools in this field as part of the course and would provide sufficient incentive to the youngsters of high school age by means of government subsidies, the armed forces could form a great reserve of trained and skilled fighting men.

I noted with interest in the report of the commission that a great deal of time was expended in discussing the possible uses of radio guides, missiles, and also the idea that long-range submarines might be developed that could use atomic weapons from the shore. I feel, in this respect, that, while this eventuality is quite possible, one very important factor has been overlooked, and that is, as we all know, that there exists today in America a fifth column, now under investigation by our national government. It is not beyond the grounds of possibility that, when some foreign power develops an atomic bomb similar to ours, a method would be devised to plant these bombs in some buildings in a large city, using a fifth column agent, and thereby achieving a surprise effect that could never be achieved by long-range aircraft or controlled missiles. Therefore, I feel that the powers of the Army and Navy Intelligence, the F. B. I., and the police force should be increased to the extent where they could combat this potential threat.

COULD BE EFFECTED.

Some of the points that have been suggested in the program as outlined by the special commission have been met

with the objections that there would be certain legal difficulties. I would like to remind you gentlemen that legally a state of emergency still exists, and that it is quite possible that many of the recommendations could be accomplished without recourse to a change in the National Defense Act. For instance, it is suggested in the report that a large striking air force be kept at full efficiency. At the present time the members of our Army Air Forces, who covered themselves so well with glory in the last conflict, have been allowed to be discharged from our service. I would suggest that these men who proved themselves so able during the last war should be put on a reserve status similar to that which obtains in the Navy at the present time. In this way we would have available at all times a group which could be ready to go into action whenever necessary.

To those who protest against the expenditure necessary for the adoption of a program of this character, I beg to say that every city in the United States maintains a police department, a fire department, and insurance companies for the protection of lives and property, and the question of cost is rarely considered. Provided we would regard national defense in the same manner that we regard local defense, the nation would never be unguarded and would be prepared at all times for any emergency that might develop.

In my judgment, the one great essential that we lose in peace times is appreciation for the accomplishments of the men who organize such institutions as the Ancient and Honorable Artillery Company and take up arms for the establishment of liberty. Their great work was accomplished when we were weak in numbers and without agencies for the carrying on of war other than those secured from the enemy against whom we were at war.

The men who laid the foundations for the establishment of the American Republic were men of supreme courage, exalted vision, and high purpose. Today we have become a nation of appeasers, unmindful of the fact that you cannot appease a tyrant or a bully. There is only one language that they understand, and that is the language of superior power, superior force, and superior courage. Let us pray God that we may speedily take a note from the book of the founders and fathers of American liberty and face the situation confronting us in such a manner as to make war unnecessary and insure a lasting peace, based on spiritual and economic justice for all the people of the world.

NATIONAL FLAG WEEK.

Mayor James M. Curley on June 5 issued the following public statement:

The Flag of our Nation was adopted by the Continental Congress on June 14, 1777, as the symbol of the ideals, hopes and principles upon which our country was founded—equality of opportunity, individual freedom and representative government.

Reverence for the Flag and all it stands for is always at its peak in time of war. Sadly enough, experience has shown that during periods of postwar readjustment, there is a slump in national morale. And yet, in many ways, more loyalty is required in time of peace, as the forces of evil are then less obvious and operate more subtly.

Now, perhaps, as never before, our people should realize the importance of rededicating themselves to those high ideals and noble aspirations which have made our Nation the greatest on earth. Subversive forces are at work in our midst. The destructive curse of Communism, which would destroy our freedom of worship, of expression, and even of thought, and would undermine our government itself, has been seeping into our American life. It must and shall be thrust out.

Nine years ago, the Star-Spangled Banner Flag House Association initiated the observance of National Flag Week for the purposes of inculcation of the meaning of true Americanism into the minds and hearts of our citizens; the definite marking of the anniversary of the adoption of the First Flag of the Nation; the direction of attention to the history and evolution of "Old Glory"; and emphasis upon the rights and privileges enjoyed under the "Star-Spangled Banner" and the correlative duties and obligations resulting from their enjoyment.

The Honorable George C. Marshall, Secretary of State, is the honorary chairman of the committee of this notable organization which is sponsoring the observance of National Flag Week and is calling upon all loyal and patriotic citizens of the United States of America to join in the commemoration of the one hundred and seventieth anniversary of the birth of the Flag of our Nation.

Accordingly, as Mayor of Boston, I am asking all of our people to observe the week of June 8th to 15th, 1947, inclusive, as National Flag Week. Wherever possible may exercises be held. The Flag should be flown from public buildings, stores, hotels, theaters and homes throughout Flag Week. I know the ever patriotic citizens of Boston will gladly, respectfully and appreciatively respond to such a call.

JAMES M. CURLEY,
Mayor.

MAYOR'S INFLUENCE WINS FOR PORT.

The efforts of Mayor James M. Curley to bring about harmony between the International Longshoremen's Association and Steamship Operators' Association have been crowned with success.

A few days ago a conference was held in the Mayor's Office. Those participating agreed to meet on the following day with J. A. Crothers, Director, Port of Boston Authority. Just prior to that meeting they communicated with their respective memberships.

Mayor Curley was in Washington on May 29 and the following telegram was sent to him at the Hotel Statler in that city by Mr. Crothers.

"AT MEETING OF REPRESENTATIVES OF INTERNATIONAL LONGSHOREMEN'S ASSOCIATION AND STEAMSHIP OPERATORS' ASSOCIATION HELD IN THIS OFFICE TODAY BOTH PARTIES HAVE AGREED TO MEET COMPETITIVE SITUATION IN REGARDS TO MOVEMENT OF FLOUR THROUGH THE PORT OF BOSTON. YOUR OFFER TO USE YOUR INFLUENCE TOWARD SECURING A LARGE SHARE OF THIS BUSINESS FOR THE PORT IS MUCH APPRECIATED."

"The reception accorded the announcement that the longshoremen interests, the stevedoring interests and the shipping interests reached an agreement to work in harmony for the efficient and eco-

nomical operation of the Port of Boston, was most agreeably received by Washington officials.

"In company with a Washington representative of the Board of Port Authority, Mr. Nicholas Ceffalo, I visited the head of every department in control of the shipment of goods abroad and was assured by them now that cooperation has been determined upon to promote in economical and efficient manner the discharge of cargoes in Boston that they would do their utmost to route cargoes through the Port of Boston, not only flour and grain, but general cargo.

"They desired, however, that certain facilities in control of railroads be improved to expedite the work, and I am accordingly calling a meeting to which a full report will be made by me as to what was accomplished in Washington and what was desirable by Washington authorities.

"This meeting, to which have been invited the officials of the New York Central Railroad, the Boston and Albany Railroad, the Boston and Maine Railroad, and the New York, New Haven and Hartford Railroad, in addition to the committee of 10 appointed by the longshoremen's organizations, and the committee of 10 appointed by the stevedoring interests, with the Board of Port Authority, is to devise a promulgated program that will promote the prosperity of the Port of Boston.

"This meeting will be held at the office of the Mayor, City Hall, School street, on Wednesday, June 4, at 1 P. M."

JAMES M. CURLEY, *Mayor.*

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Retirement Board held on the following dates, May 7, 13, 15, 20 and 27, the following-named employees were voted to be retired under the provisions of chapter 521, at the close of business, May 31, 1947:

DEPARTMENT OF VETERANS' SERVICES.

George J. Devin, acting deputy director, salary at time of retirement \$3,000 a year.

FIRE DEPARTMENT.

Hubert S. Norman, ladderman, salary at time of retirement \$2,700 a year.

Robert F. Quirk, ladderman, salary at time of retirement \$2,700 a year.

Sigurd E. Holt, ladderman, salary at time of retirement \$2,700 a year.

PARK DEPARTMENT.

Matthew J. McGregor, laborer, salary at time of retirement \$2,022 a year.

Hubord McKernan, gardener-laborer, salary at time of retirement \$2,022 a year.

POLICE DEPARTMENT.

John J. White, patrolman, salary at time of retirement \$2,700 a year.

Charles A. Sullivan, patrolman, salary at time of retirement \$2,700 a year.

PUBLIC BUILDINGS DEPARTMENT.

Margaret Lamb, matron, salary at time of retirement \$1,439 a year.

Ellen A. Pickett, matron, salary at time of retirement \$1,713 a year.

PUBLIC WORKS DEPARTMENT.

Thomas Duffy, laborer, salary at time of retirement \$2,428 a year.

STREET LAYING-OUT DEPARTMENT.

James Celeste, chief of permits, salary at time of retirement \$3,300 a year.

TRANSIT DEPARTMENT.

Wilbur W. Davis, engineer, salary at time of retirement \$7,900 a year.

Attest:

WILLIAM D. KENNEY,
Secretary and Executive Officer.

STATE-BOSTON RETIREMENT BOARD REPORT.

To the Auditor.

At a meeting of the Retirement Board held on May 13, 1947, the retirement from active service of the following-named employees of the State-Boston Retirement System was approved to become effective at the close of business, May 31, 1947, under the provisions of chapter 658:

FIRE DEPARTMENT.

Peter Ippolito, hoseman, salary at time of retirement \$2,400 a year.

HOSPITAL DEPARTMENT.

Marjorie Curtis, laboratory technician, salary at time of retirement \$1,900 a year.

SCHOOL DEPARTMENT.

Anna G. Cauley, vice principal, salary at time of retirement \$3,072 a year.

Myrtle C. Dickson, master, salary at time of retirement \$5,616 a year.

Margaret M. Sullivan, vice principal, salary at time of retirement \$3,072 a year.

SUFFOLK COUNTY (Superior Court, Civil).

Mabel L. Smiley, stenographer, salary at time of retirement \$3,900 a year.

SUFFOLK COUNTY JAIL.

Patrick J. Barrett, officer, salary at time of retirement \$2,600 a year.

Attest:

WILLIAM D. KENNEY,
Secretary and Executive Officer.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

Approval has been given for the following amendment in the A-1 item of the 1947 Fire Department budget:

Two privates at \$2,400 a year, should be changed to read: Two privates at \$2,700 a year.

This amendment is necessary in order to grant an adjustment in salary to Hoseman Edward J. McGah and Joseph A. Pucci, both of Engine Company 18, from \$2,400 to \$2,700 a year.

Approval has been given to detail Lieut. Kenneth C. Arnold of Rescue Company 3 to attend the National Aquatic School of First Aid to be held at Camp Kiwanis, South Hanson, under the auspices of the American Red Cross, from June 15 to June 25.

HOSPITAL DEPARTMENT.

Approval has been given for the following vacation appointments:

One clerk-stenographer, for a period of three months, at \$1,400 a year, to be used as Vacation Supply in the Superintendent's office.

(Continued on page 716.)

DEPARTMENT CHANGES.

(Continued from page 717.)

STEP-RATE INCREASES.

The Mayor has approved step-rate increases for the following departments:

BOSTON TRAFFIC COMMISSION.

Francis J. Solari, clerk-typist, from \$1,900 to \$2,000 a year.

PUBLIC WORKS DEPARTMENT.

Water Division.

Helena T. Ryan, clerk, from \$2,000 to \$2,100 a year.

TREASURY DEPARTMENT.

Dennis A. O'Neil, John E. Cronin, paymasters, from \$3,300 to \$3,400 a year.

Dennis H. Gallagher, Robert L. Cunningham, paymasters, from \$3,000 to \$3,100 a year.

James F. McGurk, Eugene L. McMorow, paymasters, from \$2,900 to \$3,000 a year.

James J. Hyde, paymaster, from \$2,600 to \$2,700 a year.

Alice V. Kiernan, Marguerite M. Sweeney, clerks, from \$2,400 to \$2,500 a year.

Isabelle A. Kupris, clerk, from \$2,200 to \$2,300 a year.

C. Joseph O'Neill, clerk-typist, from \$2,200 to \$2,300 a year.

Marion E. McEnery, clerk, Addressograph operator, from \$1,600 to \$1,700 a year.

James J. Cunningham, clerk and tax title teller, from \$2,200 to \$2,300 a year.

Joseph Levy, bookkeeper, from \$2,100 to \$2,200 a year.

William J. Welsh, clerk, from \$2,000 to \$2,100 a year.

Thomas I. Groden, clerk and tax title teller, from \$2,200 to \$2,300 a year.

WEIGHTS AND MEASURES DEPARTMENT.

Edward M. Kobs, Charles W. Knox, deputy sealers, from \$2,700 to \$2,800 a year.

Willard F. O'Brien, deputy sealer, from \$2,600 to \$2,700 a year.

SUFFOLK COUNTY.

MUNICIPAL COURT, BRIGHTON DISTRICT.

Mary C. Daly, clerk, from \$3,300 to \$3,500 a year.

Margaret A. Daly, clerk, from \$2,900 to \$3,100 a year.

Dorothy V. Kelly, clerk, from \$1,600 to \$1,700 a year.

James J. Rourke, from \$2,300 to \$2,400 a year.

MUNICIPAL COURT, CHARLESTOWN DISTRICT.

John J. Sullivan, Jr., senior clerk, from \$2,200 to \$2,300 a year.

VETERANS' RETIREMENT.

The Mayor has approved the following applications for Veterans' Retirement:

Thomas P. Walsh, 21 Forsyth street, Boston, patrolman in the Traffic Division of the Police Department.

Albert B. Colantonio, 419 Hanover street, Boston, meter reader in the Water Division of the Public Works Department.

Edward P. Stanton, 12 Hastings street, West Roxbury, investigator in the Health Department.

Theodore P. Panopoulos, 18 Ten Hills road, Somerville, marine fireman in the Ferry Division of the Public Works Department.

Luke A. O'Donnell, 460 Huntington avenue, Boston, first assistant drawtender in the Bridge Division of the Public Works Department.

Edward C. Merchant, 391 Meridian street, East Boston, chauffeur-laborer in the Tunnel Division of the Public Works Department.

William P. Coogan, 977 South street, Roslindale, elevator inspector in the Building Department.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and 12-inch pipe surface drain in Gallivan Boulevard (north side), between existing sewers and 220 feet east of Wilmington avenue, in the Dorchester district, at an estimated cost of \$800.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the requests of the various departments for the following transfers of funds:

BOSTON TRAFFIC COMMISSION.

Boston, May 15, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I respectfully request that the following transfer be made within the budget appropriations for this department:

From B-39, General Repairs, \$30, to B-42, Miscellaneous Services, \$30.

This department has no appropriation in item B-42. It has become necessary to expend \$30 chargeable to this item. This charge could not be anticipated when the budget was prepared.

Part of the appropriation in Item B-39 for this department is earmarked each year for general repairs which cannot be anticipated. Developments to date show that we may expect some surplus in this item so that it would appear feasible to transfer \$30 from it.

Yours very truly,

LEO F. CURLEY,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, May 16, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following transfer for the reason noted below:

From 1946, C-9, Departmental Equipment, Non-Revenue Account, \$2,550, to 1946, C-3, Departmental Equipment, Non-Revenue Account, \$2,550.

As a result of public bidding, there has been awarded to the low bidder, the Camac Company, 30 Huntington avenue, Boston, Mass., a contract in the amount of \$4,697 for furnishing table lamps for certain reading rooms in the Central Library Building. Although provision was made in the 1946 Special Loan for Departmental Equipment for the purchase of this equipment, the sum allocated at that time is now insufficient to meet the cost of our requirements. The above transfer will increase the 1946 C-3, Departmental Equipment, Non-Revenue, to the extent that this purchase can be made.

Respectfully,

JOHN J. CONNOLLY,
Assistant to the Director.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, May 16, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfer of funds at the House of Correction, Deer Island:

House of Correction.

From B-37, Photographing, etc., \$400, to E-13, Materials, Miscellaneous, \$400.

The contract on photographing will not require the money requested. This money will take care of a credit balance of approximately \$240, and will pay for amount necessary for balance of year. Extensive and unanticipated renovations and repairs made it imperative that extra purchases be made.

From C-14, Live Stock, \$300, to B-28, Expert, \$300.

Good conditions and proper care of live stock will save the institution an expenditure for live stock in 1947. Item B-28 which had a total expenditure in 1946 of \$223.40 for all services has spent to date this year for food and meat inspection by the Federal Government the sum of \$135. The money requested above is required first of all for Catholic Mission Honorarium on May 18 and to pay for additional needs which consist mostly of the food inspections.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

BOSTON, May 19, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested for a transfer of funds at the House of Correction, Deer Island:

House of Correction.

From B-39, General Repairs, \$9.96, to B-10, Rentals, \$9.96.

This item was not covered in the budget as we did not anticipate any expense of this nature in 1947. Remodelling the Catholic and Protestant chapels necessitated the renting of a sanding machine at the above cost.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 15, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We respectfully request that you amend the Sewer Division budget as follows:

From C-2, Machinery, \$200, to E-5, Sewer and Water, \$200.

Funds are needed in E-5 for the purchase of sand, brick and cement to be used in the repairing of manholes and catch-basins in the various districts. At present there is an unencumbered balance in E-5 of \$3.

There is money available out of C-2, due to the curtailment of expenditures.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

REAL ESTATE COMMISSION.

BOSTON, May 20, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—May we respectfully request your permission to transfer the following funds?

From B-12, Bond and Insurance Premiums, \$2,500, to B-39, General Repairs, \$2,500.

This transfer is necessary to provide for the emergency job ordered by the Building Department on the city-owned building at B and West Broadway, South Boston, in the interest of the health and safety of people and property, and is made from B-12 of the budget. Bond and Insurance Premiums, because this amount may be available by reason of canceled insurance premiums on buildings sold and the resulting credits issued to apply against present and future insurance.

Very truly yours,

IRVING LEWIS,
Chairman.

SUFFOLK COUNTY.

REGISTRY OF DEEDS.

BOSTON, May 19, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

YOUR HONOR,—I respectfully request that a transfer of \$100 from Item B-39 to Item C-10 be granted.

I have been obliged to purchase under Item C-10 many new law books which are very essential in this department.

Under Item B-39 I will have a surplus owing to the purchase of a photo-copying machine which will take the place of many of our typewriters. It will eliminate the usual expense of repairing many of the machines.

Very truly yours,

LEO J. SULLIVAN,
Register.

SUPERIOR COURT (Civil Session).

BOSTON, May 13, 1947.

JOHN A. SULLIVAN, Esq.,
Budget Commissioner.

DEAR MR. SULLIVAN,—In the appropriation for the Superior Court, Civil Session, General Expenses, please transfer \$10 in Item B 1, Office Supplies, to Item D-16, Miscellaneous Supplies.

Yours very sincerely,

EDMUND S. PHINNEY,
Executive Clerk.

MEDICAL EXAMINER (Northern Division).

BOSTON, May 8, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The following transfer of funds is respectfully requested:

From B-37, Photographic, \$18.30 to B-39, General Repairs, \$18.30.

From C-13, Tools, Instruments, \$12.36, to C-15, Tires, Tubes, \$12.36.

B item due to increased cost of repair job which was unforeseen.

C item due to increased costs of tires, tubes and batteries.

Very truly yours,

WILLIAM J. BRICKLEY,
Medical Examiner.

FIRE DEPARTMENT ORDERS.

General Order No. 39.

I. ASSIGNMENT OF PROVISIONAL FIREMEN AS MEN ON PROBATION.

The following assignments of provisional firemen, as men on probation in this department, which will become effective at 8 a. m., Wednesday, May 28, 1947, are hereby announced:

Pasquale DiRocco, Engine Company 29.

Charles W. McGee, Engine Company 13.

Edward J. O'Mara, Engine Company 43.

The foregoing-named men on probation will report to the Fire Commissioner's office on May 28 or 29, 1947, in order to fill out Civil Service and Retirement System papers.

II. ASSIGNMENT OF MAN ON PROBATION.

The following assignment of a man on probation, which will become effective at 8 a. m., Wednesday, May 28, 1947, is hereby announced:

John P. McLaughlin to Engine Company 18.

III. PROMOTION.

The following promotion, which became effective as of 8 a. m., Wednesday, May 7, 1947, is hereby announced:

M. O. P. James J. Murphy, Engine Company 44, to first engineer.

IV. RETIREMENTS.

The following retirement, which became effective at 8 a. m., Wednesday, May 14, 1947, is hereby announced:

Ladderman Ronald D. McEachern, Ladder Company 21.

The following retirements, which will become effective at 8 a. m., Sunday, June 1, 1947, are hereby announced:

Ladderman Robert F. Quirk, Ladder Company 2.

Ladderman Hubert S. Norman, Ladder Company 17.

Provisional Fireman Peter Ippolito, Ladder Company 31.

Ladderman McEachern was appointed to the Fire Department February 1, 1918; Ladderman Quirk was appointed August 11, 1923; Ladderman Norman was appointed February 1, 1924, and Provisional Fireman Ippolito was appointed August 8, 1945.

All the foregoing members leave the department with the best wishes of their associates.

V. TRANSFERS.

The following transfers, effective at 8 a. m., Wednesday, May 28, 1947, are hereby announced:

Hoseman Edward J. Costa, from Engine 1 to Fire Prevention Division.

Hoseman Joseph W. Ceurvels, from Engine 34 to Ladder 11.

VI. NEW FIRE ALARM BOX.

In the near future a new fire alarm box will be installed in the Kenmore Hospital. The master fire alarm box will be located on the first floor near the telephone switchboard with auxiliary stations on each floor.

This fire alarm box is to be added to the assignment card for Box 2313 and will be designated as follows:

12-2313,—Kenmore Hospital, 619 Commonwealth avenue.

Assignments for the new box will be the same as those for Box 2313, plus Ladder 12. Company commanders shall place a star alongside of Ladder 12 and alongside of Box 12-2313.

VII. COMMENDATIONS.

Hoseman Thomas H. Donovan and Provisional Fireman George C. Russell of Engine Company 50 are hereby commended for responding to and working at fire, Box 4114, two alarms, on May 19, 1947, while off duty.

Hoseman Horace E. Wood of Engine Company 41 is hereby commended for responding to and working at fire, Box 5121, on May 17, 1947, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 40.

I. RETIREMENT.

The following retirement, which became effective at 8 a. m., Sunday, June 1, 1947, is hereby announced:

Ladderman Sigurd E. Hult, Ladder Company 7.

Ladderman Hult was appointed to the department July 16, 1937, and he leaves the department with the best wishes of his associates.

II. RESPONSE OF CHELSEA FIRE DEPARTMENT TO MULTIPLE ALARMS IN EAST BOSTON.

Beginning at 8 a. m., Wednesday, June 4, 1947, and until further notice, the Chelsea Fire Department will respond to all multiple alarms in East Boston.

III. FIREMEN'S MEMORIAL SUNDAY.

Firemen's Memorial Sunday will be held on Sunday morning, June 8, 1947. Fire Commissioner Russell S. Codman, Jr., will be Orator of the Day. A detail, consisting of one man from each company, will act as an escort to the various organizations participating in the Memorial Exercises. The detail will report to Chief Operator J. Edward Laughlin, Chief Marshal, in front of Fire Department Headquarters, 60 Bristol street, at 9.15 a. m.

The detail will include the trustees or members of the Charitable Association of the Boston Fire Department who are

on duty that day. Regulation uniform with sack coat and white gloves will be worn on this occasion.

Members of the night tour of duty Saturday, June 7, 1947, who are to participate in the services, will be excused from roll call if relieved by members of the oncoming shift prior to eight o'clock.

Members of the department who are on a day off or who are on the off tour on Sunday, June 8, are invited to participate in the Memorial Exercises and it is hoped that a large number will be present to honor the memory of the deceased members of the department.

Members of the department who are on the Committee on Arrangements will be granted sufficient time to attend to their customary duties and those members of the committee who are scheduled to work on Sunday, June 8, will be excused from duty on that day.

The Boston Fire Department Band will furnish the music for the parade and exercises. Members of the band who are on duty June 8 will be excused from 7.30 a. m. to 3 p. m. They will report to Band Manager Frank Marr at Headquarters at 9 a. m.

IV. NEW BOSTON AUTOMATIC ASSIGNMENT CARDS.

New pages, Nos. 7, 14 and 15 of the Boston Automatic Fire Alarm Book are being issued to the department today. These pages will replace old automatic cards Nos. 7, 14 and 15 which are to be returned to Headquarters in the envelopes provided on or before Monday, June 9, 1947.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the School Boys Cadet Parade on Sunday, June 1, 1947, the following rules are effective:

Vehicles are excluded from the following streets:

Appleton Street.

From Berkeley street to West Canton street.

Chandler Street.

From Berkeley street to Columbus avenue.

Clarendon Street.

From Columbus avenue to Montgomery street.

Dartmouth Street.

From Columbus avenue to Montgomery street.

Montgomery Street.

From Tremont street to West Canton street.

Warren Avenue.

From Berkeley street to West Canton street.

From Beacon street to Commonwealth avenue.

Marlborough Street.

From Arlington street to Dartmouth street.

Dartmouth Street.

From Marlborough street to Columbus avenue.

Blagden Street.

From Huntington avenue to Exeter street.

Exeter Street.

From Boylston street to Huntington avenue.

Stuart Street.

From Dartmouth street to Huntington avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be three (3) weeks, vehicles are excluded from the following street, effective May 28, 1947:

Pond Street, West Roxbury.

From Moss Hill road to Woodland road.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the following rule is effective May 28, 1947:

The following street is hereby declared to constitute an isolated "Stop" street:

Sutherland Road, Brighton.

At Strathmore road.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury, and are bounded as follows:

A parcel of land, supposed to belong to the Commonwealth of Massachusetts, bounded:

Southerly by Veterans of Foreign Wars Parkway, forty-five and 98-100 feet;

westerly by sewer easement taken November 13, 1905, thirty and 86-100 feet; northerly by other land of said Commonwealth, twenty-two and 66-100 feet; and easterly by land hereinafter described as taken from John Hancock Mutual Life Insurance Company, forty-eight and 21-100 feet on a curve of fifty feet radius, containing five hundred and eighty-eight square feet, more or less. This taking is made subject to the assent of the Commonwealth of Massachusetts.

A parcel of land, supposed to belong to the John Hancock Mutual Life Insurance Company, bounded:

Westerly by land hereinbefore described as taken from Commonwealth of Massachusetts, forty-eight and 21-100 feet on a curve of fifty feet radius; northerly by other land of said company, by two measurements, two hundred fifty-one and 41-100 feet and sixteen and 99-100 feet; easterly by sewer easement taken August 19, 1914, fifteen and 41-100 feet; and southerly by Veterans of Foreign Wars Parkway, by two measurements, five and 62-100 feet and two hundred seven and 69-100 feet on a curve of ten hundred and seventy feet radius, containing twenty-six hundred and fifty-five square feet, more or less.

A parcel of land, supposed to belong to John Hancock Mutual Life Insurance Company, bounded:

Westerly by sewer easement taken August 19, 1914, fifteen and 41-100 feet; northerly by other land of said company, four hundred eighty-three and 25-100 feet; easterly by sewer easement taken August 19, 1914, thirteen and 14-100 feet; and southerly by Veterans of Foreign Wars Parkway, five hundred three and 50-100 feet, containing forty-nine hundred and thirty-four square feet, more or less.

A parcel of land, supposed to belong to John Hancock Mutual Life Insurance Company, bounded:

Westerly by sewer easement taken August 19, 1914, thirteen and 14-100 feet; northerly by other land of said company, by two measurements, forty and 93-100 feet and one hundred forty-five and 50-100 feet on a curve of nineteen hundred and forty feet radius; easterly by boundary line between Brookline and Boston, thirteen and 79-100 feet; and southerly by Veterans of Foreign Wars Parkway, by two measurements, one hundred fifty-five and 76-100 feet on a curve of nineteen hundred and thirty feet radius and thirty-two and 41-100 feet, containing eighteen hundred and seventy-three square feet, more or less.

The sewerage works to be constructed are as follows: 690 linear feet of 12-inch and 10-inch pipe sanitary sewer and 985 linear feet of 24, 18, and 15-inch pipe surface drain.

Assessments are to be levied for the making of the aforesaid improvement.

Ordered, That this Board determines that the abutting parcel of land on the northerly side of Veterans of Foreign Wars Parkway, between Independence Drive and the boundary line between Boston and Brookline, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; in the amount hereinafter respectively set against it; said parcel and the supposed owner thereof being shown on a plan hereinbefore mentioned and on file in the office of this department.

Lot 1, John Hancock Mutual Life Insurance Company, \$1,866.22.

. Voted, That this Board determines that the undermentioned estates sustain damages by the taking of an easement for sewerage purposes and the construction of sewerage works therein in land situated on the northerly side of Veterans of Foreign Wars Parkway, between Independence Drive and Boston-Brookline boundary line, under the order of the Board of May 20, 1947, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Commonwealth of Massachusetts, 588 square feet, \$1.

John Hancock Mutual Life Insurance Company, 2,655 square feet, 4,934 square feet, 1,873 square feet, \$1.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers

in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

STATE-COLLECTED TAXES SHARED BY CITIES AND TOWNS.

Approximately \$5,000,000 are distributed each year among all cities and towns as reimbursement of a portion of the amounts expended locally for salaries of teachers in the public schools. This one distribution constitutes about 80 per cent of all fiscal aid paid by the Commonwealth to cities and towns to assist in financing public schools. As the amount paid to each city and town depends upon the number and educational preparation of teachers employed, it favors well-to-do towns which can afford to hire more and better qualified teachers, and penalizes towns which by reason of less favorable circumstances operate their schools with fewer teachers. The original objective of this distribution was to raise standards of teacher preparation and to encourage local governments to pay certain established minimum salaries. As a means toward these objectives this distribution has outlived its usefulness.

PROCEEDINGS OF CITY COUNCIL.

Boston, May 26, 1947.

Regular meeting of the City Council held in the Council Chamber at 2 p. m., President KELLY in the chair and all the members present.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Joseph Solomon Richards, 520 Blue Hill avenue, Roxbury, constable, for term ending April 30, 1948, authorized to serve civil process upon filing of bond.

Della Joyce, 1 Harvard street, Cambridge, weigher of coal, for term ending April 30, 1948.

Donald Sherlaw, 565 Manley street, South Easton, weigher of goods, for the term ending April 30, 1948.

Severally referred to the Committee on Constables and Confirmations.

"SLOW-SCHOOL" SIGNS ON MAIN STREET, CHARLESTOWN.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of May 19, 1947, concerning the erection of "Slow-School" signs on Main street, Charlestown, Ward 2, in the vicinity of the Bunker Hill School, for the purpose of reducing the traffic hazard to children attending that school.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, May 22, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—This is in reply to Council order dated May 19, 1947, which reads as follows:

"Ordered, That his Honor the Mayor be requested to erect 'Slow-School' signs on Main street, Charlestown, Ward 2, in the vicinity of the Bunker Hill School, for the purpose of reducing the traffic hazard to children attending this school."

Orders have been issued to erect signs in Main street, approaching Baldwin street, and we hope to have these in place within a very short time.

Very truly yours,

LEO F. CURLEY, Commissioner.

Placed on file.

FENCE AT JOHN W. MURPHY PLAYGROUND, JAMAICA PLAIN.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner relative to your order of May 12, 1947, concerning the height of the fence surrounding the John W. Murphy Playground, Jamaica Plain.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, May 23, 1947.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of May 16 with enclosure, order from the City Council regarding the height of the fence surrounding the John W. Murphy Playground.

I am having the P. J. Dinn Company give me an estimate on what it will cost to raise the height of the fence directly back of home plate. If it is possible to do so, I will be pleased to.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

RESEEDING OF DROHAN SQUARE AND EDISON GREEN.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner relative to your order of May 19, 1947, concerning the reseeding of the grounds known as Drohan square and Edison green, Dorchester.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, May 23, 1947.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of May 21, regarding the reseeding of the grounds known as Drohan square and Edison green, Dorchester.

Please be assured, if it is possible to comply with this request it certainly will be a pleasure. Heretofore, I have seeded it—I don't know how many times and it has been destroyed before the day was out. I will examine it Sunday and see if the seed we put in there this year has been destroyed.

Very truly yours,

WILLIAM P. LONG, Chairman.

ENFORCEMENT OF CAB REGULATIONS.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Police Commissioner relative to your order of May 12, 1947, concerning the enforcement of cab regulations preventing out-of-town taxis from cruising in the City of Boston.

Respectfully,

JAMES M. CURLEY, Mayor.

—

City of Boston,

Police Department, May 23, 1947.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letter of May 16 accompanying order of the City Council, dated May 12, 1947, requesting the Police Commissioner to take such steps as are necessary to enforce the cab regulations preventing out-of-town taxis from cruising in the City of Boston, please be advised that during the past year, 195 prosecutions have been made of out-of-town drivers for operating in the City of Boston without a license and 15 additional cases are in process of being prosecuted at the present time.

The Police Department will continue to enforce the taxicab regulations in the City of Boston.

Very truly yours,

THOMAS F. SULLIVAN,

Police Commissioner.

Placed on file.

FLAGPOLE, MURRAY PARK PLAYGROUND.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner relative to your order of May 12, 1947, concerning the erection of a flagpole on the Murray Park Playground in North Brighton, Ward 22.

Respectfully,

JAMES M. CURLEY, Mayor.

—

City of Boston,

Park Department, May 23, 1947.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of May 16, with inclosure, order from the City Council to erect a flagpole on the Murray Park Playground, North Brighton.

Please be informed, bids are being received in this office now, regarding the erecting of a 65-foot pole,—the low bidder will receive this job.

Very truly yours,

WILLIAM P. LONG, Chairman.

INCREASED APPROPRIATION FOR POLICE DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—I have been advised by the Budget Commissioner that it will be necessary to increase the appropriation of the Police Department by the sum of \$460,000 for permanent employees. This is in compliance with the provisions of chapter 342 of the Acts of 1947 providing for an increase in compensation for members of the Police Department of the City of Boston.

The minimum annual compensation for each patrolman in the Police Department of the City of Boston is hereby established as follows:

For the first year of service, \$2,500; for the second year of service, \$2,700; and for the third and each succeeding year of service, \$3,000. The compensation for each member of said department above the rank of patrolman is hereby increased by an amount equal to 10 per cent of the annual compensation received by him on the date immediately prior to the effective date of this Act.

I respectfully recommend adoption of the accompanying order.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the respective sum of money specified in the schedule hereinafter set out be, and hereby is, appropriated for the purpose hereinafter specified, said sum to be raised by taxation on the polls and estates in the City of Boston, and

that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

Police Department.

A-1, Permanent Employees.....\$460,000

Referred to Executive Committee.

TRANSFER OF FIRE STATION, ELM STREET, CHARLESTOWN.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—I am informed by the Fire Commissioner that the fire station at Elm street, Charlestown, has not been used for fire purposes since 1938, and is now an unnecessary and needless expense to his department.

In view of this situation, I submit herewith an order for the transfer of this building to the Public Buildings Department in order that the building might later be leased to a post of war veterans.

I recommend passage of the accompanying order.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That land and building at 11 Elm street, Charlestown, placed in the care, custody and control of the Fire Department by order of the City Council dated March 30, 1942, and approved by the Mayor on March 31, 1942, be hereby placed in the care, custody and control of the Public Buildings Department.

Coun. KINSELLA—Mr. President, I move that go to Executive.

President KELLY—Hearing no objection, the order is referred to the Executive Committee.

IMPROVEMENT OF STATUES, MONUMENTS AND TABLETS.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—At the present time, a balance of approximately eighty-six hundred dollars is available in the income of the Phillips Street Fund. This income, under the terms of the original bequest, is to be "annually expended to adorn and embellish the streets and public places in said city." For several years, no use has been made of this income. I have conferred with the chairman of the Art Commission concerning the condition of various statues and tablets throughout the city. A number of these works of art need structural improvements. Since these statues and tablets are annually observed and inspected by the thousands of visitors who come to the city, both the chairman of the Art Commission and myself are in agreement that a portion of the available balance of the income of the Phillips Street Fund should be utilized at this time to embellish these monuments and tablets which portray and depict famous citizens and events connected with the historic background of this community. I accordingly submit herewith an order providing for the appropriation from available income of seven thousand dollars, the same to be expended under the direction of the Art Commission. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the sum of seven thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Art Commission, for the purpose of embellishing and improving statues, monuments and tablets in the streets and public places of the city, said amount to be charged to the Phillips Street Fund, Income.

Referred to Executive Committee.

INCREASED APPROPRIATION FOR PRINTING DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, May 26, 1947.

To the City Council.

Gentlemen,—I have been advised by the Budget Commissioner that it will be necessary to increase the appropriation of the Printing Department by the sum of \$37,051.28, for Permanent Employees, to comply with the scale of wages retroactive to March 1, 1947, negotiated with the Closed Shop Employing Printers of the Graphic Arts Institute of Massachusetts and the Allied Printing Trades Unions for employees who are members of the affiliated crafts in the printing industry employed by the City of Boston Printing Department.

I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the respective sum of money in the schedule hereinafter set out be, and hereby is, appropriated for the purpose hereinafter specified, said sum to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for.

Printing Department.

A-1. Permanent Employees.....\$37,051 28
Referred to Executive Committee.

AMENDMENT OF COMPENSATION AND CLASSIFICATION PLANS.

The following was received:

City of Boston,
Office of the Mayor, May 26, 1947.
To the City Council.

Gentlemen.—I transmit herewith for consideration by your Honorable Body the attached proposal by the Budget Commissioner to amend the "Compensation and Classification Plans for the Officers and Employees of Suffolk County."

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Budget Department, May 26, 1947.
To the Mayor and City Council.

Honorable dear Sirs.—In accordance with the provisions of Rule 3 of the "Rules for the Administration of Classification and Compensation Plans for the Employees of Suffolk County," the Clerk of the Superior Court for Civil Business has forwarded the attached request for the establishment of the classification "Executive Secretary" in his office.

After an investigation of the actual and proposed duties and responsibilities of this position, I hereby recommend that the following new classification be established.

Title of Class: Executive Secretary.
Duties: Under general direction, to act as confidential secretary to the Clerk of the Superior Court for Civil Business; to serve as intermediary between the Clerk and the public; to arrange appointments and conferences; to supervise the personnel of the office; and to perform other related work.

Range of Compensation: Annual, \$3,600-\$3,900-\$4,200-\$4,500.

Very truly yours,
FRANK L. SOUZA,
Acting Budget Commissioner.

Superior Court for Civil Business,
County of Suffolk, May 7, 1947.
Mr. John A. Sullivan,

Budget Commissioner of the City of Boston.
Dear Sir,—I, Thomas Dorgan, Clerk of the Superior Court for Civil Business in the County of Suffolk, recommend that the Compensation and Classification Plans, under chapter 400 of the Acts of 1930, as amended, be further amended so as to establish the position of Executive Secretary to the Clerk of the Superior Court for Civil Business in the County of Suffolk, whose duties shall be as follows: to act as confidential secretary to the Clerk; to arrange appointments and conferences; to supervise the personnel and all office activities; and to perform other related work.

The establishment of such a position is necessary to provide adequate active supervision of all office activities.

I recommend that the range of salary be \$3,600-\$3,900-\$4,200-\$4,500.

Very truly yours,
THOMAS DORGAN, Clerk.

Ordered, That the Compensation and Classification Plans for the Officers and Employees of Suffolk County, as amended, be, and hereby are, further amended by inserting the following new classification:

Title of Class: Executive Secretary.
Duties: Under general direction, to act as confidential secretary to the Clerk of the Superior Court for Civil Business; to serve as intermediary between the Clerk and the public; to arrange appointments and conferences; to supervise the personnel of the office; and to perform other related work.

Range of Compensation: Annual, \$3,600-\$3,900-\$4,200-\$4,500.

Referred to Committee on County Accounts.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Grace H. Burke, for compensation for injuries caused by an alleged defect at 799 Boylston street.
Kerney A. Delaney, for compensation for damage to car caused by an alleged defect in Commonwealth avenue.

Philip J. DiBlasi, for compensation for damage to car by fire apparatus.

Laura Graves, for compensation for injuries caused by an alleged defect in Tremont street.

Charles G. Marston, for refund on dog license.

Francis X. McCormick, to be reimbursed as result of accident which occurred while in performance of duty.

Julia T. Moloney, for compensation for injuries caused by an alleged defect in Washington street, Brighton.

Joseph C. Morgan, to be reimbursed for execution issued against him.

Pasquale Napolitano, to be reimbursed as result of accident which occurred while in performance of duty.

Louis Pappas, Jr., for compensation for damage to car caused by an alleged defect in Foundry street.

William T. J. Ross, to be reimbursed for execution issued against him.

Angelo J. Spina, to be reimbursed as result of accident which occurred while in performance of duty.

Executive.

Petition of Mrs. Thomas F. McCabe to be paid annuity on account of death of husband, Thomas F. McCabe, late member of Police Department.

PERMITS FOR CHILDREN.

Petitions for children under 15 years of age to appear at places of public amusement were received as follows:

Armando Arena, Jordan Hall, June 5; Boston Music School, Huntington Hall, June 6; John B. Monticone, New England Mutual Hall, June 5 and 9.

Permits granted under usual conditions.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of the following, having been duly approved by the City Treasurer, were received and approved by the Council:

Abraham M. Hecht, William H. Lynch, Michael W. Ober, Paolo Stancato.

NOTICE OF HEARING.

Notice was received from the Department of Public Utilities of hearing to be held June 10 at 10.30 a. m. on charges of Brush Hill Transportation Company.

Placed on file.

COMMUNICATION FROM MAYOR OF SOMERVILLE.

A communication was received from G. Edward Bradley, Mayor of Somerville, inclosing resolution favoring through way more central to the City of Somerville passed by Board of Aldermen.

Placed on file.

FINANCE COMMISSION REPORT ON USE OF CITY-OWNED AUTOMOBILES.

The following was received:

City of Boston,
Finance Commission, May 21, 1947.
To the Honorable the Mayor and City Council.

Gentlemen.—The Finance Commission has received notice from the City Clerk that the City Council has adopted the following order:

"Ordered, That the Boston Finance Commission be requested to investigate the reports of the wrongful use of city-owned automobiles and to inquire into the necessity of the use of high-priced limousines instead of medium-priced cars."

The Commission wishes also to acknowledge the Mayor's telephoned request to the Commission to undertake at once the investigation.

The Commission desires to reply both to you and to the City Council that under the circumstances existing in respect to the city automobiles it is impossible at the present time to obtain the complete facts on either of the points mentioned in the above order. Who has city automobiles, passenger cars, and other motor equipment as well, is obscured by a lack of orderly recording and assignment; and, obviously, unless it is possible to know to whom cars are assigned and by whom used, it is impossible to pass on the question of their proper use.

The Commission is not unaware of the rumors and gossip with reference to the misuse of city-owned automobiles.

In addition, the Commission has noted through the years a steady increase in the number of city employees who are provided with cars. The custom seems to be developing that the grant of an automobile and a chauffeur is part of the compensation to be provided for department heads whether or not they need a car continuously in performing their public duties.

As a result of these observations the Finance Commission for some time past has been considering a survey of the city automobile situation in the hope that a better control of the use of city cars might be developed. However, the Commission has found this task extremely difficult. There is now no central control of this situation at all. There is no official list of city cars and the assignment of them. It is only by canvassing the departments that any such information can be compiled. Furthermore, it has been the Commission's

experience that reliable information is difficult to obtain in some departments which operate numerous motor vehicles. There is no such thing anywhere as a complete reliable record of the city's automotive equipment.

Until fairly recently, authorization procedure required that a purchase of a new car would be made only when the appropriation for it was voted in an item of the regular maintenance budget known as "C-4, Motor Vehicle Equipment." Nevertheless, it sometimes happened that a department head would obtain authorization for a purchase of a new car when, late in the year, he was able to show that he could provide funds by transfer from other items of his budget. In those instances, savings in appropriation were usually diverted to provide the cost of the car.

Until a year ago, a list of the departments owning cars, and the intentions of the department heads with respect to purchase, could be obtained more or less readily and accurately by looking for, and at, the "C-4" items of the maintenance budget. Now, however, there are no "C-4" items in the maintenance budget, except in the few departments which pay their way by their own revenues. Providing for a new car is now deemed to be a capital expense, and payment for such a purchase is no longer a charge against the maintenance appropriation. The appropriation known as the "Equipment Loan," to which such purchases are now charged, is not in official detail when voted. The budget, therefore, no longer serves as a ready means of finding out who has a car or cars, or who intends to buy a new one.

Nor are city cars registered by a uniform method. An employee in the garage of the Public Works Department registers the cars of that department. He pays cash at the Registry and bills the city for his outlay. This cash is provided by the city on a special draft. As to cars owned by other departments, until recently the practice has been that cars would be registered through the Supply Department. Now, however, that system has been abolished. Registration is by a departmental employee, usually a chauffeur. The registration fees are paid in cash. Registration is in the name of the city, but no city agency maintains a central account wherein all payments for registrations are grouped.

Therefore, it is obvious that in order to make any kind of investigation of the automobile situation it is necessary, first, to set up a control account in which all registrations will be recorded. It is within the power of the Mayor to order that this be done, and the Finance Commission believes he should do it forthwith.

To obtain all the facts of the actual use of the cars owned by the city is obviously impossible. First of all, although the city ordinances require that the city-owned cars be "painted a uniform distinctive color, bearing on each side the words 'City of Boston' and also a designation in words showing by which department such automobiles are used," no such practice is uniformly maintained. Most city cars are in standard black, because the city usually buys cars of that color; but most of them have no "City of Boston" label or other designation. They are, for the most part, not different in appearance from the privately-owned cars commonly seen on the highways. The fact that there are many cars parked around City Hall and Annex from day to day which have a city marking but are privately owned makes identification of city-owned automobiles difficult. Moreover, many city employees use their privately-owned cars more or less in performance of their regular city tasks.

The city adopted the above quoted ordinance many years ago because charges of unauthorized use of city cars were then very frequent. Similar charges again are numerous. It is due to the fact that the ordinance is now "honored more in the breach than the observance" that unwarranted use of city cars is possible. The Commission recommends that the Mayor take steps to compel compliance with the ordinance.

The number of city passenger carrying cars is now in the hundreds. Obviously, therefore, it is impossible for the Finance Commission to report on past "wrongful use of them." The Commission believes its time can be used to better advantage in developing a means of preventing such use. To do so, or to give opinion on whether or not an employee needs this type or that, the list and control of city-owned cars must be established. That is the responsibility of the executive head, the Mayor of the city, and the Finance Commission recommends that he take that step.

Respectfully submitted,
EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
FREDERICK W. ROUHL,
The Finance Commission.

ROBERT E. CUNNIFF,
Secretary.

Placed on file.

GASOLINE TAX ON AEROPLANE COMPANIES.

Coun. COFFEY offered the following:

Whereas, The Governor of the Commonwealth is desirous of paying off the State debt through sales and other types of taxes, be it

Ordered, That the Governor of the Commonwealth of Massachusetts consider the advisability

of placing a gasoline tax on all aeroplane companies doing business in this State.

Coun. COFFEY—Mr. President, last year some member of the Legislature through a bill filed tried to tax all the airlines at the Logan Airport. It received quite a lot of unfair publicity and it was attacked viciously by those interested in the airlines at the airport and also by others representing the Chamber of Commerce and so forth. For the past week they have been holding meetings at the Gardner Auditorium regarding the sales tax and other forms of taxation so that they could meet the supposed deficit that is going to be in the State this year. It is going to be amazing to some people to know that every time any one of the general public goes in to buy gasoline they have to pay a 3-cent tax on every gallon they purchase, but at the Logan Airport and every other airport within the Commonwealth all the airlines which use millions and millions of gallons of gas bought in the State of Massachusetts are tax free. If the Governor and the Legislature need to find some way of getting more revenue for the Commonwealth, they can tax these airlines. My closing remark is to say they won't. The airlines are owned and operated by banks and the Chamber of Commerce, and the Better Business Bureau, and those representing big business, and they control the Legislature.

The order was passed under suspension of the rules.

EMPLOYMENT ON RAPID TRANSIT EXTENSIONS.

Coun. COFFEY offered the following:
Ordered, That the Transit Commissioner be requested, through his Honor the Mayor, to inform all veterans seeking employment on the Rapid Transit Extension that they must first file their names with Civil Service.

Coun. COFFEY—For the benefit of the veterans from Boston, I would like to let them know that every veteran right now from Boston is under the impression that if he wants to go to work on the Rapid Transit in the East Boston area, all he has to do is file an application with the Transit Department. Any veteran that is under that impression has been misinformed. I have been told they not only have to file an application with the Transit Department, but they also have to file an application with the Civil Service Commission at the State House. I hope all veterans are notified of that so that it will take a load off the shoulders of the members of the Council and other officeholders of the Commonwealth. They think all they have to do is get in touch with the officeholder and a miracle will happen, and they will go to work, but they should be informed they have to file with the Civil Service before they can get to work on the Rapid Transit.

The order was passed under suspension of the rules.

ACCEPTANCE OF EVERETT COURT, WARD 1.

Coun. COFFEY offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Everett court, Ward 1, as a public way.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:
Report on appointment of Shirley E. Perry, Paul G. Ehler and L. Nathan Buker (referred May 19) as weighers of goods for term ending April 30, 1948—that appointments be confirmed.

Report on appointment of Angelo Michael Russo and Henry Ward (referred May 19) as constables authorized to serve civil process upon filing of bond, for term ending April 30, 1948—that appointments be confirmed.

Report on appointment of Daniel V. Henderson (referred May 19) to be weigher of coal for term ending April 30, 1948—that appointment be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councilors Cook and Coffey. Whole number of ballots 13, yeas 12, nays 1, and the appointments were confirmed.

RECESS.

On motion of Councilor Cantwell, the Council voted at 2:22 p. m. to take a recess, subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 5:20 p. m.

"SLOW—CHILDREN PLAYING" SIGN, WARD 3.

Coun. RUSSO offered the following:
Ordered, That the Traffic Commissioner be requested by his honor the Mayor to arrange for

the installation of a "Slow—Children Playing" sign at Green and Lynde streets, Ward 3.
Passed under suspension of the rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of Vincent P. McBride (referred May 19) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to Fire Department—recommending passage of accompanying order:

Ordered, That the sum of three hundred seventy-five dollars (\$375) be allowed and paid to Vincent P. McBride, in reimbursement for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Report on petition of William T. Fothergill (referred May 19) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to Fire Department—recommending passage of accompanying order:

Ordered, That the sum of six hundred dollars (\$600) be allowed and paid to William T. Fothergill in reimbursement for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Reports accepted; said orders severally passed.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. MORIARTY, for the Committee on Public Lands, submitted the following:

Report on message of Mayor and order (referred March 10) transferring part of Charter street from Real Estate Commissioners to Fire Department—that same ought to pass.

The report was accepted, and the order was passed.

ACQUISITION OF PART OF JACKSON PARK.

Coun. LANE and MADDEN offered the following:

Ordered, That his Honor the Mayor be requested to arrange for the acquisition of that part of the vacant land known as Jackson Park, bounded by Sidlaw and Chiswick roads and Commonwealth avenue, Ward 21—part of which is now the property of the City of Boston—and to further arrange for the improvement of this land for use as a public park and as a memorial to all veterans in that section of Brighton.

Coun. MADDEN—Mr. President and gentlemen, I know the hour is getting late and I won't hold the meeting up very much longer, but I would like to have each of you gentlemen see this photograph of Jackson Park, Brighton. I think this is certainly a disgrace to the city. This is in line with the complaint I had about a month ago, chiding the Mayor and Commissioner Long about doing something to the little park on Oak square. You recall I jokingly suggested adding another \$1.50 to the budget so that we could have some seed for that little park, that little memorial park for the veterans in that section of the city. Here is a photograph taken Saturday in that same park, showing up till now, and this coming Friday will be Memorial Day—it is a little park, I would imagine probably 150 by 100 feet the city is so penny-wise and pound-foolish they can't get around to fixing that park for Memorial Day. I don't know whether that is part of the disciplinary program of the Mayor, but to me it is an out-and-out insult to the lost sons of the fathers and mothers in that vicinity. You are not kidding me, Mr. Mayor. You are not taking your spite out on me. You are taking it out on the veterans, the boys who lost their lives. I will pass this around, gentlemen, so you can all have a look at it. You know, some 20 odd years ago, two boys led the honor roll at Boston Latin. One of them was a young man, Joe O'Donnell, and the other one Joe Shubow. Today, O'Donnell is head of Boston College, and Shubow is head of the new Jewish Synagogue in Brighton. By the grace of God, Rabbi Shubow might have been Dean of Boston College instead of Father O'Donnell. However, I can assure you they are both very, very good and fast friends. It seems to me a little long on the crude side that the city should tolerate a condition such as exists in Jackson Park. I know if that park was across the street from some Catholic church or some Protestant church, certainly the Catholics and the Protestants would yell like hell. I think the Jewish people are entitled to just the plain ordinary courtesy of having that park cleaned in front of this new beautiful synagogue that Rabbi Shubow is building. Incidentally he is spending some \$500,000 to build that beautiful new edifice across the street, and I think the least the city could do is to clear what technical defects there are in the acquisition of the title and to make this not only a park but a

memorial to all the veterans in that section of Brighton. It is a touchy subject to talk on, fellows, but it seems the Jews from time immemorial have been persecuted. Why I don't know, but, after living 23 years in Europe with the United States Army, I can see it is not very difficult to persecute any race or creed or anything else over there. There is one thing that is lacking in Europe that we have in abundance in America, and I hope we never lose it, and that is fair play and sportsmanship. There is not one iota of fair play or sportsmanship from one part of Europe to the other. I have sat in cafés in France and Germany, Italy and Africa, and I was astonished to see people go in there and eat huge meals, while little kids would walk the streets so obviously dying from hunger you just could not enjoy your meal, but it did not seem to bother the Europeans. Since I came back, I have had people say to me, "Do you mean to tell me the white girls in Europe would prefer a negro man to a white man?" and I said, "Yes, and who the hell wouldn't?" It is my job, or it was my job as a provost marshal, to deal with human beings from one end of Europe to the other, and I can say this to you, and I want you to remember it as long as you live there is no place in the world where men are as chivalrous and as fair as in America. I have had girls in France and Italy and Germany and other places tell me, in answer to the question when they were apprehended in the company of colored American troops—I have had any number of foreign girls say they would rather be in the company of an American colored man than any man from her own country. That is a broad statement, but I have heard it said often over there, and I think every other man who was over there will bear me out. The reason for that is that the colored man or any other American is so far ahead of the average European there is no question about it. Now, with all due respect to the original motives of Hitler and all the rest of the fanatics, you can't start after the Jews, you can't start after the Catholics, and you can't start after the Protestants, but eventually you hurt your own somewhere down the line. Your own people are going to feel the effects of the vituperation, and that is obvious all over Europe. Mr. Hitler thought he was just punishing the Jews. Well, I saw Catholic churches and Protestant churches all over Europe demolished, and I saw Catholic people and Protestant people who suffered just as much probably not as many of them—as the Jews, but what I am suggesting, fellows, is this that everybody is affected by what Hitler originally intended, the persecution of the Jews alone. You can't get away with that stuff without hurting the entire world. If it is going to continue, then, all I can say is "God help them." God help your kids and my kids if we ever have another war. It is a terrible thing to say, but there is no such thing as gratitude in Europe or any place in the world; not only fair play, but they haven't gratitude. They hate our guts, and God help America if any foreign nation ever gets us by the throat. That is why I say it is incumbent upon every Catholic man and every Protestant man and every Jew to walk together shoulder to shoulder all through life as we did in the service. Isn't it a strange commentary that as kids we never asked what a kid's religion was? We grew up the best of friends and then it seems, when we become mature, we get to be fatheads and we don't like Smith or Brown because they don't go to our church. How small, how stupid! As I see it, we have the same situation in Brighton. One of the great heroes of this war, the unsung heroes, a little fellow, a tough guy, Rabbi Joe Shubow. Let me tell you a story about Shubow, and then I will stop. My first acquaintance with the very capable rabbi was at Anzio. I happened to be in one of the big hospital wards there when a boy came in yelling for a chaplain. Well, Shubow went out, and I went with him. I never saw the man before in my life. He bent down over this kid and the kid says to him, "Father, I would like to make my last act of contrition." The rabbi said to him, "Have you got rosary beads?" The kid said, "No, I have not." He said, "Do you want mine?" The boy said, "Yes, Father, thank you." The rabbi handed that boy some rosary beads. That kid died in the rabbi's arms happy. He had the thought he died in the arms of a priest. On the way back I said, "You know, Father, it wouldn't hurt me to go to confession." He turned to me and hit me on the shoulder and said, "I am sorry, Major. I am not a Catholic priest." That was quite astonishing to me after his handing the kid the rosary beads. Then I discovered that all chaplains over there carried rosary beads and things like that so that they could help the boys of every race and creed in their dying hour. Not only was that a terrific shock to me, but I nearly keeled over when I found out he was from Brighton. When he called his condition to my attention, I said, "Rabbi, you can bet your life Councilor Lane and myself, out of plain fairness, even if we did not know you were one of the great heroes of the war, but just as any other ordinary citizen, it would give us a great deal of pleasure to move this order the city acquire this property for a memorial park for the veterans of every race and creed, a beautiful park to be built and acquired right there across the street from this new beautiful synagogue." Thank you.

Coun. CAREY—May I ask that the order be read?

President KELLY—The Clerk will read the order.

(The order was read.)

The order was passed under suspension of the rules.

EXECUTIVE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) transferring fire station at Elm street, Charlestown, to custody of Public Buildings Department—that same ought to pass.

The report was accepted, and the order was passed.

2. Report on message of Mayor and order (referred today) for increased appropriation of \$460,000 for Police Department, Permanent Employees—that same ought to pass.

The report was accepted, and the order was passed, yeas 15, nays 0:

Yeas—Councilors Bayley, Chase, Fish, Hannon, Hurley, Keenan, Kelly, Linehan, Madden, McCormack, Moriarty, Russo, Sullivan—15.

3. Report on message of Mayor and order (referred May 5) for appropriations totaling \$909,500 in various departments—recommending passage of order as submitted by the Mayor with the exception of Fire Department, B-18, reduced \$2,400.

The report was accepted, and the question came on the passage of the order as amended.

Coun. SULLIVAN—Mr. President, I move C-15 appropriation be cut \$5,000.

President KELLY—Councilor Sullivan moves that C-15, Fire Department, be cut \$5,000.

Coun. HURLEY—Mr. President, what is the item?

President KELLY—The Clerk will kindly read the item.

(The item was read by the Clerk: Equipment, Tires, Tubes and Accessories, \$5,000.)

Coun. HURLEY—Mr. President, I hope the Council in voting on this order will vote to let that \$5,000 stay there. We are buying new accessories that will be used on modern equipment. We all know that this equipment is replacing equipment that is 20 or 25 years old. It is the same thing as having a 1915 Ford with 30 by 3 tires and transferring the tires onto a modern 1947 Ford. It just can't be done. When they asked for this extra amount of money for the buying of tubes and tires, of course they had that in mind, that the old equipment was not interchangeable with the 1947 equipment. That was the idea in asking for this extra money, to take care of accessories and equipment for new apparatus. I sincerely hope this item will not be cut.

Coun. COOK—Mr. President, the Fire Department expects to get new equipment under a loan which has not been passed yet, and even if the loan is passed the Fire Commissioner admitted to the Finance Committee that he did not know, even though the loan was passed, if he could get the equipment, and why we should buy tires and accessories in advance of getting the equipment is amazing to me. I think we can wait until the loan order for new equipment is passed, and if they need \$5,000 for tires and other accessories, we can work on it then. As it stands now, if we pass this order, he can buy accessories, as Councilor Chase pointed out, for old equipment and keep it on hand. I don't think the Fire Department should be a storage warehouse. Let us wait until we vote on the loan for new equipment before we pass an extra appropriation for accessories for that new equipment.

Coun. HURLEY—Mr. President, of course the Council knows that after the 14th of next month we cannot appropriate any more money because the tax rate then will be set, and that will be the end of appropriations for this year. I think if this money is granted the Fire Department, they are not going to go out and buy 30 by 3 tires on cars they are going to junk and hold them in the stock room. It is reasonable to expect that they are going to buy modern, up-to-date accessories.

Coun. COOK—The only answer to that, Mr. President, is that, as the Fire Commissioner has admitted, he does not know whether he will get the loan. That being so, if he does not get new equipment that can last from June until January of next year when the new appropriations come in, I don't think he is a good purchaser. Secondly, I think we ought to pay some attention to the Finance Commission's report on these automobiles. As I recall it, the Fire Commissioner testified he had 20 new cars he was going to get, also some aerial apparatus and some other fire equipment. My guess is that he is more interested in getting new cars. According to the Finance Commission, and we will admit it ourselves, they don't know who is getting new cars and what they are doing on the streets of Boston and who owns them and what they are used for. I think they ought to wait until they get the equipment before they start buying accessories for equipment. I don't like to see the Council, in view of the fact that the tax rate already has jumped to a new high, spend money or allow money to be spent in advance of things we may not even get. General market conditions show that most manufacturers and wholesale dealers are starting to cut prices, not raise them, and maybe by next year we can buy these accessories cheaper. I am a little bit amazed at the sudden desire on the part of department heads to buy automobiles and accessories. I don't know who is interested in it, but there seems to be an avalanche of purchases of new cars and new accessories, things we can do well without. There are a thousand more important things we can spend the money on than appropriating it for new cars, especially passenger cars.

Coun. SULLIVAN—I would like to inform the members \$15,000 has already been appropriated under the C-15 item for Tires, Tubes and Accessories. On equipment alone, the Fire Department is asking for \$900,000. After we purchase those pieces of apparatus, will we still have to buy accessories, tires and tubes for them? They had in the loan order last year close to another \$100,000, and as this equipment is practically brand new, plus this additional \$900,000 this year, I don't see why they will need an additional \$5,000 when they already have \$15,000 in the budget. This order has been in before. It came in a couple of weeks after the budget was passed. If they needed that money then, why wasn't the money put in the original budget? I hope the \$5,000 will be eliminated.

President KELLY—The question comes on Councilor Sullivan's motion to cut C-15, Fire Department, \$5,000. The Clerk will call the roll.

The motion to cut was carried, yeas 9, nays 7: Yeas—Councilors Bayley, Chase, Coffey, Keenan, Linehan, Madden, Moriarty, Scannell, Sullivan—9.

Nays—Councilors Carey, Fish, Hannon, Hurley, Kelly, McCormack, Russo—7.

Coun. SULLIVAN—Mr. President, D-11, Fire Department budget, Gasoline, Oil and Grease. They are asking for \$10,000. They have at present \$28,000 in the budget that was passed. In the explanation for this \$10,000 they say additional mileage, but mainly for changing over from regular gasoline to ethyl, a higher type or higher grade of gasoline. As you and I know, that is only a difference of 2 or 3 cents per gallon, and this additional \$10,000 which they are seeking is better than one third of their present budget of \$28,000. So I move, Mr. President, that that \$10,000 item be reduced by \$7,500.

President KELLY—Councilor Sullivan moves the \$10,000 item for gasoline, oil and grease be cut \$7,500, and the Clerk will call the roll.

The motion to cut was carried, yeas 10, nays 6:

Yeas—Councilors Bayley, Chase, Cook, Keenan, Linehan, Madden, Moriarty, Russo, Scannell, Sullivan—10.

Nays—Councilors Carey, Fish, Hannon, Hurley, Kelly, McCormack—6.

Coun. SULLIVAN—Mr. President, on Fire Department budget, E-1, Building, they are asking \$5,000 additional to this appropriation. They have at present \$14,000 passed in the budget, and I move that \$5,000 be reduced by \$4,000. Also, on E-13, on which they are seeking an additional \$5,000—they already have \$45,000 in the regular appropriation—I move that \$5,000 be reduced by \$4,000, making a grand total of \$8,000 in E-1 and E-13.

President KELLY—Councilor Sullivan moves Items E-1 and E-13 in the Fire Department budget be reduced by \$4,000 each. Talking on the motion, Councilor Hurley.

Coun. HURLEY—Once again, I hope that will go through, that they will go along with the Executive Committee report. These items are explained by the Fire Commissioner for ropes, and so forth; the cost of everything being way up in the air. I hope the Council will vote to keep these items as they were recommended by the Executive Committee.

The question came and the motion to cut E-1 and E-13 each by \$4,000 was carried, yeas 9, nays 7:

Yeas—Councilors Bayley, Chase, Cook, Keenan, Linehan, Madden, Moriarty, Scannell, Sullivan—9.

Nays—Councilors Carey, Fish, Hannon, Hurley, Kelly, McCormack, Russo—7.

Coun. SULLIVAN—Mr. President, on C-16, Fire Department, Wearing Apparel, they are seeking \$79,000 additional under this item. They have on hand in the regular budget \$40,000. Mr. President, we are informed that the commissioner wanted to equip those temporary men with uniforms. I don't believe those men should be equipped with uniforms until such time as they are made permanent in the Fire Department. These men that are on now are on a provisional appointment pending an examination and the establishment of a list. There are a large number of boys working in the Fire Department under this provisional appointment with the idea in mind that all they have to do is pass this examination and they are automatically going to become permanent firemen. As you and I know, once the examination is held and the list is established, they start at the top of the list, one, two, three, and go down, and take the first 300 or 400 men who are willing and expect to fill those jobs. Assuming two or three hundred of these provisional men land on that list beyond the 800 mark, what is going to be done with those uniforms? So I move now, Mr. President, that C-16 be reduced by \$50,000. This will leave them a balance, a total balance in the C-16, Wearing Apparel, of \$69,000 to take care of all the permanent men that they have on hand.

President KELLY—Councilor Sullivan moves that C-16 in the Fire Department be reduced \$50,000. Talking on the motion, Councilor Hurley.

Coun. HURLEY—Mr. President, I think there might be some misunderstanding about that. As I understood the talk of the commissioner relative to uniforms, this item was to take care of the new men put on as a result of the 48-hour week, not temporary men but permanent men. Of course, we have some provisional men, but we have a great number of permanent men working under the 48-hour week, and when the list ran out at

Civil Service, they appointed provisional men pending an examination. I don't think the commissioner has any idea of buying costly uniforms, tailored and measured to fit men whom he does not know are going to be members of the Fire Department. I think this money would be used, a good part of it, to fit out with tailor-made uniforms men who are permanent members and the balance would be kept waiting the list of permanent employees. In asking for the full amount at this time, Mr. President, of course we know, as I stated before, that we cannot appropriate any more money for any department for the balance of the year after the middle of June, after our tax rate is set. So as a precautionary measure, instead of just putting in for the men who are permanent employees of the Boston Fire Department, they are making provision in the budget for the purchase of uniforms for men who will be approved by Civil Service at a later date. When these men are approved at a later date this year, of course we are obliged to fit and buy uniforms for them and if this budget is not passed as it is today, you will have all the new men that are approved by Civil Service on the Boston Fire Department operating in our department in their own clothing. I sincerely hope, Mr. President, that this item will be left as is, as was voted by the Executive Committee.

President KELLY—The question comes now on cutting the C-16, Fire Department item by the amount of \$50,000. Councilor Scannell.

Coun. SCANNELL—Mr. President, while I don't think they need this \$79,000, I believe a cut of \$50,000 would be too drastic, so I would like to amend that motion if it is in order, that this order be cut \$29,000 and that it read \$50,000, so that in case we do get a list, we will have enough money to buy this clothing. If it is not in order, I am going to vote against the \$50,000 and ask that there be a \$29,000 reduction.

President KELLY—I am sorry, councilor. Your motion is out of order.

Coun. SCANNELL—May I make an amendment to the original?

President KELLY—The motion for the larger cut takes precedence. The question comes on Councilor Sullivan's motion to cut the item C-16, Wearing Apparel, Fire Department, \$50,000, and the Clerk will call the roll.

The motion to cut C-16 by \$50,000 was lost, yeas 5, nays 9:

Yeas—Councilors Chase, Linehan, Madden, Moriarty, Sullivan—5.

Nays—Councilors Carey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, McCormack, Russo—9.

Present—Councilors Bayley, Scannell—2.

Coun. SULLIVAN—Mr. President.

Coun. SCANNELL—Mr. President.

President KELLY—Councilor Scannell.

Coun. SCANNELL—Mr. President, I ask that there be a reduction in C-16 from \$79,000 to \$50,000, a reduction of \$29,000.

President KELLY—Councilor Scannell moves a reduction be made in the C-16, Fire Department item in the amount of \$29,000. Talking on the motion, Councilor Sullivan.

Coun. SULLIVAN—Mr. President, I wonder if I could ask the chairman of the Executive Committee if he remembers distinctly or whether any other member does, if he cannot remember, just what the commissioner wanted this \$79,000 for.

President KELLY—Councilor Fish, can you answer that question?

Coun. FISH—I can't give a definite answer. Whether it was for new firemen to be made permanent, or whether it was for temporary ones, I don't remember. The meeting, as I say, was held in Executive and undoubtedly there would be others who possibly would have heard the answer to this question who may be able to answer.

President KELLY—Does anybody else have an answer?

Coun. HURLEY—I can answer the question. He explained it was for a full uniform plus rubber boots and rubber Panchos.

Coun. SULLIVAN—For how many men?

President KELLY—Do you know the answer?

Coun. HURLEY—He said for the new men put on as a result of the 48-hour week.

Coun. SULLIVAN—Mr. President, going along with the full dress uniform, giving them the best rubber boots and rubber overcoats, takes \$150 a man, multiplied by 600—so what figure do you get? That figure figures to \$90,000 that is going to be used for the best at \$150. I think that figure could be cut in half. But what I want to get at, gentlemen, under C-16, if we give them this \$79,000 plus \$40,000, which they have already in the budget, that would give them \$119,000—40 and 79—which would bear out the cut of Councilor Scannell of \$29,000.

President KELLY—The question comes on Councilor Scannell's motion to cut Item C-16 in the amount of \$29,000. Speaking on the motion, Councilor Madden.

Coun. MADDEN—Mr. President and gentlemen, I heartily concur with Councilor Sullivan and Councilor Scannell. While I am perfectly willing to go along with any department head for any reasonable expenditure, this is one of them which is just like the ash and garbage business, you break it down, and it just does not make sense. There are less than 600 men under consideration. If, as the councilor says, each uniform costs \$150—my Lord, you could buy brand new uniforms in lots less than \$150, it is my understanding in talking with the men themselves that the actual cost is closer to \$65 and at the very outset \$100. As far as

rubber boots are concerned, I have had to buy seven or eight pairs of rubber boots in the past months because my business has been flooded. If I can buy the best rubber boots for \$5, I don't see why the city can't. So you add \$65 to the actual cost of the uniform, another \$5 for boots, and throw in \$10 a coat, you have an actual cost of \$70,000. Maybe I am wrong, so give them another \$25, for the uniform and everything, and still you would not get \$60,000. As Councilor Sullivan says, they already have quite a sum of money. Now, if you give them this much, that would enable each temporary man to have a uniform and a free ticket on the Elevated system.

President KELLY—The question comes on Councilor Scannell's motion to cut Item C-16 in the amount of \$29,000. Councilor Chase.

Coun. CHASE—Mr. President, I realize the members of the Council are concerned over this particular item, and it is confusing. How is it possible to spend so much money for so few uniforms? I may remind the Council his Honor the Mayor always has made it a point to get the very best at the very highest cost. I might also remind the Council, sir, that it is quite possible that his Honor the Mayor may feel that it is necessary to buy a lot of uniforms for those chauffeurs for automobiles, and it is possibly the high cost of chauffeurs' uniforms that is bringing up this item. I don't know, but I say it is possible. I obviously am going along with the councilor from Roxbury and will vote for the reduction, because I don't think it is necessary that we should spend this tremendous sum of money for uniforms. I think we can very readily make this reduction without depriving anyone of something essential.

President KELLY—The question comes on Councilor Scannell's motion to cut the C-16 item by the amount of \$29,000 and the Clerk will call the roll.

The motion to cut C-16 by \$29,000 was carried, yeas 11, nays 5:

Yeas—Councilors Bayley, Carey, Chase, Cook, Keenan, Linehan, Madden, Moriarty, Russo, Scannell, Sullivan—11.

Nays—Councilors Fish, Hannon, Hurley, Kelly McCormack—5.

President KELLY—The question now comes on the recommendation of the Executive Committee to reduce B-18 item in the Fire Department by \$2,400, and the Clerk will call the roll.

Coun. BAYLEY—Yes.

President KELLY—Wait.

Coun. MADDEN—What does that mean? What is it for?

President KELLY—Cleaning service for the Fire Department, \$2,400.

Coun. BAYLEY—Yes.

President KELLY—Councilor Madden. Wait a minute.

Coun. MADDEN—I think this should be slashed, gentlemen. Every time I see these additional appropriations it burns me to the core. Once again, I don't like to bore you, but do you remember a couple of years ago the Kingfish when he was going from one end of the city to the other with "Vote for Curley. Curley gets things done." There is a little park out in Oak square and all we need is about \$1.50 of seed. Friday is Memorial Day. There are probably 2,500 names of veterans there, and we cannot get \$25 for seed for that park. I would like to know what the hell the Fire Department wants \$2,400 for when we cannot get \$25 for seed for the beautification of a Memorial Park.

Coun. KEENAN—B-18. That is for cleaning?

President KELLY—Cleaning services.

Coun. KEENAN—Does that mean, Mr. President, sheets and pillow slips?

President KELLY—Cleaning and laundry.

Coun. KEENAN—Do I understand at the present time the Fire Department members are taking home their sheets to remove dirt and their pillow slips and a few other things? I think it would be a good item to leave in. It is such a small item in there. Give it to the Fire Department rather than have them take home their sheets and pillow slips as it has been done in the past. It is such a small amount.

President KELLY—The question is on the recommendation of the Executive Committee to cut the amount \$2,400, and the Clerk will call the roll.

The motion to cut B-18 by \$2,400 was lost, yeas 7, nays 8:

Yeas—Councilors Bayley, Chase, Madden, Moriarty, Russo, Scannell, Sullivan—7.

Nays—Councilors Carey, Fish, Hannon, Hurley, Keenan, Kelly, Linehan, McCormack—8.

Coun. MORIARTY—I am going to ask reconsideration on that item.

President KELLY—Councilor Moriarty asks for reconsideration. Talking on reconsideration, Councilor Moriarty.

Coun. MORIARTY—Mr. President, a short time ago I had occasion to talk with a group of firemen regarding the laundry services in the Fire Department. They were not much annoyed to find that the money had expired and there was the possibility of no new appropriation for this service being submitted. It did not annoy them one whit to know that they might have to do their own service. As a matter of fact, one fellow out my way took it upon himself to contact many firehouses to get this service done by the firemen on their own to pay him a certain fee for pillow slips and sheets. In view of the benefits that they have derived through legislation and future benefits contemplated, that is, the pay raise equal to the Police Department—they both enjoy them—they saw fit not to be annoyed at the elimination of this item in

the budget. Therefore, Mr. President, I think it is a worthy cancellation from the Fire Department budget and I hope and respectfully submit to this Body my thoughts in the matter, that they wipe out the entire cleaning service from the budget.

Coun. RUSSO—Mr. President.

Coun. HURLEY—Mr. President.

President KELLY—The question comes on reconsideration. Councilor Russo.

Coun. RUSSO—In cutting the appropriation, I have in mind that his Honor the Mayor made a statement some time ago when he said that there would be no more sleeping in firehouses. After all, firemen are now working on a 48-hour basis and having that in mind, I don't see any reason why this appropriation should be let alone. They are getting a 48-hour week, and I think they are well justified in receiving the 48-hour week. However, I don't think it would be justified to be allowed sleeping quarters in any firehouse in our department. I hope this item will be stricken out.

President KELLY—Talking on reconsideration, Councilor Hurley.

Coun. HURLEY—They set up the working schedule of the firemen at 14-hour days and 12-hour days. Is that right?

Coun. BAYLEY—Two 10-hour days.

Coun. HURLEY—Two 10-hour days, and the commissioner decided to leave the beds in the Fire Department for men on duty 14 hours whether night or day. This is a small amount, and surely you would not want these men in the Boston Fire Department rushing home every morning after sleeping in a bed and carrying their sheets and pillow cases or blankets home so that their wives would have to wash their linen. I think, Mr. President, this is a small thing in not causing inconvenience to the firemen and to their wives on rushing home with this linen that they may be sure their husbands are sleeping on clean beds.

Coun. KEENAN—Mr. President, I understand that the members of the Boston Fire Department are working on the 48-hour week, and I understand the newly-appointed members of the Fire Department, temporary employees, are on a 70-hour week. As long as they are going to keep the beds there, regardless of the 70 hours or 48 hours, I think it is darned nice to come back in the middle of the night in the wintertime and to crawl into a nice, clean, warm bed and I think the \$2,400 should be left in there rather than, as Councilor Hurley said, bringing the sheets and pillow cases home to their wives and have them do the extra work.

Coun. MADDEN—Mr. President, at first I was opposed to this, but I happen to remember the admonition of my own brother. My own brother has been in the Fire Department for about 25 years, and I asked him some time ago about that suggestion of the Mayor to have the beds out of the fire stations, and he said it was not a question of being lazy, but in taking them out it would be positively cruel. It would be cruel because there are many firemen who are very sincere and very conscientious and will go in to fight a fire, and the kid brother said the men who actually do the fire fighting—they have fire fighters and fire fakirs, men in uniform who have not got the guts to fight a fire, and won't unless you prod them. In every department there are a certain number of men who do the work. I am informed on reliable authority given to me from a real fireman, and I think my brother Joe is a real fireman, and he has been on many years, that many, many nights they come home in a fog. You probably read where a boy was killed in Allston about a month ago. My brother fell through the floor with that kid and was gassed. It does not make any difference to me one way or the other, fellows, and I don't want to impose on you, but I think on that authority, many, many times a real fireman, the man who does the fighting, when he comes back he is groggy from smelling smoke, and if he did not have a bed to lie down on, they would probably have to take him to a hospital.

Coun. RUSSO—I would like to ask a point of information. There seems to be a conflicting opinion in regard to the beds now being used in the Fire Department. Do I understand that the provisional appointees work more than 48 hours a week?

President KELLY—I understand 68 hours, councilor, for the temporary employees.

Coun. RUSSO—The temporary employees, 68 hours a week.

President KELLY—That is my understanding. Coun. RUSSO—How many hours a day do they work?

President KELLY—I don't know what the day's schedule is, but I know what the hours are at the end of the week, 68 at the end of the week.

Coun. RUSSO—I would like to get this information in order to make up my mind and in order to cast my vote, and know I am casting my vote in the right direction. When I stated his Honor the Mayor made that statement some time ago, I had that in mind. I have been given to understand the temporary employees work 68 hours a week, and they work Sundays, 24 hours a day. If that is so, I would like to have that information if anyone knows.

President KELLY—I understand they have one 24-hour day a week and one 16-hour.

Coun. RUSSO—Are these the men, Mr. President, for further information, who would use these beds in the firehouses?

President KELLY—I understand they do when they are on 24 hours. Naturally they would have to use a bed.

Coun. RUSSO—Then I would change my vote, if that is the definite answer.

President KELLY—The question is on reconsideration.

The motion to reconsider was carried, and the question came on cutting B-18 by \$2,400.

Coun. CHASE—Mr. President, is this with reference to the item of laundry and cleaning?

President KELLY—Yes, councilor.

Coun. CHASE—When you say cleaning, Mr. President, do you mean like cleaning coats, dry cleaning?

President KELLY—Well, no. We call cleaning, councilor, blankets, sheets and pillowcases.

Coun. CHASE—Mr. President, the reason I asked the question is because some few months ago I received an anonymous letter from some one who apparently did business with the city in a prior administration, and I was told in that letter, Mr. President, believe it or not, under this administration it costs twice as much for the cleaning of firemen's clothes as it does policemen's, or something to that effect. I checked in the Auditor's office and I found that was so. I could not quite understand why it should cost so much more for firemen than for policemen. Secondly, Mr. President, I also found under this administration the contract for cleaning work on firemen's pants was charged twice as much as by the contractors who received it during the prior administrations. That is something I could not understand, either, Mr. President, the word "cleaning" is pretty broad. It could include cleaning of drapes and clothes.

President KELLY—This is the cleaning, councilor, contractual services that would include laundry and cleaning.

Coun. CHASE—Frankly, Mr. President, in view of the fact that some months ago it was called to my attention that those are excessive bills as far as the Fire Department is concerned, I see no reason why we should not reduce this item. As a matter of fact, there was a cartoon in the Boston Herald on the matter as to how much more it cost to clean firemen's pants than it did the policemen's. So I see no real reason, Mr. President, in view of what has transpired in the past why we should not reduce this item.

President KELLY—The motion is on the committee's recommendation that Item B-18 be reduced \$2,400 and the Clerk will call the roll.

The motion to reduce B-18, \$2,400, was lost, yeas 4, nays 9:

Yeas—Councilors Bayley, Chase, Moriarty, Sullivan—4.

Nays—Councilors Carey, Cook, Fish, Hurley, Keenan, Kelly, Madden, McCormack, Russo—9.

Present—Councilors Linehan, Scannell—2.

President KELLY—The question now comes on the passage of the various appropriations as amended, and the Clerk will call the roll.

The appropriations as amended were passed, yeas 15, nays 0:

Yeas—Councilors Bayley, Carey, Chase, Cook, Fish, Hurley, Keenan, Kelly, Linehan, Madden, McCormack, Moriarty, Russo, Scannell, Sullivan—15.

Nays—0.

4. Report on order (referred March 10) asking information as to expenditure of \$5,000,000 loan for off-street parking—that same ought to pass.

The report was accepted, and the order was passed.

5. Report on order (referred January 20) that Mayor direct department heads to make arrangements for "On the Job" training for veterans—that same ought to pass.

The report was accepted, and the order was passed.

6. Report on order (referred April 14) re seeding small park in Oak square—that same ought to pass.

The report was accepted, and the order was passed.

7. Report on order (referred May 27) re erection of incinerator on Albany street—that same ought to pass.

The report was accepted, and the order was passed.

8. Report on message of Mayor and order (referred May 20) that officials of Retirement Board increase minimum retirement benefits paid to members of retirement system—that communication be placed on file.

The report was accepted, and the communication was placed on file.

9. Report on ordinance (referred December 30, 1946) concerning salaries of department heads and officials—that same ought not to pass.

The report was accepted, and the ordinance was rejected.

USE OF CITY-OWNED AUTOMOBILES.

Coun. LINEHAN offered the following:
Ordered, That, pursuant to the Finance Committee's recommendations of May 21, 1947, relative to City of Boston owned automobiles, the following provisions be adopted through his Honor the Mayor:

1. Keep an official list of the City of Boston owned automobiles and the assignment of them.

2. Adopt uniform registration of City of Boston owned automobiles.

3. Display the "City of Boston" label or other City of Boston designation, and also a designation in words by which department such automobiles are used on each side of such City of Boston owned automobiles.

Coun. LINEHAN—Mr. President, I think the report of the Finance Commission relative to the subject matter at hand is a pretty good one. They realize they cannot do much about the use of city-owned automobiles, but they make recommendations as to what should be done, and I think I have some of the recommendations enumerated in this order. I find myself surprised we have not a simple agency to find out just what automobiles are owned by the city, just who is using them, and so on, and I hope his Honor the Mayor will have some procedure as outlined in this order. I hope the Council will go along 100 per cent on it.

Coun. COOK—Mr. President, I am in favor of the order, but I disagree with the previous councilor as to saying the Finance Commission's report is a good one. The Finance Commission has powers that this Council does not have, and when they say that they can't find out about the control of city cars, and say further it is only by canvassing the departments that any such information can be compiled, it seems to me that they are derelict in their duties in not using the money and their powers in canvassing the departments and to give us a true answer to find out how many cars there are, who is using them, and for what purpose. Too many times the newspapers take up the Finance Commission's reports holding the Council up to ridicule, and the answer, Mr. President, which is a justifiable and a true one, is that we have not the power to make these department heads give us the answer we want. The Finance Commission has that power by statute, and to come back with an evasive report like this and say they cannot find out is an admission of negligence and dereliction of duty on their part. I, for one, would like to be on record to say the Finance Commission ought to put out a report that the City Council could use, a report made in accordance with the power that they have. I hope this order is passed, and I hope the Finance Commission takes steps to make sure that this situation is rectified, as it is within their power to do.

Coun. LINEHAN—Mr. President, I did not mean to say, if I did, that they made a good report and a good investigation. I merely said I thought their recommendations are good ones. As a matter of fact, to my mind they are so good I am incorporating them in this order. I agree with the gentleman from Ward 12 (Councilor Cook) that the Finance Commission really has not done much work, but at least they have made recommendations which I sincerely hope the Mayor will adopt in the near future throughout the city departments.

Coun. BAYLEY—Mr. President, I agree with all the distinguished councilors have said before. They have made good recommendations, but I feel they have been derelict in their duties also. They have been asked by both this Council and the Mayor to find out what is happening. They have been asked to investigate and bring back a report. There was an allowance of \$50,000 for them. They have enough to investigate, so let us have an investigation and let them bring back an answer yes or no.

Coun. CHASE—Mr. President, I don't think we can conclude by this present report of the Finance Commission that it is a final report. I think it is a reasonable assumption that it is a tentative report, and I see no reason why we should be taking the commission to task about it. It is only a week ago that this matter was called to their attention, and they apparently have seen fit to make this tentative report, and so far I consider it a very good one. I believe, Mr. President, the charges I made in the Council last week—it was not any story I personally made up. You will recall, Mr. President, I said on the floor of the Council that I heard certain reports, and then I asked the Council to request the Finance Commission to investigate those reports and also to inquire into the necessity of the use of high-priced limousines instead of medium-priced cars. The Finance Commission, Mr. President, if you will read page 1, states in part: "The commission is not unaware of the rumors and gossip with reference to the misuse of city-owned automobiles." From this statement here, Mr. President, I believe it is reasonable for me to say that the Finance Commission, too, must have heard of the rumors and stories that were called to my attention. Again, Mr. President, the Finance Commission in its report states on page 4: "The city adopted the above-quoted ordinance many years ago because charges of unauthorized use of city cars were then very frequent. Similar charges again are numerous." I assume by that statement, Mr. President, that the Finance Commission has had its attention called to the charges of unwarranted and improper use of city automobiles—not only the charges I made in open Council, sir, but charges from other persons. I assume, Mr. President, that the Finance Commission will continue to inquire into the use of automobiles owned by the city and I, for one, Mr. President, owe a vote of thanks to the Finance Commission for calling to the Mayor's attention the fact that the Finance Commission has heard many stories of improper use of cars and also that they recommend to him the advisability of adopting the proposal of closely following the ordinance as suggested by the councilor from South Boston.

Coun. HURLEY—Mr. President, talking about

the Finance Commission report here, there is not much evidence uncovered to back up the charges made by the councilor from Ward 4 (Councilor Chase). I think they get about \$50,000 a year in our budget to check and investigate the city finances or the misuse of such vehicles or funds. The councilor says that he has received certain anonymous letters. If I had received a letter, I wouldn't know the contents of it.

Coun. CHASE—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. CHASE—I want to correct the gentleman.

President KELLY—Will you yield to Councilor Chase?

Coun. HURLEY—When I am through, I will yield to let him correct me.

President KELLY—Councilor Hurley.

Coun. HURLEY—It is a habit I have—that I think every councilor or any man holding public office in the Council should have—to tear up anonymous letters without reading them. Any man in public office, Mr. President, in the course of a year receives many anonymous letters, and I make it a practice always before I read the letter to look for the signature, and when I don't see the signature, I tear up the letter and throw it in the wastebasket, and then I have no headaches. We know there are many cranks, and I think it has been proven in this Body in the past few months there is pettiness and meanness in anonymous letters. People will write letters to us, dirty, filthy, sneaky individuals that have not got the courage to sign their names to a complaint. That is why I always made it a policy when I don't see the signature at the bottom of the letter to tear it up and throw it in the wastebasket, and this will also serve as a warning to people who hear about this that it is just silly to write an anonymous letter to me. But, as I said before, notwithstanding the charges, probably some crank—yes, it could be someone very much opposed to the administration, it could be someone that thought he should have more—would send in an anonymous letter, who had not the guts, not the courage or the manhood to put his signature after the body of the letter. Oh, Mr. President, you and I and other members here know what men in public office go through with anonymous letters, and the dirty, rotten part of it is that it is not always to us but to our wives and to our mothers and our sisters, getting those dirty, rotten, contemptible, filthy letters from dirty rats that would not put their names on them. I know on one occasion a councilor's wife was sick in the hospital, and I walked a nurse and passed her an open card with the dirtiest, the lowest, the filthiest language on it, to a woman lying between life and death, and thinking of the councilor, to have some dirty rat write a letter to his wife like that. Mr. President, we should pay no attention to a person who will not sign his name to the body of a letter. As I stated before, the councilor from Ward 4 stated that this was an anonymous letter. Of course, if it was to me you would not have heard about it, because I would not have read the letter, but that is the type of people who are writing anonymous letters, the type that would write a letter like that to the councilor's wife when she was just like that (indicating) between life and death. I saw the card and I blushed to think of this good woman having to look at that filthy, rotten card that was written by some dirty—I don't want it in the record what I would call that man or that woman that would stoop to do a dirty, filthy trick like that. That is the type that writes those letters, and in our case they will write that type of letter that went to that councilor's wife. Why, in the open they would not dare to sign their names, they would not dare to come face to face with the councilor or his wife and make reference not only to that councilor but to another councilor in here, and that particular letter, although it was written in good English, was the language of a rat. Please, members, if I think we will have less headaches if you will follow my policy when you get those letters, and if they discourage the senders from sending them if they know you don't read them. Let it be known that, before you read a letter from anyone, you look for the signature on the letter and the address. That is all, Mr. President.

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Linehan.

Coun. LINEHAN—Mr. President, I don't want it to look as if I am filing this order because of any anonymous letters. On many occasions in the last three or four months I look the floor to disagree with members of the Council—

Coun. HURLEY—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. HURLEY—I am making only one short statement.

President KELLY—Councilor Hurley.

Coun. HURLEY—I approve of this order.

President KELLY—Councilor Linehan.

Coun. LINEHAN—Ever though we have had a long discussion that had no part in this order, I will say this—I don't say the order filed by the gentleman from the Back Bay relative to this investigation was of no use. I find it was of use because it informed me of the fact that there is a city ordinance which requires city-owned cars to be painted a uniform, distinctive color, bearing on each side the words "City of Boston" and also a designation in words showing by which department

such automobiles are used. No such practice is uniformly maintained. Most city cars are in standard black, because the city usually buys cars of that color, but most of them have no City of Boston label or any other designation. If we did nothing by the adoption of this order but have put in effect by the Mayor of Boston the ordinance that has been on our books, the filing of the order by the gentleman from the Back Bay will be of avail.

Coun. CHASE—Mr. President, I want to say this—the order which I filed last week was not the result of an anonymous letter. I did not speak, Mr. President, as of my own knowledge. I refer you to the minutes of the meeting of last week. If you will recall, Mr. President, my order specifically said that the Boston Finance Commission be requested to investigate the reports of the wrongful use of city-owned automobiles and to inquire into the necessity of the use of high-priced limousines instead of medium-priced cars. Mr. President, I was prompted to file this order because I received reports from an individual, a responsible person, and I, sir, in my capacity as City Councilor, feel that I have a right to get on the floor and inform the Council that certain reports have been called to my attention and to request the Council to have the proper investigating body investigate. We spend \$60,000,000 a year annually. God only knows, Mr. President, how many hundreds of thousands of dollars, how many millions of dollars, could be saved the taxpayers if we were on the alert. The Finance Commission has come out inside of five days and has given us a tentative report. They admit, sir, there is something wrong in the system, in the control of automobiles, and they admit, sir, that the Finance Commission has been aware of the reports of the wrongful use of city automobiles. I don't like to see the gentleman from Roxbury try to draw a red herring through this issue. This request of mine is not based on any anonymous letter, and there has not been a day gone by, Mr. President, that I have not received telephone calls or actually written letters signed by people with their addresses from different parts of the city informing me, Mr. President, of the specific cases of the illegal use of city-owned automobiles. I assume, Mr. President, the Boston Finance Commission over a period of years has had similar complaints called to their attention. Yet, Mr. President, I went to the extent of calling to your attention the reports that I heard. I did not say, Mr. President, that I saw, or that I received an anonymous letter which prompted me. I said I received reports, and I say today, sir, everything I said on the floor of the Council last week is based on the report given to me by a responsible citizen of this Commonwealth, a well-known citizen of this Commonwealth, one in whom I, as a member of the Boston City Council, have the utmost confidence and belief that what he says is true. Because of those reports to me, sir, I requested this investigation, and I think the Finance Commission has given a good tentative report. I don't think that I, as the one who was prompted to request the investigation, should criticize the Finance Commission for the report which they have given us which makes us aware that the city is being subjected to the wrongful use of automobiles. They have called to our attention, sir, a city ordinance which today is being violated and has been violated for some time. Bearing in mind, sir, there are hundreds of city-owned automobiles, how many of them are carrying the city seal and, specifically, what department is using it? You and I know, sir, there are many large limousines touring this city. Whether or not they are being used for city service, we don't know. As a matter of fact, tomorrow or even tonight you may witness a big Buick rolling up the street with some city official in it, and yet, sir, you would not know if that was a city car. Why? Because that car is rolling the streets without complying with a city ordinance which says it should have the City Seal and be of a certain color. If I remember correctly, his Honor the Mayor apparently told the newspaper reporters last week that he would not insist on full compliance with this ordinance or something to that effect; at least, he indicated he was not going to insist on compliance. Mr. President, that does not surprise me. Just go back over the years and see how many times his Honor the Mayor has committed a breach of the law. I personally, Mr. President, give the Finance Commission a vote of thanks for the recommendation they have given to the Mayor.

Coun. HURLEY—Mr. President, in the communication I have before me from the Finance Commission it says, "The Commission desires to reply both to you, meaning the Mayor," and to the City Council that under the circumstances existing in respect to the city automobiles it is impossible at the present time to obtain the complete facts on either of the points mentioned in the above order."

Coun. CHASE—"At the present time."

Coun. HURLEY—Mr. President, if what the councilor from Ward 4 says is a fact and he has received this information, authentic information that he has talked about from a certain person or that he has received a signed letter or that he has talked to him on the telephone and knows the voice and knows him to be that party, if he has turned this information in his possession over to the Finance Commission, I think even at the present time the Commission would not be writing a report until it had investigated this matter thoroughly. If the councilor has turned this informa-

tion over to the Finance Commission, the Finance Commission is not entitled to \$50,000, writing worthless reports and not spending the money appropriated by this Body to the right advantage. It sounds silly. Here is an investigating body set up by the State to look after the funds of the City of Boston, and an elected official of Boston makes complaint and turns over the information he has, whether it was a talk with John Doe or a letter from Richard Roe, or a telephone conversation with someone else, and before this information that he has turned over to the Finance Commission has been investigated thoroughly, they write back a report such as this, not worth the paper it is printed on. Something is wrong, either the Finance Commission is dead wrong in their investigations or else, and I don't believe it, the councilor is not telling the truth. I believe he is, and I lay the entire blame on the Finance Commission. Mr. President, I think the Finance Commission should be censured if the facts are as stated by the councilor, and if this is the type of report we get back, no more attention should be paid to them.

Coun. COOK—Mr. President, I am sort of glad I opened up this subject. The councilor from Ward 8 (Councilor Hurley) has said what I would have liked to have said. The Finance Commission admits on its first page that it is not unaware of the rumors and gossip with reference to the misuse of city-owned automobiles. Therefore, I would like to point out to the councilors who are zealous in praising them that they should not have waited for this order. They are supposed to be the watchdogs of the city treasury. Secondly, where the City Councilor has just admitted that he did not have an anonymous letter or call or message, that he had definite people who had definite facts to give him which was what caused him to bring the matter before the Council, why, it seems to me any rookie policeman in two days could check on the rumors with reference to the use of city-owned automobiles by an assistant censor. In the papers that charge has been answered; at least, the person accused has denied she has ever ridden or used a city-owned automobile, and unless this person who started the report or the rumor is afraid to come forward to substantiate the report, that first statement must be taken as the truth. With reference to the use of a car to drive to Florida, if the one who gave the report to the councilor knew about it, one way to find out if it is true is to call up the department head and ask him, "Did you go to Florida?" and if he said, "Yes," ask, "Did you use a city-owned car?" If he said, "No," it is easy to check. All you have to do is to find out where he stayed in Florida and find out the registration of the car that was there. That is why I say the Finance Commission is wasting our money in giving us these reports, and the only reason they gave us this report is to get in on the act. They have been doing an act ever since they have been in business to justify their existence. With all their reports, nothing ever came out of them except criticism. The only thing that was ever done concretely happened either from the Executive office or from the Council. I stand on my original criticism of the Finance Commission. They sent out a report that does not answer specifically what they were asked to do, especially when they have the appropriation and the power and the means to do it where the Council has not. I hope the order is passed without any further discussion.

Coun. CHASE—Mr. President, I see no necessity of criticizing the Finance Commission to the extent it has been criticized. I have been many years in this city government, and I can say for one God help the City of Boston if we did not have the Boston Finance Commission. There would be more loot and plundering of the taxpayers than what is going on now if it was not for the Finance Commission. I know this, Mr. President, if what the Finance Commission has said is true, that the status of automobiles in the city is in such a hodgepodge that no one knows where they are, and we know there are hundreds, there is no use recommending to the Mayor that he straighten it out and that he get it in shipshape just like a business would, so that you could put a finger on each car, know where it is assigned and who uses it, when probably the Finance Commission could make an intelligent report. But I, for one, don't expect the Finance Commission in four or five days to come back with a report of findings of the use of every automobile in the city service when they can't put their fingers on the automobiles. If you read the report in its entirety, you can readily appreciate it would be a job. In their concluding paragraph, they say, "The number of city passenger cars is now in the hundreds. Obviously, therefore, it is impossible for the Finance Commission to report on past 'wrongful use of them.' The Commission believes its time can be used to better advantage in developing a means of preventing such use. To do so, or to give opinion on whether or not an employee needs this type or that, the list and control of city-owned cars must be established. That is the responsibility of the Executive head, the Mayor of the city, and the Finance Commission recommends that he take that step." Mr. President, when this city ordinance was called to his Honor the Mayor's attention last week, if I remember the reports of the newspapers correctly, he informed the press that he did not propose to enforce the city ordinance, and if he does not propose to enforce the city ordinance, how in God's world are you going to have an intelligent check on the use of these cars?

The order was passed under suspension of the

CHAIN-LINK FENCE, DORCHESTER PARK.

Coun. KEENAN and FISH offered the following:

Ordered, That his Honor the Mayor be requested, through his Honor the Mayor, to erect a chain-link fence on the Dorchester park property along Adams street.

Passed under suspension of the rules.

RENAMING NEW FIREBOAT "JOHN P. DOWD."

Coun. BRYAN and McCORMACK offered the following:

Ordered, That his Honor the Mayor be requested to retain the name of "John P. Dowd" by re-naming the new fireboat the "John P. Dowd" when it is placed in commission, in order to perpetuate the memory of John P. Dowd, an outstanding hero of World War 1.

Passed under suspension of the rules.

Adjourned, on motion of Councilor Fish, at 7.02 p. m., to meet on Monday, June 2, 1947, at 2 p. m.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town policy, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

1943 GREAT LAKES COAL AND GRAIN TRAFFIC.

For the 1943 season of navigation, through December 4, coal forwarded to Great Lakes docks from American ports on Lake Erie totaled 45,518,603 tons, according to a report by Solid Fuel Administrator Ickes. This was 1,858,604 tons less than in 1942, the report said. Lake navigation began a month later than it did in 1942 and strikes in the coal producing areas in May and June and in October and November temporarily reduced the flow of coal toward the Lake Erie ports. Coal received at American docks on Lake Superior, according to the report, totaled 11,111,625 tons in the 1943 season of navigation, 15 per cent above the 9,823,000 tons received there in 1942. The 1943 total, it said, exceeded the season's quota by more than 300,000 tons.

War Food Administration officials expressed the opinion that final figures would show a total of 190,000,000 bushels of grain moved via the Great Lakes to northeast ports for domestic consumption in 1943. This was greatly in excess of the 135,000,000 bushels set as the year's quota. The War Shipping Administration said that the larger quota had been set in view of added facilities to be available in 1944. These included thirteen vessels returned to the Great Lakes from ocean service by the W. S. A. and the completion by November 30, 1943, of sixteen new ore carriers for the Maritime Commission, all of which would be available for Great Lakes transportation in 1944.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR ASPHALT TENNIS COURT SURFACING ON TENNIS COURTS AT FALLON FIELD AND MARY DRAPER PLAYGROUND, WEST ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for asphalt tennis court surfacing and repairs to clay tennis courts at Fallon Field and Mary Draper Playground, West Roxbury, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Asphalt Tennis Court Surfacing on Tennis Courts at Fallon Field and Mary Draper Playground, West Roxbury, Mass.," and left before 2 o'clock on Thursday, June 12, 1947, at the office of the Park Department with a certified check for \$1,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOSEPH LEE,

(May 31-June 7.)

Commissioners.

CIVIL SERVICE EXAMINATIONS.

NOTE:—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

STATISTICAL MACHINE OPERATOR (KEY PUNCH), BOSTON AUDITING DEPARTMENT, JUNE 28, 1947.

Last date for filing applications, Monday, June 9, 1947, at 5 p. m.

Salary: The minimum salary is \$1,400 a year; the maximum salary is \$2,100 a year.

Vacancies: At present there are five vacancies for females, to be filled on a permanent basis.

Duties: To operate, accurately and speedily, the following Remington-Rand machines: Model 3 Alphabetic-Numeric Punch; Numeric Portable Punch; Model 3 Alphabetic-Numeric Interpreter; to manually verify punched cards; to file punched cards in proper numeric or alphabetic sequence; to verify accuracy of final pay rolls; and to perform related work as required.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ROOFING CONTRACTORS.

INVITATION FOR PROPOSALS FOR ROOFING AND METAL WORK AT THE LONGFELLOW SCHOOL, SOUTH AND HEWLETT STREETS, ROSLINDALE, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for roofing and metal work at the Longfellow School, South and Hewlett streets, Roslindale, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, June 18, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,

Superintendent of Construction.

(June 7.)

Subjects and Weights: Training and experience, 2; practical questions, including practical tests in the operation of Remington-Rand key-punch and interpreter machines, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ASPHALT PAVING CONTRACTORS.

INVITATION FOR PROPOSALS FOR REGRADING AND LAYING ASPHALT SURFACE AT THE SITE OF THE EMILY A. FIFIELD SCHOOL, DUNBAR AVENUE, DORCHESTER.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for regrading and laying asphalt surface at the site of the Emily A. Fifield School, Dunbar avenue, Dorchester.

Proposals will be received until 12 o'clock noon, Wednesday, June 18, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Superintendent of Construction.

(June 7.)

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

CIVIL SERVICE EXAMINATIONS. LABOR SERVICE.

PRACTICAL TEST FOR LIFE GUARDS.

Salary: \$5 to \$5.50 per day.

Vacancies: There are several vacancies to be filled for state service and in municipalities where lifeguards are employed.

Duties: To keep watch, maintain order, and safeguard lives at state or municipal beaches or swimming pools; to rescue bathers who are in danger, and prevent drownings and mishaps; to give first aid and to assist in the resuscitation of rescued bathers; and to perform related work as required.

Exceptional skill in swimming is necessary, as well as a thorough knowledge of approved methods of first aid and resuscitation.

Entrance Requirements: Persons who wish to apply for these positions must register by filing application at the Division of Civil Service, State House, Boston, or at the office of the Labor Registration Clerk in the city or town. Only citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application have a right to apply. An applicant for city or town service must have domiciled in the city or town for which he is applying for six months next

preceding the date of filing application. Persons already registered for the Labor Service need not file a new application, but should call at the office of the Division of Civil Service or at the office of the Labor Registration Clerk and add the rating of lifeguard if they have not already registered under this rating.

Practical Test: Two hundred-yard swim; cross chest carry and lift; hair carry; front strangle; back strangle; wrist grip; float victim; resuscitation.

Notice of the time and place of the practical test will be sent to those having applications on file.

Physical fitness to be determined by physical examination.

Applicants must have visual acuity of at least 20-50 in each eye separately, without correction.

Names of those who qualify in the practical test and who pass the physical examination will be registered in the order of the date of application on the eligible lists for these positions. Names of veterans will be placed on the eligible lists above the names of all other applicants.

Labor Registration Clerks: Carl O. Larson, Town Hall, Arlington; Thomas H. Scanlon, Health Department, City Hall, Beverly; Mary Connolly, City Hall, Brockton; Arthur A. O'Shea, 55 Prospect

street, Brookline; Mildred G. Hayes, City Hall, Chelsea; Helen Tremblay, City Hall, Chicopee; Mrs. Florence L. Robertson, City Hall, Everett; Mrs. Mary V. Simmons, Town Hall, Easthampton; Lorenzo E. Savard, 235 Pocasset street, Fall River; Ruth Proctor, City Hall, Fitchburg; Alice Fall, Auditor's Office, City Hall, Gloucester; Mary Griffin, City Hall, Holyoke; Genevieve F. Vogt, City Hall, Lawrence; Alphee Achin, Hildreth Building, Lowell; Mary Shanahan, City Hall, Lynn; Mae Welch, City Hall, Malden; Beatrice Grenier, City Hall, Marlboro; A. A. Lucey, City Hall, Medford; Emma Duggan, Town Hall, Methuen; William J. Carter, Municipal Building, New Bedford; Andrew Prior, City Hall, Newton; Doris McConnell, City Hall, North Adams; John P. Mahoney, Old High School Building, 219 Main street, Northampton; George V. Murphy, Old Age Assistance, City Hall Annex, Peabody; Elizabeth White, City Hall, Pittsfield; Dorothy O'Brien, Auditor's Office, City Hall, Quincy; M. Elizabeth Person, City Hall, Revere; Oliver J. Lanoue, Town Hall, South Hadley; Frances M. Beglane, City Hall, Springfield; Edith Arnold, City Hall, Taunton; Leo Hinchey, City Hall, Waltham; John J. Murphy, Almoner, City Hall, Westfield; Mrs. Annie B. Proulx, City Hall, Worcester.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR CALKING, POINTING AND WATERPROOFING AT THE HIGH SCHOOL OF PRACTICAL ARTS, GREENVILLE AND WINTHROP STREETS, ROXBURY, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for calking, pointing and waterproofing at the High School of Practical Arts, Greenville and Winthrop streets, Roxbury, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, June 18, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RENEWING HIGH CURBS ON THE CHARLESTOWN BRIDGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for renewing high curbs on the Charlestown Bridge. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Renewing High Curbs on the Charlestown Bridge," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, June 18, 1947, with a certified check for two hundred fifty (250) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SURGICAL DRESSINGS.

The Supply Department of the City of Boston invites proposals for furnishing surgical dressings for city departments, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Surgical Dressings."* *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Wednesday, June 18, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(June 7.) Superintendent of Supplies.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

CONSTRUCTION OF VETERANS' HOUSING DEVELOPMENT.

The City of Boston, acting by and through the Boston Housing Authority, pursuant to the provisions of chapter 372 of the Acts of 1946, will receive sealed bids for the construction of veterans' housing development located in the East Boston district, City of Boston, Mass., until one o'clock p. m., Eastern Daylight Saving Time, Friday, June 20, 1947, at the office of the Boston Housing Authority, 19 Post Office square, Boston, Mass., at which time and place all bids will be publicly opened and read aloud. A duplicate copy of the proposal, without bid security, shall be left with the City Auditor previous to the time named for opening of bids.

The successful bidder will be required to furnish a Performance and Payment Bond, as set forth in the specification.

Attention is called to the fact that not less than the minimum wage rates as set forth in a schedule contained in the specification must be paid on this project. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment.

Contract documents, including drawings and specifications, will be on file at the office of the Boston Housing Authority, 10 Post Office square, Boston, Mass., on June 10, 1947. Copies of the documents may be obtained by depositing \$10 in the form of a certified check or cash with the Boston Housing Authority, for each set of documents so obtained. The amount of the deposit will be refunded to each person who returns all the documents in good condition within 10 days after opening of bids.

Sub-bids will be taken on the following portions of the work:

1. Heating. 2. Lathing and Plastering.
3. Plumbing.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest so to do. The City of Boston also reserves the right to reject all bids of the sub-bidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

Cash, certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company, shall be submitted with each bid as follows:

1. By general bidders, in the amount of five (5) per cent of the Base Proposal.
2. By sub-bidders listed under Item 2 of the General Contractor's Bid Form in not less than 5 per cent of the sub-bidder's bid price.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Boston Housing Authority, and no bid of a sub-bidder shall be withdrawn prior to thirty (30) days from the opening of bids, without the consent of the Boston Housing Authority.

BOSTON HOUSING AUTHORITY.

154 BERKELEY STREET, MAY 27, 1947.

RULES AND REGULATIONS RELATING TO HACKNEY CARRIAGES.

In accordance with provisions of section 1, of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston are hereby amended by:

Striking out the first paragraph in section 30, under the subtitle "Taxicab," as appearing upon page 232 of said Rules and Regulations, and inserting in place thereof the following paragraph which shall read as follows:

"Section 30. The taxicab shall be equipped with a partition dividing the driver's and passenger's seats, and every taxicab shall have a taximeter of the size and design approved by the Police Commissioner, which shall be so located as to be easily read by the passenger in the rear seat."

All rules and regulations inconsistent herewith, are hereby repealed.

This amendment will take effect Wednesday, June 11, 1947.

THOMAS F. SULLIVAN,
(June 7.) Police Commissioner.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN GLENDALE TERRACE, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Glendale terrace, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Glendale Terrace, Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, June 20, 1947, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, JUNE 14, 1947.

No. 24

MAYOR CURLEY PAYS TRIBUTE TO FATHERS OF COUNTRY—EXTOLS THE VIRTUES OF HEADS OF AMERICAN FAMILIES AND CALLS ATTENTION TO SIGNIFICANCE OF DAY SET ASIDE FOR PATERNAL HONORS, TO BE PAID BY MEANS OF SPECIAL SERVICES IN CHURCHES—CALLS FOR A THOUGHTFUL KINDLINESS TOWARD INDIVIDUAL WHOSE EFFORTS TOWARD KEEPING THE HOME INTACT PROMPT HIM TO MAKE SACRIFICES THAT OFTEN GO UNNOTED BY THOSE WHO BENEFIT MOST.

On June 9 Mayor Curley issued the following brief history of "Father's Day" and its origin and observance:

Sunday, June 15, 1947, is Father's Day, which, next to Mother's Day, is an anniversary or day for affectionate remembrance. It is a day set apart, on which to honor fathers throughout the nation by special services in the churches and in other ways—not the least of which is a thoughtful display of kindness for dear old Dad in his own home.

The origin of Father's Day came independently in different parts of the country, and different days were chosen before there came to be a general agreement in 1934 on the third Sunday in June.

Jane Addams, famed throughout the world for her social settlement house activities in Chicago, approved the idea of the general observance of Father's Day in 1911 in the following words:

"Poor father has been left out in the cold. He doesn't get much recognition. But regardless of his bread-earning proclivities it would be a good thing if he had a day that would mean recognition of him."

Started in 1909.

Credit for the first suggestion, however, probably belongs to Mrs. John Bruce Dodd of Spokane, Washington. Mrs. Dodd conceived the idea in 1909 as a suitable tribute to her own father, who had successfully reared a family of children after the death of their mother.

She wrote to the Reverend Conrad Bluhm, president of the Spokane Ministerial Association, proposing that the third Sunday in June be set apart for honoring fathers. The association approved the proposal when it was submitted to its members, and the first celebration of the day was held in Spokane in June, 1910. Sons and daughters were asked to wear a red rose in honor of a living father, and a white rose if the father was dead. The celebration was successful, but knowledge of it did not immediately spread far.

A dispatch from Vancouver, Washington, in the Portland "Oregonian" for May 18, 1913, gives the impression that the people of Vancouver believed that the celebration of Father's Day originated there. The dispatch states that a suggestion made in the "Oregonian" in the previous year, by the Reverend J. H. Berringer, pastor of the Irvington Methodist Church, that the fathers be honored, was followed by special fathers' services in his church, thus establishing a custom which might "become a national one."

The Chicago discussion in 1911 produced no general observance of the day. In 1920 Harry C. Meek, president of the Uptown Lions Club of that city, was able to bring about the observance of a day in honor of fathers on the third Sunday in October. And in 1924 President Calvin Coolidge wrote to Mr. Meek:

"As I have indicated heretofore, the widespread observance of this occasion is calculated to establish more intimate relations between fathers and their children, and also to impress upon fathers the full measure of their obligations."

(Continued on page 735.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 63 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, June 23, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquises, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending June 7, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 171; nonresidents, 46; total, 217.

Death rate per 1,000 of population: All deaths, 14.72; nonresidents deducted, 11.60.

Death rate per 1,000 of population:

Last week, 12.42; corresponding week last year, 15.13.

Deaths by age periods, sex, etc.: Under one year, 8; one year to four years, inclusive, 1; sixty years and over, 127; Total deaths: Male, 127; female, 90; deaths in hospitals and institutions, 139.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR CURLEY PAYS TRIBUTE TO FATHERS OF AMERICA ON OBSERVANCE OF FATHER'S DAY, SUNDAY, JUNE 15, 1947.

(Continued from page 733.)

PRESIDENT WILSON'S ACT.

President Woodrow Wilson had antedated President Coolidge in recognizing Father's Day, for he pressed a button in Washington, unfurling a flag on the platform at a celebration in Spokane.

Mrs. Dodd, proud of her connection with the celebration, had already organized a Father's Day Association. Ten years after the first celebration in Spokane, Mrs. Walter Hamlet Burgess of Cheltenham, Pennsylvania, then a girl in Frewry's Bluff, Virginia, took out a charter for the National Father's Day, Incorporated, and registered the name in the United States Patent Office. She had never heard of any observance of Father's Day. When she learned of Mrs. Dodd's activities, she withdrew her claims to priority in establishing the day.

Before there was any widespread observance of the day, Mrs. Charlotte Kirkbride and Mrs. D. Carrie Sternberg of Philadelphia induced J. Hampton Moore, a representative in Congress from that city, to introduce a resolution in the House of Representatives, designating the first Sunday in June as Father's Day. This resolution did not pass; neither did a similar resolution introduced by Representative Bertrand H. Snell of New York.

A Father's Day of a different kind was observed on November 24, 1918, when, at the suggestion of the *Stars and Stripes*, the official newspaper of the American Expeditionary Force in France, the fathers at home wrote to their sons in the field, and the sons in the field wrote home. Arrangements were made for the delivery of the letters without delay. The war was over then, and delivery was possible without risk.

FLOWER EMBLEM.

While the rose is recognized as the appropriate flower for the day, a white lilac with a green leaf was worn at the celebration in Vancouver, Washington. The members of the Martin W. Callener Bible Class of Wilkesburg, Pennsylvania, selected the dandelion in 1924, as "the more it is trampled on the more it grows," but its use did not become general.

The confectioners have found Mother's Day profitable by offering candy specially wrapped as a gift. The tobacconists and haberdashers have likewise found profit in Father's Day by special sales of tobacco, cigars, and neckties, to be presented to the father by the sons and daughters.

Such is the history of Father's Day. It comes on Sunday next. The people of Boston will not forget Dad.

MAYOR'S CHARITY FIELD DAY PLANS.

A preliminary meeting of the committee appointed by Mayor James M. Curley to arrange for the Mayor's Charity Field Day to be held at Braves Field, Thursday evening, July 24, was held in the Mayor's office today.

An outstanding program is planned. It will consist of field sports, baseball game between two outstanding teams, band concert, stage show, fireworks, and military pageant. Several noted screen and radio stars will also be present.

One of the features will be the presentation of a 1947 model five-passenger automobile, an electric refrigerator, an electric washing machine, and several other prizes to the holders of lucky tickets.

Tickets will be ready for distribution in about a week.

Further meetings will be held to perfect plans for one of the best evening shows that will be held in Boston during the whole summer.

CHANGES IN FEE CHARGES.

The Mayor has approved the following request of the City Hospital Superintendent, Dr. James W. Manary:

BOSTON, April 28, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—At a meeting of the Board of Trustees held on April 25, a communication was presented from Mr. Charles J. Fox, Chairman of the Committee appointed by you to consider ways and means of increasing departmental revenues, recommending the following changes in the fees and charges of the Hospital Department:

Copies of clinical records, \$2, minimum fee, for each extra record, 35 cents, with a maximum fee of \$5.

Certificate of diagnosis and treatment, increase from 50 cents to \$1.

Board of paying patients, increase existing rates by \$1.

X-ray pictures, increase existing rates for regular pictures by \$2 and for bismuth series by \$5.

Mr. Fox states that in the opinion of the committee these changes may be made under the provisions of chapter 571 of the Acts of 1910.

The trustees voted to approve of these amended charges subject to your approval.

Sincerely yours,

JAMES W. MANARY, M. D.,

Superintendent.

FLAG DAY PROGRAM.

On Saturday, June 14, 1947, the City of Boston marked the observance of Flag Day. The observance of Flag Day was authorized by President William Howard Taft in 1909, as a result of a petition sent to the President by the Benevolent and Protective Order of Elks.

Each year proclamations have been issued by the President of the United States and the Governor of the Commonwealth of Massachusetts. In 1932, the City of Boston, James M. Curley being Mayor, sponsored the first municipal observance of Flag Day in Boston, and these observances have been held every year since 1932.

The exercises this year consisted of a parade originating in Copley square. This parade included various units of the armed forces and the Firemen's Band of the City of Boston. The parade terminated at the Parade Grounds on Boston Common, where suitable exercises were held to honor the emblem of our country. These exercises closed with benediction, the lowering of the flag on Boston Common, and the National Anthem.

There was an invocation offered up by a representative of His Excellency, Richard J. Cushing, Archbishop of Boston. The program featured greetings from the Commonwealth of Massachusetts and from the City of Boston. The main address of the occasion was delivered by Jackson Holtz, the State Department Commander of the Jewish War Veterans.

Included also were musical selections by Miss Marion Mulhall and the band.

His Honor the Mayor is in receipt of a poem written for the occasion by Frank Mullen, of Hyde Park, which was incorporated in the printed program and is entitled "Old Glory."

HEALTH DEPARTMENT COMPLAINS OF VANDALISM AT HEALTH UNITS.

The following letter was received on June 5 by his Honor, Mayor James M. Curley:

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—The Health Department is faced with the responsibility of replacing glass which has been broken in the various Health Units throughout the city, apparently by children in the teen-age group.

I have just received an estimate of approximately \$400 for replacing glass at the Whittier Street and Charlestown Units. There are also several of the other units which require attention toward the replacement of windows.

I have requested the custodians of the units to use every effort to protect our property and have also issued instructions that signs be posted pertaining to this particularly destructive procedure. Police Commissioner Sullivan has also been informed of this destructive practice.

It seems to me that the youth of the City of Boston should have a keener appreciation of the value of Health Units to the well-being of infants and children, as well as adults, and accordingly should be more mindful of the effort which the municipality expends in order that they may develop into valuable citizens.

Very truly yours,

JOHN H. CAULEY, M. D.,

Health Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 24-inch, 18-inch and 15-inch pipe surface drain, and a 12-inch and 10-inch sanitary sewer in private land (north side of Veterans of Foreign Wars Parkway), between Brookline line and 60 feet east of Independence Drive, in the West Roxbury district, at an estimated cost of \$24,000.

A 12-inch and 10-inch pipe sanitary sewer, and an 18-inch and 12-inch pipe surface drain in Sherman road, between 200 feet northwest of Independence Drive (Brookline line) and Gerry road (Brookline line), in the West Roxbury district, at an estimated cost of \$13,000.

POLICE DEPARTMENT ORDERS.

General Order No. 904.

The resignation of Patrolman James W. Harrington of Division 6 having been presented, it is hereby accepted, to take effect Tuesday, June 10, 1947, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

Police Commissioner.

CONTRACTS AWARDED
WITHOUT ADVERTISING.

(Continued from page 739.)

city need cleaning and some repairing very badly. Much of it is no longer an ornament. With the many visitors coming here constantly, it is of little credit to the City of Boston.

In consultation with other members of the Boston Art Commission it is agreed that we second your Honor in improving these conditions.

We suggest that for the time being the work be limited to about 42 different memorials, large and small, which need attention, and that the money should come from the income of the Phillips Street Fund.

Because of the delicate nature of the work and the danger of doing damage to these monuments, we request that the work be done without public bids by capable contractors in this unusual and difficult sort of work to be selected by this commission.

Yours faithfully,

ROBERT P. BELLOWS, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, May 13, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On March 28, 1947, this department was notified by the State Building Inspector of the Department of Public Safety, Mr. Thomas H. Dahill, that in order to meet the requirements for licenses for our auditoriums in the South Boston Municipal Building and the Roslindale Municipal Building certain changes were necessary and must be made.

Among other changes required was emergency lighting. This emergency lighting is to be installed in locations specified by the State Building Inspector and are to light instantly on the interruption of the Boston Edison current and extinguish instantly when the current is restored.

Accordingly, I have had three reputable electrical contractors submit bids with the following results:

Dorgan Electrical Company, Inc., \$995.40, South Boston, \$885.50, Roslindale; Massachusetts Electric Construction Company, \$1,116, South Boston, \$1,098,

Roslindale; H. M. Lobdell Electric Company, \$1,037, South Boston, \$946, Roslindale.

The Dorgan Electrical Company, Inc., a most reputable concern, is low bidder in both instances; the aggregate total of both the low bids amounts to \$1,880.90.

In view of the above I respectfully request permission to award these emergency orders to the Dorgan Electrical Company, Inc., in the amount of \$1,880.90, without advertising. In my opinion nothing is to be gained by advertising.

Respectfully yours,

JAMES E. SULLIVAN,

Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

BOSTON, April 21, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—At different times throughout the year it is necessary to purchase repair parts on an emergency basis for the Elgin sweepers of the various city departments. When the maintenance divisions of the departments are anticipating major repairs on these sweepers, the purchase of such parts may exceed \$1,000.

Since these parts are of special manufacture and can be obtained only from the Pratt Equipment Company, 296 Binney street, Cambridge, and since they are usually purchased on an emergency basis, permission is respectfully requested to obtain this equipment, as required, from the Pratt Equipment Company for the remainder of the year 1947.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

BOSTON, May 9, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This office is in receipt of a requisition from the Fire Department for "25 only 36 x 5 single flange non-skid solid cushion tires." Requests for prices were mailed to various concerns, and the following quotations were received:

Automotive Distributors, Inc., \$1,481.25; Stretton & Cheyne, Inc., \$1,489.25; Goodyear Tire Service, \$1,638.75; Thomas E. Hogan, Inc., \$1,750.50; Goodrich Tire Service, unable to furnish; General Tire Company, unable to fill; Sears Roebuck Company, unable to supply; Norwalk Tire Company, not manufacturer; Quirk Tire Company, no bid received; Firestone Tire and Rubber Company, no bid received.

It is respectfully requested that I be granted permission to award an order to Automotive Distributors, Inc., who submitted the lowest price. The total amount of the order will be \$1,481.25 with a -2 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

BOSTON, May 15, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On October 24, 1946, your Honor approved a contract with the Mack Motor Truck Company for furnishing fire apparatus. The total amount of this contract is \$43,507.66,

and is accompanied by a bond in the sum of \$18,850. At the time the contract was signed, the O. P. A. controlled the selling price of such apparatus. In view of the difficulty in obtaining the required materials, the contractor has not made delivery. Although the Mack Motor Truck Company has still not received the required equipment from its manufacturer, that company can now provide all of the apparatus within a short time.

The contractor has notified the city that due to the removal of O. P. A. controls each of the three lighting plants covered by the above-mentioned contract has increased from \$3,146.56 to \$3,674, and the three rescue wagons covered by the same contract have increased from \$8,252.66 to \$8,891 each. Owing to the rise in prices, the dealer in question feels that the original contract works undue hardship upon him and has accordingly informed the city that he will not undertake to deliver the apparatus unless the original contract is cancelled and a new contract drawn up with the terms as stated. The dealer is in a position to make delivery of the required equipment in a short time if such new contract is executed. If the city tried to buy the required apparatus, it would have to wait at least 12 months before delivery could be made and would have to pay the increased manufacturers' established list prices.

In view of the urgent need for the above-listed apparatus, I deem it to be in the best interests of the city to cancel the above-mentioned contract dated October 24, 1946, and respectfully request your Honor's permission to dispense with public advertising and award a new contract to the Mack Motor Truck Company for delivery of the items mentioned.

Furthermore, on May 12, 1947, I received a request from the Fire Commissioner to the effect that the specifications for the lighting plant tracks be changed in a major degree to conform to new specifications which he has recommended. I have studied the new specifications and the detailed plans relative thereto, as well as the proposed additional increase in price submitted by the Mack Motor Truck Company, which is due to the extra work required by these new specifications, and it is my opinion that the increase of \$2,250 each truck resulting from such extra work is reasonable.

Due to the nature of the extra work which these new specifications entail, only the Mack Motor Truck Company which has the original specifications, is in a position to perform.

In view of the foregoing, I respectfully request your Honor's permission to cancel the original contract and enter into a new contract, without further public advertisement, with the Mack Motor Truck Company for the delivery of three (3) 1½-ton trucks for installation of lighting plants at \$5,924 each and three (3) rescue wagons at \$8,891 each. The Law Department recommends the above procedure.

The total amount of the new contract will be as follows:

Three 1½-ton trucks for installation of lighting plants at \$5,924, \$17,772; three rescue wagons at \$8,891, \$26,683; one tractor for water tower, \$8,410; plus charge for attaching tower wagon, \$900—\$53,755.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval is requested to award a contract, without public advertisement, to Remington Rand, Inc., 857 Commonwealth avenue, Boston, for furnishing the following to the Auditing Department:

One (1) Type 310 Remington-Rand multi-control reproducing punch with 8 functions and interfiler at \$8,100.

This equipment is to supplement Remington-Rand equipment already used in the Auditor's office. Remington Rand, Inc., are the sole manufacturers of this type of machine, and in my opinion no advantage would be gained by publicly advertising.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, May 16, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY.—The Transit Department requests your approval, without advertising, of a contract for alterations at the premises occupied by said department in the Old South Building at 294 Washington street. These changes are referred to in an accompanying letter requesting your approval of amendment to our existing lease.

The lessor agrees to complete these changes at a flat sum of \$1,250.

The department respectfully requests your approval of this contract, as nothing would be gained by advertising.

Yours respectfully,

MALCOLM E. NICHOLS,
Chairman.

SUFFOLK COUNTY.

REGISTRY OF DEEDS.

BOSTON, March 12, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—In accordance with the provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to dispense with advertising for proposals for the furnishing of supplies for the Suffolk Registry of Deeds, particularly with respect to Item C-9 of the budget, for the following reason:

Item C-9 covers the purchase of a new photocopying machine. This department is seven months behind in copying instruments that have been recorded; therefore, it is very essential that I purchase this machine at once.

I have looked over the only two machines that do this kind of work, namely, the photostat at \$7,500 and the rectigraph at \$5,000, and have decided to purchase the rectigraph machine from the Haloid Company, 141 Milk street, Boston, Mass.

Very respectfully yours,

LEO J. SULLIVAN,
Register of Deeds.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Musolino LoConte Company, 111-117 Commercial street, Boston, to be reimbursed in the sum of \$87.40, as compensation for damage to property caused

when their truck went into a hole in the highway in front of 75 Mercantile street, February 11, 1947.

May T. Baillie, 75 Ashford street, Allston, to be reimbursed in the sum of \$250, as compensation for personal injuries caused by depression in sidewalk around manhole cover in front of 281 Washington street, Boston, March 7, 1947.

Helen J. Willhauck, 152 Dudley street, Roxbury, to be reimbursed in the sum of \$225, as compensation for personal injuries caused by hole in sidewalk in front of 32 Spring Park avenue, Jamaica Plain, October 13, 1946.

Norton Realty Corporation in care of Minot, Williams & Bangs, 50 Federal street, Boston, to be reimbursed in the sum of \$127.92, for expense incurred in excavating to locate leak in sewer line which was later found to be at the main in front of 10 Milk street, May 15, 1946.

Walton H. Christmas, 11 Ruggles street, Roxbury, to be reimbursed in the sum of \$150, as a result of an accident which occurred on April 1, 1942, when motor vehicle belonging to the School Committee, which he was operating, struck Catherine McCarthy, a minor, causing severe personal injuries.

John N. Jenkins, 239 Emerson street, South Boston, to be reimbursed in the sum of \$65, as a result of an accident which occurred on December 23, 1946, when motor truck belonging to the Sewer Division, Public Works Department, which he was operating, collided with a billboard sign owned by the Sun Oil Company.

Morris Goldstein, 17 Dyer street, Dorchester, to be reimbursed in the sum of \$75, as a result of an accident which occurred on June 28, 1946, when motor truck belonging to the Highway Division, Public Works Department, which he was operating, collided with an automobile owned by Edward Abramson.

John F. Hames, 7 Boyd street, Dorchester, to be reimbursed in the sum of \$100, as a result of an accident which occurred on October 23, 1945, when motor vehicle belonging to the Police Department, which he was operating, collided with an automobile owned by Lawrence L. Luneau.

Alexander McLaughlin, 154 Arlington street, Brighton, to be reimbursed in the sum of \$85.05, as a result of an accident which occurred on March 26, 1947, when motor truck belonging to the Highway Division, Public Works Department, collided with an automobile owned by Stanley Strzyskowski.

Francis X. McCormick, 47 East Lenox street, Roxbury, to be reimbursed in the sum of \$84.10, as a result of an accident which occurred on July 30, 1946, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by George A. Schultze.

John J. Shea, 41 Atkins street, Brighton, to be reimbursed in the sum of \$48.50, as a result of an accident which occurred on January 28, 1947, when motor truck belonging to the Sewer Division, Public Works Department, which he was operating, collided with an automobile owned by James Stamatou.

Thomas H. McHugh, 109 Centre street, Roxbury, to be reimbursed in the sum of \$70, as a result of an accident which occurred on March 10, 1947, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Eli M. Levitsky.

John F. Donovan, 15 Pond street, Dorchester, to be reimbursed in the sum of

\$301, as a result of an accident which occurred on December 14, 1946, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by Edward J. Geraghty.

Sterling Engineering and Manufacturing Corporation, 117 Business street, Hyde Park, to be reimbursed in the sum of \$463.68, as compensation for damage to property at above address caused when water was shut off by employees of the Water Division, Public Works Department, without proper notice, January 7, 1947.

John Gottlieb, 919 Greendale avenue, Needham, to be reimbursed in the sum of \$34, as compensation for damage to automobile caused when it was struck by a motor truck belonging to the Water Division, Public Works Department, on Washington street, near Essex street, February 13, 1947.

United States Army First Service Command, Army Base, South Boston, to be reimbursed in the sum of \$21, as refund on 187 unused ferry tickets which were returned to the Public Works Department on March 11, 1947.

Mary G. DeCola, 34 Lindall street, Roslindale, to be reimbursed in the sum of \$288, as compensation for damage to property in basement of above premises caused by backing up of sewer which was found to be blocked at the main, April 24, 1946.

William E. Whidden, 46 Oakton avenue, Dorchester, to be reimbursed in the sum of \$15, as a result of an accident which occurred on October 13, 1946, when motor vehicle belonging to the Police Department, which he was operating, collided with an automobile owned by John L. Perkins.

Henry J. Byrnes, 4057 Washington street, Roslindale, to be reimbursed in the sum of \$28.50, as a result of an accident which occurred on February 11, 1947, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by R. W. Foley.

Francis E. Murphy, 45 Virginia road, Quincy, to be reimbursed in the sum of \$28.39, as compensation for damage to automobile caused by hole in highway in front of 409 West Broadway, South Boston, December 29, 1946.

Donald A. McLeod, 12 Winthrop street, Malden, to be reimbursed in the sum of \$21.70, as compensation for damage to automobile caused by hole in highway in front of 660 Beacon street, January 5, 1947.

William J. Goldston, 484 Blue Hill avenue, Roxbury, to be reimbursed in the sum of \$24.10, as compensation for damage to automobile caused by striking a piece of metal on the floor of the Sumner Tunnel, May 1, 1946.

Charlotte S. Kelly, 66 Rutland street, Boston, to be reimbursed in the sum of \$150, as compensation for personal injuries caused by depression in sidewalk in front of 694 Tremont street, March 13, 1947.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction in Columbus avenue, estimated to be three (3) months, the

following streets are one way in the direction indicated; effective Monday, June 9, 1947:

Columbus Avenue, Roxbury.

From Washington street to Centre street.

Amory Street, Roxbury.

From Centre street to Atherton street.

Atherton Street, Roxbury.

From Amory street to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street reconstruction, estimated to be one (1) month, vehicles are excluded from the following street, block by block, where signs are placed, effective June 5, 1947:

From Jersey street to Kilmarnock street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective June 16, 1947:

Chestnut Hill Avenue, Brighton.

Southwest side, from Cleveland Circle to the Boston-Brookline line, twenty-four hours.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL INSPECTOR, DIVISION OF INDUSTRIAL SAFETY, DEPARTMENT OF LABOR AND INDUSTRIES, JULY 18, 1947.

Last date for filing applications, Friday, June 27, 1947, at 5 p. m.

This examination is open to both males and females.

Salary: The entrance salary is \$2,520 a year. The maximum salary is \$3,120 a year.

Vacancies: At present there are three vacancies for females, to be filled on a permanent basis.

Appointees must be on call at any time and may be required to do considerable night work and to make special investigations at any time, including Sundays and holidays.

Duties: To enforce the provisions of chapter 149 of the Massachusetts General Laws, Tercentenary Edition, and of all rules and regulations promulgated by the Department for the Division of Industrial Safety relative to the health and safety of men, women and minors employed in mercantile, mechanical and

manufacturing establishments; and to perform related work as required.

Entrance Requirements: Applicants must have at least two years of full-time paid employment in a manufacturing or mechanical establishment either as a safety inspector, as a foreman or forelady, or as a machinist or mechanic.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

LABORATORY ASSISTANT, DEPARTMENT OF PUBLIC WORKS, JULY 18, 1947.

Last date for filing applications, Friday, June 27, 1947, at 5 p. m.

Salary: The entrance salary is \$1,620 a year; the maximum salary is \$1,920 a year.

Vacancies: At present there are four vacancies, to be filled on a permanent basis.

Duties: Under direct supervision and instruction, to prepare samples of highway materials for testing; to run routine tests and compute results; to clean laboratory apparatus and equipment; and to perform related work as required.

Familiarity with both the English and metric systems of weights and measures, with the ability to perform simple arithmetical problems, is necessary, as well as familiarity with the use of thermometers and the ability to convert from Centigrade to Fahrenheit or vice versa.

Entrance Requirements: Applicants must have at least one year of full-time paid laboratory experience in chemical or physical testing of materials. *Substitution:* College graduation with specialization in chemistry or physics may be substituted for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the Governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

BUILDING OPERATIONS IN THE CITY OF BOSTON FOR MONTH ENDING MAY 31, 1947.

Salary: \$2,600 a year with full maintenance (room and meals) plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there is one vacancy at Long Island Hospital for a male, to be filled on a permanent basis.

Duties: To supervise the butcher shop, main kitchen, bakery, dining rooms, and serving rooms, and to organize and coordinate the work of these units; to be thoroughly familiar with the duties of subordinates and to be capable of performing any or all of their duties; to prepare menus; to prepare foods; to estimate purchases of supplies; to control waste and refuse; to instruct cooks, bakers, and chefs in new recipes; to be responsible for the receipt, delivery, handling, storage, and issue of all raw foodstuffs; to keep provision lists accounting for all raw foodstuffs received and issued each day; to prepare weekly menus, estimating quantities and cost of provisions; with responsibility for the holding of per capita cost within budget-

ary allowances; to supervise the cleaning of dietary premises (kitchen, bakery, butcher shop, dining rooms), and to see that the rules of sanitation are observed; to supervise lubrication, cleaning, and maintenance of equipment, both electrical and mechanical; and to perform related work as required.

The position requires a knowledge of the use and care of equipment, both electrical and mechanical, some knowledge of rules of sanitation, including personal hygiene, a knowledge of classes and groups into which foods are divided and their function in the diet, familiarity with current prices and nominal seasonal fluctuation in prices of various foodstuffs, an adequate knowledge of a large number of recipes and how to apply them in preparing food for large groups, some knowledge of causes of food poisoning and preventive measures, and more than average knowledge of organizing and planning work of cooks, bakers, butchers, and in the training of such personnel. A knowledge of type-

writing and the operation of calculating machines is desirable.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Applicants must have at least five years' experience as a cook or baker, preferably with some butchering experience. *Substitution:* Completion of a course for commissary stewards in a military service school or equivalent training in other recognized schools may be substituted for one year of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

FIRE DEPARTMENT ORDERS.

General Order No. 41.

I. ASSIGNMENTS OF PROVISIONAL FIREMEN AS MEN ON PROBATION.

The following assignments of provisional firemen as men on probation in this department, which will become effective at 8 a. m., Wednesday, June 11, 1947, are hereby announced:

Walter J. Buckley, Ladder 9.
 William J. Carey, Jr., Ladder 16.
 Frederick J. Collins, Ladder 27.
 John R. Cornish, Ladder 29.
 Walter W. Corwin, Jr., Engine 32.
 John J. Doherty, Engine 50.
 John V. Donovan, Ladder 13.
 Francis J. Gilday, Ladder 10.
 John J. Glennon, Jr., Ladder 25.
 Charles R. Gove, Engine 4.
 Thomas J. Hanley, Engine 25.
 Lawrence J. Hunter, Engine 49.
 Paul F. Hynes, Ladder 15.
 Henry H. Kiernan, Rescue 3.
 Charles W. Kimball, Engine 18.
 Dennis F. Leahy, Engine 19.
 John E. MacDonald, Engine 48.
 Robert B. MacDonald, Ladder 32.
 Paul V. Manning, Engine 1.
 Arthur R. Marr, Engine 44.

Daniel T. McInness, Engine 52.
 Paul D. McLaughlin, Engine 15.
 John G. Mullins, Engine 8.
 Robert W. Nelson, Ladder 30.
 John B. O'Connor, Engine 8.
 Renzo R. Santangelo, Engine 1.
 Andrew V. Smith, Engine 50.
 Frederick H. Stetson, Ladder 1.
 George E. Thompson, Engine 36.
 George M. Wade, Ladder 24.
 Robert K. Waggett, Engine 48.

The foregoing-named men on probation will report to the Fire Commissioner's office on June 9, 10 or 11, 1947, in order to fill out Civil Service and Retirement System papers. Company commanders shall see that men in their respective commands who are named above report within the time specified.

II. ASSIGNMENTS OF MEN ON PROBATION.

The following assignments of men on probation in this department, which will become effective at 8 a. m., Wednesday, June 11, 1947, are hereby announced:

Oscar Backer to Engine Company 18.
 Edwin J. Farley to Ladder Company 29.

Malcolm E. Foley to Engine Company 26.

William J. Kane to Engine Company 10.

Robert J. Matthews to Engine Company 17.

Francis J. Muldoon to Engine Company 51.

John J. O'Donnell to Ladder Company 7.

Bernard A. O'Rourke to Ladder Company 8.

Louis G. Paulino to Engine Company 34.

Vincent J. Pascucci to Ladder Company 7.

William R. Tehan to Ladder Company 19.

Joseph R. Williams to Ladder Company 4.

The foregoing-named men on probation and the following man on probation, William V. Corbett, Engine Company 2, shall report at the drill yard at Engine 29's quarters, Chestnut Hill avenue, Brighton, at 1 p. m., June 11, 1947.

These candidates, upon completion of Drill School, will receive five days of instruction at the Fire School, East First and I streets, South Boston. They will not work nights with the exception of Saturdays nights. They will be off duty on Sunday. They will resume their regular work schedule with their assigned companies the day following the completion of their course at the Fire School.

III. PROMOTIONS.

The following promotions, which became effective at 8 a. m., Wednesday, June 4, 1947, are hereby announced:

Hoseman William J. Grady, Engine 15, to engineer, Motor Squad.

Hoseman John G. Shea, Engine 28, to engineer, Motor Squad.

IV. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, June 11, 1947, are hereby announced:

Engineer William J. Grady, from Engine 15 to Motor Squad.

Engineer John G. Shea, from Engine 28 to Motor Squad.

Apparatus Operator James W. McQuaide, from Engine 18 to Headquarters.

Provisional Fireman Paul V. Doherty, from Engine 46 to Engine 24.

V. RETIREMENTS.

The following retirements, which became effective at 8 a. m., Wednesday, June 4, 1947, are hereby announced:

Aide to Medical Examiner Henry J. Enross, Headquarters.

Ladderman Walter E. Weston, Ladder Company 19.

Hoseman Bernard M. Monagle, Engine Company 4.

Aide Enross was appointed to the Fire Department November 7, 1902; Ladderman Weston was appointed October 18, 1918; and Hoseman Monagle was appointed December 15, 1922. All these men leave the department with the best wishes of their associates.

By order of Fire Commissioner
 RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
 Chief of Department.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 2, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilor Fish.

The meeting was opened with the salute to the Flag.

Coun. HURLEY in the chair.

JURORS DRAWN.

Jurors were drawn, Councilor Linehan and Councilor Bryan presiding at the box, in the absence of the Mayor, viz.:

Twenty-two grand jurors, Superior Criminal Court, to appear July 7, 1947:

Raymond N. Gunn, Ward 2; John A. Kiley, Ward 6; Thomas F. Fahey, Ward 8; John J. Heavren, Ward 11; Arnold C. Wingood, Ward 12; George E. DuPont, Ward 13; Roy F. Sleeper, Ward 13; Carl T. Young, Ward 13; William Hurwitz, Ward 14; George W. McDonald, Ward 14; James P. O'Malley, Ward 15; William J. Curran, Ward 16; Thorwald T. Peterson, Ward 17; Martin J. Redington, Ward 17; Edward F. Hines, Ward 18; William G. Young, Ward 19; Rudolph F. Gerlach, Ward 20; Harvey M. Tompkins, Ward 20; Leslie Cohen, Ward 21; Charles G. Keshen, Ward 21; Edward Schanzer, Ward 21; Robert F. Walker, Ward 22.

Fifty-four traverse jurors, Superior Criminal Court, to appear July 7, 1947:

Albert C. Brun, Ward 1; George Rizzo, Ward 1; George P. Healey, Ward 2; George M. Bezreh, Ward 3; Salvatore DePasquale, Ward 3; Henry S. Desler, Jr., Ward 3; Dominic Luciano, Ward 3; Joseph E. Gallagher, Ward 4; John F. X. McCabe, Ward 4; William E. Stark, Ward 4; Arthur L. Tirrell, Ward 4; Isaac W. Wingersky, Ward 4; Willard H. Bradbury, Ward 5; Guy F. Raynes, Ward 5; Wendell D. Reed, Ward 5; Edwin A. Kelly, Ward 6; Joseph L. McCarthy, Ward 6; Clarence J. Sampson, Ward 6; Fred G. Uber, Ward 6; Dominic Forte, Ward 8; Robert E. Brooks, Jr., Ward 9; Harry Segal, Ward 9; William Ryan, Ward 10; Charles Schindler, Ward 12; Israel Siegel, Ward 12; Charles Chambers, Ward 13; Clarence N. Jackson, Ward 13; Bernard Aighe, Ward 14; Eddie Baler, Ward 14; Lawrence A. Calley, Ward 14; Philip Cone, Ward 14; Morris Corman, Ward 14; Joseph J. Davidson, Ward 14; Edward Hinkle, Ward 14; Harry Pitt, Ward 14; Louis Seaver, Ward 14; Bernard Stone, Ward 14; Leo J. Wallace, Ward 14; Julius S. Levy, Ward 15; Joseph Lezar, Ward 15; Peter O'Hare, Ward 16; Thomas W. Mountain, Ward 18; Kirke W. Walker, Ward 18; Frederick W. Ruhl, Ward 19; John J. Collins, Ward 20; Charles S. Abber, Ward 21; Clarence L. Ferguson, Ward 21; Nathan Leavitt, Ward 21; John B. Murto, Ward 21; Harry Raphael, Ward 21; Marcus Rosenthal, Ward 21; Joseph P. D. Byrne, Ward 22; Joseph Finn, Ward 22; Joseph L. Flynn, Ward 22.

President KELLY in the chair.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.: Samuel Tarle, 115 Homestead street, Roxbury, Mass., to position of constable for term ending April 30, 1948, authorized to serve civil process upon filing of bond.

Referred to the Committee on Constables and Confirmations.

FLAGPOLE, MURRAY PARK PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner relative to your order of May 5, concerning the erecting of a flagpole on the Murray Park Playground, in North Brighton, Ward 22.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 29, 1947.
Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I am acknowledging your memorandum of May 6 with inclosure, order from the City Council that the Park Commissioner erect a flagpole on the Murray Park Playground, in North Brighton, Ward 22.

We have received three bids, the lowest of which is from the Pigeon Hollow Spar Company of East Boston. Their price is between \$600 and \$700.

I will try to obtain the money and award the contract during the ensuing week.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRAFFIC SIGNALS, ATLANTIC AVENUE; FLEET STREET, EASTERN AVENUE WHARF.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of April 28, 1947, relative to the installation of traffic signal lights at the intersection of Atlantic avenue, Fleet street and the Eastern Avenue Wharf.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, May 13, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—This is to acknowledge receipt of your letter of April 29 concerning the Council order of April 28, requesting the Boston Traffic Commission to install immediately traffic signal lights at the intersection of Atlantic avenue, Fleet street and the Eastern Avenue wharf.

Please be advised that in company with traffic engineers of this department I have made a survey of this intersection. I believe that Councilor Russo is justified in his demand that some relief be provided for the movement of traffic at this intersection. However, at the present time due to the difficulty of obtaining materials there is no possibility of erecting signal lights at this junction.

I have this day contacted Police Commissioner Sullivan and he has promised me that he will personally investigate this intersection with a view to providing a permanent traffic officer until such time as equipment is available.

Very truly yours,
LEO F. CURLEY, Commissioner.

Placed on file.

PROPER EXITS, FENWAY PARK.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Building Commissioner relative to your order of May 19, 1947, concerning the matter of requesting the Boston American League Baseball Company to provide proper exits for the patrons in the rear of the grandstand.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Building Department, May 28, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am returning herewith the copy of the order passed by the Boston City Council on May 19, 1947, requesting that the Boston American League Baseball Company be directed "to provide proper exits for the patrons in the rear of the grandstand."

Under the provisions of chapter 143 of the General Laws, particularly section 33, jurisdiction in the premises is vested in the Commissioner of Public Safety, Mr. John F. Stokes. The recommendations of the City Council should be directed therefore, to Mr. Stokes.

Very truly yours,
JOHN J. MAHONEY,
Building Commissioner.

Referred to Executive Committee.

SALARY RANGE FOR FIRE DEPARTMENT MEMBERS.

The following was received:

City of Boston,
Office of the Mayor, May 28, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Fire Commissioner relative to your order of May 12, 1947, requesting a salary range for the members of the Fire Department, equal to the newly adopted salary range for members of the Police Department.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, May 27, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I acknowledge receipt of a copy of order introduced in the City Council by City Councilor Muehnick which reads as follows:

"Ordered, That his Honor the Mayor instruct the Fire Commissioner to take steps to provide immediately a salary range for the members of the Fire Department, equal to the newly adopted salary range for members of the Police Department."

In City Council May 12, 1947. Passed.

Attest:

J. B. HYNES,
City Clerk."

This matter has already come before your Honor for consideration but, inasmuch as you have stated that no further salary increases would be granted to the uniformed members of the Fire Department during this calendar year, I believe it would be inappropriate for me to make any further comment other than to say that no provisions have been made in the 1947 budget to cover any such increases in salary.

Respectfully yours,
RUSSELL S. CODMAN, JR.,
Fire Commissioner.

Referred to Executive Committee.

TRANSFER OF FORMER ENGINE 47, EAST BOSTON, TO PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1947.
To the City Council.

Gentlemen,—I am in receipt of a communication from the Fire Commissioner in which he states that his department has no further use for the quarters formerly occupied by Engine 47, East Boston.

I am also informed that these quarters can be utilized by the Public Works Department.

I submit herewith an order for the transfer of this property from the Fire Department to the Public Works Department and respectfully request its passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, May 26, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I am informed by the Commissioner of Public Works, Mr. Robert P. Curley, that his department could use the fire station, formerly occupied by the crew of Engine 47, at 120 Lewis street, East Boston, which was the fireboat located on the East Boston waterfront.

This fireboat was recently turned over to the Public Works Department, and I believe has been sold for junk.

When the Navy Mine Sweeper purchased by the city for conversion as a fireboat goes into service this boat will provide accommodations for the crew to remain aboard ship during tours of duty.

It is my recommendation, therefore, that the fire station and the wharf thereunder be transferred to the Public Works Department, the Fire Department to retain ownership of the remainder of the wharf and access thereto for use by the new fireboat and its crew.

Respectfully yours,
RUSSELL S. CODMAN, JR.,
Fire Commissioner.

Ordered, That the fire station and wharf, located at 120 Lewis street, East Boston, and formerly occupied by Engine 47, be, and hereby is, transferred from the care, custody and control of the Fire Department, to the care, custody and control of the Public Works Department.

Referred to Executive Committee.

TRANSFERS OF APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1947.
To the City Council.

Gentlemen,—The enclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 22, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—It is respectfully requested that you arrange for the following transfer of funds within the Park Department budget and appropriation as allowed for the year 1947:

From Park and Playground Improvements, etc., Revenue, \$55,000, to A-2, Temporary Employees, \$50,000; D-9, Educational and Recreational, \$5,000.

The transfer of \$50,000 to A-2 is needed so that we might engage help to handle the recreation program on the playgrounds that was formerly under the jurisdiction of the School Department during the summer months.

The transfer of \$5,000 to D-9 is needed so that we may purchase playable equipment for use on the playgrounds, including baseballs, gloves, tennis equipment, football and basketball equipment as well as miscellaneous supplies needed for children's games.

Very truly yours,
WILLIAM P. LONG, Chairman.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as

amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Special Appropriation, Park and Playground Improvements, Etc., \$55,000, to the appropriation for Park Department, A-2, Temporary Employees, \$50,000; D-9, Educational and Recreational, \$5,000.

City of Boston,

Institutions Department, May 23, 1947.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—Authority is requested to transfer the total unencumbered balance on our appropriation for Institutions boat, purchase, alterations, etc., in the sum of \$1,990.91, to steamers "James Michael Curley" and "Michael J. Perkins," to provide for purchase of spare parts, material and tools to be used by our own crew in making minor repairs on the motor vessel "James Michael Curley," said amount to be allocated as follows:

From Institutions Boat, Purchase, Alterations, Etc., \$1,990.91, to Steamers "James Michael Curley" and "Michael J. Perkins," C-11, Marine, \$100; C-13, Tools and Instruments, \$100; C-17, Miscellaneous Equipment, \$100; E-1, Building, \$700; E-10, Electrical, \$300; E-13, Materials, \$690.91.

Orders are now being held pending transfer of funds.

Respectfully yours,

G. FRANK McDONALD, Commissioner.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Special Appropriation, Boat, Purchase, Alterations, Etc., \$1,990.91, to the appropriation for Institutions Department, Steamers "James Michael Curley" and "Michael J. Perkins," C-11, Marine, \$100; C-13, Tools and Instruments, \$100; C-17, Miscellaneous Equipment, \$100; E-1, Building, \$700; E-10, Electrical, \$300; E-13, Miscellaneous Materials, \$690.91.

Referred to Executive Committee.

SUPPLEMENTARY BUDGET FOR FIRE DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, June 2, 1947.

To the City Council.

Gentlemen,—I submit herewith supplementary budget recommendations totaling \$49,500 for the following purpose:

Fire Department.....\$49,500

These appropriations are necessary to maintain the operating efficiency of the Fire Department; to provide sufficient funds to purchase tires, because of the fact that present synthetic rubber tires are deteriorating faster than tires formerly in use; to provide uniforms for new men and officers required due to the 48-hour law now in effect; to provide sufficient funds for the purchase of gasoline due to the change to high octane, and for gasoline and oil used for instruction of new men at the Navy Fire Training School in South Boston; and to provide for building materials for the maintenance of 57 buildings and automobile parts used by department mechanics.

I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Fire Department, May 28, 1947.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—I am informed that by action of the City Council, taken on Monday, May 26, 1947, certain items in the Supplementary Budget for the Fire Department were reduced by the following amounts:

C-15, Tires, Tubes and Accessories.....\$5,000
C-16, Wearing Apparel.....29,000
D-11, Gasoline, Oil and Grease.....7,500
E-1, Building.....4,000
E-13, Miscellaneous.....4,000

Total.....\$49,500

I respectfully request that your Honor introduce another order in the City Council to restore these amounts for the reasons as set forth below:

C-15, Tires, Tubes and Accessories.....\$5,000

Fifteen thousand dollars was requested and allowed in this item in the 1947 budget but because of the fact that the present tires are made of synthetic rubber they deteriorate much faster than tires formerly in use in the department. At the present time there is a balance of \$8,923 in this item and at least \$5,000 additional is required in order to care for our needs during the balance

of 1947. Furthermore, the department is responding to a greater number of alarms than in the previous year thereby causing additional wear and tear on department tires.

C-16, Wearing Apparel.....\$29,000

One hundred and ten thousand dollars was requested in this item in the 1947 budget but only \$40,000 was allowed. At the present time there is an unencumbered balance in this item of only \$9,625. In order to supply uniforms, leather fire hats and rubber coats to the 500 new men appointed this year and to the additional 100 men to be appointed shortly it will be necessary to spend approximately \$119,000. Practically all of the \$40,000 originally allowed has been expended to provide uniforms for men returning from the service and to replace old and worn-out uniforms, fire hats and rubber coats. A requisition has already been submitted to the Supply Department for uniform clothing in the amount of approximately \$74,000. However, unless additional funds are allowed orders for uniforms already requisitioned for additional uniforms required cannot be placed. The additional funds are required not only to equip the 600 new men, approximately 300 of whom are now permanent firemen, but for essential replacements for permanent members of the force, many of whom have received no uniforms for more than two years.

D-11, Gasoline, Oil and Grease.....\$7,500

Thirty thousand dollars was requested in this item in the 1947 budget but only \$28,000 was allowed. As of April 23 there was an unencumbered balance of \$17,625. At the present rate of spending the balance in this item will not carry us through the year. Since the early part of 1947 all fire apparatus has been using hi-test gasoline inasmuch as the regular gasoline formerly used was of poor grade and caused damage to motors and carburetors. Hi-test gasoline costs approximately a cent and a half per gallon more than the regular gasoline. Through the courtesy of the U. S. Navy Department we have been granted use of the fire training school in South Boston where hundreds of our men must be trained in the fighting of oil and gasoline fires by officers of this department. Gasoline and oil used at this location must be paid for by the Fire Department which will mean an additional expense. The consumption of gasoline by over-aged apparatus was greater this year than previously estimated by reason of the equipment's age as well as a greater number of responses to alarms of fire.

E-1, Building.....\$4,000

Fifteen thousand dollars was requested in this item and \$14,000 was allowed in the 1947 budget. At the present time there is an unencumbered balance in the item of only \$4,607. In order to maintain approximately 57 Fire Department buildings many small renewals and repairs are required. However, during the war many materials and hardware parts were unobtainable. Therefore, additional renewals and repairs are being made this year. From present indications it appears that at least \$5,000 additional will be required in this item to pay for only necessary building materials.

E-13, Miscellaneous.....\$4,000

Eighty-five thousand dollars was requested in this item in the 1947 budget but only \$40,000 was allowed. At present there is a balance of approximately \$13,916 in the item. Fifty-one thousand two hundred and forty-three dollars and 10 cents was expended in 1946. Until a considerable number of pieces of major apparatus now on order are delivered to the department this item will tend to increase rather than decrease inasmuch as practically all automobile parts used by our mechanics in the repair of trucks and passenger cars are paid for out of this item. Because of an increase in the number of alarms responded to there has been a corresponding increase in the number of breakdowns in fire trucks. Most of the repair work is done in our Maintenance Division and at present our mechanics are working overtime in an attempt to keep up with the repair work required. At least \$40,000 additional is the absolute minimum which should be allowed so that our major fire-fighting apparatus can be maintained in operating condition.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

Ordered, That the respective sums of money specified in the schedule hereinafter set out be, and hereby are, appropriated for the purposes hereinafter specified, said sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

FIRE DEPARTMENT.

C. EQUIPMENT.....\$34,000

15. Tires, Tubes and Acces-

sories.....\$5,000

16. Wearing Apparel.....29,000

D. SUPPLIES.....7,500

11. Gasoline, Oil and Grease, \$7,500

E. MATERIALS.....\$8,000

1. Building.....\$4,000

13. Miscellaneous Materials, 4,000

Total.....\$49,500

Referred to Executive Committee.

APPROPRIATION FOR CARE OF GRAVES OF SOLDIERS, SAILORS AND MARINES.

The following was received:

City of Boston,

Office of the Mayor, June 2, 1947.

To the City Council.

Gentlemen.—Chapter 115, section 22, of the General Laws provides that the Mayor shall annually appoint a citizen, preferably a war veteran, who shall be charged with the duty of suitably keeping and caring for the graves of those who have served in the Army, Navy or Marine Corps of the United States in time of war.

The provisions of this statute have been complied with and with the approval of your Honorable Body funds for the maintenance of this activity have been made available. The last order transferring the sum of \$10,000 from the Contingent Fund was passed by your Honorable Body on April 30, 1946.

The funds now available will shortly be expended, and, believing this activity should be continued, there is forwarded herewith an order appropriating the sum of \$10,000 to be charged to the Contingent Fund. Your consideration and passage of this order is respectfully recommended.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the sum of ten thousand dollars (\$10,000) be, and the same hereby is, appropriated, to be expended under the direction of this Honor the Mayor, for the care of graves of soldiers, sailors and marines, as provided in chapter 115, section 22, of the General Laws, said sum to be charged to the Contingent Fund.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

John W. Campbell, to be reimbursed for execution issued against him.

John F. Donovan, to be reimbursed as result of accident which occurred while in performance of duty.

Charles B. Freeman, for compensation for damage to car by fire apparatus.

Charles Kallas, for compensation for damage to property at 1173-1181 Washington street, caused by defective sewer pipes.

William J. Keenan, for compensation for damage to car caused by an alleged defect at 5 Fairmount street, Dorchester.

Abraham Klaasby, for compensation for damage to car by city car.

Louis Roberts, for compensation for damage to car by fire apparatus.

Committee on Licenses.

Petition of Boston Stadium Corporation for permit for laying out, use and location of land in Dorchester for race ground and track for midget auto racing and other racing, not including horse or dog racing, and for civic, athletic, sporting, patriotic and religious meets, events and celebrations as now allowed by city ordinances.

PERMITS FOR CHILDREN.

Petitions for children under 15 years of age to appear at places of public amusement were received as follows:

Mildred Sacco Palaza, Jordan Hall, June 23.

Kay A. McDermott, Jordan Hall, June 4.

Alda Marova, New England Mutual Hall, June 12.

Permits granted under usual conditions.

PUBLICATION OF CITY COUNCIL DEBATES.

The following was received:

City of Boston,

Office of the City Clerk, June 2, 1947.

To the City Council.

Gentlemen.—On May 24, 1947, chapter 447 of the Acts of 1947, entitled "An Act Prohibiting the Publication of the Substance of Debates in the City Council of the City of Boston" became effective.

This Act, amending the city charter, contains the following provision:

"The proceedings of the city council and school committee together with all communications from the Mayor, shall be published in the City Record;

provided, that the substance of debates by and among members of the city council shall not be so published or published elsewhere at the expense of said city."

Very truly yours,

J. B. HYNES,
City Clerk.

Referred to Executive Committee.

REPORT OF DEBATE.

Coun. KINSELLA offered the following:

Ordered, That the City Clerk be instructed to order a transcription, at public expense, of all debate attendant upon the meeting of the City Council of Boston, held Monday, June 2, 1947, in the City Council Chamber in Boston City Hall, and to be prepared to defend his instructions in a court of proper jurisdiction.

Referred to Executive Committee.

REQUESTED REVOCATION OF BILL RE PRINTING OF COUNCIL MINUTES.

Coun. COFFEY offered the following:

Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to take the necessary steps to set aside the bill just passed by the Legislature and signed by the Governor, regarding the elimination of the printing of the minutes of the City Council.

Referred to Executive Committee.

HEARING ON TELEPHONE RATE REVISION.

Notice was received from the Department of Public Utilities of hearing to be held June 12 at 10.30 a. m. on revision of rates of New England Telephone & Telegraph Company.

Placed on file.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of I. Joseph Mirkin and David Weir, having been duly approved by the City Treasurer, were received and approved by the Council.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of Charles J. Lennon (referred May 19) as Constable to serve without bond and without authority to serve civil process for term ending April 30, 1948—that appointment be confirmed.

Report on appointment of Donald Sherlaw (referred May 26) to be Weigher of Goods for term ending April 30, 1948—that appointment be confirmed.

Report on appointment of Della Joyce (referred May 26) to be Weigher of Coal for term ending April 30, 1948—that appointment be confirmed.

The reports were accepted, and the question came on confirmation of the appointments. Councilor Muchnick moved that the matter be referred back to the committee. The motion was lost, yeas 2, nays 15.

Yeas—Councilors Chase, Muchnick—2.
Nays—Councilors Bryan, Cantwell, Coffey, Cook, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Scannell, Sullivan—15.

The President appointed Councilors Moriarty and Linehan a committee to receive, sort and count the ballots. Whole number of ballots 15; yeas 12, nays 3, and the appointments were confirmed.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

Report on message of the Mayor and order (referred May 26) to amend County Compensation and Classification Plans, re Superior Civil Court, Executive Secretary—that same ought to pass.

The report was accepted, and the order was passed.

REPORT OF COMMITTEE ON CLAIMS

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of Joseph C. Morgan (referred May 26) to be reimbursed for amount of execution issued against him on account of his acts as a member of Boston Police Department—recommending passage of the accompanying order:

Ordered, That the sum of five hundred fifty-two dollars and five cents (\$552.05) be allowed and paid to Joseph C. Morgan in reimbursement for amount

of execution issued against him on account of his acts as a member of the Boston Police Department, said sum to be charged to the Contingent Fund.

Report on petition of William T. J. Ross (referred May 26) to be reimbursed for amount of execution issued against him on account of his acts as a member of Boston Police Department—recommending passage of the accompanying order:

Ordered, That the sum of five hundred seventy-one dollars and fifteen cents (\$571.15) be allowed and paid to William T. J. Ross in reimbursement for amount of execution issued against him on account of his acts as a member of the Boston Police Department, said sum to be charged to the Contingent Fund.

Report on petition of George Huber (referred May 5) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Highway Division, Public Works Department—recommending passage of the accompanying order:

Ordered, That the sum of twelve hundred dollars (\$1,200) be allowed and paid to George Huber in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Highway Division, Public Works Department, said sum to be charged to the Contingent Fund.

Reports severally accepted; said orders passed.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. HURLEY, for the Committee on Ordinances, submitted the following:

Gentlemen.—The Committee on Ordinances has considered, since April 21, a proposed revision of the ordinances as prepared by the City Clerk, under direction of an order of the City Council dated March 4, 1946.

I think if I read the letter of the City Clerk concerning this revision, the members will get a clear picture of what has been done. The letter is as follows:

City of Boston.

Office of the City Clerk, April 21, 1947.
To the City Council.

Gentlemen.—In compliance with the order of your Honorable Body, adopted March 4, 1946, I have prepared and submit for your consideration a draft of a revision of the ordinances.

The fourteenth revision was made in 1925, and it may be noted that from the incorporation of the city in 1822 up to 1925 the longest interval between revisions was 16 years. Since the 1925 revision more than 21 years have elapsed; the printed copies of that revision have not been available for distribution for the last two years; and the ordinances in addition to and amending it number 109 and fill supplementary documents of 90 pages.

This proposed revision incorporates those amendments and contains no changes in substance except those made necessary by legislative enactments, uncontested legal rulings, and subsequent ordinances.

If the City Council sees fit to adopt this revision and reserve their action on any controversial matters to subsequent amendments, it will serve to remedy a situation which has been a source of trouble and vexation to the courts, the legal profession and the general public for several years.

Respectfully yours,

J. B. HYNES,
City Clerk.

The explanation of the City Clerk seems to the committee to make it imperative that we adopt this new revision, the first since 1925, in order that the ordinances may be brought up to date, and be made available to the public, the courts, and the legal profession.

The committee has given this matter its close attention, and recommends that the revision, as submitted, be adopted as the Revised Ordinances of 1947.

For the Committee,
WILLIAM F. HURLEY,
Chairman.

Accompanying the report was a copy of the revised ordinances as submitted by the City Clerk.

The report was accepted, and the question came on the acceptance of the revision of the ordinances. Councilor Linehan moved that the present ordinance relative to sick leave and vacation time for employees be retained. The motion was carried. The ordinances as revised, with the exception of the elimination of the ordinance relative to sick leave and vacation time for employees, were adopted.

LEASE OF ELM STREET BUILDING TO DISABLED AMERICAN VETERANS, POST NO. 71.

Coun. KINSELLA offered the following:

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston with the approval of the Mayor of the

City of Boston, and in form satisfactory to the Law Department of the City of Boston, to lease for Post and Camp Headquarters to the Disabled American Veterans, Post No. 71, of Charlestown, Mass., for a term of five years, at an annual rental of one dollar a year, the following described premises, with the right to cancel any lease at said premises by giving thirty days' notice in writing of its intention so to do, namely, the building on Elm street, Charlestown, formerly known as Fire Engine Company, No. 27.

Passed under suspension of the rules.

CLEANING OF CHARLESTOWN STREETS.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to order the Public Works Commissioner to proceed at once to the cleaning up of the streets in Ward 2, Charlestown, in anticipation of the June 17th parade.

Passed under suspension of the rules.

ROPING OFF CHARLESTOWN STREETS, JUNE 17.

Coun. KINSELLA offered the following:

Ordered, That the City Messenger be, and he hereby is, authorized to rope off the streets in Charlestown for the June 17th parade, the expense of same to be charged to the City Council appropriation for Stakes, Ropes and Flags.

Passed under suspension of the rules.

HEARING REQUESTED RE CONSTRUCTION OF VETERANS' MEMORIAL AUDITORIUM.

Coun. LINEHAN, MORIARTY, LANE, COFFEY, COOK, MADDEN and KEENAN, offered the following:

Ordered, That his Honor the Mayor request the trustees of the George Robert White Fund to declare a public hearing for the purpose of considering a City Council order passed March 24, 1947, relative to the construction of a Veterans' Memorial Auditorium which will provide a living memorial to the City of Boston's departed war heroes which can be kept alive by making provisions for housing war veteran organizations within the building housing the Auditorium.

The order was passed under suspension of the rules.

INSPECTION OF PLANES AND EQUIPMENT BEFORE TAKE-OFFS.

Coun. COFFEY offered the following:

Whereas, The people of Boston and of the Nation have been shocked by the recent aeroplane catastrophes; therefore be it

Ordered, That his Honor be requested to communicate with and urge the Massachusetts Delegation in Congress to take the necessary steps to have a government inspector assigned to all air fields to inspect all planes and equipment before take-offs.

Passed under suspension of the rules.

LEGISLATION RE COUNCIL MEMBERSHIP.

Coun. COFFEY offered the following:

Whereas, The General Court of Massachusetts is now considering a bill, which if passed by said Honorable Body, shall limit the citizens of Boston as to what type of nine-man City Council shall govern Boston; therefore be it

Ordered, That the Boston City Council in meeting assembled do hereby, in the interest of Democracy and Freedom of Choice for the citizens of Boston, request his Honor the Mayor to instruct the Corporation Counsel to prepare an amendment to the present bill pending before the Legislature which shall also include a choice for a twenty-two-man Council as well as a nine-man Council.

Passed under suspension of the rules.

SALIVA TEST, SUFFOLK DOWNS HORSES.

Coun. COFFEY offered the following:

Ordered, That His Excellency the Governor be requested through His Honor the Mayor to consider the advisability of having the horses which finish first, second and third at Suffolk Downs, subjected to a saliva test.

Passed under suspension of the rules.

APPROPRIATION FOR SURVEY OF CITY DEPARTMENTS.

Coun. MUCHNICK offered the following:
Ordered, That the sum of two hundred thousand (\$200,000) dollars be appropriated by his Honor the Mayor to engage the services of a firm of competent industrial engineers to conduct a scientific survey of all city departments in order to eliminate whatever waste and inefficiency that may be found to exist, said survey to be under the supervision and control of the City Auditor.

Referred to Executive Committee.

RECESS.

On motion of Councilor Coffey the Council voted at 4.30 p. m. to take a recess subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 7.08 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. SULLIVAN, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred May 26) for increased appropriation of \$37,051.28 for Printing Department, Permanent Employees—that same ought to pass.

The report was accepted, and the order was passed, yeas 14, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Hannon, Hurley, Keenan, Kelly, Lane, Linehan, McCormack, Russo, Sullivan—14.

Nays—0.
2. Report on message of Mayor and order (referred May 26) that \$7,000 be appropriated from Phillips Street Fund Income to be expended by Art Commission for purpose of improving statues, monuments and tablets in streets and public places of city—that same ought to pass.

The report was accepted, and the order was passed, yeas 14, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Hannon, Hurley, Keenan, Kelly, Lane, Linehan, McCormack, Russo, Sullivan—14.

Nays—0.
3. Report on message of Mayor and order (referred today) for appropriation of \$10,000 for care of graves of soldiers, sailors and marines—that same ought to pass.

The report was accepted, and the order was passed, yeas 14, nays 0.

Yeas—Councilors Bayley, Bryant, Cantwell, Carey, Chase, Hannon, Hurley, Keenan, Kelly, Lane, Linehan, McCormack, Russo, Sullivan—14.

Nays—0.
4. Report on message of Mayor and orders (referred today) for transfers of appropriations—that same ought to pass.

The report was accepted, and the question came on the passage of the orders. Councilor Hannon moved reference back to the Executive Committee. Lost. The orders were passed, yeas 14, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Hannon, Hurley, Keenan, Kelly, Lane, Linehan, McCormack, Russo, Sullivan—14.

Nays—0.
5. Report on order (referred today) that Corporation Counsel take necessary steps to set aside bill providing for elimination of printing of minutes of City Council—that same ought to pass.

The report was accepted, and the order was passed.

6. Report on communication from the City Clerk re bill forbidding publication of City Council debates (referred today) — that same be placed on file.

The report was accepted, and the communication was placed on file.

NOTIFICATION OF COUNCIL OF BILLS AFFECTING CITY.

Coun. KEENAN offered the following:

Ordered, That the Corporation Counsel and Legislative Agent of the Law Department be requested, through his Honor the Mayor, to properly notify the members of the Boston City Council, in writing, in regard to all bills pending in the Legislature which pertain to the City of Boston, in order that the Council members may have an opportunity to appear before the proper legislative committees when same are being considered.

Passed under suspension of the rules.

REPORT OF CITY COUNCIL DEBATE.

Coun. RUSSO offered the following:

Ordered, That until such time as other steps may be taken, the official stenographer take and transcribe notes of debate at the City Council and furnish the City Clerk with two copies of said debate, said Clerk to keep such debate in the permanent files of his office, to be open for public inspection.

Passed under suspension of the rules.

"SLOW" SIGNS, PARK VALE AVENUE, WARD 21.

Coun. LANE offered the following:
Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to place "Slow" signs at each end of Park Vale avenue, Ward 21.

Passed under suspension of the rules.

Adjourned, on motion of Councilor Russo, at 7.33 p. m., to meet on Monday, June 9, 1947, at 2 p. m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Paula road, from Clearwater Drive, northerly, as a highway, Dorchester district, bounded and described as follows:

A highway named Paula road is hereby laid out from Clearwater Drive, northerly, for a distance of approximately two hundred feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Clearwater Drive, forty feet; westerly by the westerly line of said Paula road as hereby laid out, by two measurements, ninety feet and one hundred three and 41-100 feet on a curve of three hundred fifty and 81-100 feet radius; northerly by the northerly line of said Paula road as hereby laid out, forty-four and 51-100 feet; and easterly by the easterly line of said Paula road as hereby laid out, by two measurements, one hundred and ten feet on a curve of three hundred ten and 81-100 feet radius, and ninety feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the easterly and westerly sides of Paula road, for a distance of approximately two hundred feet northerly from Clearwater Drive, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Paula Road, Dorchester, May 16, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Paula road, Dorchester district, as a highway, under the order of the Board of May 26, 1947, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Clearwater Drive, as a highway, westerly to Groveland street, Dorchester district, bounded and described as follows:

An extension of the highway named Clearwater Drive is hereby laid out to Groveland street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by the easterly line of said extension of said Clearwater Drive as hereby laid out, fifty feet; southerly by the southerly line of said extension, seven hundred thirty-two and 96-100 feet; westerly by Groveland street, fifty and 3-100 feet; and northerly by the northerly line of said extension, by three measurements, four hundred thirty-five and 70-100 feet, forty feet, and two hundred and nine feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northerly and southerly sides of said extension of Clearwater Drive to Groveland street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Clearwater Drive, Dorchester, May 16, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT PERSONNEL.

The police personnel of the department on November 30, 1945, consisted of 1 superintendent, 5 deputy superintendents, 28 captains, 63 lieutenants, 1 lieutenant-inspector, 185 sergeants, 1,867 patrolmen, 15 patrolwomen, 94 provisional temporary patrolmen and 1 provisional temporary patrolwoman; total, 2,260.

On November 30, 1945, there was a total of 2,502 persons, including civilian employees, on the rolls of the department.

During the year in General Orders, officers were commended as follows:

Captain, 1; lieutenants, 6; sergeants, 8; patrolmen, 34; department as a whole, 1.

POLICE EXPENDITURES.

During the twelve months ending November 30, 1945, the total expenses of the Boston Police Department amounted to \$6,426,363.77. This included the pay of the police and employees, pensions, supplies, expense of listing (\$68,253.96, the annual listing on January 1 of all residents twenty years of age or over), and the maintenance of the Police Signal Service.

In the corresponding period of 1944, expenditures totaled \$6,202,557.44.

STATE FISCAL AIDS TO CITIES AND
TOWNS FOR PUBLIC ELEMENTARY
AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, i. e., partly based on expenditures by the municipality.

AIDS PAID TO ELEMENTARY AND
SECONDARY SCHOOLS FROM IN-
COME TAX REVENUES.

Only since 1919 has the state participated widely in the financing of elementary and secondary schools. Before that time state aid to municipalities was less than 2 per cent of the total cost of education, and was granted only to a limited group of towns. In 1919, however, provision was made for payments from the proceeds of the newly enacted personal income tax to every city and town which met certain teacher salary and qualification standards. Except for slight modifications the program is still the same as that established in 1919 (chapter 363, Acts of 1919). Every city and town is paid a fixed amount for every teacher employed (primary reimbursements), and some municipalities with low valuation per pupil receive additional grants (supplementary reimbursements).

CIVIL SERVICE EXAMINATIONS.

SHORTHAND REPORTER, BOSTON SCHOOL DEPARTMENT, JULY 25, 1947.

Last date for filing applications, Monday, July 7, 1947, at 5 p. m.

Salary: The salary is paid at the rate of 36 cents per 100 words for the original copy of the transcribed notes and 8 cents per 100 words for carbon copies, and usually an original and one carbon are required. (The yearly salary for 1945 amounted to \$1,985.28 for intermittent employment.)

Vacancies: At present there is one vacancy, to be filled on a permanent intermittent basis. The appointee must be on duty whenever the School Committee has conferences or meetings, day or evening.

Duties: To take notes of school committee conferences verbatim in shorthand; to transcribe the notes accurately on the typewriter, and submit to the secretary of the School Committee completed reports of the meetings by noon of the day following the meeting and completed reports of conferences within two days after the conference; and to perform related work as required.

Subjects and Weights: Training and experience, 1; practical questions, 1; stenography, 3; total, 5.

The dictation will be given at the rate of 175 and 200 words a minute, and the material dictated at each of these

rates of speed will be of about 600 words in length. Applicants may transcribe either or both of the speed tests. If the two tests are transcribed, both will be marked and the applicant will be given the higher of the two marks. The transcription is marked for both speed of dictation and accuracy.

Passing Requirements: Seventy per cent in accuracy of transcription of at least one dictation and in each subject in order to become eligible.

STATE-COLLECTED TAXES SHARED BY CITIES AND TOWNS.

Approximately \$5,000,000 are distributed each year among all cities and towns as reimbursement of a portion of the amounts expended locally for salaries of teachers in the public schools. This one distribution constitutes about 80 per cent of all fiscal aid paid by the Commonwealth to cities and towns to assist in financing public schools. As the amount paid to each city and town depends upon the number and educational preparation of teachers employed, it favors well-to-do towns which can afford to hire more and better qualified teachers, and penalizes towns which by reason of less favorable circumstances operate their schools with fewer teachers. The original objective of this distribution was to raise standards of teacher preparation and to encourage local governments to pay certain established minimum salaries. As a means toward these objectives this distribution has outlived its usefulness.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

CITY OF BOSTON.**DEPARTMENT OF SCHOOL BUILDINGS.****TO GENERAL CONTRACTORS.**

INVITATION FOR PROPOSALS FOR GRADING, LAYING ASPHALT SURFACING, REPAIRING IRON FENCES AND MASONRY AT THE SITE OF THE JOHN WINTHROP SCHOOL, BROOKFORD STREET, DORCHESTER.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for grading, laying asphalt surfacing, repairing iron fences and masonry at the site of the John Winthrop School, Brookford street, Dorchester.

Proposals will be received until 12 o'clock noon, Wednesday, June 25, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, June 23, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,
Superintendent of Construction.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLING STAGE AND WALL DRAPERIES AND A MOTION PICTURE SCREEN IN THE LECTURE HALL OF THE CENTRAL LIBRARY BUILDING, COPLEY SQUARE, BOSTON.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for furnishing and installing stage and wall draperies and a motion picture screen in the Lecture Hall of the Central Library Building, Copley square, Boston.

Proposals will be received until 12 o'clock noon, Friday, June 27, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of one hundred and fifty dollars (\$150), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of this contract.

Specifications may be obtained on and after Wednesday, June 18, 1947, at the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

PROPOSALS FOR FURNISHING BEDSIDE TABLES
(LONG ISLAND HOSPITAL).

The Supply Department of the City of Boston invites proposals for furnishing bedside tables for Long Island Hospital, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Both bids to be sealed in envelopes, marked "Proposal for Bedside Tables." The bids will be publicly opened and read Monday, June 23, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING DENATURED ALCOHOL (ANTIFREEZE).

The Supply Department of the City of Boston invites proposals for denatured alcohol (antifreeze) for city departments, as specified in forms which may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Both bids to be sealed in envelopes marked "Proposal for Denatured Alcohol."* The bids will be publicly opened and read Friday, June 27, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(June 14.) Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

INVITATION FOR PROPOSALS FOR INSTALLING MANHOLE AND HANDHOLE PLATES ON STEAM BOILERS IN THE VARIOUS SCHOOLS, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing manhole and handhole plates on steam boilers in the various schools, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, June 23, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,

(June 14.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ASPHALT PAVING CONTRACTORS.

INVITATION FOR PROPOSALS FOR REGRADING AND LAYING ASPHALT SURFACE AT THE SITE OF THE WINSHIP SCHOOL, BRIGHTON STREET, BRIGHTON.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for reggrading and laying asphalt surface at the site of the Winship School, Dighton street, Brighton.

Proposals will be received until 12 o'clock noon, Wednesday, June 25, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities, and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,

(June 14.) Superintendent of Construction.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ATHLETIC SUPPLIES.

The Supply Department of the City of Boston invites proposals for furnishing athletic supplies for the Park Department, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Athletic Supplies."* *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Monday, June 23, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(June 14.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN SPRING STREET BROOK IN PROSPECT STREET AND PRIVATE LAND, BAKER STREET AT BELLE AVENUE, CENTRE STREET AT No. 2501; BUSSEY BROOK INLET; AND HART STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Spring Street Brook in Prospect street and private land, Baker street at Belle avenue, Centre street at No. 2501; Bussey Brook inlet; and Hart street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked

"Proposal for Sewerage Works in Spring Street Brook in Prospect Street and Private Land, Baker Street at Belle Avenue, Centre Street at No. 2501; Bussey Brook Inlet; and Hart Street, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, June 26, 1947, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(June 14.) Commissioner of Public Works.

VOL. 39

SATURDAY, JUNE 21, 1947.

No. 25

RELIEF EXPENDITURES FOR THE DEPARTMENT OF VETERANS' SERVICES FOR MONTH OF MAY SHOW INCREASE OVER SIMILAR PERIOD FOR 1946, ACCORDING TO THE REPORT OF THE DIRECTOR, DAVID J. BRICKLEY, AS SUBMITTED TO THE MAYOR—TOTAL OF 372 CASES WITH SUM OF \$38,002.94 EXPENDED—INCREASE SHOWS 101 WORLD WAR I CASES AND 269 OF WORLD WAR II—BALANCE FOR OTHER WARS.

Relief expenditures for the month of May show an increase of 372 cases and \$38,002.94 in money over the same period of 1946, according to the report of the Director of Veterans' Services, David J. Brickley, as submitted on June 12. There was an increase of 101 cases of World War I applicants at an expenditure of \$7,873.96, and an increase of 269 cases of World War II applicants at an expenditure of \$14,523.50.

The following is the report of the Director of Veterans' Services, David J. Brickley, to the Mayor for the month of May, 1947:

BOSTON, June 12, 1947.

HON. JAMES M. CURLEY, *Mayor*.

DEAR SIR,—I have the honor to submit the report of the Department of Veterans' Services for the month of May, 1947.

Expenditures for May, 1947.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, June 23, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

To THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending June 14, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 161; nonresidents, 58; total, 219.

Death rate per 1,000 of population: All deaths, 14.86; nonresidents deducted, 10.92.

Death rate per 1,000 of population:

Last week, 14.72; corresponding week last year, 15.20.

Deaths by age periods, sex, etc.: Under one year, 17; one year to four years, inclusive, 5; sixty years and over, 111; Total deaths: Male, 123; female, 96; deaths in hospitals and institutions, 137.

DEPARTMENT OF VETERANS' SERVICES IN MONTHLY REPORT TO MAYOR CURLEY SHOWS INCREASE OF 372 CASES OVER SAME PERIOD OF LAST YEAR.

(Continued from page 765.)

Relief expenditures for May, 1947, show an increase of 372 cases and \$38,002.94 in expenditures as compared to the corresponding period in 1946. A World War I comparison shows an increase of 101 cases and \$7,873.96 in expenditures, and a World War II comparison exhibits an increase of 269 cases and \$14,523.50 in costs as compared to May, 1946. The Emergency Item (payments made to beneficiaries of all wars) shows an increase of \$14,207.15 as compared to May, 1946. The increase in costs for all wars is caused not only by the larger case load than in 1946, but also by the all-inclusive increase in budgetary allowances to all cases as a result of the provisions of chapter 584 of the Acts of 1946 which directs that the City of Boston shall disburse veterans' benefits as specified by the Commonwealth. The budget for all cases was increased on January 1, 1947, and effective April 1, 1947, another over-all increase in budgetary allowances was allowed. The increase is apparent in this report which shows that only 8 more cases were aided in May as compared to April, 1947, while expenditures were increased by \$7,566.25.

The 1,115 cases aided during the month of May, 1947, represent a total of 2,487 individuals benefited through the facilities of this department. There were 177 cases dropped from these rolls during the month of May, 1947, chiefly because of the acceptance of private employment.

CLASSIFICATION OF CASES AIDED DURING MAY, 1947.

	Civil War	Indian War	Spanish War	Mexican War	World War I	World War II
Unemployable veterans.....	0	0	7	1	221	163
Employable veterans.....	0	0	0	0	100*	259*
Wives.....	0	0	0	0	0	19
Widows.....	17	4	58	1	123	15
Children.....	3	0	0	0	16	2
Mothers.....	0	0	0	0	15	66
Fathers.....	0	0	0	0	3	22
	20	4	65	2	478	546

* Of the 359 employables (World War II, 259, and World War I, 100), 70 were dropped from these rolls during May because of employment and other reasons. The majority of the 289 employable veterans still remaining on the rolls are either temporarily unfit physically because of service-connected disabilities or unable to secure satisfactory positions in private enterprise.

ORIGINAL APPLICATIONS.

Carried forward from preceding month.....	44
Original applications for veterans' benefits during May....	151
Original applications granted veterans' benefits during May....	98
Original applications rejected during May.....	51
Original applications referred to other cities and towns.....	6
Investigations not completed.....	40

REAPPLICATIONS.

Carried forward from the preceding month.....	27
Reapplications for veterans' benefits during May.....	209
Reapplications granted veterans' benefits during May.....	125
Reapplications rejected during May.....	75
Reapplications referred to other cities and towns.....	3
Investigations not completed.....	33

During the month of May, 1947, this department collected \$245.85 which represents refunds by former beneficiaries who were found to have drawn aid under circumstances which required the repayment of same to the City of Boston.

Respectfully submitted,

DAVID J. BRICKLEY,
Director.

TO PROTECT HEALTH DEPARTMENT PROPERTY.

Dr. John H. Cauley, Health Commissioner of Boston, reported that several of the Health Unit buildings in Boston have suffered considerable damage from recent widespread acts of vandalism. Already this year, many hundreds of dollars have been expended to repair broken windows in the Health Units. Additional damage to walls, doors, fences and grounds continue to keep maintenance costs for these public buildings far in excess of normal wear. These funds, which could be used to excellent advantage for increased health or recreation services, must continually be earmarked for repair and restoration of facilities wantonly destroyed by youthful vandals.

Doctor Cauley suggests that a short lesson in arithmetic, parent-child fashion, punctuated with a few stern admonitions, ought to go far toward lowering these figures of destruction. It may be, however, that these appalling indications of juvenile delinquency will continue to exist until parents themselves realize that they are directly responsible for the maintenance costs of municipal property. It seems hardly likely that any child would deliberately break a window or carve up a door if he knew that Dad were footing the bill.

Steps to protect Health Department property have been taken by Doctor Cauley who has called this condition to the attention of the Police Department which, in turn, has promised its support. In addition, the attention of all parents and residents of the city, particularly those living in the vicinity of a Health Unit or other public building, is called to this serious situation and their whole-hearted cooperation is earnestly asked in this drive against vandalism by reporting such acts to the local police—or better still, by giving their children a few home lessons in the preservation of property. The latter is by far the more effective and less painful to all concerned.

CIRCULAR LETTER NO. 10.

CITY OF BOSTON,
MAYOR'S OFFICE, June 10, 1947.

To the Heads of All City Departments.

GENTLEMEN,—In accordance with custom, you are authorized to grant leave of absence to employees in your department who are duly accredited delegates or alternates to the annual encampment of the State Department, Veterans of Foreign Wars, on June 26, 27, 28 and 29, 1947.

Respectfully,
JAMES M. CURLEY, Mayor.

CIRCULAR LETTER NO. 11.

CITY OF BOSTON,
MAYOR'S OFFICE, June 14, 1947.
To Heads of Departments and Officials.

GENTLEMEN,—The State Convention of the American Legion will be held in Boston on July 17, 18, and 19, and the National Convention of the American Legion will be held in New York on August 25-31.

In accordance with custom, you are hereby authorized to grant leave of absence without loss of pay to employees who may be duly elected delegates or alternates to either, or both, of these conventions.

Respectfully,
JAMES M. CURLEY, Mayor.

DETOUR TRAFFIC AT HUNTINGTON AVENUE OVERPASS.

On Tuesday, June 10, due to the resurfacing of Jamaica way between Huntington Avenue overpass and Jamaica way by the Park Department, it has been necessary to detour traffic. It is estimated that the work will require three to five weeks, and Commissioner Leo P. Curley advises that motorists use alternate routes whenever possible.

MAYOR CURLEY'S OFFICIAL FAMILY SEND HIM MESSAGE OF CHEER.

Mayor Curley's office staff and some of the friends who chanced to be present when the letter was drafted have joined in sending him a message of cheer to his hospital bedside. The letter in which they express their sympathy reads as follows:

CITY HALL,
School Street,
BOSTON, June 18, 1947.

HON. JAMES M. CURLEY, *Mayor of Boston*,
Cohasset Hospital, Cohasset, Mass.

BELOVED MAYOR,—We, members of your official family, devoted to you, wish you to know that we are thinking, hoping and praying for you.

The Merciful God above, who appreciates the things you have done for you fellow men, women and children during your marvelous public career, will, we hope, listen to our prayers, restore you to your customary health and vigor so that you may come back very soon, and be the help and inspiration of the City of Boston, of the Commonwealth of Massachusetts, and of our Nation, as you have always been.

There is sadness in our hearts just now. We feel sure it will not be of long duration. We love you, Your Honor, and Your Excellency.

Your official family,

Helen Gilmore

QUINCY MARKET HOURS EXTENDED.

The Mayor has approved the following request of the Public Buildings Department:

BOSTON, April 29, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I am in receipt of a petition signed by 22 tenants of Quincy Market in which they request permission to remain open on Friday evenings until 9 p. m., starting May 2, 1947.

They point out that it is their considered opinion that it would greatly improve the retail business of the market to remain open Friday nights and at the same time satisfy a demand of regular customers.

In accordance with conditions of new leases the time of opening and closing is determined by the Superintendent of Public Buildings. With conditions such as they are now and competition from chain stores being as sharp, I feel that any assistance we can give these tenants should be extended.

It is my opinion that the petition of these 22 tenants should be granted, namely, to remain open Friday nights until 9 o'clock p. m.

May I have your advice in this matter?

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

LEASE AMENDED.

The Transit Department has been allowed to amend a lease of premises in the Old South Building at 294 Washington street.

The amendment provides for an extension of our office space in Rooms 353 and 354 and the adjoining corridor space in front of said rooms as shown on a plan marked "Scheme A." Our present office space of 6,625 square feet is enlarged to 7,757 square feet.

The annual rental in the amendment is increased from \$12,000 to \$13,680. It is provided that the increased rental shall not start until the premises are ready for occupancy.

MISS BIRMINGHAM'S ASSERTION CONTROVERTED AS UTTERLY UNTRUE.

The following is a statement by Leo Curley, Traffic Commissioner:

The story that appeared in the afternoon papers of June 13, quoting Miss Florence Birmingham as saying that the drive by the friends of James M. Curley is an attempt to coerce or contravene justice, is entirely untrue. Miss Birmingham has long been a political opponent of the present Mayor of Boston. The transmittal of signatures to a judge in the disposition of an important case is not without precedent. There is no attempt to coerce the judge into deciding that which he thinks is just. Miss Birmingham's statement is not only untrue, but is without basis in judicial procedure.

NO DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of a part of Highland avenue, Roxbury district, as a highway, at its junction with Centre street, under the order of the Board of June 2, 1947, and awards no damages therefor.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John Deveney Company has been directed to omit and substitute the following work under the contract for laying bituminous concrete pavement in West Cedar street and Pinckney street, dated October 8, 1946. Items ordered: Omit the laying of 41,600 square feet of artificial stone sidewalks and driveways at 28 cents per square foot (Item 9A of contract) and substitute the relaying of 42,000 square feet of brick sidewalks at 53 cents per square foot. Estimated cost of substituted work, \$22,260; estimated cost of omitted work, \$10,816; estimated increase in cost, \$11,444.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

The following-named have been appointed as permanent men on probation at \$2,000 a year:

Bernard A. O'Rourke, 85 Old Harbor street, South Boston; Malcolm E. Foley, 82 F street, South Boston; William R. Tehan, 284 Bowen street, South Boston; John J. O'Donnell, 428 Park street, Dorchester; Francis J. Muldoon, 56 Nonantum street, Brighton; William J. Kane, 159 Boston street, Dorchester; Robert J. Matthews, 5 Ashmont park, Dorchester; Louis G. Paulino, 72 Perthshire road, Brighton; Vincent J. Pascucci, 94 Walnut street, Neponset; Joseph R. Williams, 9 Linden Park street, Roxbury; Oscar Backer, 32 Thane street, Dorchester; Edwin J. Farley, 59 Edson street, Dorchester.

The following-named provisional firemen, now employed, have been appointed men on probation:

Francis J. Gilday, Ladder Company 10, \$2,000 a year.

George E. Thompson, Engine Company 36, \$2,400 a year.

Walter J. Buckley, Ladder Company 9, \$2,000 a year.

Frederick J. Collins, Ladder Company 27, \$2,000 a year.

George M. Wade, Ladder Company 24, \$2,400 a year.

Paul V. Manning, Engine Company 1, \$2,400 a year.

John V. Donovan, Ladder Company 13, \$2,000 a year.

Robert K. Waggett, Engine Company 48, \$2,400 a year.

Thomas J. Hanley, Engine Company 25, \$2,000 a year.

Renzo R. Santangelo, Engine Company 1, \$2,000 a year.

Walter W. Corwin, Jr., Engine Company 32, \$2,000 a year.

John R. Cornish, Ladder Company 29, \$2,000 a year.

Robert W. Nelson, Ladder Company 30, \$2,400 a year.

Corporation, 172 Newbury street, Boston, \$7,497; Pettingell-Andrews Company, Inc., 367 Boylston street, Boston, \$7,621.

Upon the advice of the Director the Trustees voted "that there be awarded to Camac Company, 30 Huntington avenue, Boston, the lowest qualified bidder in the public bidding, the contract for furnishing certain table lamps for the Central Library in the amount of \$4,697."

Your permission is respectfully requested to award this contract to the Camac Company in the amount indicated above.

Yours very truly,

THE TRUSTEES OF THE PUBLIC
LIBRARY OF THE CITY OF BOSTON.

FRANCIS B. MASTERSON,
President.

PENAL INSTITUTIONS DEPARTMENT.

Upon May 21 the Mayor approved a contract as requested in the following letter:

BOSTON, May 19, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—On May 12, 1947, bids were publicly opened and read for a new heating system at the House of Correction, Deer Island, Special Appropriation. Bids were received as follows:

Ricciardelli Company, \$14,317. Removing the existing hot water generator and furnishing and installing a new hot water generator complete, \$660. Total bid, \$14,977.

J. W. Praught Company, \$14,419. Removing the existing hot water generator

and furnishing and installing a new hot water generator complete, \$895. Total bid, \$15,314.

In view of the fact that the lowest bidder, the Ricciardelli Company, informed the writer today that it would take at least four months to complete this job, with a possible delay in securing what he called "black pipe" (which will be hard to secure), I recommend that this contract be placed with the J. W. Praught Company of 1049 Dorchester avenue, the highest bidder, in the sum of \$15,314, which is only \$337 over the lowest bidder, with a guarantee that the job be started immediately and will be completed in four months, according to his attached letter dated May 17, 1947.

It is very important that the heating should be connected and working not later than October 1, 1947.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

Upon June 9 the Mayor approved a contract with John T. Bradley for painting work at the West Roxbury Court House. Bids, opened June 4, were as follows:

John T. Bradley, \$3,941; C. Dale Garbutt, Inc., \$4,230; H. Piken & Co., \$4,300; John D. Ahern, \$4,382; Bedford Painting and Decorating Company, \$4,580; George J. Bartley Company, \$4,665; Patrick J. Sullivan, \$4,960; Nicholas Bello, \$5,150; M. L. McDonald Company, \$5,167.

(Continued on page 772.)

CONTRACTS AWARDED.

(Continued from page 771.)

SUPPLY DEPARTMENT.

Upon May 26 the Mayor approved a contract as requested in the following letter:

BOSTON, May 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On May 9, 1947, bids on proposals for furnishing tollman-guard uniforms to the Summer Traffic Tunnel were publicly opened and read in this office. Following is a list of bids received.

It is respectfully requested that permission be granted me to award an order to the Faneuil Tailoring Company, Inc., 10 and 11 Faneuil Hall square.

The total amount of the order is \$1,344.75, with a cash discount of one half of 1 per cent for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

33 Uniforms, Each.—Davis Clothing Company, \$38.50; M. Linsky & Brothers, \$40; Faneuil Tailoring Company, Inc., \$37.50.*

33 Hats, Each.—Davis Clothing Company, \$3; M. Linsky & Brothers, \$3; Faneuil Tailoring Company, Inc., \$3.25.*

Cash Discount.—Davis Clothing Company, one half of 1 per cent; M. Linsky & Brothers, 1 per cent; Faneuil Tailoring Company, Inc., one half of 1 per cent.

Total.—Davis Clothing Company, \$1,369.50; M. Linsky & Brothers, \$1,419; Faneuil Tailoring Company, Inc., \$1,344.75.

* Contract awarded.

Upon June 9 the Mayor approved a contract with the McGee Paint and Varnish Company for furnishing Prismo traffic paint to the Traffic Commission. Bids, opened June 2, were as follows:

1,200 Gallons Prismo White Traffic Paint, Per Gallon.—McGee Paint and Varnish Company, \$4.40*; William C. Kelliher Company, \$4.73.

Cash Discount.—McGee Paint and Varnish Company, one half of 1 per cent; William C. Kelliher Company, net.

Total.—McGee Paint and Varnish Company, \$5,280; William C. Kelliher Company, \$5,675.

* Contract awarded.

Upon June 9 the Mayor approved a contract with the Somerville Machine and Foundry Company for furnishing and delivering composition castings to the Water Service of the Public Works Department. Bids, opened June 2, were as follows:

2,500 Pounds No. 1 Castings, Per Pound.—Somerville Machine and Foundry Company, 46 cents*; Atlantic Pattern and Model Works, 51.75 cents.

4,000 Pounds, No. 2 Castings, Per Pound.—Somerville Machine and Foundry Company, 43 cents*; Atlantic Pattern and Model Works, 49.75 cents.

300 Pounds No. 3 Castings, Per Pound.—Somerville Machine and Foundry Com-

pany, 39 cents*; Atlantic Pattern and Model Works, 45.75 cents.

Total.—Somerville Machine and Foundry Company, \$2,987; Atlantic Pattern and Model Works, \$3,421.

* Contract awarded.

Upon June 9 the Mayor approved a contract with P. J. O'Donnell Company, Inc., for furnishing street sweeper carts to the Public Works Department. Bids, opened May 27, were as follows:

24 Carts, Tarco No. 17, or Equal, With No. 105 Tarco Cans, Each.—P. J. O'Donnell Company, \$57.89*; C. J. McCarty Company, Inc., \$60.49; \$57.05, alternate bid.

Total.—P. J. O'Donnell Company, \$1,389.36; C. J. McCarty Company, Inc., \$1,451.76; \$1,369.20, alternate bid.

Cash Discount, Ten Days.—P. J. O'Donnell Company, 2 per cent; C. J. McCarty Company, Inc., net; net, alternate bid.

Net Total.—P. J. O'Donnell Company, \$1,361.57; C. J. McCarty Company, Inc., \$1,451.76; \$1,369.20, alternate bid.

* Contract awarded.

WITHOUT ADVERTISING.

SUPPLY DEPARTMENT.

The Mayor has approved the award of a contract, without advertising, in accordance with the following request:

BOSTON, May 16, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to award a contract, without public advertisement, to the Burroughs Adding Machine Company, 40 Broad street, Boston, for the following:

Three Burroughs Budgetary Accounting Machines, Style 78 06 78, at \$2,500 each, \$7,500; less 10 per cent government discount at \$250 each, \$750—\$6,750; less trade-in allowance on three machines at \$200 each, \$600; total, \$6,150.

In 1935, three Burroughs Budgetary Accounting Machines were installed in the Auditor's office after a comprehensive survey in which a number of like machines of various manufacture were examined. Therefore, in my opinion there would be no advantage in public advertising. Following is a copy of a letter from the City Auditor to this office.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Auditing Department.

BOSTON, May 15, 1947.

WILLIAM I. ROSE, Superintendent, Supply Department, 1001 City Hall Annex, Boston, Mass.

DEAR SIR,—In 1935, three Burroughs Budgetary Accounting Machines were installed in this office after a comprehensive survey in which a number of like machines of various manufacture were examined. These machines have been in constant use for the past thirteen years and it is now apparent, in view of increased mechanical difficulties which we are experiencing, that consideration should be given to their replacement. In view of the satisfactory service which has been secured from the machines, and the fact that our present corps of operators are familiar with the operation of this particular make, I feel that nothing would be gained by public advertising. The quotation which I have

recently received will expire at the end of this month, and I am advised that a price advance will then take place. I would appreciate, therefore, if arrangements can be made to issue the necessary purchase order on or before the expiration of the inclosed offer.

Very truly yours,

CHARLES J. FOX,
City Auditor.

ADDITIONS TO CONTRACTS.

FIRE DEPARTMENT.

Approval has been given for the following additions to the contract of James S. Kelliher, dated April 8, 1947, for alterations and additions to Engine House 41, located at 16 Harvard avenue, Brighton:

Addition No. 1.—Furnish labor and material to construct new watch room and doors, \$2,980.

Addition No. 2.—Furnish labor and material to lower new main floor slab back to grade of original wood floor, \$722.

Addition No. 3.—Furnish labor and material for installation of new closets on second floor, \$495.

Total additions, \$4,197; original contract, \$18,471; total contract, \$22,668.

Originally no work was contemplated on the first floor other than enclosing the present watch room and patrol desk and the existing stairs to the second floor and installing new concrete floor slab. Both the stairway and the present watch room overlap the door opening approximately two feet. Since the design of new fire apparatus is wider than that in previous years, the amount of free area for backing in and out of the station is greatly reduced; therefore, it is suggested that the watch room be eliminated entirely from the main floor area and a new watch room be built outside the building as has been done in other fire stations. A new pedestrian door must also be cut on the right-hand side of the building, and a window will be installed where the present small door is located.

After the contractor had ripped out a portion of the existing wall and exposed the brick bearing walls, it was found that it would be possible to lower the new concrete slab back to the grade of the original wood floor, which is approximately six inches below the existing concrete topping. Lowering the slab in itself is a relatively simple construction change. However, the existing floor drainage system will have to be lowered to meet the new floor grade. With the lowering of the main floor, the ramp outside the building will have to be torn up and a new ramp installed to meet the new floor grade. The new overhead doors originally specified will have to be increased in height by six inches to meet the new over-all opening.

Because of the fact that additional men are housed in this fire station as a result of the 48-hour work week, eight additional closets are required for officers in which to store their clothing and other equipment.

Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

Approval has been given for the following addition to the contract of General Ship and Engine Works, Inc., for conversion of two former AMc type naval vessels for use as fireboats. The contract is dated December 2, 1946.

Addition No. 5.—Furnish labor for examining and reconditioning the main

engine of N. V. "Marabout" (AMc 50) as follows: Remove all cylinder heads, valves, and valve cages, and place under hydrostatic test. (All valves to be ground as per previous contract.) If part shows defect, it is to be replaced. Remove all pistons, clean up ring grooves, inspect wrist pin assembly, check, and recondition where needed. Examine cylinder liners but do not remove unless necessary to replace. All connecting rod and main bearings to be removed, and replaced with proper clearance (as specified in engine catalogue). Restore journals to smooth and proper condition. Open and inspect condition of main thrust bearing, clean out, and restore to working condition. Remove inspection plate, etc., examine condition of forward crankshaft ball-bearing assembly, and replace, if necessary. Check condition of salt water circulating pump and its drive assembly, and recondition, if necessary. Inspect maneuvering and throttle control mechanism and replace in proper working condition, if necessary. Test Bosch injection fuel pumps. If in good condition, replace; if not, send to Bosch Company for overhaul. Inspect air starting system, and recondition, if necessary. Any parts needing replacement will be supplied by Boston Fire Department. While engine is opened, check alignment of crankshaft. All spare parts are to be delivered by the Boston Fire Department.

Total additions, \$4,400; original contract, \$168,600; total additions Nos. 1, 2, 3, 4, dated April 28, 1947, \$3,327; total contract, \$176,327.

Opening up, repairing, and reconditioning of propelling engines were not included in the original contract, but inasmuch as the engines of both boats have not been operated for several months, it was necessary to open them up. After opening, it was found that extensive work was necessary on Superior Engine No. 10695 on the N. V. "Marabout" (AMc 50) as detailed above.

Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

LIBRARY DEPARTMENT.

Approval has been given for an addition to the contract entered into on January 23, 1947, with the New England Deposit Library for the rental in 1947 of storage space therein for books and other library materials belonging to the Boston Public Library in the amount of \$6,375. The addition to the existing contract will be in the amount of \$928.13.

As originally written for 1947, the contract did not cover enough space to meet the existing needs of the Boston Public Library for such storage space, but there was unfortunately no further space left at the New England Deposit Library. Since the contract was written in January, a small amount of space has been relinquished by another of the "participating institutions." This is the last space which will become available at the Deposit Library, inasmuch as all space on all floors will now be rented and used for book storage. To protect the interests of the Boston Public Library in its need for additional storage space, we have made arrangements to have this small space held for us pending your approval.

The additional amount of space being contracted for is in connection with the necessity of moving additional items into storage space in the New England Deposit Library from the Central Library for the

period beginning April 1, 1947. The items to be temporarily stored at the New England Deposit Library represent an additional number of books and other library materials which are infrequently consulted at the Central Library and which are therefore being moved to the New England Deposit Library in order that certain reallocations of departmental space may be accomplished in the Central Library building for the purpose of improving library service to the public.

The New England Deposit Library was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. In this legislation the Boston Public Library is named as a "participating institution" in company with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society, and other libraries, for the purpose of providing storage space for books and other library materials that are less used than others, and for which difficulties exist in finding storage space in existing crowded buildings. The "participating institutions" share cooperatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "participating institutions."

Your approval is therefore respectfully requested for making an addition in the amount of \$928.13 to the contract covering the library's rental of space with the New England Deposit Library during the current fiscal year.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract made November 19, 1946, with Art Metal Construction Company, for installation of book shelving, etc., Nurses' Library, Vose House, Boston City Hospital, from February 17, 1947, to April 15, 1947.

This extension is requested because of delay in delivery of the equipment called for in the contract.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the requests of the several departments interested for the transfer of appropriations as indicated in the following letters:

FIRE DEPARTMENT.

BOSTON, May 23, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Your Honor's approval has been given for the following amendment in the 1947 Fire Department budget:

10 engineers, Motor Squad, at \$2,900 a year, should be changed to read: 11 engineers, Motor Squad, at \$2,900 a year.

1,513 privates at \$2,000-\$2,700 a year, should be changed to read: 1,512 privates at \$2,000-\$2,700 a year.

The foregoing amendment is necessary in order to allow for the appointment of one additional engineer in the Motor Squad of this department under the forty-eight-hour work week so that the work of this Squad can be carried on in an efficient and proper manner.

This matter is more fully explained in my letter to your Honor of May 22 re-

questing the promotion of two firemen to the position of engineer, Motor Squad.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, April 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your approval of an allotment of \$20,000 to be made from the down-payment appropriation provided in the budget for "Construction of Buildings."

It appears that this amount will be needed to meet the hospital share of architects' fees in connection with the erection of the new surgical building and the new nurses' home. It appears that a Federal Grant will meet the balance of the architects' fees which will be approximately \$45,000.

The amount included in the regular hospital budget request for 1947 for these fees was eliminated when the final figures were submitted. Therefore, I respectfully request an allotment of \$20,000 under the heading as listed above.

Very truly yours,

JAMES W. MANARY, M. D.,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 12, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to transfer Sanitary Division funds as follows:

From D-4, Forage and Animal, \$20, to D-5, Medical, Surgical, Laboratory, \$20.

To assist in payment for purchase of iodine swabs, ammonia inhalers, iodine, boric acid ointment, burn ointment and adhesive compress, amounting to approximately \$70. There is \$50 in this item at the present time.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

STREET LAYING-OUT DEPARTMENT.

BOSTON, May 26, 1947.

To the Mayor of Boston.

SIR,—In accordance with the provisions of section 3B of the amended City Charter and for the reasons as below explained, approval is requested for the following transfer of appropriations:

From the appropriation for D-11, Gasoline, Oil, Grease, \$100, to the appropriation for B-14, Garage, Rental, Repairs, \$100.

The Board of Street Commissioners respectfully requests a transfer of \$100 from the appropriation D-11, Gasoline, Oil, Grease, to the Item B-14, Garage, Rental, Repairs, to cover an expenditure for repairs to automobile of the department, and for any care that may be necessary for the balance of the year.

Respectfully,

CHARLES E. MANION,
Chairman.

BOSTON, May 27, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Street Commissioners respectfully requests the following change in the budget estimates of the Street Laying-Out Department for the year 1947:

2 engineers, Grade V, \$3,700 a year, to 2 engineers, Grade V, \$4,000 a year.

Very truly yours,

CHARLES E. MANION,
Chairman.

FIRE DEPARTMENT ORDERS.

General Order No. 42.

I. ASSIGNMENT OF PROVISIONAL FIREMEN.

The following-named will be assigned as provisional firemen in this department, to become effective at 8 a. m., Wednesday, June 18, 1947:

Hazen A. Chalmers, Jr., to Ladder Company 21.

Peter F. Coleman, Jr., to Ladder Company 25.

Charles G. Duclos to Engine Company 28.

George W. Girvan, Jr., to Ladder Company 16.

Harold B. Goff, Jr., to Engine Company 28.

Sefton H. Granada to Engine Company 13.

John F. Grimes to Ladder Company 17.

John J. Kennedy to Engine Company 36.

Louis C. Liberatore to Engine Company 40.

Michael J. Linehan to Engine Company 37.

Vincent J. McDonough to Ladder Company 8.

Philip J. McGillen to Engine Company 34.

Edward J. Riley to Engine Company 40.

Herman L. Ruark to Engine Company 31.

Leo A. Ryan to Engine Company 27.

John F. Shannon to Ladder Company 5.

Roy J. Stanley to Ladder Company 9.

Julius C. Sutton to Engine Company 40.

Henry J. Welz to Ladder Company 15.

The foregoing-named provisional firemen shall report to the Drill Yard, at Bowdoin square, at 1 p. m., Wednesday, June 18, 1947.

These candidates, upon completion of Drill School, will receive five days of instructions at the Fire School, East First and I streets, South Boston. They will not work nights, with the exception of Saturday nights. They will be off duty on Sunday. They will resume their regular work schedule with their assigned companies the day following the completion of their course at the Fire School.

II. TRANSFERS.

The following transfers will become effective at 8 a. m., Wednesday, June 18, 1947:

Hoseman James E. Welch, from Engine 40 to Engine 51.

Hoseman John F. Healey, from Engine 28 to Engine 53.

Hoseman Frank L. Loring, from Engine 53 to Engine 20.

Ladderman William J. Sliney, from Ladder 16 to Engine 28.

Ladderman George D. Kellen, from Ladder 20 to Engine 1.

Ladderman Robert A. Gaughran, from Ladder 30 to Ladder 25.

M. O. P. Leo P. Trainor, from Engine 34 to Engine 18.

M. O. P. Thomas C. Riley, from Ladder 28 to Ladder 4.

P. F. John J. O'Connor, from Engine 40 to Ladder 3.

P. F. John F. Gallagher, Jr., from Ladder 4 to Engine 12.

III. PROMOTION.

The following promotion, which became effective at 8 a. m., June 11, 1947, is hereby announced:

Apparatus Operator James W. McQuaide, Headquarters, to Aide to Medical Examiner.

IV. INSTALLATION OF NEW FIRE ALARM BOX.

In the near future a fire alarm box will be installed in the Robert Breck Brigham Hospital, in the proximity of the telephone switchboard. This box will be designated as follows:

12-2375, Robert Breck Brigham Hospital, 125 Parker Hill avenue, Roxbury.

Company commanders shall add the above box to assignment card for Box 2375.

V. COAL FOR WINTER SEASON.

Company commanders are requested to forward to Headquarters, on Form 5, on or before June 25, 1947, the amount and kind of coal required in their respective stations for the winter of 1947-48.

VI. A. D. T. ASSIGNMENT.

Company commanders are requested to add the following signal number to running cards of the A. D. T. Company in this department:

Signal 721, Paris Paper Box Company Inc., Rusfield street. (Sprinkler.) Apparatus to respond: Engine 12, Ladder 4, District Chief 9. Nearest box is 3116.

VII. G. A. C. ASSIGNMENT AND DISCONTINUANCE.

Company commanders shall add the following signal numbers to the running card of the General Alarm Corporation in this department:

Washington Fur Storage, 647 and 649 Washington street, Dorchester: Signal 318, vault No. 1 left, first floor. (Smoke detector.) Signal 319, vault No. 2 right, first floor. (Smoke detector.) Signal 321, left side of ramp leading to garage. (Sprinkler.)

Apparatus to respond to foregoing signals: Engine 46, Ladder 27, District Chief 14. Nearest box is 3365.

Hoseman David F. Sheehan of Engine Company 52 is hereby commended for responding to and working at fire, Box 3343, on June 1, 1947, while off duty.

By order of Acting Fire Commissioner
NAPEEN BOUTILLIER.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

PROCEEDINGS OF SCHOOL COMMITTEE.

Apr. 30, 1947.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 3.15 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, Ward, and White.

ANNUAL APPROPRIATION ORDERS

The following communication was received:

CITY OF BOSTON
OFFICE OF THE MAYOR
CITY HALL

April 18, 1947.

To the School Committee:—

Gentlemen:—

I have considered appropriation orders adopted by you at a meeting held on Friday, April 4, 1947, providing for the appropriation under the provisions of existing law of the following amounts for the fiscal year 1947.

a—For the construction and furnishing of new school buildings, etc.	\$378,350.00
b—For the alteration and repair of school buildings, etc.	1,257,145.73
c—For all other school purposes	18,639,639.26

I have also considered your request dated April 7, 1947 for an additional appropriation in the sum of \$125,000.00, which amount "apparently was omitted from

Chapter 226 of the Acts of 1947" with relation to teachers' salaries for the current fiscal year.

I have received a report based on a complete survey of the appropriations adopted at your meeting of April 4, 1947 from which it would appear that reductions totaling \$725,000.00 may be made in said appropriations without seriously impairing the conduct and maintenance of the School Department for the current fiscal year. In the belief that you should have sufficient latitude to put into effect the full schedule of increases, which it was originally contemplated would be possible under the provisions of Chapter 226 of the Acts of 1947, I have approved eight items as adopted by you, disapproved in part twelve items, and disapproved in whole two items. The effect of said action will result in an overall reduction in the total of the orders adopted by you of \$600,000.00 I am thus allowing to remain within your appropriations surpluses totaling \$125,000.00 with the definite understanding that your Honorable Body will subsequently take appropriate action to make such surpluses available for the payment of the full salary schedule to teachers contemplated under the provisions of Chapter 226 of the Acts of 1947.

The following schedule indicates by specific items the action taken by me.

	School Committee Appropriations	Appropriations Approved by Mayor	Appropriations Disapproved by Mayor
a. For the construction and furnishing of new school buildings, etc.			
Item 1. Rent of Hired Accommodations	\$10,350.00	\$9,270.00	\$1,080.00
Item 2. Lewis District, Roxbury Grading & preparing land, etc.	18,000.00	—	18,000.00
Item 3. Bennett District, Brighton Construction & furnishing of addition to Garage, Brighton High School	350,000.00	—	350,000.00
Totals	\$378,350.00	\$9,270.00	\$369,080.00
b. For the alteration and repair of school buildings, etc.			
A. Administration Expenses, Salaries	\$237,160.00	\$232,160.00	\$5,000.00
B. Administration Expenses, Office Expenses, etc.	15,450.00	15,450.00	—
C. Alterations, Furniture & Equipment, etc.	60,000.00	34,100.00	25,900.00
E. General Alterations & Repairs	944,535.73	919,535.73	25,000.00
Totals	\$1,257,145.73	\$1,201,245.73	\$55,900.00
c. For all other school purposes			
Salaries of administrative officers, etc.	\$610,830.67	\$597,639.43	\$13,191.24
Salaries of supervisors of attendance	105,820.00	105,820.00	—
Salaries of principals, teachers, etc.	13,360,111.22	13,360,111.22	—
Salaries of custodians	1,221,806.30	1,175,127.54	46,678.76
Salaries of school medical aids	33,061.60	33,061.60	—
Fuel and light, etc.	661,554.67	655,966.87	5,587.80
Supplies, equipment & other items	872,154.38	871,004.38	1,150.00
Pensions to veterans	77,334.36	77,334.36	—
Pension to janitress-matron	432.00	432.00	—
Cafeterias—salaries, supplies, etc.	752,070.32	677,070.32	75,000.00
Promoting Americanization, etc.	14,953.80	14,253.80	700.00
Vocational Guidance	54,537.03	54,537.03	—
Physical Education	506,430.74	482,370.54	24,060.20
Salaries of school physicians, nurses, etc.	271,050.00	271,050.00	—
Extended use of the public schools	97,492.17	88,840.17	8,652.00
Pensions to teachers	—	—	—
Totals	\$18,639,639.26	\$18,464,619.26	\$175,020.00
Recapitulation			
a. Land and Buildings for Schools	\$378,350.00	\$9,270.00	\$369,080.00
b. Alterations and Repairs	1,257,145.73	1,201,245.73	55,900.00
c. School Purposes	18,639,639.26	18,464,619.26	175,020.00
Totals	\$20,275,134.99	\$19,675,134.99	\$600,000.00

Respectfully,
(Signed) JAMES M. CURLEY,
Mayor

Placed on file.

The Committee proceeded to consideration of the several items in the appropriation for Land and Buildings, as follows, the Chairman explaining that four affirmative votes are necessary to pass an

appropriation over the veto of the Mayor.

LAND AND BUILDINGS FOR SCHOOLS

Item 1—Rent of Hired Accommodations

Secretary: Notwithstanding the veto of the Mayor shall the School

Committee appropriation of \$10,350 stand?

On roll call, the members respectively voted as follows:

YEAS—0

NAYS—Messrs. Foley, McDevitt, Norton, Ward, and White—5

Item 2—Lewis District. Roxbury: Grading and preparing land for use in connection with physical education program including military drill, Roxbury Memorial High School (Girls)

Secretary: Notwithstanding the veto of the Mayor shall the School Committee appropriation of \$18,000 stand?

On roll call, the members respectively voted as follows:

YEAS—Mr. Ward—1.

NAYS—Messrs. Foley, McDevitt, Norton, and White—4.

Item 3—Bennett District, Brighton: Construction and furnishing of addition to garage, Brighton High School.

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$350,000 stand?

On roll call, the members respectively voted as follows:

YEAS—Mr. Ward—1.

NAYS—Messrs. Foley, McDevitt, Norton, and White—4.

The Committee proceeded to consideration of the several items in the appropriation for alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards.

ALTERATION AND REPAIR OF SCHOOL BUILDINGS

Item A—Administration Expenses, Salaries.

Secretary: Notwithstanding the veto of the Mayor shall the School Committee appropriation of \$237,160 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton, and White—3.

NAYS—Messrs. Foley and Ward—2.

Item B—Administration Expenses, Office Expenses and Other Items. This item has been approved by the Mayor in the sum of \$15,450 as originally appropriated by the School Committee.

Item C—Alterations, Furniture and Equipment for special educational needs.

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$60,000 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton, and White—3.

NAYS—Messrs. Foley and Ward—2.

Item E—General Alterations and Repairs.

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$944,535.73 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton and White—3.

NAYS—Messrs. Foley and Ward—2.

The Committee proceeded to consideration of the several items in the appropriation For General School Purposes.

FOR GENERAL SCHOOL PURPOSES

Salaries of Administrative Officers, Clerks, Stenographers and Other Employees.

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$610,830.67 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton and White—3.

NAYS — Messrs. Foley and Ward—2.

Salaries of Supervisors of Attendance—This item has been approved by the Mayor in the sum of \$105,820 as originally appropriated by the School Committee.

Salaries of Principals, Teachers, Members of the Supervising Staff and Others—This item has been approved by the Mayor in the sum of \$13,360,111.22 as originally appropriated by the School Committee.

In connection with the item for salaries of principals, teachers, members of the supervising staff and others, Dr. Foley pointed out that in accordance with the suggestion of His Honor, the Mayor, this item contains a reserve item of \$61,908.20 which will be applied to the sum of \$125,000 for increasing salaries as contemplated by Chapter 226 of the Acts of 1947.

Salaries of Custodians—

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$1,221,806.30 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton, and white—3.

NAYS—Messrs. Foley, and Ward—2.

Salaries of School Medical Aids—This item has been approved by the Mayor in the sum of \$33,061.60 as originally appropriated by the School Committee.

Fuel and Light, including Electric Current for Power—

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$661,554.67 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton and White—3.

NAYS — Messrs. Foley and Ward—2.

Supplies, Equipment and Other Items—

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$872,154.38 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton and White—3.

NAYS—Messrs. Foley and Ward—2.

Pensions to Veterans (non-contributory)—This item has been approved by the Mayor in the sum of \$77,334.36 as originally appropriated by the School Committee.

Pension to Janitress-Matron (non-contributory)—This item has been approved by the Mayor in the sum of \$432 as originally appropriated by the School Committee.

Cafeterias — Salaries, Supplies and Incidentals—

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$752,070.32 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton, and White—3.

NAYS — Messrs. Foley and Ward—2.

Dr. Foley stated that inasmuch as the Division of Civil Service has informed the School Committee that the sixty-five temporary cafeteria workers now employed must be made permanent if their services are to be continued, he feels that this is an opportune time to establish a policy of serving only sandwiches and milk. Luncheons could then be cared for by the present permanent staff of the Department of School Lunches and a financial saving to the city would result.

Promoting the Americanization and Better Training for Citizenship of Foreign-Born Persons—

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$14,953.80 stand?

On roll call, the members respectively voted as follows.

YEAS—Messrs. McDevitt, Norton, and White—3.

NAYS—Messrs. Foley and Ward—2.

Vocational Guidance—This item has been approved by the Mayor in the sum of \$54,537.03 as originally appropriated by the School Committee.

Physical Education—Day Schools and Playgrounds—

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$506,430.74 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton, and White—3.

NAYS—Messrs. Foley and Ward—2.

Dr. Foley stated that he qualified his vote on this item with the understanding that the sum of \$63,000 would be transferred from this item to the salaries of principals, teachers, members of the supervising staff and others to make up the sum of \$125,000 for teachers' salaries in accordance with the agreement of the Mayor.

Salaries of School Physicians, Salaries of School Nurses and Care of Teeth—This item has been approved by the Mayor in the

sum of \$271,050 as originally appropriated by the School Committee.

Extended Use of the Public Schools—

Secretary: Notwithstanding the veto of the Mayor, shall the School Committee appropriation of \$97,492.17 stand?

On roll call, the members respectively voted as follows:

YEAS—Messrs. McDevitt, Norton, and White—3.

NAYS — Messrs. Foley and Ward—2.

The Chairman made the following statement:

The Budget accepted contains the amount of \$125,000, part of which will be made available by reductions in certain items under "Salaries of Principals, Teachers, etc." and part by reduction in certain items under "Physical Education." This is in accordance with the agreement of the Committee with His Honor the Mayor as noted in the following paragraph in his communication:

"I am thus allowing to remain within your appropriations surpluses totaling \$125,000 with the definite understanding that your Honorable Body will subsequently take appropriate action to make such surpluses available for the payment of the full salary schedule to teachers contemplated under the provisions of Chapter 226 of the Acts of 1947."

The Chairman then stated that the action of the School Committee on the Mayor's veto message provides for the following appropriation orders of the School Committee for the year 1947:

ORDERED, That in accordance with the provisions of section 2 of Chapter 224 of the Acts of 1936, the following appropriation is hereby made to meet the estimated cost of "construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations" for the fiscal year 1947:

LAND AND BUILDINGS FOR SCHOOLS	
Item 1—Rent of Hired Accommodations	\$9,270.00
The above sum of \$9,270.00 appropriated for land and buildings is obtained as follows:	
a. From the amount available under the \$50 allowance	\$7,427.00
b. From the unexpended balance from 1946	1,843.00
Total	\$9,270.00

ORDERED, That in accordance with the provisions of Section 2 of Chapter 224 of the Acts of 1936, the following appropriations are hereby made to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1947, based on the accompanying detailed estimates:

A. Administration Expenses, Salaries	232,160.00
B. Administration Expenses, Office Expenses and Other Items	15,450.00
C. Alterations, Furniture and Equipment for special educational needs	34,100.00
E. General Alterations and Repairs	919,535.73

Grand Total for Alteration and Repair of School Buildings	\$1,201,245.73
The above total of \$1,201,245.73 appropriated for "alteration and repair of school buildings," etc., is obtained as follows:	
a. From the amount available under the \$.85 allowance	1,184,261.32
b. Unexpended balances of 1945	225.00
Unexpended balance of 1946	16,759.41
	16,984.41
	\$1,201,245.73

ORDERED, That in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 226 of the Acts of 1947, to meet the estimated cost of maintenance of the Boston public schools for the fiscal year 1947, exclusive of "alterations, repairs, furniture and fixtures" for which separate appropriation orders are made, the following amounts are hereby appropriated to cover expenditures under the control of the School Committee and for the purposes indicated below, which amounts include provision for emergency compensation allotments to be continued at the will of the School Committee:

For general school purposes: Salaries of administrative officers, clerks, stenographers and other employees	\$597,639.43
Salaries of supervisors of attendance	105,820.00
Salaries of principals, teachers, members of the supervising staff and others	13,360,111.22
Salaries of custodians	1,175,127.54
Salaries of school medical aids	33,061.60
Fuel and light, including electric current for power	655,966.87
Supplies, equipment and other items	871,004.38
Pensions to veterans (non-contributory)	77,334.36
Pension to janitress-matron (non-contributory)	432.00
Cafeterias—salaries, supplies and incidentals	677,070.32
Promoting the Americanization and better training for citizenship of foreign-born persons	14,253.80
Vocational guidance	54,537.03
Physical education — day schools and playgrounds	482,370.54
Salaries of school physicians, salaries of school nurses and care of teeth	271,050.00
Extended use of the public schools	88,840.17
Pensions to teachers (non-contributory)	(1)
	\$18,464,619.26

(1) No appropriation from tax levy. These pensions are paid from (a) income received from Commonwealth, (b) unexpended balance of last year, (c) accrued interest of Permanent School Pension Fund.

NOTICE TO BOARD OF ASSESSORS OF ANNUAL APPROPRIATIONS

A communication was received from the Business Manager, under date of Apr. 30, 1947, reporting that under the provisions of Section 3 of Chapter 224 of the Acts of 1936 the School Committee is required to certify not later than May 1st of each fiscal year to the Board of Assessors the amount of its total appropriations that must be raised by taxation.

The total of the appropriations for the year 1947 is \$19,675,134.99, made up as follows:

(a) General school purposes and special items	\$18,464,619.26
(b) Alteration and repair of school buildings, furniture and fixtures	1,201,245.73
(c) Land and buildings for schools (rent of hired school accommodations only)	9,270.00
	\$19,675,134.99

The Business Manager recommended the passage of the accompanying orders certifying to the Board of Assessors that the sum of \$17,851,668.32 is to be raised by taxation in the year 1947.

The amount of the total of the appropriations to be raised by taxation for 1947, viz., \$17,851,668.32, is \$2,323,975.06 more than the amount raised by taxation for the year 1946. This increase in the amount to be raised by taxation is brought about by the fact that the total of the appropriations for the year 1947 is \$2,099,343.12 more than the total of the appropriations for the year 1946 and also the fact that the total of the credits (unexpended balances and income) for the year 1947 is \$224,631.94 less than the total of credits for the year 1946—(\$2,099,343.12 plus \$224,691.94 equals \$2,323,975.06.)

The increase in the appropriations for 1947 over 1946 is due in large part to the annual increments, to the increased cost of materials, supplies, and fuel and light, and to substantial salary increases.

Placed on file.

The following were offered:

MAINTENANCE OF THE PUBLIC SCHOOLS

1—ORDERED, That under the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 226 of the Acts of 1947, the Board of Assessors is hereby notified that the School Committee of the City of Boston has appropriated for the fiscal year 1947 the sum of \$19,665,864.99 for maintenance of the Boston Public Schools (General School Purposes and Special Items, \$18,464,619.26, plus Alteration and Repair of School Buildings, Furniture and Fixtures, \$1,201,245.73).

2—ORDERED, That the Board of Assessors is hereby further notified that of the amount specified in the preceding order, viz., \$19,665,864.99, the sum of \$17,844,241.32 should be included in the total amount to be raised by taxation for maintenance. The

balance, \$1,821,623.67, will be obtained as follows:

Unexpended balances, 1946—	
School Committee:	
General school purposes	\$157,347.24
Promoting Americanization	2,143.71
Vocational guidance	7,755.62
Physical education	32,025.33
School physicians, school nurses and care of teeth	395.99
Extended use of the public schools	4,352.19
	\$204,020.08

Unexpended balance, 1946, Alterations, Repairs, Furniture and Fixtures	\$16,759.41
Unexpended balance, 1945—Alterations, Repairs, Furniture and Fixtures	225.00
	\$16,984.41

Income, School Committee:	
Excess of income over amount estimated, general 1946	\$ 25,203.83
Excess of income over amount estimated, physical education, 1946	14,323.15
Excess of income over amount estimated, extended use of public schools, 1946	6,324.37
Estimated income, general, including U. S. Government Funds, 1947	1,543,267.83
Estimated income, physical education, 1947	5,000.00
Estimated income, extended use of the public schools, 1947	6,500.00
	\$1,600,619.18

Total of foregoing unexpended income	\$1,821,623.67
--------------------------------------	----------------

LAND AND BUILDINGS FOR SCHOOLS, INCLUDING RENT OF HIRED SCHOOL ACCOMMODATIONS

3. ORDERED, That under the provisions of Chapter 224 of the Acts of 1936, the Board of Assessors is hereby notified that the School Committee of the City of Boston has appropriated for the fiscal year 1947 the sum of \$9,270.00 for rent of hired school accommodations.

4. ORDERED, That the Board of Assessors is hereby further notified that of the amount appropriated as specified in the preceding order, viz.: \$9,270.00, the sum of \$7,427.00 should be included in the total amount to be raised by taxation as the balance, \$1,843.00, will be obtained as follows:

Department of School Buildings—Unexpended balance, appropriations for land and buildings for schools, including rent of hired accommodations, 1946	\$1,843.00
--	------------

The following summary shows the total appropriations, the total credits and the total amount to be raised by taxation for the fiscal year 1947:

Appropriations	Credits	Amounts to be raised by taxation
\$18,464,619.26	\$1,804,639.26	\$16,659,980.00
1,201,245.73	16,984.41	1,184,261.32
\$19,665,864.99	\$1,821,623.67	\$17,844,241.32
9,270.00	1,843.00	7,427.00
\$19,675,134.99	\$1,823,466.67	\$17,851,668.32

N. B.—The total credits are made up of unexpended balances of the previous year (1946) and estimated income for the current year (1947).

Question came on the passage of the four orders notifying the Board of Assessors of appropriations made by the School Committee for the current financial year and certifying the amount to be raised by taxation for school purposes, totaling \$17,851,668.32.

The four orders passed unanimously.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

April 30, 1947.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 5:20 o'clock p. m., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, and White.

APPROVAL OF MINUTES

The reading of the minutes of Apr. 4, 1947, was omitted, the Committee approving them as printed.

ACCEPTANCE OF OFFICE

The following communication was received:

Apr. 7, 1947.

Miss Louise Kane
Secretary, School Committee
Boston, Massachusetts

Dear Miss Kane:

I have received your letter of April 4, 1947, notifying me that the School Committee on recommendation of the Superintendent unanimously re-elected me Assistant Superintendent for a six-year term beginning September 1, 1947.

It is a pleasure for me to accept this re-election as Assistant Superintendent and I wish to express my thanks to the Superintendent and to the School Committee for the confidence placed in me.

Sincerely yours,

(Signed) Dennis C. Haley,

Assistant Superintendent

Placed on file.

DEATHS

The Superintendent reported the death of the following-named principal:

Charlestown High School—John F. Roche, head master, April 7, 1947.

Placed on file.

The following tribute was ordered spread upon the records:

The Boston School Committee is deeply conscious that the sudden death of John F. Roche, Head Master of the Charlestown High School, has removed from the schools a head master of outstanding character and ability.

Mr. Roche had been a member of the school system for thirty-three years. His interests were broad and he used his talents to

the great advantage of pupils, teachers, principals and the community. In addition to the faithful and conscientious fulfillment of his duties as a teacher and head master, he served for many years in the responsible position of President of the Board of Trustees of the Boston Teachers' Retirement Fund. Becoming interested in the history of the Boston Schools, he prepared pamphlets on the following subjects:

Young Patriots in the Early Boston Schools.

Discipline in the Early Boston Schools.

Three Centuries of Public Education in Boston.

Religion in Early Boston Public Schools.

He was honored by his fellow-teachers by election as president of the Schoolmen's Economic Association. He was an active worker in his church and local community, in the Community Fund, the Red Cross and the Draft Board.

Throughout all his many activities he gave unsparingly of his energy and was ever responsible to any call for service whether for the community at large or for the schools.

By personal example and by thorough painstaking work he won the esteem of his fellow-workers and associates. His innate courtesy, sympathy and consideration of others won for him the affection of the pupils and the teachers with whom he served.

The Boston School Committee extends to the members of his bereaved family its sincere sympathy in the loss they have sustained.

The Superintendent reported the death of the following-named teacher:

Bennett District—Mary B. Waldstein, teacher, elementary, Mar. 13, 1947.

Placed on file.

The Superintendent reported the death of the following-named principal emeritus who had been retired on pension:

Bowditch District—Edward W. Schuerch, principal, emeritus, Apr. 1, 1947.

Placed on file.

The Superintendent reported the deaths of the following-named teachers who had been retired on pension:

Abraham Lincoln District—Grace W. Mitchell, Apr. 1, 1947.

Phillips Brooks District—Catherine J. Sullivan, Apr. 17, 1947.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent, to take effect on the dates stated, were presented:

Girls' Latin School—Catherine M. Morley, assistant, April 18, 1947.

Jeremiah E. Burke High School for Girls—Alice M. Smith, assistant, Apr. 2, 1947.

The ten orders were laid over.

APPOINTMENT, BUSINESS MANAGER'S OFFICE

A communication was received from the Business Manager, under date of Apr. 30, 1947, recommending, subject to the approval of the School Committee and with the approval of the Division of Civil Service, the appointment of Mary E. Jackman, as assistant, Group D, in the office of the Business Manager, to take effect May 1, 1947.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the salary of Mary E. Jackman, assistant, Group D, in the office of the Business Manager, is hereby established at the rate of twenty-four dollars (\$24) per week, to take effect May 1, 1947.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Superintendent under date of Apr. 30, 1947, recommending the following-named custodians be granted leaves of absence on one-half compensation for the periods specified because of personal illness:

John J. McCarthy, junior custodian, Grover Cleveland Schoolhouse, May 1 to 31, 1947.

John W. Michener, junior custodian, East Boston High Schoolhouse, Apr. 30 to May 31, 1947.

William E. Murphy, senior custodian, Abraham Lincoln Schoolhouse, Apr. 18 to May 31, 1947.

Hugh A. Stevenson, senior custodian, Andrew Jackson Schoolhouse, May 1 to 31, 1947.

Lawrence J. Sullivan, junior custodian, Grover Cleveland Schoolhouse, May 1 to 31, 1947.

George E. Whittemore, junior custodian, Dorchester High School for Boys, May 1 to 3, 1947.

Placed on file and leaves of absence on one-half compensation granted for the periods specified.

A communication was received from the Schoolhouse Custodian

under date of Apr. 30, 1947, recommending that leave of absence without pay be granted Anthony Marino, junior custodian, East Boston High Schoolhouse, from Nov. 1, 1946, to June 30, 1947.

Placed on file and leave of absence without pay granted for the period specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian under date of Apr. 30, 1947, recommending that the following-named senior custodians, who stand at the head of their respective lists, be transferred to the positions indicated, to take effect Apr. 27, 1947:

Walter S. Harvey from the Charles H. Taylor to the custodianship of the Jefferson Schoolhouse.

Angelo Macello from the James Otis to the custodianship of the Prince Schoolhouse.

John Murphy from the William E. Endicott to the custodianship of the Edward Southworth Schoolhouse.

Joseph J. Ridge from the Mayhew to the custodianship of the Lowell Schoolhouse.

Placed on file and the transfers approved, to take effect on the date stated.

TEMPORARY EMPLOYMENT OF CUSTODIAN

On motion, it was

ORDERED, That the employment of Thomas E. Berkeley as provisional temporary custodian at the Boston Clerical School Athletic Field is hereby authorized, to take effect Apr. 14, 1947, and that he be paid for such service at the rate of thirty-nine dollars (\$39) per week.

AMENDMENT TO REGULATIONS FOR CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Apr. 30, 1947, recommending that School Document No. 10, 1929—Regulations for Custodians of the Boston Public Schools and Regulations for the Use of School Premises—be amended in accordance with the accompanying order to provide that all senior and junior custodians shall be allowed a vacation of three weeks instead of two during the summer.

Placed on file.

On motion, it was

ORDERED, That School Document No. 10, 1929—Regulations for Custodians of the Boston Public Schools and Regulations for the Use of School Premises—be amended by striking out section 24, paragraph 1, and substituting in place thereof the following:

Sect. 24—1. All senior and junior custodians shall be allowed a va-

cation of three weeks during the summer, the time thereof to be approved by the Schoolhouse Custodian; provided, however, that during such absence the school building shall be under the care of another custodian or of a responsible person assigned thereto by the Schoolhouse Custodian.

ANNUAL APPROPRIATION ORDERS

The Chairman stated that in connection with the Annual Appropriation Orders which had been acted upon at a special meeting this afternoon the following letter submitted to the Committee by His Honor, the Mayor, under date of April 18, 1947, should be read:

April 18, 1947.

To the School Committee:—
Gentlemen:

I have considered appropriation orders adopted by you at a meeting held on Friday, April 4, 1947, providing for the appropriation under the provisions of existing law of the following amounts for the fiscal year 1947.

- | | |
|--|---------------|
| a. For the construction and furnishing of new school buildings, etc. | \$378,350.00 |
| b. For the alteration and repair of school buildings, etc. | 1,257,145.73 |
| c. For all other school purposes | 18,639,639.26 |

I have also considered your request dated April 7, 1947, for an additional appropriation in the sum of \$125,000.00, which amount "apparently was omitted from Chapter 226 of the Acts of 1947" with relation to teachers salaries for the current fiscal year.

I have received a report based on a complete survey of the appropriations adopted at your meeting of April 4, 1947, from which it would appear that reductions totaling \$725,000.00 may be made in said appropriations without seriously impairing the conduct and maintenance of the School Department for the current fiscal year. In the belief that you should have sufficient latitude to put into effect the full schedule of increases, which it was originally contemplated would be possible under the provisions of Chapter 226 of the Acts of 1947, I have approved eight items as adopted by you, disapproved in part twelve items, and disapproved in whole two items. The effect of said action will result in an overall reduction in the total of the orders adopted by you of \$600,000.00. I am thus allowing to remain within your appropriations surpluses totaling \$125,000.00 with the definite understanding that your Honorable Body will subsequently take appropriate action to make such surpluses available for the payment of the full salary schedule to teachers contemplated under the provisions of Chapter 226 of the Acts of 1947.

The following schedule indicates by specific items the action taken by me.

	School Committee Appropriations	Appropriations Approved by Mayor	Appropriations Disapproved by Mayor
a. For the construction and furnishing of new school buildings, etc.			
Item 1. Rent of Hired Accommodations	\$10,350.00	\$9,270.00	\$1,080.00
Item 2. Lewis District, Roxbury	18,000.00	—	18,000.00
Grading & preparing land, etc.			
Item 3. Bennett District, Brighton	350,000.00	—	350,000.00
Construction & furnishing of addition to Garage, Brighton High School			
Totals	\$378,350.00	\$9,270.00	\$369,080.00

Respectfully,
(Signed) JAMES M. CURLEY,
Mayor

Chairman: The Mayor's veto of the School Committee Budget has been sustained, and in submitting it item by item I should inform you that for the construction and furnishing of new school buildings, and so forth, Item No. 1, Rent of Hired Accommodations, the School Committee appropriated \$10,350, the Mayor approved \$9,270, and his approval was upheld by unanimous vote.

Dr. Foley: I think it would be well to announce the votes.

Chairman: I shall be glad to inform you of the action of the School Committee on each item.

Land and Buildings for Schools

Item 1—Rent of Hired Accommodations—the Mayor's veto was sustained by unanimous vote.

Item 2—Lewis District, Roxbury: Grading and preparing land for use in connection with physical education program including military drill, Roxbury Memorial High School (Girls)—The Mayor's veto was sustained by four votes. Mr. Ward voted for the original School Committee appropriation.

Item 3—Bennett District—Brighton—Construction and furnishing of addition to garage, Brighton High School—The Mayor's veto was sustained by four votes. Mr. Ward voted for the original School Committee appropriation.

Alteration and Repair of School Buildings

Item A—Administration Expenses, Salaries.

Item C—Alterations, Furniture and Equipment for special educational needs.

Item E—General Alterations and Repairs.

On these items the Mayor's veto was sustained by vote of Dr. Foley and Mr. Ward.

For All Other School Purposes

Under "c. For All Other School Purposes," including salaries of administrative officers, salaries of supervisors of attendance, and other items, a grand total of \$175,020 reduction was asked, and the Mayor's veto was sustained by vote of Dr. Foley and Mr. Ward.

A total of \$369,080 for the construction and furnishing of new school buildings, a total for alteration and repair of school buildings of \$55,900, and a total for general school purposes of \$175,020 have been reduced from the present School Committee budget.

Mr. White made the following statement:

It is my opinion that the budget as originally submitted to the Mayor and unanimously approved by the School Committee was a proper one. Under the law the negative vote of two members can eliminate any item in the budget after a veto by the Mayor. The majority of the School Committee believes that the budget as finally adopted will enforce reductions in items that are essential to the people of Boston. It is true that items such as the garage at Brighton High School and the playground at Roxbury Memorial High School may be postponed without serious detriment to the schools. But a mere enumeration of other items will serve to show the drastic curtailments that must be made in essential services. These include, among others, the closing of evening and summer schools, the elimination of sessions for the extended use of

school buildings, limitation of the program of physical education and cafeteria services, curtailment of repairs and alteration of school buildings and other reductions.

The inclusion of an item of \$125,000, to rectify a legislative error should not have been made at the sacrifice of the schools. Such an error could better have been corrected by an appropriation by the City Council at the request of the Mayor.

The services which are being curtailed have long been recognized as essential for the proper functioning of a modern school system. At a time when the importance of an expanding educational program is being recognized everywhere, Boston is actually taking a backward step, not even using to the full its legal appropriating power.

Chairman: And the Chair concurs with the statement made by Mr. White.

The Superintendent made the following statement: Mr. Chairman: I am heartily in accord with the statement which Mr. White has made. The original estimate of needs as prepared by the Board of Apportionment was reduced approximately a quarter of a million dollars in order to keep within the statutory limits of the School Committee's appropriating power. The additional cuts that have been made cannot help but limit important educational offerings not only for the youth in our schools, but also for adults in our evening schools and in the extended use of school buildings.

There is drastic reduction of services in the important areas of health, physical education and recreation, not to mention the curtailed opportunities for those unable to attend day schools and those in need of instruction in summer schools. Boston pioneered in many of these fields, and it is my belief that it is false economy not to use to the full the appropriating power as authorized by the Legislature, especially in these critical times.

The original budget was carefully made. Advice was sought from many sources. It was a fair budget and not in any sense extreme.

I regret that the original budget as presented to His Honor the Mayor was not approved in full.

The Chairman made the following statement:

The Budget accepted contains the amount of \$125,000, part of which will be made available by reductions in certain items under "Salaries of Principals, Teachers, etc." and part by reduction in certain items under "Physical Education." This is in accordance with the agreement of the Committee with His Honor the Mayor as noted in the following paragraph in his communication:

"I am thus allowing to remain within your appropriations sur-

pluses totaling \$125,000 with the definite understanding that your Honorable Body will subsequently take appropriate action to make such surpluses available for the payment of the full salary schedule to teachers contemplated under the provisions of Chapter 226 of the Acts of 1947."

Chairman: The action of the School Committee today on the Mayor's veto message provides for the following appropriation orders of the School Committee for the year 1947:

ORDERED, That in accordance with the provision of section 2 of Chapter 224 of the Acts of 1936, the following appropriation is hereby made to meet the estimated cost of "construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations" for the fiscal year 1947:

LAND AND BUILDINGS FOR SCHOOLS	
Item 1—Rent of Hired Accommodations	\$9,270.00
The above sum of \$9,270.00 appropriated for land and buildings is obtained as follows:	
a. From the amount available under the \$.50 allowance	7,427.00
b. From the unexpended balance from 1946	1,843.00
Total	\$9,270.00

ORDERED, That in accordance with the provisions of Section 2 of Chapter 224 of the Acts of 1936, the following appropriations are hereby made to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1947, based on the accompanying detailed estimates:

A. Administration Expenses, Salaries	232,160.00
B. Administration Expenses, Office Expenses and Other Items	15,450.00
C. Alterations, Furniture and Equipment for special educational needs	34,100.00
E. General Alterations and Repairs	919,535.73
Grand Total for Alteration and Repair of School Buildings	\$1,201,245.73

The above total of \$1,201,245.73 appropriated for "alteration and repair of school buildings," etc., is obtained as follows:

a. From the amount available under the \$.85 allowance	\$1,184,261.32
b. Unexpended balances of 1945	\$225.00
Unexpended balance of 1946	16,759.41
	16,984.41
	\$1,201,245.73

ORDERED, That in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 226 of the Acts of 1947, to meet the estimated cost of maintenance of the Boston public schools for the fiscal year 1947, exclusive of "alterations, repairs, furniture and fixtures" for which separate appropriation orders are made, the following amounts are hereby appropriated to cover ex-

penditures under the control of the School Committee and for the purposes indicated below, which amounts include provision for emergency compensation allotments to be continued at the will of the School Committee:

For general school purposes:	
Salaries of administrative officers, clerks, stenographers and other employees	\$597,639.43
Salaries of supervisors of attendance	105,820.00
Salaries of principals, teachers, members of the supervising staff and others	13,360,111.22
Salaries of custodians	1,175,127.54
Salaries of school medical aids	33,061.60
Fuel and light, including electric current for power	655,966.87
Supplies, equipment and other items	871,004.38
Pensions to veterans (non-contributory)	77,334.36
Pension to Janitress-matron (non-contributory)	432.00
Cafeterias—salaries, supplies and incidentals	677,070.32
Promoting the Americanization and better training for citizenship of foreign-born persons	14,253.80
Vocational guidance	54,537.03
Physical education—day schools and playgrounds	482,370.54
Salaries of school physicians, salaries of school nurses and care of teeth	271,050.00
Extended use of the public schools	88,840.17
Pensions to teachers (non-contributory)	(1)
	\$18,464,619.26

(1) No appropriation from tax levy. These pensions are paid from (a) income received from Commonwealth, (b) unexpended balance of last year, (c) accrued interest of Permanent School Pension Fund.

Mr. John H. Brougham, President of the Teachers Alliance, made the following statement:

I should like merely to direct a few questions to the honorable members of your Committee, Mr. Chairman. I feel very strongly in sympathy with the three members who voted on the item for general school purposes to sustain the original action of the School Committee in passing the budget, and I should like to ask these questions:

First: Why did you pass the budget at a meeting of which the public was given no notice?

Chairman: Well, Mr. Brougham, in answer to that, the official public meeting of the School Committee is being held at this moment.

Mr. Brougham: Yes, sir, but as I understand it, the budget was passed or has been passed already this afternoon at a meeting of which the public was not given notice.

The second question, and I do not feel, Mr. Chairman, that you are necessarily the one who has to answer these questions or to answer them now, but I should like, for the sake of the record, to make them.

The second question: Why has this Committee voted to bar everyone except the press from the future conferences?

Chairman: In answer to that, Mr. Brougham, that was a motion made at the School Committee conference this afternoon and voted on by three members.

Mr. Norton: Mr. Chairman, if he will complete his questions I would like to comment on each one of them.

Mr. Brougham: Third: Why has the Committee failed to take action on the salary schedule for teachers when a month has now passed since the State acted, and when the Committee has been able to take rather definite action, I see from some of the orders passed here today, concerning the vacation of custodians, which, I am not sure, may have financial repercussions in the School Committee budget?

Fourth: Why did the School Committee request of the Legislature an appropriating power which would have totaled \$17,460,000 from the tax levy, approximately, when it is now appropriating from the tax levy approximately \$16,500,000?

Continuing, does the reduction in cafeteria expenditures in the school budget mean that the children in our schools are going to be deprived of hot lunches?

Are schools going to be closed? If those schools are going to be closed, has the safety of the children been consulted in each case? Have the wishes of the parents in the locality been consulted? And has there been an estimate of the future load, of the pupil load in those schools made? How much real saving will be made by closing those school buildings when the salaries of the teachers will go on, since there is, I read, a teacher shortage in the elementary schools—and the elementary school population will increase; since the custodians will be absorbed into other schools, and their salaries will continue; and the only expenditure which will be saved will be fuel and light, which is rarely over \$700,000 for a whole school year for all the schools?

If playgrounds are going to be closed will the children be on the street in the summer time? If the summer schools are closed, what are we going to do for the pupils who, because of illness, or because of a tardy awakening of ambition have been unable to pass this year and might be able to pass by going to summer school without losing a year out of their lives or without having to pay summer school tuition fee to neighboring towns and cities?

If the evening schools are going to be closed, how are those whom economic circumstances forced out of the day schools going to be given an opportunity to continue and to expand their education? How are those whose courses in the day schools have been limited to one particular field going to be given an opportunity to acquire knowledge and instruction in other fields? How are those whose birth in a foreign country has equipped them with certain natural disadvantages, particularly with regard to language, going to have an opportunity, if they work all day, to make up those disadvantages at night if the evening schools are going to be closed?

These questions, I think, Mr. Chairman, are questions which

naturally arise when the items included in the budget reduction are considered. They are questions which, I think, should have been considered publicly by your Committee in conference.

I wish to thank you for the opportunity of raising these questions even at this late hour. Thank you, Mr. Chairman.

Mr. McCaffrey: Mr. Chairman, may I say a word?

Chairman: Mr. McCaffrey.

Mr. McCaffrey: I think Mr. Brougham made mention that the adoption of a three weeks' vacation period for custodians would affect the School Committee budget. I think if Mr. Brougham had spoken to me he would have found out that that was not so; that the three-weeks' period of vacation that we asked for was based on the fact that we put in excessive hours of work in the winter, when most employees throughout the country are working forty hours a week. In fact, there is a State law right now that says forty-eight hours is a standard work week. The custodians could have had that a long time ago if they wished it. They are not anxious for it. We are satisfied with the condition of the hours we are at present working under. For the three weeks' vacation, we cover one another at no expense to the School Committee.

I thank you. I just wanted to get that clear on the record.

Mr. Brougham: May I state that the only time I knew about the proposal was when I heard the order read here this afternoon, and I hadn't the faintest idea of what the financial ramifications might be, and for that reason I raised the question. I am very glad that the gentleman has answered me.

Mr. Norton: In answer to question No. 1—Why did this Committee pass the budget this afternoon instead of here tonight at a public meeting? One member of this Committee, who was unable to be here tonight, asked that he be allowed to be recorded this afternoon at three o'clock, with the distinct understanding that that in no way would interfere with the functioning of the regular called meeting at five this evening. We were pressed for time. This is a day when we cannot postpone our meeting. The Board of Assessors must have the figures tomorrow. Time is of the essence. On account of that fact we held a special meeting this afternoon, passed the budget, and then agreed to come here, this evening at the regular scheduled time.

There was some question as to whether or not, having held one meeting, we should come back at five, and then the element came into it of five o'clock being advertised for a public meeting, and so the Committee agreed to come back here at five. Now why under those circumstances there should be objection I cannot understand.

No. 2: Why this Committee voted to ban everybody from con-

ferences with the exception of the press? Answer: I was the man who made the original motion to open up all conferences, all meetings of the Boston School Committee. I found that it was very unbusinesslike not to allow this Committee to meet on certain matters, such as the budget, with the press present to work out our programs, to be confirmed at public meetings. As a matter of fact some years ago the press was barred, and the man who made the motion at that time, not many years ago, was Mr. Henry Smith, the present Business Manager of the School System, who sought to allow the press to come into the meetings. I came along some years later and asked for the privilege of allowing anyone to come in. I found it was very unbusinesslike in many respects, in my opinion. As it is today, the Boston School Committee is the first in the country that allows the participation of the teachers, as we do, in our meetings. No other large committee allows it. I challenge anyone in this room to mention one that does. Now it comes to a question of passing this budget at a meeting amongst ourselves with the press present. After experimenting with the old system, I am convinced we must get together amongst ourselves, with the press present, if we are to do a good job.

No. 3 and No. 4 have to do with the so-called closing of schools and the cutting down of certain services. Well, that must be answered by the Mayor, who has the power of veto in this particular instance.

I also want to make this statement. We must face reality in our school system. Many of our school rooms are half empty. The enrollment has dropped from 137,000 in the system in 1937 to approximately 95,000, and there actually are in our schools on a school day approximately 80,000 children, due to 10 per cent being absent. We have to take cognizance of certain changes. We have reduced class numbers and have done everything possible to see that no permanent teacher is affected.

The Mayor of Boston under the law has certain rights and he has taken advantage of those rights. There will be schools closing. We must close schools where they have 400 seats with less than 50 pupils.

Every school that is closed, in so far as I am concerned, will be a school that the Superintendent and his Board of Advisers recommend be closed. I don't know enough about the intricacies of the situation, and no individual does, to say that this or that school must be closed. I am leaving it entirely to the Superintendent and his advisers. That is the answer to anybody who says, "Have you taken into consideration the parents' wishes and the safety of the children and the other prob-

lems that are involved?" Our officials take those questions into consideration, I am sure, before advising us that any particular school should be closed.

Now, as regards the finances and the budgetary matters. We have been advised by Deputy Superintendent Downey and our Business Manager as to what the School Committee might or might not do, and we have been guided by their recommendations in so far as three members of this Committee, or four at times, or whatever the number, are concerned.

Do you feel, Mr. Downey, or the Business Manager, that there is anything we could have done that we did not do in reference to the passage of this budget?

Deputy Superintendent Downey: Nothing I can see, Mr. Norton.

Business Manager: Nothing I can see. It takes four votes to override any veto of the Mayor and there were only three votes to override the veto of the Mayor. Therefore, the Mayor's veto stands.

Mr. Norton: Now what about this question that Mr. Brougham asks with reference to the request of the legislature that the School Committee be given the power to appropriate \$16,500,000? Do you think that the Committee, to answer that specific question, has been guilty of laches?

Business Manager: On the budget for general school purposes there was left unappropriated approximately \$100,000. When the original budget was passed, every dollar available under the law was appropriated. The Mayor then cut that budget by \$175,000. \$75,000 had to be taken off estimated income because of a cut in the budget on cafeterias, thereby reducing the appropriating power \$75,000. But we ended up, when the Mayor's veto was sustained, leaving unappropriated \$100,000. There was nothing else the three members who wished to override the Mayor's veto could do. It would take four votes to appropriate that additional \$100,000.

Mr. Norton: Mr. Chairman, before this meeting breaks up, I just want to make one statement to the Superintendent, not on the budget. I think, Mr. Superintendent, like all school systems, this school system can be improved. I think that we are weak in many respects. I think that the Strayer Report showed that up in some instances. You can say that of any school system. I think one hundred per cent efficiency is almost an impossibility.

What I am speaking about now is a state of mind. I feel that we should feel that we are never perfect and there is much that we might do that is not being done. To bring out my point specifically, concretely, we fail from 5,000 to 6,000 children in a year. We fail fifteen per cent of the youngsters in the first grade each year.

I have had a communication from the superintendent of the

largest school system in the country, New York, in which he says it is very unusual to fail a child in that system. The superintendent of the Newton schools, a former superintendent of St. Louis and Omaha tells us practically the same thing. A city such as Philadelphia has studied for twenty-five years the matter of keeping children back on the argument that they get better basic training and, therefore, are able to go ahead. Philadelphia studies found that that was not so; that the child never went ahead in many of those cases.

I remember when I was in the second and third grade, and I can remember the humiliation it would have been if I was kept back and taken from my little companions. It is the most impressionable time of life. I understand that in New York, Newton, and most of the large cities they allow the youngster to go along with his group, feeling that it is bad to defeat, to frustrate, to start the youngsters off in life keeping them back. I don't know whether that can be proven right or not. I am challenged by the fact that we retard 5,000 to 6,000 youngsters a year, youngsters who are frustrated and disappointed, as you would be at that age, being taken away from their group, costing the City of Boston over \$1,000,000.

Now my question is: Can we get started next year in one or two schools trying out a program of non-retardation where they do not retard youngsters? I would like you to think that over, Mr. Superintendent. I have not an answer to it. I don't know. It is something that challenges me. But I do object to this attitude.

I claim the No. 1 weakness of the Boston school system is this, a state of mind, not only indigenous to the school system but to the entire city. Perhaps it is due to our age, perhaps it is due to our geographical location. I don't know. But I do know that we have a greater opportunity now, because we have less pupils per teacher than ever. The average teacher in Boston today has less pupils than she has ever had, due to the fact that our enrollment has dropped from 137,000 to 95,754 and the reduction in teachers has not been in the same proportion.

In other words, there is a fundamental. If we get the heads of departments thinking about it, we might be able to handle that problem a little better than it is now being handled. You ask me for the answer? I don't know. The problems are too complex.

Mr. White: On retardations, Mr. Norton, I think you made a very good step today when you set the age of entrance to the kindergarten at 4-6 and the entrance age for the first grade 5-6.

I think that was a good move in what we are trying to accomplish.

I would like to say this at this time, that I have just had the

opportunity of visiting a great many school systems, due to the thoughtfulness of the Boston School Committee. Although we are very far behind in the facilities and type of school buildings that they have in the West—because they have learned from the mistakes of the older cities in the East—I want to say that my observation of the teaching in the class rooms is that there is no school system in the world, or in the United States, that surpasses the City of Boston in the conduct of the schools: in giving the youngsters a recognized program and regular prescribed curricula. I visited no school that outdid Boston in that respect, and I was proud to make the observation when I came back here to Boston.

I would like to say also one other thing: It was not a unanimous opinion on the part of the School Committee that these meetings be closed except for the press; there was a divided opinion. I am still of the opinion that over a period of years we have invited everybody, members of the School Teachers Association, members of the Parents' Associations, to hear our deliberations, and I see no reason why we should withdraw that invitation; and I was one and, I think the Chairman was the other, who voted to keep the meetings open.

Dr. Foley: I am asking the School Committee to adopt the policy of allowing admissions of non-residents to the temporary examinations to be held this May. In other words, I feel that our teaching positions should be available not only to residents of Boston but to others. The non-resident rule for teachers who desire to enter the Boston school service should not apply to temporary examinations to be held this May. In the near future I trust that this Committee will adopt the policy of opening all examinations to non-residents.

Mr. Norton: I am with the Doctor on that order. If I had my way, I would open up every examination, make it as hard as you can, get the best teachers, regardless of where they come from. There is not anyone in the world can argue that we should confine our teachers to Boston. It is a political argument at its best. We have a system here where one hundred per cent of our teachers in the elementary system come practically from one college. That is not a good situation pedagogically, educationally or otherwise. We want in our city the best teachers we can get, regardless of where they come from, and if I had the power I would allow any teacher in this country to take our examination and qualify for teaching in the Boston School System.

Superintendent: Mr. Chairman, I would like to make one statement. I think all the teachers realize the seriousness of the problem Mr. Norton has presented to us having to do with the non-

promotion of children in the schools. Of course, some school systems do adopt the general policy that no children shall be held back. If you have certain definite standards with respect to reading, and the child cannot read, the reaction of the teacher is that the child is not ready to go on to the next grade. That child is generally put in with a group of other children and usually under a different teacher.

Now in those school systems that have no grades, particularly I, II and III,—call that the primary unit,—the children are given certain levels that they must attain. It will require, sometimes, five years for a child to reach what the normal child reaches in three years. That child, is not regarded as being retarded or failing; he simply has levels established in accordance with his ability, perhaps as the result of educational tests given, but he is not called a non-promoted child. But it may take five or six years to accomplish the standard set for the normal third grade child. That is the plan of procedure in the Cleveland schools, which has been much advertised.

Now, there is also a statement that is quite often made, as to the actual cost in dollars of children held back. It has been customary to say the average cost of educating a child, we will say, is \$200 a year, and if 5,000 children are retarded, the total loss to the City would be the product of those two numbers. Now, if you analyze that statement carefully, you will see that if you have two children entering the school at the same time and they remain for ten years in the school system, and one gets promoted regularly, and the other is retarded, say, three years, they each cost the City \$2,000. As a matter of fact, the youngster who is retained in the lower grades and does not reach up in the expensive part of the school system may actually cost the City less.

There is, however, some loss if the child continues on through to graduation and if he takes thirteen years to accomplish the work of twelve years. Then he has taken one additional year and presumably has cost the City one extra year's tuition. But the failures are the ones who least often get into the higher grades. The statement that if 5,000 children are retarded, the City is actually losing that number multiplied by the per capita cost of education is, of course, not accurate.

Mr. Norton: Mr. Superintendent, would you have someone study the problem of retardation?

Superintendent: Yes, I have already taken that suggestion.

Mr. Norton: Isn't it a challenge when we are the only large system in the country which keeps fifteen per cent of our youngsters back in the first grade year after year?

Superintendent: Retardation is always a serious problem.

Mr. Norton: How is it in Newton they don't keep a youngster back unless the teachers and principals and parents all agree?

Superintendent: You know if a child cannot read in the second grade, where reading is required, you put him in a group where he is taught to read. You might call it the first grade, or the second grade. But if he cannot read, and reading is a requirement of the grade, of course he is not standard material for what we call that grade.

However, the problem is broader than that, as you imply. That is, if a child is doing all that he can with reference to his educational equipment, then he should not have the feeling of frustration merely because he cannot do as well as some other child who is more gifted. We should have separate educational programs for those children who are below normal.

Mr. Norton: Another question, Mr. Superintendent, before we go, has to do with the question of swimming. I would like every teacher in the elementary schools, with children, seven, eight and nine years of age, to ask the youngsters in class, about half a dozen times before vacation comes, how many can swim fifty yards. Children at the age of seven, eight or nine will gladly tell the truth on that problem. And then in the fall, when they come back, find out how many learned to swim in the summer. I think the Red Cross can make provision for the youngsters at the beaches, and I think if we follow that up we won't have the condition that we have had in our high schools where half the youngsters who graduated from high school cannot swim fifty yards after ten years in the schools of a seaboard city.

Chairman: I suggest that the Board of Superintendents report back immediately on admissions of non-residents to temporary examinations. As I understand, Dr. Foley is referring to the examination for temporary teachers which is going to take place next month.

Mr. White: I move that the Committee obtain the reaction of the Board of Superintendents before definite action is taken on Dr. Foley's suggestion that non-residents be admitted to the May examinations for temporary teachers.

Dr. Foley: Mr. Chairman, I have had many young ladies who graduated from outside the city of Boston with high honors, at least they seem to be highly recommended by principals of various schools, and I thought at this particular time, inasmuch as the May examination for temporary teachers is being prepared by the Board of Examiners, that we might get a clearance on it. Now if we can ask Mr. Bond, who is the chairman of our Examining

Board, for the time being to allow them to take our examinations pending the action of the School Committee, then I should think that would be perfectly all right.

Mr. White: I have no objection.

Chairman: I have no objection.

Mr. Norton: I wish you went further in your recommendation and made it open to the country. Why shouldn't you? Whom are you running these schools for?

Mr. Brougham: If I may ask the indulgence of the Committee again, since the gentleman nearest me saw fit to answer some of the questions, I would merely like to call to his attention through you that one question, which is rather important to most of the teachers here, has not been answered; the question of why a salary schedule has not been adopted. If I may take the liberty of reminding the Committee, I should like to call to your attention the fact that the Boston Teachers Alliance submitted a request for salary revisions October 9, 1946, the legislature acted on it a month ago, and the Committee has had a month in which to prepare that schedule.

With regard to the appropriating power which the School Committee requested be raised and which the Committee did not then use to the full under the raised amount, I appreciate quite as clearly as the gentleman who had the courtesy to reply to me that it was not the fault of that same honorable gentleman that the Committee did not use its full appropriating power. My purpose in asking the question was to make it certain that the only reason the full appropriating power had not been used was that two members voted to sustain the Mayor's veto of the budget. And on that question I hope that the press will take very careful note of the fact that the reductions in the items for land and building and for alterations and repairs are in budget items which the legislature did not change and which do not affect the general appropriating power. I think that this Committee by the vote of two of its members has put itself in a rather difficult position with the legislature in having requested an increase in its appropriating power which it then thought it did not need. I would hate to think that approximately \$300,000 of the reduction would be charged to that item which was increased when, as a matter of fact, Mr. Chairman, you and the members of this Committee know that the larger part of those reductions are in items which are separate and which cannot be transferred to general school purposes. We are going to have enough trouble with the legislature as a result of this action, and we do not want to make the thing appear worse than it really is. And that, of course, is entirely aside from the merits and lack of merits of the particular reductions in those items.

So far as the question of closing schools is concerned, the gentleman who replied to me chose to say that the responsibility for the safety of the children and the interests of the parents in the districts where the closings are proposed was that of the administrative officers of your Committee. I had thought, Mr. Chairman, that the gentleman would manifest in this matter, too, that same large, unselfish, altruistic interest in the welfare, in every detail of the welfare of the children which he has manifested on so many other occasions before this Committee.

So far as retardation is concerned, which, of course, is not the important thing at this meeting, I think that the gentleman who replied to me struck a fine blow against retardation in our schools when he voted with the other two members of the Committee to sustain the original budget and keep the summer schools open. The summer schools have long been a device used in the Boston schools to give extra attention to pupils who might otherwise have been retarded, and the gentleman concerned with retardation will, I hope, call home to those members who voted against the continuation of summer schools the serious repercussions that their action may have on the personalities of the children in whom the gentleman is so interested, along with the rest of the teaching profession in the schools of Boston.

With regard to the closing of School Committee conferences to all but the press, may I suggest that it has been my privilege to attend every School Committee conference since I was elected to represent more than 3200 teachers whom I do represent, and I am convinced that it is far more businesslike to make sure, before the Committee makes up its mind informally on any matter, that the Committee has sounded out the views, opinions, and the knowledge of all interested parties. I think surely there should be, at least, delegate representation of teacher organizations. I should think that every interested party would be permitted to attend School Committee conferences, if not in person, at least by a delegate, and where an interested party happens to number 3200, it would not be necessary for the 3200 to be present at the conference, but it would be, I think, extremely wise if this Committee permitted the presence at the conference of representatives of those 3200.

The important things, I think, that this meeting is concerned with today are the budget and the salary schedules. The budget has already been adopted and I think we have covered the ground very thoroughly. We await with the greatest interest the action in the immediate future by the School Committee on the adoption of a salary schedule, which was, by the way, one of the important powers conferred by

Chapter 226 of the Acts of 1947, and has a clause granting the Committee power to make permanent changes in the salary schedule during the course of this current school year. May I suggest to the Committee, including you, Mr. Chairman, that regardless of the pressure of work under which its members have been laboring, the Committee resolve within the shortest possible time, in the interest of the general well-being of its teaching staff, to take action, as I said, in the shortest possible time, with regard to the adoption of a new salary schedule.

Thank you very much.

Mr. Norton: I don't want to prolong this meeting, but when I made the statement that in so far as closing of schools is concerned, I had to rely on the Superintendent and his advisers. Every member of this Committee has to do the same. I cannot go over to East Boston and Charlestown and find out the thousand and one details to find out if it is necessary to close a school. I am not for one moment relinquishing my power as a school committeeman, but there are some things which must be delegated, and that happens to be one of them in so far as I am concerned. I am going to vote to close the schools that our board of experts recommend, and it happens to be that one of them is right in my own section.

Superintendent: Mr. Chairman, I just want to assure Mr. Brougham, as the representative of 3200 teachers, that despite what appears to be a delay in the preparation of the salary schedule, our hours have not been idled away in the preparation of that schedule. One of the most time-consuming was investigation of the salary schedule as proposed by the Alliance. Teachers, too, are a bit curious as to how an individual change in the salary schedule may affect them, and you must know that my office has been receiving many letters from individual teachers with reference to the distribution of this additional appropriation. The result has been that at least half a dozen studies have been made of this whole question of salary schedule to find out what was the most equitable manner of distribution. There will be, of course, differences of opinion.

Dr. Foley: You mean that if you can agree with the School Board?

Superintendent: I mean this: that if the School Board comes to an agreement with reference to a proposal that I make, there will not be unanimity of agreement among the teaching personnel.

So what I am trying to do is to take into consideration as many of these divergent views as possible, analyze the situation with the amount of money we have to distribute, and present to the School Committee what I consider a fair distribution of the money.

Now the question is where to draw the lines. The next thing

to find out is whether you can carry out these objectives within these limits. You discover, after hours of work, that a plan which seemed first rate cannot be carried out. And \$1,600,000 to distribute, plus an additional \$125,000, to all the personnel of the school system, is not a problem that can be solved in a few minutes. That is all I have to say.

Business Manager: I might add, Mr. Chairman, that of course, whenever the payment is made, it will be retroactive to April 1.

Superintendent: Yes.

Business Manager: We hope at the end of May when the teachers receive their regular May checks that they will also receive a separate check for the adjustment back to April 1.

Superintendent: You know a lot of people would thank you if they were deferred until the end of June.

Dr. Foley: I should think if the checks are ready about the first week of May, they could be sent along instead of waiting until the end of May.

Superintendent: The summer is the time when teachers need the money.

Dr. Foley: When you get the April 1 to April 30 checks ready, send it along and then go along with the May check.

Superintendent: Doctor, we have to take other city departments into consideration.

Dr. Foley: What is that?

Superintendent: The city auditor and city treasurer.

Dr. Foley: I know, but they do not want two checks together, that is too much money.

Mr. White: I suggest that they get it as soon as possible, regardless of the checks.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

POLICE DEPARTMENT ORDERS.

General Order No. 906.

Patrolman Patrick J. Conway, Division 16, honorably discharged veteran of World War I; having arrived at the age of fifty-one years; having been in service of the Boston Police Department for twenty-three years; and having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Patrick J. Conway will be retired from active duty in the Police Department; effective as of Tuesday, June 10, 1947, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 907.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353,

as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department; effective Wednesday, June 11, 1947, at 7.45 o'clock a. m.:

Patrolman Michael J. Regan, Division 15, 25 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 908.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department; effective Thursday, June 19, 1947, at 7.45 o'clock a. m.:

Lieut. Thomas E. Currihan, Division 8, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 909.

The resignation of Patrolman John J. Foley of Division 10 having been presented, while charges are pending against him, it is hereby accepted to take effect Monday, June 16, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 910.

The following-named persons are hereby appointed permanent patrolmen in this department and are assigned as follows; effective Wednesday, June 18, 1947, at 10 o'clock a. m.:

Robert F. Crowley to Division 2.
Walter E. Moore to Division 4.
Richard M. White to Division 9.
Harry J. Williams, Jr., to Division 10.
Francis P. O'Laughlin to Division 11.
Frank A. Laurino to Division 15.
Thomas J. Durrano to Division 16.
Peter J. Abdou to Division 19.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

HEALTH DEPARTMENT DENTAL SERVICE IN BOSTON.

Eleven dental clinics were maintained in 1944 for the use of pre-school and school children. As in previous years, the objective of these clinics is preventive dentistry and every effort is made to teach the child the proper care of the teeth. Correlation between class instruction in dental health and the visits to the clinic is encouraged by the school nurse, the dental hygienist and the health educator.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine.*

MILK PLANT INSPECTION SERVICES IN BOSTON FOR THE YEAR 1942.

Total number of services, 170,516; dairies inspected, 126; inspections of country creameries, 1,054; bacteriological examinations at country creameries, 8,931; milk cans inspected, 108,371; milk cans condemned, 6,443; milk temperature tests, 47,804; inspections of licensed dealers, 2,563; inspections of establishments for pasteurization of milk, 1,414; inspections of ice cream plants, 98; investigation of high counts, 149; laboratory inspections, 6; abatement notices served on licensed dealers, 719; dairies excluded because of poor quality milk, 945; dairies readmitted after compliance with requirements, 822.

SEA-GOING DRY DOCKS.

Bigger than a battleship! That's the rough proportion of some of the new Navy floating dry docks which can be towed or self-propelled at speeds sufficient to follow our fleet into action. Indeed, the dry docks are large enough to handle even a mighty battleship when it needs repairs or overhauling.

Never before have floating dry docks been built so large, taken so far. Never before have docks of this character been so mobile. The Navy has spent upward of \$300,000,000 on their floating dry dock program and it has been a shrewd investment. Now, instead of damaged warships traveling the thousands of miles from the theaters of action to an American coastal dry dock for repairs, it can be placed in a floating dry dock on the spot in a matter of hours, thus saving precious time.

BOND SALES.

Labor, farm, school and women's groups were responsible for 1943's greatest sale of E Bonds.

Using the person to person approach, Payroll Savings added two million workers—bringing its ranks to 26.4 million. Payroll Savings allotments jumped from 355 millions in December, 1942, to 445 millions in October, 1943. Thousands of labor-management War Bond committees were organized.

Farm committees worked intensively through personal solicitation and farmers' organizations to convert a large share of the largest farm income in history into War Bonds.

In the schools, the nation's youngest group of Bond buyers is rapidly enlisting every pupil in America.

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of

airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

CIVIL SERVICE EXAMINATIONS. LABOR SERVICE.

PRACTICAL TEST FOR LIFE GUARDS.

Salary: \$5 to \$5.50 per day.

Vacancies: There are several vacancies to be filled for state service and in municipalities where lifeguards are employed.

Duties: To keep watch, maintain order, and safeguard lives at state or municipal beaches or swimming pools; to rescue bathers who are in danger, and prevent drownings and mishaps; to give first aid and to assist in the resuscitation of rescued bathers; and to perform related work as required.

Exceptional skill in swimming is necessary, as well as a thorough knowledge of approved methods of first aid and resuscitation.

Entrance Requirements: Persons who wish to apply for these positions must register by filing application at the Division of Civil Service, State House, Boston, or at the office of the Labor Registration Clerk in the city or town. Only citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application have a right to apply. An applicant for city or town service must have domiciled in the city or town for which he is applying for six months next preceding the date of filing application. Persons already registered for the Labor Service need not file a new application, but should call at the office of the Division of Civil Service or at the office of the Labor Registration Clerk and add the rating of lifeguard if they have not already registered under this rating.

Practical Test: Two hundred-yard swim; cross chest carry and lift; hair carry; front strangle; back strangle; wrist grip; float victim; resuscitation.

Notice of the time and place of the practical test will be sent to those having applications on file.

Physical fitness to be determined by physical examination.

Applicants must have visual acuity of at least 20-50 in each eye separately, without correction.

Names of those who qualify in the practical test and who pass the physical examination will be registered in the order of the date of application on the eligible lists for these positions. Names of veterans will be placed on the eligible lists above the names of all other applicants.

Labor Registration Clerks: Carl O. Larson, Town Hall, Arlington; Thomas H. Scanlon, Health Department, City Hall, Beverly; Mary Connolly, City Hall, Brockton; Arthur A. O'Shea, 55 Prospect street, Brookline; Mildred G. Hayes, City Hall, Chelsea; Helen Tremblay, City Hall, Chicopee; Mrs. Florence L. Robertson, City Hall, Everett; Mrs. Mary V. Simmons, Town Hall, Easthampton; Lorenzo E. Savard, 235 Pocasset street, Fall River; Ruth Proctor, City Hall, Fitchburg; Alice Fall, Auditor's Office, City Hall, Gloucester; Mary Griffin, City Hall, Holyoke; Genevieve F. Vogt, City Hall, Lawrence; Alphee Achin, Hildreth Building, Lowell; Mary Shanahan, City Hall, Lynn; Mae Welch, City Hall, Malden; Beatrice Grenier, City Hall, Marlboro; A. A. Lucey, City Hall, Medford; Emma Duggan, Town Hall, Methuen; William J. Carter, Municipal Building, New Bedford; Andrew Prior, City Hall, Newton; Doris McConnell, City Hall, North Adams; John P. Mahoney, Old High School Building, 219 Main street, Northampton; George V. Murphy, Old Age

Assistance, City Hall Annex, Peabody; Elizabeth White, City Hall, Pittsfield; Dorothy O'Brien, Auditor's Office, City Hall, Quincy; M. Elizabeth Person, City Hall, Revere; Oliver J. Lanoue, Town Hall, South Hadley; Frances M. Bogleane, City Hall, Springfield; Edith Arnold, City Hall, Taunton; Leo Hinchey, City Hall, Waltham; John J. Murphy, Almoner, City Hall, Westfield; Mrs. Annie B. Proulx, City Hall, Worcester.

POPULATION OF THE CITY OF BOSTON AS RETURNED BY THE SECRETARY OF STATE, BUREAU OF CENSUS, FOR 1945.

Ward 1, 55,112; Ward 2, 25,655; Ward 3, 45,446; Ward 4, 30,901; Ward 5, 32,962; Ward 6, 24,986; Ward 7, 34,405; Ward 8, 28,675; Ward 9, 28,204; Ward 10, 30,313; Ward 11, 29,887; Ward 12, 36,955; Ward 13, 28,329; Ward 14, 54,145; Ward 15, 27,586; Ward 16, 33,875; Ward 17, 33,774; Ward 18, 45,104; Ward 19, 30,479; Ward 20, 37,860; Ward 21, 38,476; Ward 22, 33,257; total, 766,386.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR GASOLINE MOTOR FUEL, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 100,000 gallons, more or less, of gasoline motor fuel, for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Tuesday, June 24, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, July 2, 1947. A properly certified check for fifteen hundred (\$1,500) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(June 21-28.) D. P. MCGILLICUDDY,
Secretary.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING X-RAY EQUIPMENT TO BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing X-ray equipment to Boston City Hospital, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for X-Ray Equipment." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Monday, June 30, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(June 21.) WILLIAM I. ROSE,
Superintendent of Supplies.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLING STAGE AND WALL DRAPERIES AND A MOTION PICTURE SCREEN IN THE LECTURE HALL OF THE CENTRAL LIBRARY BUILDING, COPLEY SQUARE, BOSTON.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for furnishing and installing stage and wall draperies and a motion picture screen in the Lecture Hall of the Central Library Building, Copley square, Boston.

Proposals will be received until 12 o'clock noon, Friday, June 27, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of one hundred and fifty dollars (\$150), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of this contract.

Specifications may be obtained on and after Wednesday, June 18, 1947, at the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by ELIZABETH B. BROCKUNIER, Clerk.
(June 14-21.)

CITY OF BOSTON.

BOARD OF EXAMINERS OF GAS FITTERS.

ROOM 901, CITY HALL ANNEX.

NOTICE OF EXAMINATION FOR GAS FITTING LICENSES.

An examination of applicants for Master's or Journeyman's gas fitting license will be held on June 27, 1947, at 1.30 p. m., in Room 902, City Hall Annex. Applications for the main desk in the Building Department, Room 901, City Hall Annex. Only applications filed prior to 12 noon, June 25, 1947, can be considered as permitting applicant to be eligible for this examination.

City of Boston Gas Fitting Regulations recently established consistent with the provisions of chapter 479, Acts of 1938, as amended, are obtainable in pamphlet form at the office of the Building Commissioner. Price 25 cents.

JOHN J. MAHONEY,
Building Commissioner.
JOHN H. CAULEY, M. D.,
Health Commissioner.

(June 21.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR CLEANSING, STERILIZING AND RECONDITIONING BASEBALL EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for cleansing, sterilizing and reconditioning baseball equipment for the Boston Public Schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Cleansing, Sterilizing and Reconditioning Baseball Equipment." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check, payable to the City of Boston, in the amount of fifty dollars (\$50), must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, July 2, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid which it deems best for the interests of the city. The successful bidders will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 per cent of the amount of the contract.

HENRY J. SMITH,

Business Manager of the School Committee.
(June 21.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO CHARLESGATE WEST BRIDGE OVER IPSWICH STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to Charlesgate West Bridge over Ipswich street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to Charlesgate West Bridge over Ipswich Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, July 2, 1947, with a certified check for seven hundred and fifty (750) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

Commissioner of Public Works.
(June 21.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ASPHALT PAVING CONTRACTORS.

INVITATION FOR PROPOSALS FOR REGRADING AND LAYING ASPHALT SURFACE AT THE SITE OF THE BIGELOW SCHOOL, FOURTH AND E STREETS, SOUTH BOSTON.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for regrading and laying asphalt surface at the site of the Bigelow School, Fourth and E streets, South Boston.

Proposals will be received until 12 o'clock noon, Wednesday, July 2, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,

(June 21.) Superintendent of Construction.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CLASS B IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service:

Approximately 150,000 pounds hydrant and gate stock.

Proposals may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Class B Castings." The bids will be publicly opened and read Thursday, July 3, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(June 21.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE (1) WASHING MACHINE FOR PENAL INSTITUTIONS DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing washing machine for Deer Island, as specified in forms to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Both bids to be sealed in envelopes, marked "Proposal for Washing Machine." The bids will be publicly opened and read Monday, July 7, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, JUNE 28, 1947.

No. 26

CHIEF ENGINEER OF BOARD OF STREET COMMISSIONERS TAKES EXCEPTION TO STATE'S PROPOSAL FOR A CENTRAL ARTERY FOR UNSNARLING BOSTON'S DOWNTOWN TRAFFIC CONDITIONS—IN LETTER TO MAYOR HE POINTS OUT THAT PROPOSED HIGHWAY AIMS AT CONNECTING ROUTE 1, NORTH AND SOUTH OF CITY (ON THE PERIMETER, AS IT WERE), AND LEAVES MAIN TRAFFIC PROBLEMS UNSOLVED — OFFERS PLAN FOR MEETING AND CLEARING UP CONDITIONS FROM SAUGUS, REVERE, AND CHELSEA SIDE AS MORE EFFECTIVE.

In a letter addressed to Mayor Curley, Thomas F. McGovern, Chief Engineer of the Board of Street Commissioners, takes exception to the claims that a "Central Artery" would aid in unsnarling the traffic in the downtown area of the city. He points out the fact that the plan as proposed is primarily an effort to connect Route 1 at Lechmere square with the same route south of Dedham, and any relief to the city's traffic would only be incidental. He also points out that the taking of land in the city for the project would cause a loss to the city of more than \$1,000,000 a year. In addition, the city is expected to contribute some \$10,000,000 toward construction.

To offset the proposals as made by the state engineers, Chief Engineer McGovern makes a proposal that would be of greater advantage to the city — both as to unsnarling traffic and to bringing revenue to the city. The letter reads as follows:

CITY OF BOSTON,
BOARD OF STREET COMMISSIONERS,
Office of Chief Engineer, 402 City Hall Annex.

MAY 28, 1947.

HON. JAMES M. CURLEY, *Mayor of Boston.*

DEAR MR. MAYOR,— The traffic problem of our city has become a topic of such general discussion that the writer feels at liberty to add something. I don't expect to quell the agitation by this contribution, but wish to set forth one side of the problem which the press and public refuse to recognize, and that is that the proposed "Central Artery" is a state highway by-pass which should not be built through the heart of downtown Boston.

To understand the nature of our traffic evil, it is essential to study the street system adopted by the city in its growth and development from a town of 1.27 square miles, having a population in 1778 of only 25,000 inhabitants, to a city covering an area of 47.8 square miles of territory and embracing within its limits a population of about 800,000, with a tributary population in its metropolitan district of about 2,000,000 persons, or more than one half the population of the state.

Growth of Boston Like That of Tree.

Boston has been developed by a system much like a tree, with this great difference — while new branches and twigs have constantly been added, in the nature of outlying avenues and suburban streets, the trunk, within the City Proper, has not been made to grow in any degree proportionate with the growth of the limbs.

The congested area of today remains in general as it was in 1892. Inactivity in coping with the traffic problem in the early stages of congestion now emphasizes the wasted opportunities of the past. The "Great Fire" of 1872, the fire of 1873, and the fires of November 28, 1889, all gave exceptional opportunities to widen and straighten the streets within those areas.

During the war years a commission was appointed for the purpose of studying and planning postwar highway projects throughout the state. Among these plans is the ambitious project generally known as the "Central Artery."

An analysis of this plan shows that, primarily, it is an effort to connect a point (Lechmere square) on U. S. Route 1 with another point on U. S. Route 1 south of Dedham. Any relief to the city's traffic would be only incidental.

(Continued on page 799.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, June 30, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marqueses, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 803, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending June 21, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 153; nonresidents, 51; total, 204.

Death rate per 1,000 of population: All deaths, 13.84; nonresidents deducted, 10.38.

Death rate per 1,000 of population:

Last week, 14.86; corresponding week last year, 14.65.

Deaths by age periods, sex, etc.: Under one year, 23; one year to four years, inclusive, 3; sixty years and over, 98; Total deaths: Male, 119; female, 85; deaths in hospitals and institutions, 136.

REPORTABLE DISEASES: CASES AND DEATHS.*

IN A LETTER TO MAYOR CURLEY, CHIEF ENGINEER, BOARD OF STREET COMMISSIONERS, OFFERS PLAN TO AID BOSTON'S TRAFFIC CONDITIONS.

(Continued from page 797.)

COST A BURDEN.

The cost of the entire project was originally set at \$50,000,000. About one half of this amount, \$25,000,000, would be used to pay for land taken. This latter amount was based on assessed valuations. The loss of this taxable property would deprive the city of a revenue amounting to \$1,000,000 each year from the date of taking. In addition, the city was expected to contribute \$10,000,000 toward the construction. The State Planning Board and the state engineers preferred to avoid publicity on this point which is of vital interest to the city. When you brought this information to public notice, the proponents of the plan tried to answer by saying that the loss of this revenue would be offset by the enhancement of values on property in the neighborhood of the project. The city's experience with elevated structures and their effect on property values is too well known to allow such arguments to prevail.

The proposed "Artery" is 150 feet wide throughout most of its length; in some places the widths will be 200 feet and 250 feet. The steel structure will occupy all but about 70 feet of this width. This would mean that the faces of the buildings on each side of the street would be only 35 feet from a structure which would be approximately 25 feet in height. It is hard to conceive any enhancement in value to properties in the shadow of this structure.

To accomplish their purpose the state engineers proposed to construct an elevated highway on a steel structure approximately three miles in length, through the heart of the city. It was planned to bring traffic to the surface at Hampden street, and continue thereon to Blue Hill avenue at Franklin Park. The proposed highway is a through route and should be kept out of downtown Boston. It might make it easier to get to selected spots wherever the ramps are placed, but this would only change the location of the congestions—in fact, the problem would be aggravated. A through route should be a perimeter highway.

ALTERNATE PLAN.

If a traffic by-pass for U. S. Route 1 is desired, it should be planned to divert traffic at the end of the six-lane highway in Saugus to the broad avenues in Revere and Chelsea, to the McClellan Highway, and thence by its planned extension to a high-level bridge over the harbor, joining the proposed elevated highway at Atlantic avenue. If the question of a bridge against a tunnel were put to popular vote, it is most probable that the decision would favor a bridge. The proposed development of the area between Atlantic avenue and the water front, as planned by Mr. W. J. MacDonald, deserves the most favorable consideration.

Another perimeter highway can be developed along the Charles River from the Charles River Dam to Embankment road, thence by an extension of Embankment road, including Back street, to Soldiers Field road, thence by Soldiers Field road, to the proposed bridge over the Charles River at Gerry's Landing, leading directly to Route 2. If this

was built, suitable connections could be made at Dartmouth street and Dedham street to a bridge over Fort Point Channel to the intersection of Old Colony avenue and Dorchester avenue. And from this Dartmouth Street Extension connections could be made at Albany street, from which point traffic could follow the route to Franklin Park, and thence to Dedham on U. S. Route 1.

As a structure we could admire the proposed Mystic River High-Level Bridge, but as a relief to the traffic problem of Boston it will only result in snarling traffic at City square, Charlestown.

I believe that traffic in the City Proper can be controlled by surface movements with appropriate separation of grades at busy intersections. Upon the completion of the off-street parking program a more intelligent study can be made.

Yours very truly,

THOMAS F. MCGOVERN,
Chief Engineer.

CIRCULAR LETTER NO. 12.

CITY OF BOSTON,
MAYOR'S OFFICE, June 23, 1947.
To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees of your department who are members of the Army Reserve Corps, the Naval Reserve Force, the State or National Guard, the Marine Reserve Corps and the Coast Guard Reserve and Auxiliary, to attend the annual tour of duty.

Respectfully,

JAMES M. CURLEY, Mayor.

"SWIM FOR HEALTH WEEK."

PROCLAMATION.

On Monday, June 23, 1947, and continuing through June 28, our Nation is to observe "Swim for Health Week." I am in hearty accord with this campaign, for it means the building up of the physical fitness of our youth and a tremendous lessening of tragic deaths from drowning.

During the past war it was discovered that some 40 to 45 per cent of our "available" for national security preservation were pronounced to be "physically unfit." That is truly a sad picture. Let us all try to correct it.

Some of our schools of Massachusetts require that a pupil must have a swimming certificate before eligibility for a high school diploma will be considered. Not a bad idea!

Many thousands of American boys, traveling in water-borne carriers, whether of the Navy, Army or Marine Corps, in World War II, lost their lives, saddened their homes, and frustrated a future happy existence, because they were unable to swim.

That is all. "Swim for Health Week" does mean something.

JAMES M. CURLEY,
Mayor of Boston.

MAYOR CURLEY ADDRESSES LETTER TO SCHOOL GRADUATES.

BOSTON, June 23, 1947.

June is a month of graduations. It means the completion of elementary, secondary or college courses in preparation for future life, with all its joys, hopes, aspirations, and possibly vicissitudes. To

thousands everywhere it is the dawn of a new and lovely day. It should be a most happy occasion.

During the past and present week, here in Greater Boston, a host of youthful boys and girls will have matriculated from our public and parochial schools. They are to be congratulated and encouraged.

Words are meaningless unless they come, and are prompted, from a human and understanding heart. I have been through the mill of life—and I pray and hope that I may still be of useful public service—but I feel that I am in a position to know, understand, and appreciate the vexing and perplexing problems which confront us.

Our greatest goal today is friendly relations with our neighboring countries and the preservation of world peace. The President of the United States and all right-thinking persons within our borders are striving to that end. The youth of America—the boys and girls now emerging from our schools and colleges—feel the same, and they can be of immeasurable help.

Faith in God, faith in one's self, faith in fellow men and women, love of country, application to duty, and devoted affection for all about you will never lead you astray.

To all of you—and you are our pride and joy—just a few more heartfelt words. May God bless you, comfort you, and bring to you and your loved ones the fullest measure of health, success, and happiness. The world is awaiting you.

JAMES M. CURLEY,
Mayor of Boston.

ARCHBISHOP CUSHING CON- SECRAES NEW DEER ISLAND CHAPEL.

On Thursday, June 26, His Excellency, Richard J. Cushing, Archbishop of Boston, paid a visit to Deer Island as the guest of the city.

The Archbishop arrived at Deer Island at 1 p. m. in time for luncheon with Commissioner Grossman, and during the afternoon consecrated the new chapel erected since his last visit.

He also gave his blessing at Benediction and talked to the people confined there.

ADDITION TO CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following addition to the contract of Construction Units dated November 12, 1946, for alterations and additions to Fire Station, Engine 46, Peabody square, Dorchester:

Addition No. 8.—Furnish labor and material for the installation of new radiation consisting of new supply piping, valves, etc., in officers' toilet on second floor; relocating radiators in officers' bedroom, locker room, and chief's room on second floor, \$698.50. Original contract, \$26,893. Total contract with foregoing addition, deduction, and addition of December 24, 1946, addition of February 14, 1947, addition of February 28, 1947, addition of April 2, 1947, and additions and deduction of April 10, 1947, \$32,493.97. Because of changes made in partitions and also in overhead system to allow for overhead doors, and changes in risers and runouts necessary because of installation of column footings, the foregoing work had to be done. Although the foregoing is in addition to the work contemplated in the original contract, it is incidental thereto.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING JUNE 25.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
Joseph Ardini.....	8 Wiget street	3	New fitting for range and heater	\$60

DEPARTMENT CHANGES.

FIRE DEPARTMENT.

The following-named firemen have been promoted to firemen, engineers (Motor Squad), with an increase in salary from \$2,700 to \$2,900 a year:

Fireman William J. Grady, Engine Company 15.

Fireman John G. Shea, Engine Company 28.

Bernard H. Monagle, 91 Franklin street, Brighton, hoseman, has been retired at \$1,800 a year.

Walter E. Weston, 239 Dorchester street, South Boston, ladderman, has been retired at \$1,800 a year.

Henry J. Enross, 9 Aberdeen street, Brighton, aide to medical examiner, has been retired at \$1,933.33 a year.

The following-named provisional firemen have been appointed at \$2,000 a year:

Hazen A. Chalmers, Jr., 156 Bayswater street, East Boston; Peter F. Coleman, Jr., 102 La Grange street, West Roxbury; Charles G. Duclos, 19 Quarley road, Roslindale; George W. Girvan, Jr., 366 Metropolitan avenue, Roslindale; Harold B. Goff, Jr., 322 Hyde Park avenue, Jamaica Plain; Sefton H. Granada, 59 Savin street, Roxbury; John F. Grimes, 147 Ninth street, South Boston; John J. Kennedy, 162 Medford street, Charlestown; Robert C. Laird, 83 Bickford street, Jamaica Plain; Louis C. Liberatore, 110 Lexington street, East Boston; Michael J. Linehan, 704 Parker street, Roxbury; Vincent J. McDonough, 667 East Seventh street, South Boston; Philip J. McGillen, 29 Winship street, Brighton; Edward J. Riley, 7 Central square, East Boston; Herman L. Ruark, 61 Walden street, Jamaica Plain; Leo A. Ryan, 41 Soley street, Charlestown; John F. Shannon, 904 East Broadway, South Boston; Roy J. Stanley, 32 Haverhill street, Charlestown; Julius C. Sutton, 77 Byron street, East Boston; Henry J. Welz, 242 South Huntington avenue, Jamaica Plain.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Approval has been given for the following changes in the Sanatorium Division for the week ending May 27:

Appointments.—John Vaughn, 249 River street, Mattapan, patient male nurse, full time, \$19.86 a week; Thomas Halloran, 249 River street, Mattapan, patient male nurse, part time, \$9.93 a week; John P. McCoolle, 139 River street, Mattapan, permanent hospital kitchen worker, \$25 a week; Michael Franzosa, 14 Park street, Charlestown, patient male nurse, part time, \$9.93 a week; Peter Matulonis, 12 Swallow street, South Boston, patient male nurse, full time, \$19.86 a week.

Approval has been given to the following changes in help in the service of the Sanatorium Division during the week ending May 27:

Resignations.—Dr. Arthur Driscoll, Dr. Gilbert J. Rose, internes (temporary), \$1,400 a year; Peter Matulonis, patient male nurse, \$19.86 a week; Michael Franzosa, patient male nurse, \$9.93 a week.

Approval has been given for the following changes in the Sanatorium Division for the week ending June 10:

Appointments.—Francis X. Sarjeant, 86 Standard street, Mattapan, temporary

hospital kitchen worker, \$25 a week; Mrs. Helen Butler, 179 Norfolk street, Dorchester, Emily F. Wilson, 146 L street, South Boston, temporary hospital medical workers, \$24 a week.

Resignation.—Leonard Chapman, patient male nurse, \$9.93 a week.

INSTITUTIONS DEPARTMENT.

The following changes have been made for the week ending May 28:

Appointments.—Michael J. Doherty, 18 Sheridan street, Jamaica Plain, attendant, provisional, \$1,200 a year and maintenance, Long Island Hospital; John T. Canavan, 2 Pinedale road, Roslindale, porter, provisional, \$1,126 a year and maintenance, Long Island Hospital; Mary Curran, 5 Clinton street, Newton, Josephine Norris, 43 Gay street, Quincy, attendants, provisional, \$1,200 a year and maintenance, Long Island Hospital; Herbert J. Gallagher, 33 Whipple avenue, Roslindale, porter, provisional, \$1,126 a year and maintenance, Long Island Hospital; Earl J. Evans, Long Island Hospital, helper, serving room, provisional, \$1,126 a year and maintenance, Long Island Hospital; William F. Tattan, Long Island Hospital, attendant, provisional, \$1,200 a year and maintenance, Long Island Hospital.

The following changes have been made for the week ending June 4:

Appointments.—Charles C. Fraser, Long Island Hospital, William D. Gillis, Long Island Hospital, helpers, kitchen, provisional, \$1,126 a year and maintenance, Long Island Hospital; Richard Baylor, Long Island Hospital, choreman-chauffeur, provisional, \$1,200 a year and maintenance, Long Island Hospital; Richard D. Campbell, 22 Thurston road, Watertown, helper, serving room, provisional, \$1,126 a year and maintenance, Long Island Hospital; James E. Freshour, 16 Lincoln street, Stoneham, attendant, licensed, provisional, \$1,300 a year and maintenance, Long Island Hospital; Frank Gaffney, 288 Dudley street, Roxbury, porter, provisional, \$1,126 a year and maintenance, Long Island Hospital; William J. Martin, 750 Harrison avenue, Boston, helper, laundry, \$1,126 a year and maintenance, Long Island Hospital.

Resignations.—William J. Martin, 750 Harrison avenue, Boston, choreman-chauffeur, provisional, \$1,200 a year and maintenance, Long Island Hospital; Peter F. McDonough, Long Island Hospital, helper, kitchen, provisional, \$1,126 a year and maintenance, Long Island Hospital; Melvin J. Carr, Long Island Hospital, helper, plumbing shop, provisional, \$1,200 a year and maintenance, Long Island Hospital.

STEP-RATE INCREASES.

The Mayor has approved step-rate increases for the various departments:

AUDITING DEPARTMENT.

Timothy F. Coffey, bookkeeper, from \$2,500 to \$2,600 a year.

George R. Hession, bookkeeper, from \$2,500 to \$2,600 a year.

Edward J. McGann, clerk, from \$2,800 to \$2,900 a year.

Mary Shamirian, clerk and stenographer, from \$2,400 to \$2,500 a year.

Edwin J. Sullivan, clerk, from \$3,000 to \$3,100 a year.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING JUNE 25.—Concluded.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
Walter P. Jones	501 Southampton street	7	Testing	\$10
Hyman Lappin	91 and 93 Blackstone street	3	Installing seven radiators	180
Hyman Lappin	18-34 Old Colony avenue	13	New piping for fitting	40
C. J. Lee	4 Putnam place	9	Connecting range and heater	50

Cash Discount.—T. J. Noonan Company, 2 per cent, 10 days; U. S. Rubber Company, 2 per cent, 10 days; Macalaster Bicknell Company, net; T. W. Reed Company, 2 per cent, 10 days; Market Supply Company, 2 per cent, 10 days; E. F. Mahady Company, 2 per cent, 10 days.

Remarks.—U. S. Rubber Company, subject to increase or decrease; Macalaster Bicknell Company, price at time of delivery; T. W. Reed Company, Beeton Dickinson, 33 1/3 per cent, Randall Faichney, 33 1/3 per cent, McGregor Instrument, 33 1/3 per cent (40 per cent, orders over 500), Davis & Geck, 3 gross price on yellow list, Johnson & Johnson, 3 gross price, C. DeWitt Lukens, 3 gross price, Acepticon, 40 per cent from list, Jones Metal, 40 per cent from list, Anchor, as per list, Berbecker, 33 1/3 per cent from list (5 gross), Medbridge Supply, 33 1/3 per cent from list, C. R. Bard, 10 per cent, Davol Rubber, 25 per cent from retail prices, Polar Ware, 40 per cent from attached list, Deknatel, 10 per cent, 12 or more spools, Gudebrod Champion Silk, 20 per cent from list, Vollrath, 40 per cent from list; Schild Products Company, no certified check, no bid at Auditor's office; E. F. Mahady Company, A, prices guaranteed to April 15, 1947, B, prices guaranteed for contract year, C, Vim list prices, subject to discount, all prices except A and B subject to change.

No price lists filed at Auditor's on catgut or sutures, no "A" prices in Auditor's copy. Auditor's copy illegible.

T. J. Noonan Company.—Items 191-215, no discount on Supply copy.

T. J. Noonan Company.—Items 216-227, 5 gross or more, not on Auditor's copy.

* Contract awarded.

WITHOUT ADVERTISING.

TRANSIT DEPARTMENT.

Upon June 6 the Mayor approved a contract with The Robinson Clay Products Company, without advertising, as follows:

BOSTON, June 2, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to place an order, without public advertisement, with The Robinson Clay Products Company for furnishing vitrified clay pipe, bends, Y's, etc., to the Transit Department.

This department, under a recent date, asked for bids and the following bids were received:

J. P. O'Connell Company, \$1,579.98; time of delivery, shipment from factory two to three weeks; The Portland Stone Ware, \$1,464.97; time of delivery, 60 days; The Robinson Clay Products Company, \$1,531.56; time of delivery, shipment from factory two to three weeks; Waldo Brothers Company, bid not complete, unable to bid on some items; William S. Simpson, Inc., unable to bid.

The department is in urgent need of this material.

The total amount of the order would be \$1,531.56.

We wish to award to The Robinson Clay Products Company, which is the lowest bidder with an early delivery date, and no advantage would be gained by advertisement.

For this reason I respectfully request that the permission asked for above be granted.

Respectfully yours,

MALCOLM E. NICHOLS,
Chairman.

EXTENSION OF CONTRACTS

FIRE DEPARTMENT.

Construction Units have been granted a further extension of time for the performance of the contract in connection with additions and alterations to Fire Station, Engine 46. The contract dated November 12, 1946, was to have been completed within sixty days after November 21, 1946. The date of completion in accordance with the provisions of the contract was January 20, but this time has been extended to May 12, 1947. Owing to difficulties experienced by the contractor in obtaining overhead doors it has not been possible to complete the work. Delivery of this equipment was promised on April 23 and May 1, but because of strikes and other holdups the doors were not shipped until June 2, 1947. Therefore, a further extension of time for performance of the work under the contract until June 30, 1947, has been granted.

PARK DEPARTMENT.

J. A. Singarella Company has been granted an extension of time until June 15, 1947, for the completion of the contract for construction of new convenience station for women, Public Garden, Boston.

PENAL INSTITUTIONS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract made with Kenworthy & Taylor, Inc., for the reason that the suppliers of materials have been unable to fulfill their promises of delivery, which is still causing delay in completion of work. Three months from June 30, 1947, time of completion, if the above promises of suppliers are fulfilled.

PUBLIC WORKS DEPARTMENT.

C. Russo, Inc., has been granted an extension of time for the completion of the contract for the building of sewerage works in Pond street, between Rockwood street and Neillian Crescent, West Roxbury, from May 31, 1947, to July 15, 1947, a period of 45 days. This extension is requested for the reason that difficulties were encountered on another sewerage works contract (of Russo's) which delayed the start of this project.

Murray Engineering Company has been granted an extension of time for the completion of the contract for building a public boat landing at Warren Bridge, to June 1, 1947. This extension is requested for the reason that the contractor has been delayed by nonreceipt of necessary materials. The materials are now on hand, and this work will be completed on or before June 1, 1947.

SUPPLY DEPARTMENT.

Approval has been given to extend contracts as follows:

BOSTON, April 23, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to extend the completion date of the coal contracts listed below from April 30, 1947, to May 31, 1947.

Snider Fuel Corporation.—Contract dated September 11, 1946, for furnishing run of mine bituminous coal to the Long Island Division of the Institutions Department and stoker coal to the Public Buildings Department.

Staples Coal Company, doing business as City Fuel Company.—Contract dated September 16, 1946, for furnishing run of mine bituminous coal to the fire boats, ferry boats and Deer Island.

White Fuel Corporation.—Contract dated August 5, 1946, for furnishing run of mine bituminous coal for bins of public buildings.

The Boston Ice Company.—Contracts dated October 1 and November 22, 1946, for furnishing anthracite coal for the various public buildings and Soldiers' Relief Department.

This extension is requested in order that new proposals may be considered at a time when conditions governing the price of coal will be more stabilized.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, MAY 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On October 9, 1945, a contract was awarded to the Hersey Manufacturing Company for furnishing water meters to the Water Division of the Public Works Department. The termination date of this contract was December 31, 1945, but owing to the difficulty experienced by the contractor in securing materials the termination date was extended to July 1,

1946, by which time the contractor felt that he could complete deliveries. Unfortunately, the contractor was unable to secure his commitments of materials by July 1, 1946, and did not complete deliveries on this contract until December, 1946.

In view of the above information, I would respectfully request that permission be granted me to extend the expiration date of this contract from July 1, 1946, to December 31, 1946.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

The Atlantic Battery Company has been allowed to extend the contract for automobile batteries. On January 14, 1947, bids were publicly opened and read for automobile batteries. Atlantic Battery Company was the only bidder. Original specifications called for batteries to be furnished under the contract for a period of one year but owing to the scarcity of lead and other materials going into the manufacture of batteries at that time, the contractor was limited to a six months' period, which expires July 31, 1947. The present indications show that the price of batteries may increase because of the continued shortage of rubber, lead and other materials. Therefore permission has been granted to extend the termination date of the contract with the Atlantic Battery Company of Boston from July 31, 1947, to December 31, 1947, with the privilege of buying on the same terms and conditions until January 31, 1948, at the original bid price of the contract. The approximate amount of the contract is \$2,000.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

A. Singarella & Son have been directed to perform the following extra work under the contract for laying cement concrete pavement in Cushing avenue, Ward 13, from Columbia road to Windermere road, dated October 22, 1946. Items ordered: (1) Furnish and place about 800 tons of gravel in place of unsuitable material below subgrade. Price to be paid, the sum of \$1.25 per ton. (2) Remove approximately 116 square yards of existing concrete base in street intersection. Price to be paid, the sum of \$1.50 per square yard. Estimated cost of extra work, \$1,172.50.

John Deveney Company has been directed to perform the following extra work under the contract for sewerage works in Tenean Creek, Tenean street, Old Colony Parkway, Victory road, and Freeport street, Dorchester, dated September 30, 1946. Items ordered: Furnish Metropolitan police detail at the rate of \$10 per man per day to regulate traffic while work is in progress on Old Colony Parkway, as required by the Metropolitan District Commission. Estimated cost of extra work, 130 days at \$10, \$1,300.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and 10-inch pipe surface drain in Keith street, between Libbey street and 109 feet northeasterly, in the West Roxbury district, at an estimated cost of \$1,300.

CONTRACT AMENDED.

LIBRARY DEPARTMENT.

The New England Deposit Library has been allowed to amend the contract for the rental of storage space in said New England Deposit Library as follows:

Whereas, Said contract provides that the cost of the rental of storage space is six thousand three hundred and seventy-five dollars (\$6,375);

Whereas, Additional rental of space has become necessary in the amount of nine hundred twenty-eight dollars and thirteen cents (\$928.13);

Whereas, The reasons in detail for the additional rental of space have been set forth in a letter to the Mayor, approved by the Mayor on March 18, 1947, and subsequently published in the *City Record*, which letter, approval, and publication, are incorporated herein and made a part hereof;

It is agreed by and between the parties hereto that the contract of February 7, 1947, be amended so as to provide for a total cost of rental of storage space in the amount of seven thousand three hundred three dollars and thirteen cents (\$7,303.13).

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the requests of the several heads of departments for the following transfers of appropriations:

CITY COUNCIL.

BOSTON, June 2, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—In accordance with the provisions of section 3B of the amended City Charter and for the reasons as below explained, approval is requested for the following transfer of appropriations:

From B-42, Miscellaneous, \$1,600, to B-39, Repairs, \$1,600.

This transfer is necessary to provide sufficient funds for painting and repairing of city flagpoles. Funds for this work were made available by his Honor the Mayor in the B-42, Miscellaneous, item. Mr. Fox has requested that future orders be charged to B-39, General Repairs.

Respectfully,

WILLIAM J. O'DONNELL,
City Messenger.

COLLECTING DEPARTMENT.

BOSTON, June 4, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—In accordance with the provisions of section 3B of the amended City Charter and for the reasons as below explained, approval is requested for the following transfer of appropriations:

From B-12, Bonds, \$460, to B-10, Rentals, \$460.

The above transfer is necessary to provide for extra punch machines to handle anticipated tax payments when current 1947 bills are sent out. Period covers August 15 to November 15, 1947.

B-12, Bond account, is used since a surplus may be anticipated due to termination of temporary employees who were employed to cover men in military service now returned to their former positions and whose bond premiums are also provided for.

Respectfully,

DANIEL F. DONOVAN,
Collector.

BOSTON, June 4, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—In accordance with the provisions of section 3B of the amended City Charter and for the reasons as below explained, approval is requested for the following transfer of appropriations:

From B-12, Bonds, \$138, to B-10, Rentals, \$138.

The above transfer is necessary to provide for extra punch machines to handle anticipated tax payments when current 1947 bills are sent out. Period covers August 15 to November 15, 1947.

B-12, Bond account, is used since a surplus may be anticipated due to termination of temporary employees who were employed to cover men on military service now returned to their former positions and whose bond premiums are also provided for.

Respectfully,

DANIEL F. DONOVAN,
Collector.

FIRE DEPARTMENT.

BOSTON, May 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's approval is requested of the following reallocation in the 1947 Fire Department budget:

From B-39, General Repairs, \$550, to B-5, Express Charges, \$550.

The foregoing reallocation is necessary in order to pay a bill of the McKie Lighter Company for moving two marine Scotch boilers owned by the Fire Department from the dock of the Hodge Boiler Works across Boston Harbor to dock of the Public Works Department in the South Bay Channel. This expense was required because of the fact that the Hodge Company notified us that they would charge a storage rental of \$25 per day for each day after March 1, 1947, that the boilers remained on their property.

Inasmuch as this expenditure was unforeseen when our budget estimates were submitted for 1947, sufficient money was not allowed in Item B-5 to cover the expense of moving the boilers.

There is a sufficient balance in Item B-39 to allow for the foregoing reallocation.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

BOSTON, June 5, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—In accordance with the provisions of section 3B of the amended City Charter and for the reasons as below explained, approval is requested for the following transfer of appropriations:

From C-13, Tools and Instruments, \$30, to C-12, Medical, Surgical, Laboratory, \$30.

The foregoing transfer is necessary in order that we may purchase from the War Assets Administration twelve Stokes metal basket stretchers which are to be used in rescue operations by the Fire Department. Two stretchers would be assigned to each Rescue Company as they would be of great value to these companies in the removal of injured persons from the scenes of accidents. The Stokes stretcher is superior to other stretchers now in use in the department in transporting a victim with injured back or neck, as it acts as a supporting splint.

The Stokes stretchers are worth about \$40 each but are on sale by the War

Assets Administration for \$2.40 each. Transfer is necessary inasmuch as we did not request any money under Item C-12 in the 1947 budget.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, June 4, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Child Welfare Division.

From B-17, Care of Persons, \$100, to B-5, Express Charges, \$100.

To cover express on clothing purchased in New York.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, June 3, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested for transfer of funds at the House of Correction, Deer Island:

House of Correction.

From A-1, Permanent Employees, \$1,000, to A-2, Temporary Employees, \$1,000.

Due to deductions and to a lack of full quota of permanent employees the above money is available in A-1, Permanent Employees.

Respectfully yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 5, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you amend the Sewer Division budget as follows:

From B-39, General Repairs, \$1,000, to E-13, Miscellaneous Materials, \$1,000.

In order to purchase needed parts for pumps at Calf Pasture Pumping Station, also automobile parts for the City of Boston garage, additional money is needed in E-13, which has at the present time an unencumbered balance of about \$300. Appropriation for 1947 in E-13 was \$3,000.

Funds are available out of B-39 for this transfer.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, May 6, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Approval is respectfully requested for the following transfers in the Water Division budget for the year 1947:

From C-4, \$900, to C-2, \$900.

From C-4, \$100, to C-7, \$100.

From D-16, \$50, to D-8, \$50.

From E-5, \$1,400, to E-1, \$1,400.

From E-5, \$100, to E-9, \$100.

C-2. Inability to obtain mounted compressor forced us to buy trailer compressor.

C-7. Prices increased on materials since submission of budget.

D-8. Prices increased on materials since submission of budget.

E-1. Inability to obtain cast-iron boxes forced us to make wooden boxes.

E-9. Increased cost of belting over amount figured in the budget.

Very respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, May 16, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you amend the Sewer Division budget as follows:

From B-39, General Repairs, \$50, to B-1, Printing and Binding, \$50.

Money is needed in B-1 to pay for the binding of sewer contracts and office ledgers. No money was appropriated for B-1 in 1947.

Due to the curtailment of expenditures in B-39, funds can be drawn from it for this transfer.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, May 20, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you amend the Sewer Division budget as follows:

From C-7, Furniture and Furnishings, \$20, to C-9, Office, \$20.

To purchase necessary pencil sharpeners and stapling machines, funds are needed in C-9. No appropriation was allowed in 1947 for this item.

Expenditures being curtailed in C-7, money is available out of this account.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, May 23, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to transfer Sanitary Division funds as follows:

From B-14, Motor Vehicles, Repair and Care, \$5,000, to E-13, Miscellaneous Materials, \$5,000.

To cover purchase of various automobile and sweeper parts, because of policy of the department to make such repairs in own garage with own labor forces.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, June 6, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to transfer Sanitary Division funds as follows:

From A-2, Personal Service (Temporary Employees), \$20,000, to B-39, General Repairs, \$20,000.

These funds are needed to pay for the removal of some 38,000 cubic yards of fill on the Ritchie street, Roxbury, property, which has become a health and rat menace.

The A-2 funds are available because permanent quotas have been filled, and

there is not so great a drain on the sick and vacation leaves as was expected.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUFFOLK COUNTY.

SUPERIOR COURT (Civil Session).

BOSTON, June 2, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Kindly transfer from B-35 in the Superior Court. General Expense, budget the sum of eighty-five dollars (\$85) to Item B-12 of that budget to cover outstanding expenditures.

Respectfully yours,

THOMAS DORGAN,
Clerk.

SUPERIOR CRIMINAL COURT.

BOSTON, May 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that the following transfer within the appropriations of the Clerk's office, Superior Criminal Court, be made:

From the appropriation for C-9, \$25, to the appropriation for C-17, \$25.

This transfer is necessary because when the budget was submitted this amount was charged to Item C-9 when it should have been charged to Item C-17.

Respectfully yours,

WILLIAM M. PRENDIBLE, *Clerk.*

MUNICIPAL COURT OF BOSTON.

BOSTON, May 28, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Approval is requested of the following reallocation of funds in the appropriations for this court:

From A-1, Permanent Employees, \$900, to A-2, Temporary Employees, \$900.

This reallocation is requested because a substantial increase in parking violations makes it necessary to employ two temporary clerks from June to September, inclusive.

Very truly yours,

DAVIS B. KENISTON,
Chief Justice.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

John F. Hynes has been ordered to make the following deduction from and addition to the contract for the James A. McDonald and Polk Street Schools:

Deduction: Omit all painting in the contract as called for under section, \$550; omit bricking up opening on the second floor of the James A. McDonald School, \$35; omit the kalamein partition on the second floor of the James A. McDonald School, \$400—\$985. Addition: Erect wood and glazed partition on second floor of James A. McDonald School, \$300; metal cover door and frame in boiler room, \$52—\$352. Net deduction, \$633, and the amount of \$633 will be deducted therefor, making the account as follows: Contract price, \$4,500; total deductions, \$633; amount of contract, \$3,867.

R. Tweed & Son have been ordered to make the following addition to the contract for the Hyde School:

Addition: Second coat painting, not specified in contract, in following rooms: Sewing room (walls and woodwork), cooking room (walls and woodwork), corridors, first and second floors, auditorium, Room 5, Room 8. Labor: May 16, 5 men, eight hours each, 40 hours; May 19, 5 men, eight hours each, 40 hours; May 20, 5 men, eight hours each, 40 hours; May 21, 5 men, eight hours each, 40 hours; May 22, 5 men, eight hours each, 40 hours; May 23, 1 man, 8 hours; May 26, 1 man, 8 hours; total, 216 hours at \$2.45, \$529.20. Material: 16 gallons mixed paint at \$3.50, \$56; 2 gallons varnish at \$3.80, \$7.60—\$63.60. Total addition, \$592.80, and the amount of \$592.80 will be added therefor, making the account as follows: Contract price, \$4,687; total additions, \$592.80; amount of contract, \$5,279.80.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

To enter the building or other structure, or the abutting land or buildings, at 33 Flagg street, Ward 8, with such assistance as required, and make safe said unsafe or dangerous building.

To enter the building or other structure, or the abutting land or buildings, at 47 Rutland street, rear, Ward 9, with such assistance as required, and make safe said unsafe or dangerous building.

To enter the building or other structure, or the abutting land or buildings, at 99 Roxbury street, Ward 9, with such assistance as required, and remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

POLICE DEPARTMENT ORDERS.

General Order No. 911.

I am pleased to publish for the information of the uniformed force two letters received representing the views of employer and employee in a recent labor dispute in Boston, which are favorable to the action taken by the Boston Police Department.

*New England Telephone and Telegraph Company,

50 Oliver Street, Boston, Mass.

June 16, 1947.

MR. THOMAS F. SULLIVAN, *Police Commissioner*, 154 Berkeley Street, Boston, Mass.

DEAR COMMISSIONER SULLIVAN,—May I take this opportunity to express the appreciation of the management of the New England Telephone and Telegraph Company for the manner in which the members of your department carried out a difficult assignment during the recent strike of employees of the American Telephone and Telegraph Company in Boston.

On several occasions when relatively minor disputes arose, the judgment and tact of Captain McCarthy and the lieutenants and sergeants under him prevented minor differences or misunderstandings from becoming major problems.

Sergeants Albert Madden and John White, who were in charge of the outside details, showed a thorough knowl-

edge of the rights and obligations of the parties concerned and were most fair and impartial in the performance of their duty.

Very truly yours,

R. G. BLEAKNEY,
Vice President.

—
"Local No. 8,

American Union of Telephone Workers, 79 Milk street, Room 807, Boston, Mass.

June 4, 1947.

MR. THOMAS F. SULLIVAN, *Police Commissioner*, City of Boston, Mass.

DEAR COMMISSIONER,—Recently we had the experience of having a 32-day telephone strike. Our members generally never had any experience along these lines, and rarely had contact with the police. Like many others they knew the police represented Law and Order, so in their minds they conceived a policeman as someone apart and only remembered the times they saw the police enforcing Law and Order. This was no longer true at the end of the strike as our members had come to esteem your officers and discovered that they were genuine helpful individuals.

The officers and men of your department did a remarkable job during this strike. We had made a commitment to 'Maintain Law and Order,' but the police heard that before as they no doubt had experienced good intentions and subsequent actions in previous encounters. The first day of the strike found both sides a bit wary, the police were ready and alert for any acts, the pickets thought the police were putting the pressure on. As time went on both parties grew to know each other's viewpoints so that by the end of the strike the pickets were very appreciative of the police for their many acts of kindness and their helpful advice. Sergeants Al Madden and Wilson were especially respected and appreciated for their efficiency and humaneness.

Several conferences were held with Captain McCarthy and his knowledge of psychology, experience and the will to be of service, enabled him to give us some genuine cooperation that greatly contributed to the fact that no violence occurred in the 32 days of the strike. There were cases of provocation, but the point of frustration was never reached, primarily due to the efficiency of your officers.

May I, in behalf of all our members, extend to all of your officers that participated and cooperated with us, deep appreciation for their solicitude, kindness and their job well done. I know you are proud of them all, we are also.

Sincerely,

ALBERT P. BROGLE,
President, Local No. 8.

The impartial enforcement of Law and Order by the Police Department during labor trouble is clearly recognized by both parties in this instance, and it is my belief that when police officers refrain from taking a partisan attitude in labor disputes, they will receive the approval of all good citizens.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 912.

The resignation of Patrolman John F. Babul of Division 15 having been presented, it is hereby accepted, to take effect as of Saturday, June 21, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 913.

Transfer of the following-named persons is hereby ordered, to take effect Wednesday, June 25, 1947, at 7.45 o'clock a. m.:

Capt. James F. O'Neil, from Division 18 to Division 17.

Capt. Edward L. Twohig, from Bureau of Criminal Investigation to Division 18.

Lieut. George W. O'Donnell, from Division 18 to Division 4.

Lieut. Gilbert H. Noyes, from Division 18 to Division 8.

Lieut. Benjamin R. Beers, from Division 6 to Division 18.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 914.

The following promotions and assignments are hereby ordered, to take effect Wednesday, June 25, 1947, at 7.45 o'clock a. m.:

To the Grade of Lieutenant.

Sergt. Paul R. Dailey, Division 3, assigned to Division 18.

Sergt. Patrick J. Mulvey, Division 10, assigned to Division 18.

Sergt. Andrew E. Connelly, Division 15, assigned to Division 9.

Sergt. William H. Costin, Division 13, assigned to Division 6.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 915.

The resignation of Patrolman Joseph H. Tierney of Division 1 having been presented, it is hereby accepted, to take effect Tuesday, July 1, 1947, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.*General Order No. 43.***I. RESIGNATIONS.**

III. DISCONTINUANCE OF BOSTON AUTOMATIC SIGNAL.

Notice has been received from the Boston Automatic Fire Alarm Company that the following signal has been discontinued:

Signal 323, building, 425 West Broadway.

IV. COMMENDATIONS.

Ladderman Robert A. Gaughan of Ladder Company 30 is hereby commended for responding to and working at fire, Box 2273, two alarms, June 12, 1947, while off duty.

Man on Probation John J. Heffernan of Engine Company 3 is hereby commended for extinguishing a fire at Box 3442 before the arrival of apparatus on June 16, 1947, while off duty.

By order of Acting Fire Commissioner NAPEEN BOUILIER.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, parking of vehicles is prohibited in the following streets, from June 20, 1947, to October 1, 1947, inclusive:

Columbia Road, South Boston.

North side, from I street to Farragut road, twenty-four hours.

L Street, South Boston.

Both sides, from Columbia road to East Eighth street, twenty-four hours.

Strandway, South Boston.

East and south side (ocean side), from Kosciuszko Circle to Farragut road, twenty-four hours.

Ticknor Street, South Boston.

Both sides, from Columbia road to Marine road, twenty-four hours.

**CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)**

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

HOSPITAL USHER, AUGUST 8, 1947.

Last date for filing applications, Friday, July 18, 1947, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,140 a year; the maximum salary with maintenance is \$1,380 a year.

Vacancies: From time to time, in the institutions of the Department of Mental Health, Department of Public Health, and Department of Public Welfare and in the Soldiers' Home in Massachusetts.

Duties: Under supervision, to meet and direct visitors, and give information concerning patients; to keep records of visitors, and perform other simple clerical work; to operate a telephone switchboard and record telephone calls when so assigned; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions (clerical subjects), 3; total, 5. Also an optional supplementary test in switchboard operation.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

In order to be certified for positions in which the duties include the operation of a switchboard, a mark of at least 70 per cent must be obtained in the supplementary test.

Physical fitness to be determined by physical examination.

PRINCIPAL CLERK (KNOWLEDGE OF STENOGRAPHY), PORT OF BOSTON AUTHORITY, AUGUST 8, 1947.

Last date for filing applications, Friday, July 18, 1947, at 5 p. m.

Salary: The entrance salary is \$2,400 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there are the following vacancies to be filled on a permanent basis: One vacancy for a female in the New York branch office; one vacancy for a female in the Chicago branch office; one vacancy for a male or female in the Washington branch office.

Duties: To take care of clerical work and of office detail in a branch office of the Port of Boston Authority; to prepare personal expense accounts of the branch representative of the Port of Boston Authority for payment of incurred bills through the office of the Comptroller of the Commonwealth; and to perform related work as required.

Some familiarity with the various government departments such as the Maritime Commission, War Department, and Interstate Commerce Commission is required for the Washington positions, and some familiarity with local conditions and with local steamship and business firms is required for the positions in the other branch offices.

Entrance Requirements: Applicants must have at least five years of experience in clerical work of which two years must have been in work of more than ordinary difficulty and responsibility. *Substitution*: High school or equivalent education may be substituted for the general experience, year for year, but not for the specified two years in clerical work of more than ordinary difficulty and responsibility.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5. Also a supplementary test in stenography with dictation at the rate of 80 words a minute.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject and in the supplementary test in order to become eligible.

The examination is limited to persons who have domiciled in the Commonwealth of Massachusetts for one year next preceding the date of filing application, but an appointee to any of these positions must establish residence in the vicinity of the city in which the position is located.

CIVIL SERVICE EXAMINATIONS. LABOR SERVICE.

PRACTICAL TEST FOR LIFEGUARDS.

Salary: \$5 to \$5.50 per day.

Vacancies: There are several vacancies to be filled for state service and in municipalities where lifeguards are employed.

Duties: To keep watch, maintain order, and safeguard lives at state or municipal beaches or swimming pools; to rescue bathers who are in danger, and prevent drownings and mishaps; to give first aid and to assist in the resuscitation of rescued bathers; and to perform related work as required.

Exceptional skill in swimming is necessary, as well as a thorough knowledge of approved methods of first aid and resuscitation.

Entrance Requirements: Persons who wish to apply for these positions must register by filing application at the Division of Civil Service, State House, Boston, or at the office of the Labor Registration Clerk in the city or town. Only citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application have a right to apply. An applicant for city or town service must have domiciled in the city or town for which he is applying for six months next preceding the date of filing application. Persons already registered for the Labor Service need not file a new application, but should call at the office of the Division of Civil Service or at the office of the Labor Registration Clerk and add the rating of lifeguard if they have not already registered under this rating.

Practical Test: Two hundred-yard swim; cross chest carry and lift; hair carry; front strangle; back strangle; wrist grip; float victim; resuscitation.

Notice of the time and place of the practical test will be sent to those having applications on file.

Physical fitness to be determined by physical examination.

Applicants must have visual acuity of at least 20-50 in each eye separately, without correction.

Names of those who qualify in the practical test and who pass the physical examination will be registered in the order of the date of application on the eligible lists for these positions. Names of veterans will be placed on the eligible lists above the names of all other applicants.

Labor Registration Clerks: Carl O. Larson, Town Hall, Arlington; Thomas H. Scanlon, Health Department, City Hall, Beverly; Mary Connolly, City Hall, Brockton; Arthur A. O'Shea, 55 Prospect street, Brookline; Mildred G. Hayes, City Hall, Chelsea; Helen Tremblay, City Hall, Chicopee; Mrs. Florence L. Robertson, City Hall, Everett; Mrs. Mary V. Simmons, Town Hall, Easthampton; Lorenzo E. Savard, 235 Pocasset street, Fall River; Ruth Proctor, City Hall, Fitchburg; Alice Fall, Auditor's Office, City Hall, Gloucester; Mary Griffin, City Hall, Holyoke; Genevieve F. Vogt, City Hall, Lawrence; Alphee Achin, Hildreth Building, Lowell; Mary Shanahan, City Hall, Lynn; Mae Welch, City Hall, Malden; Beatrice Grenier, City Hall, Marlboro; A. A. Lucey, City Hall, Medford; Emma Duggan, Town Hall, Methuen; William J. Carter, Municipal Building, New Bedford; Andrew Prior, City Hall, Newton; Doris McConnell, City Hall, North Adams; John P. Mahoney, Old High School Building, 219 Main street, Northampton; George V. Murphy, Old Age Assistance, City Hall Annex, Peabody; Elizabeth White, City Hall, Pittsfield;

Dorothy O'Brien, Auditor's Office, City Hall, Quincy; M. Elizabeth Person, City Hall, Revere; Oliver J. Lanoue, Town Hall, South Hadley; Frances M. Beglane, City Hall, Springfield; Edith Arnold, City Hall, Taunton; Leo Hinchey, City Hall, Waltham; John J. Murphy, Almoner, City Hall, Westfield; Mrs. Annie B. Proulx, City Hall, Worcester.

SHORTHAND REPORTER, BOSTON SCHOOL DEPARTMENT, JULY 25, 1947.

Last date for filing applications, Monday, July 7, 1947, at 5 p. m.

Salary: The salary is paid at the rate of 36 cents per 100 words for the original copy of the transcribed notes and 8 cents per 100 words for carbon copies, and usually an original and one carbon are required. (The yearly salary for 1945 amounted to \$1,985.28 for intermittent employment.)

Vacancies: At present there is one vacancy, to be filled on a permanent intermittent basis. The appointee must be on duty whenever the School Committee has conferences or meetings, day or evening.

Duties: To take notes of school committee conferences verbatim in shorthand; to transcribe the notes accurately on the typewriter, and submit to the secretary of the School Committee completed reports of the meetings by noon of the day following the meeting and completed reports of conferences within two days after the conference; and to perform related work as required.

Subjects and Weights: Training and experience, 1; practical questions, 1; stenography, 3; total, 5.

The dictation will be given at the rate of 175 and 200 words a minute, and the material dictated at each of these rates of speed will be of about 600 words in length. Applicants may transcribe either or both of the speed tests. If the two tests are transcribed, both will be marked and the applicant will be given the higher of the two marks. The transcription is marked for both speed of dictation and accuracy.

Passing Requirements: Seventy per cent in accuracy of transcription of at least one dictation and in each subject in order to become eligible.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 9, 1947.

Regular meeting of the City Council held in the Council Chamber at 2 p. m., Councilor LANE, Senior Member, presiding. Absent, Councilor Carey.

The meeting was opened with the salute to the Flag.

AMENDMENT OF COMPENSATION AND CLASSIFICATION PLANS.

The following was received:

City of Boston,
Office of the Mayor, June 9, 1947.

To the City Council.

Gentlemen.—I transmit herewith for consideration by your Honorable Body the attached proposal by the Budget Commissioner to amend the "Compensation and Classification Plans for the Officers and Employees of Suffolk County."

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Budget Department, June 9, 1947.

To the Mayor and City Council.

Honorable dear Sirs.—In accordance with the provisions of Rule 3 of the "Rules for the Administration of Classification and Compensation Plans for the Employees of Suffolk County," the Register of Deeds has forwarded the attached request for the establishment of the classifications "Supervisor of Photo Recording Department" and "Photo Recording Operator" in his office.

After an investigation of the actual and proposed duties and responsibilities of these positions, I hereby recommend that the following new classifications be established.

Title of Class: Supervisor of Photo Recording Department.

Duties: Under general direction, to supervise the work of the photo recording operators; to examine and keep a record of production, and to give further instruction when needed; to make minor machine adjustments when necessary, and to perform other related work.

Range of Compensation: Annual, \$2,600, \$2,700, \$2,800, \$2,900, \$3,000, \$3,100, \$3,200, \$3,300, \$3,400.

Title of Class: Photo Recording Operator.
Duties: Under general direction, to handle the controls of a photo recording machine; to provide for the continuous operation and to exercise judgment in the timing of the exposure and the development of the photo copies; to arrange and assign documents so that record copies are made in proper order, and to perform other related work.

Range of Compensation: Annual, \$2,300, \$2,400, \$2,500, \$2,600, \$2,700, \$2,800, \$2,900, \$3,000.

Very truly yours,
FRANK L. SOUZA,
Acting Budget Commissioner.

Ordered, That the Compensation and Classification Plans for the Officers and Employees of Suffolk County, as amended, be, and hereby are, further amended, by inserting the following new classifications:

Title of Class: Supervisor of Photo Recording Department.

Duties: Under general direction, to supervise the work of the photo recording operators; to examine and keep a record of production, and to give further instruction when needed; to make minor machine adjustments when necessary, and to perform other related work.

Range of Compensation: Annual, \$2,600, \$2,700, \$2,800, \$2,900, \$3,000, \$3,100, \$3,200, \$3,300, \$3,400.

Title of Class: Photo Recording Operator.
Duties: Under general direction, to handle the controls of a photo recording machine; to provide for the continuous operation and to exercise judgment in the timing of the exposure and the development of the photo copies; to arrange and assign documents so that record copies are made in proper order, and to perform other related work.

Range of Compensation: Annual, \$2,300, \$2,400, \$2,500, \$2,600, \$2,700, \$2,800, \$2,900, \$3,000.

Suffolk County,
Registry of Deeds, May 29, 1947.

Mr. John A. Sullivan,
Budget Commissioner.

Dear Sir,—I respectfully request your approval to amend the County Classification Plan in the office of the Registry of Deeds to include one (1) Supervisor of Photo Recording Department and four (4) Photo Recording Operators.

I have purchased photocopying machines from the Haloid Company to bring this office up to date in the copying of instruments recorded in this office and it is very essential that these positions be created for the proper functioning of this office.

The Haloid Company at their own expense, have trained the gentlemen who will perform this work together with the supervisor who has had special training and they are qualified at this time to carry out their assignments on these machines. I have taken these men from a piece work copyist

basis in this office and have placed them on the machines which means a promotion for them.
Four (4) Photo Recording Operators.

Duties: Under general direction, to handle the controls of a photo recording machine; to provide for the continuous operation and to exercise judgment in the timing of the exposure and the development of the photo copies; to arrange and assign documents so that record copies are made in proper order, and to perform other related work.

Range of Compensation: \$2,300, \$2,400, \$2,500, \$2,600, \$2,700, \$2,800, \$2,900, \$3,000.

One (1) Supervisor of Photo Recording Department.

Duties: Under general direction, to supervise the work of the photo recording operators; to examine and keep a record of production and to give further instruction when needed; to make minor machine adjustments when necessary, and to perform other related work.

Range of Compensation: \$2,600, \$2,700, \$2,800, \$2,900, \$3,000, \$3,100, \$3,200, \$3,300, \$3,400.

As I have stated all of the above-mentioned gentlemen have received a thorough training by men assigned by the Haloid Company for this purpose. I therefore believe that they are qualified to perform this work and should be classified as regular employees and designated in the County Classification as "Photo Recording Operators" and "Supervisor of Photo Recording Department."

Very respectfully yours,
LEO J. SULLIVAN,
Register of Deeds.

Referred to Committee on County Accounts.

INCREASED APPROPRIATION, PRINTING DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, June 9, 1947.

To the City Council.
Gentlemen.—I have been advised by the Budget Commissioner that it will be necessary to increase the appropriation of the Printing Department by the sum of \$43,889.12 for permanent employees, to comply with the scale of wages retroactive to March 1, 1947, negotiated with the Closed Shop Employing Printers of the Graphic Arts Institute of Massachusetts and the Allied Printing Trades Unions for employees who are members of the Affiliated Crafts in the printing industry employed by the City of Boston Printing Department.

I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1947, an additional sum of forty-three thousand eight hundred eighty-nine dollars and twelve cents (\$43,889.12) be, and the same hereby is, appropriated from the income of the Printing Department. Any excess of expenditures over income shall be met by taxes.

PRINTING DEPARTMENT.

A-1, Permanent Employees.....\$43,889 12

Referred to Executive Committee.

RESCISSION OF APPROPRIATION OF JUNE 2 FOR PRINTING DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, June 9, 1947.

To the City Council.
Gentlemen.—On May 26, 1947, I submitted to your Honorable Body an appropriation order in the amount of \$37,051.28 for permanent employees in the Printing Department. On June 2, passage was given this order and on June 3, the said order was approved by me. Incidentally, the order called for the appropriation of the sum noted from taxes.

I am now informed that it will be unnecessary to appropriate this sum of money from taxes in view of the fact that there is sufficient money in the revenue account of the Printing Department which can be appropriated for the purpose desired. Consequently, I submit herewith an order rescinding the appropriation order for \$37,051.28 for the Printing Department, and respectfully request passage of this rescinding order by your Body. By separate message, I am this day submitting an appropriation order from the revenue account of the Printing Department.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the appropriation order submitted by the Mayor on May 26, 1947, passed by the City Council on June 2, 1947, and approved by the Mayor on June 3, 1947, in the sum of \$37,051.28 for the Printing Department, be, and hereby is, rescinded.

Referred to Executive Committee.

SUPPLEMENTARY BUDGET APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, June 9, 1947.

To the City Council.
Gentlemen.—I submit herewith supplementary budget recommendations totaling \$34,717.18 for the following purposes:

CITY MAINTENANCE.	
Assessing Department.....	\$4,000 00
COUNTY MAINTENANCE	
Superior Criminal Court.....	7,700 00
Registry of Deeds.....	23,017 18
Total.....	\$34,717 18

A brief explanation of these appropriations is given below.

Assessing Department, \$4,000. This appropriation is necessary for office supplies, due to the increased cost of same.

Superior Criminal Court, \$7,700. This appropriation is necessary due to the increase in business, and the increase in stenographers' fees from 15 cents per page to 25 cents per page, and the cost of blueprints and photographs made during a murder trial in March.

Registry of Deeds, \$23,017.18. This appropriation is for permanent employees—two assistant registrars created by Act of the Legislature under chapter 352, Acts of 1947, and an increase in personnel in the Photo Recording Department.

I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for the purposes hereinafter specified, said sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

CITY MAINTENANCE.	
Assessing Department.	
D. Supplies.....	\$4,000 00
1. Office.....	\$4,000 00
COUNTY MAINTENANCE.	
Superior Criminal Court.	
B. Contractual Services.....	\$7,700 00
29. Stenographic and copying.....	\$7,500 00
37. Photographic and blueprinting..	200 00
Registry of Deeds.	
A. Personal Service.....	\$23,017 18
1. Permanent employees.....	\$23,017 18

RECAPITULATION.

City Maintenance.....	\$4,000 00
County Maintenance.....	30,717 18
	\$34,717 18

Referred to Executive Committee.

APPROPRIATION FOR VETERANS' DISCHARGES AND MORTGAGE PAPERS.

The following was received:

City of Boston,
Office of the Mayor, June 9, 1947.

To the City Council.
Gentlemen.—I have been advised by the Budget Commissioner that it will be necessary to increase the appropriation of the City Clerk by the sum of \$5,000 for recording and binding of veterans' discharges and mortgage papers.

I respectfully recommend the adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
City Clerk Department, June 6, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In compliance with my request, a special appropriation of \$10,000 for recording and binding of veterans' discharges and mortgage papers, etc., was submitted by you to the City Council and approved on January 14, 1947.

It is now apparent that \$10,000 will not be sufficient to continue the recording and copying of these papers at the present rate of receipt. For the first five months of this year the number of papers received for recording or copying is at a rate of 23 per cent greater than 1946, which year was the busiest year in the history of the department.

I therefore respectfully request an additional appropriation of \$5,000 be provided for the purpose outlined above.

Respectfully,
JOHN B. HYNES,
City Clerk.

Ordered, That the respective sum of money specified in the schedule hereinafter set out be, and hereby is, appropriated for the purposes herein-after specified, said sum to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

CITY MAINTENANCE.

City Clerk.

Recording and binding of veterans' discharges and mortgage papers \$5,000
Referred to Executive Committee.

ACTION ON APPROPRIATION ORDERS.

The following was received:

City of Boston,
Office of the Mayor, June 9, 1947.
To the City Council.

Gentlemen,—I most respectfully request your Honorable Body to act, at today's meeting, on appropriation orders submitted by me on April 28, for the Boston Housing Authority; June 2, for the Fire Department, and on the several appropriation orders submitted by me on this day.

In view of the fact that the tax rate will be declared within several days, and in view of the fact that no appropriations from taxes can be made after the declaration of the rate, it is extremely important that appropriations pending before your Body, together with those submitted today, be given final action at today's meeting. Failure to take such action may well have a distressing effect on the operations of the departments concerned.

May I, at this time, also respectfully request action by your Honorable Body on the several loan orders submitted by me on April 28, 1947.

Respectfully,
JAMES M. CURELY Mayor.

Referred to Executive Committee.

Coun. HANNON in the chair.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Eleanor P. Cox, for compensation for injuries caused by an alleged defect in Croftland road.

Max Cutler, for refund on lodging house license.

Mary H. DeCoste, for compensation for injuries caused by an alleged defect at Congress and State streets.

Timothy D. Donahue, to be reimbursed for executions issued against him.

Joseph J. Fay, for compensation for injuries and damage to car caused by car of Police Department.

Louis Garber & Co., for compensation for damage to property at 659 Warren street, caused by water entering premises.

Louis Giarla, for compensation for damage to clothing by city vehicle.

Mary J. Haggerty, for compensation for collapse of water boiler at 60 Ainsworth street, Roslindale, during installation of hydrant.

Ettore P. Lentini, for compensation for damage to car by fire truck.

Urbano and Louisa Mazzotti, for compensation for damage to property at 522 Dudley street, caused by fire apparatus.

Mrs. J. Pilkhun, for compensation for injuries caused by an alleged defect at 64 Belden street.

Abbie M. Punch, for compensation for damage to hot water tank at 62 Ainsworth street, during hydrant installation.

Louis C. Renfro, for compensation for damage to property at 45 Green street, Charlestown, by fire apparatus.

I. I. Schell, for compensation for damage to car caused by an alleged defect in Commonwealth avenue.

Ralph E. Stephens, for compensation for damage to car by fire truck.

John Swierk, for compensation for injuries caused by an alleged defect in Rawson street.

Thomas Torcivia, refund on pedler's license.

Mrs. John Verzi, for compensation for damage to car by city truck.

Fred P. Coppola, for compensation for damage to car caused by city ash truck.

George Fitzgerald, for compensation for loss of clothing at City Hospital.

Mrs. S. Kowalski, for compensation for damage to property at 30 Chelmsford street, Dorchester, caused by leak in water pipe.

Executive.

Petition of Cecilia N. Slack to be paid annuity on account of death of her husband, Hersey D. Slack, late member of the Police Department.

PERMITS FOR CHILDREN.

Petitions for children under 15 years of age to appear at places of public amusement were received as follows:

Doris Dandridge, Recital Hall, June 22.
Palmyra DaCamara, Recital Hall, June 14.
Lillian A. Chiampella, East Boston High School, June 16.

Rose E. Sidman, Jordan Hall, June 19.
Leopold DeCordova, Recital Hall, June 19.
Permits granted, under usual conditions.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of the following, having been duly approved by the City Treasurer, were received and approved by the Council:
William G. Campbell, Angelo M. Russo, Henry Ward, Morris Youman.

COMMUNITY PROPERTY TAX BILL.

Coun. KEENAN offered the following:
Resolved, That the Boston City Council, in meeting assembled, hereby favors the enactment of the so-called "Community Property Tax Bill," now pending in the Massachusetts Legislature, which will represent a saving of approximately \$100,000,000 to residents of the Commonwealth.
Passed under suspension of the rules.

REMOVAL OF TREE, DORCHESTER.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor be requested to direct the Park Commissioner to remove the dangerous tree in the sidewalk on the Magnolia street side of 5 Wayland street, Dorchester.
Passed under suspension of the rules.

CLEANING OF SAVIN HILL BEACH.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor be requested to direct the Park Commissioner to clean up Savin Hill Beach for the opening of the bathing season.
Passed under suspension of the rules.

APPRECIATION OF FIRST AID STATION, LOGAN AIRPORT.

Coun. COFFEY offered the following:
Resolved, That the Boston City Council in meeting assembled tender its thanks and appreciation to the State Department of Public Works for complying with an order passed some weeks back requesting that a First Aid Airway Station be located at Logan Airport.
Passed under suspension of the rules.

RECESS.

The Council voted at 2.22 p. m., on motion of Councilor Keenan, to take a recess, subject to the call of the Chair. The members reassembled and were called to order by Chairman Hannon at 3.14 p. m.

REPORT OF FINANCE COMMITTEE.

Coun. McCORMACK, for the Finance Committee, submitted the following:

1. Report on message of Mayor and order (referred April 28) for loan of \$2,000,000, to be expended under direction of Commissioner of Public Works, for construction of public ways or permanent pavement—that same ought to pass.

The report was accepted, and the question came on the passage of the order. The roll was called, and the order was rejected.

Yeas—Councilors Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Kinsella, Lane, Linehan, McCormack, Muchnick, Russo—13.

Nays—Councilors Chase, Scannell—2.

Present—Councilors Madden, Sullivan—2.

Councilor Muchnick moved reconsideration.

Councilor Sullivan moved reduction of the \$2,000,000 to \$1,250,000, and the question came on the adoption of the amendment. The motion was lost. Councilor Chase moved that it be reduced to \$1,000,000. The motion was lost. The question came on the passage of the order for \$2,000,000, and the order was rejected, yeas 14, nays 3.

Yeas—Councilors Bryan, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo—14.

Nays—Councilors Chase, Madden, Sullivan—3.
2. Report on message of Mayor and order (referred April 28) for loan of \$1,000,000, to be expended under direction of Commissioner of Public Works, for construction of sewers for sanitary and surface drainage purposes and for sewer disposal—that same ought to pass.

The report was accepted, and the question came on the passage of the order. Councilor Sullivan moved that the loan be reduced to \$350,000, and the motion was lost, yeas 3, nays 12.
Yeas—Councilors Madden, Scannell, Sullivan—3.

Nays—Councilors Bryan, Cantwell, Coffey, Fish, Hannon, Hurley, Keenan, Lane, Linehan, Moriarty, Muchnick, Russo—12.

Councilor Sullivan moved reconsideration, and reconsideration prevailed. The question came on the reduction of the loan order from \$1,000,000 to \$350,000, and the motion was rejected, yeas 2, nays 6. The question came on the passage of the order for \$1,000,000 for sewerage works, and the order was passed, yeas 15, nays 2.
Yeas—Councilor Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo—15.

Nays—Councilors Scannell, Sullivan—2.
The order will take its second reading and passage in not less than 14 days.

Later in the session Councilor Sullivan moved reconsideration of the loan order for \$1,000,000 for sewerage works. The motion to reconsider was declared lost, and Councilor Sullivan asked for a roll call. Reconsideration was lost, yeas 5, nays 11.

Yeas—Councilors Bayley, Chase, Linehan, Scannell, Sullivan—5.

Nays—Councilors Bryan, Cantwell, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, McCormack, Moriarty—11.

3. Report on message of the Mayor and order (referred April 28) for loan of \$2,000,000, to be expended by various departmental officials under direction of Mayor, for costs of additional departmental equipment—that same ought to pass.

The report was accepted, and the question came on the passage of the loan order for \$2,000,000.

Councilor Sullivan moved reduction of the loan order from \$2,000,000 to \$1,420,000, and the motion was declared carried. Councilor Coffey doubted the vote and asked for a roll call. The motion to reduce the amount to \$1,420,000 was carried, yeas 10, nays 9.

Yeas—Councilor Bayley, Chase, Cook, Keenan, Linehan, Moriarty, Muchnick, Russo, Scannell, Sullivan—10.

Nays—Councilors Bryan, Coffey, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, McCormack—9.

Present—Councilor Cantwell—1.

The loan order for \$1,420,000 for departmental equipment was passed, yeas 18, nays 1.

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—18.

Nays—Councilor Coffey—1.

(Councilors Bayley, Chase and Hurley first voted "Present" and then changed their vote to "Yes.")

The order will take its second reading and passage in not less than 14 days.

THE NEXT MEETING.

On motion of Councilor Kinsella, the Council voted that when it adjourn it be to meet on Monday, June 23, 1947, at 2 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred June 2) transferring fire station and wharf located at 120 Lewis street, East Boston, from Fire Department to Public Works Department—that same ought to pass.

The report was accepted, and the order was passed.

2. Report on message of Mayor and order (referred today) appropriating \$43,889.12 from income of Printing Department to meet current expenses, A-1. Permanent Employees—that same ought to pass.

The report was accepted, and the order was passed, yeas 20, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—20.

Nays—0.

3. Report on message of Mayor and order (referred today) asking rescission of order submitted May 26 and passed June 2 for appropriation of \$37,051.28 for Printing Department—that same ought to pass.

The report was accepted, and the order was passed, yeas 18, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Sullivan—18.

Nays—0.

4. Report on message of Mayor and order (referred today) appropriating \$5,000 for City Clerk, Recording and Binding of Veterans' Discharges and Mortgage Papers—that same ought to pass.

The report was accepted, and the order was passed, yeas 18, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Sullivan—18.

Nays—0.

5. Report on message of Mayor and orders (referred today) for supplementary budget appropriations of \$34,717 18—that same ought to pass.

The report was accepted, and the orders were passed, yeas 18, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Sullivan—18.

Nays—0.

6. Report on message of Mayor and order (referred June 2) appropriating \$49,500 for Fire Department, Equipment, Supplies and Materials—that same ought to pass.

The report was accepted, and the order was passed, yeas 16, nays 2.

Yeas—Councilors Bayley, Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kinsella, Lane, McCormack, Moriarty, Russo, Scannell, Sullivan—16.

Nays—Councilors Chase, Linehan—2.

(Councilors Bayley and Chase first voted "Present," and Councilor Bayley changed his vote to "Yes" and Councilor Chase changed his vote to "No.")

7. Report on message of Mayor and communication (referred June 2) concerning proper exits from rear of grandstand, Boston American League Baseball Company—that same be placed on file.

The report was accepted, and the message and communication placed on file.

8. Report on message of Mayor (referred today) requesting action by Council on appropriation orders submitted April 29 for Boston Housing Authority and June 2 for Fire Department, and on appropriation orders submitted today—that same be placed on file.

The report was accepted, and the message was placed on file.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment (referred June 2) of Samuel Tarle as Constable for term ending April 30, 1948, authorized to serve civil process upon filing of bond—that appointment be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councilors Lane and Coffey. Whole number of ballots 17, yeas 15, nays 2, and the appointment was confirmed.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

Report on message of Mayor and order for amendment of Compensation and Classification Plans (referred today)—that same ought to pass.

The report was accepted, and the order was passed.

\$2,000,000 FOR CONSTRUCTION OF PUBLIC WAYS OR PERMANENT PAVEMENT.

Coun. CANTWELL offered the following:

Ordered, That under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, and under the provisions of chapter 393 of the Acts of 1906, the sum of \$2,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of public ways or permanent pavement, and that, to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On motion of Councilor Cantwell, the rules were suspended, and the question came on giving the loan order its first reading and passage. Councilor Sullivan moved reference to the Committee on Finance. The motion was lost. The order was given its first reading and passage, yeas 15, nays 4.

Yeas—Councilors Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo—15.

Nays—Councilors Bayley, Chase, Scannell, Sullivan—4.

Councilor Sullivan moved reconsideration for the purpose of reducing the amount to \$1,250,000. Reconsideration was declared lost. Councilor Sullivan doubted the vote and asked for a roll call. Reconsideration was lost, yeas 5, nays 13.

Yeas—Councilors Bayley, Chase, Linehan, Scannell, Sullivan—5.

Nays—Councilors Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kinsella, Lane, McCormack, Moriarty, Russo—13.

The order will take its second reading and passage in not less than 14 days.

CLOSING OF CERTAIN STREETS FOR BICYCLE RACE.

Coun. BAYLEY offered the following:

Ordered, That the Traffic Commission take the necessary steps to comply with the request of the attached letter of the Amateur Bicycle League of America with regard to the closing of certain streets to traffic on July 6 for the Massachusetts State Bicycle Championship.

Passed under suspension of the rules.

5 Davenport Street,
North Cambridge, Mass.

The Amateur Bicycle League of America.

June 5, 1947.

MR. JAMES C. BAYLEY, JR., Hotel Vendome,
160 Commonwealth Avenue, Boston, Mass.

Dear Mr. Bayley:—This is a request to you and the Boston City Council for the use of certain streets in the Fenway for the Massachusetts State Bicycle Championships on July 6, 1947. These streets would have to be closed to traffic during the races for the safety of the contestants. The following is the course we propose to use: From the Art Museum along the Fenway, to Agassiz Road, to Park Drive, to Higginson Circle, and back onto the Fenway to the Art Museum, left turns all the way around. This makes about a 1 mile circuit.

There are several races on this program which is sponsored by the Amateur Bicycle League of America of which I am the Massachusetts Representative. The winners receive the title of Massachusetts State Champion and a trip to the National Championships to be held this year in Philadelphia. Three classes of riders are eligible to compete, the Senior Men (over 17 years), the Junior Boys (under 17 years), and the Girls. The Seniors must compete in four races over the distances of 1, 5, 10 and 25 miles while the Juniors and Girls must each go 1, 3, and 5 miles. All this will take place on July 6, 1947, starting at 9 a. m. I estimate that it will take about four hours to complete the program. With the proper publicity this could become quite an attraction and I, for one, would like to see a good crowd of spectators on hand.

Mr. Walter Yetman referred me to you saying that he had spoken to you some time ago about this location. He and I both feel that this is the best spot in Greater Boston for this event which for the past few years has taken place in Worcester. I think Mr. Yetman can give you any information that I have neglected since his son is the present Massachusetts Champion and well informed as to what is going on or you may write me at the above address. Thank you very much.

Sincerely,
ELMER W. KERNS,
Mass. Rep. A.B.L.A.

The order was passed under suspension of the rules.

Coun. BRYAN in the Chair.

LOAN FOR VETERANS' HOUSING.

The following was received:

City of Boston,
Office of the Mayor, June 9, 1947.

To the City Council.

Gentlemen,—Under the provisions of chapter 479 of the Acts of 1947, the authority granted to cities and towns in chapter 372 of the Acts of 1946 to construct single or two-family residences for veterans of World War II has been extended so as to permit the construction of multi-family residences. In the light of this extension, it would appear desirable for the city to take the necessary steps to proceed with the construction of multi-family residences on the parcels of land in the South End and South Boston sections of the city originally taken by the Federal Government for housing purposes but on which no construction has actually proceeded to date. These locations have long been an eyesore and since the Boston Housing Authority has available plans and specifications for the multi-family construction originally contemplated, it will be possible to proceed without delay in making housing accommodations available for a large number of veterans. I accordingly submit herewith an appropriation order providing for an initial authorization of eight million dollars to be utilized in abating the acute shortage of housing facilities for veterans which now exists. I recommend immediate consideration and prompt adoption of the order as submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of section 10 of chapter 372 of the Acts of 1946 as amended by section 6 of chapter 479 of the Acts of 1947, the sum of eight million dollars be, and the same hereby is, appropriated to meet expenses necessary

in providing housing for veterans of World War II, and that the City Treasurer be, and hereby is, authorized to issue from time to time, upon request of the Mayor, bonds, notes or certificates of indebtedness of the City of Boston to said amount.

Referred to the Committee on Finance.

INSPECTION OF CONTRACTS OVER \$1,000 BY CITY AUDITOR.

Coun. CHASE offered the following:

Resolved, That the Boston City Council, in regular meeting assembled, recuses itself as in favor of the City Auditor carefully inspecting all contracts over \$1,000 awarded without competitive bidding and holding up payment of same where it appears that it would be for the best interests of the city to have had these contracts advertised on a competitive bid basis; also where it appears that the item purchased is unnecessary.

Coun. HURLEY doubted the presence of a quorum. The roll was called, and the following members responded:

Present—Councilors Bayley, Bryan, Cantwell, Chase, Hannon, Hurley, Lane, Linehan, McCormack, Russo, Scannell—11.

Adjourned, for lack of a quorum, at 5.30 p. m., to meet on Monday, June 23, 1947, at 2 p. m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

Friday, June 13, 1947.

Special meeting of the City Council held in the Council Chamber, City Hall, at 1 p. m., Councilor LANE, Senior Member, presiding.

The meeting was opened with the salute to the Flag.

CALL FOR SPECIAL MEETING.

The Clerk read the following call:

City of Boston,
Office of the Mayor, June 11, 1947.
City Council, City Hall,
Boston, Mass.

Gentlemen—You are hereby requested to assemble in the City Council Chamber, City Hall, on Friday, June 13, 1947, at one o'clock p. m., for the purpose of taking action on an additional appropriation for the Public Welfare Department, and to take action on such other business now pending, or which may come before your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

ABATEMENT OF HEALTH NUISANCES.

The following was received:

City of Boston,
Office of the Mayor, June 13, 1947.
To the City Council.

Gentlemen,—Under the provisions of section 125 of chapter 111 of the General Laws, the Health Department is authorized, in the event an owner or occupant of property fails, after due notice, to remove or remedy "a nuisance, source of filth or cause of sickness," to proceed with the removal of the same, and subsequently to initiate action to recover all expenses incurred from the persons who caused or permitted the nuisance, etc., to exist. I am in receipt of the following communication from the Health Commissioner in which it is requested that an appropriation of \$2,500 be made available to permit the Health Department to carry out the intent of the statute previously mentioned. In view of the fact that it is uncertain at the present time what expense it may be necessary for the Health Department to incur in this respect, I feel that instead of granting an appropriation which will have to be raised within the tax levy, it would be better to authorize the expenditure of whatever sums may be necessary from the Contingent Fund. I therefore submit an order authorizing the expenditure of the amount requested by the Health Commissioner from the Contingent Fund. I respectfully recommend its adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Health Department, June 5, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—It is respectfully requested that there be established in the budget, for the use of the Boston Health Department, an amount of money, not in excess of \$2,500, in order that the Health Department may carry out the intent of section 125, chapter 111 of the General Laws of the

Commonwealth of Massachusetts, whereby the Health Department may cause "a nuisance, source of filth, or cause of sickness" to be remedied, and all expense thereby incurred paid by the person who caused or committed the same after he has been informed by the Health Department of the expense thereof.

If these funds were available, it is my belief that the Health Department could cause to be remedied, conditions which are endangering public health, provided the owner of the premises, having been notified of the expense, fails to comply with the order of the Health Department to remedy the same.

Should it be necessary, at times, to make expenditures from these funds, provision shall be made to ultimately place a lien upon the owners of the premises in order that the city may be reimbursed for any money which may be spent from such appropriation.

Respectfully yours,
JOHN H. CAULEY, M. D., M. P. H.,
Health Commissioner.

Ordered, That the Health Commissioner be authorized to expend an amount not in excess of twenty-five hundred dollars for the abatement or relief of health nuisances, said expenditures to be charged to the Contingent Fund.

Referred to Executive Committee.

ADDITIONAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, June 12, 1947.
To the City Council.

Gentlemen,—I am in receipt of communications from the Public Welfare Department, Department of Veterans' Services, and the Commission for the Care, Custody and Control of the Suffolk County Court House, in which they request additional appropriations in their individual departments. I attach, herewith, the communications to the amount of \$640,780.33 for the following purposes:

CITY MAINTENANCE.

Public Welfare Department:

Central Office	\$375,000 00
Wayfarers' Lodge	4,500 00
Temporary Home	7,900 00
Department of Veterans' Services	250,000 00

COUNTY MAINTENANCE.

Suffolk County Court House, Custodian,	3,380 33
Total	\$640,780 33

I respectfully recommend the adoption of the accompanying order by your Honorable Body, and request that you take action on these additional appropriations at today's meeting in order that they may be included in the 1947 tax rate which will be declared shortly.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for the purposes hereinafter specified, said sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

CITY MAINTENANCE.

PUBLIC WELFARE DEPARTMENT.

Central Office.	
B. Contractual Services	\$25,000

\$3,380 33

City of Boston,

Overseers of Public Welfare, June 10, 1947.
Hon. James M. Curley,
Mayor of Boston.

Request for Additional Appropriation, Central Office.

Dear Sir,—At a meeting of the Board of Overseers held on Monday, June 9, 1947, it was voted to request an additional appropriation in the Central Office budget of this department amounting to \$375,000 in the following items:

F-9. General Relief	\$225,000
F-10. Aid to Dependent Children	\$125,000
B-39. General Plant	\$25,000

The original appropriation for this item was \$12,240 which will not be sufficient to make the necessary repairs to the department offices. The condition of several of the offices is such that this appropriation is imperative in order to prevent serious deterioration.

Respectfully,
LOUIS P. LEONARD, Chairman.

City of Boston,

Overseers of Public Welfare, June 10, 1947.
Hon. James M. Curley,
Mayor of Boston.

Request for Additional Appropriation, Wayfarers' Lodge.

Dear Sir,—At a meeting of the Board of Overseers held on Monday, June 9, 1947, it was voted to request an additional appropriation in the Wayfarers' Lodge budget of this department amounting to \$4,500 in the following items:

C-7. Furniture and Furnishings	\$2,000
B-39. General Plant	\$2,500

The number of persons housed at the Wayfarers' Lodge has increased substantially in the past year and this amount is necessary to provide the necessary furniture and furnishings to properly care for the situation.

Respectfully,
LOUIS P. LEONARD, Chairman.

City of Boston,

Overseers of Public Welfare, June 12, 1947.
Hon. James M. Curley,
Mayor of Boston.

Request for Additional Appropriation, Temporary Home.

Dear Sir,—At the meeting of the Board of Overseers held on June 2, 1947, it was voted to request an additional appropriation for the Temporary Home in the amount of \$7,900 in the following budget items:

A-1. Permanent Employees	\$1,400
A-2. Temporary Employees	\$2,500
1 Temporary Matron at \$1,400 a year.	
1 Temporary Laundress at \$1,400 a year.	
1 Play Teacher at \$10 a day.	
B-39. General Plant	\$2,000

To provide for the employment of one additional matron at \$1,400 per year which has already been approved and to provide for increases in salary to the present staff.

C-7. Furniture and Furnishings \$1,000

To provide for the purchase of necessary furniture and furnishings occasioned by the increase in the number of persons cared for.

C-16. Wearing Apparel \$1,000
To provide for the purchase of clothing for persons cared for at the Temporary Home. The number of persons being cared for at the present time is around seventy, of which almost fifty are children. In normal times the number of persons cared for is approximately thirty per day.

Respectfully,
LOUIS P. LEONARD, Chairman.

City of Boston,
Department of Veterans' Services,
June 12, 1947.

Hon. James M. Curley,
Mayor of Boston.
Supplementary Appropriation for F-8,
Veterans' Benefits.

Dear Sir,—I respectfully wish to inform you that the budget appropriation for Item F-8, Veterans' Benefits, will be insufficient to meet this department's obligation for the current year.

My original budget estimate for this item was \$600,000, but inasmuch as total expenditures for 1946 were \$326,418.73, an amount of \$450,000 was appropriated. This latter amount was deemed adequate for Veterans' Benefits, but it has become increasingly obvious during the past two months that a supplementary appropriation is most urgent. I therefore find it necessary to request an additional \$250,000 for Veterans' Benefits, thus making a total of \$700,000 for this item. This estimate is \$100,000 above the original estimate.

My reasons for this estimate are based on the following comparative expenditures for the first five months of 1946 and 1947:

	1946.	1947.
January	\$20,596 34	\$35,526 27
February	25,994 31	50,896 68
March	29,389 43	58,400 81
April	26,390 21	58,019 31
May	27,582 62	65,585 56
	\$130,452 91	\$268,428 63

The monthly case load for the above five months is as follows:

	1946.	1947.
January	652	854
February	743	934
March	773	1,050
April	746	1,107
May	743	1,115

This comparison shows that although the monthly case load has increased approximately 50 per cent since May, 1946, the expenditures for these cases have increased approximately 150 per cent in the same period. It is my belief that the monthly expenditures for the remaining seven months of 1947 will average between \$60,000 and \$65,000.

In addition to the greater number of cases being aided this year and the resultant increase in the total beneficiaries of Veterans' Benefits, the chief factor for the increased expenditures is the provisions of chapter 584 of the Acts of 1946 which directs that the cities and towns of the Commonwealth shall disburse funds as specified by the Commissioner of Veterans' Services of the Commonwealth. As a result of this legislation, the budget of monthly payments for veterans and their dependents is decided by the Commonwealth and paid at their direction. These budgetary allowances were increased on January 1, 1947, and again increased effective April 1, 1947.

I herewith submit a comparison of these monthly budgets for various types of cases for the following periods:

	To Dec. 31, 1947.	From Jan. 1, 1947, to Apr. 1, 1947.	From Apr. 1, 1947.
Single Person (Rooming Out)	\$40 00	\$62 50	\$67 00
Single Person (With Relatives)	30 00	52 00	54 00
Veteran and Wife (Or Any Two Persons), Children in Above Households (Each)	50 00	85 50	88 00
Children Boarding Out (Each)	10 00	14 00	16 00
	17 00	31 50	31 50

These budgets are for vital necessities only, and do not include extra amounts which are allowed for medicines, doctor, and hospital bills, surgical equipment, shoes, extra clothing, glasses, and fuel for the winter months.

Thanking you for your cooperation in this matter, I am

Respectfully,
DAVID J. BRICKLEY, Director.

Suffolk County Court House Commission,
June 6, 1947.

Hon. James M. Curley,
Mayor of Boston.
Dear Mayor Curley,—Since the Suffolk County Court House budget was submitted, requests from the Register of Deeds necessitated the expendi-

ture of funds that could not be anticipated. These items and expenditures were as follows:

\$200 00 B-5, moving obsolete safes.
965 00 B-39, painting ceilings.
798 50 B-39, repairs to steel filing cabinets and cases.
103 00 B-39, for installing cash drawer.
42 76 C-3, 2 desk lamps.
231 00 C-7, D. C. water cooler.
85 43 C-13, material for installing new lines.
210 00 E-1, electrical and plumbing material for installation of photostatic machines.
107 32 E-10, for new ceiling lights for the copy room.
627 32 E-10, stock and materials necessary for running A. C. line to photostatic machines.

\$3,080 33 total.

The Commission respectfully requests that these sums be replaced from the Deficiency Fund.

The Commission has likewise received requests for equipment not anticipated in the budget as follows:

\$200 00 C-7, for D. C. electric refrigerator for use in children's room, Juvenile Court, Judge Connelly.
3,600 00 B-39, 2 steel document cases for the clerk of the Municipal Criminal Court, needed this fall, it will take at least four months for delivery.
3,270 00 C-3, for 109 electric table lamps to replace antiquated and insufficient lighting in the Registry of Deeds.

\$7,070 00 total.

The Commission respectfully requests that these sums be provided from the Supplementary Appropriation.

The above requests have been approved by the Commission as necessary, and reported to your Honor in an interview last week, and likewise have been considered by the Auditor, Mr. Fox.

Respectfully submitted,

Court House Commission,
by ARNO I. DREW, Chairman.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Executive.

Petition of Mary F. Lyons to be paid an annuity on account of death of husband, William R. Lyons, late member of Police Department.

Committee on Licenses.

Petition of Boston Elevated Railway Company to operate motor vehicles on Dorchester avenue and Broadway to Melcher and Summer streets.

PERMITS FOR CHILDREN.

Petition for children under 15 years of age to appear at places of public amusement, viz.: Paul Gould, Whitton Hall, June 20.

HEARING BEFORE DEPARTMENT OF PUBLIC UTILITIES.

Notice was received from the Department of Public Utilities of hearing to be held on petition of Boston & Maine Transportation Company.

Placed on file.

NAMES ON JURY LIST.

Coun. LANE offered the following:

Ordered, That the City Clerk be hereby directed to cause the names of the Jury List (City Document No. 40), when transmitted to him by the Election Commissioners, to be written each on a separate ballot, and said ballots to be properly folded, and placed in the box provided for the purpose.

Passed under suspension of the rules.

REINSTATEMENT OF WALTER J. KENNEY.

Coun. HANNON offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation for the reinstatement of Walter J. Kenney, as a policeman in the Boston Police Department, for the purpose of retirement, provided said legislation contains a referendum to the Mayor and City Council.

Passed under suspension of the rules.

CLEMENCY ASKED FOR MAYOR CURLEY.

Coun. HURLEY offered the following:

Whereas, James M. Curley has been elected Mayor of Boston on four separate occasions; and Whereas, James M. Curley was most recently elected in November, 1945, despite the fact that he was under indictment for an alleged violation of Federal Laws; and

Whereas, James M. Curley is acknowledged to be the foremost municipal administrator in the United States, therefore be it

Resolved, That the City Council of the City of Boston, in meeting assembled, hereby expresses its opinion that James M. Curley is not guilty of any intentional wrongdoing; that he is an innocent victim of unscrupulous manipulators who traded on his position as former Governor and Mayor; that he has been forced to suffer shame and ignominy because of the actions of others; that he has already paid a severe and sufficient penalty for his misplaced trust; and that for these reasons, and others, it is the devout hope and wish of the City Council of Boston that full executive clemency be accorded to James M. Curley, if such clemency be necessary, or that judicial notice be taken of the plea of many thousands of Boston and Massachusetts citizens for a complete suspension of the outstanding sentence against an eminent public servant who seeks and asks, at the twilight of life, simple American justice from the nation he has served so well.

Councilor Bayley moved to refer to the Committee on Rules. The motion was lost, and the resolution was referred to the Executive Committee.

REGRET AT DEATH OF DAVID I. WALSH.

Coun. HURLEY and RUSSO offered the following:

Resolved, That the City Council of the City of Boston, in meeting assembled, hereby expresses its profound regret at the death of David I. Walsh, former Representative, former Lieutenant Governor, former Governor, former United States Senator, whose almost half century of service for the public is replete with instances, occasions, and acts which mark him as a great statesman, a great humanitarian, a noble, modest and humble man, whose accomplishments will forever preserve his name among those who have made the Commonwealth of Massachusetts a great State, and the United States of America the outstanding Nation of the world.

Passed by a unanimous vote.

APPROPRIATION FOR BOSTON HOUSING AUTHORITY.

Councilor Fish moved that No. 2 on the Calendar be taken from the table, viz.:

2. Order for appropriation of \$30,000 for Boston Housing Authority.

Councilor Coffey moved that the order still lie on the table, and Councilor Hannon seconded the motion. Councilor Muchnick rose to a point of order, that a matter on the table was not debatable, but that a motion to take from the table was debatable. The Chair ruled that the motion was not debatable, and the matter remained on the table.

REQUEST NOT TO CLOSE PAUL REVERE SCHOOL.

Coun. RUSSO offered the following:

Ordered, That the Boston School Committee members be requested by his Honor the Mayor not to close the Paul Revere School in the North End as contemplated, but to call a public hearing on the subject so that all interested may be heard before the decision is made to officially close this school.

Passed under suspension of the rules.

RECESS.

On motion of Councilor Hannon the Council voted to take a recess at 1.27 p. m., subject to the call of the Chair. The members reassembled and were called to order by Chairman Lane at 3.32 p. m.

Coun. HANNON in the chair.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and orders for additional appropriations of \$640,780.33 (referred today) — that same ought to pass.

Report on message of Mayor and order (referred today) for appropriation of amount not in excess of

\$2,500 for Health Department for abatement or relief of health nuisances—that same ought to pass.

The report was accepted, and the question came on the passage of the orders. Councilor Kinsella moved that when the Council vote, they vote on all items requiring simply a majority vote at one time and on the other appropriation separately. The motion was carried, and the question came first on the passage of the orders for additional appropriations of \$640,780.33.

The orders were passed, yeas 14, nays 0:

Yeas—Councilors Bayley, Bryan, Cook, Fish, Hannon, Hurley, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Sullivan—14.

Nays—0.

The order for appropriation of an amount not to exceed \$2,500 for the Health Department was passed, yeas 14, nays 0:

Yeas—Councilors Bayley, Bryan, Cook, Fish, Hannon, Hurley, Keenan, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Sullivan—14.

Nays—0.

2. Report on resolve (referred today) asking clemency for Mayor Curley—recommending passage of the resolve in the following new draft, viz.:

Whereas, James Michael Curley has been elected Mayor of Boston on four occasions, Governor of the Commonwealth of Massachusetts, and to Congress on three separate occasions; and

Whereas, James Michael Curley was most recently elected Mayor of Boston in 1945, despite the fact that he was under indictment for an alleged violation of Federal Laws; and

Whereas, James Michael Curley is now 72-years old; therefore be it

Resolved, That the Boston City Council, in meeting assembled, petition those who have the power and authority to grant such clemency as may be necessary in order that James Michael Curley should not serve a sentence in jail.

The report was accepted, and the resolution was passed by a unanimous rising vote.

Councilor Hurley moved that a copy of the resolution be sent to Judge Proctor of the Circuit Court of Appeals and the President of the United States, and the Chair ruled that the Clerk would take notice of the proposal.

WARNING SIGNALS AT KEMP STREET AND DORCHESTER AVENUE.

Coun. LINEHAN offered the following:

Whereas, There have been many automobile accidents in the vicinity of Kemp street and Dorchester avenue as a result of the insufficient warning signs or lights located on the ends of the steel uprights of the bridge in the middle of Dorchester avenue, Ward 7; therefore be it

Ordered, That his Honor the Mayor request the proper department head to have adequate and proper warning signals, preferably red blinker lights, installed on the ends of the steel uprights on the bridge at Kemp street and Dorchester avenue, Ward 7, so that the steel uprights can be safely observed by motorists as they approach the bridge during the night.

Passed under suspension of the rules.

PLAYGROUND ON COPELAND STREET.

Coun. COOK offered the following:

Ordered, That the School Committee be requested through his Honor the Mayor, to keep the playground on Copeland street, formerly the Wing Estate, open until sundown during the summer with proper supervision.

Passed under suspension of the rules.

Adjourned at 3.39 p. m., to meet on Monday, June 23, 1947, at 2 p. m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.
(Stenographic copy of such debate on file in office of City Clerk.)

HEALTH DEPARTMENT DENTAL SERVICE IN BOSTON.

Eleven dental clinics were maintained in 1944 for the use of pre-school and school children. As in previous years, the objective of these clinics is preventive dentistry and every effort is made to teach the child the proper care of the teeth. Correlation between class instruction in dental health and the visits to the clinic is encouraged by the school nurse, the dental hygienist and the health educator.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT DIRECTOR, DIVISION OF BIOLOGIC LABORATORIES, DEPARTMENT OF PUBLIC HEALTH, AUGUST 8, 1947.

Last date for filing applications, Friday, July 18, 1947, at 5 p. m.

Salary: The entrance salary is \$4,380 a year; the maximum salary is \$5,100 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: Under the supervision of the director, to organize, supervise, and have responsibility for an assigned part of the administrative or technical work of the division; to plan or perform experiments directed towards improvement in products or processes or related fields; when so assigned, to act as division director in the absence of the director; and to perform related work as required.

Examples of Duties: To make all necessary arrangements for providing regular shipments of whole blood to community hospitals, largely replacing the previous local procurement program; to set up qualifications, etc., for nurses to be employed on mobile blood collecting units; to outline and illustrate principles to be followed in preparing, cleaning, and sterilizing blood bottles, bleeding tubes and needles, plasma bottles, and serology tubes; to define and explain the advantages and disadvantages of the various types of bleeding equipment now in general use; to outline a program for research directed toward the extended use of red cells salvaged after separation of plasma; to outline methods to be employed in enrolling a full quota of donors in a community blood donor program; to describe the preparation, uses, and limitations of blood, plasma, and plasma fractions to medical and lay groups.

The ability to plan and develop programs of more than a routine nature and to exercise good judgment in evaluating technical, administrative and personnel problems is necessary, as well as the ability to establish and maintain effective working relationships with staff members and representatives of outside professional and lay groups, and to present ideas and information clearly and concisely.

Entrance Requirement: Applicants must have at least three years' experience either (1) as the director of a public health laboratory, or (2) as a physician performing clinical and laboratory investigations in the field of infectious diseases, or (3) in charge of a clinical and laboratory study of the use of blood and blood substitutes, or (4) as chief of laboratories in the Division of Biologic Laboratories of the State Department of Public Health.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

SENIOR STRUCTURAL ENGINEER, PORT OF BOSTON AUTHORITY, AUGUST 8, 1947.

Last date for filing applications, Friday, July 18, 1947, at 5 p. m.

Salary: The entrance salary is \$4,260 a year; the maximum salary is \$4,800 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To supervise the over-all structural layout and design for such structures as wharves, piers, transit sheds, storage buildings, office buildings, bulkheads, seawalls, railroad facilities, highway ramps and viaducts; to prepare plans and specifications and estimates of cost; and to perform related work as required.

Registration as a professional engineer in the Board of Registration of Professional Engineers and Land Surveyors is desirable.

Entrance Requirement: Applicants must have at least ten years of active progressive experience in structural engineering and design, covering structures and foundations in heavy timber, structural steel and reinforced concrete, preferably on waterfront structures, at least four years of which must have been in responsible charge of such engineering and design. *Substitution:* Successfully completed years of training in engineering in a recognized university or engineering school may be substituted, year for year, for the specified experience except for the four years in responsible charge.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR REPAIRS TO DOME HOUSE AND PAINTING GREENHOUSES, FRANKLIN PARK, WEST ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for repairs to dome house and painting greenhouses, Franklin Park, West Roxbury, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Repairs to Dome House and Painting Greenhouses, Franklin Park, West Roxbury, Mass.," and left before 2 o'clock on Tuesday, July 8, 1947, at the office of the Park Department with a certified check for \$700, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman.
THEODORE C. HAFENREFFER,
JOSEPH LEE,

(June 28-July 5.)

Commissioners.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

POPULATION OF THE CITY OF BOSTON AS RETURNED BY THE SECRETARY OF STATE, BUREAU OF CENSUS, FOR 1945.

Ward 1, 55,112; Ward 2, 25,655; Ward 3, 45,446; Ward 4, 30,901; Ward 5, 32,962; Ward 6, 24,986; Ward 7, 34,405; Ward 8, 28,675; Ward 9, 28,204; Ward 10, 30,313; Ward 11, 29,887; Ward 12, 36,955; Ward 13, 28,329; Ward 14, 54,145; Ward 15, 27,586; Ward 16, 33,875; Ward 17, 33,774; Ward 18, 45,104; Ward 19, 30,479; Ward 20, 37,860; Ward 21, 38,476; Ward 22, 33,257; total, 766,386.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

PROPOSALS FOR BITUMINOUS SURFACING AND OTHER WORK IN VETERANS' HOUSING DEVELOPMENT, FRANKLIN FIELD, DORCHESTER, MASS.
